December 17, 1928.

Superintendent of Lighthouses, Portland, Oregon.

1. In reference to your nominations for the transfer and demotion of Ole A. Rasmussen from 2nd Officer on the MANZANITA to 2nd Officer on the HEATHER, and the transfer and promotion of Jesse B. Martin from 2nd Officer on the HEATHER to 2nd Officer on the MANZANITA:

2. It is noted from the nominations that you have recommended December 4 as the effective date in each case, and in your telegram of December 11 you state it was necessary to make these changes on that date for the protection of life and property. These two transfers amount to merely an exchange of positions, and while it may have been necessary to make them on December 4 it is not considered that an emergency was involved. Mr. Rasmussen made application for transfer to the HEATHER under date of June 2, 1928 and it is not understood why both transfers could not have been arranged for prior to December 4.

3. The Department will not authorize any transfer, appointment, etc. effective prior to the date of receipt of nomination therefor at the Department, unless it can be certified that assignment to duty prior to authorization was necessary for the safeguarding of life and property. In view of the circumstances in these cases, the Bureau does not consider that such a certification can properly be made. The nominations in question are being submitted to the Department this date with recommendation that they be effective as of December 20. Even though the transfers were actually made on December 4, it is requested that they be considered effective December 20 for payroll and record purposes, provided of course they are approved by the Department.

4. The other matters referred to in your telegram of December 11 are included in separate Bureau letter of this date.

Justification: The vacancy in this position will result from one of three connected transfers proposed as follows: the present incumbent of this position, who receives $1560 gross pay, is to be demoted and transferred to Sexton Mountain Station at $1200, and the present keeper at the latter station, who also receives $1200, is to be transferred to Heceta Head at $1380, while the present keeper at Heceta Head, now receiving $1500, is to be transferred to Cape Flattery at $1560. The net result will be a saving of $120 per annum.

The complement necessary for the operation of this station is four keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

As indicated above, this vacancy will be filled by transfer involving an increase in pay from $1500 to $1560. The pay range of the lightstation is established in accordance with approved classification of lightstations and pay at a rate not within the range would disrupt the classification system. In filling this position, the Service will keep within available appropriations, and the need for economy and retrenchment has been given full consideration.

Approved: Recommended by:

Secretary of Commerce. W. P. HARMAN,
(Head of Bureau or Office)

To Budget 6/22 Acting Commissioner of Lighthouses.

June 24, 1933

Superintendent of Lighthouses, Portland, Oregon.

Your nomination of June 14 for the transfer of Keeper Ole A. Rasmussen from second assistant, Heceta Head, at $1260 ($1140-1500) to a similar position at Cape Flattery at $1440 ($1320-1680) vice F. W. Worack is herewith returned.

The Bureau submitted to the Department on May 1 your nomination of Rasmussen, dated April 17, for the same transfer except that the proposed pay in that case was $1320 ($1320-1680), which is the correct pay on transfer, your attention in this connection being invited to Bureau circular No. 390 dated June 12, 1933. The nomination of April 17 is now at the Budget Bureau and action thereon will be duly referred to you.

My dear Mr. Commissioner:

Some of my friends have written me of the case of Mr. Ole A. Rasmussen, Assistant Lightkeeper at Tatoosh Island.

They tell me his two boys have reached the age where they should be able to continue their education in a high school and they are wondering if he might not be considered for an appointment or transfer to some place on Puget Sound where this schooling facility would be available.

I shall be most grateful for such consideration as you may be able to give my interest in this.

1. There is returned herewith Senator Dill's letter of April 14,1934, forwarded by Bureau indorsement of April 16, regarding transfer of Ole A. Rasmussen, Assistant Lighthouse Keeper, Cape Flattery Light Station.

2. This office has had no recent request from Mr. Rasmussen for transfer to another light station. He was originally transferred to Cape Flattery Light Station from the position of Second Assistant Keeper, Heceta Head Light Station at a time when it was planned to discontinue the position of 2nd Assistant, Heceta Head, and in order that provision might be made for the incumbent. Mr. Rasmussen has thus far given satisfactory service at Cape Flattery Light Station and he would be given due consideration for transfer to a mainland station at such time as a suitable vacancy might occur. In this connection, however, it should be understood that practically all keepers on island stations have standing applications for transfer to mainland stations and these requests are necessarily considered primarily from the standpoint of the best interests of the Service with due regard for the seniority of employees concerned and their length of service on the outlying stations. Consideration of Mr. Rasmussen's case is limited by the fact that he is qualified only for service as an assistant at a station having three or more keepers, he not being qualified for responsible charge of a station.

Hon. C. C. Dill,
United States Senate,
Washington, D. C.

Dear Senator Dill:

In further reference to your letter of April 14, in the interest of Mr. Ole A. Rasmussen who desires a transfer from his present light station to one located on Puget Sound:

Mr. Rasmussen was transferred to his present station in order to make provision for him when his previous position was proposed for discontinuance in connection with economy measures. The policy of the Service with regard to the transfer of keepers is to give prior consideration to those having long and meritorious service at isolated and relatively undesirable stations when vacancies occur at shore stations which are considered more desirable. Upon the occurrence of a suitable vacancy, however, Mr. Rasmussen's desire for a transfer to another location will be duly considered with other keepers in accordance with the policy of the Service. He should also file application with the Superintendent of his district listing the stations to which he prefers transfer in the event of vacancies.

Referring to accident of Mr. Ole A.Rasmussen, 2nd Assistant.

On the 17th of September about 5:00 P. M. while lowering a Navy Yard workman's toolbox, Mr. Rasmussen, while working the friction lever on the hoist, cracked the friction yoke on clutch. He insisted on taking this piece to Neah Bay for repairs, and I gave him permission to do this, suggesting that he go on the mail boat next morning, since it was desired to restore the hoist to normal working condition before the arrival of the tender on Wednesday afternoon.

The mail boat which was to carry Mr. Rasmussen together with several Navy Yard workmen to Neah Bay arrived at the Island about 6:15 A.M. Mr. Rasmussen was assisting with the loading of this boat and was using the Navy's small boat for this purpose. He had made one trip out and was returning to the beach when a heavy breaker capsized his boat about 100 feet from the shore, and in over-turning trapped him underneath. He was brought to the beach approximately twelve minutes after his boat capsized.

I was not on the beach at the time the accident occurred, but hastened there immediately upon being notified about twenty minutes later. Upon learning that an accident had occurred, I immediately notified the Coast Guard and Doctor. I then returned to the beach to assist with the artificial resuscitation. First aid treatment was continued until the arrival of the Coast Guard boat and the Doctor about an hour and ten minutes later. The physician, after a thorough examination, pronounced Mr. Rasmussen dead.

I have been unable to learn whether Mr. Rasmussen was asked to use the Navy boat, or whether he simply volunteered to assist with the work by using their boat, since the mail carrier had his own dory which was being used for this purpose.

At Mrs. Rasmussen's request the body was carried by the Coast Guard boat to Neah Bay, where with her permission an autopsy was performed which indicated that Mr. Rasmussen had met with death by drowning. At present, the body is at the Lyden's Undertaking Parlors in Port Angeles.

Form 73 of December 24, 1925, recommending temporary appointment of Ole A. Rasmussen, 2d Officer, Tender Heather.

REMARKS: The eligible register for this district for 2d Officers on tenders recently expired. An examination has since been held but a certificate of eligibles has not been prepared, pending receipt from various persons of vouchers regarding applicants. The temporary employment of Rasmussen was approved by the District Civil Service Secretary by telegraph today. Rasmussen's services will be retained until the permanent transfer of Ludwig A. Larsen, 3rd Officer, 16th District, to 2d Officer, HEATHER, this district, is approved by the Department and Larsen enters on duty in this district. Larsen was nominated for this transfer by Superintendent's nomination dated December 18, 1925. Department action on Larsen's transfer has not yet been received by this office. Larsen will be able to start for this district by next boat following receipt by 16th Superintendent of information that transfer is approved by the Department. It was necessary to place Rasmussen on duty today for the saving of life and property as his predecessor, Smith, was transferred on December 23, 1925, to position of Keeper Smith Island Light Station, the services of temporary laborer at that light station, Mrs. Meagher, having, at her request, been discontinued, effective upon Smith's arrival there. Also 1st Officer Anderson of the HEATHER was reported yesterday as being unable to perform his duties on account of illness. Rasmussen has had the following Government service in the Lighthouse Service: Seaman on tender FERN from September 1915 to April 1916, 3rd Officer Tender CEDAR from June 15, 1925, to October 31, 1925.
