BUREAU OF LIGHTHOUSES
WASHINGTON

January 16, 1915.

Submitted to the Secretary of Commerce, approved.

It is recommended that the position of laborer in charge of Volusia Bar Fog Signal, at $156 per annum, be authorized, effective on the date of entrance on duty of the person to be appointed thereto. See attached correspondence between the Sixth Inspector and the Clyde Steamship Company regarding the necessity for reestablishment of this fog signal. The pay recommended is reasonable and is not in excess of that paid for the same or similar services during the preceding fiscal year. See Bureau recommendation of today that the Department authorize the reestablishment of the fog signal in question.

Commissioner of Lighthouses:

The attached copies of correspondence between this office and the Superintendent of the Clyde Steamship Company at Jacksonville, Florida, are submitted for the information of the Bureau. It is probable that the Inspector on general duty will also submit a report on this question.

It appears that this fog signal was officially discontinued on May 31st, 1908, but that the bell has never been removed, and that the post light keeper in the vicinity has from time to time, rung the bell on his own responsibility, and that for the past year or two, he has received compensation therefor from the Clyde Steamship Co. The Clyde Steamship Company now requests the signal to be officially re-established, although so far as I can discover conditions are not materially different from those maintaining at the time of discontinuance on joint recommendation of Inspector and Engineer. Letter of June 5th, 1908, addressed by the Inspector to Post Light Keeper, and directing him to sound the bell when necessary, would indicate that this signal should not properly have been discontinued.

I have accordingly to recommend that the Fog Signal be re-established, and a Laborer in charge be appointed to operate the signal at a compensation of $156.00 per annum.

Nomination is forwarded herewith for the appointment of F.B.Lansing,

who is in charge of post lights in the vicinity. There are no appointed keepers in the vicinity who can be given charge of this fog signal. The compensation recommended is considered just and reasonable and not in excess of the amount paid for the same or similar services during the previous fiscal year.

No cost of repairs to structure has been included in cost of re-establishment, but it is probable that about $200.00 repairs will be necessary during the next year to prevent the structure from further deterioration.

Inspector.

Volusia Bar Fog Signal,
reestablishment.

January 16, 1915.

Secretary of Commerce:

Referring to Lighthouse Board letter of April 13, 1908, requesting Department authority to discontinue Volusia Bar Light and Fog Signal, Florida, and Department letter of April 14, 1908, discontinuing the Volusia Bar Light Station, Fla.

It is now considered desirable to reestablish the Volusia Bar Fog Signal, and in view of the above referred to Lighthouse Board and Department letters, it is considered advisable that the Department authorize the reestablishment of the fog signal in question. It is therefore recommended that the Department authorize the reestablishment of the fog signal in question, to be effective on a date later to be determined and reported to the Department.

There is submitted to the Department today form 73 for the appointment of Frank B. Lansing as laborer in charge of Volusia Bar Fog Signal, Fla., together with recommendation for the authorization of that position. Form 70, Recommendation as to aids to navigation, and all correspondence in the matter received from the Inspector, are inclosed with the form 73 mentioned, and it is requested that the form 70, with its accompanying papers, be returned to this office as soon as their purpose shall have been served.

The duties of the position will require but a portion of the incumbent's time.
