27 January, 1941.

From: Commander, Boston District.

(via Commanding Officer, Newport Station).

Subject: Commendation.

Reference: (a) Your letter 14 January, 1941 (75) and forwarding indorsement of Commanding Officer, Newport Station, 15 January, 1941 (75).

1. It appears from reference (a) that on 13 January, 1941 you discovered a fire at the boathouse of the new Castle Hill Lifeboat Station and that you immediately secured an extinguisher and succeeded in putting out the fire. The District Commander commends you for your prompt and efficient action at this time.

Newport, R. I.
14 January, 1941.

From: Keeper, Castle Hill Light Station.
To : Commanding Officer, Newport Station, U. S. Coast Guard.

Subject: Report of fire at Castle Hill Lifeboat Station, Boathouse.

1. On 13 January, 1941 at about 3:30 P.M. a truck from the D and R Transportation Company with three men came to the Boathouse to take away ten sections of the folding doors and they left on the ramp a heap of corrugated cardboard and some papers.

2. At about 4:15 P.M. when I started to go over to the Tower to light the light I noticed that the rubbish was all afire. I ran back to my house and got a two and a half gallon fire extinguisher and I succeeded in putting out the fire which had already started to burn the creosoted planking.

3. The fire was apparently started by a cigarette carelessly thrown in the rubbish. If it had burned fifteen minutes longer the fire would have been beyond control and the boathouse would have been a total loss.

4. The estimated damages are fifty dollars ($50.00).

George L. Hoxsie, Keeper,
Castle Hill Light Station,
Newport, R. I.

You are informed that on an inspection of your station on October 4th, 1915 the station was found to be in a dirty and neglected condition throughout. All outside woodwork of dwelling was badly in need of scaling and painting, also windows, screens, gutters and leaders; the inside of tower was dirty and cluttered; the fog bell striker was especially dirty, and the house on dock was dirty, full of fish gear and in very bad odor. In addition to above you were not wearing your uniform.

Your attention is invited to Instructions to Employees, paragraph 47, in regard to the wearing of uniforms and to paragraph 115, in regard to cleanliness of station.

You are hereby reprimanded for allowing your station to get into such a dirty and neglected condition, and for not wearing your uniform, and informed that a continuation of such practices will necessitate further disciplinary action.

The fact that you have been reprimanded will be made a part of your record in the Lighthouse Service.

SUBJECT: Fishing operations by Lighthouse Keepers.

REFERENCE: Your letter June 25th, 1921.

1. In addition to the difficulties on account of fishing activities as described in District Circular #257, this office has received a great many criticisms along the line that Lighthouse keepers should not be permitted in connection with their Government duties to engage in fishing operations, such parties as had made these criticisms claiming that such activities are interfering with the fishermen and that if Lighthouse keepers desire to engage in lobster fishing they should give up their Lighthouse duties and confine their activities entirely to fishing but should not be permitted to engage in fishing operations while serving in the capacity of Lighthouse keepers. It is probable that a great deal of such criticism is due to jealousy and spite but nevertheless there is a great deal of justice in their claims and while if it were possible to make any discriminations this office would be inclined to do so in your favor on account of the good condition of your station. Such discrimination is not practicable and therefore instructions as in circular #257 dated June 21st, 1921 must be complied with.

2. Your attention is invited to the fact that some years ago the boathouse connected with Castle Hill Light Station was found in a very deplorable condition due to your fishing activities.

Superintendent 3rd Dist.

Referring to district Circular # 937 dated June 21, 1921 relative to fishing, would it be possible for me to get you permission to continue to set my lobster pots

During the ten years that I have been lobstering I have been a staunch supporter of the fisheries laws and on various occasions I have assisted the Commissioners in the performance of their duties, If you care to write to William J. Tuthill Chief Deputy Commissioner 57 Washington Street Memphal N.Y. or any of the Commissioners I am quite sure he or they will verify the statement

And as for interfering with my duties as to the maintenance of the station or its operation I will leave

that for you to decide, You know the condition in which you found the Station last Thursday, If I had of known about it then I could have explained my situation to you more thoroughly

Of course I only put a few bath[illegible] and I have been supplying the summer people near here getting good prices and have made quite a few dollars each season And it only takes me about one or two hours a day, I am earning quite a large endowment policy and I have always depended on the money that I make on letters to pay the premiums and as I have held it up for ten years it would be rather hard on me to have to give it up

It does not seem hardly fair that I should be deprived of obtaining an

honest dollar Because certain Light-Keepers violate the laws and are so greedy as to let fishing interfere with their duties

I have always made it a point to do my work first and in my spare time I have done a little lobstering I have never done any fishing for market purposes only lobstering

I hope you will give this matter due consideration

In reply to your letter dated Dec 28-1916 stating I have been absent from the Sta and for several days would say I have not been absent from Station even for 24 hours since July then I had a leave of absence of ten days I have not even been fishing as my boat has been out of commission.

I went over to Stonington on the 28 and back the same day I do not call that leaving any more than going out fishing I left someone to run the Signal in case of fog. I went after some lumber to finish a barn I moved over near the Light and had no place to keep my horse and could not get the lumber here that I wanted and that was the nearest place to go. As for being reported here before I have not rec'd anything before in the shape of a report. As for this report as to my being away from my Sta for several days kindly give me his address and I will make him prove it

Sir:-

Referring to your letter of January 14th, relative to the matter of your Questionnaire, and claiming deferred classification on account of your being necessary in the Service of the United States.

In making claim for deferred classification on account of being a Federal employee, the instructions of the Questionnaire require that you secure and file with the Local Board an affidavit executed by the proper official of the Government stating that you are necessary to the adequate and effective operation of the Department in which you are employed, and can not be replaced by another person without substantial material loss to the adequate and effective operation of such Department.

In the case of a Lighthouse Keeper or Asst.Keeper, it is impracticable to furnish such an affidavit for the reason that the services of such employees are not indespensable on account of the fact that in the event of such employees being called for military service, it would no doubt be possible to obtain other persons to take their places. It may be further stated that this Service does not favor the matter of furnishing affidavits in connection with the matter of deferred classifications of employees in the Lighthouse Service, except in very exceptional cases, and especially does not care to take up the matter in cases where employees have just and legal grounds for claiming deferred classification on account of the reasons other than an employee in the Federal Service.

It is noted that you state that your father and mother reside with you and are dependent wholly on you for support. Such being the case, your attention is invited to the fact that it would be proper for you to make claim for deferred classification under Class III, Division B.

I would say that it will cost me at least a months pay which at my present rate of salary I cant very well affad to lose.

When I answered your circular I expected that in case of a transfer that I would have the use of a tender and I fail to see why I am not entitled to it as well as other keepers who have moved from one station to another

If you will allow me the use of a tender it will save me a big expense and the courtesy will be greatly appreciated.
