John F. Genaway, Assistant Keeper,
Timbalier Lighthouse, La.

(Through the Keeper)

1. Referring to letter of September 3, 1937 from this office, advising you of the Keeper's report that the light had become extinguished on your watch and that you failed to make a report of same, you are advised that your action in failing to submit a report is a failure to properly perform your duty. You did not submit a reply to this office to its letter of September 3, 1937 until October 15, 1937, and this is also a serious matter. Irrespective of the merits of the charges made by the Keeper, this office is convinced that you are not rendering cheerful obedience to the orders of the Keeper and not performing your duties satisfactorily and that the service is suffering in consequence.

2. You are again cautioned that your continued employment is on probation and depends upon an improvement in your attitude and in your work.

The Bureau has given careful consideration to the keeper's report of May 2 that you used abusive and disrespectful language to him and that you refused to follow his instructions with regard to performing the regular work of the station. It is noted also that you failed to reply to the Superintendent's letter of May 5 within a reasonable time and that you did not submit your reply through the keeper, as directed.

You are hereby reprimanded for your use of abusive and discourteous language to the keeper, and for your failure to reply to the Superintendent's letter through the keeper, as directed, and you are cautioned that a repetition of these offenses may result in more drastic disciplinary action.

In the event the keeper's instructions with regard to your work appear to be oppressive or unreasonable, you should report the matter in writing through the keeper to the Superintendent.

CERTIFICATE No.

John F. Ganaway, Sr.,
GPO 16 Morgan City, Louisiana.

Sir:

Your claim for an additional amount believed to be due for retirement pay as a former employee of the United States Coast Guard, Lighthouse Service, has been carefully examined and it is found that no part thereof may be allowed for the reasons hereinafter stated.

The record on file in this office discloses that at the time of your retirement June 1, 1947, your rate of retired pay was erroneously computed to be $64.79 per month, whereas it should have been computed as $53.99 per month.

The record further discloses that the new rate of $55.91 per month is now in effect, and the overpayment of your retired pay for the period June 1, 1947 through March 31, 1948, has been liquidated.

I therefore certify that no balance is found due you from the United States.

Respectfully,

LINDSAY C. WARREN

Attention: Mr. P. E. Sours, Chief of Section

Gentlemen:

Reference is made to your letter dated February 18, 1948, Misc-2879250-, relative to the claim of John F. Ganaway, Keeper, Retired, of the former Lighthouse Service, U. S. Coast Guard, for an amount alleged to be due for retirement pay, covering the difference between the amount due based on gross salary, over that paid based on net salary, as an employee of the United States Lighthouse Service.

You are advised, at the time of Mr. Ganaway's retirement, 1 June, 1947, his rate of retired pay was erroneously computed to be $64.79 per month, whereas it should have been computed as $53.99 per month. The new rate of $55.91 per month is now in effect, and the overpayment of his retired pay for the period 1 June, 1947, through 31 March, 1948, has been liquidated. Therefore, there is no claim due Mr. Ganaway.

By direction of the Commandant.

Very truly yours,

To: The Commandant.

Subj: Ganaway, John F.; promotion to principal keeper at Galveston Jetty Light Station.
Burns, Thomas; promotion from second assistant keeper to first assistant keeper, Galveston Jetty Light Station.

1. Inclosed is Form 2660, recommending the promotion of John F. Ganaway from First Assistant Keeper to Principal Keeper (Commanding Officer) at Galveston Jetty Light Station, Texas. The position of principal keeper at this station was abolished when Earl K. Wakefield resigned on 10 July, 1941, in order to be inducted into the regular Coast Guard as BM 1c. After his induction, Mr. Wakefield continued on duty at that station as Commanding Officer until 30 June, 1946, when he was retired.

2. Mr. Ganaway has had more than fourteen years' service as a lighthouse keeper at various stations in this district, the last eight of which were at Galveston Jetty Light Station. His conduct and services have been entirely satisfactory, and it is recommended that the position of Principal Keeper, formerly occupied by Earl K. Wakefield be reopened in order to provide for the promotion of Ganaway.

3. If the above action is approved, recommendation for the promotion of Thomas Burns from second assistant to first assistant keeper vice Ganaway also is inclosed. Position No. 180, which will be made vacant by the promotion of Burns, may be abolished.

To: The Commandant.

Subj: John F. Ganaway and Thomas Burns; promotion in grade.

1. By letter dated 2 February, 1945, herewith, the Commanding Officer of Galveston Jetty Light Station, Texas, recommends, and the Commanding Officer, Operating Base, Galveston, Texas, approves, the promotion of John F. Ganaway from Second Assistant Keeper to First Assistant Keeper, and the promotion of Thomas Burns from Third Assistant Keeper to Second Assistant Keeper at that station as an encouragement to these men.

2. The position of First Assistant Keeper at Galveston Jetty Light Station, Texas, was abolished on July 7, 1941, when the incumbent, Englisbee K. Peyton, resigned for the purpose of accepting military status in the Coast Guard under the Act of August 5, 1939. Therefore, in order to comply with the recommendation of the Commanding Officer, which is approved by this office, it will be necessary to reestablish the position of First Assistant Keeper, with a pay range of $1500-1860 and quarters valued at $60.00 per annum. If this position is reestablished, and the promotion of subject employees is approved by Headquarters, the position of Third Assistant Keeper, with pay range $1380-1740, to be vacated by Mr. Burns, may be abolished.

3. The proposed promotions will cause no increase in expenditure of funds at this time, but the higher ranges of pay will provide one additional step for attainment in the future. Nominations on Form 2660 are inclosed.

Mr. Ganaway has failed several times to follow instructions given him, even though Mr. Ganaway have had a letter in regard to the changing of the vaporizer this have not change. If I give Mr. Ganaway instructions to do something I have to come back and finish if I want it done. Even scrub the launch. He won't complete the work unless I come and finish it.

It is indicated in the keeper's letter of December 24, copy accompanying, that while Ganaway has not used disrespectful language toward the keeper since that time he has not been performing his duties satisfactorily. It appears that there is a lack of harmony between the keeper and the assistant, and with a view to bettering conditions at the station, it is proposed to transfer Ganaway to assistant keeper at another station, as above indicated.

Commissioner of Lighthouses:

John F. Ganaway, Keeper, Timbalier Light Station, La.,
Recommendation for transfer.

1. Referring to Bureau letter of January 29, 1938, and previous correspondence on the subject of the transfer of John F. Ganaway from Timbalier Light Station, there is inclosed nomination for his transfer to Galveston Jetty Light Station, with pay at the rate of $1380 per annum, in the range $1380-$1740. Mr. Ganaway has been advised that he has been nominated for this transfer.

2. Inquiry was made of the keepers of South Pass Jetty Lights and Fog Signal Station as to whether any one of them would desire transfer to Southwest Pass East Jetty Lights and Fog Signal Station, and a letter from the Keeper, dated February 3, 1938, advised that none of the assistant keepers at that station desired this transfer. Therefore there is no vacancy at South Pass Jetty to which Mr. Ganaway could be transferred.

E. S. LANPHIER
Superintendent of Lighthouses

Nomination of Ganaway for transfer to Galveston Jetty is attached. This is a long distance from Timbalier, also, but it appears 8th can't find a nearer location. It involves reduction from $1440 to 1380, which appears a better arrangement as to pay. Suggest submit for dept action, with reference to reprimand of 6/16/37, transfer being with a view to betterment & promoting harmony at Timbalier

With further reference to the case of John F. Ganaway, assistant keeper at Timbalier Light Station, and your letter of January 24, in reply to the Bureau's letter of January 20, in which you recommended that he be offered the position of third assistant keeper at Aransas Pass Texas, in the salary range $1320-1680 plus $240 family quarters:

As pointed out in the Bureau's letter of January 20, it is considered in view of the fact that little, if any, improvement has been noticed in his case that transfer should be effected ~~if practicable~~ without increase in pay. A copy of the Bureau's letter of June 16 reprimanding Mr. Ganaway was furnished the Department, and in the absence of any noticeable improvement, there is no information available which would justify presenting his case for Department action which would invôlve a promotion.

In view of the great distance to Aransas Pass from his present location and the expense which would be involved for transportation of household effects, etc., for which purpose funds are limited, it would be in the interest of the Service, if practicable, to arrange for Mr. Ganaway's transfer to a nearby station. In this connection it is noted that the Bureau's suggestion in letter of January 20, that some shift of personnel at South Pass Jetty Lights and Fog Signal Station be considered, was overlooked in your reply of January 24. Your further consideration and recommendation is requested.

2. The object in transferring Ganaway is to give him another opportunity to make good. When transferred to another station it will be ascertained whether or not the adverse reports of the present keeper at Timbalier Lighthouse have been justified. The matter of salary therefore is not considered by this office to be of great importance.

3. If the Bureau will not approve the transfer of Ganaway to Southwest Pass East Jetty Lights and Fog Signal Station, La., which he has accepted, it is recommended that he be offered the position of Third Assistant Keeper at Aransas Pass Lighthouse, Texas, as the incumbent of that position desires to be transferred to a station away from the western portion of the district. It is not known whether or not Ganaway will accept transfer to the position at Aransas Pass, but the approval of the Bureau is desired before advising him.

Further reference is made to your nomination of January 3 for the transfer of John F. Canaway from Timbalier Light Station at $1440 (1440-1800) to Southwest Pass East Jetty Lights and Fog Signal Station at $1620 (1620-1980), per annum, and to your letter of January 13 in the matter.

In view of the fact that it does not appear that Mr. Canaway has made much improvement, if any, since the Bureau's letter of reprimand to him on June 16, it is desired that his transfer be effected without any increase in pay. As this is not possible at the proposed station, it is requested that you give consideration to transferring him to another station having a position in his present salary range. In this connection, it is noted that such a position is provided at South Pass Jetty Lights and Fog Signal Station. It has occurred to the Bureau that possibly someone of the assistant keepers at that station might desire transfer to the vacant position at Southwest Pass East Jetty Lights in the range $1620-1980, which would provide a promotion in pay, and that in this manner a vacancy may be created for Mr. Canaway at $1440. Your further recommendation in the matter is requested.

John F. Ganaway, Assistant Keeper, Timbalier Light Station,
Recommendation for Transfer.

1. Replying to Bureau's letter of January 8th relative to the transfer of John F. Ganaway from the position of Assistant Keeper at Timbalier Light Station to the position of Second Assistant Keeper at Southwest Pass East Jetty Lights and Fog Signal Station, the Bureau is advised that the incumbent of the position of Third Assistant is a probationary appointee, and that fact caused this office to recommend transfer of Ganaway to the position of Second Assistant Keeper instead of promoting the Third Assistant and recommending Ganaway's transfer to the latter position.

2. In the opinion of this office, neither Mr. Ganaway, the Assistant Keeper, nor Mr. E. M. Authement, the Keeper, is deserving of any commendation for the performance of their duties in their respective positions although there has been no reason why this office could consider that the keeper has failed in his duties in any respect.

3. The solution of the difficulty which has existed would seem to be secured in the most satisfactory manner by the transfer of Mr. Ganaway to another station even though it results in a slight increase in pay.

The prob. 3d asst. is equally eligible for the position 2d asst & can be promoted if desired in lieu of Ganaway leaving the $1560 position open for the latter, which however, still allows him a prov. of $120 p.a. While Ganaway should be transferred to a station where no increase would be involved, it appears that may not be practicable at present without shifting other kprs to make a place for him, which may be expensive to service.

Only other way appears to be to leave Ganaway in present position until a vacancy occurs elsewhere which will permit transfer w.o. chg in pay.

Superintendent of Lighthouses, New Orleans, La.

With reference to your nomination of January 3, for the transfer of John F. Ganaway from Timbalier Light Station at $1440 (1440-1800) to Southwest Pass East Jetty Lights and Fog Signal Station at $1620 ($1620-1980):

In view of the fact that Mr. Ganaway's transfer is proposed on account of lack of harmony between him and the keeper at Timbalier Light Station and since the keeper states that Mr. Ganaway has not improved since the Bureau cautioned him on June 16, last, further report is requested as to the advisability of transferring Mr. Ganaway to a position which provides an increase in pay of $180 per annum. It is noted also that there is a position in a lower grade ($1560-1920) at the proposed station and information is requested as to whether or not it would be advisable to give Mr. Ganaway that assignment.

In your letter of October 22 reference was made to a report of Keeper Authement alleging neglect of duty on the part of Ganaway on the night of August 1. It was later established that Ganaway was not on duty on that particular night and that Authement subsequently changed his statement and alleged neglect on the night of August 3, the date on which Ganaway returned to the station. In view of the Keeper's statement in this connection, information is requested as to whether you consider Mr. Authement's reports and statements about Mr. Ganaway to be entirely authentic and whether you consider Mr. Ganaway inefficient and the cause of the lack of harmony which prevails.

Do you think this is consistent with Keeper Authement statements as to his unsatisfactory service

WPH 1/6

Somehow I have felt that the Kpr may be as much to blame for the trouble as is Gonaway. Believe there is more trouble due to lack of harmony than adequacies. However, there is an Asst. position at GWPass in range 1560-1920 and perhaps the Supt. would be agreeable to giving Gonaway that pos.

Suggest ask Sth re this, explaining Bur. feels Gonaway should not be given an unnecessary pro if he is inefficient

(Through the Keeper)

1. Referring to letter of September 3, 1937 from this office, advising you of the Keeper's report that the light had become extinguished on your watch and that you failed to make a report of same, you are advised that your action in failing to submit a report is a failure to properly perform your duty. You did not submit a reply to this office to its letter of September 3, 1937 until October 15, 1937, and this is also a serious matter. Irrespective of the merits of the charges made by the Keeper, this office is convinced that you are not rendering cheerful obedience to the orders of the Keeper and not performing your duties satisfactorily and that the service is suffering in consequence.

2. You are again cautioned that your continued employment is on probation and depends upon an improvement in your attitude and in your work.

1. You are advised that the Keeper reports that, on August 1, between 9:00 and 10:00 P.M., while you were on watch, the light was extinguished, and you failed to make a report of same. The Keeper states that he did not ask you the trouble because you would resent it and your reply would be offensive and insubordinate. The Keeper states that the letter of caution written you by the Commissioner of Lighthouses on June 14, 1937, has not improved your actions. You were advised in letter of June 21, 1937, transmitting letter of caution from the Bureau of Lighthouses that you were on probation for a period of six months. Commissioner of Lighthouses:

John F. Ganaway, Assistant Keeper, Timbalier Lighthouse, La.
Charges against.

1. Inclosed herewith is copy of letter of August 31, 1937, from Mr. E. M. Authement, Keeper, Timbalier Lighthouse, La., alleging neglect of duty on the part of John F. Ganaway, Assistant Keeper. There is also inclosed copy of letter of September 3, 1937, from this office to Mr. Ganaway advising him of the Keeper's report and reminding him of the letter of June 21, 1937, transmitting a letter of caution from the Bureau, and advising him that he was on probation for a period of six months.

2. Mr. Ganaway did not submit a reply to the letter from this office of September 3 until his letter of October 15, which is transmitted herewith, was received. When Keeper Authement's attention was called to Ganaway's statement that he left the station on August 1st, about 12:00, noon, Authement now changes his statement to make the alleged negligence of the Assistant Keeper as having occurred on the night of August 3rd, the date on which he returned to the station.

3. The report of the Keeper, of August 31, was not of great importance except to indicate the attitude of the assistant keeper towards the keeper. More importance is placed upon the failure of Assistant Keeper Ganaway to reply to the letter of this office of September 3, which was delivered to him by the keeper on September 14. It will be noted that Mr. Ganaway did not forward his reply until October 15, 1937.

4. The Keeper's report in this instance is considered trivial, and it is recommended that Ganaway be advised that, irrespective of the merits of the charges last made by the Keeper, this office is convinced that he is not rendering cheerful obedience to the orders of the Keeper and to his duties, and that this Service is suffering in consequence.

5. It is also recommended that a letter of caution be addressed to the Keeper, Mr. E. M. Authement, stating that he should make more effort towards the promotion of the welfare of the Service rather than keeping alive his antagonism for the assistant keeper.

Mr. Authement wrote you about, the argument was about a plank that runs from the platform to the skiff on the west side of the station the seas had knocked the stand from underneath the plank and I had put a rope on the board to hold it up. Mr. Authement asked me to help him raise the plank higher. which of course I agreed to do. I walked along the plank from the platform to the skiff in order to help him. He was on the gallery of the station. So I think that I have done right in answering him as I did because I was sick with a very bad cold and as you must know getting soaked to the skin is not the very best thing for a cold. 1. Referring to the recommendation forwarded to the Bureau this date for the dismissal of John F. Ganaway, Assistant Keeper, Timbalier Lighthouse, La., there is inclosed herewith a letter of May 21 from Mr. E. M. Authement, Keeper, reporting upon his trip to the station on May 20 to secure a reply from John F. Ganaway, Assistant Keeper, against whom charges had been preferred.

2. It appears to this office that Mr. Ganaway is an unsuitable preson for the Lighthouse Service. Timbalier Lighthouse is an isolated station which is usually visited only twice a year, and the observation of Mr. Ganaway by this office therefore has not been as frequent as it would have been at other stations. While Mr. Ganaway has not been given any adverse ratings on the efficiency reports, the remarks of the Keeper at different periods have been not favorable to the Assistant Keeper, and there is nothing apparent in this matter which would lead the office to believe that Mr. Ganaway is being done an injustice by separating him from the Service. At this time he seems a particularly undesirable employee.

Upon arriving at the station May 20 I place some writing paper on the table and told Mr. Ganaway to answer his letter which he had received May 14. His answer was "I dont want to write". Then when I was preparing to leave the station he came to me and said did you wright another letter. I said no. he ment against him. Then he said I'll wright when I go ashore.

After returning from the mail trip May 4, on the 5 I wanted to use the bath room and I did not know if I should use it or go on the rocks. The floor and the toilet was a mess. After returning in the kitchen I told him to take a scrubing brush and watter and scrub the bath room and toilet. He look at me straight in the face as if he wanted to say go and wash it if you wants it wash he waited about 10 minute before he decided to go and do it. He had taken some medicine on the 6 of May he came ashore on leave. I went back to the bath room. Well I had to scrub it again, fear that there would be some visitor would come before he would return from leave. If I tell him to do something; I have to go and finish it. John F. Ganaway, Assistant Keeper, Timbalier Light Station, La., - Charges

1. Inclosed herewith is copy of letter of May 5, 1937, together with its inclosure, copy of letter from the Keeper, addressed to John F. Ganaway, Assistant Keeper, Timbalier Light Station, through the Keeper, preferring charges against Mr. Ganaway of disobedience of the Keeper's orders and using abusive and vulgar language towards the Keeper.

2. The Keeper reports that the letter from this office to Mr. Ganaway, preferring charges against him, was delivered to him at the station on May 14, 1937, and that, on May 16, the Keeper, going ashore, asked him for the reply, and he advised in the negative. The Keeper reported to this office by letter under date of May 16, as stated herein, and he was instructed that, under Civil Service Commission rules, the Assistant Keeper had three days in which to prepare his reply. The Keeper was instructed to return to the station and again request a reply of Mr. Ganaway. The Keeper advises that he returned to the station on May 20, furnished Mr. Ganaway with some writing paper and asked for a reply, and that Mr. Ganaway stated "I don't want to write". The Keeper advises that, when he was preparing to leave the station, Mr. Ganaway came to him and said that he would write when he went ashore. It will be noted that Mr. Ganaway had been advised that his reply should be handed to the Keeper and forwarded to this office by the Keeper.

These charges not very strong — see note on other ltr of 5/27

3. The charges of disobedience of orders and using abusive and vulgar language towards the Keeper having been sustained in a degree sufficient to warrant such action (the Assistant Keeper having failed to take advantage of an opportunity to submit a defense), it is recommended that Mr. John F. 1. A letter dated December 5, 1936, has been received from the Keeper advising that, on that date, you and he rendered assistance to Launch No. 206 173, which was aground by the old light about 150 feet south. It is noted that the captain was alone in the launch when the engine stopped; that by the time he got the engine started, he could not get the launch off the flat, and that it took three hours to get the launch afloat.

This is not the only ground - also for the person - may not be attached by the Service as to employees to be concerned in such matters

Commissioner of Lighthouses:

1. This District pursues the policy of requesting its employees to pay their just and legal debts on the theory that employees are granted credit because of their employment in this Service.

2. An unusual case has arisen. Mr. C. A. Blanchard, Attorney-at-Law, Morgan City, La. wrote this office requesting that John F. Ganaway, Assistant Keeper of Timbalier Lighthouse be required to pay an indebtedness due a client. Inquiry was made as to the nature of the indebtedness, the time it was incurred, and other details. Advice has been received that it consists of a judgment in favor of one Murphy Simmons against John F. Ganaway. The date of the judgment is May 13, 1929, and covers an open account for groceries secured by the defendant during the years 1928-29.

3. John F. Ganaway entered the Lighthouse Service on probational appointment as Assistant Keeper of Timbalier Lighthouse on March 27, 1932, appointment dated March 17, 1932. Advice is requested as to whether this office should compel an employee to pay debts incurred before he received an appointment in this Service.

Bureau of Lighthouses
Washington March 28, 1936

Returned to 8th Superintendent. As to the indebtedness of an employee, the matter of when it was incurred appears immaterial, the justness of the debt being the controlling factor. In the present case, it appears that the employee was given an opportunity to defend himself in court and that judgment was rendered against him, which would appear to answer the question as to the justness of the obligation. Therefore, it is requested that this keeper be asked for a statement in writing as to his intentions with regard to settlement of the indebtedness, inviting his attention also to the fact that the Regulations of the Service require employees to pay their just and legal debts, failure to do so being cause for removal from the Service.

19 February, 1947

From: Commander, 8th CG Dist.
To: John F. Gunaway, First Asst. Keeper, Galveston Jetty Light Station

Subj: Disability retirement.

1. With further reference to your request for disability retirement, there are forwarded three copies of Form 2521, which you will date and sign, and return to this office without delay. Do not write anything else but the date and your signature on these forms, as if you do, they will be spoiled and another set will have to be sent you which will cause delay.

2. The doctor's report shows that you are permanently disabled for useful service, therefore you will be granted all the sick leave to your credit - 66-1/4 days - and you will be carried on the pay roll during that time. If your sick leave should terminate prior to the end of a month, you will be granted annual leave to complete the month as retirement must be made effective at the beginning of a month. It is estimated that your leave will carry you until the close of May, therefore your retirement would be effective beginning 1 June.

3. You will advise this office whether you receive, or you have applied for, a pension from the Government under any law, and if so, give number of pension certificate or claim (that means other than lighthouse retirement for which you are now applying);

Whether you receive, or you have applied for, compensation under the War Risk Insurance Act, and if so, give number of claim;

Whether you receive, or you have applied for, compensation under the Federal Compensation Act, as amended, and if so, state the compensation received.

Answer each of the above questions very carefully.

4. Advise this office the address to which you wish to have your retired pay checks sent.

December 13, 1946

Mr. John F. Ganaway
P. O. Box 453
Galveston, Texas

My dear Mr. Ganaway,

I have your letter of December 9, 1946, wherein you request to be discharged as a civilian employee of the Coast Guard effective as of January 9, 1947, giving as your reason the fact that your family needs you at home, and your health is not good.

For your information, I wish to advise you that the Lighthouse Retirement Act provides for disability retirement after fifteen years of service. The records of this office indicate that you will have 14 years 11 months 7 days service at the close of December, 1946.

If you feel that your physical condition is such as to warrant retirement on account of disability, I would suggest that you continue on duty, if possible, until you have completed a full fifteen years of service which will be about the end of January. At that time, you can make application to this office for disability retirement and the necessary forms will be forwarded to you for a physical examination at the Marine Hospital in Galveston. If the Medical Officer finds you physically unable to perform the duties of your position, this office will furnish you with proper forms for application for disability retirement and will grant you approximately 60 days sick leave, which you have to your credit and for which you will be paid, and, in the meantime will forward your application for disability retirement to Headquarters for approval effective at the expiration of your leave.

Treat this letter as confidential, and give the matter of retirement some thought. If you care to correspond further on this subject, write me a personal letter addressed as follows:

W. J. Braun, Jr.,
Room 332, Customhouse Building,
New Orleans 16, La.

8 February, 1945

To: The Commandant.

Subj: John F. Ganaway and Thomas Burns; promotion in grade.

1. By letter dated 2 February, 1945, herewith, the Commanding Officer of Galveston Jetty Light Station, Texas, recommends, and the Commanding Officer, Operating Base, Galveston, Texas, approves, the promotion of John F. Ganaway from Second Assistant Keeper to First Assistant Keeper, and the promotion of Thomas Burns from Third Assistant Keeper to Second Assistant Keeper at that station as an encouragement to these men.

2. The position of First Assistant Keeper at Galveston Jetty Light Station, Texas, was abolished on July 7, 1941, when the incumbent, Englisbee K. Peyton, resigned for the purpose of accepting military status in the Coast Guard under the Act of August 5, 1939. Therefore, in order to comply with the recommendation of the Commanding Officer, which is approved by this office, it will be necessary to reestablish the position of First Assistant Keeper, with a pay range of $1500-1860 and quarters valued at $60.00 per annum. If this position is reestablished, and the promotion of subject employees is approved by Headquarters, the position of Third Assistant Keeper, with pay range $1380-1740, to be vacated by Mr. Burns, may be abolished.

3. The proposed promotions will cause no increase in expenditure of funds at this time, but the higher ranges of pay will provide one additional step for attainment in the future. Nominations on Form 2660 are inclosed.

(Through the Keeper)

1. As a result of the reprimand received by you from the Bureau of Lighthouses during June of 1937 for using abusive and disrespectful language to the Keeper and refusing to follow his instructions with regard to performing the regular work of the station, this office nominated you for transfer to the position of Second Assistant Keeper at Southwest Pass East Jetty Light and Fog Signal Station, La., which transfer was disapproved by the Bureau. It was later proposed to the Bureau to transfer you to the position of Third Assistant Keeper at Aransas Pass Lighthouse, Texas, which transfer was also disapproved by the Bureau. The disapproval of these transfers was because an increase in pay was involved.

2. There is now a vacancy in the position of Third Assistant Keeper at Galveston Jetty Light Station, Texas, with pay at the rate of $1380 per annum, in the range $1380-$1740, to which position you will be recommended for transfer. No family quarters are provided at this station.

15 July, 1946

To: The Commandant.

Subj: Ganaway, John F.; promotion to principal keeper at Galveston Jetty Light Station
Burns, Thomas; promotion from second assistant keeper to first assistant keeper, Galveston Jetty Light Station.

1. Inclosed is Form 2660, recommending the promotion of John F. Ganaway from First Assistant Keeper to Principal Keeper (Commanding Officer) at Galveston Jetty Light Station, Texas. The position of principal keeper at this station was abolished when Earl K. Wakefield resigned on 10 July, 1941, in order to be inducted into the regular Coast Guard as SM 1c. After his induction, Mr. Wakefield continued on duty at that station as Commanding Officer until 30 June, 1946, when he was retired.

2. Mr. Ganaway has had more than fourteen years' service as a lighthouse keeper at various stations in this district, the last eight of which were at Galveston Jetty Light Station. His conduct and services have been entirely satisfactory, and it is recommended that the position of Principal Keeper, formerly occupied by Earl K. Wakefield be reopened in order to provide for the promotion of Ganaway.

3. If the above action is approved, recommendation for the promotion of Thomas Burns from second assistant to first assistant keeper vice Ganaway also is inclosed. Position No. 180, which will be made vacant by the promotion of Burns, may be abolished.

1. In reply to inquiry contained in reference (a) you are advised that the 10% pay increase in the salary of civilian light keepers was retroactive to 1 December, 1942. Therefore, the $12.00 check received by J. F. Ganaway in January, 1943, was the 10% due him for the month of December, 1942. The same thing applies in the case of Thomas Burns who received a check for $11.50. For the month of January Ganaway received $120 plus $12.00 (10% increase), plus $5.00 quarters, which totaled $137. From this was deducted $5.00 for quarters and $3.90 Victory Tax, leaving a balance of $128.10. He was paid in the same manner for February.

2. For the month of January Burns received $115 plus $11.50 (10% increase), plus $5.00 quarters, which totaled $131.50. From this was deducted $5.00 for quarters and $3.90 Victory Tax, leaving a balance of $122.60. He was paid in the same manner for February.

3. No reservations from the salary of Ganaway or Burns have been made. Until this office is in receipt of pledge cards signed by these two men authorizing bond reservations, none will be made.

With further reference to the case of John F. Ganaway, assistant keeper at Timbalier Light Station, and your letter of January 24, in reply to the Bureau's letter of January 20, in which you recommended that he be offered the position of third assistant keeper at Aransas Pass, Texas, in the salary range $1320-1680 plus $240 family quarters:

As pointed out in the Bureau's letter of January 20, it is considered in view of the fact that little, if any, improvement has been noticed in his case that transfer should be effected ~~if practicable~~ without increase in pay. A copy of the Bureau's letter of June 16 reprimanding Mr. Ganaway was furnished the Department, and in the absence of any noticeable improvement, there is no information available which would justify presenting his case for Department action which would involve a promotion.

In view of the great distance to Aransas Pass from his present location and the expense which would be involved for transportation of household effects, etc., for which purpose funds are limited, it would be in the interest of the Service, if practicable, to arrange for Mr. Ganaway's transfer to a nearby station. In this connection it is noted that the Bureau's suggestion in letter of January 20, that some shift of personnel at South Pass Jetty Lights and Fog Signal Station be considered, was overlooked in your reply of January 24. Your further consideration and recommendation is requested.

Commissioner of Lighthouses:

John F. Ganaway, Assistant Keeper, Timbalier Light Station, Recommendation for Transfer.

1. With reference to the case of John F. Ganaway, Assistant Keeper at Timbalier Light Station, La., who was nominated for transfer to the position of Second Assistant Keeper at Southwest Pass East Jetty Lights and Fog Signal Station, La.:

2. The object in transferring Ganaway is to give him another opportunity to make good. When transferred to another station it will be ascertained whether or not the adverse reports of the present keeper at Timbalier Lighthouse have been justified. The matter of salary therefore is not considered by this office to be of great importance.

3. If the Bureau will not approve the transfer of Ganaway to Southwest Pass East Jetty Lights and Fog Signal Station, La., which he has accepted, it is recommended that he be offered the position of Third Assistant Keeper at Aransas Pass Lighthouse, Texas, as the incumbent of that position desires to be transferred to a station away from the western portion of the district. It is not known whether or not Ganaway will accept transfer to the position at Aransas Pass, but the approval of the Bureau is desired before advising him.

Further reference is made to your nomination of January 3 for the transfer of John F. Ganaway from Timbalier Light Station at $1440 (1440-1800) to Southwest Pass East Jetty Lights and Fog Signal Station at $1620 (1620-1980), per annum, and to your letter of January 13 in the matter.

In view of the fact that it does not appear that Mr. Ganaway has made much improvement, if any, since the Bureau's letter of reprimand to him on June 16, it is desired that his transfer be effected without any increase in pay. As this is not possible at the proposed station, it is requested that you give consideration to transferring him to another station having a position in his present salary range. In this connection, it is noted that such a position is provided at South Pass Jetty Lights and Fog Signal Station. It has occurred to the Bureau that possibly someone of the assistant keepers at that station might desire transfer to the vacant position at Southwest Past East Jetty Lights in the range $1620-1980, which would provide a promotion in pay, and that in this manner a vacancy may be created for Mr. Ganaway at $1440. Your further recommendation in the matter is requested.

John F. Ganaway, Assistant Keeper, Timbalier Light Station, Recommendation for Transfer.

1. Replying to Bureau's letter of January 8th relative to the transfer of John F. Ganaway from the position of Assistant Keeper at Timbalier Light Station to the position of Second Assistant Keeper at Southwest Pass East Jetty Lights and Fog Signal Station, the Bureau is advised that the incumbent of the position of Third Assistant is a probationary appointee, and that fact caused this office to recommend transfer of Ganaway to the position of Second Assistant Keeper instead of promoting the Third Assistant and recommending Ganaway's transfer to the latter position.

2. In the opinion of this office, neither Mr. Ganaway, the Assistant Keeper, nor Mr. E. M. Authement, the Keeper, is deserving of any commendation for the performance of their duties in their respective positions although there has been no reason why this office could consider that the keeper has failed in his duties in any respect.

3. The solution of the difficulty which has existed would seem to be secured in the most satisfactory manner by the transfer of Mr. Ganaway to another station even though it results in a slight increase in pay.

With reference to your nomination of January 3, for the transfer of John F. Ganaway from Timbalier Light Station at $1440 (1440-1800) to Southwest Pass East Jetty Lights and Fog Signal Station at $1620 ($1620-1980):

In view of the fact that Mr. Ganaway's transfer is proposed on account of lack of harmony between him and the keeper at Timbalier Light Station and since the keeper states that Mr. Ganaway has not improved since the Bureau cautioned him on June 16, last, further report is requested as to the advisability of transferring Mr. Ganaway to a position which provides an increase in pay of $180 per annum. It is noted also that there is a position in a lower grade ($1560-1920) at the proposed station and information is requested as to whether or not it would be advisable to give Mr. Ganaway that assignment.

In your letter of October 22 reference was made to a report of Keeper Authement alleging neglect of duty on the part of Ganaway on the night of August 1. It was later established that Ganaway was not on duty on that particular night and that Authement subsequently changed his statement and alleged neglect on the night of August 3, the date on which Ganaway returned to the station. In view of the Keeper's statement in this connection, information is requested as to whether you consider Mr. Authement's reports and statements about Mr. Ganaway to be entirely authentic and whether you consider Mr. Ganaway inefficient and the cause of the lack of harmony which prevails.

Superintendent of Lighthouses, New Orleans, La.:

Reference is made to your letter of October 22 regarding the conditions at Timbalier Light Station and the unsatisfactory circumstances with regard to Keeper E. M. Authement and his assistant, John F. Ganaway.

The Bureau concurs in your recommendations in Paragraph 4 and 5 of your letter and requests that this action be taken by the Superintendent, a copy of the letter in each case to be forwarded for the Bureau's files. It is doubted, however, that any further caution will bring lasting harmony between the two employees and it is suggested that you give consideration to transferring Mr. Ganaway to another station at the first opportunity.

1. Referring to letter of September 3, 1937 from this office, advising you of the Keeper's report that the light had become extinguished on your watch and that you failed to make a report of same, you are advised that your action in failing to submit a report is a failure to properly perform your duty. You did not submit a reply to this office to its letter of September 3, 1937 until October 15, 1937, and this is also a serious matter. Irrespective of the merits of the charges made by the Keeper, this office is convinced that you are not rendering cheerful obedience to the orders of the Keeper and not performing your duties satisfactorily and that the service is suffering in consequence.

2. You are again cautioned that your continued employment is on probation and depends upon an improvement in your attitude and in your work.

Commissioner of Lighthouses:

John F. Ganaway, Assistant Keeper, Timbalier Lighthouse, La.
Charges against.

1. Inclosed herewith is copy of letter of August 31, 1937, from Mr. E. M. Authement, Keeper, Timbalier Lighthouse, La., alleging neglect of duty on the part of John F. Ganaway, Assistant Keeper. There is also inclosed copy of letter of September 3, 1937, from this office to Mr. Ganaway advising him of the Keeper's report and reminding him of the letter of June 21, 1937, transmitting a letter of caution from the Bureau, and advising him that he was on probation for a period of six months.

2. Mr. Ganaway did not submit a reply to the letter from this office of September 3 until his letter of October 15, which is transmitted herewith, was received. When Keeper Authement's attention was called to Ganaway's statement that he left the station on August 1st, about 12:00, noon, Authement now changes his statement to make the alleged negligence of the Assistant Keeper as having occurred on the night of August 3rd, the date on which he returned to the station.

3. The report of the Keeper, of August 31, was not of great importance except to indicate the attitude of the assistant keeper towards the keeper. More importance is placed upon the failure of Assistant Keeper Ganaway to reply to the letter of this office of September 3, which was delivered to him by the keeper on September 14. It will be noted that Mr. Ganaway did not forward his reply until October 15, 1937.

4. The Keeper's report in this instance is considered trivial, and it is recommended that Ganaway be advised that, irrespective of the merits of the charges last made by the Keeper, this office is convinced that he is not rendering cheerful obedience to the orders of the Keeper and to his duties, and that this Service is suffering in consequence.

5. It is also recommended that a letter of caution be addressed to the Keeper, Mr. E. M. Authement, stating that he should make more effort towards the promotion of the welfare of the Service rather than keeping alive his antagonism for the assistant keeper.

In view of the fact that you made charges against Mr. Ganaway, dated August 31, claiming that, on August 1st, the light on Timbalier Lighthouse was out on Mr. Ganaway's watch between 9:00 and 10:00 P.M., and in view of the fact that your Form 65 reported that you left the station at 12:00, noon, on August 1st and returned at noon of August 3rd, and in view of the fact that when your attention was called to the denial of Mr. Ganaway, which was corroborated by the Form 65 which you rendered, and that you now state that this occurred on August 3rd, this office is unable to consider your reports reliable especially in view of the seriousness of the matter.

1. Following is copy of reply of Mr. J. F. Ganaway, Assistant Keeper, to your report of August 3rd:

> "Your letter has been received and I wish to state that Mr. Authement's report is absolutely false. First he was not at the station. He left on August 1 about 12:00 noon, and did not return before August 3, and I did not have any trouble whatsoever with the light".

2. It will be noted that Mr. Ganaway states you left the station at noon, on August 1st, and this statement is borne out by your report on Form 65 which shows that you left the station at 12:00 noon on August 1 and returned at noon of August 3.

3. There is another matter in regard to your report of August 31 which does not appear proper to this office, and that is that you did not submit your report relative to the light being out on August 1 until August 31. In other words, you waited thirty days before making the complaint. This action on your part is disapproved by this office. You are directed to submit reply to this letter without delay.

. Refering to letter dated May 29-1937
relative to Timberlier L.S.

1 As to Conditions. So far as I can recall
the Station was in a fair Condition

2 I was on the Station a very short perioce
and was not paying any special attention
to the Efficincy of the Keepers. Being asso-
ciated in making preperations and carrying
on the work with Keeper E.M. Anhement I
formed a very favorable opinion of him
as a Keeper and as a man

3 The Keeper must refer to both times we
arrived at Station I heard the Keeper Complain-
ing about the Condition of Kitchen

With reference to your two letters of May 22 submitting complaint on the part of Keeper E. M. Authement, copy of charges, and your recommendation for the dismissal of Assistant Keeper John F. Ganaway on May 31 on the basis of the information furnished by the keeper in his complaint dated May 2:

In view of the fact that no previous complaint has been made regarding the conduct of Mr. Ganaway in his more than five years of service at this station, it appears that the information furnished in the present complaint may be inadequate to accomplish the action proposed. It is requested therefore that details be furnished as to the general conduct of this employee during his entire service at the station, the efficiency ratings given him during that period, together with any other information which may be available with regard to his services; and obtain also a statement from Foreman McCall, referred to in the Keeper's letter of May 21, with regard to the general conditions at the station at the time he visited it for the purpose of making repairs. 1. Referring to letter from this office dated May 26, 1937, relative to charges preferred against John F. Ganaway, Assistant Keeper, Timbalier Lighthouse, La., there is inclosed herewith a reply, dated May 26, written by the daughter of Mr. Ganaway and signed by him. The reply was not forwarded through the Keeper as Mr. Ganaway was directed.

2. Attention is particularly invited to the last paragraph of the letter in which Mr. Ganaway states that he only completed the second grade of grammar school. It now appears that Mr. Ganaway did not prepare Form 1025, Application for Examination, Lighthouse Service, in his own handwriting, but that he stated in answer to the question on that form: Are each and all of the answers to the foregoing questions in your own handwriting? Yes.

3. It has appeared to this office for some time that Mr. Ganaway is lacking in intelligence and, as stated in the letter of May 26, he does not seem to be a person whom it is desirable to retain in the Service.

Sir:

Your letter of May 5, 1937, in regards to the report that Mr. E. M. Authement wrote you has been received and I am writing my father's answer to your letter, just as he tells it to me, for what, I hope you will later in the letter, is sufficient reason.

"I wish to state that what Mr. Authement has written you is not entirely true. I am perfectly willing to help him and obey his orders when they stand within reason.

On the Saturday, May 1, 1937, that Mr. Authement wrote you about, the argument was about a plank that runs from the platform to the skiff on the west side of the station. The seas had knocked the stand from underneath the plank and I had put a rope on the board to hold it up. Mr. Authement asked me to help him raise the plank higher which of course I agreed to do. I walked along the plank from the platform to the skiff in order to help him. He was on the gallery of the station. He looked down and saw me in the skiff and started 'raising sand' telling me to get down on the rocks where the seas were breaking to do something I could easily have done from the skiff. What he told me from the station gallery I cannot send through the mail. So I think that I have done right in answering him as I did because I was sick with a very bad cold and as you must know getting soaked to the skin is not the very best thing for a cold. And there is no medicine handy to relieve a cold. There are two bottles of quinine and a bottle of aspirins, but Mr. Authement keeps those locked in his locker.

You may be sure that I would not have disobeyed Mr. Authement without just reason because I am badly in need of my job and am trying hard to clear up old debts that have been dragging along for years.

The reason I haven't answered this letter before is because my education is not the highest there is (second grade of grammar school) and I cannot write a full understandable explanation of exactly what happened.

Respectfully yours,

Sir:

1. Referring to the recommendation forwarded to the Bureau this date for the dismissal of John F. Gannaway, Assistant Keeper, Timbalier Lighthouse, La., there is inclosed herewith a letter of May 21 from Mr. E. M. Authement, Keeper, reporting upon his trip to the station on May 20 to secure a reply from John F. Gannaway, Assistant Keeper, against whom charges had been preferred.

2. It appears to this office that Mr. Gannaway is an unsuitable person for the Lighthouse Service. Timbalier Lighthouse is an isolated station which is usually visited only twice a year, and the observation of Mr. Gannaway by this office therefore has not been as frequent as it would have been at other stations. While Mr. Gannaway has not been given any adverse ratings on the efficiency reports, the remarks of the Keeper at different periods have been not favorable to the Assistant Keeper; and there is nothing apparent in this matter which would lead the office to believe that Mr. Gannaway is being done an injustice by separating him from the Service. At this time he seems a particularly undesirable employee.

Sir:

I return to station on request for the reply of Mr. Ganaway letter from the office. Upon arriving at the station May 20 I place some writing paper on the table and told Mr. Ganaway to answer his letter which he had received May 14. His answer was "I dont want to write". Then when I was preparing to leave the station he came to me and said did you wright another letter. I said no. he ment against him. Then he said I'll wright when I go ashore.

After returning from the mail trip May 4, on the 5 I wanted to use the bath room and I did not know if I should use it or go on the rocks. The floor and the toilet was a mess. After returning in the kitchen I told him to take a scrubing brush and watter and scrub the bath room and toilet. He look at me straight in the face as if he wanted to say go and wash it if you wants it wash he waited about 10 minute before he decided to go and do it. He had taken some medicine on the 6 of May he came ashore on leave. I went back to the bath room. Well I had to scrub it again, fear that there would be some visitor would come before he would return from leave. If I tell him to do something; I have to go and finish it. Mr. McCall could tell you how clean he is. I mean the forman who came and repair the station.

I intend to return to the station Monday. If you wish for me to waite for mail please phone me at 4 R Cutoff Saturday.

1. Inclosed herewith is copy of letter of May 5, 1937, together with its inclosure, copy of letter from the Keeper, addressed to John F. Ganaway, Assistant Keeper, Timbalier Light Station, through the Keeper, preferring charges against Mr. Ganaway of disobedience of the Keeper's orders and using abusive and vulgar language towards the Keeper.

2. The Keeper reports that the letter from this office to Mr. Ganaway, preferring charges against him, was delivered to him at the station on May 14, 1937, and that, on May 16, the Keeper, going ashore, asked him for the reply, and he advised in the negative. The Keeper reported to this office by letter under date of May 16, as stated herein, and he was instructed that, under Civil Service Commission rules, the Assistant Keeper had three days in which to prepare his reply. The Keeper was instructed to return to the station and again request a reply of Mr. Ganaway. The Keeper advises that he returned to the station on May 20, furnished Mr. Ganaway with some writing paper and asked for a reply, and that Mr. Ganaway stated "I don't want to write". The Keeper advises that, when he was preparing to leave the station, Mr. Ganaway came to him and said that he would write when he went ashore. It will be noted that Mr. Ganaway had been advised that his reply should be handed to the Keeper and forwarded to this office by the Keeper.

3. The charges of disobedience of orders and using abusive and vulgar language towards the Keeper having been sustained in a degree sufficient to warrant such action (the Assistant Keeper having failed to take advantage of an opportunity to submit a defense), it is recommended that Mr. John F. Ganaway, Assistant Keeper of Timbalier Lighthouse, La., be dismissed from the Service at the close of May 31st. Section 2 of Civil Service Rule I, relative to political or religious opinions or affiliations, will not be violated by the action recommended.
