Mr. T.F.Jones,
Assistant Chief,Personnel Division,
Department of Commerce,
Washington,D.C.

Dear Sir:

Reference is made to your form of inquiry requesting verfication of the arrival and citizenship status of one William Hardwick, who claims to have acquired citizenship through the naturalization of his father, John W. Hardwick.

The files of this office show that one John William Hardwick was naturalized in the County Court, Oneida County, New York, on July 29, 1898. He renounced allegiance to the Queen of Great Britain, and his witnesses were Harry Rycroft and Alfred Moss. Inasmuch as naturalizations which occurred prior to September 27, 1906, make no mention of the wife or minor children of the naturalized person and no documents in support thereof have been submitted to this Service at this time, it is not in a position to vouch for the claim of the son, William Hardwick, to United States citizenship.

The representative of this Service at Philadelphia reports that a careful search of the manifests of the arrivals of the British Princess during the year 1887, failed to reveal a record of William Hardwick. There is attached hereto a Form 2400. If Mr. Hardwick has not already done so, it is suggested that he make application for a certificate of derivative citizenship, which if issued will be in his own name.

Cordially yours,
By direction of the Commissioner,
J.H.Wagner,Assistant.

Jan., 1927

PROOF OF RELATIONSHIP TO NATURALIZED PARENT

United States Civil Service Commission

WASHINGTON, D. C.

INSTRUCTIONS.—Whenever any applicant for examination claims United States citizenship on the ground that his parent was naturalized during the applicant's minority, the parent's FINAL certificate of naturalization and the affidavits, on the blanks below, of two reputable and disinterested persons must be submitted to show that the relationship claimed is believed or reputed to exist. These affidavits must be attached to the application; the certificate of naturalization will be returned to the applicant. If the applicant was named as a minor child on his parent's naturalization certificate at the time it was issued, the affidavits on this form need not be furnished.

An applicant who has himself received FINAL certificate of naturalization should not submit these affidavits, but should submit his own naturalization papers, which will be returned to him after proper note of the facts has been made on his application. The declaration of intention to become a citizen, or "first papers," will not be accepted in any case.

The oath must be made before a notary public or other officer with an official (impression) seal. In case this officer has no seal of his own, his official character must be certified to by the proper officer under his official seal.

I, Mary E. Caressey, a resident of No. 957 Reck Rd. street, city of Fairfield, State of Connecticut, by occupation a Housewife, do solemnly swear (or affirm) that I am personally well acquainted with William Hardwick (Name of applicant) who is an applicant for a civil service examination, and I believe that the said applicant is the Son ("Son" or "daughter") of John William Hardwick (Name of parent) who is a naturalized citizen.

SUBJECT: Transfer list.

1. Referring to your list filed in this office of stations and positions to which you would accept transfer in the event of a vacancy; one of the positions you have listed is keeper of Chapel Hill, Conover Beacon, Point Comfort and Waackaack Lights. In view of the fact that some of the lights connected with this position will be discontinued, the pay range of the position will hereafter be $1440-1800. In view of this change in pay range, please advise whether or not you desire this station to be retained on your list of positions and stations to which you would accept transfer in the event of a vacancy. As a matter of information you are advised there is no fog signal and no assistant keeper connected with this position, but family quarters are provided for the keeper.

Referring to Form 73 dated June 23,1933 recommending transfer of William Hardwick from 2nd Assistant Keeper of Absecon Light Station,N.J.,to 2nd Assistant Keeper of Penfield Reef Light Station, Conn.,and to Department letter dated June 29,1933 addressed to Mr.Hardwick approving his transfer; it is recommended authority be granted to pay for the transportation of Mr.Hardwick from Absecon Light Station to Penfield Reef Light Station, and the transportation of his household goods from Atlantic City, N.J. to Bridgeport, Conn. Travel Order, Form 31, is enclosed.

2. It is estimated the weight of his household effects is 3000 lbs.,the freight on which would be approximately $34.80; cartage from Absecon Light Station to the freight station would be approximately $25.00, and the cartage from the freight station at Bridgeport to his home would be approximately $25.00, making a total charge of $84.80. In addition to the foregoing this Keeper reports that it would cost about $175.00 for packing and crating to prepare his personal effects for shipment by rail, which sum is considered excess ive. However, if the sum of $20.00 were allowed for packing and crating, the total cost of moving this keeper by rail would be $104.80. As a moving company has quoted $90.00 for moving the effects of this keeper by moving van from Atlantic City to Bridgeport, and as moving by this method eliminates the question of packing and crating, moving by van is the more economical method, and it is recommended that authority be granted accordingly. If this material were shipped by carload lot the freight charges would be from $95.00 to $105.00.

1. In accordance with reference you are respectfully advised that it would take 1200 board feet of lumber at 4½¢ per foot to crate my personal household effects, together with a special crate for my Electric Refrigerator which would cost five dollars, the total amount for lumber being $59.00. While this may seem excessive it is a true estimate given by an experienced carpenter. In this connection I feel that I am not familiar enough with the crating business to venture crating it myself, as some of my furniture is quite valuable. As the amount of $175.00 for packing and crating my household effects is considered excessive I would gladly pay the difference if you could allow me a certain stipulated amount for moving. However my present financial condition would not permit my paying more than $20.00. The Continental Moving Company gave a bid of $90.00 for the moving of my effects by van which was forwarded to your office. In moving in this manner it is not necessary to crate the furniture. The Continental Moving Company is a reputable firm in this community and insures all material hauled against loss or breakage. If it meets with your approval I would be perfectly satisfied to have my furniture hauled by van. Thanking you again for your consideration and trusting that this is the information desired.

1. It is noted that information heretofore furnished by you indicates that the cost of packing and crating your personal household effects would be about $175.00, which amount is necessarily excessive, especially considering the fact that you are rendering but little service at the station. Advise this office by return mail as to what expense, if any, would be involved for you to pack and crate you personal effects yourself for shipment. Further delay in the matter of obtaining satisfactory information on this subject may entirely eliminate the possibility of the Government paying the expense of your moving.

Dear Sir;

We are pleased to quote you a price on moving your furniture from Atlantic City,N.J.,Absecon Light Station,to the freight depot.

The nearest freight station is the Pennsylvania Station,which is one mile.The approximate weight is 3000 lbs.The value of your household effects we would estimate at $1500.00.

It will be necessary to crate your furniture if you wish to send it by freight and for the crating and hauling to the depot we would charge $225.00.

We would suggest that you move your household goods by motor van as it would not be necessary to crate the furniture,we are pleased to quote you the price of $100.00 for the entire moving of your household effects from Atlantic City,N.J.to Fairfield,Conn.by motor van.

Hoping to be favored with your valued order,for which we are sure you will be more than pleased with our service,we remain

SUBJECT: Moving of household effects.
REFERENCE: Your letter June 30,1933.

1. Your letter dated June 30th,1933, enclosing letter of same date from Eldredge Express, has been received, and it is suggested you recheck the approximate weight of hour household effects, since, unless you have a much larger quantity of household effects than the average family, the weight would be considerably less than four tons. In any case should your household effects be transferred at the expense of the Government the limit of weight would be 3500 lbs. It is also suggested that you recheck the value of your household effects which is stated to be $3000 and which is very high, unless you have an exceptionally large quantity of household effects of an unusual value.

2. It is also suggested that you obtain from two other moving van concerns their approximate price for moving your household effects from Atlantic City to Fairfield,Conn.

Through the Keeper,
Absecon Light Station,
Atlantic City, N. J.

Dear Sir:

In accordance with your request, we are pleased to furnish you herewith, the information which you desired in connection with the moving of your goods from Atlantic City to Bridgeport, Conn.

The nearest freight terminal to Absecon Light Station is one mile.
The nearest railroad is the Pennsylvania Railroad.
The approximate weight of your household goods is 8000 pounds.
The value of the household effects is $3000.
The approximate cost of transporting your effects from the light station to the nearest railroad station is $25.00.
The cost of packing and crating your goods for shipment would be $175.00.

We would, however, advise that you have your goods moved by motor truck, for which the cost would be $130.00, which is a considerable reduction than if the goods were handled by freight as you can see from the above information, the cost of preparing the goods and hauling to the freight station in Atlantic City would be $200.00, which would not include the freight charges and hauling necessary in Bridgeport, Conn.

Awaiting your further advice in the matter, we are

1. In connection with the matter of your transfer to the position of 2nd Asst. Keeper of Penfield Reef Light Station, this office will endeavor to obtain authority for the transportation of yourself and also your personal household effects from Atlantic City to Fairfield, Connecticut, if it is your intention to move your household effects to Fairfield. If you do so intend, you are directed to submit the following information at earliest practicable date:-

a - State the nearest freight terminal to Absecon Light Station.
b - State the name of railroad.
c - Give the approximate weight of your household effects.
d - Give the value of your household effects.
e - State if you propose to ship your household effects to Fairfield, and if not, to what point.
f - Ascertain and advise this office of the approximate cost of transporting your effects from the light station to the nearest freight station.
g - If for any reason you cannot pack and crate your household effects for shipment, ascertain and report the approximate cost of having such packing and crating done by some local person or concern.
h - State whether you intend to travel from the light station to Fairfield by rail or by private automobile.

2. Should it be found possible for the Government to pay for the transportation of your household effects from the light station to the freight terminal or to pack and crate your effects, no action can be taken on having this done until bids have been invited and a contract awarded. It is important a prompt reply be made to this letter.

REFERENCE: Letter from this office May 22, and your letter May 23,1933.

1. Your letter of May 23rd,1933 has been received, and you are advised your reply to charges is entirely too general and lacking in specific statements to be considered as a satisfactory explanation. You are accordingly directed to submit such further definite information as may be practicable to show that your explanation is based on fact, stating the date and time when you left the station; whether or not you left the station with the keepers permission; the date on which you were due back to the station; the point to which you traveled; the point where your car broke down; such evidence as may be available to show that your car actually did break down, and full and complete explanation as to what attempt, if any, you made to communicate with the keeper to notify him concerning your alleged inability to return to the station at the expiration of leave, if such was granted you, and any other information or evidence that will tend to bear out the statements contained in your letter.

SUBJECT: Charges - absence without authority.

REFERENCE: Your letter May 29th and previous correspondence.

1. Your acknowledgment of the charge of absence from duty without authority from 8:00 P.M. May 18th to 8:00 A.M. May 20, 1933, also your explanation have been noted.

2. Your statement that you left Atlantic City for Bridgeport, Connecticut to visit a sick relative at 8:00 P.M. May 18th with the intention of being back at the station at 8:00 A.M. May 19th, is at least evidence of lack of good judgment considering the distance and traffic conditions involved, for unless all conditions enroute were most favorable the possibility of making the round trip of 354 miles as well as visiting at Bridgeport, would be rather remote. Furthermore, even though the proposed trip had been accomplished, your ability to properly perform your duties after 12 hours of auto driving is open to question, which in turn raises question as to proper interest in and faithful attention to your duties as required by paragraph 2 of Instructions to Employees.

3. Considering that, as alleged in your letter, your car broke down near Washington Bridge at 3:30 A.M. May 19 and you remained at that point until 6:00 P.M. on that date, your failure to report to the keeper or to notify this office as specifically required by Section 134, paragraph (f) of Instructions to Employees, is not by any means satisfactorily explained, considering present day means of communication and the fact that this office is located but a few miles distant from the Washington bridge.

4. Considering all phases of the matter, your explanation cannot be considered as satisfactory, and you are hereby cautioned for your action in remaining absent from duty without

authority from 8:00 P.M. May 18th to 8:00 A.M. May 20, 1933, and advised that any further repetitions of this character will result in more drastic disciplinary action being taken.

SUBJECT: Absecon Light Station Found Unattended.

At an inspection of this station made at 4:00 p.m. on October 8, 1927, there was none of the keepers present. Although an effort was made to locate the assistant who was supposed to be on watch at the station, he was not located during my stay at the station. It is requested that you look into this matter and advise this office as to which keeper was supposed to be on watch at this time together with any other information which you can furnish regarding this matter.

SUBJECT: Transfer to Ludlum Beach Lt.Sta.

1. Referring to your list of stations filed in this office to which you would accept transfer in the event of a vacancy; you are advised you have been selected for the position of keeper of Ludlum Beach Light Station, and in accordance therewith are hereby directed to proceed to that station and relieve the presentkkeeper, without fail, at the close of October 12,1921, giving him receipt for the station and all Government property under his charge, in triplicate on Form 30, one copy of which is to be forwarded to this office. Advise this office promptly by letter of the date on which you take charge of Ludlum Beach Light Station. The postoffice address of Ludlum Beach Light Station is Sea Isle City, N. J.

2. Daniel F. McCoart, keeper of West Bank Light Station has been selected to succeed you as keeper of Bridgeport Harbor Light Station, and has to-day been directed to report at your station and take charge of same, on October 10th, so as to give you plenty of time to get to Ludlum Beach by Oct.12th. You will turn over to Mr. McCoart, the station and all Government property for which you have been responsible, taking his receipt therefor in triplicate on Form 30, one copy of which is to be forwarded to this office. Three copies of Form 30 are enclosed herewith. Report to this office promptly by letter the date on which you leave Bridgeport Harbor Light Station, and the date on which you take charge of Ludlum Beach Light Station.

REFERENCE: Bureau letter Feb.1,1924 and Department approval Feb.16,1924.

1. As the establishment of an acetylene light on a skeleton steel tower at Ludlum Beach Light Station, New Jersey, will make the employment of a resident keeper unnecessary at this station, it is recommended that the position of keeper at $1020.00 per annum be discontinued, effective on a date to be later reported to the Bureau. It is proposed to transfer the keeper of Ludlum Beach Light Station - William Hardwick - to the position of Second Assistant Keeper of Absecon Light Station, New Jersey, as per Form 73 forwarded to the Bureau this date.

2. The services of a person residing in the vicinity of the new Ludlum Beach Light will be necessary to relight the light in the event of its becoming extinguished, to read the gas pressure once each week reporting same to this office, and to clean and paint the tower and keep it in good order. It is therefore recommended that there be authorized one position of Lamplighter of Ludlum Beach Light, New Jersey, with pay at the rate of $240.00 per annum, effective October 1,1924, payable from the appropriation Salaries, Keepers of Lighthouses, funds allotted.

William Hardwick, Keeper,
Ludlum Beach Light Station,
Sea Isle City, New Jersey

Sept.18,1924

SUBJECT: Transfer to Absecon Light Station.

1. You are advised that arrangements for the sale of the dwelling and oil house at Ludlum Beach Light Station has practically been completed, and steps have been taken to obtain your transfer and appointment to the position of Second Assistant Keeper of Absecon Light Station. The total pay of this position is $900 per annum, which includes Longevity pay of $60 per annum. This is the only suitable vacancy that exists at the present time. Should you later desire to be transferred to some other station from Absecon, same will be considered at a later date when a suitable vacancy occurs.

2. No positive date has as yet been set for you to report for duty at Absecon Light Station, but it is probable that such transfer will be made about October 1st, and you should, of course, make necessary preparations in the meantime so that you will be ready to proceed to Absecon Light Station when ordered to do so. It may be possible for this service to arrange to transfer your household effects from Ludlum Beach to Absecon, and in order that full information may be available please advise as closely as possible of the quantity of household goods you will have to be moved, stating the approximate quantity in pounds or truck loads. For example - would your household goods amount to a full load or a half load for a 5 ton motor truck?

3. Before you leave Ludlum Beach this office will arrange to remove from the station the apparatus and other property belonging to the Government. In the meantime all property on hand should be listed on Form 30 in duplicate so that there may be no delay in checking up the property when it is removed from the station. (Two copies of Form 30 are enclosed.)

4. Further instructions will be sent you later.

SUBJECT: Passage to tower.

I have been on the station a week and had a 3 day blow from the westard and had to go out of the door to the westard which is the only one and Sunday night the wind caught the door and threw me on the lawn. I am liable to break my neck . There is a passage from the keeper's kitchen to the tower which he refuses to let me use. If this can't be overcome by your authority, my resignation comes effective as I don't want to break my neck.

If you have not got a position as keeper vacant, with quarters accept my resignation to take effect January the first as I am not going to break my home up for an assistant job after being a keeper and you might forward character of discharge.

Sir:

The Department has read with pride the report of assistance rendered by you in rescuing seven members of the crew of a boat which had become disabled in the vicinity of your station, and in recovering the boat which later sank, and is pleased to commend you for the services rendered on this occasion, which constitute another example of valuable assistance being rendered by employees of the Lighthouse Service in times of need. The fact that you have been commended will be noted on the records as part of your official history.

Respectfully,

Enclosed is Form 206 "Record of Physical Examination of Light-Keeper or Assistant Light Keeper", addressed to the United States Public Health Service, requesting that you be given a physical examination, for the purpose of determining whether or not you are entitled to medical relief without charge at hospitals and other stations of the Public Health Service, pursuant to the Act of Congress, approved August 28, 1916. A copy of the provision contained in said Act is quoted in District Circular Letter No.187, dated May 21, 1917.

Under the terms thereof it will be necessary for you to submit to said examination and be found physically qualified before you will be entitled to the benefits provided for by the Act of August 28, 1916. As said benefits will be solely to your personal advantage it is to your interest to give this matter attention at the earliest opportunity.

After you have been given a physical examination by the medical officer designated on attached Form 206, said Form 206 will be returned to you by the medical officer. You will then send it to this office so that it may be recorded, after which it will be returned to you. The original copy of Form 206 will then be your property, and you are directed to preserve it and keep it in your possession for future reference.

The Assistant Keeper is to sign Form 206 where marked "A", and the keeper to sign where marked "B".

SUBJECT: Retroactive Pay of Keepers.
REFERENCE: Bureau letter February 14,1925.

1. Referring to the matter of retroactive pay of keepers; the Bureau is advised that William Hardwick was employed as Keeper of Ludlam Beach Light Station, New Jersey, for the period from July 1,1924 to close of October 8,1924, when he was transferred to the position of 2nd Assistant Keeper of Absecon Light Station, New Jersey, entering on duty in the latter position on October 9,1924. The position of Keeper of Ludlam Beach Light Station was discontinued at the close of October 8,1924, and instructions are requested as to what retroactive pay, if any, should be paid to Mr. Hardwick for the period from July 1,1924 to October 8,1924.

Returned to Superintendent of Lighthouses, Staten Island, N. Y., with statment that the tentative range of Ludlam Light Station was $1200 to $1440. It appears that Hardwick's pay while at that station was $1244.25 including subsistence and longevity. Had the station continued to February 1 apparently adjustment would have been made to $1260 per annum, and this appears to be the proper figure to be used in computing retroactive pay.

Mr. T. F. Jones,
Assistant Chief, Personnel Division,
Department of Commerce,
Washington, D. C.

Dear Sir:

Reference is made to your form of inquiry requesting verification of the arrival and citizenship status of one William Hardwick, who claims to have acquired citizenship through the naturalization of his father, John W. Hardwick.

The files of this office show that one John William Hardwick was naturalized in the County Court, Oneida County, New York, on July 29, 1898. He renounced allegiance to the Queen of Great Britain, and his witnesses were Harry Rycroft and Alfred Moss. Inasmuch as naturalizations which occurred prior to September 27, 1906, make no mention of the wife or minor children of the naturalized person and no documents in support thereof have been submitted to this Service at this time, it is not in a position to vouch for the claim of the son, William Hardwick, to United States citizenship.

The representative of this Service at Philadelphia reports that a careful search of the manifests of the arrivals of the British Princess during the year 1887, failed to reveal a record of William Hardwick. There is attached hereto a Form 2400. If Mr. Hardwick has not already done so, it is suggested that he make application for a certificate of derivative citizenship, which if issued will be in his own name.

Cordially yours,

By direction of the Commissioner,

SPECIAL

Absecon Light Station,
Atlantic City, N. J.

SUBJECT: Charges - absence without authority.

REFERENCE: Your letter of May 29th and previous correspondence.

1. Your acknowledgment of the charge of absence from duty without authority from 8:00 p.m. May 18th to 8:00 a.m. May 20, 1933, also your explanation have been noted.

2. Your statement that you left Atlantic City for Bridgeport, Connecticut to visit a sick relative at 8:00 p.m. May 18th with the intention of being back at the station at 8:00 a.m. May 19th, is at least evidence of lack of good judgment considering the distance and traffic conditions involved, for unless all conditions enroute were most favorable the possibility of making the round trip of 354 miles as well as visiting at Bridgeport, would be rather remote. Furthermore, even though the proposed trip had been accomplished, your ability to properly perform your duties after 12 hours of auto driving is open to question, which in turn raises question as to proper interest in and faithful attention to your duties as required by paragraph 2 of Instructions to Employees.

3. Considering that, as alleged in your letter, your car broke down near Washington Bridge at 3:30 a.m. May 19 and you remained at that point until 6:00 p.m. on that date, your failure to report to the keeper or to notify this office as specifically required by Section 134, paragraph (f) of Instructions to Employees, is not by any means satisfactorily explained, considering present day means of communication and the fact that this office is located but a few miles distant from the Washington Bridge.

4. Considering all phases of the matter, your explanation cannot be considered as satisfactory, and you are hereby cautioned for your action in remaining absent from duty without authority from 8:00 p.m. May 18th to 8:00 a.m. May 20, 1933, and advised that any further repetitions of this character will result in more drastic disciplinary action being taken.

Gentlemen:

Reference your file Misc-2875214.
Inclosed is a letter of Mr. William Hardwick, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period March 1, 1941 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Standard Form 50 (9 Part) describing this retirement. This form shows correct computation of retired pay to be $888.48 per annum, whereas, for the period March 1, 1941 to June 30, 1947, Mr. Hardwick was paid at the rate of $854.75 per annum - an underpayment of $33.73 per year, or $2.82 per month.

Computation of the amount due and appropriations chargeable are as follow:

2011255	- Retired Pay, Former Lighthouse Service, Coast Guard,	1941	$ 11.28
2021255	" " " " " "	1942	33.73

2071255	" " " " " "	1947	33.73
		TOTAL	$213.66

For tax withholding purposes, the records of this office show that Mr. Hardwick claims 2 exemptions.

Mr. Hardwick's mailing address is 1688 N. Donnelly Avenue, Mount Dora, Florida, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

Sir:

Transmitted herewith for administrative examination and report is the claim of William Hardwick, Route 1, Box 73-B, Mount Dora, Florida, for increase in retirement pay covering the difference between the amount paid based on net salary, and the amount due based on gross salary, for the period February 28, 1941 to June 30, 1947, as an employee of the United States Coast Guard, Penfield Reef Lighthouse.

If any amount is found to be due the claimant, there should be transmitted a properly prepared short form pay roll, showing the rate of pay for five years prior to date of retirement, the period covering and appropriation chargeable, together with a certified copy of his appointment.

The enclosure should be returned with your report.

CP-75

14 April, 1941.

Mr. George T. Flynn, Secretary & Manager,
The Bridgeport Credit Rating Bureau, Inc.,
Bridgeport, Connecticut.

Sir:

Reference is made to your letter of March 15 regarding the record of William Hardwick, a former keeper in this Service, who you indicate has applied for employment with a manufacturer of defense materials.

The record shows that Mr. Hardwick was employed in the former Lighthouse Service and the Coast Guard from September 6, 1918 to February 28, 1941 inclusive, a total of more than 22 years in the position of lighthouse keeper. He was retired from this Service effective at the close of February 28, 1941.

Information in the record indicated that Mr. Hardwick rendered assistance to persons navigating small craft who were in distress in 1919, 1920, 1935, and 1936. Assistance rendered in such cases is outside the ordinary duties of lighthouse keepers, and in connection with the assistance rendered in 1920 this employee was commended by the Secretary of Commerce.

The record also shows that this employee was cautioned on one occasion in 1927 for inattention to duty for having left the station for a short time without proper relief or authority. He was also cautioned in 1933 for failure to return to duty at the proper time, in the latter case it is indicated that he was absent to visit a sick relative and that his car broke down necessitating repairs which prevented his return to duty on scheduled time. No further complaints of this character are indicated.

The record does not show that this employee was absent on leave without pay at any time during his entire employment; however, a record of absence on account of sick leave is not maintained in this office. In the event you desire further information regarding Mr. Hardwick, it is suggested that you communicate with the office of the U. S. Coast Guard, Customs House, New York, New York.

By direction of the Commandant.

Subject: Water-Spout.

We saw water-spout coming and blew flaxon to worn vessels around the Light, and fired 4 shots to try and burst it, and started to get the engine hot ready to start it, and it went past the Light. It broke our rowboat that was hanging in blocks, and took firewood off the decks. We were picking up our wood, when we noticed the clubhouse had gone and the yacht with the gentlemen mentioned in letter was in trouble so Asst. Keeper Kenney went to their assistance while I stayed around fixing things up on Light and Asst. Keeper Kenney brought them to the Light and we did what we could for them which was our duty. I put it in Journal. We gave them their supper and dinner. They wanted to pay us for it. We would not accept. Asst. Keeper Kenney picked up their suit cases and other belonging. This happened on the 30th of August 5:30 p.m.

Dear Sir:

We wish to thank through you the Assistant Keeper of Pecks Ledge Lighthouse for the assistance he rendered us in coming to our aid on Betts Island, off South Norwalk, Conn., on August 30th, when our house was blown away by a water-spout and four of the occupants were injured, but were made comfortable and put in shape to make the trip to South Norwalk to receive medical attention.

If the Lighthouse along our Coast are all maned like the one herein mentioned our Coast is surely well guarded.

SUBJECT: Rescue of 7 persons of the crew of Calvin Tompkins.

I was working in the cellar when my wife called me and said there was a boat in the sound and I jumped up on deck and noticed she was in distress and it was impossible for me to get to the east side of the light. The seas were breaking over the rip rap so I lowered a rope and waved for the men to make the west side and slid down the rope and swung on to my power-boat which I have tied up in the harbor and got my anchor rope and when the boat got near I threw them a rope and the boat was half full of water. I finally got them into the harbor and they were all pretty near helpless with the cold and water so I jumped into the boat and got them to the steps and helped them up and I got out of the boat and in 5 minutes it was sunk in the harbor and I still have the boat and I have got the water out of it and hoisted up. When I got out of the boat I found all the clothes I had on the station and had them put them on and made coffee that was 11:15 a.m. o'clock. It was impossible for me to make a landing with them. It was the worst storm I have ever witnessed. I signaled to try to get a tug for to go out and try to get the rest but they never heard the bell. The wind was too strong. It finally lulled down about 4:30 p.m. so I asked them if they would take a chance of going in and they said they would so I took them all in with my power-boat and reported the wreck to the Harbor master and the police station in case any bodies were picked up.

Returned to Superintendent of Lighthouses, Staten Island, N. Y., with statment that the tentative range of Ludlam Light Station was $1200 to $1440. It appears that Hardwick's pay while at that station was $1244.25 including subsistence and longevity. Had the station continued to February 1 apparently adjustment would have been made to $1260 per annum, and this appears to be the proper figure to be used in computing retroactive pay.

SUBJECT: Charges - absence without authority.

REFERENCE: Your letter May 29th and previous correspondence.

1. Your acknowledgment of the charge of absence from duty without authority from 8:00 P.M. May 18th to 8:00 A.M. May 20, 1933, also your explanation have been noted.

2. Your statement that you left Atlantic City for Bridgeport, Connecticut to visit a sick relative at 8:00 P.M. May 18th with the intention of being back at the station at 8:00 A.M. May 19th, is at least evidence of lack of good judgment considering the distance and traffic conditions involved, for unless all conditions enroute were most favorable the possibility of making the round trip of 354 miles as well as visiting at Bridgeport, would be rather remote. Furthermore, even though the proposed trip had been accomplished, your ability to properly perform your duties after 12 hours of auto driving is open to question, which in turn raises question as to proper interest in and faithful attention to your duties as required by paragraph 2 of Instructions to Employees.

3. Considering that, as alleged in your letter, your car broke down near Washington Bridge at 3:30 A.M. May 19 and you remained at that point until 6:00 P.M. on that date, your failure to report to the keeper or to notify this office as specifically required by Section 134, paragraph (f) of Instructions to Employees, is not by any means satisfactorily explained, considering present day means of communication and the fact that this office is located but a few miles distant from the Washington bridge.

4. Considering all phases of the matter, your explanation cannot be considered as satisfactory, and you are hereby cautioned for your action in remaining absent from duty without

authority from 8:00 P.M. May 18th to 8:00 A.M. May 20, 1933, and advised that any further repetitions of this character will result in more drastic disciplinary action being taken.

SUBJECT: Wm.Hardwick,2AK,Absecon Lt.Sta.,transfer.
REFERENCE: Form 73 dated June 23rd,and Department letter of appointment dated June 29,1933.

1. Referring to Form 73 dated June 23,1933 recommending transfer of William Hardwick from 2nd Assistant Keeper of Absecon Light Station,N.J.,to 2nd Assistant Keeper of Penfield Reef Light Station, Conn.,and to Department letter dated June 29,1933 addressed to Mr.Hardwick approving his transfer; it is recommended authority be granted to pay for the transportation of Mr.Hardwick from Absecon Light Station to Penfield Reef Light Station, and the transportation of his household goods from Atlantic City, N.J. to Bridgeport, Conn. Travel Order, Form 31, is enclosed.

2. It is estimated the weight of his household effects is 3000 lbs.,the freight on which would be approximately $34.80; cartage from Absecon Light Station to the freight station would be approximately $25.00, and the cartage from the freight station at Bridgeport to his home would be approximately $25.00, making a total charge of $84.80. In addition to the foregoing this Keeper reports that it would cost about $175.00 for packing and crating to prepare his personal effects for shipment by rail, which sum is considered excess ive. However, if the sum of $20.00 were allowed for packing and crating, the total cost of moving this keeper by rail would be $104.80. As a moving company has quoted $90.00 for moving the effects of this keeper by moving van from Atlantic City to Bridgeport, and as moving by this method eliminates the question of packing and crating, moving by van is the more economical method, and it is recommended that authority be granted accordingly. If this material were shipped by carload lot the freight charges would be from $95.00 to $105.00.

REFERENCE: Letter from this office July 24th and Bureau endorsement July 27,1933.

1. Referring to Bureau endorsement dated July 27,1933 on letter from this office dated July 24,1933 re transfer of William Hardwick, 2nd Assistant Keeper from Absecon Light Station,N.J. to Penfield Reef Lt.Sta.,Ct., and the transportation of his household goods from Atlantic City,N.J.to Bridgeport, Conn.; the Bureau is advised proposals were invited to open at 3 P.M. on August 7th for the transportation of his household goods by moving van between the above-mentioned cities, and five bids were received as follows:-

Continental Delivery Assoc.	$90.00	
Matthews,Inc.	100.00	
John Charleston	100.00	
Eldredge Express & Storage Warehouse Co.	130.00	
Economy Furniture & Storage Co.	80.00	- Received late 8-8-33.

2. It will be noted that the bid of the Economy furniture and Storage Co. in the amount of $80.00 was the lowest received, but the bid was received late, the postmark on the envelope being August 7th, 10 P.M.,which was subsequent to the advertised time for opening proposals. It is recommended that the lowest bid received at the advertised time of opening proposals, that of the Continental Delivery Association in the amount of $90.00, be accepted.

In reference to your nomination of December 26 for the reassignment to duty of Edward T. Pastorini from furlough by transfer from Penfield Reef Lightstation at $1500 to Stepping Stones Lightstation at $1380 where quarters valued at $240 per annum are provided:

Although a valuation of $60 per annum has been placed on the quarters provided at Penfield Reef, the proposed transfer will involve a promotion in gross pay by reason of the family quarters provided at Stepping Stones Lightstation. Therefore the transfer will require Presidential authority. The Bureau has prepared justification and submitted it and your nomination to the Department. Action thereon will be duly referred to you.

In connection with Pastorini's furlough a temporary additional position of second assistant keeper was authorized at Penfield Reef in order that William Hardwick might be transferred thereto. Mr. T. F. Jones,
Assistant Chief, Personnel Division,
Department of Commerce,
Washington, D. C.

Dear Sir:

Reference is made to your form of inquiry requesting verification of the arrival and citizenship status of one William Hardwick, who claims to have acquired citizenship through the naturalization of his father, John W. Hardwick.

The files of this office show that one John William Hardwick was naturalized in the County Court, Oneida County, New York, on July 29, 1898. He renounced allegiance to the Queen of Great Britain, and his witnesses were Harry Rycroft and Alfred Moss. Inasmuch as naturalizations which occurred prior to September 27, 1906, make no mention of the wife or minor children of the naturalized person and no documents in support thereof have been submitted to this Service at this time, it is not in a position to vouch for the claim of the son, William Hardwick, to United States citizenship.

The representative of this Service at Philadelphia reports that a careful search of the manifests of the arrivals of the British Princess during the year 1887, failed to reveal a record of William Hardwick. There is attached hereto a Form 2400. If Mr. Hardwick has not already done so, it is suggested that he make application for a certificate of derivative citizenship, which if issued will be in his own name.

Cordially yours,

By direction of the Commissioner,

Enclosure.

Superintendent of Lighthouses
Staten Island, New York

Reference is made to previous correspondence regarding the establishment of the correct date of birth of William Hardwick, second assistant keeper. The Bureau is in receipt of a letter from the Civil Service Commission dated June 7 to the effect that its records have been changed to show the correct date of birth as October 15, 1877. In the future, caution should be used to see that Mr. Hardwick is consistant in using this date.
