Gentlemen:

The Commission is requested to authorize the temporary appointment of Frank C. Hammond as second assistant keeper of Tillamook Rock Light Station, Oregon, with pay at the rate of $600 per annum, for a period of three months from August 17, 1911.

The Tillamook Rock Light Station is a very undesirable one for the reasons that it is situated on a barren rock off the coast of Oregon, where stormy weather frequently prevails to such an extent that the keepers are cut off from intercourse with the mainland for weeks at a time, and because the keepers experience considerable difficulty in making a landing when going to and returning from duty.

The Inspector of the Seventeenth Lighthouse District states that no eligible on the list is willing to accept appointment at this station and that a new list of eligibles will be established at as early a date as practicable.

DEPARTMENT OF COMMERCE NOV 5 1921 APPOINTMENT DIVISION.

The Honorable

The Secretary of Commerce.

Sir:

In response to your request of July 20, 1921, a noncompetitive examination was arranged to test the fitness of Frank C. Hammond for reinstatement to the position of keeper, in the Lighthouse Service, Destruction Island Light Station, Washington.

(form 375)

The person named failed to take the examination, and is not eligible for the action proposed. The case will be considered closed unless further action is requested.

APPOINTMENT NECESSARY ACTION TAKEN NOV -7 1921 DEPARTMENT OF COMMERCE

By direction of the Commission:

Very respectfully,

John A. Bartlett

President.

Respectfully referred to the Commissioner of Lighthouses, for his information.

Chief of Appointment Division.

November 7, 1921.

Gentlemen:

The Department is in receipt of the Commission's form letter of November 1, (F 97-5/5/20) advising that Frank C. Hammond was ineligible for reinstatement as keeper of Destruction Island Light Station, Washington, in the Lighthouse Service, he having failed to take the examination prescribed on Form 375. The Department notes that the form in question applies to professional, scientific or technical positions, and it is not believed that execution of this form should be made a prerequisite to reinstatement in the position of lighthouse keeper, which for original appointment calls only for a non-assembled, non-educational examination conducted by local boards of examiners.

The Department's records show that Mr. Hammond was probationally appointed on February 14, 1912 through an examination for lighthouse keeper, having stood first on the register with an average of 96.20. He resigned February 15, 1917, and was reinstated December 27, 1917 in accordance with authority contained in the Commission's certificate No. 12234. Although the salary of the position to which it is now proposed to reinstate Mr. Hammond is higher than that formerly received by him, the civil service grade is the same and the present rate of pay is in accordance with a revised schedule which was put into effect subsequent to his resignation on March 29, 1918.

In view of the fact that Mr. Hammond previously demonstrated his fitness for appointment through examination, that he performed satisfactory services at other stations than that to which his reinstatement is now proposed, and that he resigned his position in the Lighthouse Service in 1918 to enter the Military Service, from which he has been honorably discharged, the Department has to request that he be not required to execute Form 375 in connection with his proposed reinstatement.

By direction of the Secretary:

Respectfully,

1. The Department has received a report from the Superintendent of Lighthouses at Portland, Oregon, with regard to your courageous action on the evening of June 9, 1923, in recovering the body of the wife of the keeper at your station following her tragic fall from the cliff near the light. It is noted that your action involved extreme personal danger and effort, and that but for your extraordinary resolution the tide would probably have soon carried the body to sea.

Capt King phoned in regard to succession to Harry Weeks, Depot Keeper. Said he especially desired to get somebody who would be persona grata to Bureau. Had two applicants ① Frank Hammond who has been sort of assistant to Weeks & will continue to run Weeks's lunch room for Mrs Weeks. ② Wm. H. Reilly, lumber dealer, office nearby. Latter is said to be recommended by Capt. Miles of Magee who believes he would probably render more efficient service, tho personally he would prefer to give it to Hammond. Reilly would not likely do much of work himself, but has somebody on duty day & night, Sundays & holidays.

I suggested Supt send papers to Bureau for consideration, & if it seemed advisable, Bureau make choice

SUBJECT: Successor to Harry E. Weeks.

This A.M. Mr. Bowerman and myself investigated the qualifications of the two applicants for the position of Depot Keeper, Washington, D.C., as successor to the late Harry E. Weeks. The two applicants, Mr. Hammond and Mr. William W. Riley, were both interviewed. Mr. Hammond was formerly employed by Mr. Weeks in the latter's lunch room and assisted at times in looking after the depot property and is already quite familiar with the duties. He is to continue to run the lunch room for Mrs. Weeks and consequently will be at the same location, which is directly opposite the depot grounds.

Mr. Hammond seems very desirous of obtaining the position and gave evidence of being earnest and conscientious about the work. His residence is at 1122 - 6th Street, S.W., about three blocks from the depot property, and could reach there promptly in cases of necessity when not at the lunch room. He does not have a telephone at his residence but stated that he intended to put one in if given the position. This is a rather important point and if Mr. Hammond installs a telephone in his residence it will facilitate his handling of the work.

Mr. Riley is owner of a lumber yard about a block north of the depot on the opposite side. It seems that he has not actually sought the position but was suggested to the Superintendent by one of the tender captains. As stated in his letter, his place is open at usual hours of the day and on Sundays, holidays, and night time, is in charge of a watchman. Probably Mr. Riley has the facilities for rendering satisfactory service, but he did not seem especially keen about it and the impression was gained that he did not care to assume any measure of responsibility. In all probability he would do very little of the work himself but would get one of his men to look out for it. It is true, as stated, that his office is less noisy for telephoning than the place in the pool room adjoining the lunch room where Mr. Hammond's telephone is located, but this seems to be the only point of superiority.

It is the opinion of Mr. Bowerman and myself that it is in the interest of the Service to recommend Mr. Hammond.

1. On account of the location of the Lighthouse Depot, Washington, D.C., the direct relations of the Bureau with the keeper in charge thereof are probably somewhat more frequent and closer than the relations of this office. It is therefore felt the Bureau's convenience is the prime consideration in the selection of a successor to Mr. Weeks. After consultation by telephone with Bureau's chief clerk, I am accordingly forwarding recent correspondence relative to the selection of a successor for Mr. Weeks in order that the Bureau may interview the applicants through suitable representative if desired and indicate to this office which of the two applicants will probably handle the Bureau's direct business with this depot most satisfactorily.

On account of the location of the Lighthouse Depot, Washington, D.C., the direct relations of the Bureau with the keeper in charge thereof are probably somewhat more frequent and closer than the relations of this office. It is therefore felt the Bureau's convenience is the prime consideration in the selection of a successor to Mr. Weeks. After consultation by telephone with Bureau's chief clerk, I am accordingly forwarding recent correspondence relative to the selection of a successor for Mr. Weeks in order that the Bureau may interview the applicants through suitable representative if desired and indicate to this office which of the two applicants will probably handle the Bureau's direct business with this depot most satisfactorily.

2. It is believed that either Mr. Hammond or Mr. Riley will perform required duties to the satisfaction of this office.

Sir:-

In reply to your letter of June 15th. reference to Keeper Buoy Depot Washington D.C. I desire to state that I consider both Mr. Riley and Mr. Hammond excellent men and the Department would not make a mistake in appointing either to the above position. Personally I would rather see Mr. Hammond have the position but at the same time feel Mr. Riley could give better service to the Department as he has his own business with a force of men and a watchman which would permit him to leave his place at any time to attend Lighthouse affairs, he also has a telephone in his office where it is quiet at all times while the one at Mr. Hammond place of employment is located in the pool room where it is very noisy at times.

Very respectfully.

Dear Sir:

Your letter of June 16th has been received and I take the greatest of pleasure in recomending to you that Mr. Hammond be appointed as keeper of the Washington Lighthouse Wharf to succeed my husband. It is my intention to continue to run the restaurant as in the past under the management of Mr. Frank Hammond and I feel sure that he will prove as faithful and concientious in the discharge of his duties to the Lighthouse Service as he has done for the past several years in the service of Mr. Steele.

Sir:

Subject: Position of keeper, Lighthouse Wharf, Washington, D. C.

1. You are undoubtedly informed of the recent sudden death of Harry E. Weeks, who since 1908 has been the keeper of the Lighthouse Service Wharf and warehouse at Washington, D. C. You are perhaps also informed in a general way as to the requirements of this position which are as follows: to keep the grounds at all times in a neat and presentable appearance ; to be at all times available in person or by substitute to answer inquiries from this office or from the Bureau of Lighthouses; to have charge of the keys for the property which should be available to officers of the Lighthouse Service upon request at any hour; to receive and hold mail addressed in care for Lighthouse vessels visiting Washington depot.

2. Mr. Weeks has been paid $300. per annum for these services. Your name has been suggested to this office as a suitable successor to Mr. Weeks and it is accordingly suggested that if you desire to take charge of this depot you present your application to this office in writing stating in such detail as you desire the facilities you have for satisfactorily filling the position.

Respectfully,

Superintendent of Lighthouses.

In reply to your letter of June 11th. refering to the death of Mr. Harry E. Weeks I desire to report that Mr. W.W.Riley, Water and O. Sts S.W. Washington D.C. would make an excellent man for this position. Mr Riley has an office opposite Mr. Weeks lunch room where all mail can be properly cared for, a comfortable room where Officials and Employees can wait for tenders also telephone services day or night including Sundays. I would also like to state that the telephone in Mr Weeks place is located in the pool room and on account of the noise there I most always use Mr Rileys Phone in making Official calls.

Memorandum for Superintendent:

March 9, 1926

Mr. Hammond, keeper of Washington, D. C. wharf called about 1:30 to see you. He has been acting as manager of the late Mr. Week's lunch room, but the son is now taking charge there, and Mr. Hammond is going to work at a place one block from the wharf, and wants to know if that is satisfactory. He will be at work at night, and can give all day to his duties at the wharf; can receive all mail at his house address, 1122 6th St., S.W. where he has a phone. He expects to go to work at this new position on March 15th, and came over today to talk over the matter with you, and was very sorry not to see you. I told him you would probably write to him tomorrow; and he would be glad to furnish any further information.

Serv Memo. Ofl cdp 5th pl Sep 28

Mr Hammond depot Keeper at Washington Wharf called and asked if he was entitled to free treatment by P.H.S. Said that he is undergoing treatment at Garfield Hospital for some trouble, but would like to go to P.H.S. if eligible. Some steamboat man on the river had suggested the idea to him.

Explained the classes of employees who may receive free treatment, which do not include depot Keepers. Expressed regret that it didnt seem practicable for him be given free treatment, unless suffering from an injury sustained in line of duty. He thanked me for the information. Refile
