WASHINGTON

SOUTH PORTLAND, MAINE

December 6, 1935

Superintendent of Lighthouses, South Portland, Me.

In reference to the application of Thomas H. Morgan, laborer at Little Diamond Island Depot, for retirement at the close of December:

It is requested that a statement be furnished as to the nature of the duties performed by Mr. Morgan, which should show also whether he is employed in the shop or on field duty.

In the statement by fiscal years of basic pay received during the last five years of active service immediately preceding effective date of retirement, it is noted that the actual pay received is shown as $947.20 for the period September 9, 1933 to June 30, 1934, inclusive. It appears that the total time in that period was 295 days and that at $3.20 per diem the total pay received would be $944, it being understood that the employee received pay for each calendar day. Form 9 is herewith returned for amendment, if found necessary after verification of the actual pay received for the period above indicated. The total service being 16 years, 7 months, and 13 days would appear to give 16.619 for computation of the annuity rather than 16.675 as shown on Form 9; this should be given attention in connection with the other matter.

1. Returned to Commissioner of Lighthouses, Washington, D. C., recommendation for the retirement of Morgan corrected and is resubmitted herewith.

2. Mr. Morgan is performing duty as watchman at Little Diamond Island Depot and is considered to be employed on field duty as better than half his time is spent in making rounds of the property. While he enters buildings incident to this duty he cannot be reasonably considered as employed in a shop.

3. Attention in this connection is invited to Bureau endorsement of August 8, 1935, file No. 3466, on district letter of July 13, 1935, regarding retirement status of watchmen employed at Portland Depot.

Medical Officer in Charge
United States Marine Hospital No. 16
Portland, Maine

Sir:

The bearer, Thomas H. Morgan, at present employed as watchman at Little Diamond Island Lighthouse Depot is a former light keeper of this district who was furloughed because of discontinuance of his station and reemployed in the position of watchman because no vacancies have arisen in the position of light keeper to which he could be transferred. Mr. Morgan is in need of medical treatment and as this office is doubtful as to whether he would retain his eligibility to free treatment under the provisions of section 5 of the act of August 28, 1916, he is being referred to you informally in order that you may consider the case and advise this office.

Mr. Morgan was a master mariner prior to his entrance into the Lighthouse Service but the only affirmative information of the fact which this office has in its records are his own statements contained in his application for the position of light keeper, which application was, of course, made under oath. Any consideration which could be given Mr. Morgan consistent with the Regulations of the Public Health Service will be greatly appreciated.

Respectfully,

In reference to the application of Thomas H. Morgan, laborer at Little Diamond Island Depot, for retirement at the close of December:

It is requested that a statement be furnished as to the nature of the duties performed by Mr. Morgan, which should show also whether he is employed in the shop or on field duty.

In the statement by fiscal years of basic pay received during the last five years of active service immediately preceding effective date of retirement, it is noted that the actual pay received is shown as $947.20 for the period September 9, 1933 to June 30, 1934, inclusive. It appears that the total time in that period was 295 days and that at $3.20 per diem the total pay received would be $944, it being understood that the employee received pay for each calendar day. Form 9 is herewith returned for amendment, if found necessary after verification of the actual pay received for the period above indicated. The total service being 16 years, 7 months, and 13 days would appear to give 16.619 for computation of the annuity rather than 16.675 as shown on Form 9; this should be given attention in connection with the other matter.

Honorable Margaret Chase Smith

My dear Mrs. Smith:

Reference is made to your letter of February 10, 1948, in the interest of Mr. Thomas H. Morgan, Lighthouse Keeper, retired.

The only change in method of computation of retired pay is that resulting from an action in the Court of Claims, which held that the valuation of quarters is a part of compensation for retirement purposes, and a subsequent decision of the Comptroller General, B-70029, dated October 23, 1947. The latter in effect reversed a former decision in that it permits computation of retired pay under the Lighthouse Service Retirement Law of June 20, 1918, as amended, on average gross compensation, inclusive of valuation of quarters. This means that employees who occupied Government quarters for any part of the five years of active service immediately prior to retirement will have their retired pay recomputed on the average gross pay, inclusive of valuation of quarters, for that period.

Since this method of computation of retired pay is applicable only in cases where Government quarters were occupied by the employee during his last five years of service, and since the record shows that quarters were not provided for Mr. Morgan at any time during that period, I regret that no adjustment of retired pay in his case is possible under existing law.

Dear Admiral Farley:

The case of Thomas H. Morgan, Winterport, Maine, has been called to my attention. Mr. Morgan entered the Lighthouse Service at Crabtree Ledge Light, November 1918. He remained there as assistant and keeper until the light was closed April 1933, then ordered to Little Diamond Island Supply Depot as watchman to finish out his time until retirement. He retired December 1935 with monthly pay of $49.46. Mr. Morgan is now 82 years and constantly under the doctor's case. He has no other income and is in need.

It is my understanding that Headquarters is changing the method of computation for certain retired members of the former Lighthouse Service, and I am wondering and hoping that something may be done for Mr. Morgan.

I will appreciate your advice.

Sincerely yours,

Margaret Chase Smith, M. C.
