Subj: Franto Mollycheck, Keeper; application for disability retirement

1. The application for Mr. Mollycheck for disability retirement has been examined and he has been found to be disabled for further useful and efficient service. The official notice of his retirement will be issued in due time.

2. The circumstances in this case have been examined and it has been determined that it would be to Mr. Mollycheck's advantage if his retirement was made effective at the close of 31 December 1950. This would eliminate the necessity for forfeiting the annual leave in excess of 90 days which he had to his credit on 31 December 1950.

3. Inasmuch as Mr. Mollycheck had sufficient accumulated and accrued sick leave to carry him in a pay status through 31 December 1950, he was entitled to accrue leave, annual and sick, for the entire calendar year. Therefore, he should be paid in lump sum for 848 hours of annual leave covering the period 1 January 1951 through 31 May 1951.

Your Form 73a covering the transfer and assignment of Additional Keeper Mollycheck to Lower Cape Fear River Lights is returned herewith for inclusion of the present and proposed pay and range, in accordance with Bureau Circular 504 of April 6, 1925.

Acting Commissioner of Lighthouses.

Office of Superintendent of Lighthouses,
Charleston, S.C., October 31, 1927.

Commissioner of Lighthouses.

Form 73a is returned herewith it having been forwarded under the misapprehension that a range of pay existed for the position of Assistant Keeper of this group of lights. It was intended to transfer Additional Keeper Mollycheck to the position without change in pay, and the form has been corrected accordingly. There is also forwarded today recommendation that the pay of the position be increased from $1140 to $1200 per annum.

H. L. Beck,
Superintendent of Lighthouses.

Do not concur with Supt.'s rec. re this transfer.

This man has been in service since June 23/27, and is now getting $1200 without quarters. Think he should be transferred at minimum of new range, $1080, as new station has quarters. If transferred at $1080, he would then be getting an increase, viz, $1080, plus $240 (value of quarters), or $1320.

Rec. return to 6th for report and resubmission with proper nomination, + to see Bur circ of 4-6-25 # 504 re procedure under keepers classification system

1. Your form 73a for the transfer of Additional Keeper Franto Mollycheck to St. Simon Light Station, Ga., as assistant keeper at $1200 per annum, is returned herewith.

2. In view of the fact that family quarters are provided at St. Simon Light Station, it appears to the Bureau that this transfer should be made at $1080 per annum, the corresponding range step, as provided for in Bureau circular 504 of April 6, 1925. If Mr. Mollycheck is transferred at this rate of pay, it appears that he will in reality be receiving a promotion on account of being furnished family quarters.

Dear Sir:

Reference is made to your letter dated 20 October, 1950, advising that Mr. Franto Mollycheck, Keeper, would be unable to travel to the U. S. Marine Hospital, Norfolk, Va., for a physical examination for a period of at least 30 days.

In this connection it would be appreciated if physical examination of Mr. Mollycheck is made by an Officer of the U.S. Public Health Service at your office and the attached Form 2523 executed and returned to this office in duplicate. Your prompt action in this matter will be appreciated.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.
