The Honorable,

The Secretary of the Treasury

(Division of Appointments).

Sir:

At an examination conducted by the Civil Service Commission on January 28, 1914, by virtue of authority contained in section 11, Regulations of this Service (approved by the Secretary of the Treasury and the President), with a view of filling an existing vacancy in the office of Superintendent of the 9th Life-Saving District, by promotion of a keeper thereto, three (3) keepers appeared and completed the required examination. The papers were examined and marked by the Civil Service Commission, with the following result, as submitted to me in their report:

| Competitor | General Average |
|---|---|
| James F. Phillips | 70.12 |
| Charles H. Corbel | 68.18 |
| Emile E. Jeko | 64.80 |

After a careful examination of all the papers and the official standing of the competitors, I am satisfied that James F. Phillips, Keeper of the Galveston life-saving station, highest in general average on the list submitted by the Civil Service Commis -

sion, is the best qualified man for the position, and I recommend that he be promoted and appointed Superintendent.

Mr. Phillips is 39 years of age, was born in Florida, served as surfman in the crew of the Santa Rosa station from January 1, 1898, to January 16, 1906, when he was promoted to the position of Keeper of the Sabine Pass station. On May 1, 1907, he was transferred to the position of Keeper of the Galveston station, which position he now holds.

Phillips, at present serving as Surfman, at the Santa-Rosa Station, this district, for the Keepership of the Sabine-Pass Station, this district, to be made vacant, by the resignation of Charles Cor--bel, the present Keeper;-----Mr Phillips, has been employed, as Surfman, at the Santa-Rosa Station, for the past seven years, and is a good Surfman, and an excellent man for the position; having all the qualifications to fill the place, acceptably, and I consider his selection, for the position, the best that can be made in the district;-----Mr Phillips is 30 years of age, married, and an american by birth, and of good moral standing;----------

The Medical Certificate of Mr Phillips, is enclosed.

Respectfully,

Wm A Hutchins Jr

J.G.T. Supt 9th Life-Saving District.

1 Enclosure

I concur in the foregoing recommendation, nominating Surfman James F. Phillips, of the Santa-Rosa Station, to the Keepership of Sabine-Pass Station.

Indebtedness of James F. Phillips, Oiler,
Cornfield Point Lightship No. 44.

Dear Sir:

With reference to the above, we regret that we are obliged to report failure of Phillips to make a monthly payment as agreed on his account.

About the 11th of April we received a payment on this account and a few days later a signed note from Mr. Phillips for the balance he owed us, at which time it was agreed that he would make a payment each month.

Mr. Phillips understood that we were discounting his note for a month at a time and when the note came due in May and June, he made a payment at each of these two renewals and signed a new note for the balance. When the note came due in July, he neither sent us a new note or any payment to reduce the indebtedness. We have written him twice, calling his attention to this matter, both letters having been sent registered and the card notice returned to us indicated that he received these two letters.

In our last letter we advised him that failing to receive his payment and a new note by July 31st, 1933, we would report the matter to your office, feeling sure that you expect this man to take care of his obligations and to live up to whatever agreements he makes as regards to that payment. Any assistance that you can give us to help to bring this account in line would be greatly appreciated.

Dear Sir: Subject: Indebtedness of James F. Phillips

The above party who is stationed at Saybrook lightship, is indebted to us to the extent of several hundred dollars and although we have made a number of attempts to collect our bill, we have been unable to secure any payments from him for a long time.

We understand that government employees are expected to take care of their just debts and we are writing to ask if any pressure can be brought to bear on Mr. Phillips to convince him that he should arrange some method of liquidating his account with us.

The amount involved at this time is $425.58 which is made up of balance due on automobile that Phillips purchased sometime ago, together with various open charges on our ledgers.

Any thing that you may do which might be of assistance to us in collecting this account will be greatly appreciated. Trusting to hear from you at your earliest convenience, we are

SUBJECT: Salary paid - Phillips - Oiler, L. V. No. 48, Month of May, 1924.

REFERENCE: Chief Clerk's memo dated June 4, 1924.

1. It has been noted that all correspondence of this office, letters dated April 28th, May 5th and May 9th, telegram May 14th and letter of May 19th, were addressed to Phillips personally, at his home address Brook St., Noank, Conn., relative to transfer of position from that of Oiler, L. V. No. 48, to Keeper at Great Captains Island Lt. Sta.

2. The following suggestion is submitted as a solution towards preventing future similar occurrences as involved herein:-

Had copies of above correspondence been forwarded to Master of L. V. No. 16, also Master of L. V. No. 48, it seems as though same would have acted as a double check to prevent such a condition as paying an employee salary not due.

It is felt sure that had Master of L. V. No. 48 to which Phillips belonged been so notified of the change to take place that he would not have and could not have placed this man on the pay-roll for the full month, in view of the fact of his knowing of a change in status taking place without placing himself liable to responsibility for making a wrong statement when certifying as to correctness of his pay-roll submitted for Month of May, 1924.

As the case remains, Master of L. V. No. 48 knew nothing of change of position to take place, furthermore Oiler in question was employed on another vessel away from station taking status of Phillips away from his direct attention and supervision.

Re:

Re this check of Phillips Oiler, 48, sent to him for entire month when as monthly report shows he left 16 on May 10th. You always look over the monthly reports do you not before checks are sent out to prevent such occurrences as this?

WP

Reports are always checked up. But as masters and keepers have been instructed to notify by special or telegram after Gotes about any changes affecting pay status at end of month. Did not occur to me that this pay status change would be different from Masters mens Payroll owing to Schupp being engaged as assistant relief. I mailed the checks - the pay clerk in charge with changes in position could probably have caught it.
