Mr. Arthur C. Hill, 1st Asst. Keeper,
Seguin Lighthouse, Maine.
(Via Keeper)

I am in receipt of a report from the Keeper of your station, dated December 19, 1937, in which he states that the tramway car ran away on that date, causing damage to the tramway, landing platform and practically destroying the car itself, as well as killing the Keeper's dog.

The Keeper reports that this was the result of neglect on your part, in that you did not instruct Additional Keeper Albert F Osgood (detailed to get the car down the hill) as to the manner of securing the hook on the car hoister wire. While it might reasonably be expected that Mr. Osgood would possess knowledge regarding such matters himself, the fact that he was but recently appointed should have guided you in the matter and the responsibility for the accident is, therefore, primarily yours.

You are, therefore, cautioned to exercise better judgment and increased care in future similar instances, particularly when in charge of the station.

Subject: Induction into Coast Guard Service.

Sir;

In my letter of May 18, 1941, to the Commander of the 1st District I asked to be allowed to take the examination for induction into the U.S. Coast Guard.

This was refused on the ground that I am receiving a pension from the Gov. This pension is received for the loss of the index finger, on my right hand and does not interfer with my physical condition.

My pension papers state "That at any time that I wish to enter any branch of the Military Service, that I can waive the pension and enlist.

I am now ready to do that and would like to take the examination, for the U.S. Coast Guard.

Please advise.

1 August, 1942.

Veterans Administration,
Togus, Maine.

Sirs:

Mr. Arthur C. Hill, an employee of this office, is to be retired 31 July, 1942, under the Lighthouse Service Retirement Act, and this office is endeavoring to credit him with all allowable service.

Mr. Hill states he served in the U. S. Navy from March 28, 1919, to January 4, 1927, and that he is receiving a pension from the Veterans Administration, Claim No. C-2624541.

This office is unable to determine how much, if any of this service is allowable under the Lighthouse Retirement Act. It will therefore be appreciated if your office will advise as to the amount of Mr. Hill's pension, the period of military service on which it is based, and whether it is for service connected or non-service connected disability, also whether his case is affected by Public No. 846, 76th Congress; that is, whether his pension can be construed to be based on a minimum of 90 days of military service.

A prompt reply will be appreciated in order that this retirement will not be unduly delayed.

Very truly yours,

Dear Sir:

This is in reply to your letter of August 1, 1942.

It is shown, from the records in this office, that Mr. Arthur G. Hill is receiving $15.00 monthly pension at the present time, based upon his service in the United States Navy from March 28, 1919 to January 26, 1923. This is further based on a service incurred condition of loss of right index finger, which was suffered during the period of his service and is therefore a service connected benefit.

It is not indicated that his case is affected by Public No. 846, 76th Congress.

Gentlemen:

Reference your file Misc- 2875242. Inclosed is a letter of Mr. Arthur G. Hill, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period September 1, 1942 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Standard Form 50 (9 Part), describing this retirement. This form shows correct computation of retired pay to be $566.35 per annum, whereas, for the period September 1, 1942 to June 30, 1947, Mr. Hill was paid at the rate of $533.45 per annum - an underpayment of $32.90 per year, or $2.74 per month.

Computation of the amount due and appropriations chargeable are as follow:

2031255 -	Retired Pay, Former Lighthouse Service, Coast Guard,	1943 - $ 27.40
2041255 -	" " " " " " "	1944 - $ 32.90
2051255 -	" " " " " " "	1945 - $ 32.90
2061255 -	" " " " " " "	1946 - $ 32.90
2071255 -	" " " " " " "	1947 - $ 32.90
	TOTAL	$159.00

For tax withholding purposes, the records of this office show that Mr. Hill claims 3 exemptions.

Mr. Hill's mailing address is 148 Franklin Street, Ellsworth, Maine, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

Sirs:

Transmitted herewith for administrative examination and report is the claim of Arthur G. Hill, 148 Franklin Street, Ellsworth, Maine, for the difference between retirement pay received based on net salary and that alleged to be due based on gross salary, as a former employee of the United States Lighthouse Service, for the period from August 31, 1942 through June 30, 1947.

In connection therewith, it is requested that this office be furnished with copies of claimant's appointment, promotions, or any other personnel action taken while he was in a pay status for the five year period immediately prior to the date he became separated from the service and placed on retirement, together with a copy of his notice of retirement, showing the date retired and last day of duty.

It is also requested that a payroll voucher be furnished showing the basis on which his retirement pay was computed and the amount he would have received if his retirement pay had been based on his gross salary, together with any other pertinent facts relative thereto. The payroll voucher should include complete citation to the appropriation or appropriations from which paid during the period for which adjustment is to be made by this office.

The enclosure should be returned with your report.

Respectfully,

P. E. Sims

Chief of Section.

Enclosure.

Boston, Mass.,

25 November, 1940.

From: Commander, Boston District.
To: Arthur G. Hill, Assistant Keeper, Goose Rocks Light Station (C/O U. S. Veterans Administration Hospital, Togus, Maine.)

Subject: Leave of absence on account of illness.

Reference: (a) Form 2599.

1. Reference (a) Indicates that you were admitted to the U. S. Veterans' Hospital, Togus, Maine, for in-patient treatment on November 19, 1940.

2. In this connection, you are advised that you will have exhausted all your sick and annual leave to the close of this calendar year on December 3, 1940, and will be carried in a leave-without-pay status, commencing December 4, 1940, in the event you do not return to duty prior to that date.

Sir:

Asst. Keeper A.G. Hill returned to duty on June 27th. He is in bad condition and cannot perform his duties. It is impossible for him to wind the fog signal or to do any work on a ladder or stage and I have to watch him when he is on the ladder leading to the tower. I don"t dare to leave him alone here to take any leave.

During the last two years he has been in the hospital four times and the last two he has not received any relief.

I would have notified you before but he stated that he had made application to you to be entered at the Gov. Hospital at Staten Island and I have been waiting to hear from you.

Please advise what to do with him.

Sir —

Mr. Arthur Hill of the Goose Rocks Light House Station called at my office in regard to his physical condition. I have treated his family at various times.

Mr. Hill has been a patient of my brother, Dr. A.H. Pincher of this city, at various times.

His diagnosis is Spondylolisthesis or Left Sacro-iliac Strain.

Mr. Hill has considerable pain to-day in the left sacro-iliac region, especially on motion, and walks with a limp. He tells me he has recently been at the U.S. Marine Hospital at Portland, Me. where an operation was recommended.

It is not my desire to interfere in any way with the treatment or make any sections that might seem to be out of place, but I was wondering if it would not be possible for Mr. Hill to be sent to the U.S. Marine Hospital at Stapleton, N.Y. for further study of his condition.

Mr. Arthur Gilbert Hill
148 Franklin Street
Ellsworth, Maine

Dear Sir:

The Commission has received reports of the disability which you state occurred April 29, 1940, when employed as an assistant light keeper at Goose Rocks Light House, North Haven, Maine, by the U. S. Coast Guard, South Portland, Maine, and it has been found necessary to disallow your case.

The fact that an injury was sustained in the performance of duty is not established.

Very truly yours,

REQUEST FOR TREATMENT OF INJU[illegible]NDER UNITED STATES EMPLOYEES' COMPENSATION ACT WHEN CAUSE OF INJURY IS IN DOUBT

Employees of the United States are entitled to medical, surgical, and hospital treatment under the provisions of the Compensation Act only for personal injuries sustained in the performance of duty.

29 April (Date.), 1940

To Medical Officer in Charge, U. S. Marine Hospital, Portland, Me.
(Name of U. S. Hospital, U. S. Medical Officer, or Designated Physician.) (Location.)

THE BEARER, Arthur G. Hill
(Name of injured employee.)

is a civil employee of the United States, employed as Assistant Keeper
(Name of employee's occupation.)

at Goose Rocks Light Station (Name of office or establishment where employed.), North Haven, Maine (Location.)

There are reasons to believe that he was injured in the performance of duty on 11 October (Date.),

1936. The alleged injury was due to slipping off stairs leading from top
(Cause of injury.)

deck of light tower

The resulting disability appears to be a recurrence of above-mentioned injury
(Nature of disability.)

You are requested to examine the case and advise this office whether in your opinion the disability is due to the alleged injury. If there seems reason to believe the disability may be due to injury alleged, treatment should be rendered as provided by paragraph 83 of the Compensation Commission's Regulations (edition of 1919) until it can be definitely ascertained whether the case is one for which treatment should be continued under said regulations and the Compensation Act.

With regard to claim submitted by you for reimbursement of expenses entailed in connection with medical treatment obtained at Rockland, Maine, and Portland, Maine, last winter, you are advised that the Bureau of Lighthouses has informed this office that as reimbursement can be approved only on the ground that the station is isolated, and as approval would in effect require the holding that this is an isolated station within the meaning of the law and regulation, which would be effective for future cases as well as this one, and as I do not feel that it can be stated that Goose Rocks is isolated from public health service facilities at all times and under all conditions, the Bureau has therefore indicated that your claim will not be transmitted to the Secretary of Commerce for consideration.

SUPT. OF LIGHTHOUSES

June 13, 1939

SUBJECT: 1st district indorsement June 7, 1939, returning Bureau indorsement June 5, 1939, on 1st district letter May 31, 1939, relative reimbursement to Arthur G. Hill, Asst.Kpr., Goose Rocks Light Station, Maine, etc.

Returned to Superintendent of Lighthouses, South Portland, Maine. Since reimbursement can be approved only on the ground that the station is isolated, it appears that approval would in effect require the holding that this is an isolated station within the meaning of the law and regulation, which would be effective for future cases as well as this one. And in view of your statement in the first part of last paragraph, the Bureau does not feel that approval can consistently be given, and it returns the voucher for disposition by you.

It is possible that after consolidation with the Coast Guard has been effected this entire matter may be appropriately reconsidered and may be brought up again as may be deemed advisable.

eration and report. Your statement in paragraph 2 as to isolation of Goose Rocks Light Station has been read in connection with last paragraph of your letter of April 25th. Attention is again invited to the provisions of Bureau Circular No. 312 of December 14, 1931, and the regulations inclosed therewith. It was plainly the intent of this circular that Superintendents upon receiving it would carefully consider the condition of stations in their districts with respect to isolation and submit for Bureau and Department consideration and approval any stations that were regarded as isolated within the definition of the regulation. Advance approval was contemplated as appropriate in carrying out the intent of the law and regulation. It is noted that although nearly eight years have elapsed since the regulations was issued the first district has not heretofore submitted any stations as coming within their provisions, nor in the present instance is there specific recommendation for approving Goose Rocks Light Station as an isolated station.

In view of the foregoing and of the fourth paragraph of your letter of April 25th, it is believed the situation should receive consideration from the point of view of your district as a whole and further recommendation submitted, which should include other stations if any are deemed to satisfy the conditions of Bureau Circular No. 312 of December 14, 1931, The voucher of A.G.Hill will in the meantime be held by the Bureau.

For your information it may be stated that except for stations in the three outlying districts the only stations heretofore submitted for approval as isolated have been two remotely situated stations in Lake Superior in the Eleventh District.

For the Commissioner:

C P Harman

Office of Superintendent, First District
259 High Street, South Portland, Maine
June 7, 1939

Returned to Bureau. With reference to first paragraph of the above endorsement, Bureau is advised that when its circular letter No. 312 was received on December 18, 1931, the then Superintendent considered its provisions and came to the conclusion that a recommendation by him for inclusion of any of the light stations in the First District in the list of those to which the benefits of the Act of February 25, 1925, might be extended was not justified. With regard to the absence of any recommendation subsequently for the extension of the benefits of this Act to light stations of the First District, the Bureau is advised that there has been no occasion to make such recommendations in view of the fact that succeeding Superintendents have not considered any of the stations of the First District isolated

within the meaning of the Act or the regulations promulgated by the Secretary of Commerce, and it was only the inquiry made of this office by Mr. Hill which actuated this office in the instant case.

As stated in paragraph two of district letter of May 31, Goose Rocks Light Station is not considered an isolated light station within the meaning and intention of the Act and regulations under consideration to the extent that this office would feel justified in recommending the extension of the benefits of the Act to it as a continuing policy, and had it not been for the unusual amount of expense involved in this particular case the matter would not have been referred to the Bureau at all. However, as stated in third paragraph of district letter of April 25, 1939, paragraph eight of the regulations promulgated under the Act might appear to allow the consideration of individual cases involving merit and it was for this reason the case was forwarded to the Bureau in the first instance.

I am not prepared to recommend the inclusion of any light stations in the First District to receive the benefits of the Act, even Goose Rocks Light Station, as a continuing policy. If the Bureau does not feel that it is justified in forwarding this case to the Department for consideration under paragraph eight of the regulations, on the assumption that the first sentence thereof is not applicable in a case of this sort where the peculiar circumstances of a particular case are such that the Superintendent desires to recommend all possible consideration yet cannot reasonably state that the station is isolated within the meaning and intent of the regulations, it is recommended district be so advised and reimbursement be denied Mr. Hill.

Commissioner of Lighthouses:

With reference to Bureau endorsement of May 2, 1939, file 432-1, there is herewith voucher in the amount of $19.10 to effect reimbursement to Arthur G. Hill, Assistant Keeper, Goose Rocks Light Station, Maine, for the cost of transportation and subsistence incident to travel to Rockland and Portland, Maine, between January 30, 1939 and February 28, 1939, for the purpose of obtaining treatment from the Public Health Service. The voucher has been drawn on the basis of payment of $2.00 per diem in lieu of actual expense for subsistence as submitted by Mr. Hill and while the total amount shown on the voucher is somewhat less than Mr. Hill's actual expenses, this is entirely agreeable to him.

Goose Rocks Light Station while not isolated to any great extent from a shore base is, due to the inadequate transportation facilities, more or less remote from Portland. The Public Health Service, moreover, insists upon the utilization of the Marine Hospital at Portland, Maine in all cases where it is possible for the employee to proceed to that institution, and it will be noted from the voucher the expenses incident to these two trips are considerably more than a light keeper being paid no more than Mr. Hill receives should be expected to bear himself.

The voucher has been prepared on the basis that after its approval by the Secretary of Commerce it will be returned to this office for scheduling to the Regional Disbursing Officer, Portsmouth, for payment, inasmuch as Bureau endorsement did not indicate that it was desired to have the voucher submitted for direct settlement.

In connection with payment for steamer fares between North Haven and Rockland and bus fare between Rockland and Portland, Mr. Hill did not, of course, take receipts for these fares inasmuch as his request for reimbursement did not originate until a considerable length of time after his return to duty. The obtaining of receipts at this time would be impracticable. This office can certify, however, that the rates stated in the voucher are correct, and from personal knowledge of the case can also state that the transportation as stated in the voucher was actually performed.

Commissioner of Lighthouses

Attached is correspondence with Mr. Arthur G. Hill, Assistant Keeper, Goose Rocks Light Station, Maine, inquiring as to whether or not the Government can pay for traveling expenses in connection with treatment from Public Health Service authorities at Rockland, Maine, and Portland, Maine, as per detailed list contained in his letter of March 25, 1939.

Reference is made in this connection to Bureau circular letter No. 312 of December 14, 1931, from which it would appear that specific authorization is necessary in cases other than those involving the stations listed therein.

This case is submitted for the Bureau's consideration, however, in accordance with provisions of paragraph 8 of Departmental Regulations which accompanied Bureau circular letter above mentioned.

It might be stated that while this is considered a deserving case, in view of the amount of money involved and the comparatively small pay of light keepers, its approval might constitute a precedent as there are other stations equally as distant from Public Health Service hospitals, although the expense involved in any case would not be as great as this one where stop-overs were necessary in connection with both trips.

With respect to last paragraph of your above letter if it is considered any stations in your district are isolated within the meaning of the act of February 25, 1929, a list of same may be submitted to the Bureau for approval by Department, giving location of station, distance to Public Health Service facilities and modes of transportation available. I am in receipt of a report from the Keeper of your station, dated December 19, 1937, in which he states that the tramway car ran away on that date, causing damage to the tramway, landing platform and practically destroying the car itself, as well as killing the Keeper's dog.

The Keeper reports that this was the result of neglect on your part, in that you did not instruct Additional Keeper Albert F Osgood (detailed to get the car down the hill) as to the manner of securing the hook on the car hoister wire. While it might reasonably be expected that Mr. Osgood would possess knowledge regarding such matters himself, the fact that he was but recently appointed should have guided you in the matter and the responsibility for the accident is, therefore, primarily yours.

You are, therefore, cautioned to exercise better judgment and increased care in future similar instances, particularly when in charge of the station.

Your letter of the 27th:

The matter of claim for compensation or disability allowance as a result of alleged injury sustained while serving in the Navy is a personal matter between you and the Veterans' Administration and correspondence between you need not be routed through the Keeper or through this office. However, should you receive any monetary allowance for disability, a report of the fact should be made to this office for our records, showing claim number and amount of compensation or allowance awarded. This can be done by submitting the attached form at the proper time.

You are at liberty to have any examinations you desire at your own expense, or you can have an examination by the Public Health Service physician at Bath for which a form 207 will be sent you when you desire to go.

STATEMENT OF WITNESSES

[The statement of witness should tell just what the witness saw personally, or, if he did not see the injury occur, just what he knows about it and when and by whom the information was given him.]

Mr. Hill had 12 midnight to 6 a.m. watch, thick weather until 4.15. Stopped signal at this time. At about 5.30 a.m. he left his quarters, went to the oil house, got oil for tower light, went up in tower, turned off light, pulled down shades, put on lens cover, then went down the stair to fill tank on first deck from top of tower. It appears both feet slipped at the same time as I found two distinc shoe marks on the white pain about eighteen inches in length, eight inches down from the stone masonry, two pods of blood about one foot from top of second stairway showed marks on floor, showed Mr. Hill had a hard time trying to gain his feet. He reported to me just as soon as he was able to get down and out the tower.

Sir:

Referring to your statement dated December 20, 1935, covering services rendered to Arthur G. Hill, Second Assistant Keeper, Isles of Shoals Light Station, New Hampshire, on November 16 and 20, 1935, in the amount of $7.00, you are informed that as it appears this treatment was for hemorrhoids and as it is not clearly shown that disability was due to conditions of employment solely, Mr. Hill has been advised that his failure to utilize the services of Dr. Wendell P. Clare, the regularly appointed Acting Assistant Surgeon of the United States Public Health Service employed to treat light keepers in the vicinity of Portsmouth, New Hampshire, for ordinary illnesses, it will be necessary for him personally to reimburse you for the cost of this treatment.

(Via Keeper)

Referring to correspondence with the keeper regarding treatment rendered you by Dr. Herbert L. Taylor of Portsmouth, New Hampshire, during the month of November for hemorrhoids, you are advised that inasmuch as the United States Employees' Compensation Commission would undoubtedly disallow any claim for payment of these services on the basis of an alleged injury received in the performance of duty, the disability would assume the character of an ordinary disability for which the United States Public Health Service provides treatment free of expense to you, and as the services of Dr. Wendell P. Clare, the regularly appointed Acting Assistant Surgeon of the United States Public Health Service, were not utilized in the case, it will be necessary for you to pay this bill personally.

It is not intended to advise you that you cannot make claim on the United States Employees' Compensation Commission for payment for the services rendered on the basis that your condition was due to an injury received in the performance of duty, but the Commission has consistently held in cases of this sort that the disability must be clearly shown to have arisen through conditions of employment only and it is very difficult to do so in connection with disabilities of this nature.

Dr. Taylor is being advised accordingly.

Keeper, Isles of Shoals Light Station, New Hampshire

Referring to your letter of the 9th instant in reply to mine of the 6th regarding treatment of Second Assistant Keeper Arthur G. Hill by Dr. H. L. Taylor of Portsmouth, you are informed that the United States Employees' Compensation Commission as a general rule disallows claims of injuries received in line of duty where the disability is of a character such as hemorrhoids, etc. Your attention is invited to circulars on file at your station outlining the procedure to be followed in cases of treatment for injuries received in line of duty and in cases covering illnesses or injuries not received in line of duty. From these circulars you will note that Dr. Wendell P. Clare, 426 State Street, Portsmouth, New Hampshire, is the Acting Assistant Surgeon employed by the United States Public Health Service to render professional services to members of the Lighthouse Service in the vicinity of Portsmouth in cases of illness or injury not received in performance of duty.

In order that this office may determine what further action is necessary in this case, you are requested to advise whether Mr. Hill went to Dr. Taylor on his own volition or whether he was directed to go to Dr. Taylor by you, and, if the latter, whether your action was based on the assumption his disability was the result of an injury received in line of duty. It is noted that no notice of injury is on file covering the case.

In future similar cases, to avoid complications, it is suggested that disability of this or any other similar nature be treated by the regularly appointed Public Health Service physician due to the difficulty of connecting it with an injury received in performance of duty. If in this particular case Mr. Hill went to Dr. Taylor on his own volition, have him submit a written statement as to his reasons for the action.

Referring to your letter of Dec. 11th 1934 in regards to Arthur G. Hill, Asst Keeper.
Mr Hill seems to be taking hold of his work much better since Mr Sampson talked with him. And in regard to his Boat manship. His experience we

in handling row boat is very limited.
But I thinks if given time he would learn.
When he reported at Bear Island I supposed
he had been instructed in the duties and
work he was supposed to do on a light-station,
But he tells one the Keeper where he was did not
give him any instructions as to his duties. I
brought his attention to the book of instructions to
Keepers. He seemed to be afraid to ask about any thing
or to do any thing. for fear it would not be right. But
since I talked with Mr Sampson. I had a talk
with him, and he seems willing to take hold and

Arthur G Hill, Additional Keeper,
(Via Keeper, Isles of Shoals LH., NH.)

1. In connection with travel orders herewith directing you to proceed from Isles of Shoals Light Station, N. H., to Beat Island Light Station, Maine, for temporary duty to relieve the Keeper thereof during the time he is engaged in repairs to daymarks and during the absence of Additional Keeper Truman M. Lathrop, regularly assigned thereto, the following instructions are given regarding travel. Preserve them for guidance in future cases:

Immediately upon receipt of this letter, SIGN THE IDENTIFICATION CARD "Arthur G. Hill" in the left hand margin. Sign the receipt for the card and mail the RECEIPT in to this office at the first convenient opportunity. KEEP THE IDENTIFICATION CARD, for use in establishing your identity when presenting transportation requests for tickets, should you be required to do so.

Just before presenting the enclosed Government Transportation Request to the ticket agent to obtain bus ticket from Portsmouth, N.H., to Bangor, Maine, insert the date and sign BOTH COPIES in the lower right hand corner "Arthur G. Hill" - written, not printed. Also insert the cost of the ticket (which you may ascertain by inquiry of the ticket agent) in the block headed "Value" on the memorandum (white) copy of the request. The ticket agent will keep the original (green) copy. You are to mail the memorandum (white)copy in to this office at the first opportunity after it has been used.

Take good care of the identification card and this and any future transportation requests which may be sent you for travel, as you will be held financially liable should they become lost and be used by some unauthorized person. This is the reason for not signing transportation requests until just prior to their presentation for tickets, and for signing the card immediately it is received by you.

Keep a record of the time you leave Portsmouth, the time you arrive at and depart from any point enroute at which there is a stop or change in conveyance, and the time you arrive at your next post of duty. Report this information by letter to this office immediately upon arrival at post of duty.

Take receipts for any transportation expenses for which you are required to pay cash. If in any case you cannot obtain a receipt, submit full explanation of the reasons when submitting memorandum of travel expenses. No receipts should be taken for meals and/or lodging and you will be reimbursed on the basis of time traveled at the rate of $3.50 per day of 24 hours, with proportionate reimbursement for

parts of a day consumed, while enroute between duty stations. A book of receipt forms is enclosed together with a copy of Government Travel Regulations. Receipts should be prepared as per specimens therein.

Should you be prevented from completing travel as ordered in any case, phone this office immediately (calling Portland, Maine, 3-7218, and asking that the charges be reversed - DO NOT ASK FOR THE SUPERINTENDENT OF LIGHTHOUSES OR ANYONE IN PARTICULAR), explaining the circumstances and requesting orders.

A supply of envelopes in which to submit memorandum copies of transportation requests issued for your use and to forward letters to this office in case it should be necessary to write any at any time while enroute, is herewith. Letters written from a light station must be forwarded through the keeper in charge.

A memorandum book in which to keep a "log" of your travel, from which to prepare memorandum of travel to be submitted to this office, is also enclosed, as is an indelible pencil, which is to be used to sign transportation requests, which are required to be signed either in ink or indelible pencil.

2. Read these instructions and the travel regulations (so far as they may apply to you) and if there is anything that is not clear to you or any questions you may wish to ask, write a letter regarding them.

Mr. Arthur G. Hill,
148 Franklin Street,
Ellsworth, Maine.

Dear Sir:

In reply to your letter of 27 October, 1942, please be advised that upon checking your leave card it is noted that you did not have 15 days leave coming to you as of 31 August, 1942.

The record shows that a leave slip was approved granting you 15 days leave from 1 to 16 September, 1942 which was intended to cover an advancement of leave and was done previously to the receipt of the approval of your retirement, which was to become effective 31 August, 1942. In this connection, you are further advised that you do not accrue leave while in a leave without pay status. This perhaps is the reason for your error in calculation.

With regard to your retirement pay, you are advised that this matter is handled entirely by our Headquarters at Washington, D. C., and no doubt in due time, you will receive complete information regarding your retirement pay.

G. J. O'LEARY,
By direction.

1. Headquarters has made a recomputation of the retirement pay of Mr. Hill, based on 15 years, 6 months, and 1 day of Government service. The last five-year period has been changed to show the beginning date as 22 June, 1937, and the ending date as 31 August, 1942 exclusive of the leave without pay from 1 February to 9 April, 1942 inclusive. The recomputation shows the annual rate of retirement pay to be ($1376.40 x years 15.5028 ÷ 40) $533.45.

2. Amended Department notice will be forwarded upon receipt in Headquarters.

(Yes or no)

RULES FOR SALARY ADVANCEMENTS.-Subject to conditions established by law and Executive order:

A. An employee whose efficiency rating is "Excellent" or "Very Good" is eligible for salary advancements to the highest rate of compensation in the grade.

B. An employee whose efficiency rating is "Good" is eligible for salary advancement up to and including the middle rate of compensation in the grade (C.S.C.Dept'l Cir. 302).

RULES FOR SALARY REDUCTIONS, DEMOTIONS, OR DISMISSALS.-The following rules are prescribed for the demotion of an employee to a lower grade position, reduction in salary, or both, or dismissal from the service as a result of an efficiency rating (C.S.C.Dept'l Cir. 302):

A. The rate of compensation of an employee whose efficiency rating is "Fair" shall be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it shall not be subject to reduction on that account.

B. An employee whose efficiency rating is "Unsatisfactory" shall not be permitted to remain in his position. If he is serving his probationary period, he shall be separated from the service under the rules prescribed for such cases. If he has completed his probationary period, he shall be assigned to a position more nearly commensurate with his ability, in a lower classification grade, and his rate of compensation shall not be in excess of the middle rate for such grade, or if no suitable vacancy is available in a lower classification grade, he shall be separated from the service for inefficiency.

C. No employee who has completed his probationary service shall be demoted to a lower grade position, reduced in salary, or dismissed from the service on the basis of an efficiency rating covering a period of less than 90 calendar days.

INSPECTION OF RATINGS BY EMPLOYEES:

A. A list of all ratings on Standard Form 52 shall be open to inspection by any employee of the department, independent establishment, or other agency under such conditions as to time and place as the head of such organization may prescribe (C.S.C.Dept'l Cir. 302).

Subject: Retirement on account of physical disability.

Reference: (a) Your letter 3 June, 1942 (75).
(b) DCGO1NAV letter 29 May, 1942 (75).

1. Replying to reference (a), you are advised that all military discharges received at the former Lighthouse Office at South Portland, Maine, were returned to the respective employees after having served their purpose.

2. The records of this office indicate that you served in the U. S. Navy from March 28, 1919 to January 4, 1927, and from September 28, 1934 to June 30, 1942. Inasmuch as your first enlistment can only be verified as to active duty, it will be necessary to verify your military service from September 28, 1934 to June 30, 1942, to determine whether or not you were on active duty during the entire period, in order that you may be eligible for retirement at this time.

3. In this connection, it is requested that you inform this office as to the place of your second enlistment and an endeavor will be made to verify the service claimed.

4. No action will be taken on your retirement until the necessary information is received.

5. For your further information, you are advised that you will have 15 years, 4 months and 1 day's service to the close of 30 June, 1942, provided your total military service is active. No leave without pay is computed for retirement purposes. In the case the military service claimed by you is not active service, you will not be eligible for retirement at this time since you will not have had 15 years active Government service.

Sir:

Asst.Keeper,Authur G.Hill returned(after an absence of three months and 10 days)to duty on April 10th.His condition has not improved,but is worse than when he left.He cannot make the landings,fromboat onto the ladder,that leads to the main deck,with out help. Cannot climb the inside stairs without the help of the hand rail and cannot do but very little work around the station.He is more of a liability than an asset here.

The Doctors,at the Hospital must know his condition and what his duties are here and I cannot reason out why he was sent back to duty.

The U.S.Employees Compensation Commission Has refused Him any more medical aid and I don"t know what to do with him.

Will you please advise.

STATEMENT OF WITNESSES

[The statement of witness should tell just what the witness saw personally, or, if he did not see the injury occur, just what he knows about it and when and by whom the information was given him.]

On the morning in question I was roused on or about 6 AM. by Asst Keeper Arthur G. Hill. He appeared to be in severe pain. Told me he had slipped off stone masonery inside of lantern deck. He was bleeding about the face and complained of difficulty in breathing. I sterilized and dressed the face injury, called my superior in Portland, Maine, called Dr. Snipe, of Bath Maine, called the office in charge of the Kennebec River Coast Guard Station and he sent members of his crew to take Arthur G. Hill ashore. I found blood stains on first deck where Arthur G. Hill hit, shoe marks on deck and side of tower showed he had difficulty in getting to his feet. I wish to add that this is a dangerous stairway, I also slipped from the stone masonery and received a back injury which still gives me trouble. I was laid up about 20 days.

Signed this 23 day of March, 1942.

From: Keeper, Goose Rocks Lt.Sta.

Subject: Asst.Keeper, Authur G.Hill, Disability.

Sir:

In my letter, to the Commander, of July 4, 1940 I reported the condition of Asst.Keeper A.G.Hill and he has grown steadily worse since that time.

During the last three years he has been in the hospital five times and has not been helped in any way. During the last year he has not been able to perform half his duties and at times he is almost helpless. This is due to the condition of his back and left leg. I don"t dare to have him work on ladders at all.

In landing at this Station it has to be done from a small boat, on a ladder attached to the station and at times we have hard work to make it and it is difficult for Mr.Hill to land at all times.

He has had medical care whenever he could get to the U.S.Medical Officer and they claim he cannot be cured and that he ought to be sent before a Medical Board of Survey, as he has not been able to wind the fog signal for some time.

I am sending him in to the hospital, at Portland, Me. as he is not able to do anything here.

Veyy truly yours

Dear Sir:

The Commission has recently received Form CA-2 alleging a recurrence of disability in the case of Mr. Arthur G. Hill, who sustained an injury October 11, 1936, while employed as lighthouse keeper, U. S. Coast Guard Lighthouse Service at Goose Rocks Lighthouse, North Haven, Maine.

Inasmuch as the evidence is entirely inadequate to show that Mr. Hill's present condition bears any relationship to the injury of October 11, 1936, he would not be entitled to any additional benefits of the Compensation Act, medical or otherwise.

Very truly yours,

On October II, I936, I fell in the tower at Seguin Light Station and injured my ribs and head, also my Hip, but at the time there was no report made about my hip. It has bothered me ever since and I have been in the Marine Hospital several times with it, that is what is bothering me now.

I wish to know if there is any way to reopen the report of that accident of October II, I936, So that I can try and prove that this trouble was caused at that time, and be put on compensation?

(Act of March 4, 1925)

NAME OF CLAIMANT Arthur G. Hill DESIGNATION Assistant Keeper

Height 57½" Weight 150 pounds. Complexion medium

Color of eyes greyish-brown Color of hair black - greyish-streaked

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination:

Description of duties of position (to be filled in by district commander): Responsible for the operation and maintenance of the light and fog bell at the station. The duties also necessitate ascending steps of a 50-foot tower to attend light four times a day and require hauling of station boats on davits as well as handling station supplies in the same manner.

In addition to the above, the performance of duties at Goose Rocks Light Station includes painting and other miscellaneous repairs for general upkeep of the station.

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Pain, left hip, into toes - all the way down legs; constant, dull ache, which becomes real sharp when attempting to lift anything very heavy. Walking increases pain, and he is unable to climb ladders - onset since fall in tower Seguin Light, late in 1936, cut on forehead and fractured ribs were most of trouble at the time - thought back was just muscles soreness. Back caused no trouble until about a year later; had hemorroidectomy, but back pain grew worse. Hip joint is getting "stiffer"

General impression Arthritis, chronic, mild, lumbar spine; Contracture of fascia, left gluteal

Here describe fully nature of disability: Examination 2-25-42 showed contracture of left fascia lata; incision for the relief of the contracture was recommended and done on March 3, 1942. At present he is in the hospital convalescing from the treatment. It was the opinion of the Staff that the patient should be given the above treatment as a means of relief for the disability and before any definite opinion can be submitted, it is thought advisable to wait until he has fully recovered from the operation. The estimated time necessary, is about three or four weeks - at which time we feel that we shall be able to see the results and to give some definite information regarding the matter.

Is disability to perform duty of a permanent character? See above

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? Possibly Do you recommend reexamination with this in view? yes

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

Sir:

In my letter of May 18, 1941, to the Commander of the 1st District I asked to be allowed to take the examination for induction into the U. S. Coast Guard.

This was refused on the ground that I am receiving a pension from the Government. This pension is received for the loss of the index finger, on my right hand and does not interfer with my physical condition.

My pension papers state "That at any time that I wish to enter any branch of the Military Service, that I can waive the pension and enlist.

I am now ready to do that and would like to take the examination, for the U. S. Coast Guard.

Please advise.

BOSTON DISTRICT RECEIVED JUN 1 1941 U.S. COAST GUARD

I have not received papers for examination for induction into the U.S. Coast Guard and would like to have them.

I enlisted in the U.S. Navy on March 28, 1919 and was discharged Jan. 4 1927, as a gunners mate, 3rd class and recommended for reenlistment. Part of this time I was coxswain of power boats.

I was enrolled in the U.S. Light House Service on Sept. 28, 1934 wherw I am at the present time.

I have been employed as a gas engine mechanic most of the time between my Gov. enlistments.

If inducted I would like to take the examination for a machinist mate, but will accept any rateing.

Age 39. years

(Via Keeper)

I am in receipt of a report from the Keeper of your station, dated December 19, 1937, in which he states that the tramway car ran away on that date, causing damage to the tramway, landing platform and practically destroying the car itself, as well as killing the Keeper's dog.

The Keeper reports that this was the result of neglect on your part, in that you did not instruct Additional Keeper Albert F Osgood (detailed to get the car down the hill) as to the manner of securing the hook on the car hoister wire. While it might reasonably be expected that Mr. Osgood would possess knowledge regarding such matters himself, the fact that he was but recently appointed should have guided you in the matter and the responsibility for the accident is, therefore, primarily yours.

You are, therefore, cautioned to exercise better judgment and increased care in future similar instances, particularly when in charge of the station.
