GENERAL INSTRUCTIONS

1933

1. A Health Record will be opened (issued) for each person commissioned, warranted, appointed, or enlisted in the Coast Guard: For cadets, upon reporting at the Academy; for an officer appointed from civil life, upon reporting at first unit; for enlisted persons, upon enlistment.

2. The medical officer, if any, shall have custody of the Health Records of all persons attached to the unit, including the personnel of smaller units attached to a larger unit. If there be no medical officer attached, the custody of the Health Records will devolve upon the executive officer, if he be a commissioned officer; otherwise the custody of the Health Records will devolve upon the commanding officer. The officer having custody of the Health Records shall be responsible for their proper care, continuation, and disposition.

3. In case of medical examination for promotion, retirement, annual commissioned officers' examination, or medical survey, the Health Record shall be furnished to the president of the board. If not received, it should be requested. When the board shall have finished with the Health Record, it shall be returned to its custodial officer. In all cases, brief notation of the findings of the board will be made on the Medical History Sheet, signed by the president of the board. This notation does not take the place of the full report which is submitted for administrative action.

4. A person on detached duty at some distance from where his Health Record would be kept may be given custody of his Health Record.

5. If a Health Record is lost or destroyed, a new one shall be immediately opened in full by the first custodial officer aware of such loss, who will note the fact in the new record and continue the record with such previous data as may be obtainable. If the old record be found, all data subsequent to its loss will be detached from the new and attached to the old record. A skeleton Health Record shall not be issued.

6. No photographs, folded papers, or forms are to be attached to the Health Record. The findings on laboratory and other reports in the case shall be entered on the Medical History Sheet.

7. **Transfer.**—Upon transfer of any person, except as a patient, the Health Record shall be forwarded through official channels to the new destination, or if the person is ordered to unusual, detached, or uncertain duty, it shall be retained or forwarded, as the case may be, with the person's service record. (See par. 4.)

8. The Health Record shall accompany a patient when transferred to or from hospital or when applying at an out-patient office. It shall not be forwarded through official channels, but shall be taken by the patient in a sealed envelope or by a responsible person accompanying him, and delivered with the patient to the official receiving the patient. Upon the patient's return to his unit the Health Record is to be delivered to the custodial officer.

9. If for any reason it becomes necessary to forward the Health Record to Headquarters, other than for termination of service noted thereon, it shall be accompanied by a letter stating the reason.

10. **Physical Examination Record.**—The Coast Guard Board or officer making the request for physical examination shall send to the medical board or officer two forms for physical examination record, already made out down to but not including place and date. The medical board or officer shall make out the rest of the Physical Examination Record in duplicate. In case of appointments or promotion of an officer, both forms shall be mailed by the board or officer direct to Headquarters. When promotion is made the original will be forwarded to the unit for insertion in the Health Record on top of the last Physical Examination Record. The Health Record shall be retained, but altered to show the promotion and new rank. No part of the Health Record is to be sent to Headquarters at this time. In case of enlistment both forms shall be returned to the enlisting officer, who will forward the original to Headquarters with other supporting papers after enlistment has been accomplished. The duplicate will be placed in the man's Health Record. In cases of reenlistment both forms will be forwarded to Headquarters for action and reenlistment will not be effected until duplicate copy is returned showing Headquarter's action. Upon receipt of duplicate copy from Headquarters same will be inserted in the Health Record.

11. The record shall be typewritten, if possible, and must be completely filled in as called for by the items on the form and in accordance with the instructions relative to the making of physical examinations. If any space is insufficient, the space under "Remarks" may be used.

12. The nature and degree of all physical defects of persons accepted for service in the Coast Guard must be fully described in order that no improper claims for compensation or pension may be allowed. Particular attention should be paid to those conditions which may not be disqualifying but which might be made the basis of such claims on the ground that they have developed or have become disabling while the person was in service. Waivers may be recommended by the medical examiner in accordance with the instructions relative to physical examinations, but the waiver must be authorized by the Commandant before the person is accepted.

INSTRUCTIONS

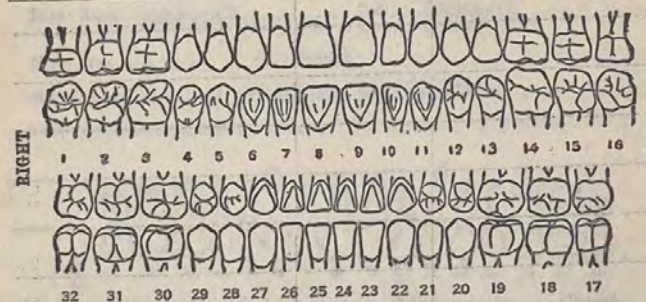

The Dental Record will be inserted as the top sheet in the Health Record.

This sheet will be prepared when an officer or man is first examined or treated by a dental officer, and subsequent entries will be made according to instructions.

The dental sheet should accompany a patient sent to another ship or station for dental treatment.

Upon the completion of treatment and the necessary entries over the signature of the dental officer, it will be sent to the officer having the custody of the Health Record.

ADMITTED TO IN-PATIENT TREATMENT
THIS DATE: 3-26-46

DIAGNOSIS:
Chronic nephritis
Arteriosclerotic
Arthritis of hands

CHIEF COMPLAINT:
Albumin in the urine; pus in the urine.

PRESENT HISTORY:
Patient had pain in the rt. loin off and on for the past year. Sometimes he has an associated pain at the right side of the neck, behind.

For the past two years patient has had nocturia 1-2 times a night; he has had day frequency. No burning or pain or urination. No chills or fever.

Patient discovered he had pus in the urine and albumin about three weeks before being admitted to this hospital on 26 March, 1946, from CG Receiving Station Ellis Island, when he complained of a right sided lumbar backache to the Sick Bay. Patient was placed on medications thereafter and was referred to this Hospital after showing no improvement.

FAMILY AND PERSONAL HISTORY:

Patient states that in 1930 he developed urinary frequency by nocturia; this improved by treatment though not cleared and recurred about 7 years ago and has persisted since.

About one year ago he noticed he was getting short of breath on slight exertion, but this subsides on resting a short while. No pain associated with shortness of breath though on several

occasions he had sharpe fleeting pain around the precardium.

About 2 years ago he noticed pain and swelling in middle joint of rt. index finger which gradually spread to other fingers, making it difficult to close hand firmly. This was especially troublesome in bad weather.

States that he has had wheezes in his chest since he can remember, but paid no attention to it.

PHYSICAL EXAMINATION:

Essentially negative except for some thickening and slight tenderness of the proximal interphalangeal joints of most fingers, especially the right index and the left ring fingers. The patient was unable to close his fists tightly. There was some tenderness over the right sacro-illiac joint area.

VENERAL:

Denies.

ADMITTED TO WARD AND GIVEN ROUTINE WARD AND NURSING TREATMENT.

TREATMENTS AND MEDICATIONS:

X-RAY REPORTS:

Skull shows no fracture or intracranial pressure. There is slight calcification in the falx not significant. The sinuses are rather large, but the cella turcica is within normal limits.

Chest shows no pulmonary or pleural pathology.

Abdomen shows no evidence of intestinal obstruction or perteneal exudate. Both kidneys outline distinctly. No evidence of calculi.

Lumbar spine shows no evidence of bone or joint pathology.

I.V. Pyelogram: Exam of the G.U. tract after intravenous administration of opaque solution shows:

both kidneys show exellent reaction in the rt. kidney on the 5 min. after injection film and only fair reaction in the lt. side. On the 15 min., there is good outline of the pelves and calices on both sides and even better on the 30 and 60 min. after injection films. No evidence of calculi. Findings are within normal limits.

Both hands and wrists show no evidence of fracture or joint pathology.

(CASE)

BOARD OF MEDICAL SURVEY :

On admission the patient stated that in 1930 he developed urinary frequency with nocturia about two times, and that his urine showed albumin. This improved with treatment but never cleared up entirely. The same symptoms recurred about seven years ago and have persisted since. About two years ago he developed pain in the right side of the lower back, also in the right knee, and at the same time he noticed swelling and pain in the right index finger. These pains have persisted since, varying in intensity, and usually worse in damp weather. About one year ago he noticed that he was becoming short of breath on slight exertion and this has persisted. He never had any shortness of breath at rest and there is no pain associated with the dyspnea. However, on several occasions he had sharp fleeting pain across the precordium. The patient stated that he had wheezing in his chest ever since he could remember, but he did not think it interferred with his well-being, so he paid no attention to it.

The patient's health record indicates that he had no albumin in the urine at the time of enlistment in the U. S. Coast Guard in July, 1941, but there are several entries, the first one being on January 18, 1945, showing the presence of a trace to 3 plus albumin. The record also shows that he received physiotherapy in this hospital from September 30, 1944 to November 17, 1944; that an x-ray of the right knee on April 3, 1945 showed moderate soft tissue swelling in the anterior part of the rightknee joint due to synovitis, and an x-ray of the right index finger on October25, 1945 showed slight roughening of the articulating surfaces of

of the proximal interphalangeal joint of the right index finger, probably due to arthritis.

Physical examination revealed a well-developed and well nourished man who did not appear ill. The eyes were prominent; the pupils reacted normally. He had no teeth and was using dentures. The lungs were clear on admission, but subsequent examination showed numerous sibilant rales an d occasional rhonchi, especially at the bases. The heart rate was about 100; the rhythm regular; sounds of good muscular quality; no murmurs heard. Blood pressure 145/90. The abdomen showed no abnormalities. Extremities: Tere was some thickening and slight tenderness of the proximal interphalangeal joints of most fingers, especially the right index and the left ring fingers. The patient was unable to close his fists tightly. There was some tenderness over the right sacroiliac joint area. The other joints appeared normal and mobility was free.

LABORATORY FINDINGS:

Numerous specimens of urine showed specific gravities ranging up to 1.030; albumin from a trace to 4 plus. The amount of albumin was not influenced by any postual factor, for on many occasions the patient was kept strictly in bed, and the amount of albumin in the urine remained unchanged. The urine also showed a few pus cells and a few hyaline and finely granular casts. No red blood cells were ever found. Non-protein nitrogen in the blood was normal on many occasions, and the total protein as well as the albumin-globulin ratio were normal on several occasions. Urea

clearance eas 83%, and the P.S.P. test was 50% in two hours. The blood count was normal on several occasions, and the Wassermann and Kahn in the blood were negative. The sedimentation rate was 14 and 15 respectively, by the Cutler Medthod. X-ray of the chest showed no pulmonary or pleural pathology. X-ray of the skull was normal. X-ray of the lumbar spine , both hands and wrists, showed no evidence of joint pathology. X-ray of the abdomen and intravenous pyalogram showed no abnormalities of the kidneys. Electrocardiogram showed small T waves in all leads and a prominent Q wave in lead III, suggestive of myocardial weakness and possibly coronary insuffiency.

In the opinion of this Board, this man suffers from chronic nephritis, cardiac insufficiency probably due to coronary sclerosis and low grade arthritis of his hands, and is unfit for unliminited duty in the U. S. Coast Guard. The Board therefore recommends that he appear before a Retiring Board. This patient has been informed of the findings and does not wish to submit a statement in rebuttal.

Origin is not the result of his own misconduct and was ~~NOT~~ incurred in line of duty. Did not exist prior to enlistment. Present condition fair. Probable duration is undetermined. Recommended that he appear before a Retiring Board.

DISCHARGE NOTES:

Recommendations:

That patient appear before Retiring Board; given indefinite sick leave pending decision of Board of Medical Survey. Off duty 168 days.

GENERAL INSTRUCTIONS

1933

1. A Health Record will be opened (issued) for each person commissioned, warranted, appointed, or enlisted in the Coast Guard: For cadets, upon reporting at the Academy; for an officer appointed from civil life, upon reporting at first unit; for enlisted persons, upon enlistment.

2. The medical officer, if any, shall have custody of the Health Records of all persons attached to the unit, including the personnel of smaller units attached to a larger unit. If there be no medical officer attached, the custody of the Health Records will devolve upon the executive officer, if he be a commissioned officer; otherwise the custody of the Health Records will devolve upon the commanding officer. The officer having custody of the Health Records shall be responsible for their proper care, continuation, and disposition.

3. In case of medical examination for promotion, retirement, annual commissioned officers' examination, or medical survey, the Health Record shall be furnished to the president of the board. If not received, it should be requested. When the board shall have finished with the Health Record, it shall be returned to its custodial officer. In all cases, brief notation of the findings of the board will be made on the Medical History Sheet, signed by the president of the board. This notation does not take the place of the full report which is submitted for administrative action.

4. A person on detached duty at some distance from where his Health Record would be kept may be given custody of his Health Record.

5. If a Health Record is lost or destroyed, a new one shall be immediately opened in full by the first custodial officer aware of such loss, who will note the fact in the new record and continue the record with such previous data as may be obtainable. If the old record be found, all data subsequent to its loss will be detached from the new and attached to the old record. A skeleton Health Record shall not be issued.

6. No photographs, folded papers, or forms are to be attached to the Health Record. The findings on laboratory and other reports in the case shall be entered on the Medical History Sheet.

7. **Transfer.**—Upon transfer of any person, except as a patient, the Health Record shall be forwarded through official channels to the new destination, or if the person is ordered to unusual, detached, or uncertain duty, it shall be retained or forwarded, as the case may be, with the person's service record. (See par. 4.)

8. The Health Record shall accompany a patient when transferred to or from hospital or when applying at an out-patient office. It shall not be forwarded through official channels, but shall be taken by the patient in a sealed envelope or by a responsible person accompanying him, and delivered with the patient to the official receiving the patient. Upon the patient's return to his unit the Health Record is to be delivered to the custodial officer.

9. If for any reason it becomes necessary to forward the Health Record to Headquarters, other than for termination of service noted thereon, it shall be accompanied by a letter stating the reason.

10. **Physical Examination Record.**—The Coast Guard Board or officer making the request for physical examination shall send to the medical board or officer two forms for physical examination record, already made out down to but not including place and date. The medical board or officer shall make out the rest of the Physical Examination Record in duplicate. In case of appointments or promotion of an officer, both forms shall be mailed by the board or officer direct to Headquarters. When promotion is made the original will be forwarded to the unit for insertion in the Health Record on top of the last Physical Examination Record. The Health Record shall be retained, but altered to show the promotion and new rank. No part of the Health Record is to be sent to Headquarters at this time. In case of enlistment both forms shall be returned to the enlisting officer, who will forward the original to Headquarters with other supporting papers after enlistment has been accomplished. The duplicate will be placed in the man's Health Record. In cases of reenlistment both forms will be forwarded to Headquarters for action and reenlistment will not be effected until duplicate copy is returned showing Headquarter's action. Upon receipt of duplicate copy from Headquarters same will be inserted in the Health Record.

11. The record shall be typewritten, if possible, and must be completely filled in as called for by the items on the form and in accordance with the instructions relative to the making of physical examinations. If any space is insufficient, the space under "Remarks" may be used.

12. The nature and degree of all physical defects of persons accepted for service in the Coast Guard must be fully described in order that no improper claims for compensation or pension may be allowed. Particular attention should be paid to those conditions which may not be disqualifying but which might be made the basis of such claims on the ground that they have developed or have become disabling while the person was in service. Waivers may be recommended by the medical examiner in accordance with the instructions relative to physical examinations, but the waiver must be authorized by the Commandant before the person is accepted.

My Father Andrew A. McLintock entered the Lighthouse Service about 1926. His 1st station was New Haven Harbor. 2nd Esopus Meadows 3rd old Stybrook (outer light) 4th Eatons Neck 5th Stamford Ct. He was stationed there in 1939 when The Coast Guard took over.

I'd like to know where & when he served in the Coast Guard. Also reason for discarge which I believe was 1943/4. Any other information would be appreciated

Thank you

Sincerely

Doris M. Hubbard

P.S. I believe he recieved a Pension from the Service years.

...e to answer your request as written, because it lacks sufficient information and/or an appropriate signature. Pleas... attached Standard Form 180 to the best of your ability and return it to this Center. Be sure also to return this form, th... quest, and any other attached papers. Please pay particular attention to any part of the Standard Form 180 that might b... d or circled.

☐ We have also enclosed NA Form 13075 and/or NA Form 13055. After you complete the SF 180, you may also need to fill out or or both of these. The NA Forms 13075 and 13055 are needed ONLY if you want information or papers concerning a person who wa discharged from the Army before 1960; or was discharged from the Air Force before 1964 and has a last name that come alphabetically between Hubbard, James E. and Z. The records of such veterans may have been lost in the fire here in 1973. If so, th additional information will be needed to locate alternate sources of information which may enable this Center to reconstru service/medical record data lost in the fire.

(a.) Fill out NA Form 13075 if you are asking for papers or information from a military service record, such as verificatio of dates and character of service.

b. Fill out NA Form 13055 if you need information concerning medical treatment while in service.

☐ If the requested record was probably lost in the fire, as described above, AND you are requesting medals/awards, please send u a copy of the separation document (WD AGO Form 53-55, DD Form 214, etc.) and/or any copies of award citations, if available. Thes documents will help us to verify entitlement to the medals/awards, and if you can provide such documentation for all of the requeste medals/awards, you will not need to complete the NA Form 13075. Even if you can provide such documentation, you will still need t fill out the NA Form 13075 if you need other assistance besides medals/awards.

☐ Please fill out the enclosed NA Form 13055 or NA Form 13042 and return it to us along with this form, your original request, an any other attached papers.

☐ The Department of Defense Privacy Program, 32 CFR 310.41(d), prohibits the release of the home address of current or forme service personnel. We are unable, therefore, to furnish the information requested.

NA FORM 13075 (REV. 6-89)

RESPONSE TO REQUEST FOR SEPARATION DOCUMENTS/INFORMATION

RE: MC Fentock Andrew Ashton 222927

MILITARY SERVICE DOCUMENTS ARE EXTREMELY IMPORTANT. GUARD THEM CAREFULLY AGAINST LOSS OR DAMAGE. TO AVOID DELAYS IN OBTAINING THESE DOCUMENTS IN THE FUTURE, WE SUGGEST THAT YOU MAKE COPIES OF THE ENCLOSED DOCUMENTS.

☑ The attached document(s) is(are) furnished in response to the request.

☐ The attached separation document may include the following information: Authority for separation, reason for separation, reenlistment eligibility code, and separation program designator/number. If you require a copy of the separation document that does not contain the above information, you may request a deleted copy from this Center.

☐ DD Form 214, Certificate of Release or Discharge from Active Duty, is not issued when a service member dies while on active duty. We are furnishing the notification of death that was issued to the next of kin in lieu of the requested document.

☐ Service members who are dropped from the rolls of the military service are not issued a Certificate of Release or Discharge from Active Duty or a Discharge Certificate. Enclosed is a copy of the order effecting discharge.

☐ Because of an error on the separation document we have instead furnished NA Form 13038, Certification of Military Service. This will verify military service and may be used for any official purpose. The veteran may request that the separation document be corrected.

☑ A seal has been affixed to the enclosed document(s) to attest to its (their) authenticity.

☐ Discharge certificates are prepared in the original only; therefore, copies cannot be furnished.

☐ Title 32, Part 45 of the Code of Federal Regulations prohibits this Center from furnishing to third parties copies of separation documents which contain the type and character of discharge, authority and narrative reason for separation, reenlistment eligibility code, and separation program designator/number. If you require a copy of the separation document containing the above information, the veteran must specifically authorize the release of an UNDELETED copy of the separation document.

☐ The type of discharge/separation received is shown as "UNCHARACTERIZED SEPARATION - Entry Level Separation." The Department of Defense established on October 1, 1982, the "Uncharacterized Entry Level Separation." Entry Level Status is the first 180 days of a period of continuous active duty or active duty for training. A separation initiated while a member is in entry level status may be described as an uncharacterized entry level separation. Upon separation the service member does not receive a discharge certificate or character of service. The separation shall be described as an order or release from custody or control of the service concerned.

☐ Copy 4 (member copy) of DD Form 214 is not on file. The attached copy will serve the same purpose as Copy 4.

RE: BM1 Andrew A. MCLINTOCK
SS# 040 24 2445, USCG, Retired

Dear Mrs. McLintock:

Information has been received at Coast Guard Headquarters of the death of your husband. I wish to extend to you and your family my sincere sympathy in your great loss.

You can be assured that we at Coast Guard Headquarters will help you in every way possible to facilitate applying for Federal Benefits that may be available to you.

The enclosed benefit guide briefly explains the assistance and survivor benefits furnished by the Coast Guard as well as other governmental agencies. The enclosed forms are forwarded to aid you in filing for Veterans Administration benefits, Uniformed Services Identification and Privilege Card and a Headstone or Marker to which there may be entitlement.

Four forms No. SF-1174, Claim for Unpaid Compensation of Deceased Member of the Uniformed Services, are enclosed to aid you in applying for the unpaid accrued retired pay. These forms must be completed in the presence of two witnesses and signed by you. Return the original and two copies of the completed claim to this office.

An annuity was provided for you by your husband under the Survivor Benefit Plan. In order that the Coast Guard may begin payment of your annuity, it is requested that you sign forms No. DD-1884, Application for Annuity, on the front and back and return them to this office with a copy of your marriage certificate and you husband's death certificate. VA form No. 21-534, Application for Dependency and Indemnity Compensation by Widow or Child, should be completed and forwarded to your local VA office in order for them to adjudicate your claim for possible entitlement.

Sincerely,

R. R. HARBER

Dear Sir:

Subject's widow has made application for an annuity under the Survivor Benefit Plan (PL92-425). In order to determine the amount of annuity payable by the service department, it is requested that you advise if the widow is entitled to Dependency and Indemnity Compensation payment. If so, please furnish the amount and the effective date.

TO WHOM IT MAY CONCERN:

This is to certify that Andrew Ashton McLintock (222-927), Boatswain's Mate, first class, enlisted in the U. S. Coast Guard on 20 August 1941 and served on active duty until 1 February 1947 when he was retired. He is incapacitated for active service in the Coast Guard by reason of physical disability, his incapacity is permanent, and is the result of an incident of service. Upon re-evaluation the total combined percentage of his physical disabilities was found to be 60% in accordance with current Schedule for Rating Disabilities of Veterans Administration. He is now in a retired status and receiving compensation from the Coast Guard. The records also show that he was born 16 May 1901 in Pawtucket, Rhode Island.

The records further show that he has 16 years, 0 months, 13 days Lighthouse service.

SUBJECT: Letter for Tax Exemption, under Connecticut State Law.

REFERENCE: File: CG-73-706

Having moved from the Town of Trumbull, to the Town of Huntington, both in Connecticut, it is necessary for me to request another letter from your office in regards to my retirement to "Inactive Duty" for "Medical Reasons", the percentage of disability and that said disability is "permanent".

Under the Connecticut State Law, a veteran is entitled to a TAX EXEMPTION of $1,000.00, and a "disabled veteran" is entitled to this $1,000.00 plus an additional percentage due to his disability.

I have applied for this "exemption" on my home, and the Town Assessor's Office has requested me to write your office for the above letter.

Respectfully,

Andrew A. McLintock

19 August, 1944
(Date)

Pursuant to the Act of July 30, 1937 (50 Stat. 547) and the regulations prescribed thereunder,

I, Andrew Ashton McLINTOCK (Name of applicant), 222-927 (Service number), B.M.1c. (Rating), having on 20 August, 1941 (Date), enlisted in the U. S. Coast Guard under a contract of enlistment for a term of three years, do hereby voluntarily agree for the consideration mentioned therein to extend said term of enlistment for a period of two years from the date of expiration thereof, subject to all the provisions of said contract of enlistment, of which this agreement shall form a part.

My reason for making this agreement is expiration of enlistment. I further agree to the extension of this enlistment by the Secretary of the Navy for such additional time as may be deemed necessary in the public interest in time of war or national emergency declared by the President to exist; such additional time not to exceed beyond six months after the date of termination of the war or national emergency.

Reference: (a) Letter from this office dated 26 March, 1943 with inclosure.
(b) Requisition, annual, dated 29 March,1943.

1. Reference (a) directed that you resubmit annual requisition for the reason that the variety and quantities of articles covered by the original requisition were entirely out of proportion to the station's needs.

2. The requisition, reference (b), submitted in consequence of reference (a) has been checked and it is still apparent that little effort was made to conserve on materials, and in fact, numerous items are still requested in quantities far in excess of station's needs.

3. Citing only some of these items for example, are the following:

REMARKS

Seaman 2c Keehn on lookout watch saw fire on the water, and sounded the alarm. Pilot seen descending with parachute. McLintock BM 1c, Quinn Sea. 1c and Liljeros Sea. 2c ran to boat house and launched the station row boat. McLintock rowed out to the pilot who was in the water. Pilot said he thought he had broken his back, this made it impossible to pull him into our row boat. A fishing boat "Marbil of Niantic" was headed towards us and McLintock had him taken aboard, and rushed to New London for medical attention.

After getting pilot aboard the Marbil, the parachute was taken from the water and was given to a U. S. Army Major who arrived on a U. S. Army boat, from Fort H. G. Wright on Fishers Island.

(Liljeros claims he bumped his left elbow while launching the station boat).

INSTRUCTIONS

1. Reports shall be submitted in all cases of actual or attempted assistance.
2. Reports shall be typewritten and numbered serially for each fiscal year. Reports of assistance to, or searches for, derelicts shall be similarly numbered in a separate series.
3. Under "Remarks" give an account of operations, including list of deaths or serious injuries, any unusual delays, difficulties, outstanding performances of duty, and details of professional or public interest. Use additional sheets if necessary.
4. The numbers after certain words are code numbers for headquarters' use only.
5. "Persons actually saved from drowning" include those who in all probability would have been drowned if Coast Guard assistance had not been rendered. "Persons rescued from positions of peril" include those whose lives were endangered by possible drowning or other cause.
6. State opinion as to whether or not casualty was partly or wholly due to unseaworthiness, inadequacy or lack of equipment, or incompetency of personnel, and, if so, elaborate in "Remarks."

SPECIFIC INSTRUCTIONS

1. The applicant should specify the exact date of the month on which he desires the insurance policy to become effective. Upon written request of the applicant the policy of insurance may be issued effective while the applicant is in the active service—(A) as of the date on which valid application is signed, provided there is tendered with the application a direct remittance in payment of the first premium or an allotment of pay, involving advance of active service pay under the provisions of Public Law 451, 77th Congress, in payment of the first monthly premium; (B) as of the first day of the month following the date valid application is signed and the first premium is tendered, if such premium is paid by a direct remittance or by an allotment of pay effective in the month in which application for insurance is signed; (C) as of the first day of the month in which valid application is signed and the first premium is tendered by a direct remittance; (D) as of the first day of any month, but not more than six months, prior to the month in which valid application is signed and the first premium is tendered by a direct remittance, provided that there be paid an amount equal to the full reserve on the insurance at the end of the month prior to the month in which the application for insurance is signed and the first premium for the month in which the application is signed. A tender of the first premium or authorization to allot the first premium from service pay in connection with an application for insurance should be made on or before the date of the report of physical examination incident to the application for insurance.

2. The insurance may be applied for in favor of one or more of the following persons: Husband or wife, child (including adopted child, stepchild, illegitimate child), parent (including parent through adoption and person who stood in loco parentis to the insured at any time prior to entry into active service for a period of not less than one year), brother or sister (including those of the half blood) of the insured.

The insured may name any person or persons within the permitted class as contingent beneficiary or beneficiaries who will take the monthly installments of insurance if the principal beneficiary or beneficiaries predecease the insured, or take any remaining monthly installments if the principal beneficiary or beneficiaries survive the insured but die before all installments certain have been paid.

3. The insurance shall be payable in the following manner:

(1) If the beneficiary to whom payment is first made is under 30 years of age at the time of maturity, in two hundred and forty equal monthly installments at the rate of $5.51 for each $1,000 of insurance.

(2) If the beneficiary to whom payment is made is 30 or more years of age at the time of maturity, in equal monthly installments for one hundred and twenty months certain, with such payments continuing during the remaining lifetime of such beneficiary. The amount of the monthly installment for each $1,000 of insurance shall be determined by the age of the beneficiary at the date of the death of the insured.

(3) Any installments certain of insurance remaining unpaid at the death of any beneficiary shall be paid in equal monthly installments in an amount equal to the monthly installments paid to the first beneficiary, to the person or persons then in being within the classes hereinafter specified and in the order named, unless designated by the insured in a different order—

(A) to the widow or widower of the insured if living;
(B) if no widow or widower, to the child or children of the insured, if living, in equal shares;
(C) if no widow, widower, or child, to the parent or parents of the insured who last bore that relationship, if living, in equal shares;
(D) if no widow, widower, child, or parent, to the brothers and sisters of the insured, if living, in equal shares.

If no beneficiary is designated by the insured or if the designated beneficiary does not survive the insured, the beneficiary shall be determined in accordance with the order specified in subparagraph (3) of the above and the insurance shall be payable in equal monthly installments in accordance with subparagraph (1) and (2) as the case may be.

4. This application must be witnessed and the information as to service certified by the commissioned officer who has custody of the applicant's service record unless by reason of detached service no commissioned officer is available, in which event it may be witnessed by a noncommissioned officer who, if he has custody of the applicant's service record, may certify the information as to service.

Office of the Wing Commander March 9, 1943

SUBJECT: Rescue of 2nd Lt. Edwin T. Crook.

TO : Commanding Officer, Coast Guard Base, Fort Trumbull, New London, Conn. THRU: CHANNELS

1. This Headquarters has received information relating to the rescue of pilot Edwin T. Crook, 2nd Lt., A.C., 21st Fighter Squadron, 352nd Fighter Group, New York Air Defense Wing, by personnel of your command.

2. Investigation reveals that C. McCointock, Ocean Mate, First Class, and Arthur Lejeros, Seaman, Second Class, performed the rescue on February 20, 1943 in waters off Fishers Island in a boat too small to carry the additional weight of Lt. Crook; and that the two men held him above the surface of the water until the arrival of assistance.

3. Enclosed are letters of commendation from Edwin M. Ramage, Lt. Col., A.C., Commanding Officer, 352nd Fighter Group, to the two men who accomplished the rescue and to H. L. Durgin, Lieutenant Commander, U.S.C.G., their Commanding Officer.

4. I wish to add my appreciation to that of the Group Commander, for the prompt and effective assistance rendered by members of your Command.

Dear officer in Charge

As yet I have not received any family allowance applied for by my husband Andrew A. McClintock for myself and daughter.

Our certified copies of birth certificate and marriage certificate have been returned to me.

I have not received any since this new family allowance went into effect and my funds are not enough to help.

the bills paid and my land lord is pressing me for the past two months rent which I have not been able to pay and the 1st of Feb. rent is due again.

would you kindly advise me when I might receive the allowances which have been applied for.

Sincerely

Mrs. Rebecca D. McClintock

SUBJECT: Original form N.A.V.C.G. 553. (as requested by the V.A. Offic Hartford Conn.)

1. I am requesting a G.I. loan to purchase a home, and I used my letter of retirement, dated January 31, 1947. for this purpose, because I have no other means of service identification.

2. Will you send me the necessary forms, as requested in the photostatic letter attached, or the necessary informations for me to forword to the V.A. offic at Hartford, Conn.; so I may receive their approval of a loan. I now have a deposit on a home, and would like to close the deal as soon as possible.

3. Also would appreciate the correct information, as to what proofs, I must have for applying for a state bonus.

Would you kindly return the enclosures.

Andrew A. McLintock.

A Coast Guard Retiring Board consisting of yourself as president and of any two of the following Coast Guard officers to be designated by you as members: Captain Gordon W. MacLane, USCG; Captain Walter R. Richards, USCG; Captain George C. Carlstedt, USCG; Captain Edward H. Thiele, USCG; Commander Anthony J. DeJoy, USCG; Commander Gilbert I. Lynch, USCG; Commander John P. German, USCG; Commander Richard M. Ross, USCG; Commander Charles E. Columbus, USCG; Lieutenant Commander Austin C. Wagner, USCG; Lieutenant Commander Warner K. Thompson, Jr., USCG; Lieutenant Commander Henry A. Pearce, USCG; Lieutenant Commander Clyde R. Burton, USCG; also any two medical members of the U. S. Public Health Service as authorized by the Administrator, Federal Security Agency, in his letters of March 29, 1946, is ordered to convene at the Office of Commander, Third Coast Guard District, or any other place in the Third Coast Guard District the president of the board deems necessary for the examination of such personnel of the U. S. Coast Guard as may be ordered to appear before it. In the event other duties prevent your acting as president of the board for the consideration of some particular case, you may designate Captain Gordon W. MacLane, USCG, to act as president of the board for that case.

The proceedings of the board will be in accordance with Coast Guard Courts and Boards.

The junior Coast Guard member of the board will act as recorder.

The Commander, Third Coast Guard District will furnish the necessary clerical assistance.

This board is also authorized to consider such cases as are pending before the board convened by the Acting Secretary of the Treasury precept dated January 21, 1946, as amended.

Wednesday, November 27, 1946

The board met at 2:13 p.m.

Present:
Captain Clarence H. Dench, U. S. Coast Guard, president;
Captain Carl E. Guisness, U. S. Coast Guard, member;
Commander John P. German, U. S. Coast Guard, member and recorder;
Surgeon Max Koch, U. S. Public Health Service Reserve, member;
Surgeon James A. Salmons, U.S. Public Health Service Reserve, member.

John F. Kerwin, Jr., yeoman first Class, U. S. Coast Guard, entered as reporter and was duly sworn.

The board decided to sit with open doors.

Andrew Ashton McLintock, boatswain's mate first class, U. S. Coast Guard, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precept, and amendment, copies hereto prefixed, marked "A","B","C", and the order to the party under examination, copy hereto prefixed, marked "D".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

A letter appended, marked "E", was received from Headquarters, transmitting the papers named therein, which are appended, marked "1" to "5", inclusive. Those marked "3" and "4", and pertinent excerpts from McLintock's current health record, were read by the recorder.

The medical members were directed to examine into the past and present physical and mental condition of McLintock; letter of instructions appended, marked "6".

The party under examination was asked by the president whether he wished to be retired and replied in the affirmative.

The party under examination was duly sworn as a witness.

Examined by the recorder:

1. Q. State the nature of your disability.
A. I have pains through the back here (indicating the small of the back). They are not intense. They are more of an ache and at times in rainy weather they are more pronounced than they are in dry weather. It is the same way with my joints; all my joints ache, especially in damp weather. At present I have a tightening of the right knee. I have been using the sun lamp on it for the last four or five weeks. If I drink an excessive amount of fluids I notice that I pass an excess amount of water. In the morning when I go to the toilet I pass a lot of fluid and then in about an hour I'll go again and pass a lot more and it will be just water. I reported that to the doctors and they said it could possibly be from an overflow of the kidneys. My eyes have been bothering me, more or less, for the last six months. While I was in the hospital they told me that was probably due to the kidneys.

2. Q. Do you suffer periodic pain in all your joints?
A. No, my knees and my fingers.

3. Q. But not all your joints?
A. No, not my elbows or shoulders.

4. Q. What is the cause, do you know?
A. I don't know.

5. Q. How long have you suffered from the pains in your joints?
A. That has been on and off for the past two years, probably more than that. My knees have bothered me quite awhile.

6. Q. How long?
A. I don't know exactly, probably two to three years.

7. Q. How long have you suffered from the kidney trouble?
A. Well, I had a case of that around 1930 and it was cleared up at that time, and I started in again somewhere around 1943 or 1944.

8. Q. Are you suffering from shortness of breath?
A. Yes, sir.

9. Q. How long have you suffered from that?
A. I don't know exactly; it would be more than a year.

10. Q. What service have you seen since December 7, 1941?
A. I was on Stamford Lighthouse in December, 1941. Then, I went to Northport Station, and I left Northport and went to New Haven in January, 1942, and in February I was sent to North Dumplings; from North Dumplings I went into a boat pool at Sandy Hook and went on the 83311 from August, 1943 to April, 1944. I asked to get off and was sent to Ellis Island and when I got to Ellis Island I was put to work as assistant master-at-arms in the barracks, and in a short time I took over the prisoners at large and restricted men. Then, I took over the brig. I was in charge of the brig at the time I went to the hospital.

11. Q. When did you enter the Lighthouse Service?

A. August 7, 1925.

12. Q. When did you enter the Coast Guard?
A. August 18, 1941.

13. Q. Were you in the Lighthouse Service continuously from 1925 until you joined the Coast Guard?
A. Yes, sir. I reported to the personnel officer at the District Office and resigned from the Lighthouse Service 11:30 a.m. and enlisted in the Coast Guard at 12:30 p.m.; I think it was August 18, 1941.

14. Q. Did you receive any decorations or letters of commendation for your war service?
A. I have one letter from the Army for saving an Army pilot at Fisher's Island around February or March, 1943, and a letter from Admiral Parker for picking up any papers or personnel on the Destroyer TURNER at the Whistle Buoy when she blew up.

15. Q. How does your disability affect you in the performance of your duty?
A. When the weather is bad I just can't get around. It makes it hard to walk around and I can't hold a pencil very well at times when I try to write anything.

16. Q. Do you feel that you could perform service duty in a limited capacity, such as duty at a light station?
A. No, because I can't handle a row boat.

17. Q. If you were assigned to a light station ashore do you feel that you could carry on your duties?
A. Well, that would depend entirely on the station. They didn't examine my hands over at the hospital, but I have tendons growing up in my hands and that prevents me from holding anything in my hands. Those came by hauling davit lines.

Examined by the board:

18. Q. Is your grip satisfactory in both hands?
A. No.

19. Q. What can't you do with your hands?
A. I can't tighten the right one up.

20. Q. Do you suffer with headaches?
A. Yes, sir.

21. Q. What part of your head are these headaches in?
A. Right over here (indicating forehead).

22. Q. How frequently do you get these headaches?
A. Pretty nearly every morning.

23. Q. And what relieves them?

A. I usually take a couple of aspirin, but they gradually ease up through the day.

24. Q. Do you ever get pain in the region of your heart?
A. Occasionally I have had sharp pains right across the left breast.

25. Q. What brings these pains on?
A. Exertion.

26. Q. And what makes them disappear?
A. I don't know, sir.

27. Q. Do they improve any when you rest?
A. I have to rest with them and they gradually go away.

28. Q. Do you have shortness of breath?
A. Yes, sir.

29. Q. What brings this condition on?
A. Exertion.

30. Q. How long have you had shortness of breath?
A. I believe I first noticed that at North Dumplings; that was along in 1943.

31. Q. What type of exertion brings on your shortness of breath?
A. Running up stairs does it. I believe that North Dumplings was the first I noticed it. That is where my radio was up in the watch tower and every time there was a call I had to go up and answer that radio, and I believe that was the first time I noticed it.

32. Q. Have you had swelling of the ankles?
A. Yes, sir.

33. Q. When?
A. I get it through the day if I walk around too much. If I tie my shoe in the morning I have to ease them up during the day, sometimes they swell in the mornings and in an hour or so later I have to ease them up. I am wearing a pair of shoes a full size too large now.

34. Q. Does the swelling generally disappear after a good night's rest?
A. No, because I find them swelled when I get up in the mornings, some mornings.

35. Q. Do you have any urinary symptoms at present?
A. I don't know; I haven't had an examination. My urine has never burned but I have to get up once or twice during the night.

36. Q. Could you enumerate your outstanding physical complaints at the present time which interfere with your duties as a boatswain's mate?
A. Well, my stiffness of joints in my fingers and shortness of breath and, more or less, the aches in my knees.

Reexamined by the recorder:

37. Q. Do you desire to say anything further concerning your case?
A. No, sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

The medical members submitted a report, which was sworn to, read, and appended, marked "7".

Surgeon James A. Salmons, U. S. Public Health Service Reserve, the junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does McLintock's disability proceed?
A. Chronic nephritis, hypertensive arteriosclerotic heart disease, and arthritis of the hands.

2. Q. Are the disabilities permanent?
A. Yes, sir.

3. Q. Are McLintock's disabilities such as to incapacitate him for active service?
A. Yes, sir.

4. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. Yes, sir.

5. Q. Are his disabilities the results of incidents of service?
A. Yes, sir.

6. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. No, sir.

7. Q. Do you think that McLintock is fit for limited duty?
A. No, sir.

Examined by the board:

8. Q. Doctor, I notice that you list one of McLintock's disabilities as hypertensive arteriosclerotic heart disease. Will you tell us what the blood pressure readings were on your examination that caused you to make such a diagnosis?
A. Our blood pressure readings were 160 over 105 and it fluctuated up to 160 over 118.

Reexamined by the recorder:

9. Q. Do McLintock's headaches have anything to do with the conditions that you have mentioned as disabling?
A. They are part of the general picture of cardiorenovascular disease, which he has.

10. Q. Do you have anything further to add?
A. No, sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Surgeon Max Koch, U. S. Public Health Service Reserve, the senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. Do you concur in the testimony of the junior medical member?
A. Yes, sir.

2. Q. Do you have anything further to add?
A. No, sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Andrew Ashton McLintock, boatswain's mate first class, U. S. Coast Guard, the party under examination, desired to make no statement or argument.

The recorder desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation, the board finds as follows:

FINDING OF FACTS

That Andrew Ashton McLintock, boatswain's mate first class, U. S. Coast Guard, is incapacitated for active service by reason of Chronic Nephritis, Hypertensive Arteriosclerotic Heart Disease, and Arthritis of the Hands; that his incapacities are permanent; are the results of incidents of service; are not the result of his own vicious habits.

Summary of case history:

On admission the patient stated that in 1930 he developed urinary frequency with nocturia about two times, and that his urine showed albumin. This improved with treatment but never cleared up entirely. The same symptoms recurred about seven years ago and have persisted since. About two years ago he developed pain in the right side of the lower back, also in the right knee, and at the same time he noticed swelling and pain in the right index finger. These pains have persisted since, varying in intensity, and usually worse in damp weather. About one year ago he noticed that he was becoming short of breath on slight exertion and this has persisted. He never had any shortness of breath at rest and there is no pain associated with the dyspnea. However, on several occasions he had sharp fleeting pain across the precordium. The patient stated that he had wheezing in his chest ever since he could remember, but he did not think it interfered with his well-being, so he paid no attention to it.

The patient's health record indicates that he had no albumin in the urine at the time of enlistment in the U. S. Coast Guard in July 1941, but there are several entries, the first one being on January 18, 1945, showing the presence of a trace to 3 plus albumin. The record also shows that he received physiotherapy in this hospital from September 30, 1944 to November 17, 1944; that an x-ray of the right knee on April 3, 1945 showed moderate soft tissue swelling in the anterior part of the right knee joint due to synovitis, and an x-ray of the right index finger on October 25, 1945 showed slight roughening of the articulating surfaces of the proximal interphalangeal

joint of the right index finger, probably due to arthritis.

Physical examination revealed a well-developed and well-nourished man who did not appear ill. The eyes were prominent; the pupils reacted normally. He had no teeth and was using dentures. The lungs were clear on admission, but subsequent examination showed numerous sibilant rales and occasional rhonchi, especially at the bases. The heart rate was about 100; the rhythm regular; sounds of good muscular quality; no murmurs were heard. Blood pressure 145/90. The abdomen showed no abnormalities. Extremities: There was some thickening and slight tenderness of the proximal interphalangeal joints of most fingers, especially the right index and the left ring fingers. The patient was unable to close his fists tightly. There was some tenderness over the right sacro-iliac joint area. The other joints appeared normal and mobility was free.

Laboratory Findings: Numerous specimens of urine showed specific gravities ranging up to 1.030; albumin from a trace to 4 plus. The amount of albumin was not influenced by any postural factor, for on many occasions the patient was kept strictly in bed, and the amount of albumin in the urine remained unchanged. The urine also showed a few pus cells and a few hyaline and finely granular casts. No red blood cells were ever found. Non-protein nitrogen in the blood was normal on many occasions,

and the total protein, as well as the albumin-globulin ratio were normal on several occasions. Urea clearance was 83%, and the P.S.P. test was 50% in two hours. The blood count was normal on several occasions, and the Wassermann and Kahn in the blood were negative. The sedimentation rate was 14 and 15 respectively, by the Cutler Method. X-ray of the chest showed no pulmonary or pleural pathology. X-ray of the skull was normal. X-ray of the lumbar spine, both hands and wrists, showed no evidence of joint pathology. X-ray of the abdomen and intravenous pyelogram showed no abnormalities of the kidneys. Electrocardiogram showed small T waves in all leads and a prominent Q wave in lead III, suggestive of myocardial weakness and possibly coronary insufficiency.

In the opinion of this Board, this man suffers from chronic nephritis, cardiac insufficiency probably due to coronary sclerosis and low-grade arthritis of his hands, and is unfit for unlimited duty in the U. S. Coast Guard. The Board therefore recommends that he appear before a Retiring Board. This patient has been informed of the findings and does not wish to submit a statement in rebuttal.

President
Coast Guard Retiring Board
Third Coast Guard District
New York, New York

Sir:

In accordance with your letter of 20 November, 1946, we, the undersigned medical members of the Coast Guard Retiring Board, have made a careful examination of the past and present physical and mental condition of McLintock, Andrew A. (222-927) B.M. 1c, U.S. Coast Guard, and report as follows:

A review of the health record and transcript of the health record reveals this man was physically qualified for the regular establishment when he transferred from the Lighthouse Service to the U.S. Coast Guard 5 August, 1941. He is reported from the U.S. Marine Hospital, Ellis Island, N.Y. on 30 September, 1944 to 17 November, 1944 for diathermy, massage, ultra violet irradiation of the knees. On 18 January, 1945 a urine analysis report from the U.S. Coast Guard Receiving Station, Ellis Island, N.Y. revealed 3+ albumin + occasional hyaline cast. A 1+ albumin and moderate hyaline casts was reported on 24 January, 1945 from the same station. A trace of albumin with casts was again reported on 2 March, 1945. Synovitis of the right knee joint was reported by X-ray study on 3 April, 1945. A normal chest X-ray study was reported on 1 May, 1945. On 25 October, 1945 an X-ray of the right index finger revealed arthritis of the proximal interphalangeal joint. All of the above reports are from the Coast Guard Receiving Station, Ellis Island, N.Y. He is finally reported from the U.S. Marine Hospital, Ellis Island, N.Y. on 26 March, 1946 to 10 September, 1946 where the diagnoses of (1) Chronic nephritis (2) Arteriosclerotic Heart Disease and Arthritis of the hands were made. A Board of Medical Survey was written recommending his appearance before a Coast Guard Retiring Board.

We find this man to be suffering from (1) Chronic nephritis (2) Hypertensive Arteriosclerotic Heart Disease and (3) Arthritis of the hands. We consider him incapacitated for active service by reason of the above described disabilities.

The incapacity is permanent.

The incapacity is the result of an incident of service.

All reasonable measures for the amelioration of the above described disabilities have been tried and have been without success.

There was no evidence before the medical members of the board to indicate the condition was in any way due to his own vicious habits.

Re: CG-73-783

Dear Sir:

In accordance with your letter of 26 February, 1947, in regards to my Terminal Leave, I believe an error has been made during the period of 1 July, 1944 to 30 June, 1945, which shows 17 days annual leave taken during this period. It is my belief that the 17 days was "sick leave". I would appreciate your checking my record and advise me accordingly.

I have no copy of my official record and would like to know how I may obtain a copy of same.

Very truly yours,

Andrew A. McLintock BM1/c.

Sir:

Receipt is acknowledged of your letter 22 January, 1948, relative to medical treatment.

In reply thereto you are advised that retired personnel and their dependents are entitled to outpatient treatment at regularly established facilities of the U. S. Public Health Service and at Coast Guard stations having the services of a full-time medical officer, and to hospitalization in U. S. Marine Hospitals only. A list of Marine Hospitals and Relief Stations of the Public Health Service is inclosed herewith for your information.

You are further advised that should you require inpatient treatment in a Marine Hospital, your retirement orders constitute authority for your admission to the hospital.

The question of your eligibility for treatment from the Veterans Administration is one for determination by the Administrator of the Veterans Administration.

By direction of the Commandant.

Dear Mr. McLintock:

Reference is made to your out-patient fee basis treatment by Dr. Daniel B. Corwin of Norwalk, Connecticut. An authority was issued to him to treat you during December 1947. This will be the last authority issued in this case, since you are in receipt of retirement pay in lieu of compensation and are, therefore, ineligible for out-patient fee basis treatment.

It is suggested that you contact the nearest Navy or Coast Guard hospital with reference to further treatment.

Very truly yours,

R. F. VERNILE

An inquiry by or concerning an ex-service man or woman should, if possible, give veteran's name and file number, whether C, XC, K, N, or V. If such file number is unknown, service or serial number should be given.

SUBJECT: Ineligibility for out-patient treatment by the Veterans Administration.

I have received today the attached letter from the Veterans Administration Office at Hartford, Conn., which informs me I am not entitled to treatment by the Veterans Administration.

I have contacted the local field office at Bridgeport, Conn. amd have been informed they know nothing of any new regulations that would interfere with my receiving out-patient treatment by a Veterans Administration approved doctor.

I would like to know whether or not, I am entitled to treatment by the Veterans Administration. If not, what procedure will be necessary so I may receive out-patient treatment through a Public Health doctor. Also necessary information on where treatments may be obtained, nearest to my home.

Gentlemen:

I seem to be having difficulty in receiving medical treatment as an out-patient, by a local physician assigned me by the Medical Officer of the Veterans Administration, Bridgeport, due to the fact that I have had no case number C_____ assigned me.

The doctor assigned me sent in the necessary Request Form to the Veterans Administration, Hartford, Conn, and as this form carried no case number and only my Serial number, their Washington office could not trace my records in Washington. A copy of this letter is attached.

I would therefore, appreciate your notifying me of my case number, so I may receive the medical treatment needed.

SPECIFIC INSTRUCTIONS

1. The applicant should specify the exact date of the month on which he desires the insurance policy to become effective. Upon written request of the applicant the policy of insurance may be issued effective while the applicant is in the active service—(A) as of the date on which valid application is signed, provided there is tendered with the application a direct remittance in payment of the first premium or an allotment of pay, involving advance of active service pay under the provisions of Public Law 451, 77th Congress, in payment of the first monthly premium; (B) as of the first day of the month following the date valid application is signed and the first premium is tendered, if such premium is paid by a direct remittance or by an allotment of pay effective in the month in which application for insurance is signed; (C) as of the first day of the month in which valid application is signed and the first premium is tendered by a direct remittance; (D) as of the first day of any month, but not more than six months, prior to the month in which valid application is signed and the first premium is tendered by a direct remittance, provided that there be paid an amount equal to the full reserve on the insurance at the end of the month prior to the month in which the application for insurance is signed and the first premium for the month in which the application is signed. A tender of the first premium or authorization to allot the first premium from service pay in connection with an application for insurance should be made on or before the date of the report of physical examination incident to the application for insurance.

2. The insurance may be applied for in favor of one or more of the following persons: Husband or wife, child (including adopted child, stepchild, illegitimate child), parent (including parent through adoption and person who stood in loco parentis to the insured at any time prior to entry into active service for a period of not less than one year), brother or sister (including those of the half blood) of the insured.

The insured may name any person or persons within the permitted class as contingent beneficiary or beneficiaries who will take the monthly installments of insurance if the principal beneficiary or beneficiaries predecease the insured, or take any remaining monthly installments if the principal beneficiary or beneficiaries survive the insured but die before all installments certain have been paid.

3. The insurance shall be payable in the following manner:

(1) If the beneficiary to whom payment is first made is under 30 years of age at the time of maturity, in two hundred and forty equal monthly installments at the rate of $5.51 for each $1,000 of insurance.

(2) If the beneficiary to whom payment is made is 30 or more years of age at the time of maturity, in equal monthly installments for one hundred and twenty months certain, with such payments continuing during the remaining lifetime of such beneficiary. The amount of the monthly installment for each $1,000 of insurance shall be determined by the age of the beneficiary at the date of the death of the insured.

(3) Any installments certain of insurance remaining unpaid at the death of any beneficiary shall be paid in equal monthly installments in an amount equal to the monthly installments paid to the first beneficiary, to the person or persons then in being within the classes hereinafter specified and in the order named, unless designated by the insured in a different order—

(A) to the widow or widower of the insured if living;
(B) if no widow or widower, to the child or children of the insured, if living, in equal shares;
(C) if no widow, widower, or child, to the parent or parents of the insured who last bore that relationship, if living, in equal shares;
(D) if no widow, widower, child, or parent, to the brothers and sisters of the insured, if living, in equal shares.

If no beneficiary is designated by the insured or if the designated beneficiary does not survive the insured, the beneficiary shall be determined in accordance with the order specified in subparagraph (3) of the above and the insurance shall be payable in equal monthly installments in accordance with subparagraph (1) and (2) as the case may be.

4. This application must be witnessed and the information as to service certified by the commissioned officer who has custody of the applicant's service record unless by reason of detached service no commissioned officer is available, in which event it may be witnessed by a noncommissioned officer who, if he has custody of the applicant's service record, may certify the information as to service.

George N. Ford
Supervising Records Clerk
Providence School Dept.
9/16/41

Sir:

The man concerned was born on 16 May, 1901. His parents ' names are as follows: Andrew C. McLintock and Lilly A. McLintock. He attended this school either in 1905 or 1906, and he then lived at either 246 or 300 Admiral St., Providence, R.I.

New York District, U.S.C.G.

Gentlemen:

As the records for the Berkshire Street and Branch Avenue Schools are incomplete we are unable to verify the attendance of Andrew C McLintock. This is not an unusual situation as a great many of the older records were lost or destroyed

Esopus Meadows Light
Ulster Park, N.Y. July 3, 1929.

Rec'd July 8 1929

Superintendent of Lighthouses,
Staten Island, N.Y.

Sir:

On July 2nd a speed boat owned by Judge Callahan ran on the flats west of the station, damaging the wheel considerable. I helped to get the boat off, and haul it out near the station and changed the wheels. The boat did not have any running lights, and one of the party was sick from being in the sun. I took the party of three on the light station for the night and gave them their supper and breakfast.

Then I worked on the boat this morning. There was a broken bolt in the stuffing box, which caused the boat to leak considerable. I made the necessary repairs on the stuffing box, and the boat left here for Albany at 9:00 A.M. today. I worked on the boat yesterday from 1:55 P.M. to 7:50 P.M. and today from 7:45 A.M. to 9:00 A.M.

I had the boat anchored close to the station after getting it off the flats. So that working on it did not keep me away from the station.

Respectfully,

Andrew A. McLintock.

Keeper.

Dear Sir:

We are in receipt of a complaint from Mrs. Grace Kirkley, 35 Gilbert Ave., Bloomfield, Connecticut, to the effect that her mother, Mrs. Hannah Nash, had been insulted by the lighthouse keeper at Saybrook Point and advised that if she did not give up a certain fish pole he, the lighthouse keeper, would forbid all colored people to fish there. I assume that the word "there" refers to the vicinity of the lighthouse which is the large house at the end of the rocks at Saybrook Point.

It will occur to you at once that this may be a personal and petty feud between the lighthouse keeper and certain people who happen to be colored. As a rule such complaints would not receive much attention but in this case Mrs. Kirkley has given us a signed statement and has appeared greatly concerned about the matter. The colored people concerned have not the ability to reasonably defend their rights but they sense that they are being imposed upon unfairly.

If the report is true that your lighthouse keeper has made a distinction between white and colored people, I admit having considerable sympathy with them, which, since it involves the matter of fishing, prompts me to respectfully request you to make a careful investigation of the charges against your employee.

I enclose a copy of a signed statement which Mrs. Kirkley has left with us. I understand that there were a number of witnesses to the alleged offense. There are two sides to every story and I would appreciate it very much if you would give me a report of the findings of your investigation of this matter.

Very truly yours,

Arthur L. Clark

RECEIVED

Grace Kirkley
35 Gilbert Ave.
Bloomfield, Conn. Reports:

Hannah Nash, Grace Kirkley's mother, went fishing at Saybrook Point. Has fished there for several years. While fishing about three weeks ago fished out a fishing rod. When she went down there the following Saturday to fish the lighthouse keeper said that the man who owned the fishing rod had been there and asked for it. Mrs. Nash told the lighthouse keeper that if he would present the man she would gladly give him the pole, but that she would not give the lighthouse keeper the pole.

The following Saturday Mrs. Nash went fishing again and the lighthouse keeper approached her and asked her if she brought the pole. She said again that she would not give it to him but would give it to the man who lost it if he would present him. The lighthouse keeper then told her that he would send a State trooper for it. He did not come for it.

The following Saturday Mrs. Nash went fishing and the lighthouse keeper approached her daughter, Grace Kirkley, and then her mother came along. The lighthouse keeper told them that they were not ladies but just women to him, and also swore. He told them that if they did not give him the fishing rod he would forbid all colored people to fish there.

SUBJECT: Complaint against Andrew A. McLintock, Keeper, Saybrook Breakwater Light Station.

REFERENCE: Bureau's endorsement of November 24th on letter dated November 23rd from Arthur L. Clark, Superintendent, State Board of Fisheries and Game, Connecticut.

12/9/33 Wrote Mr. Clark ELD

1. Enclosed are copies of letters of November 28th and December 1st to, and letters of November 29th and December 2nd from Keeper McLintock, which are self-explanatory.

2. It may be stated that this is a difficult station in respect to persons fishing in the vicinity, and in the summer time conditions are so bad that local residents employ a guard to prevent people from going to the breakwater. Some people go out to stay on the breakwater all day, and leave it in a foul and unsightly condition, and therefore are generally far from desirable. It is therefore necessary for the keeper to keep fishing parties off of the stones surrounding the lighthouse, but not other parts of the breakwater.

3. It is evident from the enclosed correspondence that the keeper had entirely too much to say in reference to matters that did not concern the station or himself, in regard to which he will be instructed.

Dear Sir:

In reply to official letter of Nov. 28th. requesting a report on the complaint of Grace Kirkley of Bloomfield Conn.
I was on the station side of the chain accross the wall when Hannah Nash fished out the steel fishing rod, and as she was close to said chain I was talking to one of her party at the time, One of the men with her said to leave the pole with me, so that its owner could get it if he came after it. She refused, and I told her to keep it until the owner claimed it. This she did and left at once. During the following few days a man that came here quite a lot fishing about this time was grappeling around the place where the pole was pulled out, with a line with several hooks on it, upon seeing him, I asked him what he was after, and he said his rod. And asked me if any one had gotten it. I told him it had been found, and was asked to tell the woman that got it, he would like to have it back. He also told me where he renting a camp so they could stop there on their way home. This I did and Mrs Nash agreed.

When I saw the owner again, I asked him if he had gotten his rod, He said no. I told him Mrs Nash usually came down on Saturdays, and he came down the night Saturday, and I went out to the colored people at his request, and told them he was

the owner of the rod. The complaintant who was not here when the pole was found started an argument with this man. I kept out of this, and I believe Mrs Nash would have returned the pole to him except for her daughter.

The owner of the pole came back to the station, and told me they would not give him his pole. I told him I could not do anything about it, and to go out and get a state trooper to get it, and he asked if I would state to the trooper what I knew in regards to the pole, I said I would. He went and I have not saw him since.

There never was anything said by myself in regards to the pole being left on the station. Mrs Nash knows I refused to take the pole the afternoon it was found. I never approached Mrs Nash and asked her if she had the pole with her. She told me on the Saturday following her finding it. She had it in the car, and I told her where the man lived, and that was all that was said about. Grace Kirkley was not here on this occasion either.

Grace Kirkley approached me in regards to the fishing pole and who owned it This was her first trip down here since I came here. I told her what I knew and she seemed satisfied until her mother came along and grabbed me by the arm, and told me to tell the owner of the pole, she would let him have it anytime he wanted to buy it back at her price.

She hung on my arm and was leaning against me, I told her stand on her feet, I was no post, and she pushed ever more still hanging on to me, Then I asked her what in hell she wanted, a written invation to stand up.

This is when Grace Kirkley said her mother was a lady and not to swear at her. I was angered at the fanaring ont she started to give me so I said, all females are women to me. I did not say I would forbid anyone from fishing outside of lighthouse property. I have had to put some of these people off of same.

There are several other colored fishing parties, that fish here, and my wife and myself have given them hooks ect., when they have lost there own, we have also given one colored family clothing themselves and a child that comes with them was cold when fog shut in I had them come to the station and we found coats for all three of them. We have given clothing to several people. And on several occasions I have loaned nothing to fishermen who have fallen into the water including one colored boy about ~~eighteen~~.

All fishermen have received decent treatment from me and when they have persisted in putting something over on me, I have told them where they fit.

I did not tell Mrs Nash nor anyone else they would have to give me the pole, nor threaten them.

Respectfully

A. A. McLintock.

Dear Sir:

In reply to offinial letter of Dec. 1st.

When I came here last January there was the remains of an old fence accross the wall, which I find to be about 150 ft from the center of the tower. When fishing started last spring the fishermen came out around the station, and would stand and stare in the windows, and some would open the door saying they wanted a drink of water. They would also insist on using the station toilet.

After I found this out and Capt. Baldwin of the Lynde Point station told me the above had been going on all the time he has been on the point station. I repaired the old fence, and hung a piece of chain accross between post on the top of the wall. And I have not been letting any fishermen come past there. Some have asked to come and fish in back of the station, I have refused to let them.

Respectfully
A. A. McLintock.

2. The difficulties between the two keepers at this station is considered to be due in part to the fact that the keeper has an arrogant manner which is largely responsible for the fact that he has had trouble with all assistant keepers that have been employed under him at the station, and in part to the fact that the assistant keeper has heretofore been a keeper in charge of a station and is not inclined to readily respond to orders of the keeper or cooperate in carrying on the work of the station. The keeper has always kept a good station and is an industrious worker, and incidentally will be eligible for retirement on August 25,1940. The assistant keeper also kept a good station when he was a keeper. However, the present condition shows that the two men cannot get along together, and it is recommended that

Assistant Keeper McLintock be cautioned and instructed as proposed in Paragraph 9 of attached report, and further advised that he will be transferred to some other station as soon as a suitable vacancy occurs. It is also recommended that Keeper Jensen be cautioned and instructed as proposed in Paragraphs 10 and 11 of attached report.

Eatons Neck Station
(Station, Depot, or Vessel)

April 21, 1936

Superintendent of Lighthouses
3 rd. District

I beg to inform you that my Assistant Keeper, A.A. McLintock, defied my orders today by leaving the Station at 1 P.M. He gave no excuse for having the afternoon off, except that he was taking the right to come and go as he pleased and no one was going to stop him.

This is the busiest time of the year at this Station and we must take every advantage of good weather to finish our outside painting on time. This morning was too damp for painting but around noon the weather cleared making it ideal weather for such work. My orders were for us to paint in the afternoon while the weather was good but the Assistant refused duty and left the Station against my orders for him to remain.

This is not the first time that McLintock has rebelled outright since he came to this Station six months ago. He is working against me at all times and at no time have I gained his cooperation.

I would much rather run this Station alone than be with such a rebellious Assistant. I request that we be separated for the good of the Service.

Respectfully,

Arthur Jensen

REFERENCE: Your letter April 21,1936.

1. The contents of your letter of April 21st re Assistant Keeper A.A.McLintock have been noted, but in order that the matter may be clearly understood it is necessary that definite and specific information be furnished. Your letter states that the Assistant Keeper defied your orders,etc. You are requested to advise specifically what your orders were. Your letter states that the Assistant Keeper left the station at 1 P.M., but it supplies no information as to when he returned. You will accordingly advise this office as to the hour and date when the Asst.Keeper returned to the station. You will also advise as to the complete circumstances of the incident and the conversation that took place between yourself and the Asst.Keeper.

2. Paragraph 2 of your letter states that your orders were to paint in the afternoon,etc. Advise whether your order was a specific one given on April 21st, or whether it was a general order. You will also furnish information as to the circumstances and conversation that took place when the Asst.Keeper refused duty and left the station as stated in Paragraph 2 of your letter.

3. Paragraph 3 of your letter states that this is not the first time that Mr.McLintock rebelled outright since he came to the station six months ago. You are requested to furnish this office with full information as to such occurrences, stating dates, time, and the full circumstances of each occurrence.

In reference to your letter of April 23, 1936, I will furnish more definate information concerningmy complaint against my Assistant Keeper A.A. McLintock.

A few days befor this time, I told McLintock that we would have to expect to work nearly all day long everyday untill the spring work was completed, and take special advantage of nice weather for painting. In the morning of April 21, we cleaned the lences in the tower because the weather was cloudy and not just right for painting. Sometime before noon I told McLintock that we would have to paint more on the dwelling that afternoon as the weather was becomming nice.

"I am not going to work", he grumbled, " I am going to leave the Station at 1 P.M." I did not answere to this as I had already told him what my orders were.

I went to work again at 12:30 P.M. to paint the dwelling. A few moments later McLintock appeared and said that he was leaving.

"Come on Mack, we are going to paint", said I.

"Go ahead and paint yourself", he retorted, " I am not going to work twenty four hours a day. I am leaving."

"If you leave this Station, It will be against my orders", I answered.

"I'll do exactly as I please", said he, "And you or no one else can stop me".

His statement about working twenty-four hours a day was not true. As it was, he had hardly worked four hours that day. It had been my watch since 1A.M. and It was my watch till oneA.M. the next day. He could have had the late afternoon and evening to leave the Station if he wanted it. If he had asked to have that afternoon off and given a reason for it, I surely would have consented. As yet, I have never refused a man a day off if he came right to me and asked if it would be allright to leave. As it was McLintock returned to the Station at 5:27P.M. that same afternoon. I worked all that afternoon untill late because his absence had put me behind in my work.

November 6, 1935 at 10:30 A.M., McLintock refused to help me clean up the Engine Room after the overhauling. Earlier that morning I had made a little adjustment on my car and McLintock was continually telling me what to do. I told him that I didn't need his advice and he became raving mad . Then when I finished with the car, I told him to help me clean the Engine Room.

"Clean it yourself", he retorted, and then he laughed and said,"Why don't you report me and then wait and see who gets the worst of it.

November 19, 1935 - My orders given in the morning were, " Today we are going to wash the paint in the tower lantern."

" To hell with that," McLintock retorted, "It can wait.

December 5, 1935 - McLintock threatened that he could get me fired anytime that he wanted too.

The other cases in my complaint have been explained as clearly as I could make them in my previous letter.

1. The information contained in your letter of April 22nd is to a large extent in the form of generalities, or is lacking as to definite and specific information. In reference to your statement that on Nov.6th the Assistant Keeper refused to help you clean up the engine room, you will forward to this office full and complete information as to the occurrence, describing the circumstances, stating fully your instructions that were given at the time, and also stating the Asst.Keeper's refusal, with a description of such conversation as may have taken place. In connection with your statement in reference to the fog signal not being in operation at 4:00 a.m. on Feb. 4th, you will state the hours of the watch that the Asst.Keeper was supposed to be standing, state whether or not the fog signal was placed in operation after the Coast Guard patrol called at the station, and if so, you will state by whom it was started, and at what time.

2. In reference to your statement concerning the fog signal at 6:00 A.M. on March 25th, you will furnish full and complete information as to the conditions that existed at that time, particularly as to whether or not they were such that the station fog signal should have been in operation, and if so, you will state the time at which the signal was placed in operation, and by whom. You will also furnish more specific information as to the apparent failure of the Asst.Keeper to start the fog signal after you had directed him to do so, describing the conditions and any conversation that took place at the time.

3. In connection with the three dates mentioned above, Nov. 6th, Feb.4th and March 25th - you will state the year in each case applicable to the date mentioned.

4. In your report you will state why the complaints listed in your letter of April 22nd have not heretofore been brought to the attention of this office.

5. In future when forwarding complaints or charges in references to the services of an Asst.Keeper, you will see to it that the information furnished is complete, citing dates, times, together with a description of circumstances and any conversation that may be involved, in order that unnecessary correspondence may be avoided.

SUBJECT: Charges.

1. You are hereby charged with:-

a - Disobedience of orders, insubordination, and absence from duty without leave or authority, in violation of Paragraphs 2 and 5 of Instructions to Employees, in that on the morning of April 21, 1936 the Keeper advised you that it would be necessary to paint on the dwelling on the afternoon of that date, whereupon you replied that - "I am not going to work, I am going to leave the station at 1 P.M.", and notwithstanding the Keepers admonition that if you left the station it would be against his orders, you left the station shortly after 12.30 P.M. on April 21,1936 and remained absent until 5.27 p.m. on April 21,1936.

b - Neglect of duty in that on March 25,1936, during your watch from 1 a.m. to 8 a.m. there was heavy fog at 6 a.m.,at which time it was necessary for the Keeper to pound on the floor to call you from your quarters, with the result that the fog-signal was not in operation until 6.35 a.m. on March 25th; this in violation of Paragraphs 2 and 191 of Instructions to Employees.

c - Neglect of duty in that on Feb.4,1936, during your watch, you failed to place the fog signal in operation promptly when heavy snow was falling, the Coast Guard Patrol having come to the station at 4 a.m. to arouse the keepers and to report that the weather was thick due to heavy snowfall and that the fog signal was not running, with the result that the fog signal was not placed in operation until 4.35 a.m.; this in violation of Paragraphs 2 and 191 of Instructions to Employees.

d - Disobedience of orders and insubordination in that on the morning of Nov.19,1935 when the keeper advised you that paint in the lantern was to be washed, you replied - "To hell with that, it can wait".

e - Disobedience of orders and refusal of duty in that on Nov.6,1935 at 10.30 a.m. you refused to assist the keeper in cleaning the engineroom when instructed to do so, and replied to the keeper - "Clean it yourself", and stated to him - "Why dont you report me and then wait and see who gets the worst of it".

2. You are directed to submit any statement you may desire to make, through official channels, within three days from the receipt of this letter. Dear Sir:

I wish to make the following reply to the charges against me in your letter of May 2nd, which I received yesterday.

A. On the morning of April 21st, 1936. The Keeper said we would polish lens & brass, which we did. While polishing the brass the keeper said we would not paint. I ask for time off, and understood it would be alright. So after lunch I made ready to go shopping and when I went to sign the leave of absence book the Keeper told me I could not leave the station, then or at anytime with his permission, and that he would not give me permission to leave at anytime from now on.

I needed food ect, and it was necessary to go and get it. I went without his permission at noon. But it was alright before he went into his quaters. I intended to take this up with your office, but the keeper with drew his statement, so I let the matter drop.

While polishing brass the keeper said we would not paint because of rain starting before and continuing after 4:00 P.M. The weather

was cloudy all day and rain started again before 6:00 P.M.
The faint entry was not put into the journal until after the original entry was made or at least one day later.

When the painting started, I agreed to paint on good days and go shopping on poor or raing days. I did not say I am not going to work, I am going to leave the station at 1:00 P.M. I told the keeper I could not work 24 hours (1AM to 1AM.) and sleep 6 hours, and starting to work again about 8 A.M. until 5 or 6. P.M. and then getting less then 6 hours sleep before going on watch for 24 hours.

I refused to work over 11 hours in one shift. That the day I went on watch at 1A.M. I wanted to stop at noon, when it wasn't necessary to work longer, and on my day off watch I would work eight hours.

The way the watch was run on this station was as follows. 4 to 6 hours sleep watch 1A.M. to 1AM. sleep to 7AM. and start work. about 8A.M. stopping from 5 to 6 P.M. Making the watch and work hours. 34 to 36 out of 48 hours. The keeper does not put in 34 to 36 hours on 12 hours sleep. And I refused to do it. The painting the keeper told me to do is nearer done than the painting he is doing.

B. The fog of March 25, 1936 was not obstructing the bearing given me to watch at 6 A.M. I was outdoors watching the weather, and returned to my quaters for a light to use in the fog signal house, And was on my out again when the keeper knocked. The keeper has given me definate instructions in regards to not starting the signal until after the gas bouy has been shut out. This gas bouy is almost due north of the station. The keeper has ordered me to stop the signal when we could not see the above bouy, and has told me when the signal when it is not necessary. I was on my way to the fog signal building in ample time to have the signal going according to the keepers instructions of when to start & stop the signal. The fog of March 25 was from 3:05 to 3:20 A.M. — 4:05 to 4:20 A.M. and 6:15 to 10:50 A.M.

C. The weather on Feb. 4, 1936 at 4 A.M. was. Hail the snow started after 4:00 A.M. The coast guard patrolman came to the station after his watch, I was looking out at the weather when he knocked on the kitchen vestibule door; I did not hear him so he knocked louder, which I thought was the keeper knocking on the floor. I knock several times in answer to the knocking and heard voices so went out and to the engine house. This was after 4 A.M. I found I could still see the bouy and kept the heating torches going, and started the signal as soon as the bouy disappeared from view. The coast guard always telephones the keeper of thick weather, He does not start or allow me to start the signal at their report. On Nov. 19, 1935 the keeper ordered me to put on my storm sash and to clean same and the windows, which I did. He put his storm sash on at this time also. I asked if I should help with his sash and was told it was not necessary. There was nothing said about washing paint in the lantern. The paint in the lantern was washed on Jan. 6th 1936. And there was no fuss made about it. If he had wanted to do the washing on Nov 19. he would not have waited until Jan 6th to do it.

E I met the keeper as usual about 8 A.M. on Nov. 6th. and was told to clean the engine room, as instructed on Nov. 5 while coming back from the railroad station with him. after taking the machinist to the train. And stopping so the keeper could vote. I cleaned both engines and the engine room and put away the tools ect. used by the machinist. The keeper did not work in the engine room with me. He was working on his automobile. finishing a job he start on Nov. 4th and worked all day Nov. 5 on.

The order I failed to carry out on Nov. 6th was and order to get six quarts of engine oil, and put it in the keepers car. And was told I was here to do as I was told, and if I could not get the oil and take care of the absence book, he would report me. to which I replied, go head and report me. I have carried out the keepers orders in regards to work, with the exception of getting engine oil. He has made two suggestions to me in regards to gifts I should get him now and.

This office has also received your letter dated May 8th, which states that you signed the assistant keeper's reply to charges under protest, and stating that the contents of his letter are not true. Neither your forwarding endorsement or letter of May 8th supply any information whatever as to wherein the contents of letter of May 7th from the assistant keeper are not true, and supply no information as to your reason for forwarding the assistant keeper's letter under protest.

2. Your attention is invited to section (g), paragraph 69 of Instructions to Employees, which requires that communications from subordinates shall be forwarded by endorsement with such comment or recommendation as the circumstances warrant. It is requested that you comply with the requirement referred to, by forwarding to this office promptly such comment as may be proper in reference to assistant keeper McLintock's letter of May 7th,1936, your reply to particularly show wherein statements in the assistant keeper's letter of May 7th are not true as alleged by you, and also show fully why you signed the assistant keeper's letter under protest. You are advised that statements of a general nature are not desired or acceptable, and you will accordingly see to it that your comments in reference to the charges supply definite information and give specific times and dates, so that your comments may be clearly and properly understood . You will forward with your reply such information, references or evidence as will tend to bear out the contentions you may make. There is enclosed a copy of the assistant keeper's letter of May 7th,1936, with the request that it be returned to this office with your reply.

Subject: Charges against Assistant Keeper McLintock;
Your letter May 18, 1936.

In reply to your letter as to the charges; McLintock letter May 7, 1936.

At 8:15 a.m., April 21, 1936, I told the Asst. Keeper that we would polish lenses, as the weather was uncertain for painting on the dwelling. At 11:00 a.m. the same date the weather changed and I decided the afternoon was suitable for painting. I informed Asst. Keeper McLintock that we would paint during the afternoon as the weather was favorable. On being informed of the work for the afternoon Asst. Keeper replied " I am going to leave the station at 1:00 p.m.", which he did without my permission. 12:45 p.m., I was in the paint locker getting the paint mixed when the assistant keeper came with his clothes changed and I told him we were going to work this afternoon and he said go ahead and paint, I am not going to work this afternoon. I told him he was going without my consent, He said, "I am going anyhow" He also stated he was going anytime he wanted to go, regardless of my consent. He left the station at 1:00 p.m., returned at 5:27 p.m. April 21, 1936, he wrote in the absence book personal matter. I informed him that hereafter he would have to secure my consent before he left the station. I did not make a statement that I would not give permission to leave at any time from now on. I have never withdrawn any statements made to the assistant keeper, from October 2- 1935 to April 21, 1936. The asst. Keeper has never requested my consent to leave the station. The first one of my family that he meets, when he is ready to leave, he makes the remark, "Tell Pop I am going". However since April 21-1936, he has come to me to find out if it was O.K., to leave the station.

It takes only about 1½ to 2 hours to buy supplies and in order to take advantage of the weather we go shopping after 4:00 p.m., that morning it was my watch from 1:00 a.m. to 8:00 a.m., so he had plenty of sleep and he is not required to work 24 hours aday. He get much more sleep than I do. If he had stayed and painted with me we could have been through about 3:00 p.m., and this occurs only when we paint the dwelling or white wash otherwise we work about 3 hours daily. When there is no work to be done he has the whole day to himself.

With reference to the watches at this station from 1:00 a.m. to 8:00 a.m. from 8:00 a.m. to Noon from Noon to 3:00 p.m. from 3:00 p.m. to 6:00 p.m. from 6:00 to 1:00 a.m. During the Spring when we are working it is only in the case of clear weather the man on the watch from 1:00 a.m. to 8:00 a.m. signs the watches during the daytime because he has the watch again from 6:00 p.m. to 1:00 a.m. and this was agreed to between us two. But only in the case of very clear weather has this been done. As our spring work has been completed we have changed to the old routine again watch for watch.

B. There was a very dense fog at this station at 6:00 a.m. 25 March, 1936, Assistant Keeper's watch from 1:00 a.m. to 8:00 a.m. This fog surprised him I presume as he was laying down and did not expect it. I was Knocking repeatedly before he came out, and when I told him to hurry. He started to walk slow, he is very contrary and shows disrespect at all times. He was not outside watching as he says, otherwise he would have the signal in operation. When he arrived at this station October 2, 1935 he asked me what we go by nights. I told him we go by the flashing buoy to the north of the station or the boats lights. I told him that 5 miles is the limit according to instructions in the Instruction Book, and that it is always better to have the horn going a little longer . He Has a copy of the instruction book for his information.

C. According to information from the Coast Guard Patrol, Julian White, snow began to fall soon after 3:00 a.m. the fog signal was not in operation until 4:35 a.m. February 4, 1936, it was stopped again at 4:50 a.m. February 4, 1936. The Asst. Keeper reports that the Coast Guard allways telephones the keeper that is not true, and the remarks, that I do not start or allow the asst. keeper to start, the fog signal have no foundation what-soever.

D. On November 19, 1935 at 9:00 a.m. when I told him we were going to wash paint work in the lantern. He said to hell with that, that can wait, as he acted very ugly, I walked in the house, and started to place the storm windows. I did not order him to place his windows, and he did not offer to help me with mine. The reason that we did not wash the paint work before Jan. 6, 1936, was that on account of cool weather, and the good days we spent in working on the extension on the old barn and mixing the concrete before freezing weather.

E. November 6, 1935, at 7:45 a.m. I was working on my car, when McLintock came down and started to tell me what to do, I told him I did not need any instruction, he got very angry and walked to his quarters. I did not see him until 12:00 Noon November 6, 1935, when he came down to change the card on the recording gauge. I was working in the engine house from 10:30 a.m. to Noon, I asked McLintock to come down after dinner and help me clean up and take the tackles down and put them away in the store house, he said, No, do it yourself and laughingly said, go ahead and report me and you will see who will get the worst of it. My word is just as good as yours. I went down after dinner and finished up alone, he did not come down on November 6, 1935. As my car was not in running order the Asst. Keeper was going to bring the machinist to the R. R. Depot. I asked him if I could go with him to vote in Northport, we left at 4:00 p.m. and returned at 4:40 p.m. the weather was clear and my family was home, his statements that he cleaned up in the engine house is not true. No instruction was given in the car coming back. On the 4th and 5th November, I was working on my car when I was not needed in the engine house .

E. As to paragraph 2. The remark that I ordered Mc Lintock to put 6 quarts of oil in my car is obsurd, because engine oil is unfit for use in a gasolene motor. I have my own supply of oil having bought 15 gallons July 15, 1935, from Sears Roebuck& Co. This statement will be enclosed.

McLintock has never been asked to do anything for my personal benefit, and the charge regarding gifts is baseless.

Mclintock has been very disobedient and has refused to carry out my orders.

Dear Sir:

In reply to your letter of May 18th, I would like to ask the following questions.

1. When the keeper is off the station, who is to take over the watch, the asst keeper or the keepers wife?

2. Why is it I am not allowed to sign for watches taken over, while the keeper is off the station?

3. I would like to know why I can not have the use of the oil engine instruction book, and the information and parts drawing of the vapor lamp?

4. Is painting and washing paint in quaters considered official work?

5. How is it I can't have time and material to work in my quaters without an argument?

I could have had the work in my quaters done, last winter when there was very little other work to do, except hang around the engine house. The keeper refused to let me have the necessary material at that time.

When I don't use beer ect., myself, why should I be told

buy it by the keeper, and upon refusing, have leave refused after permission was granted. I have also refused to buy cigars for the keeper.

The keeper said I should buy a box of cigars, and a case of beer, and bring them around now and then, as other assistant keepers have done

The charges filed against me in your letter of May 2nd. are the result of the jealous and covetous nature of the keeper and esspecially the keepers wife.

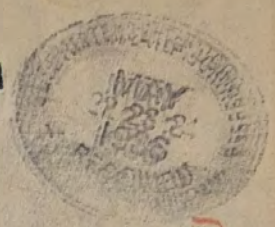

Yours truly

SUBJECT: Charges involving the Keeper and Asst.Keeper at Eatons Neck Light Station.

1. In accordance with your orders, we proceeded to Eatons Neck Light Station on June 12, 1936, for the purpose of investigating the difficulties between the keeper and assistant keeper.

2. Both Arthur Jensen, Keeper, and A. A. McLintock, Asst. Keeper, were questioned, and copy of testimony is attached. It is to be noted that there is little or no corroboration of statements made by either man, therefore it is largely a case of one man's word against the other. The dissention between the two men is apparently due to causes of which neither man is innocent, the keeper being a man who speaks in a very blunt and domineering manner, which is of course distasteful to assistant keepers, whereas the present assistant keeper, who has heretofore been at other stations both as assistant keeper and as keeper, is not inclined to accept the condition in a matter-of-fact way as might be the case with a more subservient type of man with no previous experience, and probably due to having previously been a keeper is apparently not inclined to show a full spirit of subordination and cooperation.

3. The following comments are submitted in reference to the charges against Assistant Keeper McLintock.

4. Charge "a" re disobedience and absence without permission on April 21st is admitted with certain qualifications. It appears that both keepers were engaged on routine work in the tower during the morning, the keeper stating that the weather was cloudy and not just right for painting. The keeper further states that sometime before noon he told the assistant keeper that they would paint on the dwelling that afternoon as the weather was becoming nice, but that the assistant keeper left the station at about 12:50 p.m. notwithstanding the keeper's admonition that it would be against the keeper's orders. The assistant keeper explains that during the morning while polishing brass the keeper said they would not paint on account of weather conditions, and that he asked for time off and under-

stood that it would be all right. The assistant claims he needed food and prepared to go to town shopping after lunch, but that after lunch when he went to sign the leave book the keeper then told him that he could not go. While the assistant keeper's action in disobeying the keeper's orders and leaving the station is not justified, it is believed that there was at least some provocation for his action.

5. Charge "b" re failure to start fog signal promptly on March 25th is denied by the assistant keeper, who states that he had been out of doors watching the weather and that at 6:00 a.m. on March 25th, the point of observation (gas buoy) used for starting fog signal was not obscured. According to gauge record cards the fog signal was started at 6:35 a.m. and stopped at 10:50 a.m. There is no corroboration of the claims of either the keeper or assistant keeper. There is attached letter of June 22 from the Coast Guard Service giving weather conditions at Eatons Neck Coast Guard Station on March 25th. This information is not in sufficient detail to prove or disprove the statement of either of the keepers at Eatons Neck Light Station.

6. Charge "c" re failure to start fog signal promptly on February 4th is denied by the assistant keeper, who states that subsequent to the Coast Guard man coming to the station on February 4th at 4:00 a.m., the gas buoy was visible, and that he started the signal as soon as the buoy disappeared from view; recording gauge card shows signal was started at 4:35 a.m., and stopped at 4:50 a.m. The Coast Guard record of weather for February 4th shows:

4 a.m.	-	snow, wind	NE-6
8 "	-	" "	" 5
Noon	-	" "	E 4
4 p.m.	-	fog, "	SE-1

The Coast Guard record does not indicate whether where the entry of "snow" appears it was a light, or a heavy fall of snow that would necessitate the operation of the fog signal at 4 a.m. The statement of surfman Julian E. White dated May 19th states that a heavy snow fall began soon after 3 a.m. on February 4th, and that at 3:45 a.m. as the fog signal at Eatons Neck Light Station was not yet in operation and as repeated telephone calls were not answered, he decided to call the keeper on watch and notify him of climatic conditions. He further states that after several minutes of vigorous knocking, during which time Keeper Jensen and his family were awakened, the assistant keeper appeared in his kitchen in his underwear, at which time he informed the assistant keeper of the object of his visit. This statement corroborates that of the keeper in regard to the matter of heavy snow at about 4 a.m. February 4th, and leads to the belief that charge "c" is based on fact, notwithstanding the denial of the assistant keeper.

7. Charge "d" re alleged refusal to wash paint in the lantern on November 19 is denied by the assistant keeper, who claims that nothing was said about washing paint in the lantern on that date, and that the keepers put up their storm sash, which is the work done on that date according to the station Journal. The paint in lantern was washed on January 6th. If this work was necessary on November 19th, the reason for postponing it until January 6th is not satisfactorily explained by the keeper. While the occurrence as charged is denied by the assistant keeper, his testimony which is somewhat contradictory indicates that there was some discussion between the two keepers sometime during the fall or winter months concerning the washing of paint in lantern, and he states that he did wash the lantern on some other date. While the charge is not proven, the testimony of the assistant keeper leads to the belief that there was discussion and probably controversy within a month of November 19th concerning this item of work.

8. Charge "e" re alleged refusal of the assistant keeper to assist in cleaning the engine room is not only denied by the assistant keeper, but he claims that he alone did clean the engine room, whereas the keeper also claims that he alone cleaned the engine room on November 6. There is no corroboration of either claim.

9. The assistant keeper's admission in part of charge "a" and the statement of surfman White which tends to bear out charge "c", are considered sufficient to warrant disciplinary action. It is recommended that assistant keeper McLintock be cautioned in connection with charges "a" and "c", and informed that investigation of charges and correspondence pertaining thereto indicate that while not conclusively proven, other charges may have a basis of fact; also that he has not shown a willingness to readily obey the keeper's instructions, or a spirit of full cooperation in carrying on the work of the station, which has contributed much toward the inharmonious condition that has lately prevailed at the station, and further advised that a continuance of such attitude, lack of harmony at the station due to conduct on his part, or disregard of paragraph 5 of Instructions to Employees, will result in more drastic disciplinary measures being taken.

10. It is further recommended that Keeper Jensen be advised that he is not considered to be free from blame for the inharmonious condition at the station; that his inclination as Keeper of the station to be overbearing in dealing with assistant keepers is considered to be a contributing cause, he having had more or less trouble with all or practically all assistant keepers who have been at the station since his appointment as keeper; further that his action in condoning alleged misconduct and disregard of regulations on the part of the assistant keeper and

unreliable and of questionable value, and it is recommended that the keeper be cautioned and instructed to correct the conditions.

Asst. Superintendent.

HEARING HELD AT EATONS NECK LIGHT STATION ON JUNE 12, 1936, IN REFERENCE TO CHARGES PREFERRED AGAINST ASSISTANT KEEPER A. A. MCLINTOCK

Present:

F. W. OCKENFELS,
Asst.Superintendent.

H. E. LITCHFIELD,
Lighthouse Engineer.

H. ROSENSTEIN,
Clerk.

Arthur Jensen, Keeper, Eatons Neck Light Station, testified as follows:

BY MR. OCKENFELS.

Q. Your letter of April 21st, among other things, indicates that it was the assistant keeper's inclination to come and go as he pleased, and that no one was going to stop him. Is that correct?

A. That's right.

Q. What has been the practice when the assistant keeper wanted to leave the station? Has he come to you and asked for permission?

A. He'd ask me if it was all right to go and I'd say yes.

Q. If it has been his practice to come to you and tell you that he would like to go off the station, what does your statement refer to where you indicate that he was taking the right to come and go as he pleased?

A. I thought you meant the other assistant. This man never asked me; he just told me he was going.

Q. You mean that since McLintock came to this station he never plainly asked for permission, but would merely tell you he was going?

A. Yes.

Q. Did you ever take exception to his attitude and explain to him that he should ask for permission to go?

A. No, I didn't. I thought he was in the Service long enough and knew the regulations, and I thought after a while he would do differently.

Q. When he did go under such circumstances, was the occasion always such that there was no objection to his going?

A. Most of the time there was no objection, but when we were repairing the garage he would go in themorning.

Q. Did you on that occasion speak to him about it?

A. No.

Q. When was it that you were repairing the garage?

A. Around November.

Q. Have you never taken up with him the matter of asking permission to leave the station?

A. No, I never did, until April 21st.

Q. On April 21st you did tell him that when he wanted to leave the station he should come to you and get permission?

A. Yes.

Q. It seems that on April 21st, without having your permission to leave and after you had told him he should not leave, the assistant keeper did leave the station at 12:30. Is that right?

A. Yes, he left about 12:50.

Q. When he did leave the station at about 12:50 on April 21st, the conversation was as you reported it on April 26th. Was that the complete conversation that took place?

A. Yes, and he said "Watch me asking for permission".

Q. Was that the only additional conversation?

A. Yes.

Q. The date of April 21st, was that entire 24 hours your watch?

A. Yes, it was my morning watch.

Q. From 1:00 a.m. the 21st, to 1:00 a.m. the 22nd?

A. Yes.

Q. After the assistant keeper came back to the station at 5:17 p.m. on the 21st, was there any further conversation between you two in regard to his having been away?

A. I don't think so. I don't remember.

Q. Under date of April 28th, you report that at 6:00 a.m. on March 25th, 1936, you were awakened by the sounding of ship's signals, and you indicate that the fog signal was not in operation and that there was heavy fog but you pounded on the floor to call the assistant keeper's attention to it. Do you remember just how thick the fog was?

A. You could just barely see the tree tops.

Q. What is your point of observation for placing the fog signal in operation?

A. We go by the gas buoy.

Q. What do you go by in the daytime?

A. The same buoy.

Q. On the morning of March 25th, did you look whether you could see the gas buoy or not?

A. You could just barely see the tree tops, and you couldn't see the water.

Q. Can you see the water from your quarters from where you were at that time?

A. Yes.

Q. It was at 6:00 a.m. that you pounded on the floor to call the assistant keeper, and you further state that the fog signal was in operation at 6:35 a.m. How long does it take to start up your fog signal?

A. About 10 to 15 minutes.

Q. Did the Coast Guard report to you on that occasion that there was fog and that the fog signal was not in operation?

A. I don't remember.

Q. Is it the custom of the Coast Guard station to call you when fog shuts in during the night hours?

A. No. When they opened here I asked the Captain that when they see anything wrong they should let me know.

Q. Why have they on some occasions called you when there was fog, and on other occasions they have not?

A. That all depends on who is on watch. I don't depend on them.

Q. Where does the assistant keeper stand his watch when he is on watch?

A. In his quarters. I don't know if he is in his kitchen or some other room, or where he is.

Q. Can he see the water from the windows of his quarters?

A. Yes.

Q. Can he see the light from his windows?

A. Yes.

Q. Does the Coast Guard station keep a weather record?

A. I think so, I am not sure.

Q. You report that at 4:00 a.m. on February 4th, the Coast Guard

patrol awakened the keeper and the assistant keeper to report that the weather was thick due to heavy snowfall, and that the fog signal was not running. When you were awakened, did you look out to observe what the condition of the weather was?

A. Yes.

Q. What was the condition of the weather?

A. It was snowing.

Q. Light snow or heavy snow?

A. Quite heavy.

Q. Could you see the gas buoy?

A. No, you couldn't see the gas buoy.

Q. When the Coast Guard man came up here, just what did he say?

A. I don't remember exactly what he did say.

Q. If you don't know what he said, how do you know he came to report that the weather was thick?

A. He called our attention to the fact that the weather was thick.

Q. You further state that on that occasion in a few moments McLintock appeared from his bedroom half-clad. Just how was he clad?

A. I didn't see him.

Q. How do you know he was half-clad?

A. The Coast Guard man told me.

Q. When did you first see McLintock after the Coast Guard man was up here?

A. I didn't see him at all. I didn't come out at that time.

Q. You didn't look to see whether McLintock went down to the fog signal house or not?

A. Yes, I did.

Q. But he was clothed when you saw him going down there?

A. Yes.

Q. Then your report is based on hearsay, or a statement of a Coast Guard man?

A. Yes.

Q. What did the Coast Guard man tell you in reference to the assistant keeper being half clad?

A. He told me he appeared in the doorway in his underwear.

Q. You report that under date of November 19, 1935, the orders you gave in the morning were that "Today we are going to wash the paint in the tower lantern." Do you remember when in the morning those orders were given?

A. Around 8:30, I guess.

Q. The assistant keeper replied indicating that he wouldn't wash paint, in other words you state "The hell with that, it can wait." Is that correct?

A. Yes.

Q. What work was done on the station that day?

A. We placed the storm windows.

Q. You mean both of you worked putting up storm sashes?

A. I know I put mine up. I don't believe he put his up. The station book says "placed storm windows".

Q. So you don't know what work, if any, he did do that day?

A. No, but he was very busy in his quarters repairing old furniture.

Q. Evidently the paint in the lantern was not washed that day?

A. No, it wasn't.

Q. When was it washed?

A. January 6th, 1936.

Q. Is there any particular reason why the job that was picked out for November 19th, was delayed until January 6th?

A. Alteration on the garage and cement work. We had to pick out nice days.

Q. Had your garage work started on November 19th?

A. It started on the 21st.

Q. You report that on the morning of November 6th, 1935, the assistant keeper refused to assist in cleaning up the engine room after overhauling. Had the mechanic who did the overhauling?

left

A. Yes, he had left.

Q. Did the assistant keeper later in the day do any work at all in the line of cleaning up the engine room?

A. No, I did it all alone. He was busy in his quarters.

Q. Does your journal show what general station work the assistant keeper did do on that day, November 6th?

A. It says "Assistant keeper working in his quarters." I don't know what he was doing in there.

Q. You don't know whether he was working in there or not?

A. No, I don't.

Q. Did he state any reason why he did not help clean up the engine room?

A. The only reason he gave was that he was working there the day before.

Q. And what had he been doing the day before?

A. He was in the engine room talking to the Machinist, scraping bearings, and all that. He stayed there all day talking to him.

Q. Have there been any other occasions where the assistant keeper has refused duty, or refused to do work that you instructed him to do?

A. There were small jobs that I let pass by, rather than have arguments. Once I told him "Why are you blowing the fog signal? You can see the whole Connecticut shore."

Q. When was this? What was the story of that occurrence?

A. That was around the middle of December.

Q. You mean that after the fog had cleared away, he didn't shut down the fog signal, his idea being that the fog might close in again, so he let it run?

A. Yes, that's right.

BY MR. LITCHFIELD.

Q. Was the weather threatening?

A. No.

BY MR. OCKENFELS.

Q. How long did he let the engine run after the fog had cleared?

A. For a half hour after that, then he stopped the engine.

Q. Did you talk to him about it?

A. No, I did not.

Q. You didn't tell him that he ought to shut down the engine?

A. I told him to shut down, but he said it might come back again.

Q. Was that the only occurrence where he has not followed your instructions?

A. Yes.

Q. Ordinarily, when you do give him instructions, is he inclined to receive them and obey them?

A. No. It hurts him to do it.

Q. You mean he answers you back and takes exception to your orders?

A. He doesn't do it willingly.

Q. How did he demonstrate his lack of willingness? How did he show you that he was not doing the job willingly?

A. By his actions and his talk.

Q. What did he say?

A. He would sneer at me as if I were a criminal.

Q. Referring back to the occurrence of April 21st, when the assistant keeper left the station without permission, is the period of his absence recorded in the absence book?

A. Yes. He put down for the reason "personal matter."

Q. Just what is the entry in the absence book for that day?

A. 12:47 left the station and arrived 5:47, personal matter.

Q. Was the absence book signed by him before he left the station?

A. Yes. We always do that before we leave the station.

Q. Neither yourself nor the assistant keeper ever leaves and returns without first making record of it?

A. No.

Q. How are your watches on the station divided?

A. Starting in from 1:00 a.m. until 8:00 a.m.; from 8:00 a.m. to 12 noon; from noon to 3:00 p.m.; 3:00 p.m. to 6:00 p.m.; and 6:00 p.m. to 1:00 a.m.

Q. You mean you alternate on each of those watches?

A. Yes.

Q. Have you always maintained that system of watches?

A. No, not always.

Q. When was this system of watches started?

A. It was started a couple of months ago.

Q. If it is clear weather, you have a 24 hour watch?

A. Yes.

Q. How do you tell whether it is going to be clear weather the 24 hours of watch?

A. We can tell when we are on the station. As soon as it gets bad, a man knows his watch right away.

Q. In good weather you have 24 hour watches, and in bad weather it is divided up into five watches?

A. That's right.

Q. Among other things, you report that on December 5, 1935, McLintock threatened that he could get you fired any time he wanted to. What was the occasion of that line of conversation?

A. I don't know. He was talking about my being so long in the Service and that I ought to be fired. I said "You can't get me fired. You haven't anything on me."

Q. You say that he threatened that he could get you fired?

A. I said"You have nothing on me" and he said "Your neighbors can get you fired."

Q. You don't recall what brought about that conversation?

A. No.

Q. He didn't boast of having any influence that might result in your dismissal?

A. When he got charges against him he said he'd put it higher up, and I didn't answer him. He said several times that I ought to be out of here; that I have been in the Service too long.

Q. When you have discussions such as that, does he talk to you in a respectful way, or is he inclined to use bad language?

A. He snarls at me, is disrespectful and disobedient in every way.

Q. For instance, what might he say or what has he said that would indicate disrespectfulness?

A. Anything at all to hurt my feelings. He says he was born in this country and he is no sardine, and other things like that, and I said "We will have no more conversation like that." There was another case, it was on December 2nd at 10:00 a.m. I told him to go upstairs and receive lumber. When I was going to take some people up to the tower, he didn't know I was behind him and he said, "That God damn jackass."

BY MR. LITCHFIELD.

Q. When was it that you told him that you would have no more conversation like that?

A. About four months ago.

BY MR. OCKENFELS.

Q. It appears that when McLintock came here, he brought three 7-ft. oars and two 8-ft. oars that bear the Lighthouse Service brand. Did he bring any other Government property, that you know of?

A. A five-gallon container of alcohol.

Q. Do you know whether it was Government alcohol?

A. I couldn't swear to that.

Q. Did he offer any explanation about the alcohol?

A. No. He asked me where to put it, and I told him to put it in the cellar.

Q. Did he tell you whether or not it was Government alcohol?

A. I don't recall.

Q. On April 21st, when you had discussion with the assistant keeper in regard to leaving the station, did you tell him that you would not give him permission to leave the station at any time from then on?

A. No, I never told him that.

Q. You have explained your station watches, but how do you arrange the ordinary station work?

A. In the morning.

Q. For what period of time?

A. From about 8:30 to around noon.

Q. Is that daily routine throughout the year?

A. Yes, except when we have painting, at which time we work until 3 or 4 o'clock, washing the tower.

Q. The ordinary working period is from about 8:30 to noon?

A. Yes.

Q. Ordinarily there is no station work done in the afternoon, unless you are painting or whitewashing outside?

A. That's right.

Q. When the outside painting and whitewashing is being done, how many days does it take, in total, to complete that work?

A. The tower about four days, and it takes seven working days to paint the outside of the dwelling.

Q. Then, out of the year, unless some unusual occurrence comes up, your working hours don't extend beyond noon, except for ten days to two weeks for the outside painting and whitewashing.

A. Yes, that's right. When we have fog there is no work at all. The man on watch goes to bed.

Q. Do the keepers perform any station work while they are standing the watch?

A. He just stands his watch. There is no work done.

Q. Why shouldn't a keeper perform such station work as he can while he is on watch, to relieve the morning work period?

A. That all depends on the man. If he feels like working he can do so. We always work on the watch in the morning, but not in the afternoon. If there is something wrong with the engine, we both work, regardless of the hour of the day or night, in an emergency.

Q. Your watches are equally divided, are they not?

A. Yes.

Q. On March 25th of this year the assistant keeper states that he returned to his quarters for a light to use in the fog signal house. Aren't there sufficient lights in the fog signal house?

A. Yes, there are.

Q. Why did a man have to come back to his quarters for a light?

A. That is not true.

Q. How many lamps are in the engine house?

A. Three hand lanterns and three bulkhead lanterns and one hand lamp.

Q. They are kept down there all the time?

A. Yes. The man on the morning watch fills the lamps.

Q. The assistant keeper states that on November 6, 1935, you ordered him to get six quarts of engine oil and put it in your car. Is that right?

A. No, that's a lie.

Q. Did you ever use Lighthouse engine oil in your car?

A. No.

Q. Do you know of any reason why the assistant keeper should make a statement of that sort if it is not true?

A. He makes up lies like that. I don't know the reason for his saying that.

Q. The assistant keeper has a car, hasn't he?

A. Yes, he has.

Q. Has he ever used Government oil?

A. I don't know anything about that.

Q. You would know whether he was taking Government oil?

A. I wouldn't miss a gallon, but I hardly think that he does take oil.

Q. Are there any grounds for the assistant keeper's statement that you have made suggestions in regard to the assistant keeper giving you gifts?

A. No, there are absolutely no grounds at all.

Q. Is the subject ever discussed between you?

A. No. The only thing I can think of is when it was very hot and I said I could use some beer.

Q. There was no other discussion?

A. No.

Q. The assistant keeper states, without giving the date, that he refused to work over 11 hours in one shift, stating that the day he went on watch at 1:00 a.m., he wanted to stop at noon when it wasn't necessary to work longer, and on his day off watch he would work 8 hours. Do you recall the incident or conversation?

A. No.

Q. Was there discussion that he wouldn't work more than 11 hours?

A. No.

Q. Did he ever tell you that he wouldn't work more than so many hours a day?

A. No.

Q. Where do you and the assistant keeper shop for your supplies and provisions?

A. In Northport.

Q. How far is the shopping center of Northport from here?

A. Seven miles.

Q. The assistant keeper raises question as to why he is not allowed to sign for watches taken over while the keeper is off the station. Can you tell me anything about what he refers to?

A. No, I don't know what he refers to.

Q. When you are off the station, do you sign for watches?

A. No, I always sign for a watch when I am on the station.

(Watch book and Record of Absence book were compared and the following entries, picked out at random, showed discrepancies:-

Absence book showed that the keeper was away from the station on May 21st from 9:15 a.m. to 12:15 a.m., while the Watch book was signed by the keeper for the watch commencing at noon.

Absence book showed that the keeper was away from the station on May 30th from 8:30 a.m. to 10:45 a.m., while the Watch book was signed by the keeper for the watch from 10:15 a.m. to noon.

Absence book showed that the keeper was away from the station on March 28th from 10:00 a.m. to noon, while the Watch book was signed by the keeper for the watch from 1:00 a.m. to 1:00 a.m.)

Q. I don't know what the assistant keeper has reference to, and you have not explained his question about signing watches while the keeper is off the station, but the three items that I have happened to locate look as though that might be the background of his question, which is quite a legitimate one.

A. He put in the book that I left the station, and it is his watch.

Q. You likewise signed the book as having the complete watch.

A. On a clear day there is nothing to the watch.

Q. But you signed the book.

A. I don't know how that happened. It must be a mistake.

Q. On the occasions when the assistant keeper was on watch and didn't start the fog signal promptly when fog shut in, did you make a record of those occurrences in your station journal?

A. No, not in the station journal.

Q. Why didn't you record it in your station journal?

A. There wasn't any room for it. There were other things I wrote.

Q. There is no reason why a second line can't be used to record important occurrences of that character. There are no instructions that limit you to the use of only one line for each day.

A. I put it down in my little memorandum book.

Q. You may have put it in a memorandum book, but you have certain official station books in which all important occurrences should be recorded.

A. It states what work the keepers are doing, and I put down the fog signal was in operation.

BY MR. LITCHFIELD.

Q. Whose work is it to clean up the engine room, and when is it done?

A. We work together.

Q. The work that he refused to do was after the overhauling of the engines?

A. Yes.

Q. Ordinarily, whose work is it to clean the engine house?

A. We both do it together.

Q. You do equal shares?

A. Yes.

Q. Did the Coast Guard ever call you up and tell you that there was fog and that the signal was not running?

A. They called me once.

Q. How long ago was that?

A. I don't know the date. They hardly ever call me because I am right there on the job when it happens.

Q. The Absence book shows you went away at 7:00 a.m. on October 11th and returned on the 13th. Wasn't that leave?

A. Yes.

Q. Do you make all the entries in the journal?

A. Yes, except when I am away.

BY MR. OCKENFELS.

Q. Did you have leave granted for the period October 11 to 13?

A. No, I didn't have leave. We are entitled to two days a month.

Q. What are you limited to, without applying in writing?

A. Forty-eight hours.

BY MR. LITCHFIELD.

Q. The Absence book says "October 28th, brought Machinist to overhaul engines 1:00 p.m." You brought the machinist to the station when he came out here the last time, and McLintock was away from the station, and only McLintock's absence is shown.

A. I was the one that brought him up to the station.

Q. What occasion was it that you said he spent the whole day talking to the Machinist?

A. The day before the Machinist left.

Q. Was it Steinen or McKay?

A. Steinen.

Q. What do you fellows do when the Machinist is here?

A. One man helps him.

Q. Does one man always stay there to help the Machinist?

A. Yes, one man is always there.

Q. The instructions are to assist the Machinist?

A. Absolutely.

Q. McKay was down here since then. Do you remember when he was here?

A. It was in April, I guess.

Q. You say that you generally lay the work out in the morning, and do the station work in the morning, as a rule?

A. That's right.

Q. Does one of you ever go away in the morning?

A. Not very often. Once in a great while.

Q. Does McLintock ask to go away in the morning?

A. Yes.

Q. Did he ever ask for permission to go in the morning, and you refused him?

A. No, I never refused him.

Q. Do you always tell him when you are leaving the station?

A. Yes, always.

Q. Do you make a true copy in the fog signal book of the rough log in the engine house?

A. Yes.

Q. On May 2nd, why was the rough log different from the fog signal book?

A. It is not different.

Q. Why was that record changed?

A. That's the time the fog set in.

Q. How do you know?

A. I inquired at the Coast Guard station.

Q. When did you inquire at the Coast Guard station?

A. The next day.

Q. And you changed the record after that?

A. Yes.

Q. Who was on watch?

A. McLintock.

Q. What did he say was the time?

A. He put down the time when he started the fog signal.

Q. The fog started at 4:00 and you have 4:25.

A. The fog set in at 4:25.

Q. On October 11th and 12th there is an erasure in the Watch book. Why was that?

A. I don't see any erasure.

Q. Your name was written in there and erased. When was this changed?

A. Right away.

Q. Didn't McLintock have his name in there?

A. No, I wrote it in on the wrong line.

Q. How could you write on the wrong line when you weren't here?

A. I don't know what that is. I don't know how that happened.

BY MR. OCKENFELS.

Q. How about the entry in the leave book for November 5, 1935. Both the keeper and the assistant keeper were absent from 4:00 p.m. to 4:40 p.m. What is the occasion for both names being on one line?

A. Because there was no more room.

Q. Why were both of you away at the same time?

A. My car was out of order and I asked him to take me in.

Q. Who is in charge of the station when both the keeper and the assistant keeper are away?

A. My family was here, and it was clear weather.

Q. But you were away for 40 minutes.

A. I went in to vote.

BY MR. LITCHFIELD.

Q. Don't the regulations say you are not to erase anything in these books?

A. The keeper can erase it.

Q. No, you are to cross it out and write it over again.

A. I thought it was all right to erase when I made a mistake.

Q. Have you got a kerosene stove?

A. Yes.

Q. Have you got a permit for it?

A. Yes.

BY MR. OCKENFELS.

Q. Do you ever use Government oil in the kerosene stove?

A. No, I buy my oil.

Q. What kind of a stove have you?

A. A cook stove.

BY MR. LITCHFIELD.

Q. Have you got a heating stove?

A. No.

BY MR. OCKENFELS.

Q. Do you keep any record of the oil used for household purposes?

A. No, not special for the house.

Q. How do you know whether or not you are using more oil than you are supposed to use for private purposes?

A. The quarters and the light go together.

Q. If you have not been keeping such a record, keep one hereafter.

A. Yes.

Q. How long is it since you used your oil stove?

A. We used it once or twice this summer so far.

Q. Haven't you used it since last summer?

A. When we had hot weather we used it. About a week ago we used it.

Q. Outside of this, you have not used it since last summer?

A. No.

Q. Are all of your fog signal record gauge cards bona fide records made by the gauge?

A. Yes, I don't see how it can be anything else.

Q. You have never turned in any cards except where the record was made by the pin on the machine?

A. That's right.

Q. You never made a card by hand to show the red record?

A. No, I never did.

Q. Has anyone ever made a record in that way?

A. That I don't know.

Q. Have you ever missed putting a card on for a day's run?

A. No.

BY MR. LITCHFIELD.

Q. Do you change the card every other day?

A. Yes.

Q. Did you ever forget to change the card?

A. I don't remember.

Q. Did the assistant keeper ever forget to change the card?

A. If he did he wouldn't tell me.

Q. Did you ever see the assistant keeper mark up a card?

A. I never saw him do it. He might have done it.

Q. Did you ever know of a case where the people in this vicinity did not hear your fog signal blow on a certain day, and your card showed a test on it?

A. I don't know anything about that.

Q. Did you ever order the assistant keeper to turn a card up by hand?

A. No.

Q. And you never saw him do it?

A. No.

Q. Were you ever in the engine room when the card was turned up by hand?

A. No.

Q. You were never in the engine room when the card was faked?

A. No, so far as I remember. I have not seen anything like that.

Q. Would you remember such a case?

A. I would, but I have never seen anything like that.

A.A.McLintock, Asst.Keeper, Eatons Neck Light Station, testified as follows:

BY MR. OCKENFELS.

Q. How long have you been in the Lighthouse Service?

A. Going on 12 years, I believe.

Q. At what stations have you served?

A. New Haven, Esopus Meadows, Saybrook, and here.

Q. In reference to the item of the charges that pertains to April 21, you state, among other things, that the keeper told you that you could not leave then or at any time with his permission and that he would not give you permission to leave at any time from then on. Is that correct?

A. Yes.

Q. Have you ever asked for permission to leave the station since April 21st?

A. Yes.

Q. And did you get permission?

A. Yes. We always had an understanding that if I wanted to go off I would say so and it was all right if it was my watch, and if I wanted to go to the Coast Guard station it wasn't necessary to ask.

Q. Have you at all times since you have been at this station asked for permission to leave before you did leave?

A. Yes.

Q. And on all occasions you have received permission?

A. Always, except that one trip. That morning we polished brass; it rained that morning.

Q. But on April 21st you did leave the station regardless of his order that you should not leave, that's correct, isn't it?

A. That's correct, I left.

Q. You state that you needed food and it was necessary to go and get it, and stating further "but it was alright before he went into his quarters." Just what do you mean by that remark, that it was all right before he went into his quarters?

A. You see, the day before Mrs. Jensen wanted to into town but he refused to take her into town, and he didn't go until after supper. The next day I wanted to go noon time and Mrs. Jensen did not. He came out after lunch and it was then that he told me I could not go.

Q. But that doesn't clear up your remark that it was all right in the morning.

A. It was all right in the morning but he changed his mind at noon time.

Q. You mean about it being all right when you asked for permission in the morning while you were cleaning brass, and it was all right for you to leave the station?

A. Yes, I asked him in the morning and it was perfectly all right.

Q. You further state that you intended to take this matter up with the office, but that the keeper withdrew his statement so you let the matter drop. What statement do you mean that the keeper withdrew?

A. I told him if he didn't give me permission to leave the station, I would write to the office for permission, and he said there was no need of that.

Q. When you left the station on April 21st without the keeper's permission, and contrary to his orders at that time, did you realize the seriousness of your action?

A. No, I don't believe I did. To tell the truth it got me so mad, I didn't stop to think of it.

Q. You are aware of the fact that a keeper's orders are, according to our regulations, supposed to be obeyed?

A. Yes.

Q. Further in your letter you state that you agreed to paint on good days, and go shopping on poor or rainy days. Just what do you mean by that, was there an agreement between yourself and the keeper that such a program was to be carried out, or do you state that as your program?

A. He was the one that issued the work schedule, and he said we would paint when the weather was good, and if we had to go out we would go out on the bad days.

Q. In reference to your statements in regard to watches and working hours, how many hours a day do you put in on watch, and how many hours on routine station work?

A. Before the last inspection it was 24 hours for watch and routine work in between, mostly in the morning.

Q. In other words, the routine station work was done before noon?

A. Before noon, as a rule.

Q. Both the keeper and the assistant keeper doing their part of the routine work?

A. Yes.

Q. And in the afternoon the man on watch was merely on watch?

A. Yes, on watch, that's all.

Q. You refer to a watch of 1:00 a.m. to 1:00 a.m. 24 hours, and sleeping 6 hours, and starting work again at 8:00 a.m. until 5:00 or 6:00 p.m. How long does the period of painting continue?

A. It continues quite a little while the way it is dragged out.

Q. That is not a year-round program of 24 hours watch, and from 8 in the morning to 5 or 6 in the afternoon on routine station work, is it?

A. No.

Q. How long does it take, for instance, to whitewash the tower? That is sort of a special job that might call for more than ordinary time.

A. Over a week of continuous work.

Q. That's six or seven days work?

A. Yes, at least.

Q. How many days does it take to paint the outside quarters?

A. It took six days around the house, if not a little more.

Q. It would be during the progress of such work that you would work in the afternoon, which would not be the ordinary program?

A. Yes.

Q. That special work would continue for about the equivalent to two weeks time, is that right?

A. I believe it lasted nearly a month.

Q. Of continuous work?

A. Yes, up until April 21st.

Q. How do you figure it would take about a month if the tower takes six or seven days, and the quarters about six days?

A. There is work in the engine house, we had to do work on the garage and work in the tower hall and inside of the tower.

Q. Assuming that the special painting work takes about a month's time, that would be the only time the keepers would work afternoons, is that right?

A. I believe so.

Q. What I am getting at is, you refer to working 24 hours. You mentioned 24 hours work and I can't see how you figure out 24 hours work plus routine station work from 8 in the morning to 5 or 6 in the afternoon. When have you worked 24 hours a day?

A. During the painting. I would go on watch 1 in the morning and then at 8 o'clock we would start painting and we would paint until the afternoon, and then I was on watch until 1 a.m. the next morning. I would go to bed at 1 and get up at 7 and be out painting at 8.

Q. It would appear then that you would work on the painting for probably 8 or 9 hours?

A. Yes.

Q. That accounts for 8 or 9 hours of the day. How are you differentiating from the watch hours and work hours. What work did you do during the balance of the 24 hours?

A. The rest of the period would be watch.

Q. What I am getting at is, to show the difference between watch hours and working hours, since you refer to it as 24 hours work.

A. That's an oversight on my part. I meant it was watch and work combined, 24 hours a day.

Q. The keeper stands the same watches as yourself?

A. Yes.

Q. Does he have the same routine station hours as yourself?

A. Yes, as a rule.

Q. You state that you refused to work over 11 hours in one shift. Will you explain just what you mean?

A. Going on watch 1:00 o'clock in the morning up until noon. I wanted to go lay down in the afternoon.

Q. For example, what would your 11 hours in one shift be?

A. 1:00 o'clock in the morning to 8 on watch, and from 8 to noon on work. I told him the work could be finished in the afternoon.

Q. Do you mean you refused to work mornings?

A. I never refused to work mornings.

Q. Just what do you mean?

A. I refused to work afternoons. I wanted to go lay down afternoons.

Q. If you went on watch at 1:00 a.m. and you did routine station work from 8:00 or 8:30 to noon, that would be the 11 hours that you refer to. What was there about that period that you were inclined to refuse to work?

A. I didn't refuse to work that period. It was from noon on. I asked him if I could lay down since my wife was here. She could keep her eye on people around here.

Q. You state that the keeper doesn't put in 34 to 36 hours on 12 hours sleep, and you refused to do it. In what way are his watches or sleeping hours different than yours?

A. The sleeping hours carry over on his watch.

Q. But he has the same watch hours as you, and the same work hours. I can't see that there would be any difference, if that is the case.

A. I don't stand my watch where I was told to stand it.

Q. Where do you stand it?

A. I stand my watch downstairs in the kitchen, and I was told to stand it in the bedroom.

Q. Why in the bedroom?

A. I don't know.

Q. Where do you stand your watch in the kitchen?

A. In the kitchen or the living room. I can't see the light from anywhere but there or the bedroom window.

Q. Since so much is said in your letter in regard to watches and working hours, you have not filed any complaints in regard to the working hours or watch hours at this station.

A. No, I have done the best I could to get along.

Q. In reference to the charge concerning March 25, 1936, in regard to the fog signal not being started as soon as fog closed in, you say that you stand your watch in your kitchen or living room. Can you see the water from there?

A. Only from the back porch by the kitchen door.

Q. How often do you step out in this vestibule to observe the weather?

A. Every 15 minutes. That morning in particular I was in front of the tower. I left to get clothes to go into the engine house and I knocked on the floor.

Q. The gas buoy off the station here, is that the point of observation that decides when you start the fog signal and when you close it down?

A. Yes, at night. In the daytime it is the inner buoy here. I have been told that when I can't see the gas buoy not to start it up.

Q. And at 6:00 o'clock, March 25th, you did see the light on the gas buoy?

A. I could see the light on the buoy up until I went in the quarters to get things to go down to the engine house.

Q. Where had you been?

A. Right here in front of the tower. That's usually where I stand when the weather is bad.

Q. When was it that you found that the light on the gas buoy was not visible?

A. I wanted to go in and I saw it was losing visibility, and I went in to get my clothes to go down to the engine house, and the buoy went out in the meantime.

Q. In connection with that occurrence, you state you went to your quarters to get a light to light your way down the path.

A. I went to get a flashlight to use on the oil cups to see if they were dripping.

Q. Can you see the gas buoy from your vestibule when you are on watch?

A. Yes.

Q. When you were out in front of the quarters observing the weather that morning, did you hear any vessels blowing whistles?

A. Yes, one considerably to the east.

Q. Do I understand you were not in your quarters when the keeper pounded on the floor?

A. I was in my quarters. I had just come in from outside.

Q. If the signal was started at the proper time that morning, why did you consider that the keeper would knock on the wall or floor, whichever it was, to call your attention?

A. That's what he had done for Mr. Gross, former assistant. If it was shut down, he would knock on the floor and I would do the same for him.

Q. But you contend that the fog had not closed in to obstruct the light on the gas buoy when he undertook to call you?

A. Yes. When I got to the engine house I could still see the gas buoy.

Q. In reference to the occurrence of February 4th, which concerns the fog signal, it appears that the Coast Guard man came up here at 4 a.m. to arouse the keepers. Do you remember that?

A. I do. It was hailing that morning.

Q. Didn't the hail lower the visibility?

A. Not enough to cut the gas buoy off. It does if you are down on the beach, but it doesn't if you are up here in the engine house. He went to the engine house with me and had the engine heating 25 minutes before I started the engine.

Q. You say that you were looking out at the weather when the Coast Guard man knocked. You thought that it was the keeper knocking on the floor. If you were looking out, didn't you see someone approaching?

A. I couldn't see because the snow blocked the window.

Q. Where were you looking out?

A. The bedroom window. I was upstairs looking out the window.

Q. Didn't you see a man walking up the hill?

A. No. My windows are over on one side, and that man came up the hill.

Q. When did you find out that it was the Coast Guard man knocking on the door, instead of the keeper?

A. I heard voices outside.

Q. Whose voices?

A. The Coast Guard man's and the keeper's.

Q. After you heard the voices, you came out and went down to the fog signal house?

A. I came out the back door and spoke to him and went and got my clothes. I went down to the engine house and stayed there and waited for the light to go out.

Q. Weren't you fully dressed when this Coast Guard man came up here?

A. All but a coat.

Q. Then you claim there was no snow to close out the light on the gas buoy until 4:30?

A. Yes, around that time.

Q. Why do you presume that the Coast Guard man came up here if there wasn't thick fog or snow to warrant the fog signal being in operation?

A. They are always calling up here.

Q. But this man came up here.

A. Because they couldn't get anyone on the telephone.

Q. It looks as though he must have felt that something was wrong to walk from the Coast Guard station up here to the light station at 4 o'clock in the morning.

A. This same man comes here often at 2 o'clock in the morning. They call up here when the weather is bad.

Q. In reference to the item that concerns the paint in the lantern on November 19th, do I understand, and it is your contention, that nothing was said about paint in the lantern on that date?

A. Not on the 19th.

Q. Was there anything said about paint in the lantern on any other date?

A. No, there was nothing said this spring about paint in the lantern. There was nothing said about it other than I asked if I could finish the wall in the house. I was washing paint and I asked if I could finish it and he said no.

Q. There was no talk around that date?

A. It wasn't November 19th.

Q. Was it within a month of that date?

A. It would somewhere within a month.

Q. I am assuming that November 19th would be incorrect and that the occurrence was some other day.

A. It was some other day.

Q. But was there some occurrence as referred to in the correspondence?

A. No there wasn't.

Q. What did he say?

A. He said no.

Q. What did he tell you to do?

A. He told me to wash paint.

Q. What date was that?

A. I don't know.

Q. But it was sometime in the fall or winter months?

A. Yes.

Q. And what did you tell him?

A. When I came out five minutes later, I told him all right, I was ready to go to the tower.

Q. And did you go up and wash the lantern?

A. Yes.

Q. Did you answer the keeper as he claimed "To hell with that, it can wait"?

A. No, of course I didn't.

Q. Have you made that remark to him on any other occasion?

A. No, not on work.

Q. Have you made it on any other occasion other than work?

A. No.

Q. In regard to the charge that pertains to November 6, 1935, cleaning in the engine room, while the charge is based on disobedience of orders and your refusal to clean the engine room, you claim that you did actually clean it.

A. I cleaned the engine room.

Q. Was there any discussion or controversy in reference to the job?

A. No, the keeper wasn't there. He was at the garage.

Q. Do I understand that he told you to clean up the engine room and you proceeded to do it?

A. Yes.

Q. The engine house was cleaned in the morning then?

A. Yes.

Q. And you claim that the keeper did no part of the cleaning of the engine room, is that right?

A. Yes.

BY MR. LITCHFIELD.

Q. Who took the tackle down?

A. I did, since the machinist was through putting the piston in the cylinder.

Q. Did the keeper do any work?

A. There is nothing in taking it down. I don't know whether the keeper or the machinist took it down.

Q. You were there when it was taken down?

A. I was up on the pipes and lifted it off the hook.

Q. Was that the last day the machinist was here?

A. No, it wasn't the last day, because the last day we were running tests.

Q. But you were in the engine house on the 6th?

A. Yes.

BY MR. OCKENFELS.

Q. As I understand, there was no discussion or controversy?

A. There couldn't have been because he wasn't in the engine house.

Q. In your letter of May 7th you state that an order you failed to carry out on November 6th was when you failed to get 6 quarts of engine oil to put in the keeper's car. What part of the day was that, the morning or the afternoon?

A. 11 or 12 o'clock.

Q. Do you ever help him in servicing his car and repairing it?

A. I give him a hand if he asks me.

Q. Has he ever asked you?

A. The only thing he asked me was to drill and tap a hole.

Q. And on that morning he did tell you to get 6 quarts of oil?

A. He handed me a container and told me to bring up 6 quarts of oil.

Q. Did he mean the Government engine oil?

A. That's the only engine oil down in the engine room.

Q. And did you get the 6 quarts of oil for his car?

A. No.

Q. What did you tell him?

A. I told him no, if he wanted it to get it himself.

Q. Was there any other discussion in reference to the matter of oil?

A. He said he would turn me in if I didn't get the oil, and I said go ahead.

Q. Have you ever known the keeper to use Government engine oil for his car?

A. Yes, he used 6 quarts at that time. He used Government alcohol before he sold his car.

BY MR. LITCHFIELD.

Q. Did you get the oil, or did he get it?

A. He got it.

Q. Did you see him get it?

A. I didn't see him get it, but I saw him going up the hill.

Q. In what did he carry the oil?

A. He carried it in two brass measures; one from the engine house and one from his car.

BY MR. OCKENFELS.

Q. You saw him go down to the engine house and come back, and you assume that it was Government oil because there is no other oil stored in the engine house?

A. Yes.

Q. Have you known him on any other occasion to use Government engine oil?

A. No, I have not.

Q. Have you known him to use any other Government supplies or materials for personal purposes?

A. Alcohol for his automobile.

Q. When was that?

A. Early in December.

Q. What were the circumstances surrounding the occurrence?

A. He used it as anti-freeze.

Q. How do you know it was Government alcohol he used?

A. Because it came out of a 5-gallon Government can.

Q. How much of it did he use?

A. I couldn't say. About two or three quarts.

Q. Have you ever known the keeper to buy engine oil for his car, since you have been here?

A. No, not since I have been here.

Q. Do you know of any he has bought?

A. He has some in his car that he says he bought.

Q. Are there any other occurrences that you have personal knowledge of where he has used Government supplies for personal purposes?

A. Yes. He uses kerosene for his kerosene stove.

Q. You have personal knowledge of it?

A. Well, the only way I know of it is he gets approximately 1/2 gallon from the tower in the morning, which goes in his quarters, and he makes two or three trips to the engine house with a gallon can.

Q. And you say he used that for his oil stove?

A. Yes.

Q. Heating oil stove, or cooking oil stove?

A. Cooking.

Q. Have you ever known the keeper to buy kerosene?

A. No. He told me not to buy it as there was plenty here.

Q. Are there any other items of Government property that you know of he has used for personal purposes?

A. I don't believe so.

Q. Have you ever used any Government engine oil in your car?

A. No.

Q. Have you ever used any Government alcohol?

A. No, I don't use alcohol.

Q. Have you ever used any Government property for your personal purposes?

A. I used a little aluminum paint for my quarters here.

Q. How much of it did you use?

A. Probably two or three ounces. I had some compasses I put in bottles and I painted the compasses and squares with aluminum paint.

Q. When you came to Eatons Neck from Saybrook Light Station, did you bring with you any property that belonged to the Government?

A. Yes. Three 7-ft. oars and one pair of 8-ft. oars.

Q. What is your explanation for having taken from Saybrook Light Station the five oars that bear the Lighthouse brand?

A. To tell you the complete story of those oars, they came from Esopus and I spoke to Mr. Luther about the supplies that had been ordered but not received, and he said if I don't get what I need from the office I could buy them and keep those when received on requisition. I didn't have any oars at the time, so I bought them and kept those received on requisition.

Q. Why didn't you procure oars if you needed them, on requisition?

A. I had them on requisition, but the supplies were not delivered.

Q. When was it that you had to buy these oars?

A. I couldn't say just when it was.

Q. Don't you realize that you make yourself liable by having in your possession property that bears the Government brand?

A. Yes, I realized it after Mr. Lamb spoke of it.

Q. Did you bring any other Government property from Saybrook or other stations that you have worked at?

A. I've got an oil feeder that I salvaged out of the basin at Saybrook. I also fished several lamp parts out of the basin.

Q. What do you mean lamp parts?

A. Vapor lamp parts, bowl and plate.

Q. You are referred to material that you had at Saybrook, not material that you brought here?

A. That stuff is at Saybrook, all but the lamp feeder, which is here.

Q. Do I understand that the lamp feeder had been thrown overboard and you recovered it?

A. Yes. It wasn't on the books when I took the station over.

Q. That was at Saybrook?

A. Yes.

Q. Outside of the lamp feeder, the articles you referred to you left at Saybrook. What I had reference to was any other Government property you brought to this station.

A. Not that I know of.

Q. Did you bring any alcohol?

A. Five gallons of alcohol which was my own, for my car.

Q. So you had five gallons of alcohol on the station that was your own personal property that you purchased?

A. Yes.

Q. In your letter of May 7th you state that the keeper made two suggestions to you in regard to gifts. Just what do you have reference to?

A. Last fall he told me I ought to bring a box of cigars to him once in a while. On April 21st, while polishing brass, he said I ought to be a sport and bring him a case of beer once in a while.

BY MR. LITCHFIELD.

Q. Was he joking when he said that, or was he serious?

A. I don't think he was joking. He made the remark afterwards that Gross used to bring beer out once in a while on hot summer days.

BY MR. OCKENFELS.

Q. Did you ever make any request or talk to the keeper about withdrawing charges that he had filed against you?

A. No, I didn't make a request to withdraw the charges. When I asked him to sign my letter, he flew off the handle and said he wouldn't sign it. I said I would send it in just the same. He told me not to answer the charges and that he wouldn't sign it, and I said "If you don't want to sign it, why did you file the charges"?

Q. Were you on watch at 4:20 a.m., May 2nd?

A. Yes, from 1:00 to 8:00.

Q. Do you recall that fog came in on that morning?

A. Yes.

Q. Do you remember whether you placed the fog signal in operation promptly that morning?

A. No, I didn't start it right away.

Q. What was the occasion for the delay?

A. I had dysentery.

Q. How much were you delayed in starting the signal that morning?

A. Approximately five or ten minutes, no more.

Q. Do you know whether the Coast Guard called up that morning to notify the station that fog was setting in?

A. I don't think so.

Q. Was there any sign of fog when you went to the toilet?

A. No, the buoy was in clear. There was a haze across the sound. As far as the buoy was concerned, it was clear. The wind was southeast.

Q. How long were you inside where you couldn't observe the weather?

A. Maybe three to five minutes, I don't know exactly. Gibbs of the Coast Guard station remarked how quickly it shut down that morning.

Q. Do you remember where you were standing your watch that morning?

A. Outdoors most of the time. I had been to the toilet several times before that.

Q. It appears that on the morning of April 30th, the vapor light went out at 4:10 and was relighted at 4:20. What were the circumstances of the light going out on that occasion?

A. The only thing I could see was the vaporizer had not been cleaned. It just went down to nothing and out.

Q. You mean it went out suddenly without any warning?

A. No, it kept dying down.

Q. What did you do to correct it?

A. I tried everything to correct it. I took the tube off and ran a wire through it but couldn't get any circulation.

Q. Where were you when you first noticed the light was not burning?

A. On the back porch.

Q. When you noticed it wasn't burning properly, what did you do?

A. I went to the tower and stayed there.

Q. The light went out when you were in the tower?

A. I shut it off. It was dying down so I shut it off, and lit the table lamp.

Q. And at 4:20, was the vapor light burning?

A. Yes.

Q. In the meantime from 4:10 to 4:20 you had the service lamp burning?

A. Yes. A 5th order service lamp.

Q. Did you later find out what caused the light to go out?

A. No. After cleaning the vaporizer that night, it was all right, and I didn't have any more trouble with it.

Q. The light had burned during the night and the morning hours before 4:10?

A. Yes, but it kept going down after midnight.

Q. Did you take any action to correct it?

A. I tried to clean the overflow pipe and Bunsen tube.

Q. What time was it when you did that?

A. Around 2:15. When I saw I couldn't do anything with it, I just stayed there.

BY MR. LITCHFIELD.

Q. Who makes the entries in the fog signal book?

A. The keeper makes all of them.

Q. Where does he get his records from?

A. From the book in the engine house.

Q. Do you write in that book?

A. Yes.

Q. Do you remember what time he put down for the fog on May 27th?

A. No.

Q. You put down the time on the rough log when the fog sets in and when it clears?

A. Yes.

Q. Does your recording gauge card for that day correspond with your rough log?

A. I couldn't say. It depends upon who changes the card.

Q. Do you know of any times that these recording gauge cards have been different from the true record?

A. Yes.

Q. Do you know whether it was changed on May 2nd?

A. I couldn't say.

Q. Do you know of any other instances you can specify?

A. Yes. I had to draw a card down there for the keeper. I had to change the card as he had not put any in the day before.

Q. How did you draw the card in for that day?

A. I turned the dial and put it in.

Q. Do you know the day that you marked that card up for the keeper?

A. No, I don't remember the day.

Q. Was it several months ago?

A. It was just about the time of the charges.

Q. Is that the only occurrence you know of that the cards have been tampered with?

A. I don't know the exact date of it. A test had been missed and this card was made to read back to the period where the test should have been.

Q. You don't remember the date?

A. No, I don't. It was quite a little while ago.

Q. Have you ever seen the keeper change the cards?

A. No, I never saw him.

Q. You made a remark about routine station work. What is the ordinary routine station work for mornings?

A. It varies according to the season. Now it is just simply a matter of finishing up the spring general overhauling and cleaning, hanging around the engine room and chewing the rag. Brass is polished once a month.

Q. How often is the lens cleaned?

A. The lens has never been cleaned since I have been here. I asked about cleaning it with polish and was told to leave it alone.

Q. When you talk about using the vestibule for watch, you say you don't like to use it for when you open the door it annoys the keeper. Has the keeper ever called you down about it?

A. Several times.

Q. What did he say to you?

A. He said I wake the house up going in and out. He said it disturbed his family.

Q. You said the keeper had an arrangement he used to knock on the floor to notify the former assistant keeper. How do you know that?

A. The keeper and the former assistant told me.

Q. Did he ever have occasion to knock on the floor for you?

A. Once only.

Q. Did you knock on the floor to wake him up?

A. No, before I did he would come down.

Q. Are there any arrangements, or have any arrangements been made, for the Coast Guard to call you fellows up?

A. Not with me.

Q. Do you know whether the keeper has any arrangements?

A. The keeper told me that they call up here, that's all I know about it.

Q. How does the Coast Guard know which keeper is on watch? You said that the Coast Guard knew you were on watch the day they came up here and didn't telephone.

A. They patrol the beach as they should, but coming back they cut through the station. That's how they know I am on watch.

Q. Do you know whether the Coast Guard ever called the keeper to start the signal on account of fog?

A. Yes, they called one time and the keeper didn't let me start the signal.

Q. Why didn't the keeper let you start the signal?

A. You could see the gas buoy.

Q. Did the Coast Guard ever call the keeper to start the fog signal when he was on watch?

A. That I wouldn't know.

Q. Where do you get the kerosene for the lights in the quarters?

A. From the tower.

Q. Is there a record kept for that?

A. No.

BY MR. OCKENFELS.

Q. Have you had any conversation with, or made any remarks to the keeper that led him to believe that you aspired to be keeper?

A. No. I told him several times I didn't want the job as keeper of this station; that there was another job I would like to get, not this one.

Q. You never said anything that would indicate that you thought he ought to get through so that you could get the job?

A. No. He told me within the first two weeks I was here that no matter when I was here I wouldn't get the job, he would see to that. He said I ought to get transferred to a one-man station.

Q. But you never said anything to him that led him to believe you wanted the job?

A. No.

Q. Have you anything that you care to state at this time in reference to the matter of the charges or other matters that may have come up since, that have a bearing on them?

A. I can tell you what started the charges. The former assistant was the goat and the keeper figured after I got in here he would put it all over me. People out on the beach know about it. They will tell you the same story, people as far away as Huntington. I asserted myself that if I stood a watch, I would sign for it. One afternoon he went out shopping and came in 4 o'clock, I believe, and came in to sign the book, and he had listed from 1 to 1, and when the fog came up I refused to start the engines, so I told him if he changed the watch book I'd do it.

Q. And that was a case where the watch book would indicate that he was on watch and he wanted you to take up the watch and start the signal without your signing to show that you were on watch at that time?

A. Yes. That was to work this way: If I wanted to go out when I was on watch, I could go and still hold my watch. You will find several instances of that in the book. I refused to work that way.

Q. In regard to your remarks that the keeper started out to be what you might call overbearing when you came here?

A. Yes, very much so.

Q. You made mention of his expecting you to do the dirty work as being one of the causes of difference between you. What did you mean?

A. When he put the light out in the morning, I was to take the can and fill it.

Q. You mean, do some of the work that probably belonged to him?

A. Daily routine that should have been his.

Q. Is there anything else you care to state in reference to this subject as a whole?

A. The keeper of Saugerties visited him during the winter and before they went to town one night, he came and knocked on the door around 8 or 9 o'clock and said "It's alright, my wife will take my watch." His wife came in my quarters and spent the biggest part of the night there. If anything went wrong with the station it would be my fault because he was charged with the watch.

Q. What date was that, do you recall?

A. March of this year.

Q. Why would it leave you liable?

A. It would leave me liable because **the last watch for that day was marked in the book.**

Q. Have you anything else that you would like to add to what you have already said?

A. I don't know offhand.

Q. You have been at some three other stations before, one of which was a three-man station. Have you had any troubles or differences at any of the other stations you worked at?

A. No. They said Baldwin was no good, but he was all right.

Q. At what station?

A. Saybrook.

Q. But you didn't have anything to do with him.

A. No, but he was all right.

Q. Have you any complaints or criticisms at this time?

A. I don't feel as though I want to make complaints against the keeper.

Q. Not necessarily against the keeper. Have you any complaints regarding the station or the job?

A. No, I don't believe I have. I expect to get the long end of it. If the keeper's wife kept out of station affairs, it would be all right.

Q. Does your family get along with the keeper's family?

A. My youngster gets along with them, but Mrs. Jensen doesn't speak to either one of us. He told me to put in a transfer out of here. I heard he wants his son in here. There was a petition that was to be started down here on the beach that was to go to the office. There was a sale of property that amounted to five or six figures. The man who had it in view came up here and he killed the sale.

Q. What do you mean a petition down the beach?

A. A petition by the beach people to have him removed from this station.

Q. What beach?

A. Asharoken Beach.

Q. Because he had done something to interfere with the sale of the property? That's hearsay?

A. I know that he and Mr. Morgan were talking about the sale of the property.

Q. Who is Mr. Morgan?

A. The man who was going to purchase the property.

Q. What Morgan was that, do you know?

A. I don't know.

Discipline proposed seems rather inadequate although the Charges & Counter Charges remain largely unproven. Loss discipline is indicated and the spirit is evidently guilty of insubordination and in at least one case of negligence in failure to start the ferry promptly. Consideration has been given to a report of an investigation of conditions at your station in connection with difficulties reported by the keeper. In reviewing the matter it is evident that the right degree of cooperation has not been established between you and the keeper and that this is largely the cause of the difficulties. When keepers allow their private quarrels and difficulties to preoccupy them it always reacts on the way in which they carry on their station duties and responsibilities; and although it is recognized that the responsibility for personal differences is often divided, it is evident in the present instance that you are not contributing adequately to a basis of understanding and cooperation with the keeper in the performance of the common tasks of the station.

In the matter of specific charges, it appears that a number of them may have a degree of basis in fact, and this is considered particularly the case as to charges (a) and (c) relating respectively to insobordination in the matter of your absenting yourself without the keeper's agreement and in the matter of your negligence during a watch in not promptly starting the fog signal upon the onset of a heavy snow. The Bureau expects that a zealous regard for the interests and requirements of the Service will be the first consideration, of a keeper.

You are therefore cautioned both as to the matter of improved cooperation and of attention to duty, and informed of your proposed transfer upon the occurrence of a suitable opportunity. You are also informed that the present matter will be made a part of your official history.

RECEIVED

Dear Ed:

I received a letter from my office, stating that consideration is being given me, in regards to a transfer to Juniper Island Light Station in Lake Champlain.

As this station is about the middle of the lake, I could not get Doris to & from school without taking some terrible chances.

I have been up to Burlington and looked the lake over, and I don't believe I could get her to school over half the school year.

If I am to be transfered, I would gladly except any transfer where I could get Doris to and from school. The Mrs and I feel she is too young to be boarded out

1st

The Mrs. has gotten over the nervous spells she had when we were off shore before, and for the sake of Doris schooling, and her health I would like to have you help me in getting a suitable transfer, that would help us avoid the above difficulties. The present transfer would only mean the breaking up of our home, and I certainly would not like that.

SUBJECT: Transfer of A. A. McLintock, Asst. Keeper, Eatons Neck Light Station.

REFERENCE: Bureau's endorsement of October 26th, on letter dated October 2nd addressed to Mr. Edward Brooks by Mr. McLintock.

In this connection, attention is invited to Bureau letter August 26, 1936, addressed to A. A. McLintock, Asst. Keeper, Eatons Neck Light Station, advising him of his proposed transfer upon the occurrence of a suitable opportunity. There is enclosed copy of letter addressed to Mr. McLintock, under date of September 30th, advising him that he was being considered for transfer to the position of keeper of Juniper Island Light Station, and requesting him to advise whether or not the proposed transfer was agreeable to him. Copy of Mr. McLintock's letter of October 3rd, indicating that he did not wish to be considered for the position, is also enclosed. As evidenced by letter of September 30th, the matter of transfer to Juniper Island Light Station was not a matter of compulsion, but asked whether or not such transfer would be agreeable to him, it being the desire so far as possible to transfer Mr. McLintock to a position that was agreeable to him, rather than objectionable.

For and in the absence of the Superintendent.

SUBJECT: Position of Keeper, Juniper Island Lt.Sta.

1. In connection with the last paragraph of letter addressed to you by the Commissioner of Lighthouses under date of August 26, 1936; you are advised that consideration is being given to the matter of your transfer to the position of Keeper of Juniper Island Light Station, Vermont, Lake Champlain. The pay of this position is $1440 per annum. There are no assistant keepers at this station. Family quarters are provided. The light is a 4th order oil, and the fog signal a bell operated by clockwork. This station is also a subdepot where spare buoys, etc., for Lake Champlain are kept in charge of the keeper of the station. There is also one auxiliary light, Colchester Reef, to look after.

2. Please advise whether or not the proposed transfer, as stated, is agreeable to you.

Dear Sir:

In reply to your letter of September 30th referring to a transfer to Juniper Island Light Station, Vermont.

Upon investigation I find this station will not allow me to get my daughter to or from school. As she is just nine years old, Mrs. McLintock and I feel she is too young to be boarded with strangers.

I wish you would not consider me for the above transfer.

Secretary of Commerce:

There is herewith submitted a letter of November 2, together with its inclosures, from the Superintendent of Lighthouses, Staten Island, N. Y., with regard to charges against Andrew A. McLintock, assistant keeper at Eatons Neck Light Station, N. Y., the charges relating to neglect of duty during a period of Mr. McLintock's watch on October 16, in not placing the fog signal in operation during a period of foggy weather. After careful consideration the Bureau considers that the charges are sustained in a degree to warrant a demotion in pay as well as a reprimand, and it is, therefore, recommended that the compensation of Andrew A. McLintock be reduced from $1380 to $1320 per annum for a period of six months, the effective date to be duly determined and reported to the Department.

Respectfully,

Judge R.W. Hawkins,

Dear Mr. Hawkins:

On November 13 I wrote a letter to the Superintendent of Lighthouses on Staten Island, making a complaint against A.A. McLintock, assistant lighthouse keeper in reference to his insulting conduct toward my wife. Nothing was done about my complaint, my letter was not even replied to.

Mr. McLintock visited my wife on the lawn of our home and attempted to force his attentions on her. He had no excuse of familiarity because he had never been introduced to my wife. His actions and language went to the extent that my wife had to resist him by force.

While I am sure that Mr. McLintock will not bother my wife again because of my personal action against him, I still feel that his presence on Eaton's Neck is a menace to every decent woman in the vicinity.

I hope that you will give this matter your generous attention, appeals to other sources have been fruitless due Mr. McLintock's Government position and the influence he seems to have with the officials at Staten Island.

Sincerely yours,

Dear Congressman:

I enclose letter received by me this morning from Harold Metzner. The letter was brought to me by Capt. Arthur Jensen, of the Eaton's Neck Lighthouse. This letter, of course, does not go into details, but there is considerable feeling engendered in that vicinity, and I understand the Board have taken no action on Mr. Metzner's complaint. It would seem to me at least the matter should be investigated. Certainly this conduct would not be condoned for a minute by the authorities. May I ask you to see that this case goes into the proper channels, and that I be advised and that Mr. Jensen, keeper of the lighthouse, be advised what action is taken in the matter.

Yours very truly,

2. The above correspondence explains the action taken up to the present time in reference to Mr. Metzner's complaint. It is to be noted that his complaint of November 13th concerning alleged occurrences of October 12th and 21st was forwarded at the solicitation of this office.

3. While Mr. Metzner reported the alleged occurrences, it does not appear that he personally witnessed them, and letter of December 4th was addressed to him with the view of obtaining corroboration of at least some points of his complaint if possible, since without some corroboration, it is necessarily questionable as to whether charges, if preferred against Mr. McLintock, could be sustained.

4. In this connection attention is invited to letter from this office of November 2nd re Asst.Keeper McLintock, also to Bureau endorsement of October 26th and endorsement from this office of October 29th re matter of transfer to Juniper Island Light Station, also to Bureau letters of August 26th addressed to Asst.Keeper McLintock and to Keeper Jensen.

I beg to inform you that it has been reported to me that on Oct. 12, 1936, while the Asst.Keeper McLintock was showing a party of ladies up in the tower, he put his arms around one of the ladies, Mrs. H. Metzner, she felt insulted but did not at that time make any complaints. A few days later McLintock entered her house, while she was alone, and tried to force his attentions on her, embraced and kissed her. Mr. Metzner was told by Mrs. Metzner. Mr. Metzner came to the station and called McLintock's attention to the above facts. McLintock admitted it was true, he asked Mr. Metzner to forget it.

Mr. Metzner made a statement that a man like McLintock was a menace to decent women in the neighborhood. Mr. Metzner's address is

Attention of F. W. Ockenfels.

Dear Sir:

I wish to corroborate Mr. Jensen's complaint to you about his assistant A. A. McLintock.

On October 12 my wife and some relations visited the Eatons Neck Lighthouse and Mr. McLintock while in the course of his duty of guiding the visitors around the lighthouse, attempted to 'make love' to my wife by putting his arms around her. He had never met my wife, so he excused himself to me on the ground that he thought her to be a single girl.

On October 21 he again tried to force his attentions on my wife, when he visited my home uninvited knowing that I was at work. He has never been introduced to my wife or seen her in my presence prior to his insulting conduct toward her. He did not therefor take advantage of a friend, but of a temporarily unprotected strange woman. He persistently annoyed my wife for three hours and his amorous intrusions went to the extent that my wife had to strike him to protect herself.

I would settle this matter with Mr. McLintock myself if I did not have a very deep respect for Government property which Mr. McLintock has managed to keep himself confined to lately.

I hope that you will give this complaint your impartial attention as I feel that Mr. McLintock is a menace to every decent woman on Eatons Neck.

Sincerely yours,

HR November 20, 1936.

Questioning of A. A. McLintock, Asst.Keeper, Eatons Neck Light Station.

PRESENT: F.W.Ockenfels, Asst.Supt.
H.E.Litchfield, Lighthouse Engineer.

BY MR. OCKENFELS.

Q. Mr. McLintock, report or complaint has been received that claims misconduct on your part while several persons were visiting Eatons Neck Light Station on October 12, 1936. Do you remember whether or not you escorted any visitors around the station on October 12th?

A. I believe there were three, in one party.

Q. Do you know who they were?

A. Yes. Two were from the city, and one lady was local.

Q. Do you know the name of any of them?

A. No.

Q. What time of day was it that this party was at the station?

A. I don't know.

Q. You don't know whether it was morning or afternoon?

A. No, I couldn't say for sure.

Q. Who was the one lady that you refer to as being 'local'?

A. I don't know what her name is but she lives on Beacon Farm.

Q. Where is Beacon Farm?

A. Right in front of the light.

Q. Had this lady from Beacon Farm ever visited the station before?

A. Not to my knowledge.

Q. How did you know she was from Beacon Farm?

A. I was told a couple of days afterwards.

Q. The complaint that has been received is to the effect that while a party of ladies was visiting the station on October 12th, you forced your attentions on one of the ladies of the party. Is that correct?

A. It is not. There was a man with the two ladies, who works for the Amtorg Corp. in New York, and is an interpreter for them.

Q. The party of visitors was not all ladies?

A. No.

Q. How many ladies were there in the party?

A. Two.

Q. Two ladies and one man?

A. Yes.

Q. Just what were the circumstances of that party coming to the station? Just relate the whole story from the time you first saw them.

A. They first came up the road on the south side of the station, and I was on watch. It was my long day on and the man that has the long day on has to show visitors around. I went out as I am supposed to do. The people asked to see the light and I showed them upstairs. The two ladies were first, the man next, and I was behind the man. I went into the tower, took the lens cover partly off and showed them the lens, put the lens cover on and went downstairs. As I was on that side, I had to go down first two flights, and then let the visitors proceed down the tower. The ladies were first, the man followed, and I was last going out. They got down the tower and stood north of it. There was another party of visitors there who had been sitting in the car in the barnyard. I believe that this was about 1:00 p.m. The people in the car waited until 1:00 p.m. to see the light. They had been talking to Mr. Jensen in the morning and he told them to wait. As soon as I came out of the tower with these people, I took the others right up.

Q. When they came out of the tower, that completed the visit?

A. Yes, that's the last I saw of them.

Q. Which one of the party was it that asked to visit the light?

A. I couldn't say.

Q. You made mention of taking them upstairs. Just what do you mean?

A. Up to the tower.

Q. You took them up into the lantern?

A. Yes.

Q. I believe you stated that when the party left the lantern you came down first?

A. Yes.

Q. After you had gone down the two narrow flights of stairs, how did the party then proceed to go down the tower the rest of the way?

A. The ladies were first, the man followed, and I followed him.

Q. During this visit, who was your conversation with in the party, anyone in particular or all of them?

A. All of them.

Q. According to your previous statement, you deny that you forced your attentions upon any of the women in this party?

A. Yes.

Q. Available information indicates that while this party was visiting the light, you placed your arms around one of the ladies in the party. What have you to say as to that?

A. I did not. I couldn't very well with a man between the two women and myself.

Q. Were you previously acquainted with the man who was with these women?

A. I wasn't acquainted with any of the party and never saw them before.

Q. Was the man with the party the husband of one of the women?

A. I believe so.

Q. Do you know the husband of the other woman?

A. Yes.

Q. How long have you known him?

A. Since I came on Eatons Neck, probably a year.

Q. Have you had any conversation with him since this party visited the light on October 12th?

A. Yes. He told me who the party was.

Q. It was he who told you that the gentleman was from the Amtorg Corp., and one of the women was his wife?

A. Yes.

Q. What is the name of this man who you say you had known for a year?

A. I don't know his name.

Q. Isn't it a fact that you apologized to that man, the husband of one of the women, for forcing your attentions on one of the women, while they were visiting at the station?

A. No.

Q. You didn't attempt to excuse yourself to him, explaining that you thought she was a single woman?

A. No.

Q. Your conversation with that man had no reference to that, other than casual conversation in regard to these people from New York?

A. No. He was the man that told me who the party was, two days after they visited.

Q. Where was it that you saw him?

A. On Beacon Farm when I pulled in there for milk.

Q. Your conversation with him then did not include anything that might be at all questionable conduct on your part at the time these people visited?

A. No, not when they visited the light.

Q. Was there conversation on that subject at a later date?

A. Yes.

Q. What was the nature of that conversation?

A. It wasn't a conversation, it was an argument. It had nothing to do with the station, it was off the station.

Q. Do you mean the subject of the argument didn't have anything to do with the station?

A. Nothing with the station at all, and I can prove it.

Q. Would you care to state what the subject of the argument was?

A. The subject of the argument was mostly a misunderstanding.

Q. Would you care to say what the misunderstanding was about?

A. The misunderstanding was that he thought I was going up around his house to see his wife.

Q. What was the outcome of your discussion or argument with this man?

A. It didn't amount to anything. He asked me if I would apologize to his wife, and I said yes, if that's all he wanted.

Q. What in particular did he want you to apologize for?

A. I never found out exactly what I did to apologize for, but he told me that his wife was afraid to stay there and he didn't think I did what was right, and that's all I got out of it.

Q. He didn't tell you what he meant by indicating that you had not done what was right?

A. I got no information at all.

Q. It appears that you called at the home of this man and woman you are referring to, at Beacon Farm on October 21. Is that correct?

A. I don't know the date, but I stopped there one afternoon.

Q. What was the occasion of your visit?

A. I just stopped there to kill a little time, waiting for the doctor to show up on the beach. I was on the lawn in full view of the road all the time I was there.

Q. How long were you there?

A. Not over 45 minutes, at the most.

Q. Why did you go there to wait for someone?

A. The party I was waiting for happened to be out at the time.

Q. Is there any particular reason why you would go to Beacon Farm to wait for someone?

A. No reason in particular. It just happened I stopped there, that's all.

Q. What did you do there?

A. I was standing on the lawn talking to the lady there.

Q. Who was the lady you were talking to?

A. The lady who lives at Beacon Farm.

Q. How did you come to get in conversation with her if you were waiting out on the lawn?

A. She was sitting outside by the gate.

Q. What were the circumstances of your finally leaving?

A. No different than if I were to leave anywhere else.

Q. Did the party you were waiting for come along?

A. No. I went back to their home, but they didn't appear as I expected.

Q. Where was this lady when you left Beacon Farm?

A. Sitting on the lawn within 35 or 40 feet of the road, where she had been all afternoon, that I know of from my stopping there.

Q. It doesn't seem to be clear why you would stop at Beacon Farm or on the lawn of that particular place. Why not at some other place?

A. I stopped there for one reason, to find out if the people from New York were coming out again. I wanted to get in touch with the lady from New York as her brother was to get me a radio set. That was the only reason that made me stop there.

Q. At the same time you were waiting for the other party?

A. Yes. If I hadn't seen the lady on the lawn, I would nothave gone inside looking for her.

Q. Did you in any way attempt to force your attentions on this lady while you were there at Beacon Farm talking to her and waiting for the other party?

A. No.

Q. Was there anything that happened that might be construed as having forced your attentions on her?

A. Not that I know of.

Q. You say that when you came along she was sitting on the lawn?

A. Yes.

Q. Just what do you mean by that?

A. She was sitting on a chair.

Q. How far away from the Beacon Farm house was she sitting?

A. She was about halfway between there and the road, which would be about 25 or 30 feet.

Q. What did you do while you were waiting and talking to this woman?

A. I stood up, probably 4 or 5 feet away from her.

Q. She didn't invite you to sit down?

A. There is nothing to sit on, unless I sit on the grass.

Q. And you were there from 30 to 45 minutes, is that correct?

A. From a little after 3:00 o'clock until a few minutes to 4.

Q. That would be a little less than an hour?

A. Less than an hour. I wasn't away from the station much over an hour.

Q. It is claimed that you were there for something like 2 or 3 hours. What have you to say to that, if anything?

A. No, I wasn't, because I was somewhere else. After I left there I went down the beach. The party was not home when I went down a second time, so I went down to the police booth.

Q. Who, if anyone, saw you while you were talking to this woman on the lawn?

A. The beach policeman went down there every hour. He saw me.

Q. Outside of the policeman, there is no one you know of went by?

A. There is a fellow who lives up there. I don't know his name. They call him Lynn.

Q. During this conversation with the woman, did you say anything or do anything that would be annoying to her in any way?

A. No, not what I consider annoying in ordinary conversation. It seemed all right as far as I know. I didn't do anything out of the way, or say anything out of the way.

Q. It is claimed that you embraced this woman or attempted to embrace her when you were at her home on October 21. What have you to say as to that?

A. I didn't, and I don't think I would want to.

Q. It is further claimed that this woman from Beacon Farm had to strike you or strike at you to protect herself from your attentions. What have you to say as to that?

A. That is not right. The woman never had to strike me. I don't think I was nearer than 5 or 6 feet from her.

Q. In the course of her conversation, she did not indicate that she was taking offense?

A. No. She even asked me to pick her up when my wife and I went to town, and I said I would see what my wife said.

Q. Was it before or after this visit of yours to the Beacon Farm that you talked with the husband of this lady?

A. It was the night of the same day that I called at the Beacon Farm.

Q. And that is the occasion that you had the argument with him?

A. Yes. He said I scared his wife, and I don't know how I could have scared her.

Q. I presume that you had seen this woman from Beacon Farm before that visit to the station?

A. I never had seen her before the visit.

Q. Have you seen her since October 21st, when you stopped at the Beacon Farm property?

A. I saw her down on the field.

Q. You have not seen her to talk to, since the day you stopped there?

A. No. I saw her one day in Huntington as I was driving through. I told her husband I wouldn't speak to her again if I scared her.

Q. On the evening of what was probably October 21st, when you were having a discussion with her husband, was she present and did she enter into the conversation?

A. She was there on the truck, but she didn't say anything at all.

Q. Where was he at the time?

A. He came into the house and asked me to come out to the truck, and I went out to the truck.

Q. Then she was within hearing of the conversation?

A. Yes.

Q. But she had nothing to say?

A. No. My wife asked the fellow what was the matter, and he said it was nothing.

Q. Do I understand you still do not know the name of this man and his wife?

A. No, I don't know their name. I know the man's surname, that's all.

Q. What is it?

A. Harold.

Q. What does he do on the farm?

A. He is just employed there as a farmhand.

Q. Beacon Farm is the one that adjoins the Lighthouse property?

A. Yes.

Q. When you had your discussion with this man on what we presume was the evening of October 21st, did you refer in any way to the day these people visited?

A. No, absolutely not.

Q. The whole discussion pertained to your having stopped on the lawn that afternoon?

A. Yes. He thanked me very much for showing his wife around.

Q. When you go to Beacon Farm to buy milk, who do you deal with?

A. Raymond.

Q. This man and his wife have nothing to do with that?

A. Absolutely not.

Q. Where were you when you were having the discussion or argument with this man on the truck? He drove to the entrance to the Lighthouse reservation, is that correct?

A. Yes.

Q. He must have driven down there then particularly to talk to you?

A. He did.

BY MR. LITCHFIELD.

Q. When you left the farm, was she in good spirits?

A. She was in good humor. When I left she waved to me.

Q. Did she complain that you had insulted her?

A. No.

Q. This man Harold, does he appear like an educated fellow, or an ignorant fellow? Would you call him a fellow that had any schooling?

A. I don't think he has had very much schooling.

Q. Has he ever written you a letter or anything in regard to this matter?

A. No. This is the first I have heard of it. I heard it was sent in, but I didn't know anything about the contents.

BY MR. OCKENFELS.

Q. You mean you had heard he had sent a letter in?

A. Yes, Jensen bragged about it.

Q. How old a man is this Harold?

A. I should judge around 25 to 30 years.

Q. About old would you say his wife is?

A. In her early twenties.

BY MR. LITCHFIELD.

Q. When you left her, did she invite you to come again, or tell you not to come?

A. She didn't tell me not to come.

BY MR. OCKENFELS.

Q. What is the name of that man from the Amtorg Corp. who visited the station?

A. I couldn't tell you his name.

Q. Do you know what his address is?

A. No. He is an interpreter for the Amtorg Corp.

Q. Didn't you say you stopped at this farm to find the address?

A. No, I stopped to find out if they would come out to the farm again.

Q. What information did you get as to that?

A. All the information I got was the lady didn't know when he would be coming out again.

Q. As I understand it, they are friends of this man Harold?

A. I believe they are relatives.

Q. Have you any statement that you would care to make in regard to either one or both of these occurrences that were reported?

A. Only that I was told about a week ago that this complaint had been filed, and Mr. Jensen was the instigator of it and was around town bragging about it for having this man file a complaint about me. This woman is known locally as being pretty loose, and of course I never had any dealings with her. I know there are quite a few who have had dealings with her. I was told she is not as clean as she might be. This whole thing has been cooked up by Mr. Jensen

BY MR. LITCHFIELD.

Q. When that fellow and his wife came to the station that night on the truck, did he ask her any questions, or did she have anything to say?

A. No, she never said a word.

Q. She didn't deny anything?

A. She never said a word. It is just a plain frameup, that's all it is. Jensen is going to get me off that station one way or another.

BY MR. OCKENFELS.

Q. You stated that this man had asked you to apologize to his wife, and you indicated that you told him you were willing to do that, although you stated there was no reason. Did you ever apologize to her or have anything to say about it?

A. I told her I was sorry my stopping there had bothered her and that I wouldn't stop there again.

DEPARTMENT OF COMMERCE

Q. Have you any other statement that you would care to make?

A. This girl had been running around with this fellow and several more and finally got caught and this fellow was the goat who married her. I don't know how long she had been in that condition, but I know that's a fact, and they had quite a time straightening it out between them.

Q. How long have they been married?

A. Two or three months.

Q. Didn't I understand you to say that both this man and this woman were living at this farm since you came to Eatons Neck?

A. No. The man was living there.

Q. And how long has this woman lived at Beacon Farm?

A. Since the latter part of September.

Q. Did she live there on the farm before she married this man?

A. No.

Q. Where did she live prior to coming to the farm?

A. Centreport, but she spent a lot of her time around Huntington station.

Q. How do you know for a fact that the circumstances are true in regard to this man and woman marrying?

A. I heard it from the farm manager.

Q. What is the name of the farm manager at Beacon Farm?

A. Edward Raymond.

Sir:-

1. In connection with the investigation of the subject of your letter of November 13th, it is very desirable to obtain some corroboration, if possible, of the conduct as described in your letter. As it appears that on October 12th when your wife visited Eatons Neck Light Station she was accompanied by two other persons, a man and woman, who are relatives of your family, it is quite possible that these two persons observed the conditions as stated in your letter. Will you kindly ascertain whether they did observe the conditions referred to, and if so, obtain from one or both of the persons a statement describing Mr. McLintock's conduct while he was conducting the three persons through the light station on October 12th.

2. In connection with the occurrence of October 21st on which date it is stated that Mr. McLintock visited your home, please advise whether it is possible for you to furnish any information or evidence that would tend to corroborate any part of the information furnished in your letter of November 13th.

3. Any additional information you may be able to furnish will better enable this office to take proper action in the matter.

Respectfully,

/s/ J. T. Yates,
Superintendent.

Honorable Robert L. Bacon,
House of Representatives,
Washington, D. C.

Dear Mr. Bacon:

Supplementing my acknowledgment of your letter of December 5, 1936, in the matter of conduct of assistant keeper at Eatons Neck Light Station, I am able to advise you that this matter was first brought to the attention of the Superintendent in charge of that District by a report from the principal keeper of the light station, and that Mr. Metzner's letter of November 13th appears to have been written in response to an instruction from the District Superintendent as per copy enclosed. Pursuant to this correspondence the Superintendent's office has been engaged in a thorough and careful inquiry into the circumstances, with a view to a correct determination of the facts with sufficient corroboration to sustain disciplinary action in the case. Such corroborating statements were requested of Mr. Metzner on December 4th.

I am pleased to be able to give you this prompt assurance that there has been no lack of diligence on the part of the District office in making inquiry into this matter, the necessity for thoroughness in which is accentuated by the ill feeling recognized to exist between the principal keeper and his assistant, and the claim on Mr. McLintock's part that the original report to the Superintendent by the principal keeper was made to suit his own purposes in his endeavor to get Mr. McLintock removed from the station.

The inquiry is approaching conclusion, pursuant to which action deemed proper will be promptly recommended.

Very truly yours,

H. D. King
Commissioner of Lighthouses.

Memorandum.

I conferred with Mr. Ockenfels on December 10th regarding the charges against Mr. McLintock. I found that the district had forwarded to the Bureau quite a complete report, to which there is little to add at the present time. The district is hopeful of securing from Mr. Metzner the names and addresses of the men and woman who accompanied Mrs. Metzner when she visited the light station and from them statements that will tend to conform or deny the accusations against McLintock. All proper action in the case seems to have been taken except it was unfortunate that prompt acknowledgment of Metzner's letter of November 13th was not made. In conveying Metzner's letter to Judge Hawkins, Keeper Jensen would seem to have left the impression that the district office was doing nothing in the case, although he had received a letter from the office asking him to secure any possible information tending to show the truth or falsity of the charges. It will evidently be necessary to call Jensen to account for this, but Mr. Ockenfels felt that it would be better not to do it until the other matter had been more fully cleared up.

Jensen apparently has distinct eccentricities which makes it hard for him to get along with a subordinate, although he is otherwise apparently a good keeper. It is understood that he is due to retire in a few years. Early separation of these two men appears desirable, regardless of the outcome of this particular incident.

December 16, 1936, 193...

Superintendent of Lighthouses,
Staten Island, N. Y.

Undersigned respectfully requests that you take under due consideration my sincere request to permanently transfer the assistant keeper A. A. McLintock from Eatons Neck Light Station.

The reasons for this request are many and well founded such as inability to get along in a peaceful manner with his superior, constantly working against him instead of for him, thus retarding the efficient operation of the Light Station, his belligerent and unfriendly manner to practically all the residents of this neighborhood and to visitors in particular, and the charges recently lodged against him by Mr. Harold Metzner of Eatons Neck, N.Y., concerning the sex-crazed behavior of McLintock against his wife Mrs. Metzner. Undersigned, who has two daughters of his own respectively 14 and 17 years old, who most of the time reside in the Light Station with me and who sometimes are left alone at home, is kept in constant fear that something of the experience which befell Mr. Metzner also may be my experience as it is my sincere belief that McLintock sometimes becomes a virtual slave of uncontrollable impulses and at such times just does not seem to care what he is doing or who he is hurting. That Mr. Metzner's charges are wholly true, that his wife was kept a prisoner by McLintock for hours under all kinds of threats, etc., have been undeniably ascertained by undersigned.

It is my sincere belief that it is for the best operation and efficiency of the Light Station here and the Lighthouse Service as a whole, and also for the best interest of McLintock that he be transferred to another Light Station at an early date and it is hoped that my recommendation in this respect be given consideration.

Respectfully,

Dear Sir:-

In reply to your letter of December 18th, I wish to inform you that my wife and I went to see Mr. and Mrs. Metzner, and Mrs. Metzner was very much upset, and she went into detail and told us about what happened, that Mr. McLintock kept her prisoner from about 3 P. M. to 6 P. M. on the porch of the house, and passed all kinds of remarks and clippings to her, and said "If you don't come with me back of the garage I will take you by the legs and pull you there. This can all be verified by contacting Mr. and Mrs. Harold Metzner, whose present address is c/o Java Farms, Annapolis, Maryland, and they will be glad to testify under oath at any time that this is the truth and nothing but the truth. Charges preferred against Mr. McLintock in the past he has always denied, which he has also done in this case, but this matter can be proven by getting in touch with Mr. and Mrs. Metzner at the address given herein.

Dear Sir:

Enclosed is the registered letter which I received from Mr. Harold Metzner. This letter's evidence and firmness back any of the charges I have reported concerning the affair.

I had been asked by Harold Metzner to report this matter to you and it has nothing to do with any personal feelings toward McLintock.

McLintock has denied all the charges ever made against him but in all cases, it is plain to be seen that he refuses to own up to his actions and tell the truth.

In reference to your letter of December 18 requesting additional information concerning the matter I wish to state the following: Mrs. Lynn Harsh, a resident of Eatons Neck and who lives one-quarter of a mile from the cottage occupied by Mr. and Mrs. Metzner said that on her way to the village in the afternoon on the date that this affair took place, October 21, 1936, she saw McLintock's car parked in the front of Metzner's cottage and that it was there an hour and a half later when she returned. When asked to sign the above statement she declined because of fear of McLintock's revenge.

I trust that this information will satisfy your requests and hasten your action in the matter.

Superintendent of Lighthouses,

Dear Sir:-

I wrote you a letter some time ago, making a complaint against Mr. McLintock, assistant lighthouse keeper at Eatons Neck. Nothing was done about the matter. I did not even receive an answer from you. I feel that a grave offense was committed and therefor I will not neglect it until retribution is made. I am still a resident of Northport, just working here temporarily. In this letter I am going to repeat all the details of the complaint I made to you in my first letter and have it sworn to before a Notary Public.

On October 12, 1936, my wife and some relatives visited the Eatons Neck Lighthouse. When the party were descending the lighthouse stairs and the others were temporarily out of sight, Mr. McLintock put his arms around my wife and made amorous advances, which she repulsed. He had never seen my wife before, he was a total stranger to her. This offense he committed while on duty. I did nothing about this.

On October 21, 1936, Mr. McLintock knowing that my wife was alone, because he had seen me working in the fields on the farm, again visited my wife on the lawn of our home. He made such forcible amorous advances this time that my wife had to strike him with the book she was reading to protect herself. Among the things he did was to seize and kiss her and told her that he would grab her by the legs and drag her to the back of the house if she did not come with him peacefully. Fortunately he did not attempt this. I visited Mr. McLintock that evening and he acknowledged his guilt, by profusely apoligizing to me and my wife.

In an affair like this it is obvious that there are no witnesses or else the offense would never be committed.

My wife and I swear before this notary that every thing in this letter is the whole and unexaggerated truth.

SUBJECT: A. A. McLintock, Assistant Keeper, Eatons Neck Light Station.

REFERENCE: Bureau endorsement December 7th, and endorsement from this office December 9, 1936.

1. By letter of December 4, 1936, copy of which was forwarded to the Bureau, Mr. Metzner was asked to furnish any possible information or evidence that would tend to corroborate any part of the information furnished in his letter of November 13th, since without corroboration of at least some points of the complaint, the matter stands as the word of Mrs. Metzner against assistant keeper McLintock, and under such circumstances it is doubtful as to whether charges, if preferred against Mr. McLintock, based on the complaint of Mrs. Metzner, could be sustained. No reply having been received from Mr. Metzner to letter addressed to him under date of December 4th, another letter was addressed to him under date of December 18th, copy enclosed, but to date a reply has not been received. Enclosed for the Bureau's information is copy of letter from Keeper Jensen dated December 16th; copy of letter addressed to Keeper Jensen December 18th; copy of letter of December 22nd from Keeper Jensen, which while pertaining to the subject, supplies no information or evidence that would assist in the solution of the matter. Mr. Jensen's letter of December 22nd having reported that Mr. Metzner's present address is at Annapolis, Maryland, under date of December 24th copies of letters of December 4th and 18th were forwarded to Mr. Metzner at the Annapolis address soliciting a reply in the matter, which however has not so far produced any results.

2. There is enclosed herewith copy of letter of December 30th from Keeper Jensen forwarding a letter dated December 26th from Mr. Metzner, which letter he evidently sent to Keeper Jensen for delivery to this office. Copy of the latter letter is enclosed. The letter of December 26th from Mr. Metzner is practically a repetition of information furnished in his previous letter, and ignores the

letters addressed to him by this office which solicited any possible information or evidence that would tend to corroborate the assertions made in his original complaint.

3. In view of the fact that Mr. Harold Metzner and his wife are now residing at Java Farm, Annapolis, Maryland, and since up to the present time this office has been unable to obtain a response to letters addressed to him, it is suggested, if the Bureau approves of the idea, that a Bureau representative personally call on Mr. Metzner at Annapolis, Maryland, for the purpose of interviewing Mr. Metzner and his wife and obtaining any possible additional information that would tend to corroborate the charges that have been made by Mr. Metzner against assistant keeper McLintock, and at the same time obtain the names and addresses of the man and the woman who were with Mr. Metzner's wife when the party visited Eatons Neck Light Station on October 12, 1936, since if there was an occurrence of improper conduct while these persons were visiting the station, it is very possible that these two persons may have observed some condition, circumstance, or act, that was out of the ordinary.

It seems quite remarkable that no reliable data can be obtained from this Metzner has avoided communication with Dept.

Memorandum:

In connection with the 3rd Superintendent's attached letter of January 5, regarding keeper A. A. McLintock, attention is invited to the Deputy Commissioner's memorandum of December 12, at the bottom of the attached file, the last paragraph of which relates particularly to the character of principal keeper Jensen.

It appears that the 3rd Superintendent has been endeavoring to obtain corroborating evidence of the charges made against McLintock, and that the Superintendent considers that owing to his nature, Jensen does not appreciate the distinction between evidence and his own ~~work~~ word or opinion, + this view of Jensen appears confirmed

Aside from the Bureau's determination, on the suggestion of the Superintendent in paragraph 3 above, of contacting Metzner at Annapolis, it appears that the Bureau's view as to the separation of these two keepers should be acted upon by the Superintendent as early as opportunity permits.

Attention is also called to the Bureau's letter to Congressman Bacon in regard to this matter under date of December 10. It appears that the Bureau's letter to Mr. Bacon practically concluded the matter as respects Mr. Bacon's interest, and that no further letter to Mr. Bacon was contemplated, but that upon the ascertainment of the necessary facts, the Bureau would take the appropriate action.

FEBRUARY 4, 1937.

Returned to Superintendent of Lighthouses, Staten Island, N. It is considered, however, that there is grounds for cautioning Keeper McLintock found in this matter with regard to conducting himself altbgether in a manner becoming a keeper of the Service. It is also noted that his transfer has been pending for some time, and it is requested that your office arrange for McLintock's transfer at an early date, and also caution him along the line above indicated.

It is requested also that your office pursue further with keeper Jensen in the matter of his conveying a report to Judge Hawkins and apparently leaving the impression with Judge Hawkins that no action is being taken by the Service with regard to Metzner's complaint, when Jensen was apparently quite aware of the Superintendent's action in investigating the circumstances. It is also requested that Jensen be required to answer McLintock's statements with regard to Jensen's bragging that he would get rid of McLintock. If Jensen is shown to have done these things, he should

1. In accordance with the first paragraph of Bureau's endorsement of February 4th, a letter of caution has been addressed to Mr. McLintock, Assistant Keeper, Eatons Neck Light Station, and copy thereof is enclosed.

2. In reference to paragraph 2 of Bureau's endorsement of February 4th, which has reference to letter written by Judge Hawkins, under date of November 28, 1936, the Bureau is advised that Keeper Jensen happened to call at this office on other business on January 28th, and while here he was questioned in reference to the general contents of the letter written by Judge Hawkins, and copy of testimony of January 28th is enclosed, from which it will be seen that Keeper Jensen denies that he indicated to Judge Hawkins that no action had been taken in reference to the complaint of Mr. Metzner but admits that he did deliver to Judge Hawkins the letter written by Mr. Metzner. Keeper Jensen denies that he advised Mr. Metzner to write a letter to Judge Hawkins but admits that he stated to Mr. Metzner that it would not be a bad idea to write such a letter. The matter of Keeper Jensen bragging about the complaint against Asst. Keeper McLintock and that McLintock would be removed from the station has been taken up with Keeper Jensen, and copy of his reply in the matter dated February 10th, is enclosed. While there is no proof that in the opinion of this office would justify action against Keeper Jensen, it is unfortunately one of his personal characteristics to talk too freely, and it is quite probable that he has done much more talking about affairs at Eatons Neck Light Station than has been admitted. It is believed that the best solution of the condition at this station is to transfer the assistant keeper to another station at the earliest practicable date, it being proposed to transfer him to the position of 1st Assistant Keeper of Stamford Harbor Light Station, authorization of which has heretofore been recommended. If, when some other person is assigned to duty as assistant keeper

at Eatons Neck Light Station, Keeper Jensen has difficulties with the new assistant keeper, there probably will be no alternative but to transfer Keeper Jensen to some other station, which action would have been seriously considered heretofore were it not for the fact that Jensen is close to retirement age.

SUBJECT: Complaint alleging misconduct on your part.

REFERENCE: Hearing on November 20, 1936.

1. You are advised that investigation of the complaint referred to above, which had reference to visitors who called at Eatons Neck Light Station on October 12, 1936, and to your visit at Beacon Farm on or about October 31, 1936, gives reason for the belief that the complaints were not groundless and that your conduct on those dates was not altogether becoming a keeper of this Service and such as to be above criticism, which necessarily reflects upon the Service as well as upon yourself.

2. You are hereby cautioned for your action in conducting yourself on the occasions mentioned in such a manner as to bring about complaints against you, and you are instructed to hereafter exercise the utmost care to see that there is no repetition of a similar nature in the future, attention being invited to paragraph 6 of Instructions to Employees which has reference to personal conduct.

1. There is forwarded herewith nomination Form 73 covering the transfer of Andrew A. Nominations of Assistant Keeper for Saybrook Breakwater and of 2nd Assistant Keeper for Stamford Harbor Light Stations will be forwarded shortly.

2. There are families residing at both stations, and until such time as the changes in personnel are made and the families removed, it is not practicable to proceed with the alterations and work of installing power fog signals, since one of the first things to be done is to dismantle the rooms at present used as kitchens and make necessary changes in an upper room so that it may be used as a kitchen, which changes, together with the fact in each case the quarters are reduced by one room, makes it impracticable and inadvisable to start the work until the families are removed and assistant keepers provided.

The immediate cause arose from a complaint against Mr. McLintock of improper conduct toward a woman visitor at the light station on October 12, 1936, the allegations of which if proved would doubtless have required his dismissal. The Superintendent and the Bureau have not considered the allegations to be sufficiently substantiated to justify dismissal, but a cautionary letter was addressed to McLintock by the Superintendent on February 15, 1937. Owing to the unpleasantness created in the neighborhood by this incident (see letter of December 5, 1936 from Hon. Robert L. LIGHTHOUSES
MAY 29 10 18 AM '37

MAY 27 1937

Honorable Stephen Gibbons,
Assistant Secretary of the Treasury,
Washington, D. C.

My dear Mr. Gibbons:

Further reference is made to your letter of May 15, 1937, enclosing one of May 10th from the Honorable Charles H. Sullivan of Northport, New York on behalf of Mr. A. A. McLintock, Assistant Keeper in the Lighthouse Service. The record of the Department in the case of Mr. McLintock has been carefully reviewed and I wish to explain that his transfer from the position of Assistant Keeper of Eatons Neck Light Station to First Assistant Keeper at Stamford Harbor Light Station, Conn., was proposed for the good of the Service on account of friction between him and the Principal Keeper at Eatons Neck Light Station and also on account of unsatisfactory conditions there which menaced the effective operation and maintenance of the station.

The special necessity for this action lay in complaints against Mr. McLintock on account of treatment of visitors at the light station, in 1933, and more particularly in October 1936. In addition to this Mr. McLintock was cautioned by the Commissioner of Lighthouses in August 1936 for non-cooperation and insubordination. These incidents, together with the friction existing between him and the Principal Keeper, as above noted, convinced the Department upon his record as a whole that the public interest required Mr. McLintock's transfer from the station at Eatons Neck.

As to family quarters at the Stamford Harbor Light Station, it is true that same are not provided, but Mr. McLintock received adjustment of cash pay on this account, his salary being increased from $1,320 to $1,500 per annum. Note is also made of the statement that the Keeper of Eatons Neck Light Station, Mr. Arthur Jensen, seeks to have his son appointed Assistant Keeper. The Department has received no information previously as to this and, in fact, a successor to Mr. McLintock as Assistant Keeper of Eatons Neck Light Station, who is understood to be of no relation to Mr. Jensen, has been appointed by the Department, this successor having been selected from those eligible on the basis of an excellent record of nearly 14 years prior employment in the Lighthouse Service. Moreover, as this is a Civil Service position, any incumbent must necessarily comply with Civil Service rules and procedure.

Sincerely yours,

J. M. JOHNSON,
Assistant Secretary of Commerce.

The coal barge M.T. Farrell owned by Daley Bros. of New York City, caught fire while anchored East of the station. The second Assistant Keeper and I went aboard the barge and helped the barge Captain to fight the fire. The tug Ruth MacDonald of Bridgeport, came into the harbor and passed us a line of hose, which helped us to get the fire under control before the tug Bridgeport of the Red Star Line returned from Stamford Harbor for the barge Farrell, which she was to tow to Huntington, Long Island.

Subj: Retirement Pay vs Social Security Benefits

Ref: (a) Your letter dated 14 October, 1965

1. In reply to reference (a) you are advised that your eligibility to receive Social Security benefits will not affect your retired pay. Neither will the receipt of retired pay bar you from receiving the Social Security benefits awarded by the Social Security Administration.

2. Military personnel did not participate in the Social Security program on a contributory basis until 1 January 1957. Since you were retired on 1 February 1947, it is assumed that you were gainfully employed subsequent to your retirement in work covered by the Social Security Act.

3. Since you were retired for physical disability and your retired pay is based on a physical disability retirement, active military service performed after 15 September 1940 and before 1 February 1947 is available for free social security wage credits. However, unless you were gainfully employed after retirement, what benefits, if any, this military service would provide is a matter for determination by the Social Security Administration.

Form 286

At a Superior Court, holden at Bridgeport, within and for the County of Fairfield on the 12th day of December 1941.

Present, Hon. ERNEST A. INGLIS Judge.

CHARLES E. BLANEY, JR.

of Norwalk, said Fairfield County

vs.

NATALIE WEED BLANEY

of said Norwalk.

Superior Court,

Fairfield County,

December 12 1941.

This action, by writ dated May 22, 1941, and complaint claiming a divorce ~~and custody and support of minor children, alimony and a change of plaintiff's name~~, as on file, came to this Court on the first Tuesday of June 1941, when the parties appeared, and thence by continuance to the present time, when the plaintiff appeared to prosecute said complaint, ~~but the defendant made default of appearance~~ said action having been placed on the uncontested list by order of Court.

The Court finds that at the date of this complaint the defendant was a resident of Norwalk in the State of Connecticut, ~~absent from this State and gone to parts unknown~~, and that said writ and complaint have been duly served upon the defendant, in this State, as appears by the officer's return thereon endorsed, ~~pursuant to an order of notice made thereon by the Clerk of this Court, and that the defendant has actually received notice that this complaint is pending~~, and that said complaint has been pending in this Court more than ninety days from the return day thereof.

The Court having heard the plaintiff, finds the following allegations in said complaint to be proved and true:

1. The plaintiff ~~by the name of~~ was lawfully married to the defendant on the 13th day of March A. D. 19 26.

2. The plaintiff has ~~and defendant have~~ resided continuously in this State three years next before the date of this complaint.

3. On or about the 1st day of April 1934, the defendant wilfully deserted the plaintiff, and has continued said desertion, with total neglect of all the duties of the marriage covenant on her part to be performed from thence for more than three years, and until the date of this judgment.

~~The defendant for more than years last past has been and now is habitually intemperate.~~

~~The defendant on divers days between and the date of this writ has been guilty of intolerable cruelty to the plaintiff.~~

Whereupon it is adjudged that said Charles E. Blaney, Jr. be and he hereby is divorced from said Natalie Weed Blaney and he is
