June 10, 1935

Secretary of Commerce:

The Superintendent of Lighthouses at Portland, Oregon, has proposed the change in status of Mars P. Kinyon from keeper at Umpqua River Lightstation to handyman at the Seattle Lighthouse Depot at $135 a month, which is the same as his present gross rate of pay as keeper.

The position of handyman is under the registered system, but the matter is submitted, together with Civil Service Form 375 in duplicate, for the approval of the Civil Service Commission, if that is required.

Mr. Kinyon entered the Service as a keeper in the Alaskan district in December 1921, his service being continuous since that time. He was transferred to the 18th district in 1928 and to his present position in the 17th district in 1935.

If the proposed change in status is approved, it is recommended that the usual appointment certificate be not issued, as it is proposed to have the Superintendent give Mr. Kinyon a contract of employment, as is the custom in connection with the employment of unappointed personnel.

There is inclosed a radiogram of January 22 from the Superintendent of Lighthouses, San Francisco, Calif., urging prompt action in the appointment of James E. Thomas as third assistant keeper, Anacapa Island Light Station, Calif., and Mars P. Kinyon to assistant keeper, Umpqua River Light Station, Oregon, by transfer from keeper, Anacapa Island Light Station.

The Bureau's recommendation in Thomas' case was submitted to the Department December 10, 1934 and one for Kinyon on December 24, 1934. In the case of Thomas Presidential approval No. 3154 has been obtained and in the case of Kinyon Presidential approval is not required as the transfer involves a decrease in pay.

It is accordingly urged that immediate consideration be given to release these cases and others now pending if they are otherwise found to be in proper form, as these appointments directly affect the safe-guarding of life and property and they are of great importance to the Lighthouse Service.

The Bureau's recommendations for such appointments are in accordance with a long standing procedure well understood by the Department. If there are any special questions or problems affecting such appointments, the Bureau will be glad to go into these matters with the Department in future cases, by furnishing information that it may have or cooperating in any manner practicable.

Dear Mr. Kinyon:

I have read with interest the report of assistance rendered by you and the second assistant keeper to three men from the cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. It is noted that you notified the Coast Guard of the plight of these men but that before help arrived from that source the second assistant keeper swam through the breakers carrying a line to the men which enabled you to pull them a distance of about four hundred feet to the launch, and that you gave them food and dry clothing.

I am pleased to commend you for your part in this heroic deed, and am having the matter made a part of your official record.

Commissioner of Lighthouses.

1. Referring to the attached letter from Mars P. Kinyon, Second Assistant Keeper of Point Arena Light Station, requesting to be advised if he is entitled to increased compensation under the Brookhart Act.

2. Mr. Kinyon's name was submitted on supplementary list of employees who were employed in other branches of the Federal Government on June 30, 1928, submitted with Superintendent's letter of July 25th and requested by Bureau telegram of July 21st requesting lists of proposed salary adjustments under the Brookhart Act. Mr. Kinyon's Service Record Card submitted by the Sixteenth District to this office shows that he was increased by the Welch Act from $1560.00 per annum to $1620.00 per annum and in view of this fact and in order that Mr. Kinyon may be properly advised, it is requested that this office be informed of the reason advanced by the Department for not increasing the compensation of Mr. Kinyon under the Brookhart Act.

Commissioner of Lighthouses,
Washington, D. C.

1. The Bureau is advised that this office is in receipt of a telegram from Mr. Mars P. Kinyon, 2nd. Asst. Keeper at Tree Point Lightstation, Alaska, requesting that, owing to the continued illness of his wife, his leave without pay be extended for a period of sixty days. Mr. Kinyon is at present at his home in Willits, Cal., on leave without pay effective to October 20, 1922, inclusive.

2. It is therefore recommended that Department authority be obtained covering the leave without pay of Mr. Kinyon from August 6, 1922, to December 19, 1922, inclusive. The fact that Department authority was necessary before granting this leave without pay has heretofore been overlooked.

(Signed) W. C. Dibrell
Superintendent.

Mars P. Kinyon Wins Albert Gallatin Award

MARS P. KINYON, left, and LIEUT. COMDR. L. O. ENGELL
'Congratulations and good wishes'

Mars P. Kinyon, who handled the maintenance, correction and repairs of navigation aids in the 13th Coast Guard District for several years, was presented recently with the Treasury Department's highest honor, the Albert Gallatin Award.

The presentation was made at his home, 8633 First Av. N. W., where Kinyon is recovering from an operation. Lieut. Comdr. L. O. Engell presented the award.

Kinyon, 52, retired last month after 30 years in government service, beginning with Marine Corps service in the First World War.

Heroism Award Made

After the war, Kinyon joined the Lighthouse Service. While he was keeper of the Anacapa Island Light Station in California in 1934, he was cited for heroism for his part in the rescue of a hunting party marooned on the south coast of Santa Cruz Island.

Kinyon's next post was the Umpqua River Light Station in Oregon. From there he was transferred to Seattle in 1936.

Kinyon enlisted in the Coast Guard in 1942. After military duty, he was assigned to the maintenance of aids to navigation.

Admiral Praises Kinyon

In a letter accompanying the certificate of the Albert Gallatin Award, Rear Adm. N. H. Leslie, commandant of the 13th Coast Guard District, added his personal comment to Kinyon:

"It is with mingled emotions of humility and pride that we pause to reflect upon the personal contribution you have made to this service.

"The entire staff of the district extends congratulations and good wishes on this occasion."

Dear Mr. Kinyon:

It has come to my attention that 31 October 1951 ended for you a period of 30 years, 7 months and 15 days in the Marine Corps, Lighthouse and Coast Guard services. On that date you were retired from the position of Maintenance Mechanic at the Coast Guard Base, Seattle, on account of disability.

During this time you have served your country faithfully and well during two world conflicts--with the Marine Corps during World War I and as a Coast Guardsman in World War II. Your civilian records show an act of heroism on your part during the year 1934 in the rescue of a hunting party marooned near your post of duty, for which you received commendations from the Superintendent of Lighthouses and the Secretary of Commerce.

Because of your excellent service record, the Treasury Department has conferred upon you its highest honor--the Albert Gallatin Award. This certificate is held in such high esteem that the District considers it an honor to be afforded the opportunity to make this presentation. It is with mingled emotions of humility and pride that the 13th Coast Guard District pauses to reflect upon the personal contribution you have made to this Service.

The entire staff of the District extends congratulations and good wishes on this occasion.

I personally wish for you and yours the best things in life.

Sincerely yours,

If the sun reflects like a lighthouse beacon from a Marine Hospital window it's probably shining on Room 406.

There half a century of lighthouse tending passed in review last week in the reminiscences of Mars and David Kinyon.

They've changed the hospital's name officially to Public Health Hospital, but Marine Hospital seemed a better name last week, especially in Room 406.

Mars Kinyon is there temporarily, after an operation. His old lighthouse mates gave him a radio last week to honor his retirement. Retirement at 52 with 30 years service.

STARTED EARLY—

Mars was 22 when he entered the Lighthouse Service. He was 3 when he went to live at his first lighthouse.

That was Destruction Island Lighthouse, where David and Nora Kinyon took their son in 1902. David Kinyon had tended lights before, since 1895, but Destruction Island was his first permanent base where he could take his family.

Those were the days of lard and kerosene lamps.

OVERLAPPED—

In the years before he retired in 1939 David Kinyon saw acetylene lights replace the lard and kerosene. Since then his son, Mars, has watched installation of electric lights behind the big lighthouse lens, along with radio beacons and modern fog signals.

The Kinyons have tended lights from Alaska to California.

At two stations — Umpqua River Light in Oregon and Tree Point Light in Alaska—father and son served together as their careers overlapped.

Experiences? The Kinyons can recall plenty.

Like the time the motor gave out at one lighthouse and David Kinyon alternated with two other tenders to keep the light rotating six weeks by hand. It was a first-order lens of about 14,000 pounds, and attendants rolled it around with watches in their hands, trying to keep the right signal time sequence.

Like the time Mars Kinyon at great personal risk rescued four hunters whose boat had smashed into rocks near his light station.

ROAD MAP—

"They were navigating with an oil station map," Mars recalls disgustedly.

With helicopters and cutter the Coast Guard air and sea rescue service now watches the coast off lighthouses. In most of the Kinyons' time the lighthouse man was responsible for saving lives near his station.

The Kinyons could maneuver that part of their work, too. A friend remembers Mars Kinyon as "one of the best men at handling small boats in bad weather I have ever known."

Now 77, David Kinyon retired 12 years ago, and Mars has spent the past few years on Seattle with the Coast Guard light repair shop. But they haven't lost their loyalty for the crew which mans the beacon lights on barren rocks along the Pacific Coast.

"The government will look a long way," they say, "before it'll find another bunch as conscientious and hard-working as its lighthouse keepers."

Dear Mr. Kinyon:

My attention has been called to the fact that you will retire from the position of Maintenance Mechanic in the Coast Guard at the close of 31 October 1951 after having rendered more than thirty years of honorable service in the former Lighthouse Service and the Coast Guard.

In reviewing the history of your employment, I find that in 1934 when you were Keeper of Anacapa Island Light Station you were commended by the Superintendent of Lighthouses and by the Secretary of Commerce for your part in the rescue of three men of the Cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. I am glad indeed to read of this act of heroism on your part, which was above and beyond the requirements of your position. I also take pleasure in congratulating you on your long and efficient service, and hope that you may recover from your present illness to enjoy in some measure the leisure afforded by relief from active duty.

Very truly yours,

Subj: KINYON, MARS P., Maintenance Mechanic, Seattle Base; recommendation for Albert Gallatin Award

1. Subject employee who has applied for disability retirement effective 31 October 1951, is hereby recommended for the Albert Gallatin Award based on his faithful service of 30 years, 7 months and 15 days. To his excellent service record should be added the mention of heroic service for which he received commendations from both the Superintendent of the Lighthouse Service and the Secretary of the Department of Commerce, as evidenced by copies of letters attached.

2. In view of the foregoing and the fact that Mr. Kinyon is rapidly failing, it is the desire of the District to submit his name for early consideration for the Albert Gallatin Award. It is hoped that arrangements may be made for a bedside ceremony, if necessary, while he still is able to appreciate the honor for which he is recommended.

Subj: KINYON, MARS P., Maintenance Mechanic, Seattle Base; Forms CG-2523 and CG-2521 for

1. Inclosed is Form CG-2523, Certificate of Medical Examination, Disability Retirement, Civilian Personnel, for subject employee. Mr. Kinyon was placed in sick-leave status on 31 July 1951 and admitted to the U. S. Public Health Service Hospital, Seattle, Washington for observation and treatment shortly thereafter. The examining physician stated over the telephone to the Commanding Officer of the Seattle Base that he does not expect Mr. Kinyon to live more than about six months.

2. Also inclosed is Form CG-2521, Application for Retirement, signed by Mr. Kinyon requesting retirement on account of disability effective 31 October 1951. This employee had 3 months and 15 days leave without pay from 1 May 1928 to 14 August 1928. However, this period was not deducted from his service record as in the absence of information to the contrary it is assumed that he will be given credit for leave without pay which does not exceed six months in the aggregate in any calendar year as in the case of regular Civil Service retirement.

3. It is possible that there will be a change in Mr. Kinyon's rate of pay before 31 October 1951 due to the fact that Navy wage board employees in this area received increases effective 27 August 1951. However, to date this office has no final information regarding similar increases for Coast Guard employees and is unable to take this into consideration in computing his rate of retired pay.

4. A recommendation for the Albert Gallatin award for subject employee will be forwarded within a few days.

No permanent marks or scars. Age 52, see above description.

Description of duties of position (to be filled in by district commander):

Maintenance Mechanic duties in general, consisting of repairing, servicing, etc., of bucys and aids to navigation under all kinds of weather conditions, both on the water and on the beach, docks, etc. My duties have been practically the same since 1936, with exception of time spent as chief boatswain's mate in the U.S.Coast Guard which was from 1942 to 1946. From 1921 to 1936 I was employed as a light house keeper. During 1918 and 1919 I served 9 months in U.S. Marine Corps.

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Arthritis of ~~skin~~ spine. Symptoms first noticed in 1945. Found to exist by X-ray examination at U.S. Marine Hospital, Seattle, Wash. late 1945 or early 1946. Also severe pain in back after working for short time. Can be alleviated by lying on back. Additional symptoms which have developed during the past year are as follows: Severe headaches occurring at irregular times, stomache conditions, causing gasses on stomach, and bowels, which in turn cause very severe pains in lower back. The pain in the back is severe enough to cause considerable loss of sleep.

Dear Sir:

This letter is addressed to you at the request of LCDR Engell, CO, CG Group, Seattle, in reference to Mr. Mars P. Kinyon (a Coast Guard employee) who was admitted to the hospital some weeks ago for observation. At the time of his admittance he brought with him three copies of Form NCG-2523, Certificate of Medical Examination, Disability Retirement, Civilian Personnel, for execution by attending physician.

Inasmuch as Mr. Kinyon may have to be retired for disability, it is requested by LCDR Engell that you personally see that this form is properly executed and returned to this office without delay. This is the first step for Disability Retirement, in which category this case seems to belong.

At the same time will you please have Mr. Kinyon sign all three copies of the inclosed NCG-2521, Application for Disability Retirement, (over the typed name). He should also answer the questions as indicated by penciled checks on the reverse side thereof.

When these documents have been received by this office, duly executed, they will be processed and submitted to Headquarters' office in Washington for disposition.

Very truly yours,

Subj: KINYON, Mars P.; 10-point veteran preference and legal residence of

1. Reference is made to your letter of 15 December 1950, requesting that Mr. Kinyon's legal residence be changed from Alaska to Washington, and that the records be noted to show 10-point preference as established by your Notification of Establishment of Military Preference Form.

2. It is not required by the Civil Service Commission that the legal residence be shown on Forms 50 in the case of nonapportioned positions. See R1-20.01 of the Federal Personnel Manual. However, in the case of field positions, it has been the practice of Headquarters to show the legal residence claimed by the employee upon original entrance on duty. In view of this, no action will be taken to change Mr. Kinyon's legal residence on Form 50.

3. As to 10-point preference, it appears that the Veterans Administration's letter dated 14 March 1950, furnished by Mr. Kinyon as proof of disability as shown on your notification, is not acceptable for the reason that the preference was not established within six months after the date of issue of the Veterans Administration letter. See V1-27 of the Federal Personnel Manual. However, the only advantage a 10-point veteran has over a 5-point veteran is additional credits in a civil service examination which affects his standing on civil service certificates. In view of this, if an employee has established 5-point preference, the establishment of 10-point preference after he is in the Service would serve no purpose.

AWARD OF DISABILITY COMPENSATION OR PENSION
(Service Connected)
1506 Textile Tower
Seattle 1, Washington

March 14, 1950

To: Mr. Mars P. Kinyon
8633 First Avenue N. W.
Seattle 7, Wash.

In accordance with the provisions of Public Law 2, 73d Congress, as amended, you are hereby notified that as a World War II Veteran who was discharged from the naval service of the United States on the 7th day of February 1946, you are awarded compensation in the amount of $15.00 per month from February 9, 1950, on account of disability resulting from the following conditions held to have been incurred or aggravated during your wartime service: Hypertrophic arthritis of the cervical spine, moderate, and hypertrophic arthritis of the left elbow, minimal X-ray findings only.

The monthly payments pursuant to this award will continue during the period in which you are 10% disabled subject to the general conditions mentioned on the reverse side of this communication to which your attention is directed. Upon the happening of any of the contingencies mentioned the Veterans Administration should be notified promptly.

It has been determined that service connection is not shown for the following condition: Heart disease. This condition was not found on your last physical examination.

If you are dissatisfied with the findings of the Veterans Administration or the amount of this award it is your privilege to enter an appeal therefrom within 1 year from the date of this communication. Such appeal should be submitted to this office for certification to the Board of Veterans' Appeals, Washington 25, D.C.

If you should change your present address the Veterans Administration must be immediately notified.

Al future communications with reference to this case should be addressed to this office and must bear the file number C 7 990 229 as well as your full name and complete rank and organization.

A copy of this letter is being forwarded to your authorized representative, the Veterans of Foreign Wars, who represented you before the rating board.

Subj: Mars P. Kinyon, maintenance Mechanic; claim of

1. Headquarters has received from the General Accounting Office a claim in the interest of subject employee for additional accrued pay under the Act of March 28, 1934.

2. During the time Mr. Kinyon was employed as a Keeper he was not affected by the above act. However, since his change to per diem status on 1 July, 1936, the provisions of the Act have been applicable.

3. It is requested therefore that the records be checked to ascertain whether or not Mr. Kinyon has been compensated for all overtime and night differential to which he may have been entitled from 1 July, 1936, until the present time. Complete report should be made to Headquarters (PC) so that appropriate action can be taken on the claim.

STATE FULLY AND CLEARLY REASONS FOR APPEAL

I feel that I am entitled to a higher rating than GOOD(G) because of the fact that during a long period of service, I have gained an exceptional knowledge of the equipment with which I work. During the period in question, I was called on numerous occasions to perform duties beyond my rate of Maintenance Mechanic such as acting as Officer in Charge of various Coast Guard floating units. These were principally the CG-56307 and the Aster. I frequently worked overtime without pay and no complaints were ever registered. All assignments given in the field were completed successfully and without delay. I was told by Mr Shinn in July 1947 that I was not "putting out". I asked Mr Shinn for specific instances and no satisfactory answer was given me. At this time I was assigned as a helper to the welder and Mr Shinn informed me that when not actually engaged in this duty that I should be doing something else. Previous to my enlistment in the USCG I was reprimanded by Mr Shinn for doing work not specifically ordered by him. To me this is a complete change of policy. I reinstated in Civil Service June, 1946 and no mention was made of this change of policy until this conversation with Mr. Shinn in July, 1947. My work was never questioned at any other time since reinstatement. I deny this statement that I was not putting out. At no time have I refused to carry out to the best of my ability any assignments given me. I believe that my efficiency rating should be based on my ability and work as a Maintenance Mechanic. While serving in the USCG I did simular work with a much wider scope and more responsibility and received marks equal to Excellent. Lieut. Commander Ben C Wilcox will vouch for this statement. He was my CO during most of my service in the USCG.

[OVER]

The aim of the Executive order of September 4, 1924, under which this examination is made, is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported; use space provided below ("Test for Near Vision").

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. Flat foot of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a *weak* foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. Urinalysis to be made and blood pressure to be taken in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

Record of urinalysis, if made: Sp. gr. 1019 Albumen Neg Sugar Neg Casts .....

Blood pressure: Mm. Hg. systolic 112 Mm. Hg. diastolic 72

If tachycardia is present, give pulse rate: Sitting ..... Immediately after exercise ..... Two minutes after exercise ..... Cardiac reserve .....
(Good, fair, or poor)

I have found this applicant abnormal under the following headings: Obesity — Bursitis elbow left — Traumatic Arthritis Upper Thoracic Vertebrae

In my opinion, applicant is capable of performing duties involving Arduous physical exertion.

From: Commandant.
To : Commander, Seattle District.

Subject: Pay of civilian shop and field employees.

Reference: (a) Your letter 16 July, 1941 (75)

1. Department notices of approval of certain promotions recommended with reference (a) are being forwarded separately. No increases have been made in the following cases, due to the fact that the rates proposed were in excess of the maximum rate published by the Navy Department in its schedule of wages on 18 November, 1940. It has been observed also that all four of these employees are subject to the Lighthouse Service Retirement Law and that therefore deductions for retirement purposes are not made from their pay.

Forrest M. Christner, General Helper
Mars P. Kinyon, General Helper
Erick Erickson, Laborer
Francis Robinson, Laborer

2. It appears from the record that the two laborers shown in the tabulation above do not have a classified status. It is suggested that they be encouraged to take an appropriate Civil Service examination, such as for general helper, with a view to bettering their employment status.

3. In the case of George A. Tharp, Foreman, it is noted that he entered the Service by probational appointment on 2 July, 1941, at $185 a month. It is considered that he has not as yet had sufficient experience in the work of the Service to warrant an increase in compensation. However, further recommendation in his case may be submitted at a later date. The force of mechanics under the supervision of foremen at Astoria and Seattle is not large, and the work is not considered to be a s closely comparable to the work of personnel in the Navy Yards as in the larger shops of the Service.

Name: Mars P. Kinyon
(Given name in full, initial or initials, if any, and last name. Print or type.)

Section 9A of Public 252 - 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act", provides:

" (1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any Act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

" (2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any Act of Congress for such position or office shall be used to pay the compensation of such person."

It is provided in various appropriation acts that no part of the funds so appropriated shall be used to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence, and that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. Such acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts employment, the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than $1,000 or imprisoned for not more than one year, or both, and that the above penalty shall be in addition to, and not in substitution for, any other provisions of existing law.

* * * * * * * * * * * * * * * * *

I, Mars P. Kinyon, do solemnly swear (or affirm) that I have read and understand the foregoing; that I do not advocate the overthrow of the Government of the United States by force or violence; that I am not a member of any political party or organization that advocates the overthrow of the Government of the United States by force or violence; and that during such time as I am an employee of the Federal Government, I will not advocate nor become a member of any political party or organization that advocates the overthrow of the Government of the United States by force or violence.

Reference: (a) Mr. Kinyon's letter of 2 April, 1941.
(b) Your letter of 14 April, 1941 (75).

1. In reference (a) Mr. Kinyon stated his experience in the Service and requested that he be changed to general mechanic, and your office in reference (b) recommended that such a position be authorized in the range $1680-2040, which position would be in lieu of one of helper general.

2. It is not conclusively shown by your office in reference (b) that the authorization of the position of general mechanic is necessary and on the basis of the information furnished such action is not approved. It is noted from the record that Clifton E. Johnson, senior mechanic, CU-7, is being retired at the close of 31 May, 1941. It appears that some advancements may be made as a result of Johnson's retirement, and it is suggested that you consider Kinyon in this connection. Headquarters has no record of any change in designation of Kinyon since his employment as handyman.

From: Mars P. Kinyon, General Helper, SEATTLE BASE.
TO : Commander, Seattle District (Via Officer In Charge, Seattle Base).

Subject: Change of Civil Service Status; request for.

1. Request is hereby made to have my present rating of General Helper changed to that of General Mechanic.

2. My work in the Service (both Lighthouse and Coast Guard) has been varied, i.e. I have been both Lighthouse Keeper and Assistant Keeper, electrician, carpenter and mechanician. As general mechanician I have handled the operation and maintenance of electric motors and allied equipment, internal combustion engines of many different types and sizes, and the operation and repair of motor boats, derricks, hoists, etc.

3. Since May, 1936, I have been attached to the Seattle Base (fomerly Seattle Lighthouse Depot). For about one year I handled stock and stores as handyman and some office work in connection thereof. I operated a Diesel Power boat in connection with repairs to aids to navigation. For the past several years I have been attached to the machine shop at this unit where I have done general mechanical as well as helper work. My principal work has been the servicing, repairing and installing all types of aids to navigational equipment; most of the time I have been sent on various jobs alone, as I am thoroughly familiar with all types of equipment particular to aids to navigational work, and can handle and repair anything of this nature. I was still operating the Diesel launch to all parts of Puget Sound and tributary waters for aids to navigational work.

4. Before entering the Lighthouse Service in 1921 I served in the U.S.M.C., and for about 8 months was instructor on the Rifle Range. I was also employed in the mechanical department of the Northwestern Pacific Railroad Company.

5. My total length of Government service, both military and civilian, is approximately 21 years.

During the time I have been in charge of this unit and have had Mr. Kinyon under my direct supervision, I have found him very capable, willing, and able to handle all types of aids to navigational work, including the handling of small boats. It is recommended that consideration be given to change his rating in accordance with his request.

Subject: Induction into Coast Guard, Lighthouse Service Personnel.
Through Superintendent of Lighthouses.

1. It is requested that I be considered for induction into the United States Coast Guard at ~~my rate~~ $1620 per annum, my present rate of pay and dut es. Pay Rate, $1620 per annum

2. I entered the Lighthouse Service December 6th 1921 as assistant keeper in the Alaska (16th) District. Service has been continuous to date. I served as principal Keeper at Tree Point Light Station, Alaska, from October, 1925 to May, 1928, and as principal Keeper at Anacapa Island Light Station, California, 18th District, fromJune 1933 to January 1935. Have been attached to the Seattle Depot since May 21, 1936. Was assigned to the machine shop about February, 1938.

3. In July, 1918 I enlisted in the United States Marine Corps, was honorably discharged in April 1919, at Mare Island, Calif. For a peroid of about sev n months I was assigned to the Rifle Range as an instructor.

4. The more important of my present duties are probably: Servicing aids to navigation, operating deisel powered picket boat, caring for storage batteries, assisting in, and making repairs to AGA flashers and lanterns. Prior to being assigned to the machine shop my work was performed under the direction of the Depot Keeper, and during his absence was in charge of the Depot.

5. I was born in Marshfield, Oregon, May 15, 1899.. Am married and have one daughter. Physical condition, good. My experience in the Lighthouse Service has been wide and varied, am thoroughly familar with the navigation and handling of power boats and am an expert oarsman. Am also familar with the waters of Puget Sound and tributaries where aids to navigation are located. If inducted into the Coast Guard I feel thoroughly qualified to perform any duties which may be assigned to me.

Subject: Vacancy, Seattle Lighthouse Depot.

1. If exsisting vacancy for Depot Keeper at Seattle Depot is filled from present personnel of the Lighthouse Service, I respectfully request that I be considered with others for this position.

2. The following is a brief summary of my experience in the Lighthouse Service. After many years living on Light Stations as a child, I entered the Service in the 16th. District Dec. 6, 1921. Was promoted to Principal Keeper at Tree Point. in October, 1925. Served in this capacity until transferring to the 18th. in 1928. Was promoted to Principal Keeper, Anacapa Island Light Station June 1, 1933 after serving on several other Primary Seacoast Stations. In 1935 I transferred to this district, and on May 21, 1936 was assigned as Handyman to Seattle Depot. Previous to being assigned to the Machine Shop I was in charge of the Seattle Depot during the absence of the Depot keeper, when on annual leave or for other reasons. I am certainly familiar with all types of equipment and supplies used in the Lighthouse Service, and with Depot proceedure.

3. I am enclosing correspondence received while Keeper at Anacapa Island relating to meritorious service, with the request it (The correspondence) be mailed to me at 11530 Evanston Ave. Seattle, Wash.

Respectfully

DEPARTMENT OF COMMERCE
OFFICE OF THE SECRETARY
WASHINGTON

August 24, 1934.

Mr. M. P. Kinyon,
Keeper, Anacapa Island Light Station, Calif.
(Through Commissioner of Lighthouses).

Dear Mr. Kinyon:

I have read with interest the report of assistance rendered by you and the second assistant keeper to three men from the cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. It is noted that you notified the Coast Guard of the plight of these men but that before help arrived from that source the second assistant keeper swam through the breakers carrying a line to the men which enabled you to pull them a distance of about four hundred feet to the launch, and that you gave them food and dry clothing.

I am pleased to commend you for your part in this heroic deed, and am having the matter made a part of your official record.

Sincerely yours,

Secretary of Commerce.

OFFICE OF THE SUPERINTENDENT
18th LIGHTHOUSE DISTRICT
SAN FRANCISCO JULY 31, 1934.

MR. M. P. KINYON,
Keeper, Anacapa Island Light Station.

1. The receipt is acknowledged of your letter of July 27th, reporting the rescue by yourself and Second Assistant Keeper C. H. Coursey, of three men who were marooned on the south coast of Santa Cruz Island.

2. The action of yourself and Mr. Coursey in rescuing these men under difficult conditions was most praiseworthy, and the Superintendent desires to commend both of you for your actions in this matter.

Superintendent of Lighthouse Service,
San Francisco, Calif.

August 2nd, 1934.

Dear Sir:

On or about July 15th,1934, I, the owner of the cruiser HARMONY, and a party of six friends, set out for the island of Santa Cruz on a wild pig hunt expedition; upon our arrival at the island three of us, while trying to row ashore, were capsized at the shore, and, after recovering our guns and ammunition, we went inland to do some hunting. Later in the evening we three decided to return to our boat, but found that the ocean had become very rough, and we were unable to put our boat thru the breakers. We had no food or water with us and our cruiser, which was about three hundred yards offshore, was unable to either send us food and water, or help take us off the beach. We three were marooned for two days- then our cruiser went for help.

The object of this letter to you is to acquaint you with the type of men you have at Anacapa Lighthouse Station who, when our boat got there looking for help, they immediately called the Coast Guard, and then set out to save our lives themselves, not knowing when the Coast Guard could get there. They tried everything possible to land a line to us; they worked for three hours with the ocean getting worse all the time, till one of the men, at the risk of his life, offered to swim in to us with the line, which he did after a great deal of hardship. Then they dragged us thru the roaring breakers and took us back to Anacapa Lighthouse, where they and their wives did everything they possibly could to bring us back to health. I cannot hope to describe to you our feelings toward Mr. Kinyon and his lighthouse men for what they have done us, and again I and my six friends thank you very kindly for having such capable men at Anacapa Lighthouse.

Very truly yours,

EDMOND BURNS.

OFFICE OF SUPERINTENDENT, 18th L. H. DIST.,

Copy for Keeper Kinyon, and for 2nd Asst. Kpr. Coursey, in connection with letter of commendation from this office, dated July 31st,1934, sent each of the above for his part in this rescue.

ABSTRACT OF OFFICIAL RECORD OF U. S. GOVERNMENT EMPLOYEE

(For the use of the department to which the employee has been transferred)

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each **fiscal year,** or part of **fiscal year,** the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

5. In the case service was per diem and continuous through the calendar year, so state; if intermittent, give dates of beginning and ending of actual employment, with the number of days served.

I have gained considerable mechanical knowledge both in and out of the light-house service. While keeper at Tree Point in Alaska, and at Anacapa Island in Calif. I did practically all the overhauling and repairs to all equipment, except radio beacon, and repairs were made many times, by myself, to radio beacon. On Anacapa Island there were 13 engines ranging to 62½ HP to be cared for, in addition to other equipment. During vacations in Alaska I have served (as) engineer on Cannery tenders with heavy duty engines up to and including 140 HP.

OFFICE OF SUPERINTENDENT, 18TH DISTRICT
CUSTOMHOUSE
SAN FRANCISCO, CALIF.

January 28, 1935.

Superintendent of Lighthouses,
Portland, Oregon.

1. Referring to your endorsement of January 21, 1935, on Eighteenth District letter of January 16,1935, you are advised that the object of this District's letter of January 16th was to ascertain the date on which Kinyon was assigned to temporary detail at Umpqua River Light Station, which information has now been furnished by the fourth paragraph of your endorsement.

2. This Office will continue to pay Kinyon's salary while on detail. It, of course, is assumed that you will advise this Office by telegram, when you have received notice of the authorized promotion of Assistant Keeper at Umpqua River, of the date on which you assign Kinyon to duty.

(m.p.)

3. You are advised that this Office has just received notice of approval of Kinyon's authorized transfer to your District.

For and in the absence of the Superintendent.

O. L. Jenkins
Assistant Superintendent.

OFFICE OF SUPERINTENDENT, 18TH DISTRICT
CUSTOMHOUSE
SAN FRANCISCO, CALIF.

January 16, 1935.

Superintendent of Lighthouses,
Portland, Oregon.

1. Referring to endorsement to you on this District's letter to M. P. Kinyon of December 28th requesting to be advised of the date that you placed Keeper Kinyon on duty under detail at Umpqua River Light Station, you are advised that this information has not yet been furnished this District.

2. As two months have elapsed since your endorsement of November 16,1934, stating that nomination for Mr. Kinyon's transfer would be submitted to the Bureau at an early date, it is thought that Department authority for this transfer should be received by you at an early date and it is requested that this Office be advised by telegraph when Department authority is received together with the date that Mr. Kinyon enters on duty as Assistant Keeper at Umpqua River Light Station. The keepers at Anacapa Island Light Station are all being advanced one step leaving a vacancy in the position of Third Assistant Keeper which is being filled from the register and it is desired to ship the new keeper's furniture to Anacapa Island on the next southern trip of the Lighthouse Tender which cannot be done until definite information regarding Mr. Kinyon's transfer is received.

Returned to

Superintendent of Lighthouses
San Francisco, Calif.

1. With advise that approval for the transfer and promotion of the former Assistant Keeper at Umpqua River Light Station has not to date been received. It is not therefore possible to enter M. P. Kinyon on duty prior to receipt of such approval.

2. Mr. Kinyon's present assignment at Umpqua River Light Station being on detail, it appears that insofar as records are concerned, he is still keeper of Anacapa Light Station and should be so carried. Advise whether or not your office is in a position to pay him in that capacity until presidential and Department approval have been received for the transfer and promotion of the

assistant keeper whom Mr. Kinyon succeeds at Umpqua River.

3. As requested, you will be advised by telegraph immediately upon receiving Department authority which will enable the completion of the transfer upon which Mr. Kinyon's transfer is dependent.

4. M. P. Kinyon entered upon duty on temporary detail at Umpqua River Light Station on Dec. 28, 1934, at 6 p.m.

ABSTRACT OF OFFICIAL RECORD OF U. S. GOVERNMENT EMPLOYEE

(For the use of the department to which the employee has been transferred)

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each **fiscal year**, or part of **fiscal year**, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

5. In the case service was per diem and continuous through the calendar year, so state; if intermittent, give dates of beginning and ending of actual employment, with the number of days served.

Sir:

You are respectfully informed that since my household goods will arrive in Marshfield, Oregon, on, or about, Dec. 28, 1934, it will be necessary for me to proceed to that place to make arrangements for disposing of same. I will remain at Umpqua River station until a few days before my leave expires, if transfer has not been approved by that time, I will return to Anacapa Island, as previously instructed.

I expect to arrive at the Umpqua River station on, or about Dec. 21, 1934.

1. Referring to your request of December 3rd to ship your furniture via the next Tender calling at your station, you are advised that a Tender is making a southern trip leaving this City on or about December 11th and returning about December 24th. This Tender will be directed to pick up your furniture on the return trip.

2. In this connection your attention is invited to the fact that unless your transfer is approved before the expiration of your leave, it will be necessary for you to return to duty at Anacapa Island until such time as your transfer is approved.

3. Transfers such as yours are seldom consummated in less than six weeks time and as your transfer was not recommended until about the first of December, it is not expected that it will be approved until on or after January 1, 1935.

ABSTRACT OF OFFICIAL RECORD OF U. S. GOVERNMENT EMPLOYEE

(For the use of the department to which the employee has been transferred)

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each **fiscal year,** or part of **fiscal year,** the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

5. In the case service was per diem and continuous through the calendar year, so state; if intermittent, give dates of beginning and ending of actual employment, with the number of days served.

(Through Commissioner of Lighthouses).

Dear Mr. Kinyon:

I have read with interest the report of assistance rendered by you and the second assistant keeper to three men from the cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. It is noted that you notified the Coast Guard of the plight of these men but that before help arrived from that source the second assistant keeper swam through the breakers carrying a line to the men which enabled you to pull them a distance of about four hundred feet to the launch, and that you gave them food and dry clothing.

I am pleased to commend you for your part in this heroic deed, and am having the matter made a part of your official record.

Sincerely yours,

Dear Sir:

1. This Office acknowledges the receipt of your letter of August 2, 1934, reporting the rescue of yourself and two companions, by the keeper and assistant keeper of the Anacapa Island Light Station, when you were marooned on the south coast of Santa Cruz Island.

2. A copy of your letter, together with a letter of commendation from this Office, has been sent to each of the keepers participating in your rescue, and this Office wishes to express its thanks to you for bringing this action on the part of employees of the Lighthouse Service to its attention.

Very truly yours,

Commendation of keepers.

1. Reference is had to letter of July 31st from this Office transmitting copy of letter of July 27th, from M. P. Kinyon, keeper, Anacapa Island Light Station, reporting the rescue, by himself and Second Assistant Keeper C. R. Coursey, of three men who were marooned on the south coast of Santa Cruz Island.

2. There is inclosed, for the further information of the Bureau on this subject, copy of letter of August 2nd, 1934, from Mr. Edmond Burns, one of the rescued men, expressing his appreciation of the action of these employees of the Lighthouse Service in rendering the aid in question.

3. The keepers responsible for this credibible work have already been commended by this Office, and a copy of the letter of commendation furnished the Bureau; a copy of Mr. Burns' letter has been sent to each keeper for his information and files.

4. It appears from the inclosed copy of Mr. Burns' letter that the rescue of this party was accomplished under greater risk to the keepers than was disclosed by the report of the keeper, and it appears that this is a matter which entitles Keeper M. P. Kinyon, and Second Assistant Keeper C. R. Coursey, to commendation by the Commissioner or by the Department, and it is recommended that these additional letters of commendation be sent them.

Sir:

I respectfully report that on Sunday, July 22, 1934, two men came ashore from cruiser "Harmony" and reported that three men from their boat, in attempting to land through surf, had capsized their skiff, and were trapped against the cliff, on a narrow beach on south coast of Santa Cruz Island about two miles west of Sandstone point.

They requested that we notify the Coast Guard, which we did at once. They further stated that the men on the beach had been about thirty-six hours without food or water. We decided to take station launch run over to Santa Cruz Island and attempt to float water ashore, since the Coast Guard cutter might have to come from considerable distance. Mr. Coursey and myself left the station about 1:30 P.M.

Upon arrival at the beach (which was about six miles instead of two west of Sandstone point) we found it impossible to float anything through the surf, which was running quite high. After waiting until nearly dark for the cutter to arrive we decided to make an attempt to take the men off. Surf was running too high to land a small boat on the beach, so Mr. Coursey took a cork ring with line attached, and a jug of water and swam through the breakers during a slight lull. By watching seas, we were able to pull the men through the surf to launch, a distance of about 400 feet, which was as close as we could safely approach the beach with launch. Men were nearly exhausted when taken aboard. They were taken to station and given food and dry clothing.

The reason for taking station launch was, that the cruiser that came here for assistance had developed engine trouble, and was short of gasoline. C. G. Cutter No.254 arrived at station at 5:30 AM July 23, took aboard two men of the party and went back to the beach to try to save the balance of the equipment, skiff, guns, etc. which it had been necessary to leave on beach when men were taken off. Due to heavy surf still running this was impossible, so cutter returned to station, picked up balance of party, took their boat in tow and departed for San Pedro about 12 noon.

This AM ground swell seemed to have subsided, so Mr. May, Coursey, and myself made trip to beach and recovered balance of equipment which C. G. Cutter will call for later. The distance from station to beach where men were trapped is about 16 miles.

Respectfully,

1. There is a possibility that the Superintendent of the seventeenth district will give consideration to my application for transfere to the Umpqua River station,,should a vacancy occur.

2. It is not my desire to transfere with demotion to any other station on the Pacific coast, but would like to transfere to this station to be near my parents, and to have my daughter and brother who are near the same age, together. There would be both grade and high school facilities available at this station.

3. Next school term it will be necessary for my wife and daughter to live in Ventura, which would more than offset the difference in my salary here and at the Umpqua station, and I would have to live alone here during sc school term.

4. There has been no dissatisfaction while I have been in this district, and fair treatment accorded me is appreciated.

5. I feel that if I could make this move, it would be for the best intrests of my family.

1. Referring to your letter of April 18th stating that you had received $118.95, instead of $112.90 your regular monthly salary, for the month of March, you are advised as follows:

2. Commencing July 1, 1932, deductions equal to 1-1/4 days for each day of furlough leave taken in excess of that accrued at the time leave was taken were made from employees' salary checks each month.

3. Since new regulations became effective beginning April 1st, and furlough leave is no longer allowed, in order that no injustice might be done those employees who had not taken in excess of 18 furlough days to the close of March 31st and had had excess deductions made from their salaries due to leave taken earlier in the fiscal year, all salary deducted in excess of 22-1/2 days (18 time 1-1/4) was returned to the employe in the March salary check.

4. 3-3/4 days pay was deducted from your salary check for the month of November or 1-1/4 days over deduction due to the fact that you exceeded your earned furlough to the close of November. Since you did not exceed 18 days leave to the close of March and had had 21-1/4 days pay deducted from your salary at the close of February, only 1-1/4 days pay was deducted from your March check making a total deduction from your salary for the fiscal year of 22-1/2 days pay.

1. Your leave slip showing that you took 14 days furlough leave instead of 9 days was not received in this office until November 2nd and the fact that you had requested an extension of your leave was overlooked when making up the payrolls for October. Deduction should have been made from your October pay check of 6-1/4 days instead of the usual 2-1/2 days. Since this deduction was not made, if you do not take any furlough leave for the month of November, deduction will be made from your November pay check of 3-3/4 days since you will have earned to the close of November 10 working days and you have taken 11.

2. Completed leave slips showing actual time taken should be forwarded to this office as promptly as possible after return to station.

1. In reply to your letter of January 27th regarding promotions you are advised that the practice in this District is to grant promotions based upon seniority and efficiency. You are also advised that the practice in this District has never been to accept transfers from other districts carrying the seniority which they held in such districts. In other words, when you transferred to this District if you could have retained your seniority you would have been transferred to the position of Keeper, which would have manifestly been an injustice to Assistant Keepers in this District who base their chances for promotion upon their seniority standing within the District.

2. This office did not question your ability to properly perform your duties as Keeper of the Humboldt Bay Fog Signal and Lights but as Assistant Keeper P.S. McGrath was rated senior to you in the records of this office it was considered that he was entitled to first choice for the position and inquiry was made of you as to whether or not you would accept the position, if offered, for the purpose of saving time in the event that Assistant Keeper McGrath declined the offer for transfer.

3. This office is pleased to have the additional information regarding your qualifications for the position of Keeper, as set forth in your recent letter, all of which will be given due consideration in making future promotions in the District.

1. In computing the number of days absence, in the case of Mr Kinyon, First Assistant Keeper, I have taken the time from the time that he was landed at Ventura, to the time that he reported, aboard the Station Launch at Ventura, for duty.

2. It will be noted that his leave of absence was to be from April 18th to April 22nd. The Lighthouse Tender Sequoia was loading at Anacapa Light Station on April 22nd and the Station Launch did not make the trip to Ventura until the next day, when several of the working party were landed and discharged.

Mrs. Gertrude J. Kinyon

Seattle 99, Washington

My dear Mrs. Kinyon:

Headquarters has been advised of the death of your husband, Mars Pierson Kinyon, Maintenance Mechanic, former Lighthouse Service now United States Coast Guard, Retired, on 22 December 1951. Please accept my sincere sympathy.

At the time of death there was due the estate of your husband final retired pay. This retired pay ceases at death and there is no law providing for the continuance of payment of any part to dependents. The forms necessary to effect settlement of the final pay are herewith inclosed.

If there will be no legal representative to administer the estate of your husband, the next of kin, or the person who paid, or will pay the funeral expenses should execute the inclosed Forms No. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked. If a representative is appointed, a copy of the Court Order showing the appointment should be attached to Forms No. 1055. If the funeral expenses have been paid, a bill receipted by the undertaker should be forwarded, otherwise, the undertaker should sign the inclosed waiver form. This information is necessary to support the claim for the final retired pay.

In the event you have in your possession any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for settlement with the claim for retired pay due on date of death.

Veterans Administration Forms Nos. 530 and 534 are inclosed for making application for the pension award and burial allowance. It will be noted that a certified copy of the public record of marriage must be forwarded to substantiate the application for the pension award.

When the inclosed forms have been completed, return them to Coast Guard Headquarters in the inclosed pre-addressed envelope which requires no postage.

By direction of the Commandant.

Very truly yours,

Description of duties of position (to be filled in by district commander):

Maintenance Mechanic duties in general, consisting of repairing, servicing, etc., of buoys and aids to navigation under all kinds of weather conditions, both on the water and on the beach, docks, etc. My duties have been practically the same since 1936, with exception of time spent as chief boatswain's mate in the U.S.Coast Guard which was from 1942 to 1946. From 1921 to 1936 I was employed as a light house keeper. During 1918 and 1919 I served 9 months in U.S. Marine Corps.

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Arthritis of ~~skin~~ spine Symptoms first noticed in 1945. Found to exist by X-ray examination at U.S. Marine Hospital, Seattle, Wash. late 1945 or early 1946. Also severe pain in back after working for short time. Can be alleviated by lying on back. Additional symptoms which have developed during the past year are as follows: Severe headaches occurring at irregular times, stomache conditions, causing gasses on stomach, and bowels, which in turn cause very severe pains in lower back. The pain in the back is severe enough to cause considerable loss of sleep.

Subj: KINYON, MARS P., Maintenance Mechanic, Seattle Base; Forms CG-2523 and CG-2521 for

1. Inclosed is Form CG-2523, Certificate of Medical Examination, Disability Retirement, Civilian Personnel, for subject employee. Mr. Kinyon was placed in sick-leave status on 31 July 1951 and admitted to the U. S. Public Health Service Hospital, Seattle, Washington for observation and treatment shortly thereafter. The examining physician stated over the telephone to the Commanding Officer of the Seattle Base that he does not expect Mr. Kinyon to live more than about six months.

2. Also inclosed is Form CG-2521, Application for Retirement, signed by Mr. Kinyon requesting retirement on account of disability effective 31 October 1951. This employee had 3 months and 15 days leave without pay from 1 May 1928 to 14 August 1948. However, this period was not deducted from his service record as in the absence of information to the contrary it is assumed that he will be given credit for leave without pay which does not exceed six months in the aggregate in any calendar year as in the case of regular Civil Service retirement.

3. It is possible that there will be a change in Mr. Kinyon's rate of pay before 31 October 1951 due to the fact that Navy wage board employees in this area received increases effective 27 August 1951. However, to date this office has no final information regarding similar increases for Coast Guard employees and is unable to take this into consideration in computing his rate of retired pay.

4. A recommendation for the Albert Gallatin award for subject employee will be forwarded within a few days.

1. Subject employee who has applied for disability retirement effective 31 October 1951, is hereby recommended for the Albert Gallatin Award based on his faithful service of 30 years, 7 months and 15 days. To his excellent service record should be added the mention of heroic service for which he received commendations from both the Superintendent of the Lighthouse Service and the Secretary of the Department of Commerce, as evidenced by copies of letters attached.

2. In view of the foregoing and the fact that Mr. Kinyon is rapidly failing, it is the desire of the District to submit his name for early consideration for the Albert Gallatin Award. It is hoped that arrangements may be made for a bedside ceremony, if necessary, while he still is able to appreciate the honor for which he is recommended.

Dear Sir:

On or about July 15th, 1934, I, the owner of the cruiser HARMONY, and a party of six friends, set out for the island of Santa Cruz on a wild pig hunt expedition; upon our arrival at the island three of us, while trying to row ashore, were capsized at the shore, and, after recovering our guns and ammunition, we went inland to do some hunting. Later in the evening we three decided to return to our boat, but found that the ocean had become very rough , and we were unable to put our boat thru the breakers. We had no food or water with us and our cruiser, which was about three hundred yards offshore, was unable to either send us food and water, or help take us off the beach. We three were marooned for two days--then our cruiser went for help.

The object of this letter to you is to acquaint you with the type of men you have at Anacapa Lighthouse Station who, when our boat got there looking for help, they immediately called the Coast Guard, and then set out to save our lives themselves, not knowing when the Coast Guard could get there. They tried everything possible to land a line to us; they worked for three hours with the ocean getting worse all the time, till one of the men, at the risk of his life, offered to swim in to us with the line, which he did after a great deal of hardship. Then they dragged us thru the roaring breakers and took us back to Anacapa Lighthouse, where they and their wives did everything they possibly could to bring us back to health. I cannot hope to describe to you our feelings toward Mr. Kinyon and his lighthouse men for what they have done us, and again I and my six friends thank you very kindly for having such capable men at Anacapa Lighthouse.

Very truly yours,

EDMOND BURNS

Dear Mr. Kinyon:

I have read with interest the report of assistance rendered by you and the second assistant keeper to three men from the cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. It is noted that you notified the Coast Guard of the plight of these men but that before help arrived from that source the second assistant keeper swam through the breakers carrying a line to the men which enabled you to pull them a distance of about four hundred feet to the launch, and that you gave them food and dry clothing.

I am pleased to commend you for your part in this heroic deed, and am having the matter made a part of your official record.

Sincerely yours,

Dear Mr. Kinyon:

My attention has been called to the fact that you will retire from the position of Maintenance Mechanic in the Coast Guard at the close of 31 October 1951 after having rendered more than thirty years of honorable service in the former Lighthouse Service and the Coast Guard.

In reviewing the history of your employment, I find that in 1934 when you were Keeper of Anacapa Island Light Station you were commended by the Superintendent of Lighthouses and by the Secretary of Commerce for your part in the rescue of three men of the Cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. I am glad indeed to read of this act of heroism on your part, which was above and beyond the requirements of your position. I also take pleasure in congratulating you on your long and efficient service, and hope that you may recover from your present illness to enjoy in some measure the leisure afforded by relief from active duty.

Very truly yours,

1. Reference is made to your letter of 15 December 1950, requesting that Mr. Kinyon's legal residence be changed from Alaska to Washington, and that the records be noted to show 10-point preference as established by your Notification of Establishment of Military Preference Form.

2. It is not required by the Civil Service Commission that the legal residence be shown on Forms 50 in the case of nonapportioned positions. See R1-20.01 of the Federal Personnel Manual. However, in the case of field positions, it has been the practice of Headquarters to show the legal residence claimed by the employee upon original entrance on duty. In view of this, no action will be taken to change Mr. Kinyon's legal residence on Form 50.

3. As to 10-point preference, it appears that the Veterans Administration's letter dated 14 March 1950, furnished by Mr. Kinyon as proof of disability as shown on your notification, is not acceptable for the reason that the preference was not established within six months after the date of issue of the Veterans Administration's letter. See V1-27 of the Federal Personnel Manual. However, the only advantage a 10-point veteran has over a 5-point veteran is additional credits in a civil service examination which affects his standing on civil service certificates. In view of this, if an employee has established 5-point preference, the establishment of 10-point preference after he is in the Service would serve no purpose.

Mars P. Kinyon,

Sir:

Your claim for overtime compensation alleged to be due you under the act of March 28, 1934 and the decision in B-49448, dated June 2, 1945, for services purported to have been rendered during the period March 1934 to June 29, 1948, as an employee of the United States Coast Guard, has been carefully examined and it is found that no part thereof may be allowed for the reasons hereinafter stated.

The decision in B-49448, supra, has been incorporated in Public 575, 79th Congress, approved July 31, 1946, 60 Stat. 747, which has application to claims by employees or former employees of the United States for adjustment of overtime compensation, who were engaged in certain trades and occupations and whose compensation was fixed by wage boards or other wage fixing authorities and who were paid overtime compensation in accordance with section 23 of the act of March 28, 1934, 48 Stat. 522, for work performed at night or shifts requiring night work.

A report on the matter submitted by the United States Coast Guard discloses that the above-mentioned statute has no application to the class of employment in which you were engaged prior to July 1, 1936, and that you have been paid all overtime compensation to which you are entitled for that period of your claim subsequent thereto.

I therefore certify that no balance is found due you from the United States.

Dear Sir: Re: Misc. 3002692-CPJ

Reference is made to your letter of August 26, 1948, transmitting claim in the interest of Mars P. Kinyon, 8633 1st Avenue, N. W., Seattle 7, Washington, "for additional accrued pay" under the act of March 28, 1934.

You are advised that since Sec. 23 of the Act of March 28, 1934, established a forty-hour work week for employees in the trades and occupations whose rates of pay were fixed by wage boards or other wage-fixing authorities, it did not apply to employees in other kinds of work, such as Lighthouse Keepers. Keepers were employed on a per annum basis (see Act of August 26, 1937, 50 Stat. 840). Mr. Kinyon was employed as a Lighthouse Keeper from December 3, 1921 to June 30, 1936, and in view of the foregoing was not entitled to overtime payment during that time.

Since July 1, 1936, Mr. Kinyon has been employed as a General Helper and as a Maintenance Mechanic. While thus employed he was eligible for payment for overtime and all payments to which he is entitled have been made. There is no additional compensation due him and his claim is returned herewith.

For the period prior to 1 July, 1942 this office has no records to indicate that Mr. Kinyon was required to work overtime or during hours for which he would be entitled to night differential and that if required to do so that payment was made. From 1 July, 1942 to present date Mr. Kinyon has been paid time and one-half rate for all overtime worked beyond 40 hours per week. During this period he has not been required to work any regularly scheduled tour of duty that would require night differential pay. REMARKS: Photostatic copy Honorable Discharge, Preference Claim(Form 14) and copy of Mr. Kinyon's letter requesting return to duty are attached. Medical Certificate (Form 2413) states he is physically fit to perform duties of his position. Last increase Maint. Mech. $8.48 D. to Maint. Mech. $9.12 D. effective 7-6-42. No LWOP from that date to mil. furl. It is presumed that Mr. Kinyon would have received raises in pay in the same manner as the men at the base who were not on military furlough; which under the amended schedule of wages, effective 22 April, would be $11.52 per diem for Maint. Mech.

19 October, 1945

To: Commanding Officer, CG Group, Seattle, Washington

Subj: Kinyon, Mars P. (585-518) CBM; forwarding of information

1. Reference is made to letter from the above-named man dated 10 September, 1945, with indorsements thereon, requesting enlistment in the regular establishment of the Coast Guard.

2. This man is not eligible for enlistment in the regular establishment of the Coast Guard (white ticket). However, consideration will be given to his enlistment in the regular Coast Guard, STE.

3. Headquarters is fully cognizant and appreciative of the valuable service rendered by former Lighthouse Service personnel, and is presently granting lenient waivers for age and rating to permit these men to enlist in the regular Coast Guard under the provisions of Personnel Bulletin 82-45. However, other than that they must be considered on the same basis as other reserve personnel, with regard to ratings, etc. Attention is invited to the fact that, should this man be accepted for enlistment in the STE, he will be enlisted in the rating of seaman, first class, with immediate temporary advancement to his present rating. No definite statement can be made in regard to permanent ratings until such time as the post-war size of the Coast Guard is established by legislation or otherwise approved.

4. Kinyon should be informed that time served in the former Lighthouse Service as Civil Service is not creditable for Coast Guard military pay and retirement purposes in such cases.

5. If, after consideration of the above facts, this man still desires to enlist in the regular Coast Guard, STE, he should be physically examined and a report of the findings forwarded to Headquarters on Form 2525-B for review and appropriate action.

(b) DCGO letter 3 November, 1942 (PER-75)
(c) Headquarters' letter 16 November, 1942 (CG-CP-75)

1. Replying to reference (c), Mars Kinyon had accrued sixty days as of 1 January, 1942. From 1 January to 22 October, 1942, he earned 20 days, 7-3/4 hours. He has taken no annual leave this calendar year.

2. At the time reference (b) was submitted, Armistice Day was counted as a working day, the possibility of the legal holiday being abolished having been considered. Headquarters was therefore advised that furlough should be made effective at the close of 2 March, 1943. Since November 11 was observed as a national holiday, however, furlough of subject employee should become effective at the close of 3 March, 1943. Form 2660 dated 26 October, 1942, was in error in recommending furlough at the close of 28 February, 1943.

ENTER SICK LEAVE IN RED INK

CG-CP-75

24 August, 1942

From: Commandant.
To: District Coast Guard Officer, Thirteenth Naval District, Seattle.

Subject: Revision of Navy Department's Wage Schedule for per diem civilian employees.

References: (a) Headquarters' letter 6 July, 1942 (CG-CP-75).
(b) Your letter 8 August, 1942 (75).
(c) Navy Department's circular dated 26 June, 1942.

1. Headquarters' records indicate that approved forms 2249 for Maintenance Mechanics, Mars P. Kinyon and Russell G. Correll, were submitted to Seattle on 4 August, and it is presumed they reached you shortly after reference (b) was mailed.

2. Wage adjustments were not made for Foreman Machinist Axel E. Anderson and Foreman William A. Eggers, for the reason that foreman rates were not amended by reference (c); consequently, wage adjustments were not in order. If it is believed these employees are entitled to promotion to the next higher rate of $12.00 per diem, recommendations may be submitted by your office, giving a justification for the proposed promotions, and advising whether your present allotment of funds is adequate to cover the increased cost.

N. R. STILES,
By direction.

From: Commander, Seattle District.
To: Commandant.

Subject: Mars. P. Kinyon and Forrest M. Christner, Handymen, Seattle Base.

Reference: (a) Headquarters' letter, 15 May, 1941 (OP-75).
(b) Headquarters' letter, 6 Sept. 1941 (OP-75).

1. There are now employed at Seattle Base, three machinists (one of whom acts in a supervisory capacity), one electrician and two handymen.

2. There is authorized, but not yet filled, one electrician at $2000.00.

3. Most of the work on aids to navigation in this district is performed by Seattle Base personnel, and with the present allowed assignments, it is quite often necessary to interrupt shop work being performed by machinists in order to assign these men to correction of defects in aids to navigation. The two handymen now devote a greater part of their time to this work. It is work which requires mechanical ability and a knowledge of the equipment. Kinyon was assigned to installation of new aids on the Umpqua River, involving not only the installation of all lighting equipment, but erection of structures on shore. Christner has credibly performed electrical assignments.

4. Kinyon and Christner now receive $135.00 per month, not having been included in recent increases, reference (b). Kinyon has had 20 years of service experience, and Christner has had about 15 years. The experience and knowledge of lighthouse equipment which these men have are valuable to the Coast Guard in the maintenance of aids to navigation. Both men are now dissatisfied with their present status and rate of pay, particularly since they were left out of recent increases. Under present labor conditions it would be difficult, if not impossible, to replace them at their present rate of pay.

5. It is considered that there is justification for authorization of two general mechanics at Seattle Base. These two mechanics

would make periodical inspection of equipment, correct deficiencies in aids reported inoperative (both lights and fog signals), make installations of new equipment, repair and assemble equipment brought into the shop for overhaul, as well as general shop work.

6. It is recommended that the two positions of general mechanic at the minimum Navy Yard scale of $8.00 per day ($173.33) be authorized at Seattle Base, and that these positions be filled by Handyman Kinyon and one new man.

7. It is proposed to raise Hildebrand to the Navy Yard scale of $8.56 for electricians with a monthly pay of $185.46, and promote Handyman Christner to the same rate of pay.

8. Of the two handyman positions thus vacated, it is recommended that one be abolished, and one held open until district funds permit filling same.

9. The position of Senior Mechanic, CL-7, $1860 - $2300, vacated by retirement of Clifton E. Johnson, reference (a), is not to be filled by civilian employment, and may therefor be reallocated in the authorization of the proposed recommendations.

10. The rate of pay proposed above presupposes adoption of the Navy Yard scale throughout the mechanical force of the district as is being separately proposed.

11. The above proposed changes will permit promotion of Kinyon and Christner to capacities they are capable of filling, with increased pay, and a more salutary attitude on the part of these men in the face of the increased living costs and high pay now being received by mechanical forces outside the Government.

Reference: (a) Your letter 16 July, 1941 (75).

1. Department notices of approval of certain promotions recommended with reference (a) are being forwarded separately. No increases have been made in the following cases, due to the fact that the rates proposed were in excess of the maximum rate published by the Navy Department in its schedule of wages on 18 November, 1940. It has been observed also that all four of these employees are subject to the Lighthouse Service Retirement Law and that therefore deductions for retirement purposes are not made from their pay.

2. It appears from the record that the two laborers shown in the tabulation above do not have a classified status. It is suggested that they be encouraged to take an appropriate Civil Service examination, such as for general helper, with a view to bettering their employment status.

3. In the case of George A. Tharp, Foreman, it is noted that he entered the Service by probational appointment on 2 July, 1941, at $185 a month. It is considered that he has not as yet had sufficient experience in the work of the Service to warrant an increase in compensation. However, further recommendation in his case may be submitted at a later date. The force of mechanics under the supervision of foremen at Astoria and Seattle is not large, and the work is not considered to be as closely

2. It is not conclusively shown by your office in reference (b) that the authorization of the position of general mechanic is necessary and on the basis of the information furnished such action is not approved. It is noted from the record that Clifton E. Johnson, senior mechanic, CU-7, is being retired at the close of 31 May, 1941. It appears that some advancements may be made as a result of Johnson's retirement, and it is suggested that you consider Kinyon in this connection. 2 April, 1941.

From: Mars P. Kinyon, General Helper, SEATTLE BASE.
TO : Commander, Seattle District (Via Officer In Charge, Seattle Base).

Subject: Change of Civil Service Status; request for.

1. Request is hereby made to have my present rating of General Helper changed to that of General Mechanic.

2. My work in the Service (both Lighthouse and Coast Guard) has been varied, i.e. I have been both Lighthouse Keeper and Assistant Keeper, electrician, carpenter and mechanician. As general mechanician I have handled the operation and maintenance of electric motors and allied equipment, internal combustion engines of many different types and sizes, and the operation and repair of motor boats, derricks, hoists, etc.

3. Since May, 1936, I have been attached to the Seattle Base (fomerly Seattle Lighthouse Depot). For about one year I handled stock and stores as handyman and some office work in connection thereof. I operated a Diesel Power boat in connection with repairs to aids to navigation. For the past several years I have been attached to the machine shop at this unit where I have done general mechanical as well as helper work. My principal work has been the servicing, repairing and installing all types of aids to navigational equipment; most of the time I have been sent on various jobs alone, as I am thoroughly familiar with all types of equipment particular to aids to navigational work, and can handle and repair anything of this nature. I was still operating the Diesel launch to all parts of Puget Sound and tributary waters for aids to navigational work.

4. Before entering the Lighthouse Service in 1921 I served in the U.S.M.C., and for about 8 months was instructor on the Rifle Range. I was also employed in the mechanical department of the Northwestern Pacific Railroad Company.

5. My total length of Government service, both military and civilian, is approximately 21 years.

1. Reference (a) proposes the transfer of the subject employee from his present position of general helper to a vacancy in a position of keeper. Headquarters will take no action on the recommendation of your office in this case as it is considered that it will establish an undesirable precedent. There is some doubt as to the legality of such a transfer under the terms of the induction act of 5 August, 1939, but regardless of that Headquarters deems the proposed action undesirable, as it is not in accordance with the general policy of filling vacancies in positions of keeper by the transfer of civilians from vessels, by the transfer of keepers from other stations or by the assignment of enlisted men.

Subject: Nomination of handyman at Seattle Coast Guard Repair Base to additional keeper.

1. This is a case where a handyman at the Seattle Coast Guard Repair Base, not now eligible for induction into the Coast Guard, has been nominated for the position of additional keeper at the same salary, in which position he will be eligible for induction into the Service when and if such inductions are made.

2. Regardless of whether or not such a transfer is legal - and I have considerable doubt that it is legal - the precedent established thereby would be an undesirable one and, in addition, would interfere with the present policy of the Coast Guard of filling keeper vacancies with enlisted men.

L. V. KIELHORN.

27 June, 1940

MEMORANDUM FOR COMMANDER DERBY

With reference to the Seattle District's attached letter and recommendation for the transfer of M. P. Kinyon from his present position of General Helper to a position of Keeper at large without any change in his present compensation of $1,620 per annum, the record shows that Mr. Kinyon is 41 years of age and that he first entered the Service as a Keeper in December 1921. He was transferred from a position of Keeper to his present position of General Helper at the Seattle Depot or Repair Base on July 1, 1936.

Aside from the reasons for the proposed change given in the District's letter there appears to be some technical question under the law as to the propriety ~~or the eligibility~~ of transferring a General Helper to a position of Keeper. The Act of August 5, 1939, providing for the induction into a military status of certain former Lighthouse personnel contemplated more or less that when certain positions in the former Lighthouse Service, which for retirement purposes had been classified under the Act of June 20, 1918, as amended, became vacant, they would be filled by the assignment of persons in a military status in the Service. In practice this procedure is not being followed in a narrow or technical sense, for vacancies on the former Lighthouse vessels as well as vacancies at light stations are still being filled by the transfer of civilian incumbents of corresponding positions at other stations. The practical exigencies of the Service appear to require a procedure of this kind.

In the present case of Mr. Kinyon however, his present position is neither on a vessel nor on a light station, but is that of General Helper at a Depot.

Perhaps considerations to this character are not of material consequence, and it may be sufficient for practical purposes to consider that any person in the Service on June 30, 1939, may be considered eligible for transfer to any other position in the Service for which he is qualified and which is deemed to be in the interest of the Service. this transfer

It is my opinion that it is practicable to approve the recommendation of the Seattle District. Aside from the case of Mr. Kinyon which is discussed in detail above, there is also attached the case of F. M. Christner which involves about the same points and which is a parallel case. I talked briefly with Comd Kielhorn about these points, & it is my understanding that he has doubts about effecting transfers of this character

UNITED STATES COAST GUARD

OFFICE OF COMMANDER
SEATTLE DISTRICT

21 June, 1940

U. S. COAST GUARD
RECD JUN 25 1940

From: Commander, Seattle District,
To : Commandant.

Subject: Nomination for transfer of handyman to additional keeper.
Reference: (a) Seattle District indorsement 18 June, 1940 on application of F. M. Christner for induction into Coast Guard.
Inclosure: (1) Recommendation for transfer of Mars P. Kinyon, Form 73.

1. Nomination for transfer of Mars P. Kinyon, handyman, Seattle Coast Guard Repair Base, to the position of additional keeper is transmitted herewith. As stated in reference (a), it is proposed to assign additional keepers to servicing unattended fogsignals and automatic minor lights, in lieu of acting solely as substitutes during absence of keepers on leave. Services of this nature are urgently needed in the district, and it is believed that Mr. Kinyon's experience and ability fully qualify him for the work required.

1. Reference is made to Bureau letter of March 24, 1939 relating to the transfer of Henry Irwin from Assistant Keeper at Lime Kiln Light Station to Handyman at Tongue Point Lighthouse Depot.

2. The Bureau is advised that Mr. Irwin's pay as Asst. Keeper at Lime Kiln Light Station was $1380 per annum plus quarters valued at $240 per annum, making a total of $1620 per annum and it was at this gross rate of pay of $1620 per annum that his transfer was effected to Tongue Point Lighthouse Depot.

3. Mr. Irwin's experience and qualifications fitted him especially well for the job of Handyman at Tongue Point Lighthouse depot and it was with the understanding that he would receive his gross rate of pay that he accepted the transfer.

4. Action in the transfer of Mr. Irwin at a rate equivalent to his gross pay including quarters as Assistant Lighthouse Keeper was based on similar action approved by the Bureau in the transfer of Mars P. Kinyon and Forrest M. Christner, each of whom was receiving $1380 per annum plus quarters at $240 per annum, or a total of $1620 per annum or $135 per month.

With further reference to the pay of $4.50 per diem for Irving R. Petite, handyman at the Seattle deopt, and your letter of February 20 in the matter: in file

At this rate, it appears that on the 40-hour week basis Mr. Petite's pay would amount to $97.50 a month and in view of this the Bureau has approved the proposed change from a per diem to a monthly rate and the advancement of his pay to $115 a month effective beginning March 1.

It is noted from your letter that only one other position of handyman, that occupied by Virgil R. Corbin at Tongue Point, is paid on a per diem basis. in file It is also noted that Corbin has been proposed for transfer to a position of keeper where family quarters are provided, and that a vacancy in the position of handyman will result from his transfer. In the event it is necessary to fill this position further, it may be done at $115 a month.

It is noted also that you state that Frederick W. Sargant is paid at the rate of $120 a month. in file This appears in error as the Bureau's record shows that Mr. Sargant's transfer to this position was approved at $115 a month.

The pay of $1620 per annum for Mars P. Kinyon, handyman at Seattle depot, is considerably higher than that of the other personnel who are performing similar duties, and information is requested as to the advisability of a reduction in his pay to bring it more nearly in line with that of other handymen in the district.

June 10, 1935

Secretary of Commerce:

The Superintendent of Lighthouses at Portland, Oregon, has proposed the change in status of Mars P. Kinyon from keeper at Umpqua River Lightstation to handyman at the Seattle Lighthouse Depot at $135 a month, which is the same as his present gross rate of pay as keeper.

The position of handyman is under the registered system, but the matter is submitted, together with Civil Service Form 375 in duplicate, for the approval of the Civil Service Commission, if that is required.

Mr. Kinyon entered the Service as a keeper in the Alaskan district in December 1921, his service being continuous since that time. He was transferred to the 18th district in 1928 and to his present position in the 17th district in 1935.

If the proposed change in status is approved, it is recommended that the usual appointment certificate be not issued, as it is proposed to have the Superintendent give Mr. Kinyon a contract of employment, as is the custom in connection with the employment of unappointed personnel.

OFFICE OF SUPERINTENDENT, 17TH DISTRICT

June 4, 1936

Commissioner of Lighthouses:

1. Reference is made to Bureau letter of May 21, 1936, which has reference to transfers of Grady Farrington and Mars P. Kinyon to the positions of Handyman, in accordance with Nomination of May 15th.

2. It has been found that payment of personnel on a monthly basis is more convenient from the standpoint of preparation of payrolls, etc. since the amount paid during each pay period is exactly the same, whereas on a daily or per diem basis the number of days ranges from 11 to 14. In a case of recent retirement of per diem employee it was necessary to go back through all the payrolls to compute the amount of pay of the employee during his last 5 years of service. On a monthly basis, by taking into consideration any leave without pay which would be shown on the service record card, the amount of pay in such a case can be easily computed. The pay of $115. per month was recommended in the case of Farrington on the basis of its being a regular step of $60 of positions of corresponding pay. The next step above would mean more than was previously paid. It is considered further that a new employee in the position would not be entitled to as much as his predecessor who was much more experienced.

3. In the case of Mars P. Kinyon, the $135 per month was arrived at by taking his present pay of $1380. per annum and adding quarters valued at $20. per month, or $240. per annum, making his transfer the same as his previous gross pay. Mr. Kinyon has had long years of service as keeper at different stations in the Lighthouse Service, and his experience not only in the Lighthouse Service, but otherwise has been such as to qualify him very well for the position of Handyman at Seattle Lighthouse Depot. He has the qualifications for promotion to Assistant Keeper if and when authorized at Seattle Lighthouse Depot. On basis of his adaptability for the job he has been recommended. Mr. Kinyon requested that his transfer be effected at $135 per month, which would give him the same gross pay as he previously received. His predecessor received $5.00 per day, which is $1565 per annum, ~~not~~ only $55. less than the $135 per month recommended for Mr. Kinyon, ~~but~~ On account of Mr. Kinyon's long experience it is considered that his pay should be more than that of his predecessor on account of his knowledge of the equipment of the Lighthouse Service, gained by experience at different light stations and on

LIGHTHOUSES

other work of the Service.

4. As to the duties of the position of Handyman, they are quite varied as indicated by the title of the position.

5. At Seattle Lighthouse Depot the present encumbent of the position to which Mr. Kinyon has been recommended for transfer, makes daily trips to the postoffice also stemaship wharves and railroad stations as may be necessary for securing mail, freight, etc., driving the depot truck. At the depot the incumbent of this position unpacks incoming shipments which he picks up at different points in his daily trips to down-town Seattle, stores away such supplies as may be necessary for stock or transit shipment as may be applicable, moves stock from shelves, packs same and makes delivery as may be necessary of outgoing shipments to tenders, light stations, etc., keeps the depot truck in operating condition, consisting of washing, greasing, oiling, minor repairs, etc. When not engaged in duties heretofore outlined, assists in the cleaning and upkeep of the premises, assists the machinist in the machine shop, assists in the cleaning and painting of buoys.

6. The present encumbent of the position to which Grady Farrington has been recommended for transfer is engaged in receiving and handling of all incoming shipments, including unpacking and storing of same, also packing all outgoing shipments. This employee drives the truck as may be necessary for picking up shipments at railroad stations, steamer wharves and other points, and similarly handling outgoing shipments. He looks after the maintenance of one passenger coupe, one, 1½ ton truck, 3, ½-ton trucks, consisting of oiling, greasing, changing of tires and making minor repairs. If this employee is not engaged in the work heretofore outlined, he assists the machinist in the machine shop and performs other miscellaneous work which is required for carrying on the work of the Lamp Shop in Portland. This employee also from time to time is sent out for re-lighting electric lights and gas lights.

7. As to the number of positions with the title of Handyman in this district, the Bureau is advised that at Seattle Lighthouse Depot there are 2 such positions, Lamp Shop, Portland, 1, Tongue Point Lighthouse Depot, Astoria, 2. One of the present incumbents at Seattle Lighthouse Depot receives $5.00 per day, H. O. Jorgensen, whom Kinyon has been recommended to replace. The other position of Handyman at Seattle Lighthouse Depot was recently filled by the transfer of Irving R. Petite, from the position of assistant airways keeper at $100. per month. He has been entered on the payroll at $115. per month. The present incumbent of the position of Handyman at the Lamp Shop, Portland, is Luther L. L. Dilly, who receives $4.50 per day. He has been recommended for transfer to the position of clerk in this office at $1440. per annum. Of the two positions of handyman at Tongue Point Lighthouse Depot, one has been

filled temporarily at $4.50 per day. The other is now vacant to be filled in the near future. There are also two positions of laborer at Tongue Point Lighthouse Depot, the pay of each which position is $4.50 per day. Until recently all four positions at Tongue Point Lighthouse Depot were that of laborer, but the Civil Service Manager objected to these laborers performing the more skilled work. In order that two very faithful employees in the position of laborer might be retained, the Manager agreed that the two positions vacant could be filled as Handyman, the other two to remain laborer.

8. Practically all other positions in the district are on a monthly basis. It therefore appears desirable, as stated above, that any new encumbents in the positions of Handyman and Laborer be appointed on a monthly basis.

9. Form 375 in the case of Farrington has been properly sworn to and is enclosed herewith.

E. C. Merrill

1. Reference is made to your nominations of May 15 for the change in status of the following persons:

	From	To
Grady Farrington	Keeper, additional $1320 ($1320-1680)	Handyman $115 p.m.
Mars P. Kinyon	Keeper, Umpqua River $1380 (1200-1560) Plus quarters $240	Handyman $135 p. m.

2. In the case of Farrington it is noted that the previous incumbent (Dilley) received $4.50 per diem, and in the case of Kinyon that the previous incumbent (Jorgensen) received $5.00 per diem. Information is requested as to the reason for the proposed change from a daily to a monthly pay basis, and also to the difference in pay of the two positions, which appear to have the same requirements. In this connection it is requested that you also furnish the Bureau with a detailed description of the duties of each of these positions. Advise also as to how many such positions there are at present, the pay of each, the number of days worked per week and hours per day, and if some are paid on a per diem and others on a monthly basis, the reasons therefor, and any other information which might be of help to the Bureau in giving consideration to the matter, it being recalled that only a few years ago the Department practically required the reduction in pay of one of these positions from about $4.75 to $4.50 per diem.

3. Form 375 prepared by Farrington is herewith returned for execution, the Commission requiring that statements therein be under oath.

Sir:

I respectfully report that on Sunday, Nov. 18th, Joseph May and myself made boat trip to Ventura to transport a man who had been badly injured on a 35 ft. fishing boat, to hospital. The man had fallen or slipped into the flywheel of the engine, and suffered a compound fracture of the leg and other injuries, and required immediate surgical attention. The men on the boat on which the accident occured, stated that their boat was under powered, and would take from four to five hours toreach Ventura. By taking the injured man over in the station launch, two or more hours could be saved, which in a case of this nature, might be very important. Point Vincenti was requested by radio phone to try and arrange to have an ambulance meet the station launch at the Ventura pier. This was done and the man was rushed to the Hospital without delay.

Respectfully,

Sir:

I respectfully report that on Sunday, July 22, 1934, two men came ashore from cruiser "Harmony" and reported that three men from their boat, in attempting to land through surf, had capsized their skiff, and were trapped against the cliff, on a narrow beach on south coast of Santa Cruz Island about two miles west of Sandstone point.

They requested that we notify the Coast Guard, which we did at once. They further stated that the men on the beach had been about thirty-six hours without food or water. We decided to take station launch run over to Santa Cruz Island and attempt to float water ashore, since the Coast Guard cutter might have to come from considerable distance. Mr. Coursey and myself left the station about 1:30 P.M.

Upon arrival at the beach (which was about six miles instead of two west of Sandstone point) we found it impossible to float anything through the surf, which was running quite high. After waiting until nearly dark for the cutter to arrive we decided to make an attempt to take the men off. Surf was running too high to land a small boat on the beach, so Mr. Coursey took a cork ring with line attached, and a jug of water and swam through the breakers during a slight lull. By watching seas, we were able to pull the men through the surf to launch, a distance of about 400 feet, which was as close as we could safely approach the beach with launch. Men were nearly exhausted when taken aboard. They were taken to station and given food and dry clothing.

The reason for taking station launch was, that the cruiser that came here for assistance had developed engine trouble, and was short of gasoline. C. G. Cutter No.254 arrived at station at 5:30 AM July 23, took aboard two men of the party and went back to the beach to try to save the balance of the equipment, skiff, guns, etc. which it had been necessary to leave on beach when men were taken off. Due to heavy surf still running this was impossible, so cutter returned to station, picked up balance of party, took their boat in tow and departed for San Pedro about 12 noon.

This AM ground swell seemed to have subsided, so Mr. May, Coursey, and myself made trip to beach and recovered balance of equipment which C. G. Cutter will call for later. The distance from station to beach where men were trapped is about 16 miles.

Respectfully,

Commendation of keepers.

1. Reference is had to letter of July 31st from this Office transmitting copy of letter of July 27th, from M. P. Kinyon, keeper, Anacapa Island Light Station, reporting the rescue, by himself and Second Assistant Keeper C. R. Coursey, of three men who were marooned on the south coast of Santa Cruz Island.

2. There is inclosed, for the further information of the Bureau on this subject, copy of letter of August 2nd, 1934, from Mr. Edmond Burns, one of the rescued men, expressing his appreciation of the action of these employees of the Lighthouse Service in rendering the aid in question.

3. The keepers responsible for this creditable work have already been commended by this Office, and a copy of the letter of commendation furnished the Bureau; a copy of Mr. Burns' letter has been sent to each keeper for his information and files.

4. It appears from the inclosed copy of Mr. Burns' letter that the rescue of this party was accomplished under greater risk to the keepers than was disclosed by the report of the keeper, and it appears that this is a matter which entitles Keeper M. P. Kinyon, and Second Assistant Keeper C. R. Coursey, to commendation by the Commissioner or by the Department, and it is recommended that these additional letters of commendation be sent them.

Superintendent of Lighthouse Service,

August 2nd, 1934.

Dear Sir:

On or about July 15th,1934, I, the owner of the cruiser HARMONY, and a party of six friends, set out for the island of Santa Cruz on a wild pig hunt expedition; upon our arrival at the island three of us, while trying to row ashore, were capsized at the shore, and, after recovering our guns and ammunition, we went inland to do some hunting. Later in the evening we three decided to return to our boat, but found that the ocean had become very rough, and we were unable to put our boat thru the breakers. We had no food or water with us and our cruiser, which was about three hundred yards offshore, was unable to either send us food and water, or help take us off the beach. We three were marooned for two days- then our cruiser went for help.

The object of this letter to you is to acquaint you with the type of men you have at Anacapa Lighthouse Station who, when our boat got there looking for help, they immediately called the Coast Guard, and then set out to save our lives themselves, not knowing when the Coast Guard could get there. They tried everything possible to land a line to us; they worked for three hours with the ocean getting worse all the time, till one of the men, at the risk of his life, offered to swim in to us with the line, which he did after a great deal of hardship. Then they dragged us thru the roaring breakers and took us back to Anacapa Lighthouse, where they and their wives did everything they possibly could to bring us back to health. I cannot hope to describe to you our feelings toward Mr. Kinyon and his lighthouse men for what they have done us, and again I and my six friends thank you very kindly for having such capable men at Anacapa Lighthouse.

Very truly yours,

EDMOND BURNS.

In submitting the attached letters of commendation the Bureau sends a report on the occurrence, together with letter from one of the persons assisted, from which it will appear that this was a very meritorious performance, these keepers accomplishing a rescue under very difficult and hazardous conditions.

Dear Mr. Kinyon:

I have read with interest the report of assistance rendered by you and the second assistant keeper to three men from the cruiser HARMONY who were marooned on the south coast of Santa Cruz Island. It is noted that you notified the Coast Guard of the plight of these men but that before help arrived from that source the second assistant keeper swam through the breakers carrying a line to the men which enabled you to pull them a distance of about four hundred feet to the launch, and that you gave them food and dry clothing.

I am pleased to commend you for your part in this heroic deed, and am having the matter made a part of your official record.

Sincerely yours,

Justification for Filling Vacancy under Authority
of the Act Approved June 30,1932

Bureau or Office: Office, Superintendent,18th Lighthouse District,
San Francisco,Calif., May 16,1933.

Position: Keeper

Compensation: $1560.00 A. Range: $1560-1920

Location: Anacapa Island Light Station, California.

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: May 1,1933, caused by resignation of Keeper F.S.Cobb Apr.30,1933.

Justification: This is an offshore station located on an island about sixteen miles distant from the port of Ventura from which place mail and all supplies must be obtained. It is a first-order station with revolving light, power fog signal, radiobeacon and radio telephone and telegraph station, equipped with large generating plants and two sets of heavy hoisting equipment. Trips must be made in a small launch to the mainland twice a week for mail and supplies, requiring the services of two keepers. The Island is subject to heavy storms and keepers are frequently unable to return to the Island, or, if able to return, the launch cannot be hoisted on account of heavy seas so that two keepers are sometimes required to live in the launch for several days at a time. Under such conditions, only two keepers are available to stand all watches at the station and to perform these duties, the services of four keepers are absolutely essential.

Due to the resignation of the former Keeper, it is necessary to promote the three assistant keepers now at the Station and to fill the resultant vacancy in the position of Third Assistant Keeper by the transfer of some competent assistant keeper. It is proposed to fill this vacancy by promoting the first assistant keeper from $1500 to $1560, the latter being the minimum of the range of the vacant position.

In filling this position the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

Subject : Assistance rendered.

1. During the month of January assistance was rendered by keepers of Tree Point Lightstation, Alaska, to owner of gasboat T-821 which went ashore on the rocks near the station. The keepers assisted in repairing and floating the boat and two trips were made by keepers in station launch to Lincoln Channel, distant about ten miles, to obtain supplies and another boat for the owner, and another trip was made to Ketchikan in station launch, distant about 43 miles, to obtain materials for repairing the boat.

2. The keepers attached to the station are M. P. Kinyon, Keeper, F. W. Ross, 1st Asst., and D. L. O'Connor, 2nd Asst.

3. A letter of commendation is not considered necessary in this instance.

OFFICE OF SUPERINTENDENT, 16TH DISTRICT
KETCHIKAN, ALASKA

December 16, 1922.

Commissioner of Lighthouses,
WASHINGTON. D.C

Subject : Application for leave without pay, District employees.

Reference : Bureau indorsement, Oct. 14, 1922, ~~and~~ on my letter Oct. 4 1922, relating to request of Mars P. Kinyon, 2nd. asst. keeper, Tree Point Lightstation, for extension of leave without pay.

1. The action of this office in forwarding request of Mr. Kinyon for extension of leave was based upon interpretation made of Bureau Circular No. 308. In this circular letter, Department letter of May 17, 1922, relating to changes in Department regulations as promulgated in Department Circular No. 248 (section V), is quoted as follows:

"Applications for leave without pay with copy thereof must be submitted to the secretary, and request for such leave must include a statement of the reasons."

2. Inasmuch as the changes in Department leave regulations were transmitted to Superintendents with instructions to be guided accordingly, it was assumed that the amended regulations were intended to apply to District employees.

3. In view of the apparent contradiction between Bureau Circular Letter No. 308, and its indorsement of October 14, 1922, above referred to, it is requested that this office be advised more specifically in regard to handling applications from District employees for leave without pay in order that proper action may be taken in future in such cases.

W. E. Dibrell

Superintendent.

Bureau of Lighthouses, Washington, D. C., Jan 4
January 4, 1923.

Returned to Superintendent of Lighthouses, Ketchikan, Alaska, with statement that Superintendents are authorized to grant leave without pay in accordance with paragraph 2 of Bureau unnumbered circular of August 28, 1918 "laborers in charge of lights, etc.". This is a special regulation for the Lighthouse Service and it will be noted by referring to 2nd paragraph of section XVI of Department circular number 248 referred to above that "these regulations shall be applied as far as practicable without the District of Columbia, but not to cases which are already the subject of special regulation.

October 4, 1922.

Commissioner of Lighthouses,
WASHINGTON. D.C.

1. The Bureau is advised that this office is in receipt of a telegram from Mr. Mars. P. Kinyon, 2nd. Asst. Keeper at Tree Point Lightstation, Alaska, requesting that, owing to the continued illness of his wife, his leave without pay be extended for a period of sixty days. Mr. Kinyon is at present at his home in Willits, Cal., on leave without pay effective to October 20, 1922, inclusive.

2. It is therefore recommended that Department authority be obtained covering the leave without pay of Mr. Kinyon from August 6, 1922, to December 19, 1922, inclusive. The fact that Department authority was necessary before granting this leave without pay has hitherto been overlooked.
