1. Reference (a) granted Assistant Keeper Lee an extension of leave without pay from 1 September to 31 October, 1942. Mr. Lee recently called on the telephone and afterwards in person at the District Office and advised that he had obtained a light job of janitorial work as he had his wife to support. He was advised that the Navy did not approve of granting leave without pay for the purpose of obtaining outside employment, but that his case seemed to be different in that it was believed that he was not able to perform the duties of an Assistant Lighthouse Keeper.

2. In order to ascertain Mr. Lee's fitness to perform the duties of an Assistant Lighthouse Keeper, he was given a letter to the Medical Officer in Charge, U.S. Marine Hospital, San Francisco, Reference (b), Inclosure (A). Inclosure (B) in reply thereto is submitted for Headquarters' information.

3. Mr. Lee has not had enough Government service to allow of his being retired for disability under the Lighthouse Retirement Act. In view of this fact, unless Headquarters definitely advises regarding the disposal of this case, Mr. Lee will be allowed to remain in his outside employment on leave without pay, and further recommendation will be made in his case near the close of 31 October, 1942, the closing date of his authorized leave without pay.

Gentlemen:

Mr. George C. Lee has been under treatment at this Facility continuously since July 1, 1942.

At the present time he is steadily improving in health and, in my opinion, will be able to return to his former occupation by November 1, 1942. However, if his services are greatly needed he will be able to report any time after October 1, 1942.

2. 30 days advance sick leave was granted you in the calendar year 1941 and 1942, expiring at the close of January 12th, 1942. Subject: GEORGE C. LEE - Leave without pay.

Reference: (a) Headquarters' letter 22 December, 1941 (CP-75).

Inclosure: (A) Form 2217, Request for leave without pay of George C. Lee.

1. Mr. Lee, Assistant Keeper, Carquinez Strait Light Station, is still an inpatient of the U. S. Marine Hospital, this City. He has been granted all accrued and accumulated annual sick leave due him and, in addition, has been granted 30 days extended sick leave expiring on January 12, 1942. His request for leave without pay therefore dates from January 13,1942, and the reason for its late submission is due to the fact that Mr. Lee could not be contacted at the Hospital at an earlier date.

2. Mr. Lee advises that he may be able to return to duty on or about 15 February, 1942, but he has requested leave to the close of February 28, 1942, to take care of any emergencies that may arise due to his convalescence.

1. Reference (b) prescribed regulations relating to sick leave of Government employees and under Section 11, thereof, it is provided that employees who are ineligible for retirement but were unable to return to duty because of disability would not have to refund payment for advance sick leave being granted. Therefore, Mr. Lee may be advanced sick leave not exceeding 30 days above that accrued. Any in excess of 30 days will necessarily have to be taken on leave without pay.

Subject: Lee, George C. - Annual and sick leave and leave without pay

Reference: (a) Headquarters' letter 17 February, 1941, CP-023/75 re leave Leroy Hanshaw, Clerk, DistrictOffice.

1. Reference (a) advised that advance sick leave might be granted without referring the matter to Headquarters.

2. George C. Lee, Assistant Keeper, Carquinez Strait Light Station, will have exhausted all accrued and accumulated annual and sick leave due him to the close of December 31st,1941, on December 2nd. He has had two major stomach operations within the past three months, part of his stomach having been removed. He is now in the U. S. Marine Hospital, this City, recovering from the last operation and his attending physician advises that he will not be fit for duty until the middle of January or perhaps February 1, 1942.

3. Should Mr. Lee at the close of January, 1942, not be able to return to duty, he cannot be retired for disability under the Lighthouse Retirement Act, which applies, since he will not have had 15 years of Government service. Should he be granted extended sick leave, therefore, the Government might not be able to collect salary paid him for any granted advance sick or annual leave and it is therefore possible that instead of advancing him 30 days sick leave from December 2nd, he should be placed on leave without pay until recovery. If salary for advance sick leave must be collected providing Mr. Lee does not return to duty, it is requested that authority be granted for 60 days without pay commencing December 3, 1941. Early advice from Headquarters is requested regarding this case.

INSTRUCTIONS

1. Two copies of this form shall be prepared by the employee desiring the absence and both copies forwarded to the district office through the officer in charge, who shall ascertain before recommending approval that the statement as to the amount of shore liberty or leave already taken is correct.

2. If a substitute is not required at a station, the applicant shall write the words, 'Substitute not required" in the second line of the third paragraph of this form.

3. The district office shall indicate under the authority the action taken, return the original request to the applicant, and retain the carbon copy in a separate temporary file. After the applicant has returned to duty, he shall fill out the actual absence report on the original copy and hand it to the officer in charge, who shall certify to the correctness of the same and forward it to the district office. On the receipt of the original at the district office the final approved record shall be inserted in both copies, and the carbon copy forwarded to the station for record and file.

4. If the actual absence is in excess of the authority, an application to cover such additional absence must be made immediately, giving reason therefor.

5. The Superintendent's approval should be received, when practicable, before the leave period begins.

6. If the officer in charge cannot recommend approval, he shall forward promptly copies of the application without signing the certificate, and attach a letter to the superintendent stating the reason for his action.

7. For the purpose of granting leave to keepers one day shall be considered as 24 hours, and no such absense of less than 2 hours or 1/12 day shall be charged or recorded as leave.

8. Compensatory leave pertains only to certain light stations.

9. Furnish a doctor's certificate (c) when sick leave exceeds 3 days, counting Sundays and holidays when they occur within the period of sick leave.

10. Applications for sick leave must be submitted for the consideration of the approving officer within 2 days after the applicant's return to duty. If the period of absence is 3 days or less, and the application is not accompanied by a certificate of an attending physician, it must be supported by an affidavit certifying that the absence was due to illness, that the employee was unable to perform official duties, and giving specific reasons for not having a physician in attendance. If the period of absence is in excess of 3 days, a physician's certificate will be required, except that where unusual circumstances are present the department may waive the certificate on the recommendation of the head of the bureau. Applications may be sworn to before officers and employees of the department authorized by law to administer oaths without payment of notarial fees.

11. Additional regulations pertaining to all classes of leave are covered by district circulars.

12. All employees and officers in charge must keep accurate leave records so as to avoid frequent requests on district office for such records.

(c) I, the undersigned, a duly authorized practitioner of medicine, do hereby certify that _____ was under my professional care from _____ to _____, inclusive, and during that period was wholly incapacitated for official duty. Your recommendation for the transfer of 1st Assistant Keeper Lee has been kept on record, but owing to the limitations on the transfer of keepers, it has not been practicable to transfer Mr. Lee until this time.

I am glad to be able to advise you that Mr. Lee has been recommended for a transfer to Carquinez Strait Light Station, near Vallejo, California, where he will be able to obtain treatment from the Navy doctors, and will also be within easy driving distance of San Francisco if he requires treatment at the Marine Hospital.

Your interest in the welfare of the light station personnel is very much appreciated, and it is regretted that circumstances did not permit that Mr. Lee be transferred before this.

Sir:

In connection with treatment of George C. Lee, of the Punta Gorda Lighthouse, respectfully beg to advise that the distance from Punta Gorda Lighthouse to Eureka, round trip, is very close to one hundred and twenty-five miles, of which Mr. Lee has to walk a distance of sixteen miles, round trip, consequently, an intravenous injection of intensive type, once a week, is considered a bit too hazardous, or at least asking nature to do more than is necessary, for best results.

It is therefore respectfully recommended, for proper treatment, that Mr. Lee be transferred to some station requiring much less physical exertion.

Respectfully,

In answer to your letter of January 18th I have to advise you that Mr. George C. Lee had a cancer of the lower lip which was completely removed whilst he was in the hospital and he is in no need of further attention at this time and is able to resume his usual duties.

It is very possible that he may have a return of the condition but there is no way of knowling whether he will have a return or not until it actually occurs. Chances are that he will not have a recurrence. In any event cancer of this type is not considered as contagious or communicable.

I was in Eureka California buying a car and while I was trying it out I drove around to the Humboldt fog signal, and I met Mr Perry the second assistant keeper and while talking to him I asked him if he would like to trade stations.

I would like to get a station where I can get a Doctor on short notice because owing to my wifes conditions. she is unable to walk to the mouth of the river and it is almost impossible to get a Doctor at any price. And if she ever has one of her spells when the road is out, she would just have to lie there and suffer. For 7 months the road was close, she was unable to leave the station. And Mr Perry said he would trade with me.

Mr O. L. Jenkins,
Asst. Superintendent:

Dear Mr Jenkins:

Referring to your letter dated September 14th, concerning Mr Geo. C. Lee, You make the statement that Mr Lee will pay when able, but due to the expenses of having had to move at that time, was unable to settle this account before he left this community.

There has been a period of four months elapsed since he was transfered, so I wonder if your office thinks this has been sufficient time for Mr Lee to get on his feet. If so, may I ask your cooperation on my behalf, because I know that I can never collect this letigimite account, without your support. At least, it has been my eperience, as well as that of the other merchants in this community, that Mr Lee would not pay any of his accounts on his own free will, but on the contrary, had to have his payments solicited every time they became past due.

Perhaps you do not feel that official pressure should be put on Mr Lee, but I ask that you do recommend that Mr Lee take care of this account, in any manner that he wishes. I do not want to make it hard on your employee, and at the same time, I do not feel as tho I should be penalized by loosing this account. I am sure that with a little cooperation on your part that Mr Lee will start making the necessary payments immediately,

May I hear from you regarding this matter at your convenience,

Yours very Truly,

H. A. Kelliher

Mr. H. A. Kelliher,

Lompoc, California.

Dear Sir:

1. In reply to your letter of September 8th, 1937, this office does not feel that, in fairness to Mr. George C. Lee, any official action should be taken concerning the repayment of the amount claimed by you, Mr. Lee has advised this office that he told you that when his finances permitted, he would refund the money you advanced his nephew. He was not able, however, to set a date when he could make any payments. As you are probably aware, Mr. Lee was recently transferred to a northern station, with considerable expense to him, and he does not feel that he is in a position to start payments at this time.

2. This office has not made, and does not make, any statement indicating that your claim is in any way fraudulent. The claim appears to be between yourself and Mr. G. C. Lee's nephew, and Mr. Lee's position in the matter is that while he is in no way legally obligated for this amount, he is willing to refund the money, when is able, because of his relationship to Mr. Aura Lee.

3. As stated above, this office does not feel that the circumstances under which this matter arose require that official pressure should be put on Mr. Lee to force him to settle the account at this time, especially as he has stated that he will start repaying you as soon as he is financially able.

For and in the absence of the Superintendent:

Very truly yours,

Dear Sir:

Again in reference to the George C. Lee account, in the amount of $40.00.

After reading your letter dated Sept. 3rd, I am of the opinion that any correspondence you may have had was with (Mrs. Geo. C. Lee). Am I right? I believe this to be true, because she does not know anything about the agreement that George and I had, and moreover, George made special request of me not to tell her.

The above paragraph is an absolute true statement. So, if your office wants to be fair to both parties, why not get Mr. George C. Lee on the carpet and get from him the same statements that he gave me, and then, and only then will you be in a position to sit as judge.

I am of the opinion that your goverrnment employees are not subject to legal action. May I ask then, how can a merchant or legitimate creditor collect his honest accounts from your employees, when they are allowed to hide behind a veil of protection set up by the government.

It may be true as you have stated,--that this is not a legal debt. But if this account is not contested, certainly it is up to your office to see that Mr. Lee takes care of this obligation. Further, this account cannot be contested by Mr. Lee unless he makes a damn liar out of himself in your presence. Personally, I believe George to be a better man than this, and know, if you get statements from him direct, that you too, will be of the opinion that it is a legal debt.

George knows, as well as I do, that I advanced the forty dollars to his nephew, at George's request, and he further knows that any repayment to him was to come from his nephew, out of any earnings he may have had accrued as commissions.

However, if your office is of the opinion that they have acted in fairness to both parties, and are of the belief that the whole set up is fraud, I am perfectly willing to let your opinion ride. But speaking, from my own part, I believe it is a damn dirty shame to allow the government to hide their dead beats behind this veil of protection, simply because they know it is possible to do so.

Yours very truly,

1. Referring to your letter of August 21st, and reply of this Office of August 25th, requesting that George C. Lee, formerly employed as Assistant Keeper at Point Arguello, repay you the sum of $40.00 advanced by you to his nephew, you are advised that letters have been received in the case from George C. Lee and A. J. Lee, his nephew.

2. This Office is of the opinion that your claim is not a legal one and that if there is a moral obligation on the part of Assistant Keeper Lee to pay you the sum of $40.00, it must be left entirely to him and no further action will be taken in the matter by this Office.

3. This Office is inclined to the belief that the money was advanced by you with the expectation that it would be deducted from any commissions that A. J. Lee earned.

4. Mr. Lee has been advised that it will be left to his judgment as to whether there is a moral obligation involved in the case and whether or not it should be settled by him.

Lee is probably not legally responsible - however write him + ascertain what he proposes to do about it - advise Kelliher -

Dear Sir:

About two and one half years ago, I entered into a mutual agreement with your Mr Geo. C. Lee, who is now stationed at Point Gorda, but who was formally stationed at Point Conception and Arlight stations in this district.

Our agreement, in the main was simply this: His nephew, Mr Aura Lee, was out of work and looking for a job, and was brought into my establishment by Mr Geo. C. Lee, as a car salesman. The compensation was bases on a commission only. Of course, he would have to live in town, rather than out to the lighthouse, and would have to have cash to live on, until such time as he had earned some commission. This is where our differance comes in. I did, under Mr Lee's guarantee, advance to his nephew, the sum of $40.00 over a period of five weeks, that he supposedly used as living wages. However, due to his lackness he did not sell a car, in spite of the fact, that I furnished a very thorough prospect list, new demonstarter, gas oil and all selling tools for him to use free gratis.

It took me a month, to finally see that he could not do the job, and in order to protect Mr Lee and myself, I let his nephew go, and am still looking to Mr Geo. C. Lee for a settlement of the $40.00 advance wages to his nephew.

If I had sold any cars from the strength of his contacts, I would have felt that he would have earned the commission on that sale. But no cars were sold by Mr Lee, nor did I receive any benefits from his efforts what-soever. To substantiate the above statement, I refer you to Mr Rowan, who was in the employ of my station at the time, and who still lives in Lompoc, I feel sure that he can give you a clear picture, at to the attitude of Mr Lees nephew.

I have had several talks to Mr Lee, about this obligation, and he has, in the past, promised to make small monthly payments, until the account was paid in full. However, for some reason, I have been unable to get him to even carry out these promises. The last deal Mr Lee offered me, was that I endorse a note for him in the amount of $100.00, so that he could pay me, and the rest of his past due accounts in this town, and them be in a position to apply his surplus to the monthly payments as called for in the note. But you can readily appreciate the fact that I refused to do this, for fear that I would have probably had to pay the entire note.

I am under the opinion, that the pay of Goverment employees is free from civil action, and for this reason I solicit your cooperation in helping me get a settlement of a legitimate obligation of your employee,

Yours very truly,

H. A. Kelliher

For my part, to substantiate my honesty and integrity, I refer you to the Bank of America, Lompoc Branch, for whom I worked as Assistant Cashier for a period of eight years. Prior to this I gladly refer you to the John-Mansville Corporation, for whom I worked as a foreman for a periof of five years; And lastly, I would appreciate that you write to The Texas Company, at 929 So. Broadway Los Angeles, my employer, for any information that you would care to get in connection with my personal status.

I simply mention my former employers, as referances, to alleviate any thought in your mind, that might make you believe that I am simply railroading a n unjust claim against Mr Lee.

After being with him four weeks my nephew call me up and told me that Mr Kelliker didesn't feel like paying him any longer and thought I should pay his expenses until he sold a car which I could not afford to do So I let my nephew have money to go back to Kansas and then Mr Kelliker ~~started~~ ~~stated to~~ hounding me to refund the 40 dollars he had given him.

Subject: Transfer of Second Assistant Keeper George C. Lee from Point Arguello Light Station to Punta Gorda Light Station.

1. Referring to the attached nomination for the transfer of George C. Lee from Point Arguello Light Station, Mr. Lee has protested this transfer but it is being made for the good of the Service and it is therefore requested that the cost of moving his household effects in an estimated weight of 4000 lbs. and at an estimated cost not to exceed $75.00 be authorized at Government expense, the transfer to be made by public carrier unless a lower rate can be obtained by bids for trucking the entire distance which is approximately 600 miles, a portion of which is over difficult mountain roads where the only means of delivery is by truck.

2. Mr. Lee has been found incompetent to handle the radiobeacon equipment at the Point Arguello Light Station but is a willing worker and it is believed that his services will be satisfactory at another station not equipped with a radiobeacon.

Sir;

Referring to letter of June 19th, 1937 concerning proposed transfer of Mr. G. C. Lee, Second Assistant Keeper at this station, I respectfully report that I feel it would be to the best interests of the Lighthouse Service to transfer Mr. Lee to a station with less complicated equipment.

Mr. Lee seems to assume the attitude that as Second Assistant Keeper he has no responsibility in the maintenance of the equipment and making the simplest adjustments or repairs necessary. Mr. Lee has been a willing worker but does not seem able to grasp the fundamentals of electrical equipment or radio transmitters. I respectfully endorse the former Keeper's statements.

Respectfully,

J. O. Lunden

1. Referring to the proposed transfer of Second Assistant Keeper Lee to the Punta Gorda Light Station, there is enclosed for your information a copy of a collect telegram sent to Mr. Lee on this date to Lompoc granting him annual leave for the purpose of an interview in this Office on June 25th.

2. You are advised that the proposed transfer of Mr. Lee is based on reports to the effect that he had failed to gain proficiency in the operation of radiobeacon equipment and that it was considered desirable to transfer him to a Station where the work was not so complicated and did not require any particular ability in handling electrical equipment. These reports were received from the former Keeper of your Station with the request that Mr. Lee be transferred and you are requested to report at this time if you endorse the former Keeper's statements and if you feel that it would be to the best interests of the Lighthouse Service to transfer Mr. Lee from your Station.

3. An immediate reply is desired.

Sir:-

In reference to your letter of June 19th regarding Second Assistant Keeper Lee from the Point Arguello Light Station,I am sorry to say I cannot reccomend Mr Lee in anyway in regards to his work while on this station.

He took no interest in his work,was undependable,quarrelsome and unbearable,he knew little about the equipment and what work he did do,was under protest,and was unsatisfactory,was not safe to leave him in charge of the station alone.

Mr Lee's ability in handling the station equipment,the gas engine he could not run,he did not care whether the fog horn,or light was on time,he was not interested,warned him about sleeping on watch.

I should have reported his conduct,but being a new man in the service I come to the conclusion a transfer may change his ways,but I heard personally from the Keepers Mr George Point Conception and Keeper Bosworth Point Arguello the same reports I have written above.

To transfer Mr Lee would not change matters,but ruin a good station

Very sorry to make this report,as this is my first written report about my Assistants.

Respectfully
Walter White

2. You are requested to advise this Office if Mr. Lee's services were entirely satisfactory in all respects during the time he served at your Station.

3. Your report should cover Mr. Lee's ability to handle various types of equipment, as well as his zeal and cooperation in the work of the Service.

Mr Lee 2nd Asst Keeper at Point Arguello arrived at this station from Point Hueneme on Jan 21st, 1931. Assigned 3rd Asst Keeper, and promoted to Second Asst Keeper here Aug 1st 1931. And was transferred to Pt Arguello 2nd Asst Keeper Feb 16,1934.

2.

In regards to Mr Lee,s services while on this station when on leave he never returned to the station in an intoxicated condition. He carried out the work assigned to him while here, very handy in the carpenter line of work whenever assigned to that. He seemed to have trouble with the First Assistant Keeper here with Mr Babington while I was on leave of this station on my annual leaves. Mr Babington claims he was very abusive in regards to taking orders concerning work he wanted done.

3.

He handled the vapor light allright after he was instructed in the proper operation of the light.

The fog signal here Doak Engines with air compressors direct connected, Type G. Diaphone, he started and stopped the engines after instructions while here.

Regarding various types we have no radio equipment here and I could not state what he knows in the electrical line of work or previous experience he had in that line before coming here.

In regards to cooperation in the line of work and interest of the Lighthouse Service he liked to leave the station whenever he could, and he was away from this station 79 times including shopping and annual leaves the Three Years and One month while stationed at Point Conception Light Station.

Referring to qualification of Assistant Keeper G. C. It seems to me that for the length of time Mr. Lee has been with this equipment he should have a better working knowledge of it.

3. In regard to filling his vacancy at this station, I presume the Superintendent has some one in mind. I could not recommend Mr. G. C. Lee, Second Assistant Keeper here for promotion to First Assistant at this station. Mr. Lee is an excellent man and a hard worker, always working for the best interest of the station and very handy with carpenter tools, but does not seem to b e able to familiarize himself with the electrical and radio equipment enough to be left in charge of the station during the Keeper's absence. I believe, however, I could safely recommend him for First Assistant Keeper at a station where there is no radio equipment involved.

(1) Sir;

Your letter of March 25 th 1933, received by me on March 31st. Mr Babington said he received letter here on March 30th and answered same as 1 was away two days from the station.
ln regards to your letter to advise the office if Mrs H.G.Babington have permantely left the station.
Mr Babington rumored around here that Mrs Babington and himself had separated , this was in October 1932, at that time they packed most all of their furniture and sent same by Auto truck to a place close to Santa Cruz. station
Mrs H.G.Babington came back to this for two days in Feby and then left again.
Mr Babington told me on Sataurday April 1st that Mrs Babington was going to write you if she was coming back here or not.

ln regards to transfer of quarters of Messers Babingtonand Lee 1 do not recommend same, as the Coast Guard phone have just been transferred from the quarters where Mr Lee live now to the First Assistant quarters where Mr Babington live at present.

1. The Lighthouse Tender LUPINE passed the Point Conception Light Station at a distance of 3 miles in a dense fog at 3:30 A.M. on the morning of August 19th, at which time the fog signal at your station could not be heard. The records of your station show that you were on watch from 2:00 AM to 7:00 AM on August 19th, and that the fog signal was not placed in operation until 5:00 AM. The records also show that the fog signal at the Point Arguello Light Station to the northward was in continuous operation from 11:05 AM on August 18th until 1:05 PM on August 19th, thereby showing the general foggy condition of the atmosphere.

2. The records indicate that you were remiss in your duty on the date in question and you are hereby reprimanded for your carelessness and inattention to duty, and warned that any further neglect of this character on your part will result in more drastic action being taken.

Referring to your letter in regards to Mr Lee. Assistant Keeper at this station, wishing for a transfer to another station.

It pleases me very much personally that his transfer is disapproved.

He has no reason other than the one stated although my personal opinion is, they will never be contented on any station for any length of time, as they claim they have worked on railroad camps also logging camps, having a roving disposition.
These quarters are satisfactory and I fail to see there want of transfering.

Point Conception Light Station.

1. The Lighthouse Tender LUPINE passed the Point Conception Light Station at a distance of 3 miles in a dense fog at 3:30 AM on the morning of August 19th, at which time the fog signal at your station could not be heard. The records of your station show that you were on watch from 2:00 AM to 7:00 AM on August 19th, and that the fog signal was not placed in operation until 5:00 AM. The records also show that the fog signal at the Point Arguello Light Station to the northward was in continuous operation from 11:05 AM on August 18th until 1:05 PM on August 19th, thereby showing the general foggy condition of the atmosphere.

2. The records indicate that you were remiss in your duty on the date in question and you are hereby reprimanded for your carelessness and inattention to duty, and warned that any further neglect of this character on your part will result in more drastic action being taken.

Subject: Transfer of Second Assistant Keeper George C. Lee from Point Arguello Light Station to Punta Gorda Light Station.

1. Referring to the attached nomination for the transfer of George C. Lee from Point Arguello Light Station, Mr. Lee has protested this transfer but it is being made for the good of the Service and it is therefore requested that the cost of moving his household effects in an estimated weight of 4000 lbs. and at an estimated cost not to exceed $75.00 be authorized at Government expense, the transfer to be made by public carrier unless a lower rate can be obtained by bids for trucking the entire distance which is approximately 600 miles, a portion of which is over difficult mountain roads where the only means of delivery is by truck.

2. Mr. Lee has been found incompetent to handle the radiobeacon equipment at the Point Arguello Light Station but is a willing worker and it is believed that his services will be satisfactory at another station not equipped with a radiobeacon.

12 December, 1941.

From: Senior Coast Guard Officer, 12th Naval District.
To : Commandant, U. S. Coast Guard.

Subject: Lee, George C. - Annual and sick leave and leave without pay

Reference: (a) Headquarters' letter 17 February, 1941, CP-023/75 re leave Leroy Hanshaw, Clerk, DistrictOffice.

1. Reference (a) advised that advance sick leave might be granted without referring the matter to Headquarters.

2. George C. Lee, Assistant Keeper, Carquinez Strait Light Station, will have exhausted all accrued and accumulated annual and sick leave due him to the close of December 31st,1941, on December 2nd. He has had two major stomach operations within the past three months, part of his stomach having been removed. He is now in the U. S. Marine Hospital, this City, recovering from the last operation and his attending physician advises that he will not be fit for duty until the middle of January or perhaps February 1, 1942.

3. Should Mr. Lee at the close of January, 1942, not be able to return to duty, he cannot be retired for disability under the Lighthouse Retirement Act, which applies, since he will not have had 15 years of Government service. Should he be granted extended sick leave, therefore, the Government might not be able to collect salary paid him for any granted advance sick or annual leave and it is therefore possible that instead of advancing him 30 days sick leave from December 2nd, he should be placed on leave without pay until recovery. If salary for advance sick leave must be collected providing Mr. Lee does not return to duty, it is requested that authority be granted for 60 days without pay commencing December 3, 1941. Early advice from Headquarters is requested regarding this case.

1. There are listed below the civilian employees under your jurisdiction who are entitled to one within-grade increase in salary under the provisions of references (a), (b) and (c). The Bureau of the Budget has decided that only one step-up in salary shall be given during the present fiscal year.

2. Subject: GEORGE C. LEE - Leave without pay.

Reference: (a) Headquarters' letter 22 December, 1941 (CP-75).

Inclosure: (A) Form 2217, Request for leave without pay of George C. Lee.

1. Mr. Lee, Assistant Keeper, Carquinez Strait Light Station, is still an inpatient of the U. S. Marine Hospital, this City. He has been granted all accrued and accumulated annual sick leave due him and, in addition, has been granted 30 days extended sick leave expiring on January 12, 1942. His request for leave without pay therefore dates from January 13,1942, and the reason for its late submission is due to the fact that Mr. Lee could not be contacted at the Hospital at an earlier date.

2. Mr. Lee advises that he may be able to return to duty on or about 15 February, 1942, but he has requested leave to the close of February 28, 1942, to take care of any emergencies that may arise due to his convalescence.

Gentlemen:

Mr. George C. Lee has been under treatment at this Facility, continuously, since July 1, 1942.

At the present time he is steadily improving in health, and, in my opinion, will be able to return to his former occupation by November 1, 1942. However, if his services are greatly needed he will be able to report any time after October 1, 1942.

1. While it was indicated in reference (b) and its inclosures that Mr. Lee is disabled, it is noted from reference (c) that Dr. Pomeroy was of the opinion he would be able to return to duty about November 1, 1942.

2. Headquarters can not grant leave without pay on account of illness unless a doctor's certificate as to his physical condition is submitted. In view of the fact, however, that he has had approximately 12 years of civilian service and approximately one year of military service, it is not desired to separate him from the Service if he can be reassigned to a keeper position or to some other duties of a less arduous nature. Further information as to the possibility of giving him less arduous duties is requested.

(B) Copy of reference (c)

1. Reference (a) granted Assistant Keeper Lee an extension of leave without pay from 1 September to 31 October, 1942. Mr. Lee recently called on the telephone and afterwards in person at the District Office and advised that he had obtained a light job of janitorial work as he had his wife to support. He was advised that the Navy did not approve of granting leave without pay for the purpose of obtaining outside employment, but that his case seemed to be different in that it was believed that he was not able to perform the duties of an Assistant Lighthouse Keeper.

2. In order to ascertain Mr. Lee's fitness to perform the duties of an Assistant Lighthouse Keeper, he was given a letter to the Medical Officer in Charge, U.S. Marine Hospital, San Francisco, Reference (b), Inclosure (A). Inclosure (B) in reply thereto is submitted for Headquarters' information.

3. Mr. Lee has not had enough Government service to allow of his being retired for disability under the Lighthouse Retirement Act. In view of this fact, unless Headquarters definitely advises regarding the disposal of this case, Mr. Lee will be allowed to remain in his outside employment on leave without pay, and further recommendation will be made in his case near the close of 31 October, 1942, the closing date of his authorized leave without pay.

Dear Mr. Lee:

Reference is made to your letter of 27 May, 1948, in which you requested information as to whether or not you were eligible to receive a refund of house rent which you paid while employed as a Keeper in the Lighthouse Service and the Coast Guard.

You are advised that the Comptroller General of the United States revised the method of computing retired pay of members of the former Lighthouse Service, retired under the provisions of the Lighthouse Retirement Act of 20 June, 1918, as amended, by authorizing retired pay based on the gross salary (net salary plus the value of government quarters occupied during the last five years of active service). Prior to that decision, retired pay was required to be based on the net salary (gross salary less value of government quarters).

This is the only new development in recent years involving the value of quarters and it is apparently what you have heard about. Since you did not retire from the Coast Guard the provisions of the Comptroller General's decision are not for application in your case.

Very truly yours

re: LEE, George C
C.S.A.#147487

Dear Sir:

I was appointed to the Lighthouse Service in April 1930 and served in that service to the later part of 1942.

I was operated on twice for stomach trouble at the Marine Hospital in San Francisco and when I was discharged the hospital doctor reported to the Coast Guard that I was totally disabled so when reported to the office they could not or would not restore me to Light House service but offered me a job as Guard at the Light House Depot at Goat Island for which I was totally unfit physically and had to refuse. They advised me to resign, but as I am married I had to have work.

I went to St. Mary's College, which the Navy had taken over as a Pre-Flight Training School for the Air Corps, and worked there as fireman until I finally had to give that up on account of my health.

I am now a member of the Veterans Home of California, located in Napa County, for hospitalization and doctor's care.

On Monday, May 24th, Mr. Ole Lunden was here and told me he had been notified that the Coast Guard was refunding the house rent to those in the service during the World War II perild. As he was in the service and was discharged on disability about the same time I was, I am writing this to ask if I come under the same ruling and if so what procedure must I follow to have house rent refunded.

Thanking you for this information, I am

Second Assistant Keeper,
Point Conception Light Station.

1. The Lighthouse Tender LUPINE passed the Point Conception Light Station at a distance of 3 miles in a dense fog at 3:30 AM on the morning of August 19th, at which time the fog signal at your station could not be heard. The records of your station show that you were on watch from 2:00 AM to 7:00 AM on August 19th, and that the fog signal was not placed in operation until 5:00 AM. The records also show that the fog signal at the Point Arguello Light Station to the northward was in continuous operation from 11:05 AM on August 18th until 1:05 PM on August 19th, thereby showing the general foggy condition of the atmosphere.

2. The records indicate that you were remiss in your duty on the date in question and you are hereby reprimanded for your carelessness and inattention to duty, and warned that any further neglect of this character on your part will result in more drastic action being taken.
