1. It becomes my sad duty to report the death of Wm. H. Froggatt, Assistant Keeper, at 1:15 this afternoon, at the Marine Hospital, Seattle, Wash., where he had been a patient since being operated upon for stomach ulcers on April 8, 1936.

2. During the brief period I was associated with Mr. Froggatt at this station, I formed a high opinion of him as a man and as an able Government employee. I feel that in his passing the Service has lost a very valuable man and I have lost an assistant with whom I had hoped to serve.

INSTRUCTIONS.

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred, the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.

In the case of a nominal reinstatement for the purpose of transfer, the department to which the employee is transferred should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each fiscal year, or part of fiscal year, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

Secretary of Commerce:

1. In reference to nomination separately submitted today in the case of William H. Froggatt for appointment as assistant keeper at Turn Point Light Station, Washington, at $1140 per annum, effective July 9:

2. In explanation of the Superintendent's remarks, the Department is advised that through an arrangement with the Civil Service Commission, Lighthouse Form 206 to determine eligibility for free medical treatment by the Public Health Service, is also used in lieu of Civil Service Form 2413 to comply with the Executive Order of June 18, 1923. The Bureau's present recommendation relates to the removal of the disqualification for appointment for the reason that the loss of an eye does not provide for disqualification of an applicant for the position of a lighthouse keeper, a deduction of fifteen points being provided by the rating rules in the case of this disability. The Bureau accordingly concurs in the view of the Superintendent and recommends that disqualification for appointment be waived. The return of Form 206 submitted with the nomination is requested after its purpose has been served.

REGULATIONS FOR MAKING PHYSICAL EXAMINATIONS

APPROVED BY THE SECRETARY OF THE TREASURY AND THE SECRETARY OF COMMERCE, EFFECTIVE JANUARY 31, 1917

1. Due care will be taken to determine that the person examined is the person named in the blank.

2. Applicants will be examined stripped.

3. Certificates of qualification will not be issued to applicants who have not been successfully vaccinated against smallpox within five years, unless the applicant has had the disease or has two well-marked vaccination scars. Applicants who do not comply with this requirement shall be vaccinated, if willing, by the medical officers of the Public Health Service making the examination. If the applicant has not had typhoid fever or has not been inoculated against it, he should be advised to be so inoculated.

4. Due note should be taken of tumors, ulcers, varicose veins, chronic swellings of the extremities, chronic inflammation and severe deformities of the eyes, eyelids, nose, ears, teeth, palate, fauces, enlargements of the liver and spleen, glandular enlargements, chronic diseases of the heart and lungs, and mental aberration, but the examiner will not certify as disqualified applicants suffering from minor defects which would not materially interfere with the discharge of the duties of keeper or assistant keeper.

5. Applicants suffering from defects which would cause certification as disqualified, but which are curable, should be advised to take proper treatment, and when cured, return for reexamination.

6. Eyesight and color sense will be tested in accordance with paragraph XV, pages 134, 135, Regulations, U. S. Public Health Service, 1913.

7. Hearing will be tested as follows:

(*a*) Place the applicant at one end of the room with the ear to be tested toward the other end of the room; have the applicant insert his moistened index finger into the other ear. The examining surgeon should approach within a few feet of the applicant and pronounce words or phrases and direct the applicant to repeat what he has heard. The surgeon should then gradually recede from the applicant until he ceases to repeat correctly what is spoken to him, and the distance entered on the examination record. The applicant should then face about and the other ear should be similarly tested and recorded.

(*b*) The above technique should be carried out in testing whispered speech, the examiner using residual air in whispering.

(*c*) An applicant must be able to hear conversational speech 20 feet and whispered speech 10 feet.

8. Upon the completion of the examination the result thereof, and in the case of certification of disqualification the reason therefor, will be recorded in the book prepared for the purpose. (Record of Medical Inspection of Seamen, P. H. S. 1956).

9. Any one of the following defects will be sufficient for certification as disqualified, viz: Defective vision (see paragraph 6), color blindness, defective hearing (see paragraph 7), epilepsy, insanity, severe chronic cardiac affections, hernia, fistula in ano, severe varicose veins, gonorrhea, active syphilis, tuberculosis, or any chronic defect which will materially interfere with the discharge of the duties of a keeper or assistant keeper.

ACT OF AUGUST 28, 1916.

"Sec. 5. That hereafter light keepers and assistant light keepers of the Lighthouse Service shall be entitled to medical relief without charge at hospitals and other stations of the Public Health Service under the rules and regulations governing the care of seamen of the merchant marine: *Provided*, That this benefit shall not apply to any keeper or assistant keeper who receives an original appointment after the passage of this Act, unless the applicant passes a physical examination in accordance with the rules approved by the Secretary of Commerce and the Secretary of the Treasury."

Physical examinations will be made at first, second, and third class relief stations of the Public Health Service, at quarantine stations except the following: Alexandria, Va.; Newbern, N. C.; Darien, Ga.; Brunswick, Ga.; Bocagrande, Fla.; St. Andrew, Fla.; St. Joseph, Fla.; Port Inglis, Fla.; Pascagoula, Miss.; Redondo, Cal.; Santa Barbara, Cal.; Port Harford, Cal.; Monterey, Cal.; Fort Bragg, Cal.; Coos Bay, Oreg., and at all immigration stations. In the Hawaiian Islands examinations will be made only at the port of Honolulu. Physical examinations can not be made at quarantine stations when ships or persons are undergoing quarantine.

Form 73 of June 8, 1926, recommending probationary appointment of William H. Froggatt to position of Assistant Keeper, Turn Point Light Station.

REMARKS: Attention is invited to Superintendent's letter of April 30, 1926, addressed to the Bureau, in regard to the disqualification of Mr. Froggatt for appointment as assistant keeper on account of the loss of an eye, and to Bureau instructions on copy of its letter of May 7, 1926, to Guy E. Kelly in the matter. In view of the time that has elapsed between Froggatt's physical examination of April 1, 1926, and his selection for appointment to the position at the above named station, Froggatt was again physically examined by the Medical Officer of the Public Health Service at Seattle on June 5, 1926. The results shown by the last named examination are similar to those shown by the first referred to examination, he being qualified in every respect but that due to the defect of loss of an eye. The report of the physical examination of June 5 is inclosed herewith with the request that the same be returned to this office.

It is recommended that the physical disqualification of the Medical Officer be removed and that Froggatt be appointed to the position as recommended above.

Family quarters are provided by the Government at this station.

Mr. Froggatt has had no previous service in the Lighthouse Service.

OFFICE OF SUPERINTENDENT
APR 19 1926
17th Lighthouse District

Department of Commerce
Light House Division
Washington, D.C.

Gentlemen:

About a year ago, William H. Froggatt of 819 North J Street, Tacoma, Washington, wrote to the Superintendent of Light Houses at Portland, Oregon, for application blanks for service as keeper or assistant keeper of light houses. The blanks were forwarded to him and he filled them out and appeared before a medical examiner in Los Angeles, California, where he passed a medical examination. The papers were then forwarded to Portland to the Superintendent of Ligh Houses. In this application, Mr. Froggatt set out the fact that he had lost his left eye.

Mr. Froggatt received a call for service as assistant keeper at Patos Island Light Station and was directed to go to Seattle and take another physical examination. This last examination was made by the medical officer of the United States Public Health Service who notified Mr. Froggatt that everything was okeh with the exception of his left eye but that the Superintendent of Light Houses might waive that objection as his right eye was first class.

On April Third Mr, T S Clark, Chief Clerk in the Superintendent's office at Portland notified Mt. Froggatt that he was disqualified because of the loss of the said eye. Mr. Froggatt is an ex-service man having served in the Spanish American War. He is physically in good condition except the eye and is certainly qualified to fill this position. If this loss disqualified him it seems queer that the Superintendent did not notify him as soon as his application was received instead of encouraging him for a matter of more than a year and then turning him down for a disability that appeared in his application. Does this disability disqualify this ex-service man from filling this position.

Thanking you for an early reply, I remain,

Yours sincerely

REGISTERED MAIL.

1926 MAY 5 PM 12 17

April 30, 1926.

Commissioner of Lighthouses,
Washington, D. C.

1. Returned herewith is letter of April 6, 1926, addressed to the Bureau by Guy E. Kelly, and referred to this office by Bureau indorsement of April 14, disqualification of Wm. H. Froggatt for appointment as Assistant Keeper:

2. Inclosed is copy of a letter of April 26, 1986, from the Superintendent to the Secretary, 11th Civil Service District, Seattle. The inclosures referred to therein are also furnished the Bureau herewith. They give the history of this case. Also inclosed is a copy of reply of April 27, 1926, from the Acting District Civil Service Secretary, to Superintendent's letter of April 26th. Attention is particularly invited to paragraphs 3 and 4 of Superintendent's said letter of April 26th and paragraph 2 of the Acting District Secretary's letter.

3. In view of the statements in paragraph 4, Superintendent's said letter of April 26th and paragraph 2 of Acting District Secretary's letter, the Superintendent recommends that the disqualification of Froggatt be removed and that he again be considered, with other eligibles, for appointment as Assistant Keeper as vacancies may occur.

4. Regarding the rule for deducting 15 points for loss of an eye, as provided by Civil Service Regulations for the Lighthouse Service, the Superintendent believes that, in rating examination papers of candidates for positions of deck and engineer officers on lighthouse vessels and of Lighthouse Keeper, the absence of one eye should cause rejection for appointment. The office of the local Inspectors, Steamboat-Inspection Service has advised this office informally that an original license would not now be granted by that Service as officer of a vessel if the applicant possessed only one eye. It is recommended that Bureau consider this matter when the Civil Service Regulations for the Lighthouse Service are being revised.

5. It is requested that Froggatt's examination papers (Form 1025) be returned to this office by registered mail.

(signed) ROBERT WARRACK
Superintendent of Lighthouses.

TSC:PAH

Wm. H. Froggatt,

REGISTERED MAIL. April 26, 1926.

Secretary, 11th Civil Service District,
Postoffice Building,
Seattle, Wash.

Dear Sir:-

1. Referring to the eligible register for Assistant Lightkeepers, established effective Nov. 13, 1925, which contains the name of William H. Froggatt (seventh on the register), and to conversation with you at this office on April 22, 1926, in regard to Froggatt having been disqualified on account of defective vision (absence of left eye), by the Medical Officer of the Public Health Service at Seattle for appointment as Assistant Lighthouse Keeper at Patos Island Light Station, Wash.:

2. Inclosed are copies of the following correspondence:

(a) Mimeographed letter to Froggatt, dated March 23, 1926, which accompanied printed letter (Letter to eligibles, Lighthouse Service Form 201) of that date to him, inquiring whether he would accept, if offered, position of Assistant Keeper at Patos Island.

(b) Superintendent's letter of March 30, 1926, to Froggatt inclosing Lighthouse Service Form 206, addressed to Medical Officer Seattle, Wash. and requesting that officer to examine Froggatt.

(c) Lighthouse Service Form 206, containing report of Medical Officer of April 1, 1926, disqualifying Froggatt.

(d) Superintendent's letter of April 2, 1926, to Froggatt.

(e) Letter of this office of April 3, 1926, to Froggatt, and office indorsement thereon to Medical Officer at Seattle.

(f) Letter of April 5, 1926, from Froggatt to Superintendent.

(g) Letter of April 6, 1926, from Guy E. Kelly, of Kelly & MacMahon, Tacoma, Wash. to Lighthouse Division, Department of Commerce, Washington, D.C.

(h) Original of Froggatt's examination papers (Form 1025).

3. Civil Service Regulations for the Lighthouse Service (latest edition 1913), provide, in regard to ratings, for a deduction of 15 in the case of the loss of an eye (page 18), and this deduction was made in the marking of Froggatt's examination papers.

This office has recently consulted the Medical Officer of the U.S. Public Health Service, Portland, Oreg., who stated that, in examining a candidate for such an appointment, he would disqualify if having only one eye, for the reason that the vision of remaining eye might deteriorate seriously as a result of the additional duty placed upon that eye and also for the reason of the possibility of the remaining eye failing to function, due to lodgement therein of a foreign object, and at a time when vision would be required to meet emergent conditions of a position.

4. Notwithstanding the opinion of the Portland Medical Officer, the Superintendent after reconsideration of the case, thinks, in view of the fact that the said Civil Service Regulations for the Lighthouse Service do not provide for rejection of an applicant, at time of his examination on Form 1025, simply on account of the loss of one eye, and of the fact that Froggatts right eye appears to be normal and its vision satisfactory, that Froggatt should have been nominated for appointment to the position in question. There appears to be no reason, other than the loss of the left eye, why Froggatt should not be appointed as an Assistant Keeper. If you concur in this view, the Superintendent will so recommend to the Commissioner of Lighthouses and if such recommendation is approved by him, Froggatt will be considered for appointment as Assistant Keeper on the occurrence of the next vacancy. Another eligible has already been nominated for appointment as Assistant Keeper at Patos Island Light Station and is awaiting the arrival of a tender to convey him to that station for duty.

5. The Superintendent would be pleased to receive your views in this matter, in duplicate, and when received they will be communicated to the Commissioner of Lighthouses with other papers in the case.

6. Will you please return Froggatt's examination papers (Form 1025) to this office by registered mail.

Respectfully,

(signed) ROBERT WARRACK

1. A similar letter is also being sent to two other persons on the eligible list. Upon selection of the person to be recommended for appointment, it will be necessary, before he is actually recommended to the Secretary of Commerce for appointment to this position, to appear before a medical officer of the United States Public Health Service for physical examination. The nearest United States medical officer to Seattle is Seattle, Wash. located at 3124 Arcade Bldg.

2. All transportation expenses, if any, must be borne by the person to be examined, but the medical examination will be free of charge.

3. These physical examinations are made only in the case of the person who has actually been selected for recommendation for appointment, and only after the person has received specific instructions from this office to take the examination. Persons not selected for recommendation for appointment are not required to take the examination.

Dear Sir:-

1. Receipt is acknowledged of your letter of April 2, 1926, stating that you had taken the physical examination in Seattle for qualification for appointment as Assistant Keeper at Patos Island Light Station and that the physician who examined you informed you that "everything was O.K.". Your attention is respectfully invited to the Superintendent's letter of April 2, 1926, addressed to you at 2616 Marine Ave.,Seattle, Wash. stating that you had been disqualified for appointment as Assistant Keeper on account of the absence of your left eye. You were disqualified by Dr. Jno. Huston, Medical Officer of the U.S. Public Health Service at 3124 Arcade Building, Seattle, Wash. and your statement that the Doctor informed you that "everything was OK" is not understood.

2. In view of your being disqualified by the Medical Officer the Superintendent regrets to inform you, as stated in his said letter of April 2, 1926, that it is impracticable to appoint you to the position of Assistant Keeper in the Lighthouse Service.

3. A copy of this letter is also being sent to you addressed to 819 North "J" Street, Tacoma, Wash., and a copy is also being furnished the Medical Officer of the U.S. Public Health Service, 3124 Arcade Building, Seattle, Wash.

Respectfully,

Mr. Clark

Dear Sir:-

Your letter received telling me I was disqualified on account of my left eye being gone.

I can't understand why I should be disqualified now when I have passed the other physical examination in Los Angeles and making the trip up here fully expecting to get into the Service. I passed in two other examinations for civil service positions but didn't take them because the pay was not enough. My eyesight is just as good now as it was then. I can see better with my one eye than most people can with both and do the finest kind of machine work.

When I stopped in to see you on my way thro Portland you remarked about my eye and asked me if I could see good with the other and I told you I could, so when the Dr. in Seattle examined me I told him you knew about my eye being gone and he said you probably intended to waive that and I thought so too or you wouldn't have let me go on believing I was eligible for the position. What the Dr. in Seattle said in regard to my xxx being O.K. was this, "Except for your eye you are all O.K. and as I say I thought you knew about that.

If I didn't know I was perfectly capable in every respect, or even a higher one (because I intended to work up) I wouldn't care, but my eye has never been the least handicap to me.

Yours truly,

Mr. Robert Warrack,
Superintendent of Lighthouses,

Portland, Oregon.

Sir:

Referring to your letter of April 26, 1926, file TSC:PAH, there are returned herewith the examination papers of Mr. William H. Froggatt, registered for the position of keeper.

Inasmuch as the rating schedule of the Lighthouse Regulations deducts but 15 points for the loss of an eye and inasmuch as Mr. Froggatt is physically fit otherwise as shown by medical certificate issued for him by the Public Health Service at Seattle, he may be considered for appointment to the position of keeper in the Lighthouse Service.

In going through Mr. Froggatt's papers it is noted that he is a Disability Preference eligible having been honorably discharged from the military service, July 9, 1902.

Copies of letters dated April 2nd, 3rd, 5th, 6th and March 30th, 1926, passing between your office and Mr.Froggatt, and your letter of April 26th, to this office together with a copy of the medical certificate executed for Froggatt by the Public Health Service at Seattle, are being retained in the files of this office.

Very Respectfully,

Accordingly it is suggested that you submit nomination at the proper time with a statement of the facts and the district secretary's indorsement, in order that the Bureau may submit the matter to the Department for the determination of the Civil Service Commission.

The matter of amending the rating methods to provide for disqualification for loss of an eye is being considered and in the event that disqualification for this reason is approved you will be further advised. Froggatt's examination papers are returned herewith.(Form 1025).

Secretary of Commerce:

1. In reference to nomination separately submitted today in the case of William H. Froggatt for appointment as assistant keeper at Turn Point Light Station, Washington, at $1140 per annum, effective July 9:

2. In explanation of the Superintendent's remarks, the Department is advised that through an arrangement with the Civil Service Commission, Lighthouse Form 206 to determine eligibility for free medical treatment by the Public Health Service, is also used in lieu of Civil Service Form 2413 to comply with the Executive Order of June 18, 1923, the Bureau's present recommendation relates to the removal of the disqualification for appointment for the reason that the loss of an eye does not provide for disqualification of an applicant for the position of a lighthouse keeper, a deduction of fifteen points being provided by the rating rules in the case of this disability. The Bureau accordingly concurs in the view of the Superintendent and recommends that disqualification for appointment be waived. The return of Form 206 submitted with the nomination is requested after its purpose has been served.

Form 106 for period ending June 30,1934

W. Mabin was reported on Form 106 of June 30,1933, was subsequently transferred to Keeper, Turn Point Light Station for further trial and was omitted from the last report. Recent inspections of that station, however, show marked neglect and inefficiency on the part of this keeper. He will be recommended for demotion when a suitable opportunity occurs.

W. T. Albee has been reported by inspecting officers and other district field employees visiting or employed at Cape Arago Light Station as inefficient, and there has been evidence of neglect of station duties and upkeep of appurtenances See also reprimand of this keeper by Superintendent's letter of June 2,1932. He will be recommended for transfer to another station for further trial when a suitable opportunity occurs.

March 20, 1936

Commissioner of Lighthouses:

1. There is transmitted herewith form 73, nomination, recommending the transfer, change in designation and decrease in pay of Edward G. Clements, from the position of Handyman, Seattle Lighthouse Depot at $4.50 per day to Assistant Keeper, Turn Point Light Station at $1260. per annum, plus quarters valued at $240. per annum. Form 73 is accompanied by Civil Service Form 375, in which Mr. Clements has outlined his experience and other data required, the paper being properly signed and sworn to.

2. There were forwarded to the Bureau on March 18th, form 73, nomination, recommending the transfer and decrease in pay of William H. Froggatt, from the position of assistant keeper, Robinson Point Light Station at $1260 per annum, to the position of assistant keeper at Alki Point Light Station at $1200. per annum, plus quarters valued at $240. per annum in each case, and form 73a, reporting on the proposed transfer of Jens O. Pedersen from the position of assistant keeper at Turn Point Light Station at $1260 per annum, to the position of assistant keeper at Robinson Point Light Station at the same pay, plus quarters valued at $240. per annum, in each case.

3. In view of the fact that the Lighthouse Tender Heather will make a trip in the vicinity of Turn Point Light Station and immediately after her return to Seattle will make a trip to the vicinity of Robinson Point Light Station, authority is requested for the temporary assignment of these employees in the positions and at the stations to which they have been recommeded for transfer. This would save an extra trip of the tender to Turn Point Light Station. Since there is no commercial transportation available to Turn Point Light Station, delivery of household effects is possible only by tender.

4. It is requested that the Bureau telegraph authority for these temporary assignments, pending formal approval of their permanent transfers.

September 10, 1936.

Superintendent of Lighthouses,
Portland, Oregon.

1. It becomes my sad duty to report the death of Wm. H. Froggatt, Assistant Keeper, at 1:15 this afternoon, at the Marine Hospital, Seattle, Wash., where he had been a patient since being operated upon for stomach ulcers on April 8, 1936.

2. During the brief period I was associated with Mr. Froggatt at this station, I formed a high opinion of him as a man and as an able Government employee. I feel that in his passing the Service has lost a very valuable man and I have lost an assistant with whom I had hoped to serve.
