Dear Mr. Jennette:
Mr. Gary E. Powell, Director,
Retired Lighthouse Service Employees Association,
301 South Carolina Avenue, S.E., Washington 3, D. C.,
your letter dated December 9, 1949.

Dear Sir:

Reference is made to your letter dated 15 July, 1950 regarding the death of Alaska D. Jennette retired Lighthouse Keeper.

A check shows that the Certificate of Medical Examination for Disability Retirement contains information indicating that Mr. Jennette was suffering from a heart ailment in 1931 and was admitted to the Marine's Hospital in Norfolk on February, 1932, and a diagnosis of myocarditis, chronic and coronary atherosclerosis was made.

In view of the above it is regretted that no further action can be taken in this matter with regard to a pension for Mrs. Jennette. However, the matter is being referred to Coast Guard Headquarters for their information.

By direction of the District Commander.

Very truly yours,

R. F. HEA
Commander, USCG
Chief, Personnel Division

CC: HQ

Since the injury which you allege resulted in the death of your husband occurred on December 7, 1939, and the limitation of the Compensation Act, permitting the Bureau to waive the one-year limitation, specifies that this waiver is permissible only when the injury responsible for the death occurred on or after December 7, 1940, it appears that any claim filed by you at this time on account of the death of your husband would be barred for consideration by the Bureau. However, if you believe that your husband's death was the result of his injury on December 7, 1939, and have any evidence which you believe would establish the fact that you gave written notice of decedent's death to the Bureau within one year after his death, you may file claim on the enclosed Form CA-3 and submit additional evidence as requested in the enclosed Form Letter CA-5, which form letter gives full instruction for filing claim and necessary evidence to be submitted in support of your claim.

Jennette

Carolina

Mrs. Jennette:

Reference is made to the case of your last husband, Alaska D. Jennette, former employee of the Bureau of Coast Guard, Rock Point, Maryland, whose death occurred on December 9, 1948.

The Federal Employees' Compensation Act, administered by this Bureau, provides for compensation payments to certain survivors only when the deceased civil employee's death is a result of injury sustained while in the performance of duty or disease proximately caused by his employment. The direct causal relationship between his employment and death must be clearly shown.

Section 20 of the Federal Employees' Compensation Act provides that all claims on account of death shall be filed within one year. However, on July 28, 1945, Public Law 161, 79th Congress, was approved, which amended Section 20 and gives this Bureau authority to waive compliance with the time limitation in those cases where claim was filed within five years after the death, provided the injury responsible for the death occurred on or after December 7, 1940, and it is found by the Bureau that (1) such failure was due to circumstances beyond the control of the person claiming benefits or (2) that such person has shown sufficient cause or reason in explanation thereof, and material prejudice to the interest of the United States has not resulted from such failure. Therefore, when a claim is filed (after one year from date of death) it should be accompanied by a statement giving the reason why claim was not filed within one year.

Since the injury which you allege resulted in the death of your husband occurred on December 7, 1939, and since Section 20 of the Compensation Act, permitting the Bureau to waive compliance with time limitation, specifies that this waiver is permissible only when the injury responsible for the death occurs on or after December 7, 1940, it appears that any claim filed by you at this time on account of the death of your husband would be barred for consideration by the Bureau. However, if you believe that your husband's death was the result of his injury on December 7, 1939, and have any evidence which you believe would establish the fact that you gave written notice of decedent's death to the Bureau within one year after his death, you may file claim on the enclosed Form CA-5 and submit additional evidence as requested in the enclosed Form Letter CA-5, which form letter gives full instruction for filing claim and necessary evidence to be submitted in support of your claim.

Reference is made to the case of your late husband, Alaska D. Jennette, former employee of the Bureau of Coast Guard, Rock Point, Maryland, whose death occurred on December 9, 1948.

The Federal Employees' Compensation Act, administered by this Bureau, provides for compensation payments to certain survivors only when the deceased civil employee's death is a result of injury sustained while in the performance of duty or disease proximately caused by his employment. The direct causal relationship between his employment and death must be clearly shown.

Therefore, when a claim is filed (after one year from date of death) it should be accompanied by a statement giving the reason why claim was not filed within one year.

Since the injury which you allege resulted in the death of your husband occurred on December 7, 1939, and since Section 20 of the Compensation Act, permitting the Bureau to waive compliance with time limitation, specifies that this waiver is permissible only when the injury responsible for the death occurs on or after December 7, 1940, it appears that any claim filed by you at this time on account of the death of your husband would be barred for consideration by the Bureau. However, if you believe that your husband's death was the result of his injury on December 7, 1939, and have any evidence which you believe would establish the fact that you gave written notice of decedent's death to the Bureau within one year after his death, you may file claim on the enclosed Form CA-5 and submit additional evidence as requested in the enclosed Form Letter CA-5, which Form Letter gives full instruction for filing claim and necessary evidence to be submitted in support of your claim.

Since then he has been having precordial spells quite frequently. In the last year the attacks have been more frequent even, some days even 7-8 times. Practically every day he has had spells. Sir, -*

I have been expecting a letter from the office, requesting me to report to the office or some station for duty. On Friday 26th, I was taken with a very bad heart-attack, and have not as yet fully recovered.

If you wish me to report to the office at this time, I will do so, or if you can grant me two months off with-out pay, beginning Feb. 1st to Mar. 31st, I would appreciate it very much. You see it would give me time to recuperate.

The reason I am asking for this time off, is on ^{the} account of cold weather. I have more trouble with my heart when the weather is cold perpetually -

Dear Mr. Rebbel

as I am not any better
I have decided to take February & March
off. I would like very much if you will
arrange to have Mr. Herbert H. ^Wise appointed
to take my place during my absence. I will
be leaving all my things at the station, &
I know Mr. Wise and had rather leave every
thing with him than with a stranger. as
I am going off for treatment I don't see why
you could not allow me some sick benefit
as they told me at the Hospital they could not
do me any good and I would fare as well
home as there. I could go there but there
is no need too if they cannot help me. They
claim with my disease I need rest so
I am taking this time off to see if I can
improve. Mr. Rebbel any thing you
can do for me will be appreciated.

1. I have your letter of January 10 and application for sixty days leave. I note that you desire to take this time off to secure medical treatment. It will be necessary, of course, for this Office to determine what kind of leave this will be. If you are incapacitated by reason of your physical condition you may submit a doctor's certificate and part of this time will be charged to sick leave. It is suggested that if your condition warrants submission of a medical certificate that one be submitted at the close of February and the kind of leave charged thereafter can be determined later.

2. In view of this arrangement the form you submitted will not be approved, but you may proceed on leave commencing February 1, advising this Office by letter when you leave the station.

3. Herbert F. Wise has been nominated as substitute during your absence.

His condition, however, will be aggravated by hard work, so it will be appreciated if you will co-operate with Mr. Jennette in such manner that his health will not be further jeopardized. He should perform only light duties and by no means should he be permitted to hoist the boat, nor should he be left alone on station for any length of time. 1. I have your letter of August 24th concerning itemized bill for medical attention rendered you by Dr. Higdon of Wayside, Md. It is the opinion of this office that the Act approved May 22, 1926 providing for medical attention to certain employees in the Lighthouse Service was not intended to cover treatment of sick or disabled employees at other than regular Public Health Service hospitals, offices, or contracted physicians, except in cases of emergency, such as the rendering of first aid and even in these cases the very fullest explanation must be submitted immediately. The regulations compiled by the Public Health Service based on said Act require that immediate report should be made to the Surgeon General of the Public Health Service at Washington with reasons in detail for the immediate service, a statement of the attending physician certifying to the necessity of immediate treatment, and that the patient be transferred as soon as possible to the nearest hospital of the Public Health Service. In other words, the only treatment permissible to secure from other than a Public Health Service is first aid for emergency treatment.

2. It does not appear that your case comes strictly within the purview of this Act. There is no authority for this Service to pay the bill but under the law they may be paid by the Public Health Service. This office has had rare occasions to invoke this provision of the law, with results that the Public Health Service will not undertake payment unless every little detail of the Act has been complied with.

Bureau of Employees' Compensation

..... JUL 20
In the matter of the claim for compensation
under the Federal Employees' Compensation Act
of September 7, 1916, as amended, of FEA

MINNIE JENNETTE - WIDOW

Claimant

(Claiming as widow of Alaska D. Jennette,
deceased employee)

Employing establishment: TREASURY DEPARTMENT
(U. S. Coast Guard)

COMPENSATION ORDER

REJECTION OF CLAIM

CASE NO. 684470

Such investigation in respect to the above-entitled claim having
been made as is considered necessary, and after due consideration of such
claim and reports of record, the Bureau makes the following:

FINDINGS OF FACT

That on December 7, 1939, Alaska D. Jennette was employed by the
Treasury Department (U. S. Coast Guard, Cobb Point Base Light Station, Rock
Point, Maryland) as assistant light keeper and on said date, while in the
course of his employment, sustained injury which allegedly caused his death
on December 9, 1948; that a letter dated May 20, 1950, from the claimant,
Mrs. Minnie Jennette, was received by the Bureau on May 31, 1950, in which
was stated she had been informed she was entitled to compensation on account
of the death of her husband; that this letter was the first notice on the
part of the claimant of her intention to file a claim; that a formal claim
was filed with the Bureau by the claimant on August 17, 1950; that the claim
was not filed within the statutory time limit of one year after the date of
death; and that Public Law 161, 79th Congress, amending Section 20 of the
Compensation Act, and giving the Bureau authority, under certain conditions,
to waive compliance with the time limitation in cases where claims are filed
within five years, is not applicable in this case as the death is all
have been caused by the injury of December 7, 1939, and the amendment applies
only to those cases where injury occurred prior to December 7, 1939.

Upon the foregoing findings of fact, it is ORDERED that the claim for compensation on account of death filed by the claimant above-named be and the same is hereby REJECTED for the following reason:

That the claim for compensation for death was not filed within one year as required by Section 20 of the Federal Employees' Compensation Act of September 7, 1916.

Dear Sir:

Reference is made to your letter dated 15 July, 1950 regarding the death of Alaska D. Jennette retired Lighthouse Keeper.

A check shows that the Certificate of Medical Examination for Disability Retirement contains information indicating that Mr. Jennette was suffering from a heart ailment in 1931 and was admitted to the Marine's Hospital in Norfolk on February, 1932, and a diagnosis of myocarditis, chronic and coronary sclerosis was made.

In view of the above it is regretted that no further action can be taken in this matter with regard to a pension for Mrs. Jennette. However, the matter is being referred to Coast Guard Headquarters for their information.

jumping in icy waters of Potomac River

The fact Mrs. Jennette or for that
matter Mr. Jennette never applied for same was
no info. was supplied either one by L.H.S.
who merely retired him and case was closed
at once by his death.

This was purely a mistake on
part of officials of said Service and purely
beyond jurisdiction of the Jennette's
who as above stated never were supplied
with the nature of law by L.H.S.

It is indeed a regrettable occurrence and
I believe and others I have contacted within
Service, but who requests their names be
kept secret, that it was absolutely pure
and unmistakeable neglect that he was
retired under the circumstances - which
evidence was shown plainly by will we say
Ship to shore evidence. The fact he was

retired after a fight for life from pneumonia - which resulted in a heart ailment, is surely plain enough for any one to see.

I very respectfully ask and I believe my question rates a straight clear answer, how was they to know the law, no info of any kind is supplied Retirees, how do I know, because I am one myself.

I believe your office should in justice to this dear old lady, endeavor to see she is given her honest deserts. In my opinion, I believe by the Grace of God she is entitled and your office should so state, irregardless of time, she and he both have been cheated out of what law says she should have. Thru no fault of their own, he dead - and she a helpless needy widow.

I ask Sir, your honest endeavor to right this great wrong.

Sincerely,

Gary E. Powell,

Washington 25, D. C.

File No. 684470

Mrs. A. D. Jennette
Buxton
North Carolina

Dear Mrs. Jennette:

Reference is made to the case of your last husband, Alaska D. Jennette, former employee of the Bureau of Coast Guard, Rock Point, Maryland, whose death occurred on December 9, 1948.

The Federal Employees' Compensation Act, administered by this Bureau, provides for compensation payments to certain survivors only when the deceased civil employee's death is a result of injury sustained while in the performance of duty or disease proximately caused by his employment. The direct causal relationship between his employment and death must be clearly shown.

Section 20 of the Federal Employees' Compensation Act provides that all claims on account of death shall be filed within one year. However, on July 28, 1945, Public Law 161, 79th Congress, was approved, which amended Section 20 and gives this Bureau authority to waive compliance with the time limitation in those cases where claim was filed within five years after the death, provided the injury responsible for the death occurred on or after December 7, 1940, and it is found by the Bureau that (1) such failure was due to circumstances beyond the control of the person claiming benefits or (2) that such person has shown sufficient cause or reason in explanation thereof, and material prejudice to the interest of the United States has not resulted from such failure. Therefore, when a claim is filed (after one year from date of death) it should be accompanied by a statement giving the reason why claim was not filed within one year.

Since the injury which you allege resulted in the death of your husband occurred on December 7, 1939, and since Section 20 of the Compensation Act, permitting the Bureau to waive compliance with time limitation, specifies that this waiver is permissible only when the injury responsible for the death occurs on or after December 7, 1940, it appears that any claim filed by you at this time on account of the death of your husband would be barred for consideration by the Bureau. However, if you believe that your husband's death was the result of his injury on December 7, 1939, and have any evidence which you believe would establish the fact that you gave written notice of decedent's death to the Bureau within one year after his death, you may file claim on the enclosed Form CA-5 and submit additional evidence as requested in the enclosed Form Letter CA-5, which form letter gives full instruction for filing claim and necessary evidence to be submitted in support of your claim.

If claim on Form CA-5 is submitted, it should be accompanied by medical reports from any hospital or physician covering any period the decedent was hospitalized or received medical treatment subsequent to September 18, 1940, the last date on which your husband was examined by Dr. D. W. Crankshaw, Hatteras, North Carolina, according to the evidence in this case.

Dear Sir:

Reference is made to your letter of April 5, 1951, in the case of Mr. Alaska D. Jennette, retired former employee of this Service whose death occurred on December 9, 1948.

As requested in your letter, there is attached a photostatic copy of the medical examination given to Mr. Jennette at the U. S. Marine Hospital, Norfolk, Virginia in February 1940. On the basis of this examination, Mr. Jennette was retired from the Coast Guard because of disability at the close of February 29, 1940, under the provisions of the Lighthouse Service Retirement Act of June 20, 1918, as amended.

An examination of the record fails to disclose that there was ever any letter written by or on behalf of Mrs. Jennette, which could be construed as a claim for death benefits under the Federal Employees' Compensation Act.

Dear Sir:

Reference is made to the case of Alaska D. Jennette, former lighthouse keeper, Cobb Point Base Light Station, Rock Point, Maryland, whose death occurred on December 9, 1948.

This is to advise you that a claim for compensation as widow has been filed with this office by Mrs. Minnie Jennette, on account of the death of the above named employee; however, no action can be taken until it is determined whether the time requirements of the Federal Employees' Compensation Act are met and until certain medical information is received.

Since it appears from the records that decedent was receiving retirement pay on account of a disabling condition, it will be appreciated if you would review your records and furnish this Bureau with the following:

VA 2
June
(1) A copy of any medical reports covering any examination had by decedent prior to or during the period his award was in force.

(2) A copy of any letter written by or on behalf of Mrs. Jennette, which could be construed as a claim for death benefits under the Federal Employees' Compensation Act.

Any assistance you can give the Bureau in furnishing the above information will be appreciated. In your reply, please refer to Case No. 684470.

My dear Mrs. Jennette:

This will acknowledge receipt of your letter of 5 May, 1949 requesting information regarding compensation that may be due you as the widow of Alaska Delmer Jennette, Keeper, former Lighthouse Service, now U. S. Coast Guard, Retired. The records at Headquarters indicate that the final retired pay due on the date of his death was paid to you on 17 March, 1949 by Treasurer of the United States check in the amount of \$14.94. The retired pay your husband was receiving was provided for by the Lighthouse Retirement Act, and ceased upon his death. There is no provision under the law for the continued payment of any part to his dependents. Since the Lighthouse Retirement Act does not provide survivors' benefits, I know of no benefits that may be available to you by reason of his service.

With reference to your inquiry regarding allowances for burial expenses, you are advised that there is no authority whereby the Coast Guard may assume the responsibility for the payment of any part of expenses incurred incident to his death. A search of the records fails to reveal any reference to a claim submitted by you or any communication advising that this allowance would be made.

By direction of the Commandant.

He was admitted to this hospital on February, 1932, and a diagnosis of myocarditis, chronic and coronary sclerosis were made. He remained in hospital ten days receiving digitalis treatment. Since then he has been having precordial spells quite frequently. In the last year the attacks have been more frequent even, some days even 7-8 times. Practically every day he has had spells. He has been able to get along in his work only by increasing the number of nitroglycerine tablets. States that now he cannot stand any more in his work; the spells come either during work and night time but appear more frequently on exertion.

Here describe fully nature of disability: chronic, non-specific.

Almost daily, usually following exertion, this patient has a crushing pain over the
precordium with suffocation and pain radiating down the inside of his left arm. The
attack is relieved by dissolving a nitroglycerine tablet under his tongue. There is
sclerosis of the radial arteries and also sclerosis of retinal arteries. His electro-
cardiogram gives evidence of myocardial damage and probably coronary disease. Blood
sugar, blood urea nitrogen, urinalysis, X-ray of heart and great vessels and Kahn and
Eagle were all normal. Patient is considered to be disabled by the above conditions
and his retirement from the Lighthouse Service (USCG) is therefore recommended.

Is disability to perform duty of a permanent character? Yes.

Is it indicated that applicant may recover from disability and be fit for restoration to active duty?

No. Do you recommend reexamination with this in view? No.

I HEREBY CERTIFY that upon examination I find the above-named claimant
to be disabled for useful and efficient service by reason of the disability above described, which is not due to
vicious habits, intemperance, or willful misconduct on his part.

MEMORANDUM

In the case of Alaska D. Jennett, Assistant Keeper
Craney Island Light-Station, Va.

It appears that during his watch on Friday morning, December 6, between 5 and 5:40 o'clock, the light was not flashing but was burning as a fixed light. Upon his attention being called to this delinquency, he replied to the Inspector of the Fifth Light-House District, on December 12, 1907, stating that he found the lens stopped at 5:40 a. m., and estimated that it had been stopped about 30 minutes. He also stated that he did not think it necessary to report so short a stoppage and that he neglected to report it to the keeper.

The Inspector recommends that he be reprimanded by the Board, and that \$5 per month, for two months, be charged against his pay. The Light-House Board recommends that Mr. Jennett's pay be reduced from \$435 to \$425 per annum, with the understanding that at the end of two months recommendation may be made that he be promoted to his present position, but that if he errs again in this manner that he be dismissed from the service.

It seems that Mr. Jennett is culpable in two things: First, in neglecting to see that the revolving machinery of the lens at the station did not run down; second, in not making the proper entry of the occurrence in the watch book of the station; thus indicating that he realized his negligence and endeavored to prevent

the knowledge of it from becoming known. The regulations are specific concerning the matters complained of in this case and the keeper must give continuous attention to the light while he is on duty; a watchbook must be kept and signed by each person when he comes off watch, in which must be recorded the condition of the light and the hour when he went off duty.

As to the punishment proposed by the Board, it does not seem that the loss of \$1.67 is adequate. The deduction (by reduction of salary) should be of a more substantial figure or none at all. It would be better, probably, to have him reprimanded directly by the Department through the Light-House Board.

*Reduce to \$425⁰⁰ for a period
of one year with the understanding,

In view of the statements contained in these papers, the Board begs to ask that Mr. Jennett be reduced and appointed on 1 Feb'y, '08, as Assistant Keeper of Craney Island, va., Light-Station, at \$425 a year instead of \$435, the amount he now receives, as punishment for such neglect of duty, with the understanding that at the end of two months recommendation may be made that he be promoted to his present position, but if he errs again in this manner, that he be dismissed from the Service.
