3 October, 1947

The Board met at 1:36, a.m.

Present:
Captain Norman C. Manyon, U. S. Coast Guard, president;
Captain Morris G. Jory, U. S. Coast Guard, member;
Lieutenant Commander, Joseph R. Scullion, U. S. Coast Guard, member and recorder;
Surgeon Francis T. Zinn, U. S. Public Health Service, member and
Assistant Surgeon (R) Robert L. McClendon, U. S. Public Health Service, member.

Milton M. Midgette, yeoman, first class, U. S. Coast Guard, entered as reporter and was duly sworn.

The board decided to sit with open doors.

Lloyd Vernon Gaskill (236-101) boatswain's mate, first class, U. S. Coast Guard, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precept and implementing letter, copies hereto prefixed, marked "A" and "A1".

The recorder informed the board and the party under examination that Surgeon Francis T. Zinn, U. S. Public Health Service, and Assistant Surgeon (R) Robert L. McClendon, U. S. Public Health Service, were designated in writing on 3 October, 1947, by Senior Surgeon Frank F. Thweatt, Jr., Medical Officer in Charge, U. S. Marine Hospital, Norfolk, Virginia, to act as the senior medical member and the junior medical member, respectively, of the board convened in this case, original prefixed marked "A2".

The recorder read the order to the party under examination, copy hereto prefixed, marked "B".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

A letter appended, marked "C", was received from Headquarters, transmitting the papers named therein, which are appended, marked "1" to "5". Those marked "1" to "3" inclusive, were read by the recorder.

The medical members were directed to examine into the past and present physical and mental condition of Lloyd V. Gaskill (236-101), boatswain's mate, first class, U. S. Coast Guard, letter of instruction appended, marked "6".

The medical members stated that the past and present physical and mental condition of the party under examination, had been examined.

The party under examination was asked by the president whether he wished to be retired and replied in the affirmative.

The party under examination was duly sworn as a witness.

Examined by the recorder:

1. Q. State the nature of your disability, in your own words.
   A. Well, it started with what I thought was a heart attack about five years ago. I went to several doctors who diagnosed the trouble as spasm of the stomach. On May 23, 1947, I had been out in a boat all day and when I came in I felt peculiar, with a hurting and pain in the chest, which was followed by shortness of breath that would last for probably a half a minute at a time. Then I knew I was in serious trouble and immediately started for the hospital. I came in here on 23 May, 1947 and was examined by Doctor Zinn and Doctor Guerney and I think their diagnosis at first was spasm of the stomach or gaulstones. After the necessary examination, their final diagnosis was gaulstones. They moved me up to the third floor for gaul bladder operation. I don't remember the date of the operation but soon after I began to recuperate and get my strength back.

I don't remember the date that I went out but I was feeling fine. They had since located a bad heart. I'll have to let Doctor Zinn explain that. Doctor Zinn worked on me faithfully for a long time and after awhile he discharged me. I went home and stayed for a few days and was feeling good. I then developed a case of iritis and had to come back. The condition has improved and I am being discharged to-day as an outpatient, to return three times a week on Monday, Wednesday and Friday. That is about all I can tell you.

2. Q. Do you desire to say anything further concerning your case?
   A. No sir, I do not.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

The medical members submitted a report, which was sworn to, read, and appended, marked "7".

Assistant Surgeon (R) Robert L. McClendon, U. S. Public Health Service, junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does Gaskill's disability proceed?
   A. We believe this man to be suffering from coronary thrombosis and intraventricular block, due to arteriosclerosis, and subsiding iritis.

2. Q. Is the disability permanent?
   A. We consider the heart disease to be permanent.

3. Q. State the facts and reasons on which your conclusions as to this permanency is based.
   A. The nature of the condition which we feel is the result of arteriosclerosis and a coronary thrombosis is such that it would necessarily be permanent.

4. Q. Is Gaskill's disability such as to incapacitate him for active service?
   A. It is.

5. Q. State the facts and reasons for your conclusion.
A. The findings, as a result of history, physical examination and EKG findings are such as to show that he is suffering from an old coronary trombosis and intraventricular block, and are necessarily incapacitating.

6. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. They have.

7. Q. What were such measures and what results were obtained?
A. Bed rest, oxygen, various drugs such as aminephylline and nitro-glycerine have been used and the patient has improved. His condition is still such as to incapacitate him for duty.

8. Q. Is his disability the result of an incident of service?
A. It is.

9. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. There is none.

10. Q. From what source did you obtain the information as to the length of Gaskill's service.
A. From H/L dated 18 August, 1947 signed by R. E. WOOD, Assistant Chief of Personnel.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Surgeon Francis T. Zinn, U. S. Public Health Service, the senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. Having heard the testimony of the junior medical member of the board, do you concur?
A. I do.

2. Q. Is there anything further you would like to add to his testimony?
A. No sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

The party under examination was recalled as a witness, and was advised that his oath previously taken was still binding.

Examined by the recorder:

1. Q. Gaskill, what is the length of your service in the Lighthouse Service and the Coast Guard?
   A. Thirty-five years this past April.

2. Q. Then the entry as to your service in the letter which states that your total service is twenty-five years, four months, and seventeen days is incorrect, is that right?
   A. That is right sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

2) Cholelithiasis (687-615) Key letter ——— Specialty letter ———
3) Coronary thrombosis due to arteriosclerosis (41x-942.7)

Summary of case history:

Patient was admitted to U.S. Marine Hospital, Norfolk, Va. on May 23, 1947 with a chief complaint of pain in the chest, and sharp catch in the breath. He stated that he was well until approximately 1942 at which time he complained of pain beneath the lower portion of the sternum which seemed to be acute indigestion and which followed the eating of some potatoe salad. This attack was relieved by alka-seltser tablets and was followed a few weeks later by a similar attack which disappeared as suddenly as it began without the benefit of medication. He further stated that for the past two years he has had periodic spells of shortness of breath. These are not associated with time of day, food, or exercise, and are not associated with pain. Onset of the last attack began one day previous to admission, but this time he was sitting on his front porch. He was siezed with a sensation of numbness in his chest, and this was followed by a shortness of breath. He felt as though there were gas pressing on his heart from below. He had some tingling down his left arm.

Physical examination revealed a well developed 57 year old white male moderately ill. Examination of the eyes and fundi was negative. Ears, nose, and throat were negative. Lungs were clear to percussion and auscultation. The heart presented normal rhythm without murmur. There was no evidence of enlargement. Blood pressure was 130/70. Examination of the abdomen revealed some tenderness over the gall bladder area. The reflexes were physiological. Laboratory examination showed normal blood count, negative serology, and normal urine.

PRESENT HISTORY OF CASE

Admitted from Coinjack, N.C. Date 5-23-47

Diagnosis 1) Cholecystitis, chronic (687-100.5)
2) Cholelithiasis (687-615) Key letter Specialty letter
(If more than one, underscore which caused sick list)
3) Coronary thrombosis due to arteriosclerosis (41x-942.7)

Summary of case history:

Patient was admitted to U.S. Marine Hospital, Norfolk, Va. on May 23, 1947 with a chief complaint of pain in the chest, and sharp catch in the breath. He stated that he was well until approximately 1942 at which time he complained of pain beneath the lower portion of the sternum which seemed to be acute indigestion and which followed the eating of some potato salad. This attack was relieved by alka-seltzer tablets and was followed a few weeks later by a similar attack which disappeared as suddenly as it began without the benefit of medication. He further stated that for the past two years he has had periodic spells of shortness of breath. These are not associated with time of day, food, or exercise, and are not associated with pain. Onset of the last attack began one day previous to admission, but this time he was sitting on his front porch. He was siezed with a sensation of numbness in his chest, and this was followed by a shortness of breath. He felt as though there were gas pressing on his heart from below. He had some tingling down his left arm.

Physical examination revealed a well developed 57 year old white male moderately ill. Examination of the eyes and fundi was negative. Ears, nose, and throat were negative. Lungs were clear to percussion and auscultation. The heart presented normal rhythm without murmurs. There was no evidence of enlargement. Blood pressure was 130/70. Examination of the abdomen revealed some tenderness over the gall bladder area. The reflexes were physiological. Laboratory examination showed normal blood count, negative serology, and normal urine.

PRESENT HISTORY OF CASE

Admitted from _____ Date _____

Diagnosis _____ Key letter _____ Specialty letter _____
(From navy nomenclature, under which carried on sick list)

Summary of case history:

Plasma protein 7.8%. Prothrombin level 100%. Sedimentation rate 4mm per hour. EKG negative. X-ray of the chest shows early arteriosclerosis. X-ray examination of the G.I. tract shows pylorospaxm. Gall bladder series shows numerous stones.

He was transfered to surgery where a gall bladder full of stones was removed; however his symptoms were only partially relieved. Following operation he continued to complain of paint sometimes sharp in character and sometimes dull and in a higher position in the chest. Reexamination by EKG showed an abnormally broad P2 and P2 is also notched. A broad slurring of S1 and 2 has appeared. TCF2 has become diphasic.

Conclusion: Intraventricular block, S type. Serial tracings taken on 7-5-47 and 7-23-47 have established that to be permanent in nature.

Subject named above has been informed of the board findings and does not desire to submit a statement of rebuttal. If discharged to his own custody he will not constitute a menace to himself or others. If discharged, treatment is neither required nor desired in a Veterans' Administration Hospital at this time.

ORIGIN: Is not (Is or is not) the result of his own misconduct and was (Was or was not) incurred in line of duty.

Existed prior to appointment or enlistment? No (Yes or No) If "Yes," was condition aggravated by service? Yes (Yes or No)

Present condition Unfit for duty Probable future duration Permanent

Recommendation: In view of the above findings Mr. Gaskill is no longer considered fit for active duty for the Coast Guard and it is therefore recommended that he be brought before a retiring board.

1 October, 1947

From: Surgeon Francis T. Zinn and Assistant Surgeon (R) Robert L. McClendon, U. S. Public Health Service

To: President, Coast Guard Retiring Board

Subject: GASKILL, Lloyd V. (236-101), BM1c, U.S. Coast Guard; examination of

1. We have examined subject named man this date and report as follows:

2. BM1c Lloyd V. Gaskill is 57 years, 11 months, and 1 day old, and has been 25 years, 4 months, and 17 days in the U. S. Coast Guard.

3. He was admitted to the U. S. Marine Hospital, Norfolk, Virginia, on 23 May,1947.

4. This patient was admitted with the chief complaint of pain in the chest and pain on breathing. Onset of symptoms first began in 1942, at which time he complained of pain in the chest which he thought was acute indigestion. This was relieved by alka-seltzer tablets and was followed a few weeks later by a similar attack. Since 1944 he has complained of periodic spells of shortness of breath which are not associated with exercise or the time of day. Onset of the last attack began one day previous to admission, while sitting on his front porch. He described this attack as a sudden numbness in his chest, shortness of breath, tingling down his left arm.

5. Physical examination revealed a well developed, 57 year old white male, not acutely ill. Examination of the eyes showed a clearing iritis left, which began about September 1, 1947 while on indefinite sick leave following his recent Medical Survey. Examination of the heart was essentially negative. The lungs were clear. BP 130/70. Examination of the abdomen revealed a laparotomy scar. Reflexes were physiologic. Laboratory examination was essentially negative. Serial EKG's showed an intraventricular block, S type, permanent in nature. It is felt these findings are due to an under-lying old coronary occlusion, due to arteriosclerotic heart disease.

6. We believe this man to be suffering from coronary thrombosis and intraventricular block, due to arteriosclerosis, and subsiding iritis.

7. We consider his heart disease to be permanent by reason of which he is incapacitated for service in the Coast Guard; his incapacity is the result of an incident of service and is not the result of his own misconduct.

Examined by the recorder:

1. Q. State the nature of your disability, in your own words.
   A. Well, it started with what I thought was a heart attack about five years ago. I went to several doctors who diagnosed the trouble as spasm of the stomach. On May 23, 1947, I had been out in a boat all day and when I came in I felt peculiar, with a hurting and pain in the chest, which was followed by shortness of breath that would last for probably a half a minute at a time. Then I knew I was in serious trouble and immediately started for the hospital. I came in here on 23 May, 1947 and was examined by Doctor Zinn and Doctor Guerney and I think their diagnosis at first was spasm of the stomach or gaulstones. After the necessary examination, their final diagnosis was gaulstones. They moved me up to the third floor for gaul bladder operation. I don't remember the date of the operation but soon after I began to recuperate and get my strength back.

I don't remember the date that I went out but I was feeling fine. They had since located a bad heart. I'll have to let Doctor Zinn explain that. Doctor Zinn worked on me faithfully for a long time and after awhile he discharged me. I went home and stayed for a few days and was feeling good. I then developed a case of itiris and had to come back. The condition has improved and I am being discharged to-day as an outpatient, to return three times a week on Monday, Wednesday and Friday. That is about all I can tell you.

2. Q. Do you desire to say anything further concerning your case?
A. No sir, I do not.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

The medical members submitted a report, which was sworn to, read, and appended, marked "7".

Assistant Surgeon (R) Robert L. McClendon, U. S. Public Health Service, junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does Gaskill's disability proceed?
A. We believe this man to be suffering from coronary thrombosis and intraventricular block, due to arteriosclerosis, and subsiding iritis.

2. Q. Is the disability permanent?
A. We consider the heart disease to be permanent.

3. Q. State the facts and reasons on which your conclusions as to this permanency is based.
A. The nature of the condition which we feel is the result of arteriosclerosis and a coronary thrombosis is such that it would necessarily be permanent.

4. Q. Is Gaskill's disability such as to incapacitate him for active service?
A. It is.

5. Q. State the facts and reasons for your conclusion.
A. The findings, as a result of history, physical examination and EKG findings are such as to show that he is suffering from an old coronary trombosis and intraventricular block, and are necessarily incapacitating.

6. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. They have.

7. Q. What were such measures and what results were obtained?
A. Bed rest, oxygen, various drugs such as aminephylline and nitro-glycerine have been used and the patient has improved. His condition is still such as to incapacitate him for duty.

8. Q. Is his disability the result of an incident of service?
A. It is.

9. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. There is none.

10. Q. From what source did you obtain the information as to the length of Gaskill's service.
A. From H/L dated 18 August, 1947 signed by R. E. WOOD, Assistant Chief of Personnel.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Surgeon Francis T. Zinn, U. S. Public Health Service, the senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. Having heard the testimony of the junior medical member of the board, do you concur?
A. I do.

2. Q. Is there anything further you would like to add to his testimony?
A. No sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

The party under examination was recalled as a witness, and was advised that his oath previously taken was still binding.

Examined by the recorder:

1. Q. Gaskill, what is the length of your service in the Lighthouse Service and the Coast Guard?
   A. Thirty-five years this past April.

2. Q. Then the entry as to your service in the letter which states that your total service is twenty-five years, four months, and seventeen days is incorrect, is that right?
   A. That is right sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Lloyd Vernon Gaskill (236-101) boatswain's mate, first class, U. S. Coast Guard, the party under examination, desired to make no statement.

Lloyd Vernon Gaskill (236-101) boatswain's mate, first class, U. S. Coast Guard, the party under examination, desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed that he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation the board finds as follows:

FINDING OF FACTS

That Lloyd Vernon Gaskill (236-101) boatswain's mate, first class, U. S. Coast Guard, is incapacitated for active service in the Coast Guard by reason of coronary thrombosis and intraventricular block due to arteriosclerosis, and subsiding iritis; that his incapacity is permanent; is the result of an incident of service and is not the result of his own vicious practices.

Diagnosis 1) Cholecystitis, chronic (587-100.5)
2) Cholelithiasis (587-615)
3) Coronary ~~thrombosis~~ due to arteriosclerosis (41x-942.7)
(From naval nomenclature under which carried on sick report)

Summary of case history:

Patient was admitted to U.S. Marine Hospital, Norfolk, Va. on May 23, 1947 with a chief complaint of pain in the chest, and sharp catch in the breath. He stated that he was well until approximately 1942 at which time he complained of pain beneath the lower portion of the sternum which seemed to be acute indigestion and which followed the eating of some potatoe salad. This attack was relieved by alka-seltzer tablets and was followed a few weeks later by a similar attack which disappeared as suddenly as it began without the benefit of medication. He further stated that for the past two years he has had periodic spells of shortness of breath. These are not associated with time of day, food, or exercise, and are not associated with pain. Onset of the last attack began one day previous to admission, but this time he was sitting on his front porch. He was siezed with a sensation of numbness in his chest, and this was followed by a shortness of breath. He felt as though there were gas pressing on his heart from below. He had some tingling down his left arm.

Physical examination revealed a well developed 57 year old white male moderately ill. Examination of the eyes and fundi was negative. Ears, nose, and throat were negative. Lungs were clear to percussion and auscultation. The heart presented normal rhythm without murmur. There was no evidence of enlargement. Blood pressure was 130/70. Examination of the abdomen revealed some tenderness over the gall bladder area. The reflexes were physiological. Laboratory examination showed normal blood count, negative serology, and normal urine.

To: President, Coast Guard Retiring Board

Subject: GASKILL, Lloyd V. (236-101), BM1c, U.S. Coast Guard; examination of

1. We have examined subject named man this date and report as follows:

2. BM1c Lloyd V. Gaskill is 57 years, 11 months, and 1 day old, and has been 35 years, 4 months, and 17 days in the U. S. Coast Guard.

3. He was admitted to the U. S. Marine Hospital, Norfolk, Virginia, on 23 May, 1947.

4. This patient was admitted with the chief complaint of pain in the chest and pain on breathing. Onset of symptoms first begain in 1942, at which time he complained of pain in the chest which he thought was acute indigestion. This was relieved by alka-seltzer tablets and was followed a few weeks later by a similar attack. Since 1944 he has complained of periodic spells of shortness of breath which are not associated with exercise or the time of day. Onset of the last attack began one day previous to admission, while sitting on his front porch. He described this attack as a sudden numbness in his chest, shortness of breath, tingling down his left arm.

5. Physical examination revealed a well developed, 57 year old white male, not acutely ill. Examination of the eyes showed a clearing iritis left, which began about September 1, 1947 while on indefinite sick leave following his recent Medical Survey. Examination of the heart was essentially negative. The lungs were clear. BP 130/70. Examination of the abdomen revealed a laparotomy scar. Reflexes were physiologic. Laboratory examination was essentially negative. Serial EKG's showed an intraventricular block, S type, permanent in nature. It is felt these findings are due to an under-lying old coronary occlusion, due to arteriosclerotic heart disease.

6. We believe this man to be suffering from coronary thrombosis and intraventricular block, due to arteriosclerosis, and subsiding iritis.

7. We consider his heart disease to be permanent by reason of which he is incapacitated for service in the Coast Guard; his incapacity is the result of an incident of service and is not the result of his own misconduct.

Subj: Gaskill, Lloyd V. (236-101), BM1c; recommendation for advancement; disapproval of

1. In view of the fact that there are over 875 chief boatswain's mates in the regular Coast Guard in excess of the anticipated requirements for the post-war Service, the recommendation that Gaskill be advanced cannot be favorably considered at this time. Advancements to acting chief petty officer in this specialty will not be considered until the permanent post-war rating structure of the Service has been definitely established and advancements then, if authorized, will be entirely dependent upon the needs of the Service.

OFFICE OF THE
SENIOR COAST GUARD OFFICER
FIFTH NAVAL DISTRICT

Norfolk, Virginia,
17 March, 1942.

U. S. COAST GUARD (8)
RECD MAR 20 1942

From: District Coast Guard Officer, Fifth Naval District.
To : Commandant, U. S. Coast Guard.

Subject: Lloyd V. Gaskill, Keeper - North Landing River Aids; induction of.

1. The above-named man will complete 30 years service under the former Lighthouse Department in April, 1942, his present rate of pay being $145 per month. Headquarters authorized the induction of Gaskill in the rating of boatswain's mate, first class, which rate of pay is $84 per month. Under the Act of August 5, 1939, Gaskill will be entitled to the pay of his civil service status, which is higher than the rate of pay of his military rating. In this connection this office is confronted with the question as to whether or not Gaskill, upon retirement after completion of 30 years service, would be entitled to 75 per cent of his civil service pay or 75 per cent of his military pay.

2. In view of the above, Headquarters' decision is requested.

3. Gaskill's induction into the Coast Guard is being held in abeyance, pending a decision in this matter.

From: Commandant.
To: District Coast Guard Officer, Fifth Naval District.

Subject: Lloyd V. Gaskill, Keeper; induction of.

Reference: (a) Your letter, 17 March, 1942 (75).
(b) Section 7 of the Act approved August 5, 1939.

1. Section 7 of the Act approved August 5, 1939 reads as follows:

> "No person commissioned, appointed, or enlisted in the Coast Guard pursuant to this Act shall suffer any reduction in the total of the annual compensation and allowances which he was receiving on the date of his commission, appointment, or enlistment. Upon his retirement from active duty in the Coast Guard, the retired pay of any person so commissioned, appointed, or enlisted, shall not be less than an annuity computed in accordance with the provisions of section 6 of the Act of June 20, 1918, as amended and supplemented, substituting, however, for purposes of such computation, the annual compensation which he was receiving on the date of his commission, appointment, or enlistment in the Coast Guard for the average annual pay received by him for the last five years of service."

2. From the foregoing it will be seen that Gaskill, when he completes 30 years service, counting service in the former Lighthouse Service and the Coast Guard, will be entitled to retirement at three-quarters of the pay he is receiving at time of retirement or three-quarters of the pay he was receiving at the time of his enlistment in the Coast Guard, whichever is greater.

2. You are respectfully informed that such evidence in the matter as it appears practicable to gather has been given careful consideration, and it is not indicated drastic action in the matter is required by the circumstances. Subject: Misconduct - L.V. Gaskill, Keeper of Bodie Island L.S.

1. All papers in the matter of alleged misconduct of L. V. Gaskill, Keeper at Bodie Island Light Station, N.C., are herewith forwarded to the Bureau for consideration, with the recommendation that Gaskill be cautioned by the Bureau against again permitting visits of a nature which might cast reflections upon the Lighthouse Service.

2. While this office is usually not disposed to take cognizance of anonymous communications, yet the one inclosed contains such definite allegations, together with the names of all those involved, that this office felt the necessity of thoroughly investigating the affair, as per papers attached.

3. It might be possible to ferret out additional evidence, but it is believed the results would be more harmful than beneficial, due to the possibility of involving the reputations of otherwise respected citizens.

4. While it appears that Gaskill was unwise in permitting this party to remain at the station overnight, it was undoubtedly impromptu and assembled, it seems, without his invitation, and probably no harm would have resulted, except for the apparent spite work of the informant, who has not seen fit to divulge his identity.

Reference:Your letter dated May 23,1929.

Replying to your letter of above reference relative to above subject is received.

On Saturday night May the 4th,1929 I was visited at my station by a party of friends and relatives.These guest arrived at my Station about 9 or 9.30 P.M. without any invitation or knowledge on my part of there comming.Those present were as follows. Mr.and Mrs Sam Hayman,Mrs.Alice Hayman,Mr.and Mrs Dewey Tillett, Miss.Florence Midgett,Mrs.Thelma Etheridge,W.O.Daniels,Amos Daniels,Spencer Daniels,and Curtis Daniels.

The above people are directly and indirectly related to me with the exception of Sam Hayman and Miss.Thelma Etheridge and Miss.Florence Midgett.After a pronlonged visit and the hour being late I invited the parties to spend the night there being ample accomidation at the station.

During the evening I to my certain knowledge recall of no misconduct on the part of any of my guest and I am certain that there was no personal act on my part that would bring reproach or criticism either on my self or the Light House Service.Should any misconduct have accured it was not within my station and it being night I could not observe the conduct of my guest without my station., but I am expostive that these guest would not abuse the priviledge of the reservation under any condition.

In conclusion I respectfully state that I have been informed of the anonymous report (unoffically) and I wish to asure you that it has not been very plesant in the village where I am liked and respected.

Memorandum to 5th Superintendent:

1. Congressman Warren of North Carolina 'phoned request for his secretary to interview H. D. King. Secretary called and stated that recent inquiry by Bureau representative into charges by anonymous letter alleging misconduct of lighthouse keeper, Bodie Island Light Station, had created great local furor. Congressman is in receipt of letter from Mr. R. Bruce Etheridge of Manteo, expressing the apprehension that serious damage may be done to reputations of respected citizens.

2. I told Congressman Warren's secretary that we had received an anonymous communication which was however in such explicit detail that it was necessary to make an investigation for the purpose of protecting the good reputation of the Lighthouse Service; that this investigation had not been completed, and that we would be very glad to receive any reliable information in the matter which might come to his attention; that Congressman Warren would be communicated with on the completion of our investigation.

Subject: Irregularities at station.

The Bureau of Lighthouses has had a local investigation made of certain alleged unbecoming conduct on the part of personnel of your station, notably a party held at the station on or about May 4th, last. The Bureau is in possession of considerable evidence concerning this affair, and, for the information of the Superintendent, you are directed to submit at once a full admission and report concerning the affair which should include the names of all those present, the date, the occasion and character of the affair, how long it lasted and all details of what occurred.

You are warned that any attempt at evasion or false statements made will unquestionably add to the severity of subsequent action taken by the Lighthouse Service.

Memorandum-

Captain H.D. King:

Following is a report of my investigation of the charges against Vernon Gaskell and C.W. Pugh, keepers of Bodie Island and Roanoke Marshes lighthouses, contained in the attached anonymous letter dated Manteo, N.C. May 6th:

An effort was made to locate the writer of the above letter and of other letters signed "W.H. Meekins" which were received by the Superintendent of the 5th Lighthouse District. No one by the name of W.H. Meekins resides on Roanoke Island. The anonymous letter states that it's writer is the father of one of the girls who attended the party at Bodie Island Lighthouse. The father of Mrs. Ethel Tillett is not living and the father of Miss Flonnie Midgett is unable to write, being badly crippled with paralysis. C.K. Tillett and Leslie Gallop, the fathers of Mrs. Dora Hall Hayman and Mrs. Alice Hayman respectively, both denied having written the letter. They stated however, that their daughters had admitted attending the party.

Dewey Tillett denied that his wife, Ethel Tillett, participated in the affair with Vernon Gaskell and further stated that neither he or his wife attended the party. This does not agree with statements made by C.K. Tillett and Leslie Gallop, the daughters of whom spoke of the presence of Dewey Tillett and his wife at the party. Leslie Gallop and his wife also mentioned having had conversation with a man who happened to be passing Bodie Island Lighthouse on the Sunday morning following the night of the party. He said that he was hailed by Dewey Tillett and his wife, who were sitting outside in an automobile at the Lighthouse, andthat they asked for a ride to their home in Wanchese. The name of this man was not disclosed but he was referred to as "Mac". The date of the party was not stated definitely but is believed to be May 4th.

It was learned that C.W. Pugh was arrested and fined at Manteo about a year ago for intoxication. He is known to become intoxicated periodically but several reputable citizens of Manteo say that he has never been known to drink while on duty and that he is apparently very attentive to his duties at the lighthouse. Pugh was injured recently while riding in an automobile with a party of men. It was said they were all drinking with the result that an accident occurred due to reckless driving. Full details concerning this could not be learned but the story was generally known about the island.

Both of the foregoing cases, concerning Gaskell and Pugh, were known and talked of by the people of Manteo and Wanchese but it was extremely difficult to obtain accurate information by questioning them. Prior to interviewing any of these people I obtained information through a man who was well known to the foremost citizens but who did not live in that section. In this way it was found that the story of the affair at Bodie Island Lighthouse was commonly known and the details were the same as those set forth in the anonymous letter. Likewise in the case of Pugh, though to a less extent.

Commissioner of Lighthouses,
Washington, D.C.

Subject: Commendation, L.V.Gaskill,Kpr.,Craighill Front Range; also Asst.Kpr.

1. This office is advised that on June 17, the Keeper and Assistant Keeper of Craighill Front Range Light Station, Mr. L.V. Gaskill and Mr. J.T. Twiford, went to the assistance of a party of three men, whose launch was drifting down the bay with the tide, as their engine was out of order and they had no anchor. The keepers towed the launch by means of the station skiff, to the station, where effort was made to repair the engine, but without success.

2. The men were furnished supper by the keepers, and after supper Mr. Gaskill towed the launch, with occupants, to Bay Shore Park, arriving there about ten o'clock. Keeper then returned to station, arriving about midnight.

3. In view of above assistance rendered by keepers of Craighill Front Light Station, it is recommended that letters of commendation be sent them.

My dear Sir:

Referring again to your letter of May 10, 1916, relative to Mr. Lloyd V. Gaskill, additional keeper, Pamlico Point Light Station, N.C., who desires transfer to the North River Light Station, N. C.

I beg to advise you that the previous incumbent of the position of assistant keeper of the North River Light Station tendered his resignation on April 10, 1916, which became effective at the close of April 30, 1916. On April 19, 1916, prior to the date of your letter to the Lighthouse Inspector, Baltimore, Md., requesting consideration of Mr. Gaskill for transfer to the North River Light Station, another keeper in the Lighthouse Service had already been appointed to the position of assistant keeper at the station referred to, and entered on duty May 1, 1916. This information was not given you in Bureau letter of May 8, 1916, for the reason that your letter of April 29, 1916, referred only to the position of keeper, and it was not understood Mr. Gaskill desired transfer to the position of assistant keeper.

What you have to say on behalf of Mr. Gaskill has been noted, and whenever a vacancy occurs in the position of assistant keeper at the station in question, Mr. Gaskill will be given due consideration.

My dear Sir:-

Referring to Mr. Lloyd V. Gaskill, now holding a temporary position of additional keeper at the Pamlico Light Station, N. C., and who wishes a transfer to North River Light Station, N. C . I am in receipt of yours of the 8th inst., in which you refer to the excellent record of Mr. Gaskill as assiatant keeper, but state that he is not entitled to a permanent promotion to keeper, and further that there is at present no vacancy in the position of keeper at North River Light Station.

Replying I beg to say that I am acting under the assumption there is a position as assiatant keeper at North River Light, and my information is to the effect that there was to have been a vacancy on May 1st. Whether such a vacancy occurred, and whether it has been filled, I am not advised. However, if there is a vacancy, or will be at some early date, in the position of assistant keeper at North River Light, I would be glad to have Mr. Haskill transferred to such position. The home of Mr. Gaskill is at Manteo, which constitutes his main desire for the transfer.

Washington, D. C.

Dear Sir:

Referring to your letter of April 29, 1916, addressed to the Lighthouse Inspector, Baltimore, Md., in regard to Mr. Llyod V. Gaskill, who desires transfer from his present position of additional keeper of Pamlico Point Light Station, N. C., to the position of keeper ofNorth River Light Station, N. C., which letter has been referred to this office for attention.

I beg to advise you that Mr. Gaskill now holds a temporary appointment as additional keeper of Pamlico Point Light Station, N. C., during the absence of the regular keeper on leave without pay. There is at present no vacancy in the position of keeper of North River Light Station, N. C.

Yours very truly,

Commissioner.

Dear Sir:-

It has been represented to me that Mr. Vernon Gaskill, who is now keeper at Pamlico Point Light desires to be transferred to the position of keeper of North River Light, at which point I am informed there will be a vacancy on May 1st. The main reason actuating Mr. Gaskill for wishing this transfer arises from the fact that his home is at Manteo, N. C., on Roanoke Island. If you can consistently, with the good of the service, provide this transfer for Mr. Gaskill, I shall be under obligation.

Yours very truly,
