Commissioner of Lighthouses:

The Department is in receipt of the Eighth Inspector's nomination of the 23rd ultimo, forwarded approved by the Bureau on the 2d instant, for the temporary appointment of Roy Rollingson as second assistant keeper of Southwest Reef Light Station, Louisiana, at $456 per annum, for a period not to exceed one month, effective September 20, 1913, vice John W. Brooks, who has been transferred to the position of laborer in charge of Bunch Timber Range Lights, Florida, effective September 30, 1913, or as soon thereafter as he enters on duty.

In this connection the Department invites attention to its letter of September 26 authorizing the position of laborer in charge of Bunch Timber Range Lights, Florida, at $300 per annum, effective September 30, 1913, or as soon thereafter as the person to be appointed thereto enters on duty. As Mr. Brooks could not be transferred to this position prior to the date of effect of its authorization, indicated above, the Department cannot appoint Mr. Rollingson, vice Mr. Brooks, effective September 20, 1913.

Referring to your nomination, and letter, dated September 25, 1915, in the case of Roy Rollingson, in regard to his temporary appointment as second assistant keeper at Southwest Reef Light Station, Louisiana.

As it appears from the nomination in the case of Rollingson that Brooks entered on duty as laborer in charge of Dumch Timber Range Lights, Florida, on September 20, 1915, it is requested that you return the notice of appointment in his case, together with the carbon copy, with recommendation that the same be amended to show September 20, 1915, as the date of entrance on duty. Roy Rollingson,
Employment of.

The Commissioner of Lighthouses.

1. Referring to attached nomination recommending the temporary appointment of Roy Rollingson as Second Assistant Keeper at Southwest Reef Light Station, at $456 per annum, effective September 20, 1913, for a period not to exceed one month.

2. When it was desired to transfer John W. Brooks, Second Assistant Keeper of Southwest Reef Light Station, to Laborer in charge of Bunch Timber Range Lights, Florida, as recommended September 11, 1913, the station boat was left at Morgan City, La., by Mr. Brooks, a distance of about thirty miles from the light. As this left the keepers on the station without means of reaching shore, it was important that the boat be returned to the light at once, and Roy Rollingson, son of the Keeper, was engaged for this service.

3. Southwest Reef Light Station is extremely isolated and it is important that the full complement of keepers be maintained there until the vacancy caused by the transfer of Brooks can be permanently filled in accordance with Civil Service rules.

4. In view of the above statement, I trust that my action in this matter will be approved.
