Justification for Filling Vacancy under Authority of the Act Approved June 30, 1932.

Present / Prev
Story 1380 / —
Mykol 1200 / 1260

Bureau or Office: **Lighthouses, 17th District, Portland, Oregon.**

Position: **Keeper (1st asst.)**

Compensation: **$1260 (range $1260-1620) per annum**

Location: **Cape Blanco Lightstation, Oregon.**

Appropriation: **Salaries, Keepers of Lighthouses**

Date of Vacancy: **Approximately July 1, 1933**

Justification: **This vacancy will result from the transfer of the present incumbent, whose pay is $1380, to the position of relief keeper in the Alaskan District.**

The complement necessary for the operation of this station is three keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled; otherwise the functioning of the aids would be interfered with and conditions endangering life and property would result.

It is proposed to fill this vacancy by the transfer of the second assistant keeper from Grays Harbor Lightstation with increase in his present pay of $1200 to $1260, the minimum of the range as above indicated. The resulting vacancy at Grays Harbor will be filled by reassignment from Cape Meares at $1200, which is without change in pay in the latter case, and the vacancy which will thus be created at Cape Meares Lightstation will not be filled, resulting in a net saving to the appropriation of $1320 (at the three stations involved).

In filling this position the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

Approved: Recommended by:

Secretary of Commerce. W. P. HARMAN,

1. Reports received by the Superintendent from various sources during the last few months, indicate that your services as Assistant Keeper are not satisfactory, and that your attention to duty, attitude toward your work and actual work performed, do not come up to the standards required.

2. This is to notify you that so far as this office is concerned, you will be considered as on probation during the next three months, during which it is expected you will show a marked improvement.

3. You will be required to perform your full share of the work required at the station, to comply with the instructions of the Keeper, who is responsible for laying out the work, and show a proper attitude in performing the work required and attention to duties. Your failure to meet these requirements will result in appropriate disciplinary action or separation from the Service. Be guided accordingly.

vice C. D. Whitney, stating in the case of Mykol that the demotion is for disciplinary reasons, but giving no explanation as to this. Proper explanation as to the reason for disciplinary action should have accompanied the nomination. In the absence of this, the transfer of Mykol as proposed would require, for the satisfaction of the Department, a statement that the demotion is agreeable to him.

In the case of Whitney, you have proposed a transfer and promotion above the minimum of the range. This is prohibited by the Economy Act, and transfer in his case would necessarily have to be without change in pay. Therefore if resubmitted it should be reported on 73a in duplicate after the effective date has been determined.

Nominations for Whitney and Mykol are returned herewith,

Please OK now

Whitney's having been amended to show a rate of pay of $1260 per annum, in view of the Bureau's objections to increase in pay, although since the pay of the keepers at Cape Blanco Light Station carries $60 per annum more pay for each step in the ranges than for Umpqua River Light Station, it appears that Whitney is entitled to $60. per annum more pay. perhaps equitably, but this doesn't affect our law

2. The nomination of C. Mykol is resubmitted without change. In explanation of the demotion for disciplinary reasons it might be stated that Mykol has not shown the proper attitude toward his work. He has been disobedient to the Keeper in many cases which have been reported. He was cautioned by letter dated March 5, copy enclosed herewith, and placed on probation for 3 months because of his showing improper attitude toward his work, but reports from the Keeper indicate no improvement. He appears to have assumed the attitude that he knows more about the work than does the Keeper, which has created friction. Such a condition is detrimental to the Service. It is therefore, necessary that he be transferred for the good of the Service. It is considered that the decrease in pay is justified.

3. Travel orders to cover travel in connection with the transfers are also returned herewith for approval.

September 15, 1938

Superintendent of Lighthouses
Portland, Oregon

By nomination dated June 25 your office recommended the transfer of Frank W. Dorrance from keeper of Smith Island at $1440 ($1440-1800) to Patos Island at $1500 ($1500-1860) per annum, which was approved by Department appointment dated July 9.

The salary range of Mr. Dorrance's position at Smith Island was reallocated last June from $1440-1800 to $1500-1860. However your office failed to submit nomination for the increase in this employee's pay.

On September 6 there was received in the Bureau a Form 73a reporting the transfer of Dorrance from Smith Island to Patos Island effective August 11, the pay at each station being shown thereon as $1500 ($1500-1860) per annum. Upon examination of the record in connection with this Form 73a it was noted that in August your office had reported Dorrance's promotion from $1440 to $1500 at Smith Island effective July 16, giving the authority therefor as Department letter dated July 9. The latter, it will be observed, is the Department's letter referred to in the first paragraph above; it did not authorize increase in pay at Smith Island but was approval of your nomination of June 25, above referred to, for transfer to Patos Island.

In view of this, the action taken by your office in promoting this employee on July 16 at Smith Island was without authority; and your office is requested to report the transfer to Patos Island as August 11, if that is the correct date, stating on the form that it cancels the one of August 5 which was in error, and adjust the pay of this employee accordingly. Your Form 73a is herewith returned for cancellation.

Another instance is noted in the case of Charles Mykol, whose transfer from Cape Flattery to Smith Island was previously reported as effective August 1. By letter of August 30, your office reported the transfer as having been made on August 11, stating on the form that it cancelled the previous one but giving no informa-

tion as to the necessity for the cancellation. Attention is invited to the fact that these cases are reported to the Department, who in turn reports them to the Civil Service Commission and cancellations of this nature require corrections in Bureau, Department, and Civil Service records. Special care should be given to handling such matters strictly in accordance with prescribed procedure; and it should be borne in mind that no increase in pay of an appointed employee may be effective unless and until duly authorized by the Department.

Subject: Edwin C. Clements and Mykol, keepers

Reference: (a) District letter of 11 January, 1940

The last paragraph of reference (a) indicates that an appointment in the case of Clements is being held in your office covering his proposed transfer to Smith Island Light Station. It is requested that this be returned for cancellation. If Form 93 reporting the death of Mr. Clements has not yet been forwarded by your office, it is requested that it be submitted with the return of the appointment above referred to.

Reference (a) also indicates that nomination is pending for the transfer of Charles Mykol from Smith Island to Turn Point Light Station. A search has been made and nomination in this case has not been found. If it is still desired to effect Mr. Mykol's transfer, it is requested that nomination be submitted showing the proposed pay, etc.

Sirs:

Transmitted herewith for administrative examination and report is the claim of Charles Mykol, Box 62, Fort Lewis, Washington, for the difference between retirement pay received based on net salary and that alleged to be due based on gross salary, as a former employee of the United States Lighthouse Service.

In connection therewith, it is requested that this office be furnished with copies of claimant's appointment, promotions, or any other personnel action taken while he was in a pay status for the five year period immediately prior to the date he became separated from the service and placed on retirement, together with a copy of his notice of retirement, showing the date retired and last day of duty.

It is also requested that a payroll voucher be furnished, showing the basis on which his retirement pay was computed and the amount he would have received if his retirement pay had been based on his gross salary, together with any other pertinent facts relative thereto. The payroll voucher should include complete citation to the appropriation or appropriations from which paid, from the beginning of his retirement to the present time.

The enclosure should be returned with your report.

Dear Sir: Re: MISC-2896277

Reference is made to your letter of 28 July, 1948, transmitting claims in the interest of Charles Mykol, Box 62, Fort Lewis, Washington, for overtime compensation alleged to be due from 1934 to November 26, 1943, as a former employee of the Lighthouse Service and the Coast Guard.

It appears that Mr. Mykol bases his claim for additional compensation on the belief that during the period referred to his hours of duty were governed by the provisions of the forty-hour week statute of March 28, 1934.

You are advised that since Sec. 23 of the Act of March 28, 1934, established a forty-hour work week for employees in the trades and occupations whose rates of pay were fixed by wage boards or other wage-fixing authorities, it did not apply to personnel in other kinds of work, such as Lighthouse Keepers. As a Keeper, Mr. Mykol was employed on a per annum basis (see Act of August 26, 1937, 50 Stat. 840). There was no provision in law or otherwise for the payment of overtime to keepers prior to Public Law 821, 77th Congress, approved December 22, 1942. Under the provisions of that law Lighthouse Keepers were paid additional compensation at the rate of 10 percent in lieu of overtime compensation effective December 1, 1942.

Mr. Mykol was paid the 10 percent additional compensation from December 1, 1942, through November 25, 1943, when he was separated from the Coast Guard by transfer to the War Department. There is no additional compensation due him and his claim is returned herewith.

Sirs:

Returned herewith for further administrative examination and report is the claim of Charles Mykol, Box 62, Fort Lewis, Washington, for overtime compensation alleged to be due from 1934 to November 26, 1943, as a former employee of the United States Lighthouse Service.

It is noted from a re-examination of the file, that the claim apparently is based on the provisions of the act of March 28, 1934, 48 Stat. 522.

With the return of the enclosures, it is requested in the event any amount is found due the claimant, there be furnished a properly prepared payroll showing the amount due, rate of pay and period covered, together with a complete citation to the appropriation(s) and limitation accounts chargeable therewith for each fiscal year. It is also requested there be furnished a complete citation to the vouchers on which claimant was previously paid for the period involved.

GPO 16—54241-1

Charles Mysol,
Box 62,
Fort Lewis, Washington.

Sir:

Your claim for overtime compensation alleged to be due as a former employee of the United States Coast Guard, Lighthouse Service, during the period 1934 to November 26, 1943, has been carefully examined and it is found that no part thereof may be allowed for the reasons hereinafter stated.

The record discloses that during the period of your claim you were employed on a per annum basis. Therefore, your services did not come within the purview of section 23 of the Act of March 28, 1934, 48 Stat. 522, since that act applies only to employees in the several trades and occupations whose wages are required to be fixed by wage boards or other wage-fixing authorities. Accordingly, prior to December 1, 1942, the effective date of Public Law No. 821, 77th Congress, approved December 22, 1942, 56 Stat. 1068, no statutory authority existed for the payment of overtime compensation to employees of your classification.

During the period December 1, 1942 through November 25, 1943, date of your separation from the Coast Guard by transfer to the War Department, the record discloses that you were paid additional compensation at the rate of ten percent in lieu of overtime compensation under Public Law No. 821, referred to above, and the War Overtime Pay Act of 1943, 57 Stat. 75, approved May 7, 1943.

I therefore certify that no balance is found due you from the United States.

It is recommended that the nomination of Mykol submitted by Bureau indorsement of June 30 be amended to show this.
