OFFICE OF INSPECTOR, 19TH DISTRICT
HONOLULU, HAWAII

Feb. 21, 1917.

Commissioner of Lighthouses:

Form 73 of this date recommends the promotion of Charles K. Akana from 2nd Assistant Keeper to 1st Assistant Keeper at Kilauea Point Light Station to fill the vacancy which will occur by the transfer of Edward E. Robins to Honolulu Harbor Light Station.

This will produce a vacancy in the position of 2nd Assistant Keeper at Kilauea which it is proposed to fill by the appointment of the first eligible on the Register of Eligibles in this district. See nomination of this date for the appointment of Levi B. Fredericks.

Consideration was given to the transfer of other Keepers in this district but it was found that Keepers at Lens Lantern and 4th Order lightstations have not shown a proper record for transfer to this position and the transfer of Keepers from other large stations would produce a vacancy of equal importance.

Mr. Fredericks has served two enlistments in the Navy and is now employed as Assistant Storekeeper at the Pearl Harbor Navy Yard at $2.80 per day. Several vouchers sent out by the Board of Examiners to persons in responsible positions in the Navy were returned with excellent recommendations as to the service and steadiness of Mr. Fredericks. He is much above the average eligible obtained by examination for Keeper and Assistant Keeper here and that his services could not be secured by

OFFICE OF INSPECTOR, 19TH DISTRICT
HONOLULU, HAWAII

April 19, 1917.

Apr 30, endorsed to Dept

Commissioner of Lighthouses:

Referring to Bureau Circular No. 310, re employees called into the active service of the Army or Navy.

The following is report on the only employee in this district affected by this circular:

Name: Levi B. Frederick.

Position: Second Assistant Keeper, Kilauea Point Lightstation, Kauai, T. H.

Military Organization: Fleet Naval Reserve.

Affect on Lighthouse Service: His services can be spared without seriously hampering the work at the station.

Recommendation: That no action be taken to have him discharged with a view to his return to the Lighthouse Service, and that he be given the advantage of such regulations now in force or that may be enacted during the war that favor reinstatement in his former position in the Lighthouse Service upon his final release from the Navy Department.

Mr. Frederick entered on duty in the Lighthouse Service March 12, 1917, and his last day of service was April 14, 1917. While his time of service was very short he filled the position very satisfactory.

Ardudge

employing him in a position of less importance.

The fact that he has had considerable mechanical experience is of great importance as this station has complicated alluminating apparatus and two gas engines.
