8. The Health Record shall accompany a patient when transferred to or from hospital or when applying at an out-patient office. It shall not be forwarded through official channels, but shall be taken by the patient in a sealed envelope or by a responsible person accompanying him, and delivered with the patient to the official receiving the patient. Upon the patient's return to his unit the Health Record is to be delivered to the custodial officer.

9. If for any reason it becomes necessary to forward the Health Record to Headquarters, other than for termination of service noted thereon, it shall be accompanied by a letter stating the reason.

10. **Physical Examination Record.**—The Coast Guard Board or officer making the request for physical examination shall send to the medical board or officer two forms for physical examination record, already made out down to but not including place and date. The medical board or officer shall make out the rest of the Physical Examination Record in duplicate. In case of appointments or promotion of an officer, both forms shall be mailed by the board or officer direct to Headquarters. When promotion is made the original will be forwarded to the unit for insertion in the Health Record on top of the last Physical Examination Record. The Health Record shall be retained, but altered to show the promotion and new rank. No part of the Health Record is to be sent to Headquarters at this time. In case of enlistment both forms shall be returned to the enlisting officer, who will forward the original to Headquarters with other supporting papers after enlistment has been accomplished. The duplicate will be placed in the man's Health Record. In cases of reenlistment both forms will be forwarded to Headquarters for action and reenlistment will not be effected until duplicate copy is returned showing Headquarter's action. Upon receipt of duplicate copy from Headquarters same will be inserted in the Health Record.

11. The record shall be typewritten, if possible, and must be completely filled in as called for by the items on the form and in accordance with the instructions relative to the making of physical examinations. If any space is insufficient, the space under "Remarks" may be used.

12. The nature and degree of all physical defects of persons accepted for service in the Coast Guard must be fully described in order that no improper claims for compensation or pension may be allowed. Particular attention should be paid to those conditions which may not be disqualifying but which might be made the basis of such claims on the ground that they have developed or have become disabling while the person was in service. Waivers may be recommended by the medical examiner in accordance with the instructions relative to physical examinations, but the waiver must be authorized by the Commandant before the person is accepted.

13. **Extension of enlistment or change of name** shall be noted on the Medical History Sheet. In the case of change in name, the name shall be corrected wherever appearing in the Health Record.

14. **Termination of Health Record Sheet.**—Upon termination of a person's service (discharge, resignation, desertion, retirement, or death) the termination of Health Record Sheet shall be filled in and the Health Record forwarded to Headquarters. If for reasons other than physical disability, a physical examination of the person shall be made in accordance with Coast Guard Regulations, and notations made as called for by the form. Termination of service should be understood as definite separation from the service or from active duty in case of retirement. Discharge for immediate reenlistment, at the same unit, resignation of temporary status to continue in regular status, or retirement with continuation on active duty are not to be considered as termination of service.

15. **Dental Record.**—The Dental Record is intended for the use of dental officers only. The record of first dental examination should be filled in at the first visit to the dental officer. All dental treatments following the first examination shall be recorded on the proper diagram and noted on the reverse of the sheet with sufficient entries to show beginning and end of treatment, diagnosis, and nature of treatment.

16. Dental treatments shall not be entered in the Medical History Sheet except those incident to treatment of a medical condition. However, notes of unusual dental conditions or treatments which may be of medical interest may be made in the medical history.

17. When a patient is sent for dental treatment, the Health Record will be sent to the dental officer concerned. Upon completion of treatment and necessary entries on the Dental Record Sheet, the dental officer will immediately return the Health Record to the custodial officer.

18. Dental officers shall notify the proper medical officer of any case which may require medical attention.

19. When dental work is done by a private dentist, the person will take a blank dental record sheet to the dentist and request him upon completion of treatment to enter briefly thereon the dental work done. This sheet shall then be inserted in the Health Record.

20. **Vaccination and Inoculation Record.**—Smallpox vaccination and typhoid prophylaxis shall be noted in the spaces provided for these entries. These spaces shall be used only for these operations done after the person has entered the Coast Guard. Statements of these operations done previously shall be noted in the Medical History. Results of smallpox vaccination shall be entered as "PR" (primary reaction); "AR" (accelerated reaction); "IR" (immunity reaction); of "F" (failure). These terms are explained on the back of the record sheet. When vaccination or inoculation is completed, report of same with result shall be entered on the record sheet.

21. **Medical History Sheet.**—As the medical history is continuous, care must be taken to indicate the name of the place and date of each entry and to number the sheets consecutively. The full name, serial number, rank, or rating of the patient shall be entered upon each sheet. The name of a Coast Guard unit is usually sufficient when a man is treated there; as, "CHELAN", "BASE TWO", etc. The name of the city or town should be stated when necessary to complete the sense; as, "U.S. Marine Hospital, Stapleton, N.Y."; "U.S.P.H.S. Relief Station, Philadelphia, Pa.", etc.

22. Daily entries are not obligatory, but entries shall be made as often as required to give concisely the diagnosis, origin, misconduct status, and all essential details regarding symptoms, course, laboratory findings, treatment or refusal of treatment, and results. If a conflicting opinion relative to origin, misconduct status, etc., is subsequently expressed by the same or some other medical officer, the reason for such change shall be fully stated. Diagnosis shall conform by name and number to the Official Nomenclature of the U.S. Public Health Service.

23. Trivial affections not requiring admission to the sick list may be indicated by a "note." No case of venereal disease and no case involving absence from duty on account of sickness shall be recorded as a "note" on the Medical History Sheet.

24. Should a wrong entry be made, it shall not be erased or changed, but an additional entry shall be made showing wherein and to what extent the original entry is in error, then signed by the medical officer.

25. In the case of a unit having a pharmacist's mate but no medical officer attached to it, the pharmacist's mate shall make and sign entries in the Health Record covering treatments given by him. In case there is neither medical officer nor pharmacist's mate, entries should be signed by the officer who gives the treatment.

26. As the Health Record is to continue during a person's entire service, it may become too bulky, by reason of accumulation of Medical History Sheets, to be conveniently handled. In such cases these sheets may be removed and forwarded to Headquarters, except a few sheets of the latest dates. An abstract will be made of the removed sheets when received by Headquarters and the abstract will be forwarded to the unit to be inserted in the Health Record. After the receipt of the abstract the unit when forwarding additional Medical History Sheets from time to time will enter upon the Abstract Sheet the data as shown in the Medical History Sheets prior to mailing to Headquarters. In this manner the Abstract Sheet will always be current after it is once issued.

27. The Medical History Sheets for officers are kept in the same manner as for enlisted men, but should be disposed of in the following manner: Upon completion of annual physical examination, all sheets containing medical history entries made during the preceding 12 months shall be detached and forwarded attached to annual physical examination reports to the Commandant, U.S. Coast Guard, care being taken to place the name in full, together with the date on the top sheet. If on the sick list at the time, procedure may be delayed until discharged from treatment. Attention is invited to the fact that the complete Health Record should be taken by the officer to the examining board at time of examination. (See par. 3.)

28. The Syphilitic Abstract Sheet will only be inserted in the Health Record after a diagnosis of syphilis has been made by a medical officer. Marine hospitals and other stations will be furnished a supply of blank Syphilitic Abstract Sheets, and when a diagnosis of syphilis has been established the sheet will be filled in as called for by the form and used thereafter to record syphilitic history. This abstract does not take the place of the usual entries made in the Medical History, but it is additional thereto.

29. The Abstract of Service Sheet appearing on the reverse side of the Termination of Service Sheet is self-explanatory. Upon receipt of a Health Record at a Coast Guard unit the necessary entry will be made on this sheet.

Mrs. Rolla Hill
97 King Street
Burlington, Vermont

My dear Mrs. Hill:

This will acknowledge receipt of your letter of 30 September 1963 requesting the necessary forms to claim benefits from the Coast Guard based on the military service of your husband, Rolla Wayne Hill, ex-Chief Boatswain's Mate, United States Coast Guard Reserve.

The records at Coast Guard Headquarters show that your husband was not retired from the United States Coast Guard, but that he was honorably discharged on 17 May 1946. There are no death benefits payable by the Coast Guard by reason of this service. Death benefits for the surviving dependents of former members of the Coast Guard are provided by laws administered by the Veterans Administration. It is suggested that you contact the Veterans Administration facility near your home concerning available death benefits. General information on Federal benefits and eligibility requirements is contained in the enclosed VA Fact Sheet IS-1.

It is also suggested that you contact the local office of the Social Security Administration for information concerning benefits administered by that agency.

Very truly yours,

A. C. WAGNER
Captain, U. S. Coast Guard
Chief, Special Services Division
