The Estate of Ludvig Albert Larsen
7212 33rd Avenue, N. W.
Seattle, Washington

Dear Sir:

Information has been received at Coast Guard Headquarters of the death of Ludvig Albert Larsen, Leading Maintenance Mechanic, former Lighthouse Service, now United States Coast Guard, Retired, on 14 March 1955.

It is requested that a certified copy of the certificate of death be forwarded to Commandant (PS) so that our records may be complete.

At the time of death there was due the estate of the deceased final retired pay. This retired pay ceases at death and there is no law providing for the continued payment of any part thereof to surviving dependents. The forms necessary to effect settlement of the final pay are herewith enclosed.

If there will be no legal representative to administer the estate of the deceased, the next of kin, or the person who paid, or will pay the funeral expenses should execute the enclosed Forms No. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked. If a representative is appointed, a copy of the Court Order showing the appointment should be attached to Forms No. 1055. If the funeral expenses have been paid, a bill receipted by the undertaker should be forwarded, otherwise, the undertaker should sign the enclosed waiver form. This information is necessary to support the claim for the final retired pay.

In the event you have in your possession any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for settlement with the claim for retired pay due on date of death.

Veterans Administration Form No. 530 is enclosed for making application for the burial allowance.

When the enclosed forms have been completed, return them to Commandant (PS) in the enclosed pre-addressed envelope.

Very truly yours,

Taking into consideration the 15 days in which Mr. Larsen was in nonpay status, 2-21 April 1946, brings the date of the beginning of the final five-year period to 11 September 1945. Using his military pay rate of $210 per month from that date through 1 April 1946, and his basic civilian pay rate during the remaining portion of his last five years of active service, the resulting computations agree with those shown by HQ on Form 2521.

1. Reference is made to your letter of 12 September 1950, on the above subject with which you forwarded an incomplete Form 2521 requesting its completion or information as to how it should be completed.

2. Attached hereto is a copy of the properly completed Form 2521. Since there was a period in which Mr. Larsen was in a non pay status, 2 April 1946 through 21 April 1946, the final five year period of active service began on 11 September 1945. A check of the military pay record discloses that from 11 September 1945 through 1 April 1946, Mr. Larsen's military pay was $210 per month.

3. In computing total compensation for the final five years of service, you are advised that in the case of wage board employees only 260 work days are counted in a fiscal year. For the fiscal years 1949 and 1950, you used compensation for 261 work days each. In Headquarters computations you will note that these fiscal years have been reduced by one day.

4. Form 50 will be processed in accordance with Headquarters computations unless you find some inaccuracy in the result obtained.

RECEIVED SEP 14 1950 (1)

Subj: Ludvig Albert Larsen, Leadingman Maintenance Mechanic; optional retirement

1. Inclosed is application for retirement effective 30 September 1950 in the case of subject employee. The District has not been able to complete this form because of uncertainty as to the proper rate to be applied for a portion of Mr. Larsen's service.

2. His military service covered period 11 August 1942 to 1 April 1946. He entered on duty in his present position 22 April 1946 and has occupied it continuously since that date. In order to show a statement by fiscal years of basic pay received during the last five years of active service immediately preceding effective date of retirement, information is required as to what rate of pay should be shown for the period 1 October 1945 (the beginning date of the last five-year period) to 1 April 1946 (the date of his discharge from military service). At the time he was furloughed, his rate of pay was $2520 per annum. Inasmuch as the last five-year period of civilian service was interrupted by military furlough, advice is sought as to what rate of pay should be used for the period in question.

3. Because of the time element involved and the further fact that the District desires to recruit a replacement for his position as soon as possible, this was considered the most expeditious manner in which to furnish HQ computations on the balance of the five-year period. It is requested that either the missing figures be supplied to complete the form, or that it be returned to this office promptly so that proper submission may be made without further delay.

To: Commander, 13th CG District

Subj: Authorization of new position of Leadingman Maintenance Mechanic at Seattle Base; LARSEN, Ludvig A., Master; restoration to duty and promotion of

1. Reference is made to your recommendation in Form 2660 of 1 March, 1946, for the restoration to duty and promotion of Ludvig A. Larsen, a former vessel employee, and Headquarters 1140202 March.

2. In order to provide for Mr. Larsen's return to duty, Headquarters hereby authorizes a new position of Leadingman Maintenance Mechanic at $12.08 per diem, payable from the appropriation General Expenses, for Seattle Base. It has been assigned position No. 9062.

3. In your 150922 March it is stated that funds previously allotted under General Expenses are not adequate to provide for this position. Due to the fact that Headquarters will furnish, without cost, certain materials for aids to navigation work which the District had contemplated purchasing out of allotments for this fiscal year, funds will be available under Subhead 50, Buoys, for the payment of the salary for the above mentioned new position for the remainder of the fiscal year. Funds for this position for the fiscal year 1947 must be paid from the allotment to be made after 30 June, 1946. The District is cautioned, however, that there is every possibility that funds for the fiscal year 1947 will be less than for 1946.

4. Since the promotion of Mr. Larsen to the Leadingman Maintenance Mechanic position (#9062) requires prior approval of the Department, he may not be restored to duty until advised by Headquarters. Your office will be advised by dispatch when Department approval has been obtained.

ABSTRACT OF OFFICIAL RECORD OF U. S. GOVERNMENT EMPLOYEE

(For the use of the department to which the employee has been transferred)

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each fiscal year, or part of fiscal year, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

5. In the case service was per diem and continuous through the calendar year, so state; if intermittent, give dates of beginning and ending of actual employment, with the number of days served.

Washington December 9, 1931

Submitted to the Secretary of Commerce for cancellation of the appointment notices of Messrs Larsen, Meinch, and Lilleoren, dated August 19, 1931, amended notices having been issued by the Department bearing date of August 1, 1931.

Amended notice in the case of Lilleoren, above referred to, was received in the Bureau from the Department this date and has been forwarded to the Superintendent.

For the Commissioner:

Incls
H-M

Chief of Personnel Division.

See 17th Superintendent's letter of Sept. 25 re transfer of Monson, Creeden, Larsen and Meinch in file of Monson.

October 15, 1931.

SUBJECT: Letter of September 25 from 17th Superintendent re transfers of Arthur R. Monson, James C. Creeden, Ludvig A. Larsen and Gustav Meinch.

Submitted to the Secretary of Commerce in compliance with Department letter of September 12. It appears that action on the Superintendent's nominations recommending these transfers was delayed in connection with the Department's consideration of the adoption of a policy regulating the pay of vessel personnel in connection with the discontinuance of the longevity pay system, which matter has now been determined. In view of this circumstance, it is recommended, if there be no objection, that the effective date of August 1 be accepted, the 17th Superintendent, however, to particularly understand in the future that transfers involving changes in pay are not to be made formally effective prior to date of Department approval.

H. D. KING

Acting Commissioner of Lighthouses.

Incl.

Copy to Superintendent of Lighthouses, Portland, Oreg., for information and with request that particular cognizance be taken of the fact that changes in pay are not to be put into effect until authorized by the Department. When the exigencies of the Service require the transfer of personnel, this may be done by detail pending formal approval by the Department. It is believed that the strict observance of this requirement by your office will eliminate much correspondence that otherwise becomes necessary.

Submitted to the Secretary of Commerce, approved. Mr. Larsen was temporarily promoted to a temporary additional position of First Officer on the Tender Rose in the 17th District on April 1, 1930 for a period not to exceed three months on account of the absence of Victor B. Gothe, who was granted six months leave without pay. The delay in the submission of this recommendation for the extension of his temporary promotion was caused through an inadvertence on the part of the district office in failing to note the three months' limit which was placed on his original temporary promotion, and it is recommended that if at all practicable the above recommendation be approved. Mr. Larsen was returned to his regular position as Second Officer on the Heather on October 1, 1930.
