1. Replying to your letter of March 17, 1937, you are advised that, in April, you may be granted 7-16-24 days compensatory leave (two months, March and April). You may also be granted sufficient annual leave to make up fifteen days, or 7-8/24 days, provided you return to duty. This will make the total annual leave granted so far this year amount to 13-4/24 days, which would leave only 12-20/24 days annual leave for the balance of the year, plus compensatory leave.

2. Your record for absence appears not very favorable. It may be unfortunate that, when you have gone on leave, you have often taken sick, and it is hoped that this shall not continue to occur.

1. It is noted from the report of the Keeper that you returned to the Light Station at 6:00 P.M., on September 12, 1935. The records of this office show that you left the station on August 28, 1935, the Keeper reporting that you were sick. On September 3rd, there was received a certificate from Dr. J.C. Holley of Milton, Florida, dated August 31, 1935, stating that you were in his office that day and that you had malaria and would be sick for several days.

2. A letter was written you on September 7th, addressed to Milton, Florida, in regard to your remaining away from the station, in which you were advised that you had been absent since August 28th and you were directed to answer by return mail. No reply was received to this letter, and advice was received this morning from the Keeper that you had returned to the station on September 12th.

3. You are further advised that you are serving under probationary appointment and if your services are found unsatisfactory for any reason you will be be separated from the Service, in accordance with Civil Service rules and regulations.

*For males, to be taken only upon special written request of the official ordering examination.

This report is to be returned to the official of the U. S. Civil Service Commission requesting the examination.

6—6748

The aim of the Executive order of June 18, 1923, and of this examination thereunder is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

NOTES FOR EXAMINING PHYSICIAN

WEIGHT: Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed but without wrap or hat.

HEIGHT: Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations, as to—

(1) EYES: Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses.*

(2) EARS: Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

(3) NOSE: Ability to blow through each nostril. If free, a speculum examination would not be indicated.

(4) MOUTH: Missing teeth, pyorrhea.

(5) THROAT: Tonsils, hypertrophy.

(6) THYROID: Presence of tumor in neck and tremor, exophthalmos; nervous highstrung disposition, especially in women.

(7) HEART: Murmurs. If valvular disease exists, state whether or not it is fully compensated.

(8) LUNGS: It is necessary that the auscultatory cough be used. Tuberculosis; if present state whether active or arrested, and if arrested your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

(9) INGUINAL RINGS: Hernia, no hernia but impulse on coughing; no hernia or impulse but abnormally large rings. Any other hernia should be noted, and if present describe fully and state whether it is retained by well-fitting truss.

(10 to 13) Scars, deformities, atrophies, paralyses, or flat foot of such a nature as to incapacitate or become aggravated by work or be later alleged as caused by accident or occupation. By "flat foot," as used in this form, is meant a foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. It is not intended that small, insignificant blemishes which might be referred to as marks of identification be recorded.

(15) Urinalysis to be made and blood pressure to be taken when especially indicated, particularly in persons over 40 when arteriosclerosis, nephritis, or diabetes is suspected.

Record, if taken—Urinalysis—Sp. gr. 1.018 Albumen Neg. Sugar Neg.

Dear Sir:

1. Referring to the certificate of medical examination in the case of Joel Robert Land, it is noted that no mention is made as to whether his color vision was satisfactory. This is a very important point in the examination of an applicant for the position of assistant lighthouse keeper, and it is requested that you advise this office as to the result of the test which was made in his case. Nomination will have to be withheld until this information is received.

Very truly yours,

Sir:

1. You are advised that you are being considered for appointment to the position of Third Assistant Keeper at Southwest Pass East Jetty Lights and Fog Signal Station, Burrwood, La., with pay at the rate of $1560 per annum. Before you may be nominated, however, it is necessary for you to comply with the following requirements:

You should proceed to Pensacola to be examined by the Public Health Service doctor, and you will find inclosed letter directing you to proceed, and which you will present with the forms attached.

You should also present yourself to the Postmaster at Pensacola, Fla., to have a chart made of your fingerprints. You will find a letter addressed to the Postmaster which you will present to him.

Also inclosed are three copies of a Personal History form which you will fill out very carefully and return to this office. Your attention is called to "No. 1 - Name in full". This means that your full name must be written out, that is if you have a middle name, it must be written out in full and no initials used. If you have no middle name, this is not necessary. Pencil notations have been made to assist you in filling out this form. Be sure to have all three copies exactly alike, and when you have completed them, forward to this office without delay.

2. You will not proceed for duty until you receive definite instructions from this office to do so.

For and in the absence of the Superintendent.

Respectfully,

Chief Clerk

(Through the Keeper)

1. It is noted from the report of the Keeper that you returned to the Light Station at 6:00 P.M., on September 12, 1935. The records of this office show that you left the station on August 28, 1935, the Keeper reporting that you were sick. On September 3rd, there was received a certificate from Dr. J.G. Holley of Milton, Florida, dated August 31, 1935, stating that you were in his office that day and that you had malaria and would be sick for several days.

2. A letter was written you on September 7th, addressed to Milton, Florida, in regard to your remaining away from the station, in which you were advised that you had been absent since August 28th and you were directed to answer by return mail. No reply was received to this letter, and advice was received this morning from the Keeper that you had returned to the station on September 12th.

3. You are further advised that you are serving under probationary appointment and if your services are found unsatisfactory for any reason you will be be separated from the Service, in accordance with Civil Service rules and regulations.

4. Copy of this letter will be forwarded to the Bureau of Lighthouses.
