BUREAU OF LIGHTHOUSES, *Washington, D. C.*, ~~December~~ January 11, 1939

Submitted to the Secretary of Commerce, recommending approval, in accordance with the Act of March 4, 1925, providing for retirement on account of disability in the Lighthouse Service. With reference to Mr. Miladin's disabilities, which include syphilis, attention is invited to the precedent case of John D. Brady, who was retired at the close of January 1931. Attention is invited also to the Eighth Superintendent's letter of December 16 and its enclosures and to Keeper Anderson's letter of December 31, 1938, the last mentioned with reference to Miladin's mode of living during the last five years. In Keeper Anderson's letter of August 5, he states that he visited the hospital that afternoon and was advised that Miladin was receiving treatment for a disease that had been in his system possibly for a number of years.

While the medical certificate in this case is dated November 23, it is brought out in the accompanying correspondence that the keeper entered the hospital on July 29 and did not return to duty thereafter. Therefore, it is considered that retirement should be made effective at the close of August 31 at which time his sick and annual leave was used up and he was dropped from the pay roll, and it is so recommended.

Commissioner of Lighthouses:

William N. Miladin, Third Assistant Keeper, Galveston Harbor Lights, Texas - Application for Retirement

1. Replying to Bureau letter of December 10, 1938, concerning the application of William N. Miladin, Third Assistant Keeper at Galveston Harbor Lights and Fog Signal Station, Texas, for retirement on account of disability.

2. While the certificate of medical examination is dated November 23, 1938, Keeper Miladin was given an application for examination and entered the Marine Hospital at Galveston, Texas, at 3:40 P.M. on July 29, 1938. This application was furnished at the request of the Keeper, who later advised this office that Miladin was receiving treatment for a disease that has been in his system possibly for a number of years, and was not suspected until it had affected his nervous system, his mind to a certain extent, also his hearing. Copy of letter from Keeper Anderson, dated August 5, is attached. On August 29, 1938, Keeper Miladin was transferred from Galveston to the Marine Hospital at New Orleans, La.

3. The last date on which Keeper Miladin performed active duty was July 29. He was carried in a pay status until the close of August, having been granted 40 days sick leave and 29-9/24 days accumulated and annual leave which was all that could be granted to the close of August. His absence beginning September 1st was due to illness or a physical condition upon which he is now applying for disability retirement.

4. A description of duties has been filled in on page 1 of Form 9a. Total service to the close of August has been re-checked and 17 years, 1 month, 24 days is correct.

5. With reference to excerpt from the General Retirement Act relative to proof of freedom from vicious habits, intemperance, or willful misconduct for a period of more than five years next prior to becoming so disabled for useful and efficient service, attention is invited to letter from Keeper Anderson, dated August 5, 1938, copy attached, which gives the history of his case.

6. Inclosed are copy of letter, dated August 8, 1938, written to the Medical Officer in Charge of the U. S. Marine Hospital, Galveston, Texas, requesting a report on Miladin's case, together with reply dated August 15, 1938 from the Public Health Service, Galveston, Texas. Also copy of letter dated September 22, 1938, addressed to the Medical Officer in Charge of the Marine Hospital at New Orleans, requesting further examination and a report of the findings on Form 9a. The delay in submitting report on Form 9a was because of the fact that Mr. Miladin was detained in the hospital for lengthy observation in order that his case could be given careful consideration, and proper report submitted.

Sir:

1. With reference to my letter dated July 26th regarding treatment for W. N. Miladin, Asst. Kpr. at the U.S.Marine Hospital, Galveston.

2. Miladin entered the hospital July 29th, at approximately 3:40 P.M. I visited the hospital this afternoon, and after explaining that I desired to know the approximate time Miladin would be there for treatment, as it was necessary to advise your office, I was advised by a party who is in position to know, that Miladin in receiving treatment for a disease that has been in his system possibly for a number of years and was not suspected until it had affected his nervous system and his mind to a certain extent, also his hearing. It was stated that the disease can be controlled but it was very doubtful that his mind would improve or be any different than what it is at the present time. It was also stated that they could discharge him from the hospital in a couple of weeks and he could return for treatments, or he could remain there and take the complete treatments, which was advised, also an advance treatment for the condition of his mind, if he so desired.

3. It is suggested that your office advise the hospital that he be retained there for the complete treatment, if possible, as I am unable to use him on the work, as it is a very hard matter to make him hear and understand. I have noticed the change in his condition for some time, but it has been so gradual that it was not suspected until the last couple of weeks.

Dear Sir:

1. This office is advised by Mr. G. W. Anderson, Keeper, Galveston Harbor Lights, that it was necessary to have William N. Miladin, Third Assistant Keeper, enter the Marine Hospital for treatment and observation.

2. It would be appreciated if a full report on the case of Mr. Miladin were furnished this office with a statement as to the length of time it will be necessary for him to remain in the hospital, the probable result of treatment, and whether he will be physically fit to continue his duties as a lighthouse keeper. If he will not be physically able to continue his work, steps may have to be taken towards his retirement for disability.

Sir:

In reply to your inquiry of August 8, 1938, wish to advise you that William N. Miladin, Third Assistant Keeper, Galveston Harbor Lights, is still under treatment.

He was admitted for treatment of frontal sinusitis, which soon improved and is no longer disabling. We find, however, that he has tertiary syphilis, having a strongly positive reaction, both in the blood and spinal fluid. Positive reaction of spinal fluid would indicate that the central nervous system is involved. His mental condition at present is not good - the main manifestation is loss of memory and slow mental reactions. He is receiving active anti-syphilitic treatment here but since the syphilis has invaded the central nervous system we think that it is very likely that we will request the Surgeon General for authority to transfer him to the U. S. Marine Hospital, New Orleans, Louisiana, where they maintain equipment for the special treatment of central nervous system syphilis. At present we consider him disabled for his usual occupation and in need of further hospital treatment. I would suggest that no steps be taken towards his retirement until you get another report which, if he is transferred, may be obtained from the Medical Officer in Charge of the U. S. Marine Hospital, New Orleans, Louisiana.

With reference to the application of William N. Miladin, keeper at Galveston Harbor Lights and Fog Signal Station, for retirement on account of disability effective at the close of December 31, it is noted that this employee has been in a leave without pay status beginning September 1, although it appears from the certificate of medical examination that his examination with a view to retirement was not made until November 23, 1938.

It is requested that the Bureau be furnished full details as to the last date on which Miladin actually performed duty, and also the last date he was carried in a pay status, the amount of sick and annual leave given him, and whether or not that amount represents allthat was due him to the close of August 31, state also whether his absence beginning September 1 has been due to illness or a physical condition upon which he is now applying for disability retirement.

It is noted that your office has not filled in a description of the duties of this employee's position on page 1 of Form 9a. It is requested that this be done.

From the information as to service given on page 2 of Form 9, the Bureau finds the total service to the close of August to be 1 day less than that shown by your office. Please check this matter before returning the forms which are forwarded herewith.

With reference to the medical certificate, which shows syphilis among the causes of disability, attention is invited to the following excerpt from the General Retirement Act:

"Provided, That proof of freedom from vicious habits, intemperance, or willful misconduct for a period of more than five years next prior to becoming so disabled for useful and efficient service, shall not be required in any case."

A statement from the Superintendent meeting that requirement in Miladin's case is requested.

BUREAU OF LIGHTHOUSES, *Washington, D. C.*, ~~December~~ January 11, 1939

Submitted to the Secretary of Commerce, recommending approval, in accordance with the Act of March 4, 1925, providing for retirement on account of disability in the Lighthouse Service. With reference to Mr. Miladin's disabilities, which include syphilis, attention is invited to the precedent case of John D. Brady, who was retired at the close of January 1931. Attention is invited also to the Eighth Superintendent's letter of December 16 and its enclosures and to Keeper Anderson's letter of December 31, 1938, the last mentioned with reference to Miladin's mode of living during the last five years. In Keeper Anderson's letter of August 5, he states that he visited the hospital that afternoon and was advised that Miladin was receiving treatment for a disease that had been in his system possibly for a number of years.

While the medical certificate in this case is dated November 23, it is brought out in the accompanying correspondence that the keeper entered the hospital on July 29 and did not return to duty thereafter. Therefore, it is considered that retirement should be made effective at the close of August 31 at which time his sick and annual leave was used up and he was dropped from the pay roll, and it is so recommended.

Acting H. W. HARMAN
Commissioner of Lighthouses.

William N. Miladin, Third Assistant Keeper, Galveston Harbor Lights, Texas - Application for Retirement

1. Replying to Bureau letter of December 10, 1938, concerning the application of William N. Miladin, Third Assistant Keeper at Galveston Harbor Lights and Fog Signal Station, Texas, for retirement on account of disability.

2. While the certificate of medical examination is dated November 23, 1938, Keeper Miladin was given an application for examination and entered the Marine Hospital at Galveston, Texas, at 3:40 P.M. on July 29, 1938. This application was furnished at the request of the Keeper, who later advised this office that Miladin was receiving treatment for a disease that has been in his system possibly for a number of years, and was not suspected until it had affected his nervous system, his mind to a certain extent, also his hearing. Copy of letter from Keeper Anderson, dated August 5, is attached. On August 29, 1938, Keeper Miladin was transferred from Galveston to the Marine Hospital at New Orleans, La.

3. The last date on which Keeper Miladin performed active duty was July 29. He was carried in a pay status until the close of August, having been granted 40 days sick leave and 29-9/24 days accumulated and annual leave which was all that could be granted to the close of August. His absence beginning September 1st was due to illness or a physical condition upon which he is now applying for disability retirement.

4. A description of duties has been filled in on page 1 of Form 9a. Total service to the close of August has been re-checked and 17 years, 1 month, 24 days is correct.

5. With reference to excerpt from the General Retirement Act relative to proof of freedom from vicious habits, intemperance, or willful misconduct for a period of more than five years next prior to becoming so disabled for useful and efficient service, attention is invited to letter from Keeper Anderson, dated August 5, 1938, copy attached, which gives the history of his case.

Also copy of letter dated September 22, 1938, addressed to the Medical Officer in Charge of the Marine Hospital at New Orleans, requesting further examination and a report of the findings on Form 9a. The delay in submitting report on Form 9a was because of the fact that Mr. Miladin was detained in the hospital for lengthy observation in order that his case could be given careful consideration, and proper report submitted.

Sir:

1. With reference to my letter dated July 26th regarding treatment for W. N. Miladin, Asst. Kpr. at the U.S.Marine Hospital, Galveston.

2. Miladin entered the hospital July 29th, at approximately 3:40 P.M. I visited the hospital this afternoon, and after explaining that I desired to know the approximate time Miladin would be there for treatment, as it was necessary to advise your office, I was advised by a party who is in position to know, that Miladin in receiving treatment for a disease that has been in his system possibly for a number of years and was not suspected until it had affected his nervous system and his mind to a certain extent, also his hearing. It was stated that the disease can be controlled but it was very doubtful that his mind would improve or be any different than what it is at the present time. It was also stated that they could discharge him from the hospital in a couple of weeks and he could return for treatments, or he could remain there and take the complete treatments, which was advised, also an advance treatment for the condition of his mind, if he so desired.

3. It is suggested that your office advise the hospital that he be retained there for the complete treatment, if possible, as I am unable to use him on the work, as it is a very hard matter to make him hear and understand. I have noticed the change in his condition for some time, but it has been so gradual that it was not suspected until the last couple of weeks.

Sir:

In reply to your inquiry of August 8, 1938, wish to advise you that William N. Miladin, Third Assistant Keeper, Galveston Harbor Lights, is still under treatment.

He was admitted for treatment of frontal sinusitis, which soon improved and is no longer disabling. We find, however, that he has tertiary syphilis, having a strongly positive reaction, both in the blood and spinal fluid. Positive reaction of spinal fluid would indicate that the central nervous system is involved. His mental condition at present is not good - the main manifestation is loss of memory and slow mental reactions. He is receiving active anti-syphilitic treatment here but since the syphilis has invaded the central nervous system we think that it is very likely that we will request the Surgeon General for authority to transfer him to the U. S. Marine Hospital, New Orleans, Louisiana, where they maintain equipment for the special treatment of central nervous system syphilis. At present we consider him disabled for his usual occupation and in need of further hospital treatment. I would suggest that no steps be taken towards his retirement until you get another report which, if he is transferred, may be obtained from the Medical Officer in Charge of the U. S. Marine Hospital, New Orleans, Louisiana.

With further reference to the proposed disability retirement of William N. Miladin and your letter of December 16 in the matter, it is noted that the only comment from Keeper Anderson with regard to Miladin is contained in Anderson's letter of August 5. It is desired that Keeper Anderson furnish some details as to Miladin's habits and mode of living over the last five years, furnishing details as to his observations of Miladin during that time.

It is noted that the officer making the medical examination did not answer the question, "Do you recommend reexamination with this in view?" on page 2 of Form 9a. The medical certificate is herewith returned with request that he be asked to complete the form in this respect.

8-3 written Dept

Commissioner of Lighthouses:

Transmitted herewith is letter of even date informing Mr. William N. Miladin of his retirement on account of disability.

However, Mr. Miladin's retirement has been approved by the Department subject to the following conditions:

1. That he be treated for a period of at least six months for his general syphilitic condition.

2. That he be re-examined at the expiration of a six-month period, to determine specifically whether the tissue formation in his chest is an aneurism or a soft tissue tumor.

3. That he also be examined at the end of six months to test his mental normality.

It will be appreciated therefore if the Bureau gives the subject of Mr. Miladin's treatment and re-examination its attention.

By direction of the Secretary:

EDW. J. GARDNER.

Chief, Division of Personnel.

BUREAU OF LIGHTHOUSES - WASHINGTON February 28, 1939

Forwarded to Superintendent of Lighthouses, New Orleans, Louisiana, for information and compliance with the Department's instructions. It will be noted that retirement has been made effective at the close of August 31, 1938, the Bureau having recommended this due to the fact that Miladin did not return to duty after he entered the hospital on July 29, and also because his leave expired at the close of August.

Sir:

Reference is made to your letter of August 12, 1939 concerning William N. Miladin, former lighthouse keeper, now retired, who is still confined to this hospital.

You are advised that he was admitted to this hospital on August 30, 1938 and the diagnosis made was syphilis tertiary manifested by asymptomatic neurosyphilis and aneurysm of the aorta. The neurosyphilis has improved under treatment but there has been no change in the aneurysm of the aorta. Fluoroscopic examination on ~~on~~ July 21, 1939 showed no essential change and it was still believed at that time to be an aneurysm. He is considered to be mentally normal.

In view of the lack of improvement in the aneurysm during the past year, it is anticipated that no improvement will occur. Further reexamination is probably indicated within one year.

Dear Sir:

The above died in the City of New Orleans on Dec. 15, 1940, at the residence of his sister, Mrs. Rose Miladin Cheron, 4068 Gentilly Road.

He had been living with his sister for some time.

On Sept. 9, 1939, he made a nuncupative will by public act before Theodore H. McGiehan, notary public, which will made his sister, Mrs. Rose Miladin Cheron, his sole and only legatee.

Under the terms of the will, his sister was put in possession under the proceedings entitled "Succession of William Nicholas Miladin, No. 237,936, of the Docket of the Civil District Court for the Parish of Orleans."

The sister, Mrs. Cheron, requested that I inquire relative to any benefits that may be due to her under the terms of the will of her deceased brother.

Thanking you to advise at your earliest convenience,

Yours truly,

THEODORE H. McGIEHAN

Inclosures:
1. Standard Form 1055.
2. Form 2661, $25.75.
3. Form of waiver.

1. In view of reference (a), in which the death on 15 December, 1940, of the above named man was reported, it is requested that a copy of this letter with inclosures, be delivered to the legal representative or next of kin of deceased.

2. At the time of his death, there was due the estate of deceased the sum of $25.75, covering retired pay for the period 1-15 December, 1940. This retired pay ceases on the date of death and there is no provision of law for the continuance of payments thereof to any dependents. The inclosed papers are forwarded with the request that they be completed as below indicated, and returned to Coast Guard Headquarters, Washington, D. C., with a certified copy of the death certificate.

3. If letters of administration or letters testamentary have been or will be issued, payment of voucher covering money due the estate of the decedent will be made to the duly appointed administrator or administratrix or executor or executrix, who should execute paragraphs 1 and 5 of the inclosed Standard Form 1055, and swear to same in the presence of a notary public or other officer authorized to administer oaths generally. The voucher should be signed by the claimant and returned to Coast Guard Headquarters, Washington, D. C., with the completed Standard Form 1055, and a certified copy of the letters of administration.

4. Should there be no legal representative appointed to settle the estate, the next of kin should complete the inclosed forms and return them to Coast Guard Headquarters. If the funeral expenses have been paid, an itemized bill, properly receipted, should be forwarded with the claim; otherwise, the undertaker who conducted the funeral should sign the inclosed waiver, which should be returned to Coast Guard Headquarters in lieu of the receipted bill.
