REPORT OF CONDUCT

Unless otherwise stated below, your conduct during this rating period was considered satisfactory.

Theodore J. Sauer (Name) Keeper (Service-Grade) Angel Island Light Station (Title)

(Date of notification) MAY 5 1944

Commander, USCGR
John P. Tibbetts *Chairman, Efficiency Rating Committee.*

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.

(b) Form 2806
(c) Headquarters' Circular Letter 30 August, 1939

Reference (a) recently completed by Mr. Sauer shows his date of birth as 11 March, 1886. However, nominations dating back several years in the file give his date of birth as 18 March, 1886. Reference (b) furnished in response to Headquarters' circular letter of 30 August, 1939 shows 11 March on one side and 18 March on the other.

It is requested that you examine the record to determine whether or not Mr. Sauer has been consistent in using the date March 11, 1886. If he has and the date March 18 is found to be a typographical error in the preparation of forms in your office it is requested that your record be noted as to the correct date and Headquarters advised promptly in the matter, otherwise obtain and forward his signed statement as to which date is correct.

From: Commander, San Francisco District.
To : Commandant.

1. Examination papers and Declaration of Appointee filed when Mr. Sauer first entered on duty in this District on July 27, 1927, show that he was born on March 11, 1886. Standard Form No. 7, Service Record Card, copied from Personal History Sheet when Mr. Sauer entered on duty gave the date of his birth as March 18, 1886, however nomination mailed for his original appointment gives the date of his birth as March 11, 1886. It is therefore believed that an error was made in entering the date of his birth on Form 7 and that the true date of his birth is March 11, 1886, as shown on Personal History Sheet of October 2, 1939.

9 May, 1941

From: SAUER, Theodore J., Keeper,
Roe Island Light Station.

To: Commandant, United States Coast Guard.

Via: Commander, San Francisco District.

Subject: Induction into Coast Guard.

Reference: (a) Commandant's Letter 19 April, 1941.

1. It is my desire to again be one of the regularly enlisted personnel of the U. S. Coast Guard and with that hope in mind I wish to submit my reasons why I feel I should be inducted at a higher rating than that of Boatswain's Mate, 1c.

a. My continuous government service of 20 years in Navy, Coast Guard, and Lighthouse.

b. Before entering the Lighthouse service my rating was that of Chief Machinist Mate (p) in the Coast Guard from which branch of the government I almost immediately entered the Lighthouse Service.

c. My health record for the 20 years has been perfect.

d. My duties at this station are more than just those of Keeper of a Lighthouse but are those of Light Attendant as well as Keeper and entails handling of power boats, servicing unattended buoys and beacons, and requires some knowledge of navigation. Frequently assistance is also rendered to small craft in distress. All this requires ability as a boatman.

e. Ratings based on actual pay without consideration of the $240.00 per annum deducted for quarters, etc, works an injustice in comparison with those where no deduction for quarters is made. If rating in my particular case was based on actual pay (exclusive of the $240.00 per annum deducted for quarters) the lower rate of pay should not be considered due to the fact that I was promoted to Keeper here from 2nd Assistant at Mile Rocks where the pay was $1560.00 (no deduction for quarters). I was glad to assume Keeper's responsibilities which is much greater here because of the above mentioned duties required in maintaining unattended Aids, etc., together with station maintenance. All this, therefore, should call for the higher rating of Light Attendant or Lighthouse Keeper under Classification 6.

f. Rating in my case should be based on my sum total pay without deduction of the $240.00 per annum for quarters($1680.00) which makes me eligible forthe higher classification.

Reference: (a) Personal History Sheet
(b) Form 2806
(c) Headquarters' Circular Letter 30 August, 1939

Reference (a) recently completed by Mr. Sauer shows his date of birth as 11 March, 1886. However, nominations dating back several years in the file give his date of birth as 18 March, 1886. Reference (b) furnished in response to Headquarters' circular letter of 30 August, 1939 shows 11 March on one side and 18 March on the other.

It is requested that you examine the record to determine whether or not Mr. Sauer has been consistent in using the date March 11, 1886. If he has and the date March 18 is found to be a typographical error in the preparation of forms in your office it is requested that your record be noted as to the correct date and Headquarters advised promptly in the matter; otherwise obtain and forward his signed statement as to which date is correct.

2806 noted

1. Examination papers and Declaration of Appointee filed when Mr. Sauer first entered on duty in this District on July 27, 1927, show that he was born on March 11, 1886. Standard Form No. 7, Service Record Card, copied from Personal History Sheet when Mr. Sauer entered on duty gave the date of his birth as March 18, 1886, however nomination mailed for his original appointment gives the date of his birth as March 11, 1886. It is therefore believed that an error was made in entering the date of his birth on Form 7 and that the true date of his birth is March 11, 1886, as shown on Personal History Sheet of October 2, 1939.

Please be advised that this office has on file a personal history statement filled out by Mr. Sauer, Form 73, Nomination, both of which were filled out under date of July 21, 1927, and a record of employment from the Department of Commerce, all of which give the date of birth of the above employee, who is a Keeper at Roe Island Light Station, San Francisco, California, as March 11, 1886. We also have on file three Nominations filled out at later dates which give date of birth of Mr. Sauer as March 18, 1886.

It will be appreciated if you will advise us at your earliest convenience as to which of these dates is correct.

The District Office at San Francisco reports that Mr. Sauer has been consistent about giving his date of birth as March 11, 1886, but that through a typographical error the District Office has used March 18, 1 886. Therefore the record of this office has been noted to show March 11, 1886 as the correct date of birth.

Superintendent of Lighthouses, San Francisco, Calif.

There is forwarded herewith Department notice of approval of the transfer of Theodore J. Sauer from second assistant keeper of Mile Rocks at $1560 ($1560-1920) to keeper of Roe Island Light-station at $1380 ($1380-1740) per annum, effective July 1, 1936.

Although there was no change in gross pay, on account of the difference of the valuation of quarters at the two stations, the transfer did involve a change in the cash pay at which Mr. Sauer was previously appointed, and such changes require the approval of the Department.

In the future, such recommendations should be submitted on Form 73 for Department approval in advance of the actual transfer. In the present case the Bureau submitted your Form 73a, with amendments and recommendation for action retroactively.

While the above transfer, because of the difference in type and valuation of quarters, does not involve a change in gross pay, it does for that reason involve a change in the cash pay of Mr. Sauer. The 18th district has inadvertently effected the transfer on July 1 without the prior approval of the Department, and reported the matter on this form, which is the one regularly used where there is no change in cash pay involved. DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of
the Act Approved June 30, 1932

Bureau or Office: Lighthouses, 18th District, San Francisco, Calif.

Position: Keeper (second assistant)

Compensation: $1560 ($1560-1920) per annum

Location: Mile Rocks Lightstation, Calif.

Appropriation: Salaries, Lighthouse Keepers

Date of Vacancy: Transfer of incumbent pending

Justification: This vacancy will result from the transfer without change in pay of the present incumbent.

The complement necessary for the operation of this station is three keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

It is proposed to fill this vacancy by the transfer and promotion of another keeper from $1500(gross) to $1560 per annum. The vacancy which will result will be filled by transfer, also.

Secretary of Commerce.

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: December 16, 1932, or as soon thereafter as present incumbent is promoted to First Assistant Keeper, vice W.S.Williams, retired.

Justification: Mile Rocks Light Station is a tower built on a rock awash just within the entrance to San Francisco Bay, in which only meagre bachelor quarters are provided. Compensatory leave allowance of 85 days plus 24 legislative furlough days is given to the keepers of this station. The authorized complement of three keepers is absolutely necessary for the upkeep of the station, as well as to provide for the above leave allowance.

BUREAU OF LIGHTHOUSES
WASHINGTON

July 24, 1936

Submitted to the Secretary of Commerce for information. While the above transfer, because of the difference in type and valuation of quarters, does not involve a change in gross pay, it does for that reason involve a change in the cash pay of Mr. Sauer. The 18th district has inadvertently effected the transfer on July 1 without the prior approval of the Department, and reported the matter on this form, which is the one regularly used where there is no change in cash pay involved. It is recommended that the transfer be approved as of July 1, if there be no objection by the Department.
