Subj: HUDGINS, George F. (236-103) BM1, USCG; status of

1. Summary of Recommended Findings: Unfit to perform the duties of his rating by reason of 7005 - Arteriosclerotic heart disease, following typical history of substantiated repeated anginal attacks, more than light duty not feasible, incurred while entitled to receive basic pay and is considered to be the proximate result of performance of active duty. Each disability is not due to the intentional misconduct or wilful neglect of HUDGINS and that each disability was not incurred during a period of unauthorized absence of HUDGINS. Such disability is considered to be sixty (60) per centum disabling in accordance with the current Veteran's Administration SCHEDULE FOR RATING DISABILITIES. Accepted medical principles indicate that such disability may be of a permanent nature.

Although the 60% disability assigned is the highest allowable by the Manual for this condition, it is the unanimous opinion of the Board that this man's physical condition is such that he cannot pursue a substantially gainful occupation, and therefore a higher per cent disability appears proper. It is recommended that 80% disability be approved, and that the disability be made permanent in accordance with Personnel Manual, paragraph 17-B-37 (d)

2. Recommended Disposition Pending Finding Action: Awaiting Orders Status. (USPHS Hospital, Norfolk, Doctors will not permit this man to be assigned any active duty. Even telephone switchboard work is considered too strenuous.)

Office of Superintendent, 5th District,
Baltimore, Md. June 2, 1935.

1. Returned to Commissioner of Lighthouses.

2. Upon the discontinuance of Greenbury Point Shoal Light Station, the Asst. Keeper, S. C. Parks, who has been in the Service 12 years, was transferred to Maryland Point Light Station, making it necessary to transfer G. F. Hudgins to Windmill Point Light Station, the only vacancy existing at that time. Windmill Point Light Station is a much more exposed station than Maryland Point and involves more difficulty getting ashore. Parks has been in poor health for some time and would have been entirely unsuited for work at Windmill Point. Maryland Point is rather close to the shore in the Potomac River and the duties there are lighter than at Windmill Point. Parks, who resides in Baltimore, is closer to his home, as is Hudgins, who resides in Matthews County not far from Windmill Point.

3. The change was not made at Hudgins' request, but the action taken was considered for the best interests of the Service.

Mrs. Alwine S. Hudgins

My dear Mrs. Hudgins:

Information has been received at Coast Guard Headquarters of the death of your husband, George Frank Hudgins, Boatswain's Mate, first class, United States Coast Guard, Retired. It is realized that in time of your bereavement consideration of financial matters concerning your husband's estate is difficult and trying. However, experience indicates it is best to handle these matters as expeditiously as possible.

It is requested that a certified copy of the certificate of death, issued as proof of your husband's death and a certified copy of the public record of your marriage be forwarded for our records.

At the time of death there was due your husband retired pay for the period 1 - 31 May 1961. Retired pay ceases at the death of a retired member and eligible dependents surviving are compensated by laws which are administered by the Veterans Administration. Veterans Administration Form No. VB 8-534, "Application for Dependency and Indemnity Compensation or Death Pension by Widow or Child" and Veterans Administration Form No. 21-530, "Application for Burial Allowance" are enclosed to aid you in making application for the Veterans Administration death benefits that may be available to you. It is requested that an itemized funeral bill be forwarded to substantiate your application for the burial allowance.

Four Forms No. SF-1174, "Claim of Designated Beneficiary for Unpaid Pay and Allowances of Deceased Member of the Uniformed Services" are enclosed to aid you in making application for the final retired pay due. These forms are to be completed in the presence of two witnesses. The original and two copies of the claim with a copy of this letter should be returned to Commandant (PS-1).

If you have any uncashed pay checks in your possession, these should be returned to Coast Guard Headquarters with the completed Forms SF-1174 for inclusion with the claim for the final retired pay due. Any other uncashed Government checks should be returned to the issuing agency.

Two Forms, DD-1172, "Application for Dependents' Authorization for Medical Care Card" are enclosed to aid you in making application for medical care benefits. It is requested that both copies of this form be returned to Commandant (PS-1). Upon receipt of the completed applications they will be processed at Coast Guard Headquarters and then returned to you so that a DD Form 1173, "Uniformed Services Identification and Privilege Cards" may be issued. New cards are necessary, as the cards you may now have are no longer applicable.

When the enclosed forms have been completed return them to Commandant (PS-1) in the enclosed pre-addressed envelope.

CLINICAL RECORD	NARRATIVE SUMMARY	
DATE OF ADMISSION	DATE OF DISCHARGE	NUMBER OF DAYS HOSPITALIZED
12-2-55	12-20-55	

(Sign and date at end of narrative)

This 55 year old white male C.G. was admitted because of chest pains which he had had for two days prior to admission. The chest pain was associated with walking and stopped immediately after the patient would stop walking. Past history revealed that the patient had a more or less severe substernal chest pain occurring in 1949. EKG's taken at that time were read at this hospital and are strongly suggestive of myocardial ischemia near the posterior surface of the heart and"may well have represented and attack of coronary insufficiency." There is no evidence of a full thickness myocardial infarction in the trackings submitted."

Past history reveals mumps orchitis, age 17; the attack of coronary insufficiency in 1949. Review of systems revealed some "indigestion" "immediately postprandially, consisting of a full sensation beneath the sternum.

Physical Examination: BP- 140/80; P- 72; weight - 186. There was a 3 cm. lipoma of the posterior neck. Heart was not enlarged to percussion. There was a regular sinus rhythm. A-2 was greater than P-2. There was a Gr. II soft early systolic murmur at the apex. The right testes was atrophic. Peripheral pulses were good, and there was no ankle edema.

Laboratory: Hematology, urinalysis, and serology were normal. EKG was read as borderline. A Masters Step Test was positive consistent with arteriosclerotic heart disease and a clinical diagnosis of angina pectoris.

Hospital Course: The patient was treated with modified bed rest and had no recurrence of his substernal pain, other than when the Masters Step Test was being carried, at which time he experienced a fair amount of substernal pain.

Diagnosis:
1- Arteriosclerotic heart disease.
2- Coronary insufficiency

Recommendations: This patient's condition is not the result of his own misconduct and was incurred in line of duty. His condition did not exist prior to appointment or enlistment. His condition was aggravated by service. His present condition is that the patient is fit for limited duty only. He will not be able to perform emergency tasks requiring more than only moderate exercise and should not have to climb stairs anymore than possible. The future duration of this condition is a permanent one, and may progress further, but will not revert to a condition of fit for full duty. It is recommended that the patient be separated from the Coast Guard, because he will not be fit for general duties.

CLINICAL RECORD	NARRATIVE SUMMARY	
DATE OF ADMISSION 12-2-55	DATE OF DISCHARGE 12-20-55	NUMBER OF DAYS HOSPITALIZED

(Sign and date at end of narrative)

Appearance of the evaluee before a Physical Evaluation Board will not be deleterious to his physical or mental health and disclosure of information relative to his physical or mental condition will not adversely affect his physical or mental health. If discharged into his own custody he will not constitute a menace to himself or the public safety and is not likely to become a public charge. The patient is functionally incapable of preforming useful duty in the service.

It is therefore recommended that a Physical Evaluation Board be convened in this case recommending retirement for physical disability. At this time there is no disciplinary action pending relative to this man and Psychiatric consultation, ect. is not indicated as defects are physical.

In the event of war or National emergency declared by the President to exist during my term of service, I oblige and subject myself to serve until 6 months after the end of the war or National emergency if so required by the Secretary of the Navy unless I voluntarily reenlist or extend my enlistment. I understand that when so detained, I am not entitled to enlistment allowance and that in time of war the addition of one-quarter pay as specified in the Act of July 11, 1941, is not applicable.

CLINICAL RECORD	NARRATIVE SUMMARY	
DATE OF ADMISSION	DATE OF DISCHARGE	NUMBER OF DAYS HOSPITALIZED
12-2-55	12-20-55	

(Sign and date at end of narrative)

This 55 year old white male C.C. was admitted because of chest pains which he had had for two days prior to admission. The chest pain was associated with walking and stopped immediately after the patient would stop walking. Past history revealed that the patient had a more or less severe substernal chest pain occurring in 1949. EKG's taken at that time were read at this hospital and are strongly suggestive of myocardial ischemia near the posterior surface of the heart and "may well have represented and attack of coronary insufficiency." There is no evidence of a full thickness myocardial infarction in the trackings submitted."

Past history reveals mumps orchitis, age 17; the attack of coronary insufficiency in 1949. Review of systems revealed some "indigestion" "immediately postprandially, consisting of a full sensation beneath the sternum.

Physical Examination: BP- 140/80; P- 72; weight - 186. There was a 3 cm. lipoma of the posterior neck. Heart was not enlarged to percussion. There was a regular sinus rhythm. A-2 was greater than P-2. There was a Gr. II soft early systolic murmur at the apex. The right testes was atrophic. Peripheral pulses were good, and there was no ankle edema.

Laboratory: Hematology, urinalysis, and serology were normal. EKG was read as borderline. A Masters Step Test was positive consistent with arteriosclerotic heart disease and a clinical diagnosis of angina pectoris.

Hospital Course: The patient was treated with modified bed rest and had no recurrence of his substernal pain, other than when the Masters Step Test was being carried, at which time he experienced a fair amount of substernal pain.

Diagnosis: 1- Arteriosclerotic heart disease.
2- Coronary insufficiency

Recommendations: This patient's condition is not the result of his own misconduct and was incurred in line of duty. His condition did not exist prior to appointment or enlistment. Subj: Pay status; information concerning

1. In reply to your letter of 22 March 1956, you are advised that the difference between the pay check which you normally receive and the pay check which you received on 20 March 1956, was due to an over-payment of basic subsistence allowance of $2.57 per day while attached to the Wolf Trap Light Station (Norfolk Group). Your service record indicates that while attached to that unit you were absent on authorized sick leave from 1600, 20 December 1955, to 0900, 20 January 1956, and from 1030, 24 January 1956, through 31 January 1956. During the above periods you were entitled to receive a leave ration credit at the daily rate of $1.05 per day. However, basic subsistence allowance is not payable for any day on which a member is entitled to receive leave rations. It appears that through administrative error you were not credited with leave rations at the termination of each of the leave periods. When subsequently discovered, an immediate total checkage was made against your pay record of basic subsistence allowance of $2.57 per day for 37 days leave taken and a credit of leave rations of $1.05 per day for the same period.

2. In conjunction with subsequent pay periods, you are advised that the orders issued by this office on 7 February 1956, placing you in an "awaiting orders" status at your home pending final action on disability retirement proceedings, was terminated as of 1200, 28 March 1956. At that time you were placed at home on thirty (30) days convalescent leave to expire at this office on 28 April 1956. Appropriate leave papers placing you in this status were mailed to you on that date. This convalescent leave is not chargeable against your leave account. During the time you were in an awaiting orders status you were entitled to receive basic subsistence allowance of $2.57 per day until termination thereof. Therefore, as of the time and date of commencement of sick leave status you are no longer entitled to receive the basic subsistence allowance, but in lieu thereof, you will receive a leave ration credit at the daily rate of $1.05 per day. This leave ration credit is not payable until the termination of your leave status. Your pay check for the 1st of April in the amount of $129.00 was mailed to you on 3 April. Your pay check which you will receive on 20 April will be in the amount of $85.00.

3. This office is in receipt of retirement orders from Coast Guard Headquarters, Washington, D. C., copy enclosed, showing the fixed effective date of your retirement as 1 May 1956. The original will be delivered to you upon reporting to this office on expiration of your sick leave.

P

HUDGINS, George F. (237-103) HM1,

4. To insure prompt processing of your retirement orders at the time of reporting to this office on 28 April 1956, upon expiration of sick leave status, you are directed to bring with you your "awaiting orders" status travel orders and sick leave papers in order that you may be credited with all allowances to which you may be entitled.

1. I would like to request to go back to Wolf Trap Lt Sta as I cannot get home from this station on a 48 hour liberty, I live on the westard shore and it is a very round about way to get home it would take just about all of the 48 to go and come, most any place on the western shore would be much better than this place I would appreciate it very much if you would give this your early attention.

Commander CG GROUP
P. O. Box 4557
Berkley Station
Norfolk 6, Virginia

From: Commander, CG GROUP, Norfolk, Virginia
To: Officer in Charge, Deepwater Shoals Light Station

Subj: Compensatory Absence and Annual Leave; granting of

1. In accordance with Art. 7-B-6(a) Personnel Manual, compensatory absence is granted in accordance with the following "To personnel attached to isolated shore stations. Not to exceed six (6) days per month while actually serving at an isolated shore station; i.e., for every 24 days actually served at the isolated shore station there will accrue 6 days compensatory absence. Such absence may not be accumulated in excess of 12 days.

2. This command finds that your action in granting HOBBS, William N. (298-978(SN, USCG, six (6) days compensatory absence after only six (6) days on station is a serious breach of Officer-in-Charge responsibility. Even though such compensatory absence fell into your schedule which involves STEWART and yourself, it must be kept in mind that a schedule must be revised occasionally, sometimes causing a little discomfort.

3. Further, HOBBS appeared at this office with his leave papers in hand. This handling of regular leave in conjunction with compensatory absence is not proper and is reserved only for truly emergent cases.

4. You are hereby directed to grant compensatory absence to men on your station in accordance with Art. 7-B-6(a) Personnel Manual, and to submit requests for leave of absence whether in conjunction with compensatory absence or not at least ten (10) days in advance of the day of departure except in cases involving emergencies.

5. Any such future indiscriminate uses of Officer-in-Charge responsibility will be reflected in your quarterly performance of duty marks.

Dear Mr. Downing:

Reference is made to your letter forwarding an inquiry from Mrs. Alwine Hudgins, widow of George Frank Hudgins, Boatswain's Mate, first class, United States Coast Guard, Retired, regarding settlement of the retired pay accrued at his death on 31 May 1961.

An unnegotiated check issued to her husband in the amount of $195.64 covering retired pay for the period 1 to 31 May 1961 was the only sum due the widow. The records at Coast Guard Headquarters show that Treasurer of the United States Check No. 2190350 in the amount of $195.64 was forwarded to Mrs. Alwine B. Hudgins on 11 July 1961. There are no further sums due from the Coast Guard.

Your interest in the Coast Guard and its personnel is appreciated.

Very truly yours,

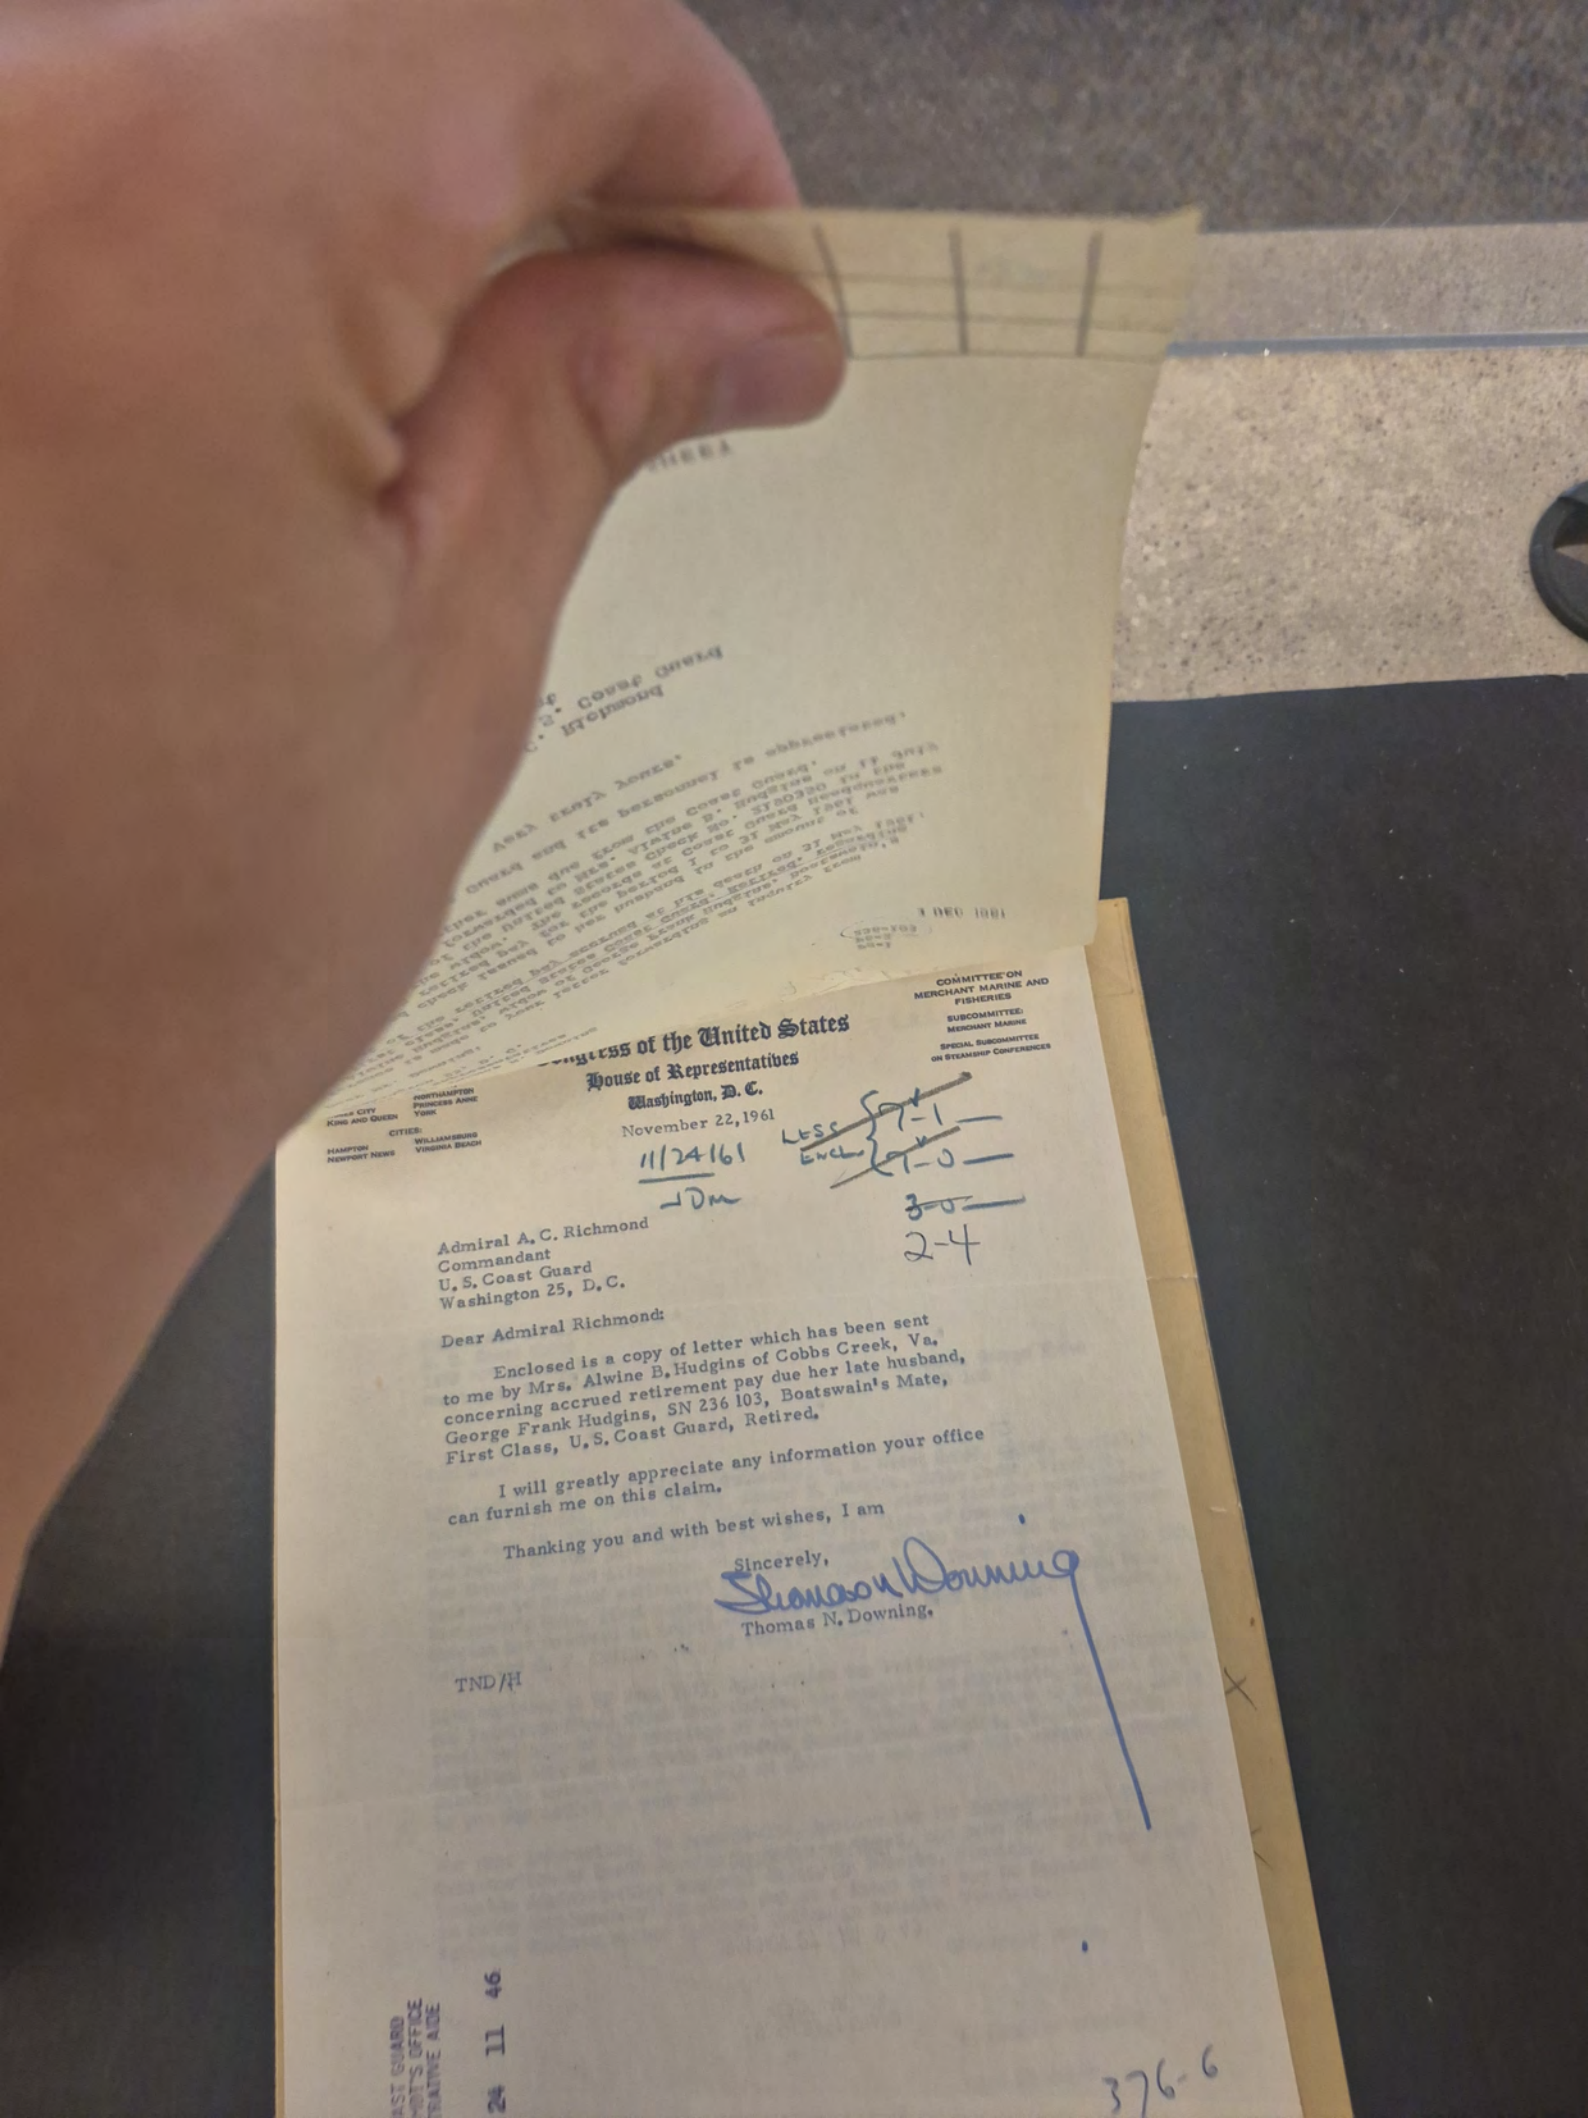

/s/ A. C. Richmond
