COMMISSIONER OF LIGHTHOUSES:

1. Under date of March 12th, there was forwarded to the Bureau Oath of Office, and Personal History Statement in duplicate, confirming appointment of John Kahananui as 2nd Assistant Keeper, Kilauea Point Light Station, effective March 1, 1935. By examination, it will be revealed that question 8 on one of the copies of the Personal History Statement has been filled in by pencil, and the Bureau is respectfully advised that in order to facilitate matters, Mr. Kahananui filled in his Personal History Statement before leaving Honolulu to assume duties of substitute laborer at Kilauea Point Light Station. However, upon notification of the approval of his appointment, it was necessary to send him additional forms in order that he might receive credit for his services as substitute laborer.

2. In view of the foregoing, there is transmitted herewith, another copy of the Personal History Statement with request that the rough draft copy be destroyed upon receipt hereof.

Sir:

Relating to your letter of April 13, 1936, I am very sorry to say that I am guilty in charge of my own carelessness and that report is true.

On the 10th of April, 1936, I went out fishing on a sampan and that's where I got the drinks from. I drank together with the crew on the boat but not too much to get drunk. By the way I was not drunk at all, but having a little seasick on account of the weather was not so good and windy too.

I got home alright and went to work. At about 11:30 p.m. I got so drowsy and tired and so I fell asleep. I did not hear anything until Anderson woke me up. At that time the lens was still. I woke up and start the lens going again until I was released by the keeper. The lens didn't have enough air in the mercury vat, that's what made her stop too soon. The weight didn't settle down on the base.

I ask you for forgiveness and another chance.

I will make up my mine that this error which I had made will never happen again and also no more drinks for me from now on.

I will behave myself and take the rules and regulations of the Lighthouse Service in the right way.

Yours truly,

1. Acknowledgment is made of receipt of your letter of April 17th replying to charges of April 13, 1936, preferred against you by this Office.

2. It is noted that you acknowledge having been asleep on watch on the morning of April 11th, with the lens not revolving. Note is also made of the fact that you admit having taken a few drinks.

3. Because of the substantiation of the charge that you were found asleep on watch at approximately 12:15 A.M. on the morning of April 11th by your acknowledged dereliction to duty, it has been found necessary to recommend that your services with the Lighthouse Service be terminated.

4. Since final action in this matter rests with the authorities in Washington, I am forwarding recommendation that you be dismissed from the Service.

Secretary of Commerce:

There is submitted herewith, a letter dated April 25th, together with its enclosures, from the Superintendent of Lighthouses at Honolulu, Hawaii, relating to charges against John Kahananui, in connection with his having been asleep on watch shortly after midnight on the morning of April 11th. The Department appreciates the seriousness of a dereliction of duty of this kind on the part of a Lighthouse Keeper on watch, and that the customary penalty in such cases, is separation from the Service. Mr. Kahananui has been in the Service a little more than one year, and the charge of being asleep on watch appears clearly established. In the absence, therefore of any extraordinary circumstances serving to extenuate his neglect of duty during the period of his watch, it is recommended that he be dismissed from the Service effective on the date to be duly determined and reported to the Department.

Sir: Thru. The Keeper.

Relating to your letter of April 13, 1936. I am very sorry to say that I am guilty in charge of my own carelessness and that report is true

On the 10th of April, 1936 I went out fishing on a sampan and thats where I got the drinks from. I drank together with the crew on the boat but not too much to get drunk. By the way I was not drunk at all, but haveing a little sea sick on account of the weather was not so good and windy too.

I got home alright and went to work. At about 11:30 P. M. I got so drowsy and tired and so I fell asleep. I did not hear any thing until Anderson woke me up. At that time the lense was still. I woke up and start the lense going again until I was relieved by the keeper. The lense didn't have enough air in the mercury vat, thats what made her stop too soon. The weight didn't settle down on the base.

Sir:

To comply with the instruction to employees of the Lighthouse service. Art 7 and 9. I respectfully report that, on the morning of April 11th, 1936. About 12:15 a.m. I awoke, and is I didn't see the light flash I went out on the Lawn to investigate. I then seen the light standing Still. I immediately proceeded to the Tower. Upon arriving at the power house I found the 2nd asst Keeper which at that time was on watch, laying on the floor sound asleep, with lens alarm ringing full blast. I aroused him which was a difficult task. When he stood up he appeared to be very much under the influence of liquor.
