Mrs. Ruth Irene Huntington
RFD #1
Erie, Pennsylvania

My dear Mrs. Huntington:

Headquarters has been advised of the death of your husband, Frank Stanley Huntington, Chief Boatswain's Mate, United States Coast Guard, Retired, on 29 March, 1947. Please accept my sincere sympathy.

At the time of his death there was due the estate of your husband, final retired pay but this pay ceases at death and there is no law providing for the continuance of payment of any part to dependents. The forms necessary to effect settlement of the final pay are herewith inclosed.

If there will be no legal representative to administer the estate, the next of kin or the person who paid, or will pay, the funeral expenses should execute the inclosed Forms No. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked by pencil mark. If a representative is appointed a copy of the Court Order showing the appointment should be attached to Forms No. 1055. If the funeral expenses have been paid, a bill receipted by the undertaker who conducted the services should be forwarded. Otherwise the undertaker should sign the inclosed waiver form. This information is necessary to support the claim for the final retired pay.

Veterans' Administration Adjudication Forms No. 534 is inclosed for making application for the pension award. This form should be executed in the presence of two witnesses. A certified copy of the public record of marriage must be forwarded to substantiate your application for the pension award.

Veterans' Administration Form No. 530 is inclosed for making application for the burial allowance. This form should be executed in the presence of two witnesses.

When the inclosed forms have been completed, they should be returned in the inclosed pre-addressed envelope, which requires no postage.

By direction of the Commandant.

Very truly yours,

U. S. COAST GUARD

Coast Guard Retiring Board,
U.S. Marine Hospital, Cleveland, Ohio.

From: Passed Assistant Surgeon C. Dudley Miller and Passed Assistant Surgeon (R) Charles H. Duston, U. S. Public Health Service.

To: President, Coast Guard Retiring Board.

Subject: Examination of Chief Boatswains Mate Frank S. Huntington, U. S. Coast Guard.

1. We have carefully and separately examined C.B.M. Frank S. Huntington, U. S. Coast Guard, as to his past and present physical and mental condition, together with the records pertaining to his case, and report as follows:

Chief Boatswains Mate Huntington is 56 years old, and has been 27 years in the Coast Guard. This includes three years in the Coast Guard and 24 years, 10 months, and 26 days in the lighthouse service.

He has suffered from some of the common ailments, including common colds and influenza, which are shown to have originated in the line of duty, and with the usual childhood diseases which are shown not to have so originated. The foregoing ailments, however, have no bearing on his present condition.

On August 4, 1944 he was transferred from the U.S. Coast Guard Station, Erie, Pennsylvania to the U.S. Marine Hospital, Cleveland, Ohio with duodenal ulcer, hydronephrosis of the right kidney and renal calculi, right kidney which originated in the line of duty.

For the past 20 years C.B.M. Huntington has been troubled intermittently with pain in the right lower quadrant of the abdomen, accompanied by nausea and occasional vomiting. About 12 years ago these symptoms were diagnosed as appendicitis, and an appendectomy was performed. He has had no pain in that region since that time, prior to admission to this hospital.

In March, 1944, he was treated at Hammot Hospital, ERIE, PA. for a hemorrhage due to peptic ulcer. He was placed on a special diet, and was returned to duty. However, pain occurred at intervals, and he was hospitalized at the U. S. Marine Hospital, Cleveland, Ohio, on May 29, 1944.

Physical examination: height 5'11", weight 165#, blood pressure 140/80. General appearance is that of a well-developed, middle-aged white male in no acute distress. Mild tenderness in the epigastrium and right costovertebral angle. No other pathology was found.

Gastrointestinal series revealed a duodenal ulcer. Urinalysis showed a faint trace of albumin and few pus cells. Cystoscopy and retrograde pyelogram were done following suspected I.V. pyelogram. These tests showed a non-functioning right kidney, and the presence of hydronephrosis and calculi of the right kidney.

"7"

Huntington

Bond

d N.P.N. was 35.3 mgm. %. Blood serology was negative, and the gall-
ies were normal.

was recommended that this patient be brought before a retirement board,
, was discharged from this hospital on July 4, 1944, with the recommendation
he be placed on indefinite sick leave pending the outcome of the medical survey.

While in the hospital, patient developed a marked reaction following the retrograde pyelogram, and symptoms of pain, chills and fever, plus nausea and vomiting were present. This, however, subsided in a few days, and the patient stated that these were similar in nature to those encountered 15 years ago. He was advised as to the need for a right nephrectomy, but he preferred to await a later date.

This patient was readmitted to the U.S. Marine Hospital, Cleveland, Ohio on August 4, 1944 for the purpose of appearing before this retiring board. At present he shows no symptoms, and all blood studies, including N.P.N., are within normal limits. Urinalysis shows a faint trace of albumin and a few pus cells.

We believe C.B.M. Frank S. Huntington to be suffering from duodenal ulcer, hydronephrosis of the right kidney, and renal calculi of the right kidney. We consider his disability to be permanent by reason of which he is incapacitated for active service in the Coast Guard, and that his incapacity is the result of an incident of service, and is not the result of his own vicious habits.

My dear Mrs. Huntington:

Receipt is acknowledged of your letter of 11 February, 1950 requesting verification of the service of your husband, Frank Huntington, Chief Boatswain's Mate, United States Coast Guard Retired.

Records at Coast Guard Headquarters indicate that your husband entered the Lighthouse Service on 1 September, 1916 at Cleveland, Ohio. His service was continuous to date of his induction in the Coast Guard on 26 July, 1941 at Erie, Pennsylvania. On 1 November, 1944 he was placed on inactive duty by reason of retirement due to physical disability incident to service. He was stationed at the Presque Isle Light Station, Erie, Pennsylvania, from the date of his induction in the Coast Guard to the date of his retirement and did not serve outside the continental limits of the United States. At the time of his enlistment he gave his home address as "R.F.D.#1, Erie, Pennsylvania".

1. On 30 October, 1944, the President approved the proceedings and finding of facts of the retiring board in your case. You are therefore retired from active service effective 1 November, 1944, in accordance with the provisions of U.S.C., title 14, sec.169, and U.S.C., title 5, sec.47a.

2. In accordance with the provisions of Section 7 of the Act approved August 5, 1939 (Public - No. 291 - 76th Congress; Chapter 477 - Last Session), your monthly retired pay, effective on and after 1 November, 1944, will be $108.67, which is seventy-five per centum of $144.90.

3. Acknowledge receipt hereof stating address to which check for retired pay for the month of November should be mailed. You are required to submit a request for travel of dependents and transportation of household effects to your permanent home. When submitting this request specify the number of dependents, ages and sex of children, approximate weight of household effects and month during which travel of dependents and transportation of household effects will be effected.

4. In the event you desire to obtain medical relief from the Public Health Service for your dependents after retirement, return inclosure (1), Form 2533, properly executed in duplicate to Headquarters. Signatures of children twelve years of age, or under, will not be required.

Lieutenant Commander Nelson N. Ard, U. S. Coast Guard, Member.
Lieutenant Commander E. Edmund Binder, U. S. Coast Guard Reserve, Member and Recorder.
Passed Assistant Surgeon C. Dudley Miller, U. S. Public Health Service, Member.
Passed Assistant Surgeon (R) Charles H. Duston, U. S. Public Health Service, Member.

Andrew W. Rathbun, chief yeoman, U. S. Coast Guard Reserve, entered as reporter and was duly sworn.

The board decided to sit with open doors.

Frank S. Huntington (221-735), chief boatswain's mate, U. S. Coast Guard, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precept and the orders to the party under examination, copies hereto prefixed marked "A", "B", "C", "D", "E", "F" and "G".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

The recorder read a letter, copy appended marked "H", which was received from Headquarters transmitting the papers named therein, which are appended, marked "1 to 5", inclusive.

The medical members were directed to examine into the past and present physical and mental condition of Frank S. Huntington, chief boatswain's mate, U. S. Coast Guard, copy of letter of instructions appended marked "6". The medical members stated that the examination had been made.

The party under examination was asked by the president whether he wished to be retired and replied in the affirmative.

The party under examination was duly sworn as a witness.

Examined by the recorder:

1. Q. Will you tell the board in your own words the nature of your disability, its cause, and how long you have been suffering from it?

A. A good many years ago I was taken with a pain in my side and finally I had an operation for appendicitus and that was removed and I had some trouble since then with it. On March 17, 1944, I was taken with hemorrages of the stomach and I lost quite a little bit of blood. I was taken to the Hammot Hospital at Erie, Pennsylvania. I had three transfusions there. I was there about two weeks and was then taken to my home and then I was sent here to the Marine Hospital at Cleveland on May 30, 1944. I was here until July 4, 1944. I have had one attack, a very light attack from the stomach since then.

2. Q. When you had your first attack which resulted in the operation for appendicitus, when was that?
A. I can't give you the exact date. It was approximately twelve years ago.

3. Q. Where were you stationed at that time?
A. At Erie, Pennsylvania, in the Lighthouse service.

4. Q. And what did you say your trouble is now?
A. Well, it's gastric ulcer which is being treated now, and also one bad kidney.

Cross-examined by the board:

5. Q. Didn't I understand you to say you had symptoms in your abdomen for several years prior to the time you were operated on for appendicitus?
A. Yes, before I came in the service I had pains in my side, but after I came in the Lighthouse service, it got quite a bit worse, but then it died out and didn't bother me for a long time until about the time I had my appendix out.

6. Q. Would you elaborate on the attack of pain and nausea and vomiting you had in the hospital here the first time you were admitted and the cystoscopy was performed. Was that the same type of pain you had before?
A. Yes, it was.

Examined by the recorder:

7. Q. Did I understand chief that you were in the former Lighthouse service?
A. Yes sir.

8. Q. How long were you in the Lighthouse service?
A. Up from August 26, 1917 until July 26, 1941, and then I enlisted in the Coast Guard service.

Cross-examined by the board:

9. Q. Chief Huntington, on what date did you enlist in the U. S. Coast Guard?
A. July 26, 1941.

10. Q. At that time did you take a physical examination?
A. Yes sir.

11. Q. Did you qualify physically to enlist in the service at that time? Were there any waivers given?
A. Well sir, we were inducted into the service from the Lighthouse service.

12. Q. Did you take a physical examination?
A. Yes sir.

13. Q. Did you pass that examination?
A. Yes sir.

14. Q. Chief, you are aware of the fact, or have been advised that your right kidney should be taken out?
A. Yes sir.

15. Q.- What do you plan to do about this kidney?
A. I intend to come back later as soon as I get straightened around and my family taken care of, and have it removed. However, I have several things I must take care of first.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

The medical members submitted a report, which was sworn to, read, and appended, marked "7 (1)" and "7 (2)".

Passed Assistant Surgeon (R) Charles H. Duston, U. S. Public Health Service, junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does chief Huntington's disability proceed?
A. His disability proceeds from a duodenal ulcer and from a non-functioning right kidney.

2. Q. Is the disability permanent?
A. Yes sir.

3. Q. Is chief Huntington's disability such as to incapacitate him for active service?
A. Yes sir.

4. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. Yes, they have either been tried or have been recommended.

5. Q. Is his disability the result of an incident of service?
A. Yes.

6. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. No sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Passed Assistant Surgeon C. Dudley Miller, U. S. Public Health Service, senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does chief Huntington's disability proceed?
A. Duodenal ulcer, hydronephrosis of the right kidney, and renal calculi of the right kidney.

2. Q. Is the disability permanent?
A. Yes sir.

3. Q. Is chief Huntington's disability such as to incapacitate him for active service?
A. Yes.

4. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. Either tried or recommended to the patient.

5. Q. Is his disability the result of an incident of service?
A. Yes,

6. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. No.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Frank S. Huntington, chief boatswain's mate, U. S. Coast Guard, the party under examination, desired to make no argument.

The recorder desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed that he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation, the board finds as follows:

FINDING OF FACTS

That Frank S. Huntington (221-735), chief boatswain's mate, U. S. Coast Guard, is incapacitated for active service; that such incapacity is due to physical disability by reason of duodenal ulcer, hydronephrosis of the right kidney, and renal calculi of the right kidney; that his incapacity is permanent, is incident to service; and is not the result of his own vicious habits.

My dear Mrs. Huntington:

I have learned of the untimely death of your husband, Frank Stanley Huntington, Chief Boatswain's Mate, United States Coast Guard, Retired, on 29 March, 1947.

Please permit me to express my sympathy for you and your family in your great loss.

Though your husband was retired his high sense of duty and loyalty to the Coast Guard is well remembered by his former shipmates. He served his country faithfully and won the respect and admiration of the Service which joins you in your sorrow.

Sincerely yours,

JFK

Sir:-

I respectfully report that at about 9.30 P.M., night of the 27th inst. the Steamer TEMPEST loaded with coal sank in the channel of Erie Harbor about 200 feet south of the Erie Coast Guard Station leaving a space of about 60 feet between stern of wreck and North Pier. There is plenty room for vessels of all sizes to pass between South Pier and bow of wreck. The Tempest sprung a leak when about 20 miles out, bound for the Welland Canal and towing the barge JOHN I. CASE, at the time; she turned back heading for Erie and in getting to Erie Outer Harbor anchored her consort and preceeded alone. By this time her decks were even-with the water and when a short distance past the Coast Guard Station her boilers blew up, causing her to founder almost instantly. Her crew all told numbered 14. The Coast Guard, Lightkeepers and their wives got busy as the cries for help reached their ears throught the almost pitch darkness, while the former hauled 6 men from the water into surfboat thw women, Mrs. Allen, Mrs. Huntington, Mrs. Wilson and Mrs. Holdence pulled 4 men on to the pier. I desire to make special mention of Mrs. Huntington, wife of 2nd Asst. Keeper and also of Mr. Patrick Owens, 1st Asst. Lightkeeper, the former threw hereself on her stomach on the pier and cried out words of encouragement to the cook of the boat who was about ready to give up and without a belt on and according to his own statement swam for the first time only when put to the extreme test, Mrs. Huntington reached as far over the edge of the pier as possible and finally grabbed the drowning man and with almost super-human strength landed him on the pier alone. The latter Mr. Owens, upon hearing cries of distress, rolled a log of wood in the water, jumped in after it and shoved it in the direction which the voice came from, he soon after returned towing the log back to the pier with 2 men hugging same, there the ladies already mentioned got the rescued and rescuer out of the water. In the meantime Mr. Huntington was pulling near the wreck in a rowboat and picked up a man in a pretty exhausted condition without a lifebelt.

OCT 1 1918 11 53 AM

Hearing cries for help among some floating wreckage, I swam and located a man in a cork ring and got him to a row boat and taken in same by Mr. Huntington's assistance, again I heard a cry for help and in swimming through wreckage I found William Hanlon, 1st Engineer sitting on end of fan tail which was about a foot above the water, his hand was painfully injured, I hailed the Surf-boat which was in charge of Mr. Louis Larsen, acting Keeper, and assisted Mr. Hanlon into life boat. When the rescue work ended, one man was found to be missing, (the 2nd Engineer). The Coast Guard found him next morning the 28th inst. This is I think as correct a statement of the accident as I can give.

All the upper work has floated away this morning leaving only the foremast visible. It is about 20 feet above water. The wreck is a great menance to navigation and should be removed at once. I had two lanterns showing a red light one on each end on the night of the 27th & 28th. Now that only part of the foremast is visible only one light will mark the wreck. It seems to me that a white light would be best to hang to spar as it can be seen much farther and would allow more time for a pilot to decide what to do. If you wish me to hang a bright light (white) on wreck please write me or telephone. It would be well to notify marine interest & to have their boats keep between South Pier and wreck.

Respectfully, Robert Allen, Keeper.

Madam:

Referring to report of the assistance rendered by you on the night of August 27, 1918, to the crew of the steamer TEMPEST, loaded with coal, whose boilers exploded after the steamer had sprung a leak, causing her to founder in the channel of Erie Harbor, Pennsylvania, in the vicinity of the Presque Isle Pierhead Light Station, Pennsylvania, the Department warmly commends you for the valuable services rendered on that occasion, and especially for your fine work in rescuing, unaided, from drowning one of the members of the crew. The Department is also pleased to note that when the rescue work was ended, but one of the crew of fourteen members was found to be missing, and that he was located the next morning.

As a matter of record, a copy of this letter will be placed in the file of your husband, Mr. Frank Huntington, second assistant keeper, Presque Isle Pierhead Light Station.

I respectfully wish to report that on Sunday January 8, two boys, age 8 and 10 years, sons of Lewis C. Trost, 2957 Maple St., Erie, Pa., ventured out upon the ice mounds of the lake abreast of the Station and fell through the ice into deep water.

Alarm was given by Wm Huntington, age 6, who saw the two boys fall into the water and ran to the house for help.

They were gotten out of the water by Mrs. Huntington and Mr. Trost and myself.

They were given first aid treatment and cared for at this Station until they could be taken to their home.

Re inquiry from Congressman Rogers of Pennsylvania

The record shows that Frank Huntington was keeper of Presque Isle Light and Fog Signal Station, Pennsylvania in 1933. This was a one-keeper station. It appears that it was consolidated with Presque Isle Pierhead Light Station about May 1933, which resulted in the discontinuance of Mr. Huntington's position. He was transferred to the Presque Isle Pierhead Light Station and given the position of first assistant keeper, the incumbent of that position having been reduced to second assistant keeper.

In accordance with the rules governing transfers from higher to lower salary range positions, he was transferred at the corresponding step, which involved a reduction from $1560 to $1380 per annum.

Captain H. D. King,
Commissioner of Lighthouses,
Department of Commerce,
Washington, D. C.

Dear Captain King:

I am in receipt of a letter from one of my constituents relative to the question of appointment of Keeper of the Light at Presque Isle, Erie, Pennsylvania. The gentleman who has written to me asks that the matter be kept as confidential as possible.

It seems that Mr. Frank Huntington, in whose behalf my constituent writes, was Keeper of the Light on Presque Isle for a number of years but was recently demoted to Assistant Keeper with a corresponding salary decrease of $15 per month. This was done to consolidate the Flashlight with the Pier Head Light, and Mr. Huntington stands an additional five-hour watch at the Pier Head Light.

The persons in Erie who are interested in this matter, and who have written to me, speak favorably of Mr. Huntington and would like to see him transferred to the position of Keeper of the Light with the $15 per month restored to his salary.

A report on the situation would be very much appreciated by me, and I hope it will be possible for the Bureau to make an adjustment which will be satisfactory to Mr. Huntington, if this can be done, consistent with the policies of the Bureau.

Respectfully,

R. L. Rodgers

R

February 9, 1939.

Hon. Robert L. Rodgers,
House of Representatives,
Washington, D. C.

Dear Mr. Rodgers:

In accordance with telephone conversation with your office on February 8 with regard to the status of Mr. Frank Huntington, the record in this matter has been consulted and it has been found that Mr. Huntington is a keeper at Presque Isle Pierhead Light Station, he having been transferred to that position on May 16, 1933, at which time his former position at another station was discontinued. At that period a concerted effort at economy was underway and a considerable number of positions were discontinued principally as a result of consolidation, and a very considerable personnel problem confronted the Service in the matter of providing for employees of long and faithful service, and in general this end was attained through transfers as in the case of Mr. Huntington, whose present pay is $1380 per annum in addition to which he is provided with family quarters valued at $240 per annum, so that his total pay is $1620 per annum.

Opportunities for promotion subsequent to the date above referred to have been considerably restricted owing to the limitation of funds, but the matter is given consideration at regular intervals in accordance with the regulations and Mr. Huntington will be given further consideration in this respect with other keepers as opportunity is afforded. Receipt is also acknowledged of your letter of February 8.

Very truly yours,

RG-EK

Commissioner of Lighthouses.

# GENERAL INSTRUCTIONS

## 1933

1. A Health Record will be opened (issued) for each person commissioned, warranted, appointed, or enlisted in the Coast Guard: For cadets, upon reporting at the Academy; for an officer appointed from civil life, upon reporting at first unit; for enlisted persons, upon enlistment.

2. The medical officer, if any, shall have custody of the Health Records of all persons attached to the unit, including the personnel of smaller units attached to a larger unit. If there be no medical officer attached, the custody of the Health Records will devolve upon the executive officer, if he be a commissioned officer; otherwise the custody of the Health Records will devolve upon the commanding officer. The officer having custody of the Health Records shall be responsible for their proper care, continuation, and disposition.

3. In case of medical examination for promotion, retirement, annual commissioned officers' examination, or medical survey, the Health Record shall be furnished to the president of the board. If not received, it should be requested. When the board shall have finished with the Health Record, it shall be returned to its custodial officer. In all cases, brief notation of the findings of the board will be made on the Medical History Sheet, signed by the president of the board. This notation does not take the place of the full report which is submitted for administrative action.

4. A person on detached duty at some distance from where his Health Record would be kept may be given custody of his Health Record.

5. If a Health Record is lost or destroyed, a new one shall be immediately opened in full by the first custodial officer aware of such loss, who will note the fact in the new record and continue the record with such previous data as may be obtainable. If the old record be found, all data subsequent to its loss will be detached from the new and attached to the old record. A skeleton Health Record shall not be issued.

6. No photographs, folded papers, or forms are to be attached to the Health Record. The findings on laboratory and other reports in the case shall be entered on the Medical History Sheet.

7. **Transfer.**—Upon transfer of any person, except as a patient, the Health Record shall be forwarded through official channels to the new destination, or if the person is ordered to unusual, detached, or uncertain duty, it shall be retained or forwarded, as the case may be, with the person's service record. (See par. 4.)

8. The Health Record shall accompany a patient when transferred to or from hospital or when applying at an out-patient office. It shall not be forwarded through official channels, but shall be taken by the patient in a sealed envelope or by a responsible person accompanying him, and delivered with the patient to the official receiving the patient. Upon the patient's return to his unit the Health Record is to be delivered to the custodial officer.

9. If for any reason it becomes necessary to forward the Health Record to Headquarters, other than for termination of service noted thereon, it shall be accompanied by a letter stating the reason.

10. **Physical Examination Record.**—The Coast Guard Board or officer making the request for physical examination shall send to the medical board or officer two forms for physical examination record, already made out down to but not including place and date. The medical board or officer shall make out the rest of the Physical Examination Record in duplicate. In case of appointments or promotion of an officer, both forms shall be mailed by the board or officer direct to Headquarters. When promotion is made the original will be forwarded to the unit for insertion in the Health Record on top of the last Physical Examination Record. The Health Record shall be retained, but altered to show the promotion and new rank. No part of the Health Record is to be sent to Headquarters at this time. In case of enlistment both forms shall be returned to the enlisting officer, who will forward the original to Headquarters with other supporting papers after enlistment has been accomplished. The duplicate will be placed in the man's Health Record. In cases of reenlistment both forms will be forwarded to Headquarters for action and reenlistment will not be effected until duplicate copy is returned showing Headquarter's action. Upon receipt of duplicate copy from Headquarters same will be inserted in the Health Record.

11. The record shall be typewritten, if possible, and must be completely filled in as called for by the items on the form and in accordance with the instructions relative to the making of physical examinations. If any space is insufficient, the space under "Remarks" may be used.

12. The nature and degree of all physical defects of persons accepted for service in the Coast Guard must be fully described in order that no improper claims for compensation or pension may be allowed. Particular attention should be paid to those conditions which may not be disqualifying but which might be made the basis of such claims on the ground that they have developed or have become disabling while the person was in service. Waivers may be recommended by the medical examiner in accordance with the instructions relative to physical examinations, but the waiver must be authorized by the Commandant before the person is accepted.

28. The Syphilitic Abstract Sheet will only be inserted in the Health Record after a diagnosis of syphilis has been made by a medical officer. Marine hospitals and other stations will be furnished a supply of blank Syphilitic Abstract Sheets, and when a diagnosis of syphilis has been established the sheet will be filled in as called for by the form and used thereafter to record syphilitic history. This abstract does not take the place of the usual entries made in the Medical History, but it is additional thereto.

29. The Abstract of Service Sheet appearing on the reverse side of the Termination of Service Sheet is self-explanatory. Upon receipt of a Health Record at a Coast Guard unit the necessary entry will be made on this sheet.
