REMARKS BY SOCIAL SECURITY ADMINISTRATION:

INSTRUCTIONS FOR UNIFORMED SERVICE OR GSA RECORDS CENTER

In all cases, please verify the veteran's name and service number furnished by the Social Security Administration. If identical with the military file, check "Yes" in the spaces provided on the reverse of this form; if different, check "No" and enter the name and/or service number shown in the military file.

Then certify the information requested by the Social Security Administration in item 2 above. All applicable items in the block are to be filled in by the certifying organization. If you need additional space or remarks are appropriate, use the "Remarks" space on the reverse.

The duplicate copy of this form should be kept in the veteran's military file whenever a certification about retired or retainer pay (Part B) is furnished. If there is ever a subsequent change made in the retirement record which affects the information furnished, the Social Security Administration should be advised accordingly.

PART A — This information permits the Social Security Administration to determine whether the veteran had active military or naval service during World War II (September 16, 1940–July 24, 1947) or post-World War II (July 25, 1947–December 31, 1956) for which military service wage credits may be granted. List each period of service and identify all periods of service designated as "active duty for training."

PART B — Social Security needs this information to determine whether wage credits are precluded because another Federal Agency has determined that a periodic benefit is payable based in whole or part on active military service in World War II or post-World War II.

Military retired pay is based on the WW II or post-WW II period of service, as the case may be, if active service in the period *has ever* been directly credited (used) in establishing eligibility to the retired pay, or in computing the amount of such pay. Transfer to the Fleet Naval (or Marine Corps) Reserve is treated the same as a normal retirement for purposes of completing this form. A decision to retire an individual, when officially approved, constitutes a retirement even though for any reason no retired pay is ever made.

Items 1(c) and (d) — Active service was "used" in establishing eligibility to retired pay if it comprises part of the total minimum service required for retirement according to the provisions of law under which the veteran was actually retired. The fact that he was eligible for retirement under some other provision of law is immaterial.

Item 2(a) — Retired pay is "fixed" when one of several applicable formulas for computing retirement pay is selected. If the individual is given the option of deciding which formula is to be used, the pay is not "fixed" until the selection is made and approved.

Items 2(a), (b) and (c) — A "multiple of active service" is that number used to represent years of active service when computing retirement pay. For purposes of this multiple, fractions of one-half year or more of active service are counted as a whole year. However, when computing longevity retirement and pay from the Public Health Service, the multiple is the last full year.

Item 3 — The terms "active duty" and "active duty for training" have the same meaning as defined in Sec. 102 of Public Law 881, 84th Congress (Servicemen's and Veterans' Survivor Benefits Act).

PART C — This information is requested where proof of the veteran's age is needed to adjudicate his Social Security claim.

The oldest record giving the veteran's date of birth or age should be certified. However, if a later record contains discrepant date of birth or age, certify that record as well. (The "Remarks" block may be used as necessary.)

When certifying *age*, it is important to show the date as of which the age was given. For example, some World War I discharge or separation records may show the veteran's age when he entered service. In this case, the date of entry into service is the "Date As of Which Age Was Given" while the date of discharge may be the "Date Record Established."

SOCIAL SECURITY ADMINISTRATION
Rm. 112 P.O. Bldg.
Key West, Fl. 33040

The information requested in item 2 above is needed by the Social Security Administration to adjudicate a claim based on the account of the above veteran. All available identifying information has been provided.

Federal Agency has determined that a periodic benefit is payable based in whole or part on active military service in World War II or post-World War II.

Military retired pay is based on the WW II or post-WW II period of service, as the case may be, if active service in the period *has ever* been directly credited (used) in establishing eligibility to the retired pay, or in computing the amount of such pay. Transfer to the Fleet Naval (or Marine Corps) Reserve is treated the same as a normal retirement for purposes of completing this form. A decision to retire an individual, when officially approved, constitutes a retirement even though for any reason no retired pay is ever made.

[illegible] needed to adjudicate his Social Security claim.

The oldest record giving the veteran's date of birth or age should be certified. However, if a later record contains discrepant date of birth or age, certify that record as well. (The "Remarks" block may be used as necessary.)

When certifying *age*, it is important to show the date as of which the age was given. For example, some World War I discharge or separation records may show the veteran's age when he entered service. In this case, the date of entry into service is the "Date As of Which Age Was Given" while the date of discharge may be the "Date Record Established."

SOCIAL SECURITY ADMINISTRATION
Rm. 112 P.O. Bldg.

The information requested in item 2 above is needed by the Social Security Administration to adjudicate a claim based on the account of the above veteran. All available identifying information has been provided.

the information requested by the Social Security in in item 2 above. All applicable items in the be filled in by the certifying organization. If you al space or remarks are appropriate, use the pace on the reverse.

copy of this form should be kept in the vet- y file whenever a certification about retired or Part B) is furnished. If there is ever a subse- made in the retirement record which affects the mished, the Social Security Administration sed accordingly.

is information permits the Social Security to determine whether the veteran had active al service during World War II (September 16, 1947) or post-World War II (July 25, 1947–1956) for which military service wage credits l. List each period of service and identify all ice designated as "active duty for training."

ial Security needs this information to deter- age credits are precluded because another has determined that a periodic benefit is n whole or part on active military service in or post-World War II.

ry retired pay is based on the WW II or post-WW II of service, as the case may be, if active service in riod *has ever* been directly credited (used) in estab- g eligibility to the retired pay, or in computing the t of such pay. Transfer to the Fleet Naval (or Marine) Reserve is treated the same as a normal retirement rposes of completing this form. A decision to retire ividual, when officially approved, constitutes a retire- ven though for any reason no retired pay is ever made.

Items 1(c) and (d) – Active service was "used" in establishing eligibility to retired pay if it comprises part of the total minimum service required for retirement according to the provisions of law under which the veteran was actually retired. The fact that he was eligible for retirement under some other provision of law is immaterial.

Item 2(a) – Retired pay is "fixed" when one of several applicable formulas for computing retirement pay is selected. If the individual is given the option of deciding which formula is to be used, the pay is not "fixed" until the selection is made and approved.

Items 2(a), (b) and (c) – A "multiple of active service" is that number used to represent years of active service when computing retirement pay. For purposes of this multiple, fractions of one-half year or more of active service are counted as a whole year. However, when computing longevity retirement and pay from the Public Health Service, the multiple is the last full year.

Item 3 – The terms "active duty" and "active duty for training" have the same meaning as defined in Sec. 102 of Public Law 881, 84th Congress (Servicemen's and Veterans' Survivor Benefits Act).

PART C – This information is requested where proof of the veteran's age is needed to adjudicate his Social Security claim.

The oldest record giving the veteran's date of birth or age should be certified. However, if a later record contains discrepant date of birth or age, certify that record as well. (The "Remarks" block may be used as necessary.)

When certifying *age*, it is important to show the date as of which the age was given. For example, some World War I discharge or separation records may show the veteran's age when he entered service. In this case, the date of entry into service is the "Date As of Which Age Was Given" while the date of discharge may be the "Date Record Established."

Dear Mrs. Ring:

Further reference is made to our letter of recent date in which you were informed that additional forms if applicable, would be forwarded to you upon the receipt of your brother- in-law's service record from the National Personnel Records Center at St. Louis, Missouri.

At the time of death there was due your brother-in-law retired pay accrued from the first of the month to the date of his death. Retired pay ceases at the death of a retired member.

The records at Coast Guard Headquarters fail to reveal any evidence that he designated a beneficiary to receive the retired pay due on the dateeof his death. Therefore, in accordance with existing laws, payment of the accrued retired pay must be made to his survivors in the following order of precedence:

1. Widow
2. Child or children in equal shares
3. Parents
4. Legal Representative
5. Heirs at Law

If he is not survived by a widow, children, or parents, the enclosed forms No. SF-1175, "Claim for Unpaid Pay and Allowances of Deceased Member of the Uniformed Services (no designated beneficiary)," should be completed by the legal representative appointed to settle the affairs of his estate. If a legal representative makes claim, a copy of the court order as evidence of his appointment must be forwarded. Documented proof that there is no surviving widow, child, children or parents must be also submitted with the claim. Evidence that the appointment of a legal representative was not required is necessary when the claim is submitted by the heirs. If the funeral expenses have been paid, a bill receipted by the undertaker should be forwarded.

In the event you have in your possesion any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for inclusion with the final retired pay due. Any other uncashed Government checks should be returned to the issuing agency.

Sincerely,

AARON O. MARTIN

...WEST, FLORIDA
ALCOHOL ABUSE
ORGANIC BRAIN SYNDROME OF UNKNOWN ETIOLOGY, PROBABLY SECONDARY TO #1

SUMMARY: Charles MACKIE is a 65-year-old, white male, apparently an alcoholic derelict, who was admitted to this hospital through the emergency room after having reportedly passed out at home. We know almost nothing about him as we have been unable to contact any relatives, and a history of any significance was unobtainable because of the patient's confabulation. All we know for sure is that the patient is retired from the Coast Guard in 1958.

HISTORY: On admission he was extremely dirty, unkempt and with a heavy growth of beard. He was able to stand with assistance but was grossly ataxic. He admitted to heavy alcohol intake. Past history and review of systems were, of course, unobtainable, but the patient denied any history of serious illness or allergies. This should not be taken seriously.

Physical examination on admission revealed a temperature of 98, pulse of 76 per minute and regular, a blood pressure of 150/90. As noted above, he was dishevelled, dirty, but did not appear to be in any acute distress. There were multiple ecchymoses on trunk and legs and a bad bruise on his right lower extremity. He was moderately dehydrated. His conjunctivae were injected, but I could not visualize his fundi. Severe rhinophyma was noted. The lung fields were clear and cardiac examination was essentially within normal limits. A Grade II/VI systolic ejection murmur was present at the base. The abdomen was soft and non-tender. The liver was palpable two finger breadths below the right costal margin, and the spleen was palpable three finger breadths below the left costal margin. Bowel sounds were normal active. There was no spinal or CVA tenderness. The patient apparently did have back pain when brought to a sitting position. There was no edema or cyanosis of the extremities, but the nails were in an advanced state of neglect. Pulses peripherally were present and equal. On neurological examination he was noted to be alert and oriented as to his name. He was dis-oriented to date and did not know who the president of the United States was. His memory span was extremely short, and he confabulated. His neck was supple. There was diffuse motor weakness and a gross intension tremor. The Babinski reflex was negative, but the patient had a positive Snout reflex. Deep tendon reflexes were symmetrical. No sign of head trauma was noted. Rectal - stool was brown, and hemotest negative. Of note is an old broken left clavicle with operative sc... and an operative scar on his left leg.

Chest X-ray was negative except for multiple old rib fractures. Flat plate and upright films of the abdomen were negative, but they did show barium ... residual in diverticula. We do not know the date when he had a barium enema, as

NARRATIVE SUMMARY (Standard Form 502)

he apparently did, nor where he had it. We have no records whatsoever of him. Skull X-rays showed no shift of the pineal. EKG was normal.

Hospital course: The patient was treated with intravenous fluids, thiamine, multivitamins. He did not develop the delirium tremens as expected but did show some labile hypertension. In the past 24 hrs. he has become somewhat obtunded. He does not show any abnormal respirations, and his vital signs have remained reasonably stable. He is easily arousable with pain and maintains good muscle tone. However, he spends most of his time sleeping and no longer responds to verbal stimuli by themselves. He has developed a low-grade fever. Urinalysis showed 18-20 white blood cells, but the culture has failed to show any significant growth over 48 hrs. His latest laboratory values show a hemoglobin of 10.6, hematocrit of 33%, a white blood count of 4,300, a prothrombin time of 14 with a control of 12, a partial thromboplastin time of 26.1 with a control of 36.2, sodium 131, potassium 2.8, chloride 85, CO2 31 and glucose of 152. His latest liver functions show an SGOT of 75, total bilirubin of 2.5 with a direct bilirubin of 1.1. He has been receiving potassium chloride in his I.V. to treat his hypokalemic hypochloremic alkalosis.

IMPRESSION: The patient clearly has an organic brain syndrome, most likely secondary to chronic alcohol abuse. However, since we have no records and no information about him, we cannot automatically assume this. The very recent elevation of temperature combined with the mild deterioration in his mental status is disturbing. Skull X-rays certainly fail to demonstrate a subdural hematoma. In any case, he needs a complete neurological evaluation for which we do not have the facilities or specialists. In addition, unless his organic brain syndrome is reversible, he will eventually need placement.

Plan: The patient will be transferred to the Miami VA Hospital for neurological evaluation. We would appreciate it if, at the conclusion of that time, the VA Hospital arranged for placement of the patient if necessary as we do not have a social worker and Monroe County has very little to offer in the way of social services in general.

1. By reference (a) you were advised that the term period of this policy would expire on 31 July 1956 and the insurance would have to be renewed. The following allotment adjustment necessary to renew the term period should be forwarded to Commandant (PS):

$4.35 allotment discontinued with month of last payment June 1956
$5.15 allotment established with month of first payment July 1956

2. In your letter of 27 August 1956 you indicated your desire to waive premiums on this insurance. On 1 August 1956, Congress enacted Public Law 881 entitled " Servicemen's and Veterans' Survivors Benefits Act" liberalizing benefits for the dependents of service personnel. This law provides that where policy premiums are left under waiver after 1 May 1957 the serviceman's survivors may receive only Veterans Administration benefits existing before the new law. In the near future additional information regarding these new benefits will be made available to all personnel by the Commanding Officers.

3. In view of the enactment of the law you may wish to reconsider your request for waiver of premiums. Should you desire to be on waiver of premiums until 1 May 1957, it will be necessary to submit VA Form 9-4351, Application for Waiver of Premiums and authorize stoppage of the allotment. In that event, cancellation of such waiver must be submitted to the Veterans Administration prior to 1 May 1957 in order that your survivors may be eligible for the more liberal benefits under the new law.

Subj: National Service Life Insurance, expiration of term period,

Ref: (a) Veterans Administration Form 9-353, countersigned 30 April 1956

1. The Veterans Administration has notified this office that the term period of your $5,000 National Service Life Insurance issued under policy number [illegible] will expire on 31 July 1956.

2. Since Public Law 140, 83rd Congress approved 23 July 1953 provides for the automatic renewal of term insurance, the only action required on your part to maintain the insurance in force is to authorize the following allotment adjustment:

$4.35 Allotment discontinued with month of last payment June 1956
$5.15 Allotment established with month of first payment July 1956

Your authorized certifying officer should be instructed to make the necessary allotment adjustment. [illegible] Form 515, Allotment Authorization should be forwarded to Commandant (PS) immediately.

3. In view of the fact that you have term insurance, it is suggested that you acquaint yourself with the provisions of Public Law 23, 83rd Congress regarding waiver of premiums. The waiver of premiums may not be made retroactive but will commence with the first premium falling due after the date of application for waiver. Additional information regarding waiver of premiums is contained in Veterans Administration Pamphlet 9-3.

4. Advise Commandant (PS) of action that will be taken by you in connection with your National Service Life Insurance.

Ref: (a) District Personnel Instruction No. 25-55.

1. Returned herewith are the discharge and reenlistment papers of subject man, for proper distribution and maintenance.

2. In connection with this discharge and reenlistment, your attention is invited to reference (a), which requires that records reach this office ten (10) days prior to separation date.

3. In this particular instance, MACKIE appeared at this office with records in hand, having been reenlisted the previous day, requesting payment of discharge allowances and reenlistment bonus. Due to the number of errors found in the record, accomplishment of final payment at that time was considered impractical.

4. You are directed to take necessary action to insure future compliance with reference (a).

Insurance Number N 13 108 861
Amount of Insurance $ 5-
Date of Expiration 7/31/51
Monthly Renewal Premium $ 4.35
Current Monthly Premium $ 3.70

The current term period for the National Service life insurance described above which was previously issued to the above named insured will expire and protection thereunder will cease on the date shown above. Under existing law he is permitted, before expiration, to apply for conversion to a permanent plan of insurance or for renewal of this term insurance for a period of five years at the premium rate for his then attained age. Renewed insurance will become effective on the day immediately following the date of expiration of the present insurance.

To renew this insurance for the five year period, it is necessary that he complete and sign the enclosed VA Form 9-1658, Application for Renewal, and before the expiration date of his current insurance, which is shown above, place it in military or naval channels through the officer responsible for insurance activities within his unit of organization for direct transmittal to the Veterans Administration, Washington 25, D. C. He should authorize a new allotment in the amount of the monthly renewal premium shown above. It is also necessary that the premiums due for the remainder of the current term period be paid; therefore, his present allotment should continue in force for the period required to accomplish this purpose.

Should he desire to convert his present term insurance, rather than renew it for five years, full information on the permanent plans of insurance available and premium rates may be obtained from military or naval sources, or from any Veterans Administration office.

First: To enter the United States Coast Guard and to report to such station or vessel as I may be ordered to join, and to the utmost of my power and ability discharge my several services or duties and be in everything conformable and obedient to the several requirements and lawful commands of the officers who may be placed over me.

Second: I oblige and subject myself to serve { -3- years from 18 July 1956, 1 / during minority until 17 July, 1959 } and as required by the attached Certificate of Obligated Service unless sooner discharged by proper authority, and on the conditions contained in Title 14, United States Code, Sec. 365 to 368, cited on back hereof. O tion Act of 1953

Ref: Your letter dated 14 February 1957

1. Section 3(a) of the United Services Contingency Option Act, 67 Stat. 502, provides that an election made thereunder "may be modified or revoked by a member at any time prior to his retirement but any modification or revocation so made shall not be effective if he retires within five years after the date it is made". You made a valid election which is complete in all details except for the amount of reduced retired pay to be paid, and your request of 14 February 1957, to revoke your election entirely can only be effective if you serve on active duty for five years subsequent to that date. Since you are retiring on 1 March 1957 the acceptance of your revocation request is expressly prohibited by the Statute.

2. Inasmuch as your election cannot be revoked you are again requested to select a rate of retired pay to be paid to your widow after your death. Should you neglect to make such selection a reduction in your retired pay will be based upon the minimum one-eighth rate.

1. By reference (a) you were advised that the term period of this policy would expire on 31 July 1956 and the insurance would have to be renewed. The following allotment adjustment necessary to renew the term period should be forwarded to Commandant (PS):

$4.35 allotment discontinued with month of last payment June 1956
$5.15 allotment established with month of first payment July 1956

2. In your letter of 27 August 1956 you indicated your desire to waive premiums on this insurance. On 1 August 1956, Congress enacted Public Law 881 entitled " Servicemen's and Veterans' Survivors Benefits Act" liberalizing benefits for the dependents of service personnel. This law provides that where policy premiums are left under waiver after 1 May 1957 the serviceman's survivors may receive only Veterans Administration benefits existing before the new law. In the near future additional information regarding these new benefits will be made available to all personnel by the Commanding Officers.

3. In view of the enactment of the law you may wish to reconsider your request for waiver of premiums. Should you desire to be on waiver of premiums until 1 May 1957, it will be necessary to submit VA Form 9-4351, Application for Waiver of Premiums and authorize stoppage of the allotment. In that event, cancellation of such waiver must be submitted to the Veterans Administration prior to 1 May 1957 in order that your survivors may be eligible for the more liberal benefits under the new law.

Ref: (a) Veterans Administration Form 9-453, countersigned 30 April 1956

1. The Veterans Administration has notified this office that the term period of your $5,000 National Service Life Insurance issued under policy number V 16 557 853 will expire on 31 July 1956.

2. Since Public Law 148, 83rd Congress, approved 23 July 1953 provides for the automatic renewal of term insurance, the only action required on your part to maintain the insurance in force is to authorize the following allotment adjustment:

$4.35 Allotment discontinued with month of last payment June 1956
$5.15 Allotment established with month of first payment July 1956

Your authorized certifying officer should be instructed to make the necessary allotment adjustment. NAV S & A Form 545, Allotment Authorization should be forwarded to Commandant (PS) immediately.

3. In view of the fact that you have term insurance, it is suggested that you acquaint yourself with the provisions of Public Law 23, 82nd Congress regarding waiver of premiums. The waiver of premiums may not be made retroactive but will commence with the first premium falling due after the date of application for waiver. Additional information regarding waiver of premiums is contained in Veterans Administration Pamphlet 9-3.

4. Advise Commandant (PS) of action that will be taken by you in connection with your National Service Life Insurance.

To: The Commandant
U. S. Coast Guard
Washington 25, D. C.

Subj: Cooperation of U. S. Coast Guard in the vicinity of Key West, Florida.

Commander Jack C. Sammons, Commanding Officer of the U.S.C & G.S. Ship HYDROGRAPHER, has informed me of the whole hearted and very valuable cooperation extended by the Coast Guard to his Command during his surveying operations in the submarine operating area near Key West, Florida, from 12 April to 12 July 1951.

Permission to establish shoran control stations at lighthouses and to use lighthouse facilities was granted by the Commandant, SEVENTH Coast Guard District, who showed a deep interes in the work and cooperated with Commander Sammons in every way possible. Further comments by Commander Sammons are quoted:

"Lt.(j.g.) C. C. Pearson, 3599 USCG, the Commanding Officer of the Coast Guard Depot at Key West, Florida, deserves special mention for his interest, assistance, and cooperation in our activity. He very cheerfully placed all facilities at our disposal and took a deep personal interest in the welfare of our personnel at the various lighthouses. At critical times he kindly furnished transportation to and from the various shoran stations. It gives us great pleasure to commend Lt. (j.g.) Pearson for his able and untiring support.

"The following men deserve much credit for the success of our work at the attended lighthouses:

Wiley E. Aldret,	259-446 USCG, BM 1c, Sombrero Key Lighthouse;
William P. Culbertson	259-824 USCG, BM 1c, American Shoal Lighthouse;
Charles W. Mackie	277-079 USCG, BM 1c, American Shoal Lighthouse.

These men went out of their way to make the stay of our shoran operators a pleasant one. They helped with erecting and dismantling the equipment, aided in the repair of faulty generators, cooked off-schedule meals to fit our working conditions and furnished privately owned transportation. The Coast Guard may well be proud of the qualities of their men."

Subj: National Service Life Insurance, Policy No. N 13 108 867
Expiration of term insurance.

1. There is herewith forwarded a notification from the Veterans Administration that the $5,000 level term National Service Life Insurance issued under policy number N 13 108 867 will expire on 7-31-51. In order that you may continue to have the protection of this insurance, it must be renewed or, if you prefer, it may be converted to one of the six permanent plans, i.e., Ordinary Life, 30-Payment Life, 20-Payment Life, 20-Year Endowment, Endowment at age 60 or Endowment at age 65.

2. In view of the fact that the application for renewal of insurance on the five-year level term plan or application for converted insurance must reach the Veterans Administration before the expiration of the current term period, you are urged to take immediate steps toward completing the application and making the necessary allotment adjustment.

3. There is in effect at the present time an allotment of your pay in the amount of $3.70 per month for premiums on National Service Life Insurance as follows:

$3.70 - $5,000 Level Term Insurance N 13 108 867 effective 8-1-43.

If insurance is renewed, the new allotment should be $4.35. Your authorized certifying officer should be instructed to discontinue the $3.70 allotment with the month of last payment June, 1951 and to establish the new allotment, reflecting the increased premium, effective with the month of first payment July, 1951 to conform with the administrative change authorized by Headquarters.

4. The completed application, in duplicate, together with the necessary allotment adjustment (Forms CG-2528 and CG-2528A) should be forwarded to the Commandant (PMM) for transmittal to the Veterans Administration.

5. Advise Commandant (PMM) of action that will be taken by you in connection with your National Service Life Insurance.

First: To enter the United States Coast Guard and to report to such station or vessel as I may be ordered to join, and to the utmost of my power and ability discharge my several services or duties and be in everything conformable and obedient to the several requirements and lawful commands of the officers who may be placed over me.

Second: I oblige and subject myself to serve { -3- years from 18 July 1956, 1 / during minority until 17 July, 1959 } and as required by the attached Certificate of Obligated Service unless sooner discharged by proper authority, and on the conditions contained in Title 14, United States Code, Sec. 365 to 368, cited on back hereof. In the event of war or national emergency proclaimed by the President to exist during my term of service, I additionally oblige and subject myself to serve until 6 months after the end of the war or national emergency if so required by the Secretary unless I voluntarily reenlist or extend my enlistment. I understand that when so detained, I am not entitled to enlistment allowance or reenlistment bonus and that in time of war the addition of one-quarter pay as provided by Title 14, United States Code, Section 367, is not applicable. Third: I am of the legal age to enlist; I have never deserted from and I am not a member of any of the Armed Forces of the United States, or any reserve component thereof; I have never been discharged from the United States Service or other service on account of disability or through sentence of either civilian or military court; and I have never been discharged from any service, civil or military, except with good character and for the reason given by me to the recruiting officer prior to enlistment.

Fourth: I understand that upon enlistment in the Coast Guard Reserve, or upon transfer or assignment thereto, I may be ordered to active duty in time of war, or when as proclaimed by the President a national emergency exists, and that I may be required to perform active duty throughout the war or until the national emergency ceases to exist and for 6 months thereafter.

Fifth: I understand that if I become a candidate for any Academy of one of the Armed Forces, or Officers Training School thereof, and fail to pass the entrance examination, I will be returned to general service.

Sixth: I have had this contract fully explained to me, I understand it, and certify that no promise of any kind has been made to me concerning assignment to duty, or promotion during my enlistment.

Oath of Enlistment: I, CHARLES WILLIAM MACKIE do solemnly swear (or affirm) that I will bear true faith and allegiance to the United States of America; that I will serve them honestly and faithfully against all their enemies whomsoever; and that I will obey the orders of the President of the United States and the orders of the officers appointed over me, according to the laws and regulations governing the Coast Guard including the Uniform Code of Military Justice.

Dear Sir:

Replying to your letter dated May 25th 1956, in which you requested a certified copy of my divorce decree from other marriages, prior to my marriage with Charles W. Mackie (227-079) I am enclosing same.

If I remember correctly, about seven years ago, I supplied a photostatic copy of this document to the Coast Guard Base here at Key West, before I began to draw any allowances.

Trusting this is to your satisfaction, I am,

Very truly yours,

ar Sir:

My husband and I were divorced April 20th 1956, and I understand from Naval Personnel, that I was entitled to my allottment check for the month of April, which I should have received the early part of May.

Up to the present writing this check was not delivered to me, and I feel it may have gone astray in the mail or delivered to the wrong address, inasmuch as my ex husband is now residing at 810 Fleming Street, Key West Florida, and has been for the last several months. He has since remarried, I believe it was May 12th.

His name is Charles W. Mackie, B M 1st, and he is stationed at American Shoal Light Station, c/o U. S. Coast Guard Base, Key West Florida. I think his Serial # is 270-079

I am led to believe, that with the last check a notification is sent, to the effect, that this will be your last allottment check. I received a check the early part of April which I understand covered the month of March 1956. Should you have a cancelled check, after May 1st, bearing the endorsement of Grace L. Mackie, it will not have been my signature.

Please advise, and thanking you for your cooperation, I am,

Very truly yours,
