Commissioner of Lighthouses:

Referring to resignation of Mr. Scudday W. Sullivan, forwarded from this office September 19th with Form 93, and note on said Form that employee had not taken leave in excess of the accrued rate:

I have to state that subsequent to September 19th it was necessary for Mr. Sullivan to be absent from his station on account of sickness. The leave taken on this occasion, with the leave previously granted, exceeds the total amount he was entitled to under the Regulations by four days. Deduction for salary and commutation of rations has therefore been made accordingly from his final pay check.

SUBJECT: S. W. Sullivan, 1st Assistant Keeper.
REFERENCE: Bureau indorsement of April 21,1917, on letter of April 20, 1917, to the Commissioner from the Acting Chief Clerk of the Department, authorizing the transfer of Frederick H. Bruggeman.

There is scarcely anything more to report in regard to 1st Assistant Keeper Sullivan than was mentioned in Superintendent Gregg's memorandum of April 16, 1917, which was forwarded with my report of April 16, 1917, in regard to Keeper Bruggeman.

The Inspector, Superintendent and Assistant Superintendent have independently formed the opinion that Sullivan is somewhat of a trouble maker, although there is nothing definite against him. I once took occasion, while inspecting the station, to remind him that the keeper is in charge of the station and that he must obey the Keeper's orders. I do not recall the cause of my doing so but my recollection is that there had been some friction at the station which had not been considered of enough importance to warrant written reports.

I have no recommendation to make at this time.

OFFICE LIGHT HOUSE INSPECTOR JUN 2 1914 SIXTH DISTRICT CHARLESTON, S.C.

Sir:

Referring again to your letter of May 7, 1914, in regard to account due you by Mr. S. W. Sullivan, first assistant keeper, Tybee Light Station, Georgia, I have to advise you that an investigation discloses the fact that Mr. Sullivan necessarily incurred considerable expense by reason of the illness to his wife during November, 1913, for professional services, hospital treatment, trip to Savannah, Georgia, etc., and he will be instructed to remit the amount due you as soon as his circumstances will permit. Mr. Sullivan's record in this service is an excellent one and he is not believed to be negligent in the payment of debts.

Respectfully,

Commissioner

Copy referred to Lighthouse Inspector, Charleston, S.C., for his information, guidance, and files.

Your recommendation that Mr. Sullivan be instructed to write Lieut. McCord a courteous communication, stating his intention to pay his account as soon as practicable after the payment of hospital and other bills incurred, is approved, and you will so instruct Sullivan.

See your report of May 21, 1914.

Acting Commissioner.

Charleston, S.C., May 21,1914.

Papers returned to the Commissioner with Mr. Sullivan's statement. From the evidence at hand it would appear that Mr. Sullivan's course in this matter is correct, and I recommend that he be supported in his present intention to pay other debts incurred in this connection before Dr. McCord's. It is further recommended however that Mr. Sullivan be directed to address a courteous communication to Dr. McCord advising the doctor of his full intention to discharge this indebtedness as soon as practicable after the payment of hospital and other bills incurred in connection with the same case.

Mr. Sullivan's record in this office is an excellent one and he is not believed to be negligent in the payment of debts.

This office sincerely regets the apparent friction between Mr. Sullivan and Dr. McCord in view of the exceptionally harmonious relations which have hitherto existed between the keepers of Tybee Light Station and the officers of Fort Screven. There are reported to have been several instances of medical and other assistance rendered the keepers, with little if any compensation in return.

Tybee Light Station,
Fort Screven, Ga.
May 20th, 1914.

In reference to your communication of the 16th inst. relative to a bill of $3.00 due one Dr. McCord, of Fort Screven, Ga., for medical attention rendered my wife in November, 1913, I beg to furnish the following explanation:-

On the afternoon of November the 25th., 1913, my wife was taken very ill, so I rushed up to Dr. McCord's quarters and asked him to come and see her. This he would not do but told me to give her a hot douche. I did so but it seemed to aggravate the pain so much that it was necessary for me to again request that he come and see her. Dr. McCord responded this time and gave my wife two hyperdermic injections.

This was Dr. McCord's only visit to my wife, during this particular case and I believe that $3.00 is an excellent fee for any physician, so I fail to see where he made any reduction on account of my income.

The following morning, November 26th, the effects of the hyperdermic injection disappeared and the pains returned. I again went for Dr. McCord and told him of the symptoms but he said he could do nothing and that I would have to send my wife to a Hospital in Savannah, also that there was no use in him coming to the house with me.

In the meantime a baby was born to my wife, premature birth, and the 2nd Asst Keeper phoned for Dr McCord and I to return to the house at once.

not come but instead sat down and wrote several

of which I was to take to a Doctor in Savannah. He then told

to go on home and that he would be over later. He arrived shortly

after I did and refused to look at the child or to attempt to take the

after-birth from my wife, in fact he did not examine her at all but simply

gave her another hyperdermic injection and left. The child was born at

7-30 A.M. and it was not until 2 P.M. that the after-birth was taken from

her in Savannah. Dr. McCord told me, in the presence of my wife, that if

I did not get her to a hospital at once she would not live twenty four

hours.

From what I have been told I believe it was entirely unnecessary for

her to have been taken to a hospital as any first class physician could

have removed the after-birth.

It is only natural, that believing this, that I should blame Dr. McCord

for putting this additional expense upon me when my wife could have been

attended to at the station. This trip to the hospital and other expenses

connected with it amounted to $143.00.

I received the first bill from Dr. McCord on the 12th of April, the

2nd one on May 1st. On May 1st. On May 7th he wrote the department and I had not r

ceived my check for that month and could not have paid him had I wanted to. This

month I paid Dr. Gregory, of the Fort, $10.00 in connection with the same case.

I was approached by one of the hospital attendants at the fort

about Dr. McCord's bill and I told him to tell the Doctor that I would

pay him just as soon as I had canceled all the other debts in connection

with this case. It is still my intention not to pay Dr. McCord until I

have paid these other bills, unless I am directed to do so by the

Inspector.

Sir:-

I have the honor to inclose herein a statement of an account due me cfrom one S. W. Sullivan, Asst. Lightkeeper, Tybee Light, Fort Screven, Ga., and to request that the same be referred to him for settlement.

Because of Mr. Sullivan's small income the bill rendered was intentionally made very small in order that he might pay me at least something for my services. So far I have sent Mr. Sullivan two statements of his account, but without succeeding in getting any of the money due me, or any statement relative to his intention to pay it. Personally I do not believe he has any intention to pay anything if he can avoid it, and I am therefore putting the matter up to his superiors.

Hassell, Assistant Keeper Tybee Knoll Cut Range, New Channel Range, and Long Island Crossing Range Lights, Georgia, it was necessary to detail Scudday W. Sullivan, First Assistant Keeper, Tybee Light Station, Georgia, to Assistant Keeper of above mentioned lights. Said detail was effective October 4, 1913.

It was known that the Keeper of Tybee Knoll, &c., group of lights, was not well and might have to stop work any day to go under care of physician. It was necessary to have someone as Assistant who was familiar with duties of light keeper and had knowledge of Savannah River.

It was not practicable to fill the position temporarily by appointment from Civil Service Register or to employ a substitute who was qualified.

Approval of action taken in detailing Sullivan on this duty is requested and it is recommended that detail be continued as long as the circumstances warrant.

Since detail of Sullivan, the Keeper of group of

lights in question has been incapacitated and it might be necessary to keep Sullivan on this detail for a month or more.

Steps have been taken to fill the vacancy caused by death of Hasell and the detail of Sullivan will be terminated and reported to Bureau as soon as possible.

Mr. Scudday W. Sullivan, Assistant Keeper,
St. Simon Light-Station, Ga.,
Through the Inspector of
The 6th Light-House District,
Charleston, S. C.

Sir:

1. The Board states that your efficiency rating for 1909 is unsatisfactory. It seems that you are not giving an equivalent amount of work for the salary paid you. This condition will not be tolerated by the Board, and you are therefore given 60 days from August 1, 1909 in which to demonstrate that you are such a competent employee as to warrant your retention in the Light-House Service.

2. If in that time it is found that you are still below a fair standard of efficiency, recommendation will be made to the Department that you be dismissed from the Light-House Service.

3. This letter of reprimand is written by direction of the Department, based upon the efficiency report submitted in your case by the Light-House Inspector.

The Honorable

The Secretary of Commerce and Labor.

Sir:

1. The Board has the honor to state that in accordance with the memorandum for the Light-House Board, dated July 13, 1909, a letter of reprimand was addressed by the Board to Scudday W. Sullivan, now assistant keeper at St. Simon Light-Station, and St. Simon Beacon Light, Georgia, and he was given 60 days in which to show that he is a thoroughly efficient employee. This reprimand has, however, not been delivered.

2. The Inspector of the Sixth Light-House District under date of August 30, 1909, states that in rating Sullivan on quality of work he marked him too low. The Inspector further states "I made the error myself", and recommends that Mr. Sullivan's efficiency report be so amended as to give him a rating of "good" instead of "average" for quality of work.

3. The Board approves the Inspector's recommendation, and respectfully asks that Mr. Sullivan's efficiency report be changed as indicated by the Inspector, and also recommends that the Inspector be authorized to return the letter of reprimand addressed to Sullivan.

Memorandum for the Assistant Secretary:

When the efficiency report of Soudday W. Sullivan was taken up in conference, it was decided that he should be given sixty days in which to become a thoroughly efficient employee, or be removed from the service.

Advice from the Light-House Board, under date of September 9, 1909, is to the effect that * * *

> "The Inspector of the Sixth Light-House District under date of August 30, 1909, states that in rating Sullivan on quality of work he marked him too low. The Inspector further states 'I made the error myself', and recommends that Mr. Sullivan's efficiency report be so amended as to give him a rating of 'good' instead of 'average' for quality of work.

> "The Board approves the Inspector's recommendation, and respectfully asks that Mr. Sullivan's efficiency report be changed as indicated by the Inspector, and also recommends that the Inspector be authorized to return the letter of reprimand addressed to Sullivan."

In view of the foregoing statements, it is recommended that Mr. Sullivan's efficiency report be amended to read "Good" on "Quality of work," and that his report be filed without further present consideration, as this change would bring his rating up to the required standard.

On account of sickness and death of Nathaniel I. Hasell, Assistant Keeper Tybee Knoll Cut Range, New Channel Range, and Long Island Crossing Range Lights, Georgia, it was necessary to detail Scudday W. Sullivan, First Assistant Keeper, Tybee Light Station, Georgia, to Assistant Keeper of above mentioned lights. Said detail was effective October 4, 1913.

APPOINTMENTS

REFERENCE: Bureau indorsement of April 21, 1917, on letter of April 20, 1917, to the Commissioner from the Acting Chief Clerk of the Department, authorizing the transfer of Frederick H. Bruggeman.

There is scarcely anything more to report in regard to 1st Assistant Keeper Sullivan than was mentioned in Superintendent Gregg's memorandum of April 16, 1917, which was forwarded with my report of April 16, 1917, in regard to Keeper Bruggeman.

The Inspector, Superintendent and Assistant Superintendent have independently formed the opinion that Sullivan is somewhat of a trouble maker, although there is nothing definite against him, I once took occasion, while inspecting the station, to remind him that the keeper is in charge of the station and that he must obey the Keeper's orders. I do not recall the cause of my doing so but my recollection is that there had been some friction at the station which had not been considered of enough importance to warrant written reports.

I have no recommendation to make at this time.

Commissioner of Lighthouses:-

On account of sickness and death of Nathaniel I. Hasell, Assistant Keeper Tybee Knoll Cut Range, New Channel Range, and Long Island Crossing Range Lights, Georgia, it was necessary to detail Scudday W. Sullivan, First Assistant Keeper, Tybee Light Station, Georgia, to Assistant Keeper of above mentioned lights. Said detail was effective October 4, 1913.

It was known that the Keeper of Tybee Knoll, &c., group of lights, was not well and might have to stop work any day to go under care of physician. It was necessary to have someone as Assistant who was familiar with duties of light keeper and had knowledge of Savannah River.

It was not practicable to fill the position temporarily by appointment from Civil Service Register or to employ a substitute who was qualified.

Approval of action taken in detailing Sullivan on this duty is requested and it is recommended that detail be continued as long as the circumstances warrant.

Sir:-

I have the honor to inclose herein a statement of an account due me from one S.W. Sullivan, Ast. Lightkeeper, Tybee Light, Fort Screven, Ga., and to request that the same be referred to him for settlement.

Because of Mr. Sullivan's small income the bill rendered was intentionally made very small in order that he might pay me at least something for my services. So far I have sent Mr. Sullivan two statements of his account, but without succeeding in getting any of the money due me, or any statement relative to his intention to pay it. Personally I do not believe he has any intention to pay anything if he can avoid it, and I am therefore putting the matter up to his superiors.

Sir:-

In reference to your communication of the 16th inst relative to a bill of $3.00 due one Dr McCord, of Fort Screven, Ga., for medical attention rendered my wife in November,1913, I beg to furnish the following explanation:-

On the Afternoon of November the 25th., 1913, my wife was taken very ill, so I rushed up to Dr McCord's quarters and asked him to come and see her. This he would not do but told me to give her a hot douche. I did so but it seemed to aggravate the pain so much that it was necessary for me to again request that he come and see her. Dr McCord responded this time and gave my wife two hyperdermic injections.

This was Dr McCord's only visit to my wife, during this particular case and I believe that $3.00 is an excellent fee for any physician, so I fail to see where he made any reduction on account of my income.

The following morning,November 26th., the effects of the hyperdermic injection dissapeared and the pains returned. I again went for Dr McCord and told him of the symptoms but he said he could do nothing and and that I would have to send my wife to a Hospital in Savannah, also that there was no use in him coming to the house with me.

In the meantime a baby was born to my wife, premature birth, and the 2nd asst Keeper phoned for Dr McCord and I to return to the house at once.

Dr McCord would not come but instead sat down and wrote several letters, one of whic I was to take to a Doctor in Savannah. He then told me to go on home and that he would be over later. He arrived shortly after I did and refused to look at the child or to attempt to take the after-birth from my wife, in fact he did not examine her at all but simply gave her another hyperdermic injection and left. The child was born at 7-30 A.M. and it was not until 2 P.M. that the after-birth was taken from her in Savannah. Dr McCord told me,in the presence of my wife, that if I did not get her to a hospital at once she would not live twenty four hours.

From What I have been told I believe it was entirely unecessary for her to have been taken to a hospital as any first class physician could have removed the after-birth.

It is only natural,that believing this,that I should blame Dr McCord for putting this additional expense upon me when my wife could have been attended to at the station. This trip to the hospital and other expenses connected with it amounted to $143.00

I received the first bill from Dr McCord on the 12th of April, the 2nd one on May 1st. On May 7th he wrote the department and I had not received my check for that month and could not have paid him had I wanted to. This month I paid Dr Gregory, of the Fort, $10.00 in connection with the same case.

I was approached by one of the hospital attendants at thefort about Dr McCord's bill and I told him to tell the Doctor that I would pay him just as soon as I had canceled all the other debts in connection with this case. It is still my intention not to pay Dr McCord until I have paid these other bills,unless I am directed to do so by the Inspector.

Respectfully,

S. W. Sullivan,
1st Asst Light House Keeper.

Papers returned to the Commissioner with Mr. Sullivan's statement. From the evidence at hand it would appear that Mr. Sullivan's course in this matter is correct, and I recommend that he be supported in his present intention to pay other debts incurred in this connection before Dr. McCord's. It is further recommended however that Mr. Sullivan be directed to address a courteous communication to Dr. McCord advising the doctor of his full intention to discharge this indebtedness as soon as practicable after the payment of hospital and other bills incurred in connection with the same case.

Mr. Sullivan's record in this office is an excellent one and he is not believed to be negligent in the payment of debts.

This office sincerely regets the apparent friction between Mr. Sullivan and Dr. McCord in view of the exceptionally harmonious relations which have hitherto existed between the keepers of Tybee Light Station and the officers of Fort Screven. There are reported to have been several instances of medical and other assistance rendered the keepers, with little if any compensation in return.

Sir:

Referring again to your letter of May 7, 1914, in regard to account due you by Mr. S. W. Sullivan, first assistant keeper, Tybee Light Station, Georgia, I have to advise you that an investigation discloses the fact that Mr. Sullivan necessarily incurred considerable expense by reason of the illness to his wife during November, 1913, for professional services, hospital treatment, trip to Savannah, Georgia, etc., and he will be instructed to remit the amount due you as soon as his circumstances will permit. Mr. Sullivan's record in this service is an excellent one and he is not believed to be negligent in the payment of debts.

Commissioner of Lighthouses:-

SUBJECT: S. W. Sullivan, 1st Assistant Keeper.
REFERENCE: Bureau indorsement of April 21,1917, on letter of April 20, 1917, to the Commissioner from the Acting Chief Clerk of the Department, authorizing the transfer of Frederick H. Bruggeman.

There is scarcely anything more to report in regard to 1st Assistant Keeper Sullivan than was mentioned in Superintendent Gregg's memorandum of April 16, 1917, which was forwarded with my report of April 16, 1917, in regard to Keeper Bruggeman.

The Inspector, Superintendent and Assistant Superintendent have independently formed the opinion that Sullivan is somewhat of a trouble maker, although there is nothing definite against him. I once took occasion, while inspecting the station, to remind him that the keeper is in charge of the station and that he must obey the Keeper's orders. I do not recall the cause of my doing so but my recollection is that there had been some friction at the station which had not been considered of enough importance to warrant written reports.

I have no recommendation to make at this time.

N. L. Beck

Lighthouse Inspector.

H B Bureau of Lighthouses May 17, 1917.

Submitted to the Secretary of Commerce for his information, inviting attention to previous correspondence on this subject, and recommending that no further action be taken in the matter at the present time. as to Sullivan

OFFICE OF INSPECTOR, 6TH DISTRICT
CHARLESTON, S. C.

Sept. 28, 1917.

Commissioner of Lighthouses:

Referring to resignation of Mr. Scudday W. Sullivan, forwarded from this office September 19th with Form 93, and note on said Form that employee had not taken leave in excess of the accrued rate:

I have to state that subsequent to September 19th it was necessary for Mr. Sullivan to be absent from his station on account of sickness. The leave taken on this occasion, with the leave previously granted, exceeds the total amount he was entitled to under the Regulations by four days. Deduction for salary and commutation of rations has therefore been made accordingly from his final pay check.

Lighthouse Inspector.
