Your Form 2660 of 10-19-53 states under "remarks" that the position of keeper at Stratford Shoal Light Station (#03-532) will be abolished coincident with Mr. Julius-son's retirement. It is assumed that it is intended to abolish his position at "Execution Rocks Light Station (#03-532)", rather than a position at Strat-ford Shoal Light Station. However, before abolishing the position it is requested that you advise as to this.

Mr. T. J. Curtin

The UNICOI came under Operating Agreement 1930 on February 24, 1931 and the CITY OF RAYVILLE on September 23, 1930. Time served under this type of agreement has not been considered creditable for Federal civil service retirement purposes. The CALIFORNIA (ex WEST HIXTON) was sold to private interests on May 16, 1928 and the BUENAVENTURA (ex LAKE FLATTERY) on June 20, 1923.

The PANAMA and the GUAYAQUIL were owned and operated by the Panama Railroad Company, a Federal civilian agency. For verification of this service, please communicate with the company at 24 State Street, New York, N. Y.

We are also furnishing the above information, as his request, to the Chief, Civilian Personnel Division, U. S. Coast Guard Headquarters, Washington, D. C.

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Interpretation of Efficiency Rating

Your efficiency rating is an official record of the way you are doing the work of your job.
Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection

You are entitled to inspect your efficiency rating sheet (Standard Form 51), or a copy of it, upon request to your supervisor or personnel officer. You are also entitled to inspect the final ratings (not the rating forms) of all employees in your office or station.

Significance of Efficiency Ratings

An efficiency rating of "Good," "Very Good," or "Excellent" is necessary in order to receive a periodic within-grade salary advancement.
An efficiency rating of "Fair" requires a one-step salary reduction if an employee's pay rate is above the middle rate for his grade (the fourth step in six-rate grades).
An efficiency rating of "Unsatisfactory" requires that the employee be dismissed or reassigned to other work in which he could be reasonably expected to render satisfactory service.
Efficiency ratings are a factor in determining the order in which employees are affected by reduction in force.

Appeals

If you believe your rating is wrong, you should first discuss it with your supervisor or personnel officer. You have the right, if your position is subject to the Classification Act, to appeal your rating within certain time limits to a board of review established for your agency. Appeals or requests for additional information concerning appeals should be addressed to the Chairman, Board of Review, care of Civil Service Commission, Washington 25, D. C.

The UNICOI came under Operating Agreement 1930 on February 24, 1931 and the CITY OF RAYVILLE on September 23, 1930. Time served under this type of agreement has not been considered creditable for Federal civil service retirement purposes. The CALIFORNIA (ex WEST HIXTON) was sold to private interests on May 16, 1928 and the BUENAVENTURA (ex LAKE FLATTERY) on June 20, 1923.

The PANAMA and the GUAYAQUIL were owned and operated by the Panama Railroad Company, a Federal civilian agency. For verification of this service, please communicate with the company at 24 State Street, New York, N. Y.

31 Chambers Street
New York 7, New York

Dear Sirs:

Information has been received that you have been appointed the administrator for the estate of Carl A. Juliusson, Keeper, former Lighthouse Service, now United States Coast Guard, Retired, who died on 25 September 1961 at the U.S. Public Health Service Hospital, Staten Island, New York.

It is requested that a copy of the certificate of death issued as proof of Mr. Juliusson death be forwarded to Commandant (PS-1).

At the time of death there was due Mr. Juliusson retired pay for the period 1 - 25 September 1961. Retirement benefits paid by the Coast Guard cease at the death of a retired member. The records at Headquarters fail to reveal any evidence that Mr. Juliusson designated a beneficiary to receive the accrued retired pay due on the date of his death. Payment therefore must be made in the following order of precedence:

1. surviving widow
2. surviving child or children
3. parent or parents
4. legal representative
5. heirs at law

The forms necessary to effect settlement of the final retired pay are enclosed. If a widow does not survive, Forms No. SF-1155, "Claim for Unpaid Compensation of Deceased Civilian Employee (no designated beneficiary or surviving spouse)" are enclosed to aid you to apply for your share of the final pay. These forms are to be completed in the presence of two witnesses. The original and two copies of the claim together with a copy of this letter should be returned to Commandant (PS-1). If the funeral expenses have been paid a bill receipted by the undertaker should be forwarded, otherwise the undertaker should sign the enclosed waiver form.

A pre-addressed envelope is enclosed for your convenience.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to *remove the glasses at least one-half hour before testing uncorrected vision.*

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. Flat foot of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a *weak* foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. Urinalysis to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

Record of urinalysis, if made: Sp. gr. 1020 Albumen none Sugar none Casts ---

Blood pressure: Mm. Hg. systolic 140 Mm. Hg. diastolic 70

If tachycardia is present, give pulse rate: Sitting 68 Immediately after exercise 74 Two minutes after exercise 68 Cardiac reserve normal(good)
(Good, fair, or poor)

I have found this applicant abnormal under the following headings: none

In my opinion, applicant is capable of performing duties involving arduous physical exertion.
(Arduous, moderate, or light)

REMARKS: This man is of good physique and in normal health.

The UNICOI came under Operating Agreement 1930 on February 24, 1931 and the CITY OF RAYVILLE on September 23, 1930. Time served under this type of agreement has not been considered creditable for Federal civil service retirement purposes. The CALIFORNIA (ex WEST HIXTON) was sold to private interests on May 16, 1928 and the BUENAVENTURA (ex LAKE FLATTERY) on June 20, 1923.

The PANAMA and the GUAYAQUIL were owned and operated by the Panama Railroad Company, a Federal civilian agency. For verification of this service, please communicate with the company at 24 State Street, New York, N. Y.

We have forwarded the above information to the attention of Mr. T. J. Curtin, Chief, Civilian Personnel Section, Third Coast Guard District, New York, N. Y.

Returned herewith are the photostatic copies of Mr. Juliusson's certificates of discharge.

Sir: Attention of Miss McClain:

As informally requested there is inclosed a list of the personnel recommended in October, 1941 for classification under Executive Order No. 8886 of September 3, 1941, the papers in connection with which were forwarded to the Treasury Department but have not been received by the Civil Service Commission. As stated on the form all classifications under this Executive Order have been made effective January 1, 1942, which will also be the case with these.

In view of the fact that practically all civilian personnel have been removed from the ships since the beginning of the war and are temporarily detailed to duties ashore pending classification and authority for change in status and transfer to other duties, it will be appreciated if the forms for those in the accompanying list can be forwarded to the Commission promptly.

Very truly yours,
