On the morning of July 9th 2nd asst Stone called me on telephone stating that 1st asst Brides struck him & knocked him down & beat him pretty bad. I went to his house at once to see him & get his story. I could not see any marks on him & tried to have him come back to station, but he would not. I never had any trouble with any of these men & they have always seemed to get along well, I can't understand this ~~I guess~~ as I was not on station at the ~~time~~ so this is both stories.

SUBJECT: Difficulty with 2nd Asst.Keeper Stone.
REFERENCE: Your explanation of July 12,1921.

1. Your explanation concerning the matter of difficulties with Second Assistant Keeper Stone has been carefully noted. I reference to your letter of July 11, 1921 asking me for complete report concerning trouble between 1st Asst. Brides and 2nd Asst. Stone. As far as I can state that on the morning of 7th of July, Stone left station at about 10 a.m. oclock to go ashore for mail. On returning to station at 4 P.M. 1st Asst. Brides asked him where he had been, then Brides says Stone told him it was none of his business and he could go right straight to H and F himself. Then Brides says he slapped Stone on chin not enough to hurt him. This is the story Brides told me when I came to station Sat., July 9th as I had been on leave up to that time starting from July 4th, 1921.

Inspector, July 12,1921

Sir;

The following is what happened between Keeper Stone and myself here on the station July 7,1921. On the morning of the 7th Stone was on watch, I was up stairs in bed. I heard him trying to start one of the engines amd it was running poor. I went down stairs and askedhim if he could'nt get it going. He says the fog has been in for about an hour and I cant get it to go. I took hold of the lever on the oil pump and gave it two or three squirts but it would only run about half speed. I said to him after breakfast we'll overhaul them and see what the trouble is. I went upstairs and got breakfast ready and he came up. I asked him if he tried the other engine and he said no. He shaved himself and went ashore. It was pay day so I thought he was going for the mail and come right back. He left the station at 10:30 A.M. I started to overhaul the engine and I found that the elbow that screws into the cylinder and connects the water pipe from the float box had given away. I tried to get it back in but no use. The only thing for me to do was to get a new one and Bristol was the nearest place to get it, so I waited for Stone to come back. He arrived back at 4 P.M. He came up on the landing and handed me my check. I said what kept you away all this time, you know both engines are out of order and you might have come back and help me fix them, Ive got to go to Bristol and get an elbow. He said I was after mail and was up to Halls. I started down the ladder and he said its none of your G.D. business where Ive been and you can go F yourself. I came up on the landing and slapped him on the face. He went inside and said dont leave the light Im going ashore. I said you wont go ashore until I come back. I went to Bristol and got the elbow and came right back to the light. Stone had his things all packed and said Im going ashore and then he threatened me. He said G.D. you me and my brother will get you if I have to stay up nights to do it. When he was leaving the light he said I'll bet a dollar I win out. He has'nt made one true statement to keeper Duffy of what happened. He's lied from beginning to end. He said it was none of my business. I think it was if the New York boats came by here and the horn wan'st going and they reportedthe light. I think I would be the one that would have to answer not Stone.

The above statements are just what happened from the time he left the light at 7 P.M.

Respectfully,

George F. Stone,

38 Otto Street,

Fall River, Mass.

Roferring to your letter of Feb.26th,1913 relative to your reinstatement as keeper in the Lighthouse Service.

You are informed that the period during which you are eligible for reinstatement has not yet expired, but as you stated in a previous letter that you would only accept a light East of New London, in Narragansett Bay or around New Bedford, and as this narrows your chances of being considered to only a few lights, it is doubtfullif an opportunity will occur to reinstate you. Enclosed herewith is an application blank, which, if you fill out and return, will be considered the next time an examination is held.

In the absence and by direction of the Inspector.

Sir:-

Under date of July 9th, I informed you that I would like to resign the position of assistant Keeper at the Rockland Lake Lighthouse, owing to the illness of my wife & children, and which resignation was accepted.

Now I would appreciated it very much if you could place my name on the eligible list again as I have my wife's mother taking care of her and the children who are improving very much.

At the time of sending in my resignation I had no one to look after my family, so there was nothing that I could see to do, but to resign.

For information as to my ability etc. I can refer you to Mr. Oldis, Keeper of Rockland Lake Lighthouse.

Awaiting your reply, and trusting that you will reconsider my resignation I remain

Very respectfully yours
