1. Receipt is acknowledged of your letter of April 7th reporting that at 7:00 A.M., April 5th, the Yacht "Blue Water" went into Cubits Gap during fog; that you shouted and made signs for them to stop, but they went down towards Raphael Pass and grounded; that you helped all you could to get them off by dragging ropes ashore, but the yacht could not get off, and that they had to get a tug, and that the yacht was finally floated and pulled into the river at 6:00 P.M., April 6th. It is noted that you state that the master thought he was in South Pass, and that he was looking for ranges, therefore paid no attention to you.

2. This office approves the steps taken by you in this instance, and takes pleasure in commending you for the assistance rendered.

3. This commendation will be made part of your official record, and a copy of this letter will be forwarded to the Commissioner of Lighthouses.

1. Receipt is acknowledged of your letter of April 7th reporting that at 7:00 A.M., April 5th, the Yacht "Blue Water" went into Cubits Gap during fog; that you shouted and made signs for them to stop, but they went down towards Raphael Pass and grounded; that you helped all you could to get them off by dragging ropes ashore, but the yacht could not get off, and that they had to get a tug, and that the yacht was finally floated and pulled into the river at 6:00 P.M., April 6th. It is noted that you state that the master thought he was in South Pass, and that he was looking for ranges, therefore paid no attention to you.

2. This office approves the steps taken by you in this instance, and takes pleasure in commending you for the assistance rendered.

3. This commendation will be made part of your official record, and a copy of this letter will be forwarded to the Commissioner of Lighthouses.

Form 25 - Report of Survey of Public Property

15% During foggy season I have to operate a fog bell, and it is necessary to wind it every three hours. This bell rings very often three days and nights without stopping. Sometimes it is out of order, as the constant ringing will break the main spring, and it is then necessary for me to ring it by hand with the wooden mallet furnished for this purpose. I repair it most of the time, if not a general breakdown, which seldom happens.

26. How long have the employee's duties been substantially as described above? [illegible]

27. I hereby certify that to the best of my knowledge and belief the statements made by me on both sides of this sheet are accurate and complete.

Commissioner of Lighthouses:

1. Frank L. Staniel, Keeper, Cubits Gap Light Station, La., reports that the Schooner "Ocean Queen," owned by the Foster Packing Company and loaded with 100 drums of gasoline, struck a submerged pile in Cubits Gap of the Mississippi River and sank on August 20th. The schooner had no boat and the keeper and his son went to their assistance. The drums commenced to float away and the master of the schooner asked the keeper to place the drums on the north point of the reservation, which he did.

2. The keeper endeavored to telephone this office for permission but the line was out of order. The gasoline was placed on the extreme point of the reservation and the keeper reports that it will be removed by August 22nd.

3. It is recommended that the keeper be commended for his efforts and assistance in saving the cargo of the schooner.
