Dear Sir/Madam,

As Vice-Chairman of the Historic Hereford Lighthouse in North Wildwood, New Jersey, I am trying to collect any available information on our former Lighthouse Keepers for our records.

In October 1997 our newletter editor, Phyllis Catanoso recieved the complete personnel file for our 4th keeper William H. Hedges from your office. The cover letter was signed by Sandra Leach "for Pamela J. Carnes." Superintendent Personnel Assistent.

The following are the Lighthouse keepers that I am interested in:

NAME	TIME AT HEREFORD
John Marche	1874
John Nickerson	1874
Freeling H. Hewitt	1874 - 1919
Ferdinand Heizmann	1926 - 1938

If it's possible to obtain the Official Personnel file folder and employee medical folders for these individuals please let me know. Thank you.

Sincerely yours,

Steve Murray

Referring to the vacancy in the position of assistant keeper at your station. Advise this office at the earliest practicable date whether or not you know of anyone who would desire appointment to the position, or who would agree to take the position temporarily. If you know of anyone who would take the position temporarily you are directed to assign him to duty, and advise this office immediately of the date on which you placed him at work. You are also directed to give his first name in full, middle initial, and last name, being very careful to getting the spelling of same correct. Also state whether or not he has any relatives in the services, their names, relationship, how many, and where employed. Also state of what State he is a legal resident.

It is to be noted that men only are to be considered for such position, and that they must be citizens of the United States.

You recently advised this office of the names of three men to whom you furnished application blanks and who, you stated, might be interested in obtaining appointment as assistant keeper of Pecks Ledge Light Station. As this office has heard nothing from the three men referred to you are requested to take the matter up with these men and request that they advise this office as to whether or not they care to be considered for appointment.

Would it be possible for me to gain permission from headquarters to have me wife stay on this lighthouse for the summer months owing to the present high prices, it is almost impossible to keep my family ashore and myself on the light as that is the same as keeping two houses.

For small months back with rent and coal bill ashore and food to buy for all. I have been unable to make ends meet and with permission to have my wife here over the summer months we would be able to pay the bills we owe and get on our feet before the Fall would set in.

Thanking you in advance for any favor and I hope to have a favorable reply.

Inspector Sir;

Reffering to your letter of Jan. 14 1916 about me taking off to much time. Now Paragraph 105, allows six nights a month on isolated Stations. Now I have had 3 nights 3 days and 15 hrs. over. Benjiman Smith the Asst. Keeper had 2 nights and 2 days and 22 hrs. over. Now I am sending you an exact copy of the days and what time we went ashore just the same as what the monthly report of absence was last month. I am very sorry such a mistake is made, this letter would of been answered sooner, only on account of the ice and cold weather Hope this will prove satisfactory

January 28,1916

You letter of January 27th has been received, but it does not furnish the information requested. Letter from this office of January 14th plainly requested that you submit full explanation as to why you failed to make application on Form 76 for leave of absence taken by you during the month of December,1915. You are directed to submit the explanation requested without further delay or correspondence. The letters addressed to you in regard to this matter plainly state what is required, and similar letters have been understood without difficulty by other keepers, which indicates that you either neglected to read the letters carefully or that the understanding of the correspondence is beyond your capabilities.

Your application of January 27th requests that you be granted 3½ days of shore liberty or leave from December 4th to December 27th, inclusive, 1915, whereas the dates given should cover only the number of days leave applied for. For instance, application for 2 days leave on February 1st and 2nd should read, "2 days of shore liberty or leave, from February 1st to February 2nd, inclusive,1916". Correct your application of January 27th and return it to this office promptly, submitting separate forms for each occasion on which you were absent on leave.

Relating to your letter of Jan. 14, 1916. which you have directed me to answer, I will have to say it was a mistake on my part, I over looked it and it had sliped my mind that I should send in Form 76 for all Leave of Absence taking by me, It was because I failed to read the Instructions sent me dated Nov 10, 1914 Circular No 95 but as I said it sliped my mind. I didn't by any means intend to disobey the Light House Instructions, will see that it will never occur again.

I cant send in a duplicate of every night I have had off, because I only have 4 on the station of Form 76. I have corected the ones you send back, are sending them in again and will send the following ones in as soon as I get the forms 76 which I am sending in a Riquestion for Articles

Ferdinand Heisman, Keeper, February 8,1916

Pecks Ledge Light Station,

South Norwalk, Conn.

The two Forms 76, each in duplicate, submitted with your letter of February 1,1916, are returned herewith. In the second line of "Request" you will fill in the total number of days offshore liberty or leave to date during the calendar year 1915. You are also directed to sign the endorsement forwarding leave to this office.

J. T. YATES

Inspector

Ferdinand Heisman, Keeper, Feb. 10,1916

Peeks Ledge Light Station,

South Norwalk, Conn.

The Forms 76 received from you to-day are returned herewith, as same are incorrectly made out. Letter from this office dated January 28,1916 explained clearly the correct manner of filling Form 76 out, notwithstanding which you submit new forms which are entirely wrong and do not follow the instructions.

Your December report on Form 65 states you were absent on leave from 11:30 A.M. on Dec.4th to 10:30 A.M., Dec. 5th. Also from 2 P.M. Dec. 8th to 1:30 P.M. Dec. 10th. Make out Form 76, each in duplicate, to cover those two periods of leave.

The same report states that Smith was absent on leave from 9:30 A.M. Dec. 3rd to 9:00 A.M., Dec. 4th. Also from 2 P.M., Dec.10th to 2:30 P.M. Dec.11th. Make out Form 76, each in duplicate, to cover these two periods of leave.

A sample Form 76 showing how same should be made out to cover the leave taken by you from Dec. 4th to 5th, is enclosed herewith.

Make these forms out correctly, and forward same to this office promptly upon receipt of this letter.

In the absence and by direction of Inspector.

Ferdinand Heisman, Keeper, Feb. 14,1916

Pecks Ledge Light Station,

South Norwalk, Conn.

The four copies of Form 76, each in duplicate, received from you to-day covering leave of absence taken by you and the assistant keeper, are correctly made out with the exception of the number of days of leave taken during the calendar year. In your request for leave of absence from Dec.4th to 5th you state you have had 19 days leave of absence prior to that date. As you took two days leave on those dates, you must have had 21 days leave when you applied for leave from Dec. 8th to 10th. The same applies to leave applied for by the assistant keeper. Make the necessary corrections on the forms, and fill in the "FINAL REPORT" on bottom of same, and return forms to this office. The duplicate copies, which have been retained in this office, will then be filled out and forwarded to you for your records.

IT'S A HOT SEA CHASE JUST TO SERVE WRIT

Detective Does it, and How the Victim Raises question "What Waters Was I In?"

(Special to the World)

SOUTH NORWALK, Conn., June 11--Detective Thomas Leatherland set out for Peck's Ledge Light this morning to serve a write on the keeper, Edward Heizman, in an action brought by Mrs. Heizman, who charges him with non-support. Heizman, seeing the detective's approach, set out in his boat for the Long Island side of the Sound.

After an hour's pursuit, Leatherland overtook Heizman, lashed Game Warden Smith's power boat, in which he was travelling, to the side of Heizman's craft, and, boarding the latter, served the writ. Leatherland says Heizman drew a revolver.

The lighthouse man protested that he was in New York waters, and that a Connecticut writ could not be served on him there. Leatherland laughed at that, and the men grappled. In the end Heizman was bound and flung over the gunwales of his boat into that of Leatherland. In this way he made the trip back to South Norwalk.

Heizman is now being held, pending the giving of a bond. He has retained counsel and intends, he says, to contest the arrest, on the ground that he was forcefully and illegally seized outside the bounds of Connecticut. Heizman has been taken frequently to court on his wife's charges of non-support.
