SPECIAL CHECK LIST
for
GUARD AND PATROLMAN POSITIONS

(This check list should be used instead of items 9 and 10 on form NAVEXOS-66)

There are many thousands of Guard and Patrolman positions in the Navy Department. Some are more difficult or more responsible than others. In order to recognize these differences each position must be described, studied, and "classified."

The employee who does the work, and the supervisor who is responsible for it know most about the position. However, in describing the work they may not mention important facts because they do not know what is considered significant in the classification of Guard and Patrolman positions.

In order to avoid overlooking any important facts about Guard and Patrolman positions, the Classification Section of the Division of Shore Establishments and Civilian Personnel has prepared the following list of questions. They are based on a study of Guard and Patrolman work, and are to help you describe what you do. If a question does not apply to your work, disregard it.

When you have filled out this list, it will be the complete, official record of the work of your position. If it is necessary to get more information, you may be interviewed. However, interviews take time and delay action, and experience has shown that they are not necessary in most cases when a question list is used.

Subj: Job Classification Sheets for positions allocated during the course of the Guard-Patrolman survey, return of.

1. The Job Classification Sheets for positions listed below were developed during the course of the Guard-Patrolman Survey and allocated by the Navy Department pursuant to the standards of the Civil Service Commission recently promulgated for Guard and Patrolman positions. In a number of instances the Navy Department first allocated these positions as Patrolmen but subsequently reviewed their decision in favor of the allocation of the positions as Guards. Consequently, a number of the enclosed Job Classification Sheets will bear the notation "Reallocation upon Review".

Name	Title of Position, Grade	Sheet No.
Hobden, Ben	Guard, CPC-4	129
Scheuermann, Andrew E.	Guard, CPC-4	130
Robson, Frank	Guard, CPC-4	128
Dubarry, William F.	Guard, CPC-4	123

Forstall, William J.	Guard, CPC-4	125
Carlos, Tony	Guard, CPC-4	126
Ellis, Daniel H.	Guard, CPC-4	127

2. Since the enclosed Job Classification Sheets for the above listed positions do not require a change in the present designations of the incumbents, it will not be necessary to submit recommendations therefor. However, these Job Classification Sheets will be considered as representing the current position descriptions for the positions presently occupied by the incumbents shown thereon.

The transportation of household effects at Government expense is authorized in accordance with existing instructions.

Justification: This is a regular position in the authorized complement of the District.

Due to a report regarding the Keepers at Southwest Pass East Jetty Light and Fog Signal Station to the effect that there was not complete harmony, it is considered necessary to transfer this employee as herein proposed, such action being for the good of the Service in the general conduct of the work. The Principal Keeper, Henry C. Buhse and also the 1st Asst. Keeper are also being transferred to other duties, it appearing they were probably more involved in the lack of harmony than Mr. Folse.

Mr. Folse was given a probational appointment as Keeper in this Service 1 April, 1938, and has had continuous service since that date.

Through the Keeper.

2nd June, 1942.

From: August T. Falks, 2nd asst. Keeper, S. W. Pass Radio & Fog Signal Station, Burrwood, La.
To: District Coast Guard Officer;
Subject: Desiring transfer to New Orleans Depot.

In the event should any vacancy occur as watchman or as a clerk, I would like to be considered for the position.

I am thoroughly familiar with the use of Radio Telephone, can use typewriter, and have had 15 years of clerical experience before entering the Service.

My reason in desiring this transfer, is principally due to my health, which prevents me from doing any strenuous or over exertion of work.

Although this means a demotion in my pay status and standing, but the above conditions has forced me to seek such employment, which would enable me to get proper diet near home and being under the doctor's care, which is absolutely necessary due to the condition of my heart.

For the betterment of everyone concerned, I could be more of Service in the above positions, to fulfill my duties in a more efficient manner, and also to the Service.

Henry C. Behse,
Keeper.

August T. Falks

Sir:

In reply to your notification dated May 10th, 1938, relative to probational appointees, requesting information and background I have acquired since being temporarily employed in the Service at Southwest Pass East Jetty Lights and Fog Signal Station, I respectfully beg leave to submit the following qualifications herein stated:

Upon commencing work here, I received instructions as to what my duties were. This covered general routine, radio transmitters, a general knowledge of electricity, painting, operation and upkeep of fog engines and air compressors, generator motors and converters, and the care and charging of storage batteries for beacon lights.

Again I must say before entering as a probational employee in the Service, I had a fair knowledge of the above mentioned, due to the fact I have been acting as substitute at this station and South Pass Rear Range, Port Eads, La., several months prior to my probational appointment, and I have had a fair understanding of gas engines and electricity before entering the Service, but I must say that my knowledge of the upkeep and care of engines and etc. has been greatly increased through my appointment, owing to the kindness and coopeation given me by the Keeper Mr. Henry Buhse and his assistants.

If the Department sees fit to give me a permanent appointment, I have not the least doubt as to me being fully qualified in the Service to perform my duties in an efficient manner.

As to my fitness to do these things, I have the background of intelligence, and possess qualities of industry, and I prefer to leave these qualities to the Keeper as to whether he considers me capable and efficient to undertake this position.

All I wish to say in conclusion is that if appointed permanently, it shall always be my first wish at all times to make the Service a better and if possible a more efficient Service.

2. Inclosed you will find two Forms 17 on which report is to be made by you in connection with the probationary service of Mr. Folse. If his services have been satisfactory in every respect, the report should be mailed to this office on September 12, 1938. In this case all you need to do is to sign the forms where indicated in pencil, and return them to this office. Be careful to keep them clean.

3. If at any time it should appear that he is not capable of performing his duties, or does not perform them properly, you will submit the report immediately without waiting for the date stated above. In this case you will insert the word "not" in the blank space before the words "been satisfactory" in the second paragraph, and the word "not" in the blank space before the word "considered" in the following line, stating the reasons under remarks, and return both forms.

4. You will see that Mr. Folse takes the necessary steps to secure the regulation uniform (blue cloth suit and cap, and white seaman uniform for working) as soon after the receipt of this letter as it is possible to do so, and you will report if he does not do so.

1. Owing to the special nature of much of the work of this Service, proficiency in the discharge of duty by new appointees must necessarily be largely acquired after entrance. If it is adequately demonstrated during the probationary period that new appointees are possessed of the necessary background of intelligence and the qualities of industry, adaptability, sobriety and determination to become efficient, recommendation by the immediate superior for permanent appointment will naturally follow. On the other hand, well demonstrated lack of intelligence, or of application, faulty temperament, laziness, intemperance, indifference and basic deficiencies of similar nature are to be considered as sufficient reason for reporting the services of the individual as unsatisfactory. Should these basic deficiencies become apparent prior to the date on which a report on the behavior is normally to be submitted, they should be brought to the attention of the appointee and the Superintendent should be at once advised in a special report, giving details.

2. The fullest possible encouragement on the part of the immediate superior is to be extended to the new appointee in the way of instruction in the work of the Service, and systematic effort is to be made to fully acquaint him with the details of his work. A report on his suitability shall be submitted to reach the district Superintendent not later than 45 days before the expiration of the probationary period, giving a concise statement of the views of the superior regarding the appointee's suitability for retention in the Service and covering the specific items mentioned herein. In this report there shall be included a statement as to the extent of assistance and instruction extended to the appointee and with the report there shall be submitted a statement by the probationary employee himself, in his own handwriting, addressed to the Superintendent of the district, from 200 to 500 words, covering the information he has acquired regarding the Service work and his views as to his own suitability for the work of the Service.

3. For the better understanding of the new appointee as to what the Service expects of him, he has been furnished with a copy of this letter.

Dear Sir:

1. Referring to the inclosed Form 206 "Record of Physical Examination of Light Keeper or Assistant Light Keeper", it is noted on the third page that the reason for disqualification is stated: "Poor vision and underweight".

2. When Mr. Folse was examined on February 17 at the hospital, while reference was made to his poor vision, it was stated that he was able to perform "duties involving arduous physical exertion" and, in accordance with this report, he was employed as an assistant lighthouse keeper. The adverse report in this instance, therefore, is not understood and the form is returned for your consideration and advice. Please return the form with your reply.

Inclosed is a copy of Form 206, "Record of Physical Examination of Light Keeper or Assistant Light Keeper," with application thereon for your examination by an officer of the U.S. Public Health Service.

You are informed that all light keepers and assistants light keepers are required to be examined by the Public Health Service before they become entitled to medical relief without charge at hospitals and stations of the Public Health Service. The examination is also required to determine the employee's physical fitness for the Lighthouse Service.

You are directed to have yourself examined by the most convenient Public Health Service official at first opportunity. Reply to this letter at once, stating when and where you will be examined, and submit request on the proper form for the necessary leave of absence from the station.

Before presenting the application to the doctor, it must be completed by filling in the information in regard to color of hair, color of eyes, and distinguishing marks. You must also sign it where designated "Signature of applicant" and have the Keeper witness your signature. All expense of travel in connection with the examination must be paid by you.

NOTES FOR EXAMINING PHYSICIAN

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations, as to—

1. EYES.—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses.*

2. EARS.—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. NOSE.—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. MOUTH.—Missing teeth, pyorrhea.

5. THROAT.—Tonsils, hypertrophy or disease.

6. THYROID.—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

New Orleans, Louisiana

My dear Mrs. Folse:

Headquarters has been advised of the death of your husband, August Timothy Folse, Guard, former Lighthouse Service, now United States Coast Guard, Retired, on 5 December 1950. Please accept my sincere sympathy.

At the time of death there was due the estate of your husband final retired pay. This retired pay ceases at death and there is no law providing for the continuance of payment of any part to dependents. The forms necessary to effect settlement of the final pay are herewith inclosed.

If there will be no legal representative to administer the estate of your husband, the next of kin, or the person who paid, or will pay the funeral expenses should execute the inclosed forms no. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked. If a representative is appointed, a copy of the Court Order showing the appointment should be attached to forms no. 1055. If the funeral expenses have been paid, a bill receipted by the undertaker should be forw ard-ed, otherwise, the undertaker should sign the inclosed waiver form. This information is necessary to support the claim for the final retired pay.

In the event you have in your possession any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for settlement with your claim for the retired pay due on date of death.

When the inclosed forms have been completed, please return them to Coast Guard Headquarters in the inclosed pre-addressed envelope which requires no postage.

By direction of the Commandant.

Remarks: Travel from Burwood, La., to New Orleans, La., necessary in interest of Government, not for convenience of employee is authorized, with per diem of $4.50 in lieu of subsistence, chargeable to symbol No. 14-20. Travel by privately-owned automobile at the rate of 4¢ a mile, if more economical and advantageous to the United States than travel by commercial carrier, authorized. If travel is by privately owned automobile, a statement certifying that such travel is more economical and advantageous than travel by commercial carrier must be attached to the voucher.

The transportation of household effects at Government expense is authorized in accordance with existing instructions.

Justification: This is a regular position in the authorized complement of the District.

Due to a report regarding the Keepers at Southwest Pass East Jetty Light and Fog Signal Station to the effect that there was not complete harmony, it is considered necessary to transfer this employee as herein proposed, such action being for the good of the Service in the general conduct of the work. The Principal Keeper, Henry C. Dubse and also the 1st Asst. Keeper are also being transferred to other duties, it appearing they were probably more involved in the lack of harmony than Mr. Folse.

Mr. Folse was given a probational appointment as Keeper in this Service 1 April, 1935, and has had continuous service since that date.

Commissioner of Lighthouses:

Inclosed are statements of unappointed service of the following employees:

August T. Folse	Third Asst. Keeper	S.W.Pass E. Jetty Lts. and Fog Signal Station, La.
Arthur B. Barr	Asst. Keeper	Matagorda Light Station, Texas
John W. Montgomery,	Asst. Keeper	Cape St. George Light Station, Fla.

August T. Folse, who is now Third Assistant Keeper at Southwest Pass East Jetty Lights and Fog Signal Station, La., was employed as a temporary laborer at South Pass Range Rear Light Station pending the filling of a vacancy which existed at that time and entered on duty September 2, 1937. The records of the Engineer Department show that he was carried on their rolls until the close of September 13, 1937, and it has been ascertained that he was granted accumulated leave up to that date. While the dates of his discontinuance from the Engineer Department and that of his employment as a laborer in this Service conflict, he was on leave at the time although this office was not aware of the fact. He was on the register which had been formed for assistant lighthouse keeper and his employment was approved by the local Civil Service Manager.

Commissioner of Lighthouses:

August T. Folse, Laborer-Substitute
at South Pass Range Rear L.S., La.

1. The Bureau is advised that August T. Folse was employed as a Laborer (Substitute Keeper) at South Pass Range Rear Light Station, La., pending selection and transfer of an employee in the service to fill a vacancy in the position of 2nd Assistant Keeper at this station. Lewis L. Wright, Light Attendant in charge of Apalachicola Range and Outer Lights, Fla., has been nominated for transfer to this vacancy but there has been some delay in reinstating him to the position of Keeper in the Lighthouse Service.

2. In accordance with Article 401 of the Regulations it is recommended that the employment of August T. Folse be continued beyond the thirty-day period until the transfer of Lewis L. Wright is effected. Mr. Folse is on the Local Eligible Register for Assistant Lighthouse Keeper and is within reach for certification as a local eligible at Port Eads, La.

In reply to your notification dated May, 10th, 1938, relative to probational appointees, requesting information and background I have acquired since being temporarily employed in the Service at South West Pass East Jetty Lights and Fog Signal Station.

I respectfully beg leave to submit the following qualifications herewith stated.

Upon commencing work here, I received instructions as to what my duties were. This covered General Routine, Radio Transmitter, a general knowledge of Electricity, Painting, operation and upkeep of Fog Engines and air Compressors, Generators, Motors and Converters, and the care and charging of storage Batteries for Beacon Lights.
