RESPONSE LETTER

RE: Morrison, Myrick **dob: 9-26-1880** | SOCIAL SECURITY NUMBER

THE REPLY TO THE INQUIRY WILL BE FOUND IN THE CHECKED ITEM(S)

☒ The attached material is furnished in response to your request. official personnel folder copies.

☐ Your request did not specify a particular Standard Form 50, Notification of Personnel Action. We have attached a copy of the most recent form. If you require another SF 50, please include the date of the SF 50 and the specific action shown on the form.

☐ This transcript of employment (which has been prepared from pay records) is furnished in lieu of an official personnel folder, which either was never established or cannot be located. File this transcript as a permanent record on the right side of the official personnel folder established for this employee.

☐ The records of employment with the District of Columbia Government and Defense Non-appropriated Fund activities are not combined with the records of other Federal employment. The attached transcript serves as official documentation of the employee's service in lieu of the folder

☐ This form has not been notarized, as we have no notary available. We have affixed the seal of the National Archives and Records Administration, which is generally accepted as sufficient certification.

☐ We cannot answer questions of a personal nature. Unless otherwise indicated, conduct and performance were satisfactory.

☐ The requested information or document is not in the official personnel folder.

☐ The information you requested is not releasable without either written authorization and signature from the person whose records is involved or proof of that person's death. If you resubmit your request, please return all correspondence.

☐ A search of our records did not reveal a record of the claimed Federal employment. If additional information or documentation can be submitted to verify the information shown in the request or to otherwise support the claimed employment, we will make a further search. If you resubmit your request, please return all correspondence.

☐ Requests involving retirement or insurance information or medical records should be sent to the Office of Personnel Management, Retirement Programs, 1900 E Street NW. Washington, DC 20415-3000.

☐ Pay claims arising from Federal employment should be sent to the agency out of whose actions the claim arose.

☐ Requests concerning amendment or removal of information in the official personnel folder should be sent to the Assistant Director for Workforce Information, Office of Merit Systems Oversight & Effectiveness, Office of Personnel Management, 1900 E Street, NW. Room 7439, Washington, DC 20415-6000.

☐ We do not have the authority to determine civil service status, reinstatement eligibility, or creditability of service. Contact the personnel office with which you are currently employed or seeking employment, or the Office of Personnel Management, 1900 E street, NW. Room 6500, Washington, DC 20415-9300. The attached documents or transcript will assist in making such determinations.

☐ The records you have requested are not on file at this Center.

☐ We suggest you contact the address given below/on the attached printout.

☐ The official personnel folder is not at this Center. Please contact the last or current employing agency.

☐ The agency mentioned in your request does not retire personnel records to this Center. We suggest you write directly to that agency.

☐ Your request, along with the necessary documents, has been forwarded to the office that retains legal custody of the record for processing. Please contact that office at the address given below if you have further questions about this matter.

☐ The requested official personnel folder was sent to the address given below on_____. We suggest you contact that office.

Referral address: [x] Your request for the records of additional lighthouse keepers will be answered under separate cover.

Dear Sir:

I am doing research on the lighthouse keepers that served at several lighthouses near Camden, Maine. My research project will, I hope, lead to two additional books on the history of the local lighthouses. To assist with my research I would like to obtain the U. S. Lighthouse Service records of a number of keepers that served at the lighthouses. The lighthouses and keepers are listed below:

Curtis (Negro) Island Light (name changed from Negro to Curtis in 1934)

Albert Osgood	keeper July 11,1951 to 1956 (I believe keeper Osgood retired in 1956)
Myrick Morrison	keeper March 1, 1938 to 1950 (I believe keeper Morrison retired in 1950 at the age of 70)
Howard M. Gilley	keeper Sept.7, 1896 to Oct. 10, 1909
Henry Wiley	keeper Sept. 20, 1882 to Sept. 7, 1896

Indian Island Light

Charles E. B. Stanley	keeper ? to Nov. 22, 1921
Edmond Coffin	keeper Dec. 1, 1902 to ?
David C. Arey	keeper June 20, 1894 to Dec. 1, 1902
Knott C. Perry	keeper June 9, 1881 to May 4, 1894
Joseph Small	keeper Jan. 22, 1875 to June 9, 1881

Marshall Point Light

Edward H. Pierce	keeper 1923 to 1933 (I believe keeper Pierce retired in 1933)

Thank you for your assistance with my research.

Sincerely,
Ted Panayotoff

June 27, 1939

Mr. Myrick R. Morrison, Keeper
Curtis Island Light Station, Maine

With further reference to my letter of June 17 and your reply of the 19th regarding alleged failure on your part to sound fog bell at your station in answer to a vessel's signals on June 11, further information has been received from the complainant in the form of affidavits of persons present on his vessel which would appear to indicate beyond a doubt that the vessel sounded signals for over a half hour and that when the lighthouse was finally located several loud blasts were blown directly in front of the lighthouse, which should have been easily heard by you, and that at no time did you answer the vessel's signals.

It also appears from your own statements contained in your letter of the 19th to the effect that you saw a boat operating in the vicinity of the island at about 6:00 p.m. on June 11, that the signals should have been sounded for this boat even though you heard no signals from it.

You are cautioned to sound your signal in answer to any signals received from vessels operating in the vicinity of the station in the future, and in any case where your observation indicates that a vessel is operating in the vicinity during fog or, periods of low visibility, and that the sounding of the signal would in any way assist such vessels, even though the vessels may give you no signal.

Any failure on your part in the future to observe the requirements of the regulations in this respect, broadly interpreted in cases where the signal would be of any assistance, will of necessity call for sterner disciplinary action.

Your acknowledgment of the receipt of this letter is requested.

LETTER OF CAUTION

Mr. M. R. Morrison, (Asst.) Keeper,
Goose Rocks Lighthouse, Mr. (Through the Keeper)

It is noted from the Report of Inspection, made of your station on the 8th instant by Asst. Supt. Sampson, that same is in a very bad and neglected condition.

It was also noted that you were not provided with uniforms. This is in violation of the "Instructions to Employees." You are directed to take immediate steps to provide the prescribed uniform for your station.

It was also noted that the record of shore liberty had not been properly recorded.

In view of the above conditions, as found at your station, you are informed that the liberty at your station will be stopped immediately upon the receipt of this letter for a period of three months or longer if deemed necessary.

If it is found upon the next inspection that your station has not been brought up to the required standard, or that you have taken liberty other than that required to obtain mail and provisions, not to exceed six hours at any one time, it will be considered necessary to prefer charges against you and consideration for recommendation towards your dismissal.

Dear Mr. Morrison:

My attention has been called to the fact that you retired from the position of Keeper in the Coast Guard at the close of September 30, 1950, after having rendered more than thirty-three years of honorable service in the former Lighthouse Service and the Coast Guard.

It is noted that your retirement is on account of disability and I wish to express to you at this time my sincere appreciation of your long service, and the hope that your relief from active duty will result in an improvement in your health.

Very truly yours,

INSTRUCTIONS

1. This form shall be submitted for all personnel recommendations including notice of resignation or death. The original shall be forwarded to Headquarters. It is important that all pertinent sections of the form be completed in accordance with these instructions.

2. Under "Nature of Recommendation" indicate clearly the type of action, e.g., war service appointment - indefinite, war service appointment - temporary, reassignment, promotion, resignation, etc. Indicate under "Remarks" any limitation on the duration of the position.

3. When submitting a recommendation for transfer or reassignment within the Coast Guard which involves a reduction in pay or rank, a statement, in duplicate, signed by the employee and indicating that he is agreeable to the reduction shall accompany the recommendation; or if the action proposed is for disciplinary purposes, the reasons shall be given in detail, by letter if necessary, with statement on the recommendation that approval will not be in violation of Civil Service Rules regarding political or religious opinions.

4. In recommendations for separations of employees, indicate under "Remarks" the last date in a work status as distinguished from leave. If the separation involves transfer to another Federal department or agency, attach to Form 2660 a copy of civil service authority and state date employee actually entered on duty in other department or agency.

5. *Definitions of terms used under POSITION CLASSIFICATION OR JOB DATA*

NEW POSITION - Check this space when a position or job is being established for the first time which is entirely new to the organization.

NEW POSITION IN LIEU OF - Check this space when a new position ~~or job~~ is being established in lieu of an existing position which has experienced an increase or decrease in its duties and responsibilities.

VICE CHANGES - Check this space when an employee is being placed in an existing, vacant, previously established position or job which has the identical duties and responsibilities, the same immediate supervisory conditions and the same organizational location as it had when it was originally established.

ADDITIONAL IDENTICAL ACTIONS - Check this space when an additional position or job is being created which has duties and responsibilities identical in all respects with those of an existing position or job. In addition, a IVb position must be identical with a position previously allocated by the Navy Department, in the same "service", "grade", and "class" and must be under the same immediate supervisory conditions within the same organizational unit.

6. In the case of "Vice" or "Additional Identical" actions the signature of the recommending officer represents a formal certification that the definitions contained under instruction 5 are complied with in every respect.

From: Superintendent of Lighthouses, South Portland, Maine.
To: Commandant (via Commander, Boston District).

Subject: Myrick R. Morrison, Keeper, Curtis Island Light Station; letter of caution.

Reference: (a) Superintendent's letter, 27 June, 1939.
(b) Article 440, Regulations for the Lighthouse Service, 1927.

1. In pursuance of instructions contained in reference (b), Headquarters is advised that since the issuance of reference (a) there has been one other complaint received by this office alleging that the subject Keeper was delinquent in sounding the fog bell at his station in answer to signals from vessels. In an investigation of the latter complaint, it appeared that the Keeper had not been delinquent but had been unable to hear the ship's signals due to weather conditions, and therefore no disciplinary action was taken.

2. As this man's record has otherwise been satisfactory in the interim since the issuing of reference (a), it is recommended that no further disciplinary action be taken at this time.

JUN 30 8 52 AM '39

Copy to Dept

Mr. Myrick R. Morrison, Keeper
Curtis Island Light Station, Maine

With further reference to my letter of June 17 and your reply of the 19th regarding alleged failure on your part to sound fog bell at your station in answer to a vessel's signals on June 11, further information has been received from the complainant in the form of affidavits of persons present on his vessel which would appear to indicate beyond a doubt that the vessel sounded signals for over a half hour and that when the lighthouse was finally located several loud blasts were blown directly in front of the lighthouse, which should have been easily heard by you, and that at no time did you answer the vessel's signals.

It also appears from your own statements contained in your letter of the 19th to the effect that you saw a boat operating in the vicinity of the island at about 6:00 p.m. on June 11, that the signals should have been sounded for this boat even though you heard no signals from it.

You are cautioned to sound your signal in answer to any signals received from vessels operating in the vicinity of the station in the future, and in any case where your observation indicates that a vessel is operating in the vicinity during fog or, periods of low visibility, and that the sounding of the signal would in any way assist such vessels, even though the vessels may give you no signal.

Any failure on your part in the future to observe the requirements of the regulations in this respect, broadly interpreted in cases where the signal would be of any assistance, will of necessity call for sterner disciplinary action.

Your acknowledgment of the receipt of this letter is requested.

Sir:

Am writing to ask for permission to put a couch or another bed in my room. Last April my oldest boy at Good Will got his arm caught in the mangle and he has got to stay up there. They are now grafting skin on it. On July 8th I got a letter from Hinckley saying the youngest boy had fallen and broken his arm. Looks as though all I will have home this summer is the little girl and she will want to stay the most of the time on the light with me.

Watchman. Make sure mechanically operated bell is started when visibility is any direction becomes less than a mile. Serve on average of 12 hours per day 350 days inyear. Includes lighting ordinary 4th order lamp at sunset and extin-
63.7 guishing at sunrise, I serving half of night and keeper other half, with periods alternated; make sure clockwork operating revolving lens light functions perfectly during my watch, and that fog signal mechanism functions perfectly when operating; readjust or repair both when required, with occasional overhaulings and cleanings. If either fails to function properly and adjustments can not be quickly made by keeper, or myself, or both, same must be operated by hand until defect is overcome, perhaps by a machinist from headquarters. It is not possible to make sure of sufficient range of visibility at times, particularly when snow threatens, without putting in some time watching out of doors. Much of work below described is performed within this time.

18.1 General cleaning. About 2½ hours per day, week days, are put in cleaning paint and brass - less thru the winter than other seasons as fuel supply will not heat more than kitchen regularly. Miscellaneous cleaning 1½ hours daily.

5 Painting. Exterior of iron tower is covered each year. All told, I average about 30 days' time at 8 hours per day painting. Mix paints for inside. THis includes preliminary cleaning and removal of rust.

2½ Boating. Two or three round trips by rowboat between station and shore are made each week. Distance to where I land about 1½ nautical miles. Average time each way about 30 minutes. Can be made in much less time under favorable conditions; but usually more or less wind is encountered, and strenuous work required to make the passage in 30 minutes. This passage including landings, is sometime dangerous. Winters, when ice interferes passages appear quite dangerous.

Remarks. Isolation is worst feature. Inability to secure proper recreation for mind, and exercise (especially leg muscles) for body, are unhealthy to both, and have a tendency to bring on attacks of indigestion. Deducting all shore liberty and vacations allowed 12 hours per week are put in on station. My home is ashore, station comparing with ship or factory.

Other time given to cooking, washing, eating, etc.

24. I hereby certify that the foregoing was composed by me after reading P C B Form No.15, and that it is a true statement of my duties.

LETTER OF CAUTION

Mr. M. R. Morrison, Asst. Keeper, (Through the Keeper)
Goose Rocks Lighthouse, Me.

It is noted from the Report of Inspection, made of your station on the 8th instant by Asst. Supt. Sampson, that same is in a very bad and neglected condition.

It was also noted that you were not provided with uniforms. This is in violation of the "Instructions to Employees." You are directed to take immediate steps to provide the prescribed uniform for your station.

It was also noted that the record of shore liberty had not been properly recorded.

In view of the above conditions, as found at your station, you are informed that the liberty at your station will be stopped immediately upon the receipt of this letter for a period of three months or longer if deemed necessary.

If it is found upon the next inspection that your station has not been brought up to the required standard, or that you have taken liberty other than that required to obtain mail and provisions, not to exceed six hours at any one time, it will be considered necessary to prefer charges against you and consideration for recommendation towards your dismissal.

Dear Sir:

Reference is made to your letter dated 28 May, 1951 written in behalf of Mr. Myrick R. Morrison, retired keeper of Curtis Island Light Station.

An inspection of Mr. Morrison's record on file at this unit indicates that his salary for active duty from 1 January, 1950 through 30 September 1950 amounted to $2612.20. Subsequent to his retirement which became effective on 1 October, 1950, he received from this office a lump sum payment in the amount of $1369.41 which was reimbursement for his accumulated and accrued annual leave at the time of his retirement. This was a gross of $3981.61 from which was deducted the amount of $129.12, which was the value of the quarters he occupied while on active duty at Curtis Island Light Station. Thus, his total taxable income received by him from the First Coast Guard District during the calendar year 1950 was $3852.49, from which the amount of $455.90 was withheld for taxes.

According to the tax table of 1950 as shown on Form 1040 a net taxable income of $3852.49 with two dependents the tax would be $406. Therefore it is indicated from the foregoing that Mr. Morrison should be entitled to a refund of $49.90, providing he had no other income during the period.

In addition to the foregoing Mr. Morrison's income during the year 1950 was increased by the value of the amounts he received from the Commandant, U. S. Coast Guard for his retired pay for the last 3 months of the year 1950. He undoubtedly received from that office a form W-2 indicating his income and tax deductions from that source and it is probable that this added income would place him in a higher earning bracket to the extent that the estimated refund of $49.90 would be reduced.

Very truly yours,

Dear Mr. Morrison:

My attention has been called to your pending retirement from the Coast Guard on account of physical disability after rendering more than thirty-three years of honorable service in the former Lighthouse Service and the Coast Guard.

While I regret to note that your retirement is because of disability, I wish to express to you at this time my sincere appreciation of your long service and also hope that your relief from active duty will result in improved health.

Very truly yours,

Subj: Arthur J. Beal; Myrick Morrison, sick leave status

1. Returned herewith is Form 71, Application for leave for Arthur J. Beal, which has been completed by this office. Your attention is invited to the fact that this is dated 30 August, 1950. This form is to be retained by you until the pay period in which 30 August falls. Then it is to be attached to the Time & Attendance Report and submitted to the District Commander (f). In the meantime, he is to be shown on the Time & Attendance Report in sick leave status.

2. Returned also is the statement from Dr. H. G. Tounge, Jr., which is also to be retained by you until the pay period in which 29 September falls. Morrison was last shown in sick leave status on 26 May, 1950, and should be so carried through 29 September. In Beal's case, he is to be shown on the Time & Attendance Report for 31 August as if he was on duty in order that this office can report to Headquarters that 31 August was his last day of active duty prior to retirement. In Morrison's case he should be shown on active duty on 30 September, 1950, for the same purpose.

3. The foregoing procedure is in order and they can vacate their quarters at any convenient time but in this manner they will not be reimbursed for not occupying their quarters.

4. In the event that the Forms 2523 which were mailed to you some time ago are completed and certified by a federal physician that they are permanently disabled, submit them promptly to this unit, where they will be forwarded to Headquarters with the recommendation that they be reimbursed for vacating their quarters.

5. If the certification of permanent disability is obtained on 2523 it will then be necessary to have each man sign as indicated in pencil on application for retirement Forms 2521 which are enclosed. These are to be submitted with the Forms 2523.

Efficiency rating: Excellent

APPROVED: DISTRICT EFFICIENCY RATING COMMITTEE (Signature)

MAY 10 1950 (Date of notification)

R. C. WILLMORE, Senior Member (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Dear Sir:

Confirming our conversation last week in regard to your retirement, you are advised that you have sufficient sick leave to your credit to enable you to be absent continuously through 30 September 1950, which will be the effective date of your compulsory retirement. Upon receipt of a doctor's statement that you are under his care, you will be immediately placed on sick leave and can vacate your quarters at Curtis Island whenever you desire. It is suggested that you contact Commanding Officer, Rockland Depot, to arrange for the transportation of your household effects.

Your annual leave record indicates that you will be entitled to approximately 113 days of annual leave, for which you will receive a check in lump sum payment about 15 October 1950 for approximately $1240.00 ($1450.00 gross, minus taxes of $210.00).

Your retired annuity should be about $2100.00 a year or $175.00 per month commencing 1 October 1950.

Enclosed is an envelope for your convenience in mailing doctor's certificate when you get it.

Yours truly,

Interpretation of Efficiency Rating

Your efficiency rating is an official record of the way you are doing the work of your job.
Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection

You are entitled to inspect your efficiency rating sheet (Standard Form 51), or a copy of it, upon request to your supervisor or personnel officer. You are also entitled to inspect the final ratings (not the rating forms) of all employees in your office or station.

Significance of Efficiency Ratings

An efficiency rating of "Good," "Very Good," or "Excellent" is necessary in order to receive a periodic within-grade salary advancement.
An efficiency rating of "Fair" requires a one-step salary reduction if an employee's pay rate is above the middle rate for his grade (the fourth step in six-rate grades).
An efficiency rating of "Unsatisfactory" requires that the employee be dismissed or reassigned to other work in which he could be reasonably expected to render satisfactory service.
Efficiency ratings are a factor in determining the order in which employees are affected by reduction in force.

Appeals

If you believe your rating is wrong, you should first discuss it with your supervisor or personnel officer. You have the right, if your position is subject to the Classification Act, to appeal your rating within certain time limits to a board of review established for your agency. Appeals or requests for additional information concerning appeals should be addressed to the Chairman, Board of Review, care of Civil Service Commission, Washington 25, D. C.

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Subj: Retirement; information on.

1. The Aids to Navigation Officer has informed this office of your conversation with him regarding your desire to retire under the Lighthouse Service Retirement Act, and any other information with regard to your rights under this law.

2. According to the records of the DCGO, you will reach the age of 65 years on 26 September, 1945. At that time you will have completed only 28 years and 4 months of government service. Therefore, you would not have the required amount of service to be eligible for optional retirement under the law as you would not have completed your 30 years until April 1947. If you consider that you are not able to carry on your duties as Light Keeper, and feel that you are incapacitated for such work, and wish to retire because of disability, it will be necessary for you to submit yourself for examination before a Public Health physician. Then you could be retired under this procedure, if found disabled, at this time.

3. Your retirement pay with 30 years' service will be approximately $1070.00 per annum.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1945 based on performance during period from 1 April, 1944 to 31 March, 1945

MORRISON, Myrick R. (Name of employee) — Keeper, Curtis Island Lt, Sta. (Title of position, service, and grade)

NAVY, CG, 1st Naval District-Group, Rockland, Maine (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: E

16 May, 1945 (Date of notification)

D.C.DAVIS, LIEUT., USCGR (Signature)
Sr. Member, Dist. Eff. Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Subj: Proposed Transfers of M. R. Morrison and H. L. Kilton

1. In my previous discussion with you it was proposed that M. R. Morrison, Keeper, Curtis Island Light Station be transferred to Goose Rocks Light Station, and Harold L. Kilton, Keeper, Goose Rocks Light Station be transferred to Curtis Island Light Station. Both of these men were contacted concerning their willingness to accept the proposed transfers. Copies of the replies are attached for your information. This action of obtaining a statement of willingness from the keepers is necessary because both men are civilian light keepers and can be transferred to another station only if they are willing to accept the positions at the new stations.

2. Although Mr. Kilton is agreeable to the transfer to Curtis Island Light Station, Mr. Morrison very strongly objects to leaving his present station particularly because of his plans for retirement in the near future.

3. Please advise as to your recommendation in this case.

Subj: Proposed Transfer

1. Report has been made to the DCGO that at the present time you do not have your family at Curtis Island Light Station and that it will probably be impossible for you to do so in the future.

2. The DCGO's policy is that where family quarters are available and usable, they shall be occupied by men who also have their families with them. This policy is based on the necessity of having more than one person at a Light Station in the event of sickness, or accident, or other emergency. Therefore, it is proposed that you be transferred from Curtis Island Light Station to Goose Rocks Light Station. At Goose Rocks Light Station, you will serve as Keeper and will be assisted by two other men.

3. Report to the DCGO as soon as possible your views on making this transfer to Goose Rocks Light Station.

Returned. You are advised that I have no desire to accept the above proposed transfer. Having approximately two (2) more years to serve before my retirement, I would greatly appreciate the privilege of serving this period of time at my present station. Although I had the misfortune of loosing my wife by death, I still do have the privilege and enjoyment of having my children with me at numerous times through the year, a privilege which I could not have at Goose Rocks Light Station. You are further advised that I have previously servied eighteen (18) years on Goose Rocks Light Station.

20 January, 1945

To: SCGO, Rockland, Maine

Subj: MORRISON, Myrick R., Keeper, Curtis Island Light Station, Maine; retirement; information on.

1. In response to your verbal request of the Civilian Personnel Officer while on a recent visit to your station with regard to retirement rights of subject employee, you are advised that Mr. Morrison will reach the age of 65 years on 26 September, 1945, and will have completed at that time approximately 28 years and 5 months of Government service according to the records of this office. However, he would not be eligible for voluntary retirement until the close of 30 April, 1947 when he would have completed his thirty years. His compulsory retirement would be automatic at the close of 30 September, 1950, when he would have reached the age of 70.

2. However, if Mr. Morrison contends that his health is now impaired and he is unable to carry on his duties at the station, he can submit to a physical examination at any time and if found disabled by the examining doctors, will probably be recommended to be retired on a disability retirement.

3. We will be glad to give any further information desired.

C. M. ELLISON
By direction

20 Jan. 1945

Mr. Joyce.

Prepare a letter to 5660, Rockland, Maine advising what Mr. M. R. Morrison's rights to retirement are at this time. How long will it be before he is eligible for voluntary retirement? How long for involuntary (age) retirement?

Mention in the letter that this information is sent to him in response to his verbal request during ~~a~~ recent ~~visit~~ ~~consultation~~ of civilian Personnel Officer.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1944 based on performance during period from 1 April, 1943 to 31 March, 1944

MORRISON, Myrick R. (Name of employee) Keeper (Title of position, service, and grade)

U. S. Coast Guard, 1ND CG Station, Spruce Head, Me. Curtis Island Lt., Sta. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

24 June, 1944 (Date of notification)

(Signature)
L. B. McGEE, Chairman
District Efficiency Rating Committee (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

RULES FOR SALARY ADVANCEMENTS.—Subject to conditions established by law and Executive order:

A. An employee whose efficiency rating is "Excellent" or "Very Good" is eligible for salary advancements to the highest rate of compensation in the grade.

B. An employee whose efficiency rating is "Good" is eligible for salary advancement up to and including the middle rate of compensation in the grade (C. S. C. Dept'l Cir. 302).

RULES FOR SALARY REDUCTIONS, DEMOTIONS, OR DISMISSALS.—The following rules are prescribed for the demotion of an employee to a lower grade position, reduction in salary, or both, or dismissal from the service as a result of an efficiency rating (C. S. C. Dept'l Cir. 302):

A. The rate of compensation of an employee whose efficiency rating is "Fair" shall be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it shall not be subject to reduction on that account.

B. An employee whose efficiency rating is "Unsatisfactory" shall not be permitted to remain in his position. If he is serving his probationary period, he shall be separated from the service under the rules prescribed for such cases. If he has completed his probationary period, he shall be assigned to a position more nearly commensurate with his ability, in a lower classification grade, and his rate of compensation shall not be in excess of the middle rate for such grade, or if no suitable vacancy is available in a lower classification grade, he shall be separated from the service for inefficiency.

C. No employee who has completed his probationary service shall be demoted to a lower grade position, reduced in salary, or dismissed from the service on the basis of an efficiency rating covering a period of less than 90 calendar days.

INSPECTION OF RATINGS BY EMPLOYEES:

A. A list of all ratings on Standard Form 52 shall be open to inspection by any employee of the department, independent establishment, or other agency under such conditions as to time and place as the head of such organization may prescribe (C. S. C. Dept'l Cir. 302).

Subject: Administrative promotions for certain lighthouse keepers.

1. The Secretary of the Navy, under date of 1 April, 1942, has approved within-grade administrative promotions of the lighthouse keepers listed below under your jurisdiction, effective 1 April, 1942. These promotions are not made under the provisions of Public Law No. 200, approved 1 August, 1941.

2. It will not be necessary to give these employees an official notification of this promotion, but this data should be typed on their Form 2806.

3. In the event that any of the employees named herein have received salary increases subsequent to 1 April, 1942, they are not entitled to and should not receive this promotion. They are, however, entitled to receive this additional compensation from 1 April, 1942 up to and including the day before they received a promotion.

Dear Sir:

With further reference to your letter of September 24 regarding alleged delinquencies on the part of Keeper, Curtis Island Light Station, you are advised that I inspected this station on October 24, 1939, at which time your complaints were personally discussed with the Keeper. He maintains that there is and has been no laxness on his part, and reports that he personally remains on the Island during all thick weather in a position near the fog bell and answers all signals calling for the operation of the bell which he is able to hear. He further states that he frequently operates the bell at other times when there is any thought in his mind that it may be useful to any one.

His explanation for failure to report The Graves Light being extinguished was that he was unable to see that distance on account of poor visibility, but that he did report the fact to this office as soon as the visibility was sufficient to enable him to see The Graves.

In view of these statements on the part of the Keeper, it does not appear that there is anything further that this office can do in the matter, but I feel that some good has developed through the receipt of your report, and if there has been any laxness in the past, it is not likely to occur again in the future, and I desire to thank you again for your calling this matter to attention.

Respectfully,

Dear Sir:

I am in receipt of your reply of the 24th inst. to my letter of the 9th, and wish to thank you for the complete statement of the circumstances surrounding the failure of the Keeper, Curtis Island Light Station, to report that the light on The Graves had been extinguished and to sound his fog bell in answer to repeated signals from various craft during the race on August 4.

It is my intention to make an inspection of this station at an early date, at which time this matter will be taken up with the Keeper, and necessary measures taken to assure that there will be no repetition of incidents of this sort in the future.

I have noted with pleasure your commendatory remarks regarding the former Keeper of the station, and wish to assure you that it is the policy of this Service to assist maritime interests in every possible way, and that complaints regarding failure to do so are appreciated.

Dear Sir:

With further reference to your letter of August 29, 1939, regarding alleged failure of the Keeper, Curtis Island Light Station, Maine, to sound bell signal in answer to signal from your vessel, the Keeper states that the light at The Graves was burning brightly the night of August 23 until midnight when fog shut in and continued until the 27th, rendering observation of the light by him during this period impracticable. He states that it cleared on the 27th, and he notified this office on the 28th that the light was out.

With regard to the alleged failure to answer ship's signal, the Keeper states that he has answered every signal he has heard, and that Mr. Guckes, owner and Master of the auxiliary boat MALABAR from Philadelphia, recently visited the Island and thanked him for his excellent service during a fleet race when the fog shut in and the MALABAR was nearly run down. The Keeper states that he does not know whether this is the same race to which you refer, but he adds that he does not know of any other races where fog has shut in while race was on. It would, therefore, be appreciated if you would kindly amplify statements contained in your letter of August 29 as to the particular date when fog suddenly shut down on the fleet and the Keeper is alleged to have failed to respond to signals.

Upon receipt of this information, the matter will be further investigated.

Yours respectfully,

By direction:

Mr. Myrick R. Morrison, Keeper
Curtis Island Light Station, Maine

With further reference to my letter of June 17 and your reply of the 19th regarding alleged failure on your part to sound fog bell at your station in answer to a vessel's signals on June 11, further information has been received from the complainant in the form of affidavits of persons present on his vessel which would appear to indicate beyond a doubt that the vessel sounded signals for over a half hour and that when the lighthouse was finally located several loud blasts were blown directly in front of the lighthouse, which should have been easily heard by you, and that at no time did you answer the vessel's signals.

It also appears from your own statements contained in your letter of the 19th to the effect that you saw a boat operating in the vicinity of the island at about 6:00 p.m. on June 11, that the signals should have been sounded for this boat even though you heard no signals from it.

You are cautioned to sound your signal in answer to any signals received from vessels operating in the vicinity of the station in the future, and in any case where your observation indicates that a vessel is operating in the vicinity during fog or, periods of low visibility, and that the sounding of the signal would in any way assist such vessels, even though the vessels may give you no signal.

Any failure on your part in the future to observe the requirements of the regulations in this respect, broadly interpreted in cases where the signal would be of any assistance, will of necessity call for sterner disciplinary action.

Your acknowledgment of the receipt of this letter is requested.

SUPT. OF LIGHTHOUSES
SEP 22 1933
1st DIST. PORTLAND, MAINE

September 21, 1933.

Supt. of Lighthouses,
Portland, Maine.

Dear Sir: Re. M. R. Morrison, Keeper, Goose Rocks, LH, Me.

You have been in communication with Mr. Morrison regarding a claim of W. S. Hopkins, of North Haven, Maine, in the amount of $344.12, and of Spear & Company, 911 Penn Avenue, Pittsburgh, Pa., in the amount of $44.10.

I am endeavoring to work out both of these matters for Mr. Morrison and thought it might be well for me to report to you, so that you might know that he is endeavoring to get both matters straightened out and arrange for settlement thereof.

As to the Hopkins bill, I have had some correspondence with Mr. Hopkins and several conferences with Mr. Morrison and one of his sons, in regard thereto. In my judgment, as Mr. Morrison had notified Mr. Hopkins not to charge anything to him, Mr. Hopkins was not justified in making the charges in question and most of the things charged were probably got by his boys, for summer residents of North Haven, for whom they were working, and should have been charged to those people, rather than to Mr. Morrison. Other things on the bill were apparently got by his children, without his knowledge or authority, and, from all that I have been able to ascertain, I believe that there are still other charges for goods that were not received by Mr. Morrison or any member of his family.

Mr. Hopkins stoutly maintains, however, that the bill is correct in every detail, but I am to see him, when he comes to Rockland, which he wrote would probably be some time this week, when I shall endeavor to go over the matter very carefully with him. If the matter cannot be adjusted for a reasonable amount, I shall advise letting Mr. Hopkins proceed with suit, so that the court may determine what amount Mr. Morrison really owes, as that would seem to be the only way to settle it, but I do not wish to pursue that course, if the result would jeopardize Mr. Morrison's position in the Lighthouse Service in any way.

Will you be so kind as to advise me whether contesting payment of this in court would prejudice Mr. Morrison in any way with the Lighthouse Service, or mean that he might lose his position? I assume that the Service would not object to a Keeper protecting his rights in a matter of this kind

SUPT. OF LIGHTHOUSES

and that he would only be prejudiced and likely to lose his job in case he did not pay the bill, if it was determined, by suit, that he owed the same.

In regard to Spear & Company, I enclose carbon copy of a letter that I have written to that concern, from which you will note that Mr. Morrison is apparently entitled to more credit than he has received and that, if the checks mentioned in the letter, totaling $28.00, are applied on the $44.10 balance claimed due, that will be reduced to $16.10, and Mr. Morrison may find checks showing that the claim has been fully paid. You will note why Mr. Morrison denied that he had received the goods, as he assumed that the claim was for home furnishings, which it was not, but was for clothing. He believes that the bill has been paid in full, according to his statement to me.

Respectfully,

Frank H. Ingraham

SUPT. OF LIGHTHOUSES
SEP 22 1933
1st DIST. PORTLAND, MAINE

September 18, 1933.

Spear & Co.,
911-921 Penn Avenue,
Pittsburgh, Penna.

Gentlemen: Re. R. M. Morrison, B. 51, North Haven, Me.
Account No. S350304c.

I received your letter of September 7, 1933, regarding the above entitled matter, enclosing copy of original order and itemized account and as soon as the order was received it was noted that the goods ordered were not Home furnishings, but the same were listed under the "Home Furnishings"heading and that is probably why the Assistant Superintendent of Lighthouses notified Mr. Morrison that the nature of the claim was Home Furnishings.

There is no question but what the goods listed were ordered and the reason for the statement in my letter of August 28, that Mr. Morrison said that he knew nothing at all about the claim and had not bought anything for a house for years was occasioned by the understanding that the claim was based on "Home furnishings", as stated in the first paragraph of that letter.

That question being disposed of, we next come to the question of payment and this, according to your account, is a balance due on the order totaling $81.60, the number of which was 350C304, in the amount of $44.10.

Mr. Morrison has brought to me checks that he has been able to find in a hasty search therefor and included in these checks are one for $2.75, credited by you on July 15, 1930, and one for $10., credited by you on April 10, 1931. Both of these checks have written upon the front the numerals 350,304, corresponding with the number of your account, though the initial C is omitted therefrom. I take it that the initial C in your credit column indicates check, but I do not understand what the word "Add" means, that word being in the credit column in connection with a credit of $2. on 2/9, 1931, and presume that it makes no difference in this case.

Mr. Morrison has produced three checks and may be able to find more, each of these being payable to Spear & Co., signed M. R. Morrison, and drawn on the Rockland National Bank and the checks latest dated, on the back, bear the imprint, "Pay to the order of Peoples- Pittsburgh Trust Co. 8-55 Pittsburgh, Pa. 8-55 Spear & Company."

The other check, on the back, bears the imprint, "Pay

SUPT. OF LIGHTHOUSES
SEP 22
1ST DIST. PORTLAND, MAINE

to the order of the Bank of Pittsburgh, N. A. 26A
Pittsburgh 26A Spear & Company.

The date of the checks, the number and amount of each and the date apparently deposited by you are as follows:

Mar. 12, 1931, No. 157, $4.00, Mar. 20,1931.
Sep. 19, 1931, No. 263, $9.00, Sep. 23, 1931.
Aug. 3, 1932, No. 374, $15.00, Aug. 11, 1931.

The above total $28.00.

There is no number on the face of either of these checks with the exception of the one dated Mar. 12, 1931, for $4,00, on which appears the penciled notation 5393340. I assume that you can tell, by reference to that number, to what account this was credited and the other checks were apparently not credited to any account at all, surely not to Mr. Morrison's account, according to the statement that you have sent.

It is Mr. Morrison's understanding that this account has been paid in full and he will endeavor to find additional checks to the amount of $16.10, to make up the total of the "balance due."

Please let me hear from you as soon as possible, and I wish that you would make a thorough examination of your records and see if you do not find these additional credits and the remaining payments that Mr. Morrison is certain were made to square up the account.

Awaiting a prompt reply, I am,

Very truly,

Frank H. Ingraham

Dear Sir:

The above party owes us an account for Home Furnishings, on which we have been unable to effect settlement, nor have we received a payment for many months. No attention has been paid to our letters and requests for small payments or definite promises.

At the time this account was opened we were informed that this party was employed by you. We would appreciate very much indeed if you will tell us just how regularly he has been employed during the past twelve months.

Unless arrangements can be made to liquidate this account amicably, it will be necessary to take legal steps to enforce settlement, which would undoubtedly involve either garnishment or sale of his personal property. If his employment has been so irregular that it was impossible to make payments to us, we would consider a further reasonable extension.

Will you please advise us concerning his employment and if you know of any good reason why this claim should not be vigorously enforced at this time.

Enclosed is an envelope that requires no postage for your reply and we would appreciate very much hearing from you at your earliest convenience.

With further reference to claim of W. S. Hopkins against you, I am in receipt of a letter and a statement of your account from January 1, 1930, from which it appears that you still owe Mr. Hopkins $343.97. It also appears that you have paid Mr. Hopkins $155.00 on account since May 10, 1932, the date of last payment on bill submitted with your letter of June 18th. From this it would seem that your statement in that letter that you hadn't been trading with him for the last year or so was not in strict accordance with the facts.

As this office cannot settle the matter due to the conflicting statements of yourself and Mr. Hopkins and has no authority to determine the legality of the debt, you are advised to confer with Mr. Hopkins and arrange some amicable and mutually satisfactory terms of settlement, failing which Mr. Hopkins may take the matter to court and should he obtain judgment you would be bound to settle for the amount awarded him under penalty of dismissal for failure so to do.

Dear Sir:

We are in receipt of your letter of June 20th and wish to say that we will furnish an itemized account of Mr. Morrison's indebtedness as soon as possible. As this is rather a long job and we are quite busy at this time, it may be a matter of ten days or more before it is completed.

When you receive this statement, may I suggest that you examine it with the following points in mind:

1. Although from your letter I gather that Mr. Morrison gave you the impression that his bill was entirely paid at one time, such is not the case-it has never been nearly so. He has kept the balance about the same by paying small amounts from time to time.

2. That while the date on which he claims to have paid his bill in full is May 10th, 1932, we have several credits on our ledger after this date, the last being Oct. 1932.

3. He has never told us not to charge anything further to his account. On the contrary, when the book-keeper remonstrated with him from time to time about the amount of unnecessary candy and other luxuries charged by his children, he made a characteristic reply: that his children didn't get anything they didn't need, giving us the impression that he intended to be responsible to any amount.

Thanking you for your courtesy and co-operation in this matter, I remain

With further reference to your letter of June 9th regarding claim against Mr. M R Morrison, Keeper, Goose Rocks Lighthouse, Maine:

Mr. Morrison has furnished me a bill received from you dated November 29, 1930, showing a balance due, after credit of payment of $50.00 on November 15, 1930, of $543.97, and paid checks to your order from December 9, 1930 to May 10, 1932, totalling $550.00. Mr. Morrison states that when he received your bill he told you to charge nothing further to his account, and that he has not been trading with you for the last year or so.

As there appears to be a difference of opinion regarding this matter, may I ask that you furnish a detailed statement of Mr. Morrison's account brought up to date in order that I may submit it to him for comment?

My dear Sir:

I have been told that all men in the employ of Government Lighthouses must be of high calibre and that one rule of conduct is that they must live within the salary paid. I should like to have your advice in the following case:

M.A. Morrison at Goose Rock Light has had an account here since he first came to the light. During the illness and death of his wife we allowed it to become quite large. As soon as he was told that no further credit could be extended until the amount was reduced he stopped coming here and although he has received numerous bills and letters suggesting that he pay off the indebtedness in small amounts he has ignored them all.

At the present time he owes us $346.92 on which he has paid nothing since Oct. 1932 and then only $30.

Since this refusal to pay is not due to inability to do so but to dishonesty, I am writing this in the hope that you can suggest some way by which I can collect this bill.

Thanking you for your courtesy, I remain
Very sincerely yours,

Dear Sir:

Your letter relative to the affair between Dr. Frans Leyonborg and Mr. M. R. Morrison, both of North Haven, just received. As my residence is in Vinalhaven which is about ten miles distant from North Haven I know very little about the matter in question. I have known both these people for a number of years through school affairs and have always found them to be very good citizens. I know of nothing against the character and conduct of Mr. Morrison. From what I have been able to gather I consider this purely a personal matter and know of nothing serious on either side.

Very truly yours,

E. A. Malley.

Dear Sir:

Sometime ago Dr. Frans Leyonborg of North Haven, Maine, forwarded report and complaint against Mr. M. R. Morrison, Asst. Keeper of the Goose Rocks Lighthouse. Upon receipt of this letter Dr. Leyonborg was requested to forward to this office letters from reputable people in that locality which he stated that a great many of them heard the conversation and remarks made by Mr. Morrison.

I am this day in receipt of a letter from Dr. Leyonborg forwarding a statement from William H Cooper in connection with this matter, and as Dr. Leyonborg has suggested that I take this matter up with you, and that you were able to give substantial information in regards to the conduct and character of Mr. Morrison while living in the vicinity of North Haven, Maine, I shall very much appreciate any authentic information that you can furnish in this matter.

Dear Sir:

Mr Raymond Morrison, a light house keeper, of this Island is making a conciderable disturbence and trouble in this town. In the first place he is trying to injure and lower my reputation among the island people by running around telling lies about me. At our town meeting, Mar. 7, they both (his wife) voted against me and my salary as a health officer of this town, after they had for weeks runned around ~~in the town~~ trying very hard to urge and upset the people to vote against me. One day I met him on the street, said halloo, he answered: "you go to hell" you----- People on the street heard him to say so.

During the town meeting she made "Faces" to me and also to Mrs Leyonborg and an another lady because she voted for me. They both are finding fault with our schol system with the school committee and teachers. Nothing will suit them.

I would suggest that you send an inspector over to investigate, and I am sure that the majority of the island people would like to see them removed. I for one.

Dear sirs:-

I have a small account with Mr M. R. Morrison, keeper at Goose Rock Light Station, for($6.08) Six dollars and eight cents, which I cannot seem to collect.

This account was started Oct.29th,1931 when my Father was running the store. My Father passed away in April of this year and since that time I have had to carry on the business untill the estate is settled, as I have been appointed Administrator.

I do not wish to cause any trouble in any way with Mr. Morrison, but would like very much to collect this small amount if possible so I can settle the estate.

Please advise me if I can collect this through the Lighthouse Dept.

About my uniform. I was on my way home when Asst. Supt. Sampson came to the station. I did not see him. I had my uniform on, as I always wear it except when at dirty work.

Now about shore liberty. When I came to this station, the keeper in charge told me, you gave him instructions, allowing four days without and four days with a substitute. The six hours for mail and supplies to be kept on record and would be inspected at station. This is what we've used

LETTER OF CAUTION

Mr. M. R. Morrison, Asst. Keeper,
Goose Rocks Lighthouse, Me. (Through the Keeper)

It is noted from the Report of Inspection, made of your station on the 8th instant by Asst. Supt. Sampson, that same is in a very bad and neglected condition.

It was also noted that you were not provided with uniforms. This is in violation of the "Instructions to Employees." You are directed to take immediate steps to provide the prescribed uniform for your station.

It was also noted that the record of shore liberty had not been properly recorded.

In view of the above conditions, as found at your station, you are informed that the liberty at your station will be stopped immediately upon the receipt of this letter for a period of three months or longer if deemed necessary.

If it is found upon the next inspection that your station has not been brought up to the required standard, or that you have taken liberty other than that required to obtain mail and provisions, not to exceed six hours at any one time, it will be considered necessary to prefer charges against you and consideration for recommendation towards your dismissal.

Commissioner of Lighthouses:-

1. In reference to Bureau's letter October 9, 1920, subject "Caution, Vinal O. Beal", requesting further report at the expiration of six months, and to subsequent correspondence:-

2. I have to state that I visited Great Duck Island Light Station on July 27, 1921, and found that the conditions there had not changed since previous inspection, either in upkeep of station or in operation of same in general. It is considered that Beal is not capable of properly performing the duties of light keeper, neither in taking care of records or in handling the assistants and keeping station in proper condition.

3. On March 28 and 29, 1921, a sudden change in weather from a moderate temperature to considerably below freezing took place in a few hours, causing water pipes running from pond to whistle house at this station to freeze and burst. The watch book and other records were examined for the purpose of determining which of the three keepers was on watch at the time but this could not be done as the Keeper (Beal) claimed he signed on the wrong watch. However it happened during a lapse of time of twelve hours which would involve all three keepers as the watches are stood at this station. The bursting of these pipes, coupled with a continued dry spell and excessive amount of fog has resulted in a tender being obliged to deliver water to this station on two different occasions.

4. The Keepers at Great Duck Island Light Station are continuously wrangling among themselves, as are their wives, and in view of the conditions existing it is believed to be for the best interest of the Service to demote Vinal O. Beal, Keeper, to an assistant keeper and transfer him to some other station. Recommendation is made to that effect, also that the assistant keepers (Myrick O. Morrison and Ernest V. Talbot) be transferred to other stations, demotion to depend in the latter two cases upon the rates of pay in effect at the station to which it is decided to transfer these persons. See in this connection Form 106, "Efficiency Ratings", forwarded under date August 3, 1921.

See "Beal".

Keeper, Great Duck Island Lt. Sta., McKinley, Me.

I shall visit the station shortly to investigate fully your statements in letter of the 3rd relative to alleged slurs cast upon yourself and wife by Mr. and Mrs. Morrison, First Assistant Keeper and his wife.

Mr. Morrison has been instructed to conduct himself in the manner prescribed by the regulations and to show due respect and deference to his superiors.

Superintendent.

July 7th, 1919.

Myrick R. Morrison, First Asst. Keeper,
Great Duck Island Light Station, McKinley, Maine.
(Through the Keeper).

I am in receipt of information from the Keeper, under date of July 3rd, to the effect that you have made statements regarding his character and ability to perform the duties of his position, which statements, if actually made by you, constitute an offence bordering closely upon insubordination.

Your attention is called to articles 11 and 12 of "Instructions to Employees, etc., 1915", regarding obedience to orders and the penalty for insubordination.

If you have ever stated or insinuated that Mr. Beal is not capable of performing the duties of his position, or made statements regarding his character, or refused to instruct or inform him regarding any of the workings of light or fog signal with which he may not have been familiar upon assuming charge of Great Duck Island Light Station, you have rendered yourself liable to dismissal from the Service.

This letter is not in the nature of an accusation, but rather of a warning. The statements made by Mr. Beal in his letter of the 3rd will be fully investigated by me in a short time when I shall visit the station. In the meantime I advise you to conduct yourself in accordance with the regulations prescribed for Assistant Keepers, giving due respect to your superiors and performing with promptitude the lawful orders thereof.

She has been sending slurs by my Children every time they go the other side of the rainshed to pick a few strawberries to eat. And to day she told my little boy that I did not know how to Light the Light or to even poke the fire. So I went to Mr. Morrison and told him to call his wife as She was down in the field strowbering and I took my wife along with me and I asked what she ment by that. and they both gave my wife and I the worst calling down we ever got before. and he gave out word before I came here that I need not come to him for any informations about the Fog signal because I would not get it. And I asked him about it and he never denied it. so I never have called him but once

and he never denied if he had I should of reported him and he never showed me right. I have learned from my own Son how to run the Fog Signal but he was absent from the Station at that time. Mr. Morrison says you had no right to put me here over him and I told him that was your business not his I have seen and heard a pleanty from them both that I know there will be pleanty of trouble here and will you pleas take this matter up as there will have to be something done about it. and I cannot tell you half they said to us I never got a calling down from a woman before and my wife has never met with Mrs Morrison until to day and she said so much that my wife would not listen and went into the House. and they said the Island was pested where the Beals came here. I told him I was going to report them and ~~to omit~~ he told me he stood as good in the Office as I did.

Yours Respectfully
