DIVISION OF PERSONNEL

July 7, 1932.

Mr. Oliver A. St. Andre, Keeper,
Keweenaw Waterway Light Station, Mich.
(Through Supt. of Lighthouses, Detroit, Mich.).

The Bureau has read with interest a report relative to your discovery of Torch Lake Gas Buoy No. 1 which had been frozen in the ice last winter and carried off its station with the ice in the spring. It is noted that as the buoy was near the channel you and the second assistant keeper anchored it and marked its position until such time as it could be recovered by a tender. It is also noted that two of the tenders had unsuccessfully dragged for this buoy.

The Bureau is pleased to commend you for your meritorious action in this instance and to note the matter as a part of your official record.

(Through Commissioner of Lighthouses)

My dear Mr. St. Andre:

I have read with interest a report from the Superintendent at Detroit, regarding the prompt and energetic action of the keepers of Keweenaw Waterway Light Station in restoring the fog signal to commission by raising and reconnecting about 1500 feet of pipe line which was torn from the breakwater during a heavy northeast gale on May 8th. I note that the work was accomplished by the keepers without further assistance and under extremely difficult weather conditions. It gives me great pleasure to commend you for your part in this service, a record of which will be included in your official history.

Cordially yours,

J. WALTER DRAKE.

Dear Reference Archivist:

The Michigan Department of State, Michigan Historical Center administers the Tawas Lighthouse as part of Tawas State Park, on Lake Huron in Michigan's Lower Peninsula. The original lighthouse, built in 1853, was replaced by the existing structure in 1876.

I write today seeking your assistance. We are looking for background information regarding Tawas Lighthouse lightkeepers. According to our records Frank F. Palmer (1885-1887); Samuel C. Palmer (1887-1910); James W. Brown (1910-?); Herbert Burrows (1910-1914); Oliver St. Andre (1914-1915); John Brooks (1923-1928); Gordon Brooks (1917-1928); Clayton J. Long (1915-1939) and Louis Dissett (1928-1940) all served as keepers at Tawas lighthouse.

Does the National Personnel Records Center Historical Center have any information regarding these men? The Michigan Historical Center is willing to pay for reproduction and mailing costs. Any information will be appreciated.

Thank you for your assistance. If you would like to speak to me by telephone I can be reached at (906) 475-7857. We look forward to hearing from you.

Sir:

Receipt is acknowledged of your letter 4 February, 1951, to the U. S. Civil Service Commission, by reference from that office, relative to the death of Oliver A. St. Andre, Lighthouse Keeper, retired, deceased.

In reply thereto you are advised that Headquarters knows of no law or regulations whereby the hospital and doctor bills of Mr. St. Andre are proper charges against Federal appropriations. It is the opinion of this office that bills in connection with the terminal illness of Mr. St. Andre are an obligation of his estate.

By direction of the Commandant.

Very truly yours,

Am requesting this
information.
Are the hospital and
doctor bills in his case
the obligation of the

Or are these bills taken
care of by the hospitalization

Gentlemen:

Reference your file Misc-2872619.

Inclosed is a letter of Mr. Oliver A. St. Andre, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period May 1, 1941 to June 30, 1947. Adjustment for period subsequent to June 30, 1946 will be made by this office. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form shows correct computation of retired pay to be $1,485.00 per annum, whereas, for the period May 1, 1941 to June 30, 1946, Mr. St. Andre was paid at the rate of $1,305.00 per annum - an underpayment of $180.00 per year, or $15.00 per month.

Computation of the amount due and appropriations chargeable are as follows:

2011255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1941		$ 30.00
2021255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1942		180.00
2031255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1943		180.00
2041255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1944		180.00
2051255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1945		180.00
2061255 - Retired Pay, Former Lighthouse Service, Coast Guard, 1946		180.00
	Total	$930.00

For tax withholding purposes, the records of this office show that Mr. St. Andre claims 4 exemptions.

Mr. St. Andre's mailing address is Jacobsville, Michigan, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

My dear Senator:

Your letter of May 19, 1941, addressed to Mr. Lewis H. Fisher of the Civil Service Commission and inclosing one from Mr. Oliver A. St. Andre of Jacobsville, Michigan, regarding his retirement pay has been forwarded to this Service since he is a former employee of the Coast Guard.

The record shows that retirement was made under the Lighthouse Service Retirement Act of June 20, 1918, as amended. That act provides that in the computation of retirement pay any amount on account of subsistence or other allowance shall not be included, in view of which the value of quarters occupied by Mr. St. Andre was excluded in the computation of his retirement pay. The Comptroller General in a decision dated May 28, 1930, (A-31584) to the Secretary of Commerce in regard to this matter stated that "...the retirement pay should be continued to be computed on the basis of the cash part of the compensation...."

Mr. Oliver A. St. Andre, Keeper,
Keweenaw Waterway Light Station, Mich.
(Through Supt. of Lighthouses, Detroit, Mich.).

The Bureau has read with interest a report relative to your discovery of Torch Lake Gas Buoy No. 1 which had been frozen in the ice last winter and carried off its station with the ice in the spring. It is noted that as the buoy was near the channel you and the second assistant keeper anchored it and marked its position until such time as it could be recovered by a tender. It is also noted that two of the tenders had unsucessfully dragged for this buoy.

The Bureau is pleased to commend you for your meritorious action in this instance and to note the matter as a part of your official record.

(Through Commissioner of Lighthouses)

My dear Mr. St. Andre:

I have read with interest a report from the Superintendent at Detroit, regarding the prompt and energetic action of the keepers of Keweenaw Waterway Light Station in restoring the fog signal to commission by raising and reconnecting about 1500 feet of pipe line which was torn from the breakwater during a heavy northeast gale on May 8th. I note that the work was accomplished by the keepers without further assistance and under extremely difficult weather conditions. It gives me great pleasure to commend you for your part in this service, a record of which will be included in your official history.

Cordially yours,

WALTER DRAKE.

1. On May 8th during a heavy Northeast gale about 1500 lineal feet of the 2½" pipe line which supplies air to the fog signal located on the pierhead at Keweenaw Waterway Light Station was carried into the lake. The damage was due to the washing away of timbers on top of the breakwater to which the pipe line was secured.

2. Working under extremely difficult weather conditions the Keepers of the station proceeded at once without assistance to raise the pipe and reconnect it, restoring the fog signal to commission on the morning of May 10th. It is considered that the prompt and energetic action of the Keepers of the station in this instance and the initiative displayed merits a special commendation and it is recommended that this occurrence be brought to the attention of the Department with a suggestion that the Keepers of the station whose names are given below be given letters of commendation.

(c) COMCLEDIST letter 1 March, 1941(75).

1. In reply to reference (a) you were advised in reference (c) of the amount of annual leave to your credit which could be taken prior to your voluntary retirement on 1 May, 1941. The records show that you submitted application for annual leave on 24 February, 10 March, and 4 April, which was granted for continuous absence from 7 March to 30 April, inclusive, 1941 which lacked only two days of being the full amount accumulated. Application for sick leave received after your retirement was effective and which was not supported by the certificate of the attending physician, was returned with reference (b), without action thereon as additional leave cannot be granted afterthe effective date of an employee's separation from the Service.

2. The reference which you make to other keepers who received sick leave prior to retirement were cases of disability where it was necessary to place the employees on the retired roll by reason of the fact that theywere totally disabled for duty and it became necessary to retire them on account of such disability after accumulated annual and sick leave was exhausted.

1 Am individual Record of Absence Card for year 1941 and dated 1 Jan 1941 was received by me and in checking it over I find I had 87 days annual leave and 75 days sick leave. I still have considerable sick leave coming and I want to know if I am going to get it with full pay as have other Keepers who have retired lately.

2 If I have accumulated leave coming its only natural that I should get it with full pay. after all Im entitled to it, and if for any reason Im not, I would like to know the reason why.

Respectfully

Mr. Oliver A. St. Andre, Keeper,
Keweenaw Waterway Light Station, Mich.
(Through Supt. of Lighthouses, Detroit, Mich.).

The Bureau has read with interest a report relative to your discovery of Torch Lake Gas Buoy No. 1 which had been frozen in the ice last winter and carried off its station with the ice in the spring. It is noted that as the buoy was near the channel you and the second assistant keeper anchored it and marked its position until such time as it could be recovered by a tender. It is also noted that two of the tenders had unsuccessfully dragged for this buoy.

The Bureau is pleased to command you for your meritorious action in this instance and to note the matter as a part of your official record.
