Mrs. Marie V. McNab
416 Maryland Drive
Grass Valley, California

My dear Mrs. McNab:

Information has been received at Coast Guard Headquarters of the death of your husband, Neil Fife McNab, Chief Boatswain's Mate (AN), United States Coast Guard, Retired. It is realized that in time of your bereavement consideration of financial matters concerning your husband's estate is difficult and trying. However, experience indicates it is best to handle these matters as expeditiously as possible.

It is requested that a certified copy of the certificate of death be forwarded for our records.

At the time of death there was due your husband retired pay for the period 1 - 12 March 1961. Retired pay ceases at the death of a retired member and eligible dependents surviving are compensated by laws which are administered by the Veterans Administration. Veterans Administration Form No. VB 8-534, "Application for Dependency and Indemnity Compensation or Death Pension by Widow or Child" and Veterans Administration Form No. 21-530, "Application for Burial Allowance" are enclosed to aid you in making application for the Veterans Administration death benefits that may be available to you. It is requested that an itemized funeral bill be forwarded to substantiate your application for the burial allowance.

Four Forms No. SF-1174, "Claim of Designated Beneficiary for Unpaid Pay and Allowances of Deceased Member of the Uniformed Services" are enclosed to aid you in making application for the final retired pay due. These forms are to be completed in the presence of two witnesses. The original and two copies of the claim with a copy of this letter should be returned to Commandant (PS-1).

If you have any uncashed pay checks in your possession these should be returned to Coast Guard Headquarters with the completed Forms SF-1174 for inclusion with the claim for the final retired pay due. Any other uncashed Government checks should be returned to the issuing agency.

Public Law 569, 84th Congress, entitled Dependents Medical Care Act provided medical treatment in medical facilities of the uniformed services for the unremarried widows and dependent children of deceased military personnel.

FCP mdm.

New cards are necessary, as the cards you may now have are no longer applicable. Two Forms, DD-1172, "Application for Dependents' Authorization for Medical Care Card" are enclosed to aid you in making application for medical care benefits. It is requested that both copies of this form be returned to Commandant (PS-1). Upon receipt of the completed applications they will be processed at Coast Guard Headquarters and then returned to you so that a DD Form 1173, "Uniformed Services Identification and Privilege Card" may be issued.

When the enclosed forms have been completed return them to Commandant (PS-1) in the enclosed pre-addressed envelope.

Sincerely yours,

A. C. WAGNER

SN: 221 - 345

Gentlemen:

When I was discharged from active service, I made application to continue my N.S.L.I. through the V.A., and requested that future payments be withheld from retired pay I would receive. This was not accomplished, as indicated by the attached self-explanatory letter.

The letter states that an allotment should be established in the amount of $9.45 effective Jan. 1, BUT, I've made the January payment, so would appreciate your establishing the allotment as of February 1, 1957 to pay the March 1957 premiums. My insurance number is: RS 1930 19 62.

I shall appreciate your advising me when this allotment has been accomplished. Thank you.

Very truly yours,

Position No. _____

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of the Act Approved June 30, 1932.

Bureau or Office: **Lighthouses, 18th district, San Francisco, Calif.**

Position: **Keeper (2d asst.)**

Compensation: **$1560 ($1560-1920) p.a., gross pay and range**

Location: **Ano Nuevo Island Lightstation**

Appropriation: **Salaries, Keepers of Lighthouses**

Date of Vacancy: **About May 15, 1934**

Justification: **The vacancy in this position will arise through the promotion of the present incumbent, whose gross pay is $1560 per annum, to a vacancy of first assistant keeper at the same station.**

The complement necessary for the operation of this station is three keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The non-filling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

It is proposed to fill this vacancy by selection from a civil service register of eligibles, with pay at the minimum of the grade, there being no qualified furloughed persons available for transfer thereto.

In filling this position the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

Approved:

Secretary of Commerce.

Recommended by:

W. P. HARMAN

Acting Commissioner of Lighthouses

(Head of Bureau or Office)

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority
of the Act Approved June 30, 1932.

Bureau or Office : Office, Superintendent of Lighthouses, 18th District,
San Francisco, Calif., April 28, 1934

Position : Keeper (Second Assistant)

Compensation : $1320.00 A. Range $1320-$1680

Location : Ano Nuevo Island Light Station

Appropriation : Salaries, Keepers of Lighthouses

Date of Vacancy : May 1, 1934, or as soon thereafter as present incumbent, Holger H. Hansen is transferred to Pigeon Point Light Station.

Justification : This is an important coastal light station located on an island offshore and accessible from the mainland only by boat at times of high water which permits navigation through the rocky reefs lying offshore between the mainland and the island. There is a flashing light with revolving lens and a first-class fog signal operated by means of engine-driven air compressors.

The station is visited about once in three months by Lighthouse Tender and in the meantime keepers must transfer their own supplies by packing them for a distance of a mile and a half over sand dunes between the county road and the shore.

Keepers are isolated for days at a time on account of unfavorable weather and tidal conditions and three keepers are necessary for proper maintenance of the station and furnishing necessary shore leave.

Commissioner of Lighthouses:

1. There is enclosed a copy of a letter from the District Commander of the 12th District, U. S. Coast Guard, dated October 20, 1938, relative to assistance rendered by certain of the Keepers at the Pt. Reyes Light Station in October, last, at the time of the loss of an airplane and a number of its passengers adjacent to the Pt. Reyes Light Station.

2. The Keeper of the light station was on watch at the time the airplane landed in the ocean, and he immediately called the Coast Guard Station, notifying them of the occurrence, and he also directed the Assistant Keepers to render such assistance as might be possible in rescuing any survivors from the wreck.

3. It is not considered that this is a case requiring commendation of the Bureau or the Department, the Superintendent having already acknowledged the assistance and cooperation given by these employees to the Coast Guard.

4. The matter of reporting this occurrence at an earlier date was inadvertently overlooked.

TEXT OF DISTRICT COMMANDERS ENDORSEMENT OF INVESTIGATING OFFICERS REPORT

Recommendation of Investigating Officer is approved to the extent that there is no affirmative written evidence to the effect that the household goods were damaged while in possession of the Coast Guard or the Storage Company. However, the circumstances appear to be mitigating in favor of the claimant as the testimony of the Commanding Officer of the WILLOW and the Officer in Charge of Farallon Island Light Station is to a large extent based upon memory in lieu of documentary evidence. It is reasonable to conclude that the damage occured while such goods were in possession of the Coast Guard. Therefore, it is recommended that 50% of the claim be allowed.

6. The property was transported to CG Depot, YBI by the CGC Willow 21 June, 1955.

7. The Coast Guard sometime later had the property stored by Lynch and Son, San Francisco, California.

8. The property was turned over to the OinC Farallon Island Light Station in good condition 14 June, 1955, and was stored in a good dry building.

9. The property was packed in wooden boxes and three cardboard barrels 7 June, 1955, by myself.

10. The property was delivered to 416 Maryland Drive, Grass Valley, California, 29 July, 1956, as near as I can remember.

11. The property was unpacked 12 September, 1956, and all was in good condition with the exception of one box which had got wet and the property in this box was mildewed or rusty.

12. I was transfered from the Farallon Island Light Station 14 June, 1955, and had to leave my household effects at the station to be shiped later as an 83 footer made the trip on that date and some of the boxes were too large to handle in the 20 foot launch at the station and get them aboard an 83 footer.

13. It is impossible for me to state exactly how the one box got wet as I was not on the station at the time at the time the property was shiped.

PE-72

14. However I do know it is very difficult to transfer boxes from the Farallon Islands to a ship with out getting some of them wet as I was stationed there for 3-1/2 years and seen many things get wet. Several times boxes of groceries were lost overboard and many times the boxes were thouroughly wet.

1. In compliance with reference (a), subject information is forwarded.

2. House Hold Goods are normally stowed inside the fo'c's'le of the ship while being shipped to or from a unit. If space limitations prevent this, due to large amounts of cargo, the larger units of furniture and appliances are stowed on the buoy deck and covered with canvas.

3. On 21 June 1955 this vessel made an uneventful trip to the Farallon Islands. The weather was overcast; sea condition 0 (No Swell); wind from the NW, force 1; visibility varied from nine (9) to three (3), and some fog was experienced. The weather information obtained from this unit's log indicates that at no time during the trip could the buoy deck have been awash from the sea.

4. Interviews with personel attached to this unit failed to provide any additional information about this specific trip.

From: Officer in Charge, Farallon Island Light Station.

Subj: Personnal Belongings; information concerning.

1. In reply to your letter received on 20 November, 1956 concerning shipment of your personal belongings upon your detachment from this unit, the following information is forwarded.

a. The outside of the boxes when they left this unit, asnear as can be remembered, were dry and in the same condition as when you departed the unit one week previous.

b. It is impossible to say definately whether any of the boxes got wet between the Island and the Tender due to the seventeen month time lapse, since your goods were transported from the unit. It is doubted that any boxes received a wetting however, due to the fact that the sea was from the northwest and only a light breeze of 8 to 12 mph was blowing from the northwest at the time.

c. It is quite certain that your gear was delivered to the servicing tender on the 21 June, 1955, however again this cannot be given as a possitive statement as unit bills of lading are not retained over one year and there was no invoice involved.

d. The servicing tender on 21 June, 1956 was the CGC Willow.
