BUREAU OF LIGHTHOUSES

WASHINGTON

January 3, 1913.

Respectfully submitted to the Secretary of Commerce and Labor, approved. Authorization of the temporary position of additional second assistant keeper at $600 per annum 11—2314 is recommended for a period not to exceed nine months. For the information of the Department there is inclosed a letter from the Inspector, dated December 11, 1912, in regard to conditions at this station, which letter is concurred in by the Bureau. This case is clearly within Department amendment of September 16, 1912, of its letter of May 3, 1912, in regard to assignment of appointees to duty.

The Commissioner of Lighthouses,
Washington, D. C.

Referring to the accompanying nomination of William Rosenberg as Additional 2nd Asst. Keeper at Cape Sarichef Light Station, Alaska, and to the resignation of George A. Lee as Keeper of that station, transmitted to the Bureau under date of November 11, 1912,--

" Mr. Rosenberg was acting as substitute for Mr. Lee during his absence from the station on annual leave of absence. Mr. Lee's resignation took effect at the close of business November 11, 1912, without his having returned to the station. Mr. Rosenberg is doubtless at the station rendering service, and will probably continue to do so until he is ordered to suspend work by Mr. Lee or myself. Owing to the infrequent mail service during this time of the year it is almost impossible to communicate with this station.

" I am not prepared to recommend the promotion of the 1st and 2nd Asst. Keepers to the positions of Keeper and 1st Asst. Keeper, respectively, in as much as I do not think the 1st Asst. qualified for the position of Keeper. Both of the present employes have declared their intention of leaving this station next summer.

"Mr. Rosenberg stands sixth on the present list of eligibles for keepers, but it is not thought advisable to recommend his probationary appointment, owing to conditions of which I learned while inspecting the station in September. I have, accordingly, requested his nomination as Additional 2nd Asst. Keeper for a period of three months. In addition thereto it will probably be necessary to request two extensions of this temporary appointment for periods of three months each."

Commissioner of Lighthouses:

For the reasons set forth in the Sixteenth Inspector's letter of the 11th ultimo, and in accordance with the Bureau's recommendation of the 3rd instant, the Department hereby authorizes the temporary position of additional second assistant keeper of Cape Sarichef Light Station, Alaska, at $600 per annum, for a period not to exceed nine months beginning November 12, 1912.

The Department has requested the Civil Service Commission to authorize Mr. William Rosenberg's temporary appointment to this position for a period not to exceed three months beginning November 12, 1912.

In view of the reasons given in the statement of the Inspector of the Sixteenth Lighthouse District, quoted in the Department's letter, and also in view of the weather conditions in Alaska at this time, the appointment of Mr. Rosenberg is approved for such part of three months as required to fill the position permanently.

It is noted, however, in the statement of the Inspector of the Sixteenth Lighthouse District that it is probable that it will be necessary to request two extensions of this appointment for periods of three months each. Section 1 of Rule VIII, under which appointments of this character are approved, contemplates that action toward filling a position permanently shall not be unnecessarily delayed. The Commission, therefore, requests that just as soon as weather conditions will permit steps be taken to fill the position permanently in the regular manner.

Sir:

The Commission has the honor to acknowledge receipt of the Department's letter of May 3, requesting authority to extend the temporary appointment of William Rosenberg as additional second assistant keeper of Cape Sarichef Light Station, Alaska, at $600 per annum, for a further period not to exceed three months, beginning May 12, 1913. The statement is noted that the request for this extension is based upon the same reasons as set forth in the Department's letter of January 6, 1913.

As it is understood that just as soon as the weather conditions will permit steps will be taken to fill this position in the regular manner, authority is granted for the extension of Mr. Rosenberg's appointment for such part of an additional three months as required from May 12, 1913. In this connection, however, the Commission hopes that the Department will be able within this period to fill the position permanently as Mr. Rosenberg has been serving temporarily since November 12, 1912, and as the civil service rule does not contemplate an extension of a temporary appointment for such a long period pending the filling of the position permanently. It is only because of the weather conditions existing at the place of employment that the Commission has consented to this extended appointment.

By direction of the Commission:

DIVISION OF APPOINTMENTS ANSWERED MAR 13 1915 DEPT OF COMMERCE

CHIEF CLERK MAR12 1915

Submitted to Secretary of Commerce for his information, and with recommendation that the Department authorize the employment of William Rosenberg as laborer at Cape Sarichef Light Station, Alaska, for the period of 14 days from September 28 to October 11, inclusive, 1914, with pay at the rate of $2.00 per diem, in view of the circumstances in this case. Attention in this connection is invited to reports of the illness and drowning of former keeper, C. E. Louks, forwarded to the Department with Bureau indorsement of December 28, 1914. The condition of keeper Louks during his last few days at the station was such that he required care and attention of the assistant keepers, who made proper arrangements as to relieving each other in their station duties in the care of the keeper. These conditions necessitated the immediate employment of additional assistance at the station, in order that it might be properly maintained. Owing to the isolation of the station, it was impracticable to ask prior departmental authority, and the inspector submitted his report and recommendation as soon as practicable after proper information had been received from the station. This recommendation is considered in the interests of the Service, and the pay recommended is not in excess of that paid for the same or similar services during the preceding fiscal year.

Enclosed are three accounts for services rendered at Cape Sarichef Light Station, Alaska, in September 1914, incident to the illness of the late keeper of the Station, Chas. E. Louks, deceased.

It appears that the parties rendering these services arrived at this station about September 26, 1914, at which time the keeper was seriously ill requiring the attention of one of the keepers all the time, and no means of obtaining medical assistance.

According to the statement in letter of the 1st Asst. Keeper, W.J.Pearson, dated January 10, 1915, (copy herewith), an agreement was made with William Rosenberg to assist in the work of the station at a compensation of $2.00 per day, and Mr.William Rosenberg ~~did~~ rendered such assistance from September 28, to October 11, 1914, inclusive, 14 days, amount due $28.00. Mr. William Rosenberg served at this station formerly under a temporary appointment of 9 months and was familiar with the duties.

Jack Rosenberg and Dan Seprey were also employed ~~in~~ in carrying the mail from Scotch Cap to Cape Sarichef, and Jack Rosenberg was employed in making a special trip from Cape Sarichef to Scotch Cap Light Station with a

message for the Keeper at that station desiring to get in communication with the mail boat on her arrival, and secure assistance for the sick keeper at Cape Sarichef. It appears that the mail boat could not make the trip to Cape Sarichef but did communicate with the Revenue Cutter Service at Unalaska, who sent assistance to the station as quickly as possible.

The charges for the services rendered are considered just and reasonable in all three accounts, especially under the circumstances and trying conditions at this isolated station. Bureau approval is requested for their payment.

Sir:

In reply to your letter of December the 8th, would say that William Rosenbery has not been paid for his time at the Cape Sarichef Light Station. C. E. Louks told me he was going to send me the money to pay William Rosenberg and a couple of small bills for thing I sent and got for him.

The Keeper (C.E.Louks) told me the agreement was for two dollars ($2.00) a day, and I called W. Rosenberg before the keeper and asked him if that was the agreement, and W. Rosenberg said yes that is what we agreed on. I did that so as not to have any misunderstanding, as I could see the keeper was dying.

Rosenberg started work on the 28th of September and left the station on the 11th of October, making 14 days that he worked at the Station at two dollars ($2.00) a day, twenty eight dollars ($28.00).

I remain most respectively,

W. J. PEARSON
1st Assistant Keeper.

Commissioner of Lighthouses:

For the reasons set forth in letter dated the 23rd ultimo from the Sixteenth Inspector's office, and in accordance with the Bureau's recommendation of the 10th instant, the Department has authorized the employment of William Rosenberg as laborer at Cape Sarichef Light Station, Alaska, for a period of 14 days, from September 28 to October 11, inclusive, 1914, with pay at the rate of $2.00 per diem.

Subject: 16th Inspector's letter Sept. 21, 1917, William Rpsenberg, 2nd Asst. Keeper, Cape Sarichef Light Station, tuberculosis.

Submitted to Secretary of Commerce for his information. After careful consideration, it is not recommended that Rosenberg be separated from the service, it not being shown that he is not able to perform his duties. It is recommended that no further action be taken in this case at the present time other than that the Bureau be instructed to advise the 16th Inspector to see that Rosenberg is furnished with a copy of Form 1, and that Forms 2 and 3 be conspicuously posted at the light station.

APPOINTMENTS OCT 9 1917

If the Bureau recommendation be approved, a further report and recommendation will be made in this case at the end of six months.

Commissioner of Lighthouses,
WASHINGTON, D.C.

In accordance with paragraph 486 of the Regulations, I have to report a suspected case of tuberculosis in Wm. Rosenberg, 2nd Asst. Keeper Cape Sarichef Light Station. History and other facts pertinent to the case are as follows:-

Rosenberg is part native, being of Aleut and German parentage. He was appointed third assistant keeper, Lighthouse Service, May 8, 1916 and entered on duty July 18, 1916. He was promoted to second assistant keeper May 23, 1916 and entered on duty under this appointment July 19, 1916 at Cape Sarichef Light Station, where he has since been stationed, excepting while on leave. Rosenberg has a wife and two or three children living at Unalaska and dependent upon him for support. He is twenty five years old.

Soon after being assigned to duty Rosenberg became sick, with tubercular symptoms, and as no improvement in his condition resulted after several weeks he left the station for medical treatment, arriving at Unalaska October 13, 1916. He was examined by the medical officer of the Coast Guard Cutter BEAR, the only doctor at Unalaska at that time, and on November 5, 1916 wired the Inspector as follows:- "Result of examination by doctor Cutter Bear entirely satisfactory will return to Cape Sarichef by this month mail boat, William Rosenberg." He reached his station December 13th.

When the Inspector visited the station August 5, 1917, he found Rosenberg in poor health again. He was taken to Unalaska for medical examination and treatment. He was examined and prescribed for by the medical officer of the

wireless repair ship "Saturn" of the U.S.Navy. The doctor informed the Inspector verbally that he made no germ tests, not having facilities for doing so. He also stated that he had been informed that the tubercular germs could not always be found in Alaskan natives otherwise showing pronounced tubercular symptoms. The doctor would not say positively that the patient was affected with tuberculosis, but gave the impression that there was no doubt in his own mind that such was the case. He gave the patient some medicine, informed him as to the possibilities in his case, and advised him fully as to the precautions to be taken to prevent the spread of infection.

The doctor informed the Inspector that Rosenberg would be just as well off at the lightstation as anywhere else, and as the station had been left in charge of one keeper and a laborer and no other suitable person was available for duty at the station, Rosenberg was again landed at Cape Sarichef on Aug.11,1917.

While the Inspector dislikes very much to recommend the separation of this employee from the Service, especially as he is dependent upon his salary for support of himself and his family, it is not considered best for the interests of the Service or for the welfare of the employee that he remain on duty at a lightstation. There appears no other duty for which he is suited and separation from the Service seems to be the only alternative. Rosenberg is competent and faithful in his work and is held in high regard by his acquaintances.

A thorough examination of the patient would require that he be sent to Seattle.

Further action in the matter will be deferred pending receipt of advice from the Bureau.

Commissioner of Lighthouses:

Receipt is acknowledged of letter of the 21st ultimo from the Sixteenth Inspector's office, forwarded by the Bureau on the 8th instant, reporting that William Rosenberg, second assistant keeper of Cape Sarichef Light Station, Alaska, is believed to be afflicted with tuberculosis. Inasmuch, however, as medical officers in Unalaska have not positively identified Mr. Rosenberg's symptons as tuberculosis, that a thorough examination would necessitate a trip to Seattle, Washington, and as he is apparently able to discharge the duties of his position in a satisfactory manner, the Department approves the Bureau's recommendation that it direct the Inspector to take no further action in the matter at this time other than to see that Mr. Rosenberg is furnished with a copy of Form 1, and that Forms 2 and 3 are conspicuously posted at the light station. It is noted that another report and recommendation will be made in Mr. Rosenberg's case at the end of six months.

Commissioner of Lighthouses,
WASHINGTON, D.C.

Referring to letter from this office of September 21,1917 relative to William Rosenberg, Second Assistant Keeper at Cape Sarichef Light Station, suspected of being afflicted with tuberculosis, and to Bureau endorsement on Department letter of October 10,1917 directing that further report be submitted at the end of six months, I have to report with regret that this office is in receipt of telegraphic advice to the effect that William Rosenberg passed away on March 29,1918.

While details are lacking it is believed that his death occured at the station and it is presumed that it was due to tuberculosis. Information received from the station early last winter indicated that Rosenberg was still in poor health, but there was no intimation that the end was expected so soon. As is known to the Bureau, mail service at this station is very poor, several months sometimes passing without opportunity for receiving or sending mail.

The keeper was advised several months ago in regard to the precautions to be observed to prevent communication of the disease to others.
