June 17, 1938.

My dear Sir:

The Coast and Geodetic Survey has made application for PWA funds under the relief bill now pending in Congress. Until final decision on our application has been made, it is not possible to state whether funds will be granted, or if so, what the conditions of employment will be.

This letter is sent you for the purpose of ascertaining whether in the event of the expansion of our field work, you desire to be considered for employment. It is very important that if you desire employment, you furnish this information called for on the other side of this letter, taking particular care to note both your present mail address, your telegraph address, and how soon after notification you could report for duty.

In the event that funds are made available to this Bureau and you are interested in employment, you will be contacted as early as possible.

Very truly yours,

L. O. Colbert

Gentlemen:

Reference your file Misc-0934969. Inclosed is a letter of Mr. William Cadsby, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period April 1, 1941 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029). Also inclosed is Standard Form 50 (9 Part), describing this retirement. This form shows correct computation of retired pay to be $787.75 per annum, whereas, for the period April 1, 1941 to June 30, 1947, Mr. Cadsby was paid at the rate of $756.40 per annum - an underpayment of $31.35 per year, or $2.61 per month.

Computation of the amount due and appropriations chargeable are as follow:

2011255 -	Retired Pay, Former Lighthouse Service, Coast Guard,	1941	$ 7.83
2021255 -	" " " " " " "	1942	31.35
2031255 -	" " " " " " "	1943	31.35
2041255 -	" " " " " " "	1944	31.35
2051255 -	" " " " " " "	1945	31.35
2061255 -	" " " " " " "	1946	31.35
2071255 -	" " " " " " "	1947	31.35
	Total		$195.93

For tax withholding purposes, the records of this office show that Mr. Cadsby claims two (2) exemptions.

Mr. Cadsby's mailing address is Box 25, Mahcotta, Washington, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

Sirs:

There is transmitted herewith for administrative examination and report the claim of William Gadsby, Lighthouse Keeper Retired, Box 25, Nahcotta, Washington, for an amount alleged to be the difference due for retired pay based on gross salary over that paid based on net salary from approximately March 1941 through June 30, 1947.

If there is an amount found due the claimant, there should be transmitted a properly prepared voucher showing the appropriation chargeable, together with a copy of appointment covering the last five years prior to retirement.

The enclosure should be returned with your report.

Respectfully,

P. E. Lowrs

Subj: Tax withholding

1. This is in reply to your letter of 11 February, 1944, stating you were advised by a tax expert that deductions for tax withholding should not be made from your retired pay because you were retired for disability.

2. The following is quoted from a letter, dated 22 January, 1944, which this office received from the Commissioner of Internal Revenue, Washington, D. C., relative to the tax withheld from the pay of retired personnel of the Former Lighthouse Service:

> "The Bureau holds that the retired pay of civilian employees of the Federal Government is taxable income to the recipient. No distinction is made between pensions paid for longevity of service and for disability."

3. Therefore it appears from the above statement that your retired pay is subject to the provisions of the Current Tax Payment Act of 1943.

1. In reply to your inquiry, reference (a), you are advised that you may not accept appointment to a Federal-civil position and receive your retirement annuity in addition to the compensation attached to the civil position. This is in accordance with the ruling by the Comptroller General relative to a proposal to appoint a retired employee of the former Lighthouse Service to active duty and to pay him a salary in addition to his retirement annuity. In the case referred to the Comptroller General held that under no circumstances may both retirement annuity and civilian compensation be paid to the same person for the same period of time. 10 Comp. Gen. 309.

2. For your information relative to this matter it is stated that the exceptions to the dual compensation statutes which are applicable to retired military personnel do not include civilian personnel retired under the former Lighthouse Service retirement laws.

My Dear Sir;

Having recently retired from the U.S. Coast Guard Srevice in Alaska, on hearing disability, but desiring to obtain employment at Bremmerton Navy Yard, Bremmerton Washington, I am writing you for information.
Upon retireing, I was told that there were no restrictions, and that I could work for the Government again, but have also been advised to the contrary, or that I could not draw two pay checks from the Government.
I am very anxious to know the truth in this matter, as I do not wish to loose my retirement pay.
As I understand it there are men employed at the Navy Yard, who are retired from the Coast Guard Service.

Thanking you in advance, and hopeing to hear from you,

I am,

1. On page 2 of reference (a) your office showed the beginning of the last five-year period on which the average pay and retirement is computed as 26 May, 1933. Since there is no leave without pay shown in your tabulation after 27 February, 1933, the beginning date of the last five-year period as shown by your office is incorrect and Headquarters has amended it to show the beginning date as 5 June, 1933, the pay received from that date until 10 September, 1933, being $352.00. Another error shown on the form is the date of increase in his compensation from $1380 to $1500, which your office shows as 13 May, 1940. Attention is invited to the fact that the Reorganization Law prohibited any increase in Mr. Cadsby's compensation during the fiscal year 1940, and the records in Headquarters show that the increase was made effective on 1 July, 1940. This has the effect of extending the period during which he was paid at $1380 per annum from 7 September, 1937, to 30 June, 1940, the total compensation for that period being $3887.00; for the period from 1 July, 1940, to 31 March, 1941, the pay extension was $1125.00.

2. After making these amendments the total pay received for the last five year period was shown to be $7238.33, and the average pay for that period was $1447.66. Amendment has been made as indicated and also to show the annual rate of retired pay as ($1447.66 x years 20.9000 ÷ 40) $756.40.

3. Mr. Cadsby has been declared to be physically disqualed and his application for retirement has been submitted to the Department for final approval; its action in the matter will be forwarded to your office upon receipt in Headquarters.

1. On page 2 of reference (a) your office showed the beginning of the last five-year period on which the average pay and retirement is computed as 26 May, 1933. Since there is no leave without pay shown in your tabulation after 27 February, 1933, the beginning date of the last five-year period as shown by your office is incorrect and Headquarters has amended it to show the beginning date as 5 June, 1933, the pay received from that date until 10 September, 1933, being $352.00. Another error shown on the form is the date of increase in his compensation from $1380 to $1500, which your office shows as 13 May, 1940. Attention is invited to the fact that the Reorganization Law prohibits any increase in Mr. Gadsby's compensation during the fiscal year 1940, and the records in Headquarters show that the increase was made effective on 1 July, 1940. This has the effect of extending the period during which he was paid at $1380 per annum from 7 September, 1937, to 30 June, 1940, the total compensation for that period being $3887.00; for the period from 1 July, 1940, to 31 March, 1941, the pay received was $1125.00.

2. After making these amendments the total pay received for the last five year period was found to be $7238.33, and the average pay for that period was $1447.66. Amendment has been made as indicated and also to show the annual rate of retired pay as ($1447.66 x years 20.9000 ÷ 40) $756.40.

REC'D JUN 3 - 1940 By

Subject: Temporary details.

1. In accordance with Article 423, regulations for the U. S. Lighthouse Service, 1927, the following temporary details are reported:

William Gadsby, asst. keeper Lincoln Rock Lightstation, was assigned to position of 1st asst. keeper, Five Finger Lightstation on 14 March, 1940 to fill vacancy existing due to the previous transfer of John W. Gailey to Cape Hinchinbrook Lightstation. Emergency laborer employed as keeper at Five Finger resigned making the immediate filling of the position necessary. It is requested that the detail be approved pending approval of nomination of Mr. Gadsby for permanent appointment to this position submitted 14 March, 1940 and resubmitted 23 April after having been returned without action.

John E. Elstad, assistant keeper Sentinel Island Lightstation, was assigned to position of assistant keeper Lincoln Rock Lightstation on 2 April, 1940 to fill vacancy caused by termination of services of the laborer substitute keeper serving during leave of William Gadsby, asst. keeper. It is requested that detail of Mr. Elstad be approved pending approval of his nomination for permanent appointment to the position re-submitted 23 April, 1940 after nomination of 14 March had been returned without action.

Mr. Dan Kinnaley, keeper Cape St. Elias Lightstation, was assigned to position of additional keeper Cape Decision Lightstation 11 May, 1940 to fill vacancy caused by leave of regular keeper Edward M. Toman pending retirement. A shortage of keepers at the station was caused by Mr. Craig, 2nd assistant keeper, taking accrued leave. Mr. Kinnaley was removed from Cape St. Elias lightstation last year because of poor health and it was not believed best to return him to such an isolated station. It is requested that the detail of Mr. Kinnaley be approved pending approval of his nomination for permanent appointment to the position submitted 19 February, 1940.

2. Details of these keepers were made necessary by delay of approval on nominations submitted by this office.

1. As requested in reference (a) gross salary of Mr. Gadsby while at Cape Flattery and Destruction Island Light Stations in the former 17th district has been corrected on form 2806 to agree with information received from the Seattle district. Our records now show that Mr. Gadsby received $240 per annum quarter allowance or basic pay of $1560. per annum while at these stations.

Subject: Form 2806 for Keeper William Gadsby.

Reference: Letter dated 4 January, 1940, from Ketchikan Office, addressed to War Department and referred to Headquarters by War Department.

Headquarters' records show that a copy of a certified form 2806 from the War Department showing retirement deductions was furnished the former Superintendent of Lighthouses, Portland, Oregon, on 3 March, 1934, and it is requested that a copy of it be obtained from the Seattle District. It is noted that form 2806 submitted by your district for Mr. Gadsby shows service in the Engineer Department and also in the former 17th lighthouse district, and it appears from this form 2806 that the gross salary shown in the former 17th district at Cape Flattery and Destruction Island Light Stations is not correct as Headquarters' records show that the quarter allowance at these stations is $240 per annum instead of $60. It is requested that this be verified by your office and Headquarters advised.

Attention is also invited to the fact that correspondence regarding forms 2806 with other Government Departments should be forwarded through Headquarters.

Dear Sir:

Your attention is invited to the inclosed letter dated January 4, 1940 from Mr. E. W. Laird, Acting Superintendent, Lighthouse Service, Ketchikan, Alaska, to the U. S. Engineers, Portland, Oregon, regarding the service record card (Form No. 2806) in the case of Mr. William Gadsby.

The records of the Department show that Form No. 2806 in the case of Mr. William Gadsby showing retirement deductions in the amount of $416.23 was forwarded to the Civil Service Commission for transmission to the Department of Commerce on November 17, 1933. There is no record of refund on file in this office and upon informal inquiry to the Civil Service Commission this office has been advised that no refund of retirement deductions has been made to Mr. Gadsby.

Very truly yours,

1. William Gadsby was employed by the U. S. Engineers, Portland, as engineman, laborer and shipkeeper intermittently from July 13, 1901 to February 27, 1933. His retirement record card does not list any retirement deductions (form 2806). However, he claims retirement deductions were made totalling approximately $500.00. Would you please advise what deductions, if any, were made while Mr. Gadsby was with the U. S. Engineers, Portland, and whether you have any record of refund made.

In answer to your letter of 12 June, 1939 I wish to advise that I had no knowledge that such an account existed, and that the debt was probably incurred while I was at Tillamook Rock Lightstation, and at that time Mrs. Gadsby had power of attorney papers to cash my checks, and handle my affairs.

I have received no communications from the Hub at Marshfield, Oregon, and if my wife has, she has said nothing about it.

I have no intention whatsoever of disregarding a just obligation, and am inclosing a postal money order for the amount due them.

Am also taking the matter up with Mrs. Gadsby.

Considerable difficulty is being experienced in balancing the family budget, and in November 1938 I applied for a transfer to the 17th Lighthouse District, where Mrs. Gadsby and I could live in the same place, which should aid materially in reducing the cost of living. I am in the same frame of mind as I was at the time.

Gentlemen:

1-14 ans

William Gadsby is stationed at one of your lighthouses in Alaska; we do not know at which station.

Mr. Gadsby owes us $19.15 for clothing purchased for his family in 1933. Repeated communications to him, forwarded via Ilwaco, Wash., regarding this obligation bring no results. He seems to ignore the account entirely although it is in no way disputed.

We believe this man is well able to pay but that he is evading the account for the reason that he feels he is so far away that nothing will be done about it.

If you can and will call this to Mr. Gadsby's attention, reminding him of the necessity of taking care of bills which he honestly owes, we believe it will bring about the desired result.

We shall very greatly appreciate any courtesy you may see fit to extend us in the matter.

Dear Sir:

Enclosed herewith are forms 73, nomination recommending temporary appointment pending reinstatement and recommending reinstatement of William Gadsby to the position of assistant keeper of Lincoln Rock Light Station, Alaska.

The nomination recommending reinstatement is accompanied by Civil Service form 375 in triplicate, 1240 declaration of appointee and 2413 certificate of medical examination. It is understood that affidavit as to marital status is no longer required.

The Superintendent of the 16th Lighthouse District is anxious to secure approval of the employment of Mr. Gadsby. It is therefore requested that you kindly endorse these papers forward via air mail to the Commissioner of Lighthouses in the enclosed self addressed stamped envelope at the earliest possible date.

Mr. Gadsby, as you will note from form 375, was previously employed in this District as assistant lighthouse keeper, having been transferred to that position from the U. S. Engineers. He filled out a form 375 at that time in qualifying. It therefore appears there would be no question as to his eligibility for temporary appointment and reinstatement in this case.

Your cooperation in approving these nominations and forwarding the papers to the Commissioner of Lighthouses at the earliest practicable date will be very much appreciated.

For and in the absence of the Superintendent:

Yours very truly,

C. F. GANONG,
Assistant Superintendent of Lighthouses

Copy to Commissioner of Lighthouses, Washington, D. C. for his information. On receipt of nominations as outlined above, it is requested that the Bureau expedite approval as much as possible. Kindly advise Superintendent of Lighthouses, Ketchikan, Alaska by telegraph if approved and the entering on duty of Gadsby is authorized.

Commissioner of Lighthouses:

1. Complying with Bureau radiogram of Nov. 12, there are transmitted herewith nominations for personnel named in letter of October 27, 1934, a copy of which is enclosed herewith, except William Gadsby, whose transfer to Cape Flattery Light Station was cancelled by letter of October 30, 1934, and by nomination of the same date recommending his demotion from Assistant to 4th Assistant Keeper at Tillamook Rock Light Station. Gadsby has now resigned, thus cancelling nomination for his demotion from 1st assistant to 4th assistant keeper at Tillamook Rock Light Station.

2. Application of Joseph G. Startup, Chief Engineer of the Lighthouse Tender Manzanita, for retirement effective at the close of Dec. 31, 1934, is also re-submitted herewith.

3. Delay in re-submission of these forms has been necessitated by the time required to secure renewal of application of Chief Engineer Startup.

4. It is now expected that the Lighthouse Tender Heather will make a trip to Astoria from Seattle on or about Dec. 11th, at which time it is desired to transport the effects of the Keepers and Engineers named in letter of October 27, 1934, and October 30, so far as may be practicable. It is therefore requested that the Bureau kindly advise by telegraph when these changes in personnel have been authorized. If formal appointments have not been issued prior to that time it is requested that this office be authorized to make the transfers, the respective personnel to be on temporary detail pending approval of the permanent transfers involved.

November 14, 1934.

Memorandum for Mr. Mitchell, Assistant Secretary:

As to the lightness of the penalty in the attached case of Keeper Gadsby in the 17th district, it is noted that the Superintendent covers his case in his paragraph three.

It is also noted that the demotion is from first assistant at Tillamook Rock to fourth assistant, which is a demotion of three ranks. In other words, he was previously the second ranking keeper at the station and it is proposed to make him the lowest ranking. Perhaps also the Superintendent expects that he will not return to the station, but will tender his resignation; or if he does not do so and does not duly return to the station to otherwise effect his separation from the Service. It appears that Gadsby for some time has been wanting to get away from Tillamook Rock and that the Superintendent proposed to transfer him to a position of watchman ashore, but that when this fell through Gadsby had to return to Tillamook Rock, and that owing to the circumstances cited by the Superintendent he is being demoted from first assistant to fourth assistant and required to remain at this station.

The penalty thus has severer aspects than the mere demotion of $60 a year, for instead of going to a more favorable station as was proposed, he is being returned to the same station in the lowest rank instead of in the second highest. This is believed to be a severer penalty than his transfer to a lower paid position in a more favorable location; and the Department has ruled that appointment may not be made at a rate below the minimum of the authorized range. It would not be surprising if the action leads to Gadsby's separation from the Service, either through his resignation or dismissal, and possibly the Superintendent is letting things take their course and giving Gadsby an opportunity to resign. If a severer penalty is deemed to be warranted, it would appear that dismissal is the only alternative; and apparently the Superintendent did not feel justified in going that far. Tillamook Rock Light Station is one of the most undesirable station in the 17th district. The ranges of pay of the keepers are as follows:

Principal Keeper -$1800-2160	3d Assistant - - -1560-1920
1st Assistant---- 1620-1980	4th Assistant - - 1560-1920
2d Assistant - - - 1560-1920

OFFICE OF SUPERINTENDENT, 17TH DISTRICT

Oct. 30, 1934

Commissioner of Lighthouses:

1. It is requested that Form 73, Nomination, dated October 23rd, recommending the transfer of William Gadsby, from First Assistant Keeper at Tillamook Rock Light Station, to the position of 3rd Assistant Keeper at Cape Flattery Light Station be cancelled. There is enclosed herewith Form 73, Nomination, for the transfer of Hugo Hanson, 4th Assistant Keeper, Tillamook Rock Light Station, to the position of 3rd Assistant Keeper, Cape Flattery Light Station, and the demotion of Gadsby, from 1st Assistant Keeper, Tillamook Rock Light Station, to 4th Assistant Keeper, Tillamook Rock Light Station.

2. During recent severe storms which placed Tillamook Rock Light & Fog Signal out of commission for several days and caused much damage to the station, the Keeper reports that Hanson performed commendable service and during recent months his services have been very satisfactory. He was employed as Additional Keeper in this District Dec. 13, 1932. Except for a few months during which he was assigned to the position of Additional Keeper, he has been continuously employed at Tillamook Rock Light Station. He has made repeated requests for transfer to a station with family quarters, but because of his efficiency record as reported by the Keeper, this office has hesitated to effect his transfer.

3. Gadsby was transferred from the U. S. Engineer's, Portland, effective Feb. 27, 1933, and was assigned to duty at Destruction Island Light Station, and he served in that capacity until the close of June 30, 1933, when the position of 3rd Assistant was discontinued. He having lesser service than the 3rd Assistant Keeper, was transferred to the position of 2nd Assistant Keeper, Tillamook Rock Light Station, in which capacity he served until Dec. 15, 1933, when he was promoted to 1st Assistant Keeper at the same station. The Keeper has reported that his services were not satisfactory in that position. Recommendation was therefore made for Gadsby's transfer to the position of Watchman at Seattle Lighthouse Depot, and due to the fact that he failed to pass the examination which the Civil Service gave in connection with the transfer, it was necessary to re-assign him to Tillamook Rock Light Station. On Oct. 16th he was instructed to report to the Lighthouse Tender Manzanita for transportation to his station, but he failed to make connection with the tender. He later joined the Manzanita at Coos

Bay, but when the tender called at the station after the storm he claimed that he was afflicted with fainting spells and unable to report for duty and was returned to Astoria on the Tender. Report has been received, however, that as soon as the tender left the station he was able to eat heartily and upon arrival in Astoria rode away on a motorcycle. This was Saturday, Oct. 27th. No further communication has been received from him. He has been placed on leave without pay on account of absence from duty without permission, effective Oct. 17th. His action in this case is considered refusal to perform his duties, and the demotion as recommended is considered justified.

4. In connection with the nomination on Form 73 of Oct. 23, 1934, for the transfer of Henry Jenkins from the position of Second Assistant Keeper at Tillamook Rock Light Station to the position of Watchman, Seattle Lighthouse Depot, it is desired to call attention to the especially meritorious service which he performed at Tillamook Rock Light Station in the recent storm. After the telephone cable was broken, cutting off all communication ashore, he with the use of the telephone instrument and the donated station receiving set, devised a sending and receiving set which established communication ashore through amateur radio stations in Seaside. These messages were transmitted by telegraph or relayed by amateur radio in urgent cases. It is desired again to strongly recommend the transfer of Mr. Jenkins at $1440. per annum as it is considered that he merits that rate of pay. He is qualified for position having duties with much higher qualifications than that as watchman, but he desires this position in preference to continuing as assistant keeper, Tillamook Rock Light Station.

In further reference to the case of William Gadsby, who has failed in two attempts to qualify in the examinations conducted by the Civil Service Commission for the position of watchman:

The Bureau forwarded you a copy of its letter of August 25 recommending that he be transferred without further examination, and the Department has informally advised that it recommended to the Commission that this be done. However, the Bureau is just in receipt of a letter from the Commission saying that it has ordered another examination for Gadsby and that instructions were mailed to its representative at Tillamook, Oregon, on September 10.

Superintendent of Lighthouses, Portland, Oregon.

In further reference to the case of William Cadsby, who has failed in two attempts to qualify in the examinations conducted by the Civil Service Commission for the position of watchman:

The Bureau forwarded you a copy of its letter of August 25 recommending that he be transferred without further examination, and the Department has informally advised that it recommended to the Commission that this be done. However, the Bureau is just in receipt of a letter from the Commission saying that it has ordered another examination for Cadsby and that instructions were mailed to its representative at Tillamook, Oregon, on September 10.

In reference to your indorsement of August 29 on the Bureau's letter of July 17 regarding the status of William Gadsby's proposed transfer to watchman at the Seattle depot:

The Bureau has recommended to the Department that Gadsby be transferred without further examination, attention in this connection being invited to Bureau letter of August 25, copy of which was furnished your office. The matter, however, requires the approval of the Civil Service Commission, and the Bureau is unable to advise you further until action by the Department and Commission is received.

Secretary of Commerce:

In reference to the 17th Superintendent's nomination, submitted by Bureau indorsement of March 31, proposing the transfer of William Gadsby from the position of keeper at Tillamook Rock at $1620 to Watchman at the Seattle Lighthouse Depot at $1260 per annum:

In connection with the proposed transfer of Gadsby to the position of watchman, the Civil Service Commission has given him two examinations, in the last of which it is informally understood that he attained an ineligible rating of 67.20. This is less than three points below that required to make him eligible, and it is recommended that he be transferred to the position of watchman without further examination, with the understanding that in doing so he will not thereby acquire a status for transfer elsewhere in the Government service.

Memorandum

I called the Department yesterday evening about the case of William Gadsby, attached, who was proposed for watchman by the 17th Supt. in March. The Civil Service Commission has given Gadsby two trials to pass the examination. The Dept. stated last evening that it had not received formal information from the CSC as to the results of Gadsby's last attempt to pass the exam, but that the Commission advised over telephone that Gadsby attained an ineligible rating of 67.20. This is less than three points below the eligible rating, and it is suggested that recommendation be submitted to the Dept. that Gadsby be transferred from keeper to watchman without further examination with the understanding that in doing so he will not acquire a status for transfer to a similar position elsewhere in the Govt. service. Also since this is a new position to which he is going the Budget requires that Presidential authority be obtained. The Dept. advised about this this week, and the matter has not been taken up with the 17th; but if the Bureau desires to proceed with the matter as suggested, justification will be prepared in the Bu.

1. Reference is made to Bureau endorsement of June 7, 1934, forwarding copy of U. S. Civil Service Commission's letter of May 31, 1934, in which it was stated that William Gadsby, who was given noncompetitive examination to determine his fitness for the position of Watchman, had been rated ineligible.

2. Mr. Gadsby has filed report of the examination, which he was given, stating that it consisted of correctly spelling 20 misspelled words, copying a letter of approximately 100 words, solving a few problems in arithmatic and writing a letter of not less than 100 words. He states that he has received notification that he was given a rating of 66%, which was 4 points below the passing grade. However, he was not given credit of 5% for preference-allowance on account of his war service. He states he has made inquiry as to the reason for not having been given credit for the 5 points preference-allowance, but has received no reply.

3. It is requested that the Bureau take up the matter with the Civil Service Commission, and arrange, if practicable, for granting Mr. Gadsby the additional 5 points to enable his attaining a passing grade.

4. Mr. Gadsby was employed by the U. S. Engineers for approximately twenty years as Engineman and in other positions. He has been employed by this Service for approximately 2 years as Light Keeper. It appears that his experience as Light Keeper should be sufficient to qualify him for the position of Watchman, the duties of which are considered much less strenuous and exacting.

5. An early reply would be appreciated as it will be necessary to arrange for someone else to fill the position of Watchman at the Seattle Lighthouse Depot if the Civil Service Commission will not approve of the transfer of Mr. Gadsby.

R. R. Tinkham
Superintendent of Lighthouses.

Bureau of Lighthouses, Washington, June 28, 1934

Submitted to the Secretary of Commerce. It is understood that the 5 points military preference is not allowed in connection with a noncompetitive examination for change in status. If this is correct, it is recommended that the Commission be requested to give Mr. Gadsby another examination.

Justification for Filling Vacancy under Authority of the Act approved June 30, 1932.

March 21, 1934.

Bureau or Office: 17th Lighthouse District

Position: Watchman

Compensation: $1260.00 per annum,

Location: Seattle Lighthouse Depot, Seattle, Washington.

Appropriation: Salaries, Lighthouse Service.

Date of Vacancy: new position

Justification: This position and the filling of same is required for the protection of a large quantity of coal stored outside and subject to theft and pilferage unless protected by the services of a Watchman. Furthermore, a Watchman to make regular rounds of the warehouse and wharf premises to prevent theft and burglary is also necessary since the Depot is located at a somewhat isolated place not frequented by local residents.

Submitted to the Secretary of Commerce, approved. It is recommended that a new position as indicated be authorized for the reasons shown in the following excerpt from a letter from the Superintendent in the matter: "There is now in process the transfer of 4000 tons of steaming coal, which is necessary to store in the open, subject to pilferage unless some one is available to protect same. Furthermore, the warehouse is subject to being broken into at any time. The Keeper lives next to the warehouse, but the building could be broken into on the opposite side from his quarters without it being detected. The loss from pilferage and possible fire would in a period of time amount to a great deal more than the salary of a watchman."

A position of watchman was authorized upon the establishment of this depot several years ago but it was discontinued at the close of June 30,1932, as it had not been necessary to fill the position up to that date pending the development of the activities at this depot, which are now such as to require the authorization of this position for the protection of the property.

October 4, 1933.

Commissioner of Lighthouses,
Washington, D. C.

Referring to Department letter of September 11, 1933, covering transfer of William Gadsby to 2d Assistant Keeper, Tillamook Rock Light Station, at $1560.00 per annum, the Bureau is advised Mr. Gadsby entered on duty September 11, 1933, under this appointment.

R. R. TINKHAM
Superintendent of Lighthouses.

OCT 10 1933

Submitted to Secretary of Commerce for his information.

For the Commissioner,

Chief, Personnel Division

October 9, 1933

Superintendent of Lighthouses, Portland, Oregon.

In further reference to the Bureau's letter of September 25 and your indorsement thereon of September 30 regarding the transfer of Richmond E. Umdenstock from third assistant keeper to second assistant, vice William Gadsby, at Destruction Island Lightstation, without change in pay:

The Bureau notes your statement that Gadsby was furloughed on July 1 from the position of second assistant at Destruction Island and that he has been on substitute duty since that time. This, however, does not alter the situation with regard to his position, it being considered that he still technically occupies it while on furlough or detail to some other station. In order to remedy the situation with regard to these two employees and their positions, the Bureau has prepared a recommendation for the authorization of a temporary additional position of second assistant keeper for Umdenstock effective July 1, his regular position of third assistant having been discontinued at the close of June 30. Form 73a has also been prepared and is forwarded herewith for Umdenstock's transfer from the temporary additional position to the regular position of second assistant vice Gadsby. Upon the latter's transfer to Tillamook Rock this Form 73a should be forwarded to the Bureau <u>in duplicate</u> reporting Umdenstock's transfer to the permanent position.

Administrative Assistant.

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority
of the Act approved June 30, 1932.

Portland, Oregon, September 28, 1933.

Bureau or Office: 17th Lighthouse District

Position: Keeper (1st Asst.), Lighthouse Service

Compensation: $1620.00 per annum

Location: Tillamook Rock Light Station, Oreg.

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: November 1, 1933

Justification: This vacancy will be caused by the resignation of Edgar P. Skinner.

Tillamook Rock Light Station is a primary seacoast light and fog signal station located on a rock about a mile and a quarter off-shore. This is a five-keeper station and it is necessary that all positions be filled to maintain this aid to navigation. This is an important aid and in order to maintain proper watches it is necessary that all positions be filled for the saving of life and property. Storms frequently cause the seas to break over the tower, breaking the glass and requiring all hands to secure new glass in place and put the light again in operation.

Approved: Resommended by:

Secretary of Commerce

Acting Commissioner of Lighthouses

Position No. ———

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of
the Act Approved June 30, 1932.

Bureau or Office: Lighthouses, 17th District, Portland, Oregon

Position: Keeper (1st assistant)

Compensation: $1620 (range $1620-1980) per annum

Location: Tillamook Rock Lightstation, Oreg.

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: Beginning November 1, 1933

Justification: The vacancy in this position will come about through the resignation of the present incumbent at the close of October 31, his salary being $1620 per annum.

The complement necessary for the operation of this station is five keepers, and the filling of this vacancy is necessary in ord r to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

It is proposed to fill this vacancy by promoting the second assistant keeper at the station, with increase in pay from $1560 to $1620 per annum, the latter being the minimum of the range of the proposed position.

In filling this position the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

Secretary of Commerce.

MY COMMISSION EXPIRES MARCH 19, 1935

Position No. _____

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of
the Act Approved June 30, 1932.

Bureau or Office: Lighthouses, 17th District, Portland, Oregon

Position: Keeper (second assistant) William Godsby vice Chas. Wycol

Compensation: $1320 ($1320-1680) per annum

Location: Cape Flattery Light Station, Washington

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: Transfer of incumbent pending

Justification: This vacancy will result from the reassignment of the present incumbent, without increase in pay.

The complement necessary for the operation of this station is four keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

It is proposed to fill this vacancy by transfer from without the service, with no resulting vacancy, at a salary of $1320 per annum, the same as the present incumbent.

Approved:

Secretary of Commerce.

1. Reference is made to Bureau Telegram of August 3, 1937, requesting finger print chart and Form 93 A, in connection with reinstatement of William Gadsby as Assistant Keeper at Lincoln Rock Light Station, 16th District.

2. Finger print chart on Civil Service Form 2390 in single and form SS 93-A in triplicate is being forwarded herewith.

3. Full details of Gadsby's service in this District has been communicated to Superintendent of Lighthouses, Ketchikan, Alaska, and he requests the reinstatement proceed as previously recommended.

4. Although it appears Gadsby declined to return to duty as Assistant Keeper, Tillamook Rock Light Station, stating he suffered dizzy spells, which made it hazardous for him to land from a small boat on the rock, the station derrick having been taken away by a storm, the acceptance of his resignation was recommended without prejudice and the Department accepted his resignation without prejudice.

5. Although the illness of Mr. Gadsby was questioned at the time, it appears, it was not proved otherwise. It therefore appears that he should be given the benefit of the doubt, and the incident questioned not held against him.

Office of Supt.,17th Dist.
Portland, Oreg.

Oct. 30, 1934

Commissioner of Lighthouses:

1. It is requested that Form 73, Nomination, dated October 23rd, recommending the transfer of William Gadsby, from First Assistant Keeper at Tillamook Rock Light Station, to the position of 3rd Assistant Keeper at Cape Flattery Light Station be cancelled. There is enclosed herewith Form 73, Nomination, for the transfer of Hugo Hanson, 4th Assistant Keeper, Tillamook Rock Light Station, to the position of 3rd Assistant Keeper, Cape Flattery Light Station, and the demotion of Gadsby, from 1st Assistant Keeper, Tillamook Rock Light Station, to 4th Assistant Keeper, Tillamook Rock Light Station.

2. During recent severe storm which placed Tillamook Rock Light & Fog Signal out of commission for several days and caused much damage to the station, the Keeper reports that Hanson performed commendable service and during recent months his services have been very satisfactory. He was employed as Additional Keeper in this District Dec. 13, 1932. Except for a few months during which he was assigned to the position of Additional Keeper, he has been continuously employed at Tillamook Rock Light Station. He has made repeated requests for transfer to a station with family quarters, but because of his efficiency record as reported by the Keeper, this office has hesitated to effect his transfer.

3. Gadsby was transferred from the U. S. Engineer's, Portland, effective Feb. 27, 1933, and was assigned to duty at Destruction Island Light Station, and he served in that capacity until the close of June 30, 1933, when the position of 3rd Assistant was discontinued. He having lesser service than the 3rd Assistant Keeper, was transferred to the position of 2nd Assistant Keeper, Tillamook Rock Light Station, in which capacity he served until Dec. 15, 1933, when he was promoted to 1st Assistant Keeper at the same station. The Keeper has reported that his services were not satisfactory in that position. Recommendation was therefore made for Gadsby's transfer to the position of Watchman at Seattle Lighthouse Depot, and due to the fact that he failed to pass the examination which the Civil Service gave in connection with the transfer, it was necessary to re-assign him to Tillamook Rock Light Station. On Oct. 16th he was instructed to report to the Lighthouse Tender Manzanita for transportation to his station, but he failed to make connection with the tender. He later joined the Manzanita at Coos

Bay, but when the tender called at the station after the storm he claimed that he was afflicted with fainting spells and unable to report for duty and was returned to Astoria on the Tender. Report has been received, however, that as soon as the tender left the station he was able to eat heartily and upon arrival in Astoria rode away on a motorcycle. This was Saturday, Oct. 27th. No further communication has been received from him. He has been placed on leave without pay on account of absence from duty without permission, effective Oct. 17th. His action in this case is considered refusal to perform his duties, and the demotion as recommended is considered justified.

4. In connection with the nomination on Form 73 of Oct. 23, 1934, for the transfer of Henry Jenkins from the position of Second Assistant Keeper at Tillamook Rock Light Station to the position of Watchman, Seattle Lighthouse Depot, it is desired to call attention to the especially meritorious service which he performed at Tillamook Rock Light Station in the recent storm. After the telephone cable was broken, cutting off all communication ashore, he with the use of the telephone instrument and the donated station receiving set, devised a sending and receiving set which established communication ashore through amateur radio stations in Seaside. These messages were transmitted by telegraph or relayed by amateur radio in urgent cases. It is desired again to strongly recommend the transfer of Mr. Jenkins at $1440 per annum as it is considered that he merits that rate of pay. He is qualified for position having duties with much higher qualifications than that as watchman, but he desires this position in preference to continuing as assistant keeper, Tillamook Rock Light Station.

Commissioner of Lighthouses,

1. Reference is made to Bureau endorsement of June 7, 1934, forwarding copy of U. S. Civil Service Commission's letter of May 31, 1934, in which it was stated that William Gadsby, who was given noncompetitive examination to determine his fitness for the position of Watchman, had been rated ineligible.

2. Mr. Gadsby has filed report of the examination, which he was given, stating that it consisted of correctly spelling 20 misspelled words, copying a letter of approximately 100 words, solving a few problems in arithmatic and writing a letter of not less than 100 words. He states that he has received notification that he was given a rating of 66%, which was 4 points below the passing grade. However, he was not given credit of 5% for preference-allowance on account of his war service. He states he has made inquiry as to the reason for not having been given credit for the 5 points preference-allowance, but has received no reply.

3. It is requested that the Bureau take up the matter with the Civil Service Commission, and arrange, if practicable, for granting Mr. Gadsby the additional 5 points to enable his attaining a passing grade.

4. Mr. Gadsby was employed by the U. S. Engineers for approximately twenty years as Engineman and in other positions. He has been employed by this Service for approximately 2 years as Light Keeper. It appears that his experience as Light Keeper should be sufficient to qualify him for the position of Watchman, the duties of which are considered much less strenuous and exacting.

5. An early reply would be appreciated as it will be necessary to arrange for someone else to fill the position of Watchman at the Seattle Lighthouse Depot if the Civil Service Commission will not approve of the transfer of Mr. Gadsby.

Bureau of Lighthouses, Washington, June 28, 1934

Submitted to the Secretary of Commerce. It is understood that the 5 points military preference is not allowed in connection with a noncompetitive examination for change in status. If this is correct, it is recommended that the Commission be requested to give Mr. Gadsby another examination.

BUREAU OF LIGHTHOUSES
WASHINGTON

MAR 31 1934

Submitted to the Secretary of Commerce, approved. It is recommended that a new position as indicated be authorized for the reasons shown in the following excerpt from a letter from the Superintendent in the matter: "There is now in process the transfer of 4000 tons of steaming coal, which is necessary to store in the open, subject to pilferage unless some one is available to protect same. Furthermore, the warehouse is subject to being broken into at any time. The Keeper lives next to the warehouse, but the building could be broken into on the opposite side from his quarters without it being detected. The loss from pilferage and possible fire would in a period of time amount to a great deal more than the salary of a watchman."

A position of watchman was authorized upon the establishment of this depot several years ago but it was discontinued at the close of June 30, 1932, as it had not been necessary to fill the position up to that date pending the development of the activities at this depot, which are now such as to require the authorization of this position for the protection of the property.

NOTES

1. Any facts rendering this transfer necessary or desirable should be stated for the information of the Commission.

2. A transfer from a nonapportioned to an apportioned position of a person who is a resident of a State having an excess of apportioned appointments may be made only upon the certificate of the appointing officer that the transfer is required in the interest of good administration, setting forth in detail the reasons therefor. It should appear that the appointment is necessary because of some special requirement of the place or qualification of the person for the place which can not otherwise be reasonably met.

3. In case of transfer from one clerical position to another, state fully the qualifications of the person rendering the transfer desirable.

4. The certificate to be issued is subject to the provisions of the act making appropriations for the department, bureau, or establishment.

5. An Act approved February 14, 1922, prescribes that when an employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made.

Subject: Retirement deductions William Gadsby, Asst. Keeper, Lincoln Rk.LH Alaska

1. William Gadsby was employed by the U. S. Engineers, Portland, as engineman, laborer and shipkeeper intermittently from July 13, 1901 to February 27, 1933. His retirement record card does not list any retirement deductions (form 2806). However, he claims retirement deductions were made totalling approximately $500.00. Would you please advise what deductions, if any, were made while Mr. Gadsby was with the U. S. Engineers, Portland, and whether you have any record of refund made.

My dear Sir:

I am writing in behalf of Mr. William Gadsby who was employed in the Engineering Department for approximately 21 years. He has been out of a job since 1933 and although he was given some encouragement last summer that he would be reemployed by the Engineering Department he has thus far been unsuccessful in obtaining a place. In view of his long period of service you undoubtedly have a record of him and will be able to ascertain his qualifications and the character of his former service. If, as has been represented to me, he was a conscientous and reliable worker for the many years he was in the government service it would seem to me that every effort should be made at this time to take care of him. I will be indebted to you for any action you may be able to take or for any suggestions you can make which would be likely to help in finding a suitable place for him.

United States Senate,
Washington, D. C.

Dear Senator Steiwer:

I am in receipt of your letter of April 30 in behalf of Mr. William Gadsby, formerly an employee of the Engineer Department, who desires reinstatement.

The records show that Mr. Gadsby was employed in the Portland District from 1901 to 1906 as unclassified laborer, and from 1906 to 1933 as Engineman under the classified civil service; that he resigned without prejudice February 27, 1933, the consent of this office for his transfer to the Department of Commerce having been given in the meantime. His services were satisfactory during the period of employment in this Department, and he is eligible for reinstatement by reason of his long service under civil service rules.

Selections to fill vacancies in this Department are made by the district engineers in local charge without prior reference to this office. A list of addresses of U. S. Engineer Offices is inclosed for the use of Mr. Gadsby in writing direct to the District Engineers in localities where employment would be acceptable. Your letter is being sent today to the Division Engineer, North Pacific Division, Portland, Oregon, in order that he may be apprised of your interest in Mr. Gadsby in the event a suitable vacancy develops in the districts under his supervision. Mr. Gadsby should write the District Engineers in charge of the Portland Districts, however, in order to advise the employing officers of his present address, which is not of record in this office.

Very respectfully,

S. L. Damon,

Portland, Oreg.,

Dear Sir,

In reply to yours of July 6th I wish to say, that I realize fully there is no opening in the line of work for engineering but, I am capable of doing other work, & when there is an opening would like to have a chance at anything I may be able to handle. I understand there was an opening for a man on the locks at Oreg. City recently which I could have filled had I known of the opening & been given an opportunity to apply for it.

In the future if there

are to be vacancys there or at Cascade Locks on Bonneville, I would much appreciate an opportunity to apply for same.

I have a good many years in the service & do not feel that it is fair or just that other men of fewer years serving be given these places, especially since I am a veteran with over seas service.

Very truly Yours.

Dear Sir:

Reference is made to your letter to Senator Steiwer relative to possible employment with the engineer department.

Owing to the fact that this office accomplishes the major portion of its construction projects by contract, there is little demand for men in the various trades. During most of the time you were employed in this district you served as an engineman on jetty construction.

Relative to defense work at Fort Stevens, there is no new projects now proposed on which you could be used. Later on, if appropriations are made available, you might get in touch with the local man in charge of the work and place an application.

My dear Colonel Robins:

I am writing you again in behalf of Mr. William Gadsby of Astoria, Oregon.

Mr. Gadsby is a former employee of the War Department, Engineers at Large, and served with the Engineer Department at various periods from July, 1906 to February, 1933 when he was transferred to the Department of Commerce in which position he served until 1934 when he resigned without prejudice. Mr. Gadsby is very anxious to become reinstated in the Engineers Department and has placed his application with the North Pacific Division. He is of the impression that there may be some openings in connection with defense work at Fort Stevens and would like to be considered for this type of work or for any other vacancy that might occur for which he would be eligible.

Your careful consideration of his qualifications and availability will be greatly appreciated.

Thanking you and with cordial good wishes, I am

Dear Sir,--

In reply to your letter of January 7, regret that no encouragement can be given you for employment. There are no vacancies in your line of work on the regular River and Harbor work.

In connection with the Bonneville project, the work is being done by contract and the contractors take care of their own employment. There is very little work done directly by the government; the necessary help being secured through the National Reemployment Service, 520 S. W. Morrison St., Portland, Oregon. It is understood the contractors secure men through this source also. There are no employees under Civil Service at Bonneville except clerical and civil engineering classes, and none are anticipated for the present.

The employment of unclassified labor directly by the government is of very temporary character. It is selected under provisions of the National Industrial Recovery Act, with regard to local eligibles and dependents.
