Sir: Saturday Sept-12th '25- about a half hour before sun set, in a strong south west breeze, and rough sea, I went to the assistance, and towed to safe anchorage in Newagen harbor, a 30 foot cabin boat that had considerable water in her, and engine had broken down when just to the westward of the bell buoy. Owing to the rough sea, and my own boat being so much smaller, the tow line parted 3 times, pulling the cleat from my boat before I could get in past the Light to smoother water. Dear Sir:

The Commission is in receipt of a claim from Mrs. Grace L. Robinson of Boothbay Harbor, Me., on account of the death of her husband, Fred T. Robinson, former lighthouse keeper at the Cuckolds Light Station.

No claim for disability was ever made by Mr. Robinson during his life time. Mrs. Robinson claims that he was injured on November 28,1922, by a blow in the back, which caused a permanent injury. The following is a statement of Mrs. Robinson, accompanying the claim form:

" Referring to the enclosed form and giving the nature of injury of Fred T. Robinson more fully. Nov. 28th 1922 at about 1.30 P.M., returning from town, where he had been in the Coast Guard boat, to report to the District Office, the wreck, and rescue of the crew, of the British Schooner Barbara W., on the eastern side of The Cuckolds, at about 1.30 A.M., Nov. 28,1922. Owing to a heavy sea there was difficulty in landing, one of the surfman managed to jump to the rocks or slip, as a heavy sea nearly overturned the dory. Mr. Robinson in getting the oars left by the surfman received a hard blow in the back, but he helped the remaining surfman pull clear from the breakers. In the dory at the time were Capt. Aaron E. Tower, Master of the wrecked schooner Barbara W., and Mr. Maurice Woodward, who was then, and is now, No. 1 surfman at the Damiscove Coast Guard Station, Boothbay Harbor, Maine. Home treatment gave Mr. Robinson no relief, so Dec. 4,'22 he went to Dr. Geo.Gregory, Public Health Service, changing Jan. 20,'23, to Dr. T.Stevens, with whom he continued from time to time until his death, Dec. 18th 1925. It will be noted that Mrs. Robinson does not state exactly how the blow to Mr. Robinson's back occurred or upon what object he struck his back. It is also not shown whether he was disabled for work from that date until the time of his death, or whether he continued to work up to nearly the date of his death.

The Commission will appreciate the submission of all possible information which may be obtained through the District Superintendent of Lighthouses regarding this case. Mrs. Robinson will also be requested to furnish further information.

Your cooperation in this case, which may prove to be one difficult of determination, will be of great assistance to the Commission.

Very truly yours,

2. It is firmly believed that due to exposure, and an injury to his back which occurred while saving the lives of the six members of the crew of Schooner "Barbara W", Mr. Robinson's health became impaired, and was a contributary cause of his death. The circumstances of this rescue are set forth in enclosures accompanying district endorsement of December 6th on Bureau's letter of December 2, 1922, and while Mr. Robinson submitted no report of this injury in regular form it is a well known fact that he suffered severely from pains in his back and was under private treatment for same; apparently without satisfactory results. Within a day or two after the wreck, when his station was visited by the Superintendent on tender ZIZANIA, Mr. Robinson was observed to be suffering from pain and unable to stand erect.

MAY 1, 1926.

The Commissioner,
U. S. Lighthouse, Service,
Department of Commerce,
Penna. Ave. & 18th St.,
Washington, D. C.

Dear Sir:

The Commission is in receipt of a claim from Mrs. Grace L. Robinson of Boothbay Harbor, Me., on account of the death of her husband, Fred T. Robinson, former lighthouse keeper at the Cuckolds Light Station.

No claim for disability was ever made by Mr. Robinson during his life time. Mrs. Robinson claims that he was injured on November 28, 1922, by a blow in the back, which caused a permanent injury. The following is a statement of Mrs. Robinson, accompanying the claim form:

> "Referring to the enclosed form and giving the nature of injury of Fred T. Robinson more fully. Nov. 28th, 1922 at about 1.30 P.M., returning from town, where he had been in the Coast Guard boat, to report to the District Office, the wreck, and rescue of the crew, of the British Schooner Barbara W., on the eastern side of The Cuckolds, at about 1.30 A.M., Nov. 28, 1922. Owing to a heavy sea there was difficulty in landing, one of the surfman managed to jump to the rocks or slip, as a heavy sea nearly overturned the dory. Mr. Robinson in getting the oars left by the surfman received a hard blow in the back, but he helped the remaining surfman pull clear from the breakers. In the dory at the time were Capt. Aaron E. Tower, Master of the wrecked schooner Barbara W., and Mr. Maurice Woodward, who was then, and is now, No. 1 surfman at the Damiscove Coast Guard Station, Boothbay Harbor, Maine. Home treatment gave Mr. Robinson no relief, so Dec. 4, '22 he went to Dr. Geo. Gregory, Public Health Service, changing Jan. 20, '23, to Dr. T. Stevens, with whom he continued from time to time until his death, Dec. 18th, 1925."

It will be noted that Mrs. Robinson does not state exactly how the blow to Mr. Robinson's back occurred or upon what object he struck his back. It is also not shown whether he was disabled for work from that date untilthe time of his death, or whether he continued to work up to nearly the date of his death.

The Commission will apreciate the submission of all possible information which may be obtained through the District Superintendent of Lighthouses regarding this case. Mrs. Robinson will also be requested to furnish further information.

Your cooperation in this case, which may prove to be one difficult of determination, will be of great assistance to the Commission.

Very truly yours,

When I went to his room, I found that he had passed away. At 7.30 a. m. I went over to Newagen, and after notifying the Office at Portland, called the Undertaker at Booth Bay Harbor, who came to this station and made all necessary preparations for the removal of the remains.

I called the Coast Guard Station and their boat arrived here at 10.30 a. m. and left the station at 11 a. m. carrying the remains to Newagen, where it was conveyed to the undertaking rooms at Booth Bay Harbor.

Respectfully,

Sir:

This morning the Asst. Keeper came in and told me he was going ashore, as this has happened several times, I called his attention to Circular Letter No. 66, and asked him to read and sign. He said he didn't have time and wouldn't bother with it, and that he would not ask permission to go ashore. When he was ready to go, he would tell me he was going, but he was not going to ask. Whenever I had occasion in regards to station business, I usually get a profane or impertinent reply. I have overlooked this for some time, as I do not consider him right, and I do not care to have any trouble with him. Are you willing for me to exchange with some other keeper, if I can find one who is willing to exchange?

Inclosures (4).

November 12th, 1918.

Commissioner of Lighthouses:-

Referring to Bureau's letter of the 9th instant, "Pay of Keepers, reclassification":-

Inclosed are Notices of Change in Salary of John Harris, Fred T. Robinson, Leavitt J. Colbeth, and appointment of Frank M.Rumery as Keeper at $720. per annum. Mr. John Harris is not employed in this District, and his Notice was evidently sent here through error. The Notice of Leavitt J. Colbeth is returned for correction, as it will be noted that his last name is spelled as Colberth thereon. The Notice in the case of Mr. Fred T. Robinson is returned, as it is believed that he should have been tendered an appointment as "Keeper" at $900 per annum, inasmuch as his last appointment was as "First Assistant Keeper". The appointment of Mr. Rumery as Keeper at $720 per annum is returned as it states that "The above rate of pay includes longevity pay of $60", which statement is in error as Mr. Rumery is not entitled to longevity pay. The base pay of his position, according to Bureau's revised schedule, is $720 per annum, therefore the amount stated in the appointment is correct.

Although the Bureau stated, in second paragraph of its letter of the 9th above referred to, that the allowance to the Keeper at Whitehead for cartage would be reduced from $104 to $60 per annum, it is noted that Department's Notice of Change in Salary in the case of Elmer Reed states that his salary has been changed from $804 per annum to $1064 per annum. From this it would appear that no reduction had been made in allowance for cartage. In view of the statements contained in my letter to the Bureau of November 11th, on this subject, Mr. Reed's Notice will be retained in this office pending receipt of information from the Bureau as to whether it desires to have this notice returned for correction or forwarded to Mr. Reed, and by so doing allow him the $104 per annum as heretofore and as recommended in my letter of the 11th.
