December 6, 1912.

Commissioner of Lighthouses:

In a letter dated the 9th ultimo the Inspector of the Second Lighthouse District recommended that the transfer of Mr. Elliott C. Hadley, Jr., to the position of keeper of Bird Island Light Station, Massachusetts, and of Mr. John E. Rogers to that of first assistant keeper of Race Point Light Station, Massachusetts, be made effective on the dates the appointments were issued, in which recommendation the Bureau concurred. On November 13 the Department approved the transfers, effective as of that date. On November 14 notices of appointment were addressed to the employees advising them of their transfer, and such communications indicated that the appointments became effective on November 13, 1912.

The Department is now in receipt of oaths of office executed by Messrs. Hadley and Rogers, which indicate that they entered on duty on November 14. In view of what has been pointed out in the preceding paragraph, the Department will be pleased to be advised whether the oaths of office should be amended so as to show the dates of entrance on duty as November 13, or whether the appointments should be amended so as to be ef-

fective on November 14. In the event the latter action is necessary, the Department requests that the notices of appointment addressed to the employees be returned for amendment.

The Department is in receipt of recommendations for the transfer of Mr. Elliott C. It appears that in March, 1912, Mr. Hadley was rated--

Before taking action on the recommendation for his promotion, therefore, the Department will be pleased to be advised whether Mr. Hadley's services since March, 1912, have been such as to warrant his promotion.

In Reply to your letter of December. 8. 1922.
I am sorry to hear that I am in error that it not Miss.. Rogers that open the mail and it Keeper Rogers that open it him-self. Why this is one good thing to prove you that Rogers did'nt use one right, for me I done all I could to please him and I work hard I done his share and mind and what did I got for it? I had to walk out but I don't think that I deserved that, for I work hard for the service to gain advancement. And instead of that Rogers made me leaves the service. And now you are offering me the Position as second asst. Keeper at Boston Light Station for me I think instead of going up that's going down But just the same I will except it that's if I get the first chance on either Eastern or Bakers Island or have about subbing that if I can have a place to live on. Sir:

1. Your letter of December 8.

2. You are in error in your statement that the Keeper's daughter opened the letters that you received from her September 13; those letters were opened by the Keeper, who gave them to his daughter to pass to you.

3. If you are so solicitous for the proper observation of the Regulations, you should have reported any infractions of them known to you at the time they occurred, and not wait until you are leaving the Service and make your charges because of alleged grievances against the Keeper.

4. This office endeavored to give you another chance, if you desired to remain in the Service, by offering you the position at Boston Light Station. Such positions as Bakers Island and Eastern Point are filled by men who have been longest in the Service and not by those who have first asked for transfer to them.

Respectfully,

1 Reply to your letter of December 7. 1922 I have send you the date and the Month of every thing that the Keepe done so that's What I call pretty fair.

cc.- see Keepers letter he send a time of keeper and duty and time to dent. 2 And now about those letters that the Keepes daughter open on Sept. 13. I suppose that's not true.

3 As you told me in the office on November 17 that I was just as guilty as Rogers why a Keeper should read the regulation book and see on Page 8 Par, 13, Example to others and on Page 18 Par, (64) Empty oil cases should be condemned, and not to be giveing away

4 If Mr. Rogers would of use me like a man I would never caused him for all that, And would'nt leaves the Service on acound of him, For as it is now I am not working And have no home yet, and my furniture are the same as when I left the station all pack up yet.

cc. read + draw up a letter 4

5 At the time of my resignation Saying that I could'nt do or make any-thing to get along with the Keeper, I don it think that I was getting a square deal on the Station and there was no investacation by nobody From Oct 8th. untill Jan. 1st. in all that time.

6 Now its fair enought I refused the position at Boston Light but in the Night of Way, for when I left Dumpling Rock Light Sta. I was simply run down and had to see a Doctor, and been sick until, November 24th When the Doctor let me go,

7 I should think that either Babes Island or Eastern Point Light station's that I should have one of those 2 places for I put in for transfer to them station b[e]for there was any Vacancy and with that I was in the service b[e]for the war and during the war and had a very hard time for one year on Dumpling Rock by working hard and standing for what Rogers did to me,

Transfer to Eastern Point & Babes Island Asst's Lenght of service 1 yr.

8 Now Superintendent you can Judge things by your-self you have put the man you wanted on my place but Mr. Rogers had trouble already with him, and this Asst. been there only 32 days, for me I stand it for 365 days

9 As I am leaving the state for Bangor Me. Soon you may Address My Mail at the same address.

In reply to the charges made against me by Madeam, I wish to say, that in no way did I ever abuse Madeam or his wife, but did all I could to help them. I kept them both here for a week, until they got their rooms fixed without charging them any board.

I never accused him of being drunk, And never did I try to frighten his wife. But I did often give her lectures, going without them for my own family, because I knew she liked them.

As for "bossing" her, she would come in and ask me to show her how to cook, cake, bread doughnuts, and I have often been in at her request and made them for her.
The only time I ever saw her cry was one time she wanted some milk, and her husband could not get any at Green Farm. She came in and said if her husband didn't hear her cry, because she could not get what she wanted he would get right out of the service. My daughter, made her a glass of malted milk told her to "cheer up and forget she wanted it."
The only way I see that we could have stood

Must have been by feeding them both, for they always had part of most every thing I cooked.

Respectfully.

Hearwith is the reply to the statements made against me from former Assistant Nadeau.

2 Nadeau did not get abused & treated him as if he was a brother of mine and so did my Wife.

4 & did not push all the work on him & did my part of work. Nadeau may have worked with me until 5:30 P.M. when we done the springs work such as painting out side there was days that the weather was not fit to paint and so & tried to get it done when the weather was good, but very few days that we worked until 5:30.

5. He and I scraped & sandpapered the tower stairs he did not do it alone, he varnished the steps and & sandpapered and wiped them below him every other step, was varnished that day

4

5 The next time he varnished the second step that we skipped that day alone, and I was at work painting pipes on engine I was not asleep, I laid down when I was in pain of rectum trouble and weak from loss of blood

Whitewashing we done it togather the first coat, some time afterward I told Nadeau to white wash the hollow days or spots on the bulk head, when he was doing that I was at the bench in the service room cleaning vaporizers in front of the window, that is where he saw me I was not dodging the work or dodging him, the whitewashing he done did not take him more than 20 to 30 minutes.

7 Er May he claimes that I gave him orders to paint this and that, I was Keeper of this station I think it was my duty to tell him what to paint, while he was painting I mixed up some lead paint, and the brown for the wrench & muffler he then painted muffler & wrench that was not a long Job, & then told him that would be all for to day, I was in pain with rectum trouble

As I have first stated, and laid down on the couch a while to see if I would get over the pain, a while afterwards Nadeau rushed in my house by my Wife and Daughter, without giving any warning that he was coming as he stated that Mrs and Miss Rogers were surprised, why shouldent they be to have him come on them that way.

8 In July, I did not tell Nadeau to clearway the wood 8 of the derick platform he cleared away a few old planks by his own will I was around doing some odd jobs about the station, I went out where the Robinsons was to work now and then to see if they wanted any thing done. I left Nadeau there to Assist them if they wanted any help or anything done such as clear away and t

9 I did Not refuse Nadeau the dory as he claims, why should I, he always used my boat when he wanted to I never refused him the station boat or dory, if Mr Robinson took him ashore it was because he was not working at the time, and wanted to

10 I did not stop Nadeau from going ashore for Provisions he was ready to go and the Tenders launch came with Oil, so I told him he better wait and help us take in the oil he did. but was cross over it, I said nothing, when we got the oil in, I asked Mr Bowman, if he would take Nadeau to New Bedford he replied "certainly as we are going in", I think that he had a right to help when on the station,

11 Nadeau says that I was dodging the work that is false & certenely was there with him washing

12 Nadeau claims that I was in the Boat House with my daughter laughing at him when he was lighting up and that I came up and balled him out, we did not laugh at him, I went up in the lower and asked him what was the trouble he said that it would not light, I told him to give it alcohol and let it heat up and then it would light all right, I did not give him any "balling out", the sleeve was all right because I tested it when I put it in, April 2 he claims that I was 20 Minutes late on account of that piece of pipe Never 20 minutes late lighting up.

Nadeau asked me if he could use the Launch and that I replied No, that it's not so, I told him yes, if he wanted to buy battries for it, he replid No. that same day he had some trouble with Mr Duff ashore, and I understood he was ordered off the place. when he came back to the station he pitched in to me and my Wife and about my daughter that we was the cause, that we did not tell him about crossing the lawn and ring the telephone. I told him that Mr Duff would not "ball him out" without some reason. that we always asked permission to use the telephone and never walked in without ringing the bell.

14 Nadeau claims that he saw in the Jurnel that he left the station at 8 A.M for what and return at 6 P.M. & find in the Jurnel that he left the station at 9 A.M. and return at 6 P.M for his personal purpose & meet his Wife, he states that I left the station at 7.30 A.M. and returned at 6 P.M, & went Ashore 10 A.M. and return at 4 P.M. for Mail & Provisions.

Nadeau states that I never touched the brass in the tower since he was here, that is Absuletly false & cleaned it a good many times alone, and he in the house helping his Wife to do her work.

16 He accuses me of throwing the oil house keys on the boat house floor. I did not, I laid the Keys on a chair in the boat house because he was working on coal & then said to him. I better hang this key on the nail by the clock then it will not get lost while you are working on coal. and he followed me in when I hung the key on the nail, And I shook hands with him and bid him good by, the quarter master then took me and my Wife Ashore.

17 He Accuses Miss Rogers going after the mail and open official letters that letter came the day I left the station for the hospital & opened it my self on the way in, one for Nadeau to take charge, the other for Mr Craig to report to Keeper of Dumpling Rock Light for tempory duty & then sent the letters opened ant to the station. My Daughter passed Nadeau the one for him to take charge, the copy to keeper, stating Craig to report she just on file.

The gaverment mail was not stopped, my Wife stopped her own personal mail

18 Nadeau states that he found out that I left the Hospital Sept 25th I did leave the Hospital the 25th but stopped in New Bedford under the Doctors care, the office have my report & the doctors,

19 & 20 He states that I put my fist under his nose, that it not so, he states that I gave I cans to a fisherman and two looked heavy as if they had oil, I gave that fishermen 5 or 6 cans I was throwing them away they had no oil, they were rusty oil cans Nadeau was with me by the oil house wharf when I took the cans to the fisherman and he knows that they had no oil if he can tell the truth

3 He Accuses me of Accepting money from fishermen I did not Charge any boat for the use of my boat or going after them ashore, when they gave me any thing they put it in my pocket or threw it down in the boat what ever I got I gave him half and he did the same, if they put money in my pocket or in the boat I was not going to throw it away

He Accuses me of accepting Intoxicating drinks and on certain dates, that is False, I had Vinegar, Mollasses, Grapes Juice come in gallon Jugs, and Moxie and Ginger Ale, during the hot weather I am not a drinking Man and have not received Intoxicated drinks.

Respectfully

1. Visited Dumpling Rock Light Station on the afternoon of November 11, and interviewed the Keeper relative to charges preferred against him by former Asst. Keeper P. A. Nadeau.

2. The Keeper stated emphatically that his statements were absolutely false, with the exception of the one wherein he said he was working outside while the Keeper was in the dwelling. In this matter there were a few cases at different times when the Assistant was employed outside when he was working on reports or other official duties that required attention on the inside, but generally speaking he always made it a practice to work with assistants when they were employed on station upkeep duties.

3. L. K. Robinson was consulted relative to what he saw while at the station and his statement confirmed the keeper's report.

4. To judge by the Keeper's looks and his candid straightforward statements, it is my opinion that he was telling the truth and that he is not guilty of the serious charges made against him by his former assistant.

5. Mr. Rogers was requested to forward an official reply to this office relative to the above charges.
