OFFICE OF SUPERINTENDENT, 19TH DISTRICT
HONOLULU, HAWAII

Sept. 29th, 1922.

Commissioner of Lighthouses:

Reference: Bureau File #1633, Bureau Letter Jan. 13th, 1922.

1. The following report is submitted relative to the one keeper plan at Kahola Point Lightstation.

2. This became a one keeper station on June 16th, 1922. It is a fourth order revolving light equipped with a 35 mm type B, I.O.V. lamp. A thermostat alarm signal was installed shortly before the change in keepers was made.

3. To date of writing there has been no complaint regarding this light and the keeper reports that the light has been extinguished and the substitute lamp installed on one occasion only during this period, ~~but~~ that being on Sept. 1st, from 6:40 to 7:40 P.M., due to flare-up while lighting up.

4. The routine of the keeper is to report in the lantern one hour before sunset at which time he winds the clock, pumps the air tank and lights up, standing watch until one-half hour past sunset. At 9 P.M. he visits the lantern, rewinds the clock, repumps the air tank, adjusts thermostat contacts and stands watch until 9:30. He then goes to bed, the thermostat alarm bell being installed in his bedroom. He arises at sunrise and extinguishes the light. This program is varied on nights when Inter-Island steamers make schedule runs past his station at which time the keeper reports and stands watch until 2 A.M. Revolutions of the lens are checked at each visit to the lantern.

5. The keeper reports that during this period he has been called four times by the alarm, at which times he found it necessary to prick the vaporizer nozzle. These occasions coincided with change of lamps. In no case, however, was the light extinguished. The keeper states it requires two minutes for him to reach the lantern after being called by the alarm. The Superintendent doubts the accuracy of this statement however, in view of the fact that the dwelling is nearly a quarter of a mile from the light over uneven ground.. It appears that on originally considering the change to one keeper at this station, the former Superintendent considered the use of ~~an~~ electric current for lighting purposes to be supplied by the Kohala Sugar Mill. The electric current proved to be not available.

6. This office has taken steps to reduce the labor required for the maintenance of this light by the installation of additional sheaves and longer clock cord to increase the period of running between windings, the installation of a reducing pressure valve between the air tanks, and the

Reference: Bureau File #1633, Bureau Letter Jan. 13th, 1922.

installation of a double acting lever air pump. The installation of an alarm for possible stop of revolving apparatus has not proved necessary since vibration of the tower has been materially reduced by additional bracing.

7. In view of the fact that this Aid has not decreased in efficiency since the change and that the keeper appears to be satisfied except with his rate of pay, it is recommended that the one keeper plan at this station be given a further trial. In this connection, however, attention is invited to the fact that this keeper, altho' solely responsible for fourth order Landfall Light equipped with I.O.V. apparatus, is at present receiving only the same pay as a lens lantern keeper and first assistant keeper at other major stations, and less than one lens lantern keeper and the first assistant keeper at Molokai Lightstation. It is the Superintendent's opinion that an adjustment of pay in this case, commensurate with the responsibility and work required of this keeper, should be made and it is therefore recommended that the pay of this keeper be increased from $780 to $840, Form 73 enclosed.

Commissioner of Lighthouses:

Referring to my radiogram dated August 28, 1915, (confirmation herewith) regarding change in recommendations of August 19, 1915, regarding the transfers of John M. Sweeney and James M. Keanu.

A nomination on Form 73 for the transfer of Mr. Sweeney from 1st Assistant Keeper at Makapuu Point Light Station, $816 per annum, to Keeper at Honolulu Harbor Light Station, Fort Street Light and Channel Lights Nos. 3, 4, 5, 6 and 7, $720 per annum is inclosed.

It is requested that the nominations, dated August 19, 1915, for the transfer of Mr. Sweeney to Molokai and of Mr. Keanu from Molokai to Honolulu Harbor, etc., be cancelled.

This change is made upon the verbal statement of Mr. Keanu that he has decided that he does not desire transfer to Honolulu Harbor. Mr. Sweeney is willing to accept either position preferring Honolulu Harbor to Molokai.

SPECIAL

APPOINTMENTS RECEIVED
NOV 30 1912
DEPARTMENT OF COMMERCE AND LABOR

I have the honor to report that I have transmitted to Mr. Joseph Keimana, First Assistant Keeper of Makapuu Point Lightstation, J. H. Department's Letter of October 18, 1912, dismissing him because of charges preferred under date of September 20, 1912. date to be reported.

It is respectfully recommended that Mr. James M. Sweeney, now Second Assistant Keeper at Makapuu Point Lightstation, be promoted to First Assistant Keeper at Makapuu Point Lightstation; that Mr. Oliver Kua, Keeper of Napoopoo Lightstation be transferred to Second Assistant Keeper at Makapuu Point Light-Station; and that Mr. Fred Ezera now No. (1) on the eligible list of keepers be appointed Keeper and assigned to Napoopoo Lightstation.

Efficiency not reported. John #756 J.H. #816 J.H. vice Joseph Keimana $480 J.H. 756 J.H. vice John M. Sweeney, recommended for promotion 2 Ft. $480 J.H. vice Oliver Kua, recommended for promotion Sept. 1. 1912

Although Mr. Sweeney has been in the service as Keeper only about six months, he was formerly employed as quartermaster on the tender "Kukui" where he served for about one year. His work has been satisfactory; he is now familiar with the incandescent oil vapor light and lens apparatus at Makapuu Point Lightstation, and has considerable knowledge in the handling of gasoline engines, there being one in connection with the pumping plant at the station.

Letters were sent to the keepers of Lahaina, Kailua and Napoopoo lightstations asking whether they would accept a transfer to the position of Second Assistant Keeper at Makapuu Point Lightstation. The keepers at these

4 No papers
6

stations have rendered good service and have more ability for taking up the work at the station than other keepers holding minor positions to that of Second Assistant Keeper. Mr. Oliver Kua, Keeper at Napoopoo states he is willing to accept the transfer but the others have declined. Mr. Kua has a good record as a keeper but has had experience only with a lens lantern light.

The dates for the promotion, transfer and appointment as recommended above can not be definitely fixed on account of the location of Napoopoo Lightstation, and it is respectfully requested should the above recommendations be approved that authority for carrying same into effect be cabled in order that the changes may be made on the next inspection trip on the "Kukui" which is scheduled to leave Honolulu on November 29, 1912.

The discontinuance of the services of the First Assistant Keeper at Makapuu Point Lightstation will be arranged so as not to increase the complement allowed for the station.

The nominations for these positions will be mailed immediately upon entrance on duty of the persons concerned.

There are no members of Mr. Ezera's family in the Government service.

Subj: Cost of living allowance lump-sum leave computation, Civilian Employees- Keepers

1. Reference is made to your letter of 16 March, 1949 on the above subject in which you request advice as to whether the 25% cost of living differential should be included in lump-sum leave payment in the case of John M. Sweeney, Keeper.

2. Public Law 525, 78th Congress, approved 21 December, 1944 which provides for the payment to certain Government employees for accumulated or accrued annual leave due upon their separation from Government service, contains the following statement: "Such lump-sum payment shall equal the compensation that such employee would have received had he remained in the service until the expiration of the period of such annual or vacation leave."

3. In view of the foregoing you are advised that Mr. Sweeney is entitled to the 25% cost of living differential for the full 90 days of annual leave for which lump-sum payment has been made.

Ref: (a) HQ dispatch 312056 Dec., 1948
(b) HQ dispatch 012112 Feb., 1949
(c) HQ dispatch 152340 March, 1949

1. Upon retirement 31 December, 1948, John M. Sweeney, Keeper, was paid for ninety (90) days annual leave in a lump sum on the basis of his regular pay on that date which included 25% cost of living allowance. Upon receipt of reference (b) the cost of living allowance on 90 days leave was collected from Mr. Sweeney and deposited to "Special Deposits, Suspense Account".

2. Prior to 26 December, 1948, the 25% differential was not applicable to Keepers. However, in making payment to Mr. Sweeney this office considered the cost of living applicable in his case for the full 90 days annual leave computation inasmuch as he was on duty prior to the close of 31 December, 1948. The question now arises as to whether or not Mr Sweeney is entitled to the cost of living allowance for the full 90 day period or just that portion of annual leave earned from date of inception of the 25% cost of living allowance, which was 26 December, 1948.

3. Headquarters advice is requested in this matter in order that proper settlement may be made to Mr. Sweeney.

Dear Mr. Sweeney:

My attention has been called to the fact that you have retired from the position of Keeper in the Coast Guard at the close of 31 December, 1948, after rendering more than forty-one years of honorable service in the former Lighthouse Servide and the Coast Guard.

I take pleasure in congratulating you upon your long and efficient service, and entertain the hope that you may long enjoy the leisure afforded by relief from active duty.

Very truly yours,

Subj: John M. Sweeney, Keeper; retirement of

1. Reference is made to Form 2521 submitted for the retirement of subject employee to be effective at the close of 31 December, 1948.

2. In checking the basic pay received during the past five years, you show the rate of pay for the period 1 January 1944 through 31 March 1945 as $2220 and for the period 1 April 1945 through 30 June 1945 as $2280. Headquarters records for the same periods show $1920 and $1980 respectively. Computing on the basis of Headquarters records the total pay received for the five year period was $11,920.52, the average compensation $2,384.10, and the annual rate of retired pay $1,788.07. For your information there is attached a corrected copy of Form 2521. Form 50 will be processed in accordance with the above, unless, after a recheck of your records, you find some inaccuracy in the result obtained.

3. Advise is requested as to the amount of annual leave to be paid for in lump-sum and the period covered by such payment. The leave report should be submitted promptly so that all the information necessary to process the Form 50 will be on hand and eliminate any delay.

4. It is also requested that Headquarters be notified of the address to which Mr. Sweeney's retirement checks are to be sent.

1. In view of the information contained in reference (a), this office rechecked records relative to basic pay received by the above named man for the past five years and it is noted that additional compensation in the amount of $300.00 per annum, authorized pursuant to Public Law 49, "War Overtime Pay Act of 1943", was erroneously included in the computation forwarded by this office.

2. Mr. Sweeney will have 90 days accumulated and one days current leave to his credit at the close of 31 December, 1948, entitling him to lump sum payment for 90 days for the period 1 January, 1949 through 9/10 May, 1949.

3. HQ is advised that Mr. Sweeney has requested that retirement checks be forwarded to him, c/o Finance and Supply Division, 14th CG District, P.O. Box 4010, Honolulu, T. H., since he contemplates prolonged visits on the outside islands and will have no permanent mailing address in Honolulu, T. H.

8 June 1942.

From: District Coast Guard Officer, Fourteenth Naval District.
To: Commandant, U.S. Coast Guard.

Subject: Transfer of civilian personnel.

Reference: (a) Headquarters letter, 11 May, 1942 (CP-75)

1. Due to war conditions, it was deemed advisable to militarize certain Coast Guard Light Stations and as a security measure, civilian personnel were moved elsewhere and replaced by military personnel. Mr. Sweeney was removed from Barbers Point for that reason, and assigned to Diamond Head even though no position was authorized for that light. No increase in civilian complement was made.

2. The Commanding Officer, WALNUT investigation of conditions at Kalae Light warranted immediate removal of the keeper, James J. Gibson, on account of the remoteness of the station. Accordingly, he was transferred on board the WALNUT, brought to Honolulu and assigned to Diamond Head Radio Station until such time as his separation from the service could be effected. As a result of this, Joseph Pestrella was detached from Cape Kumukahi and assigned to Kalae. Again, no increase in civilian complement was made.

3. It is deemed imperative that authority be issued to the District Coast Guard Officer to permit such transfer of former Lighthouse personnel as may be required by war conditions. Whenever practicable, prior authority will be requested from Headquarters.

G. B. GELLY
Chief of Staff.

FIELD ☒ DEPRTMTL ☐ FIELD ☐ DEPRTMTL. ☐

Remarks: The change in salary indicated represents the administrative increase given you effective April 1, 1942.

Justification: This form is issued to amend the salary and salary range, the list of April 1, 1942, in which the $60 promotion was recommended and approved for this employee effective as of that date having shown the range as $1380-1740, present salary as $1350 and proposed salary as $1620, at Barbers Point, which list did not reflect the adjustment on account of discontinuance of quarters, which had taken place in the District but report of which had not yet been received in Headquarters. The increase in pay of $60 per annum approved in the list of April 1, 1942, is not changed by the present form.

In reference to your letter of September 13 forwarding a number of recommendations, among which were proposed transfers of John M. Sweeney, James K. Haleman and Frank Williams, without change in pay:

The Bureau has submitted the recommendations indicated to the Department as Forms 73a, and it is understood that no Department notice in regard thereto will be issued, the effective date however should be reported by you upon receipt of Department approval in the case of Samuel Anderson and Joseph B. Mederios.

Where there is no change in pay involved such transfers may be reported on Form 73a, in duplicate; but in all cases the present and proposed pay and ranges should be shown on this form just as is done in the use of Form 73. It is not necessary however to submit both of these forms when reporting transfers, as was done in the case of Sweeney, Halemau and Williams.

1. Transmitted herewith are Forms 73, (Nomination), 73a, (Report of Transfer of Appointee), Forms 31 (Travel Order), and Justification Forms in quadruplicate, covering necessary transfers to fill vacancy in the position of First Assistant Keeper at Makapuu Point Light Station, Island of Oahu, Territory of Hawaii.

2. These transfers <u>are not</u> being made at the request of the employee but are being made in the best interest of the Government service and efficiency of operation of this District.

3. The nomination to fill the vacancy of Second Assistant Keeper at Kilauea Point Light Station is forwarded to the Bureau through the local Civil Service Secretary of even date.

4. The Bureau is requested to advise this office <u>by radio</u> as to the action taken on the transfers and nomination recommended as soon as practicable, particularly in view of the fact that unless this vacancy is filled without unnecessary delay, this District will, by law, lose the compensation in position of First Assistant Keeper at Makapuu Point Light Station until such time as the vacancy is filled. By Regulations, the Service is only allowed to keep the substitute labor on that station for a period of one month.

5. The vacancy must be reported to the General Accounting Office through the Bureau on Standard Form 1077 immediately upon receipt of which the money saved as a result of the vacancy must be impounded, regardless of the fact that the additional keeper might be serving at the station.

Mr. R. R. Tinkham
Supt. of Lighthouses,

Sir,

The Japanese sampan Nahukona Maru drifted ashore at Kea Kea harbor, this morning at 5.00 a.m. Three man crew. One man drowned, one badly injured will recover, the other man cut and bruised will recover. I called the doctor and local police after I sighted the boat on the beach. The two men were sent to the hospital. The other body has not been recovered. The sampan had anchored for the night at Kea Kea harbor, sea moderate, wind variable. Heavy rain squalls came up at 8.00 P.M. with strong wind and heavy sea breaking. Sampan dragged the anchor, and drifted in the breakers. The crew were asleep, and woke up at 4.30 a.m. shortly before the sampan capsized, and drifted ashore. Carelessness, and no anchor watch was the cause of the accident.

Respectfully

Mr. R. R. Tinkham,
Superintendent of Lighthouses,

Sir:

Hydroplane No. 1, U.S.S. Idaho, Lieut. L. B. Sterling in command, made a forced landing at Kauhola Point Light Station at 12:30 p.m. today. They landed on the water of Keo-keo Harbor, and beached the plane. I assisted them to pull it up high and dry on the shore, and make everything secure. Fill up gasoline and block up the pontoons. Lieut L. B. Sterling stated that they were short of gasoline, and forced to land. Also I invited them to stay at the light station overnight, as they intended to make a start at high tide in the morning. They thanked me, but had promised Mr. George Watt, Kohala Mill manager to stay with him. At 7.15 p.m. one U. S. Naval vessel arrived and anchored 1/4 mile off the light, and waited for morning.

Sept. 11th, put out light at 5:50 a.m. At 8.00 am all hands pushed the plane off the beach, and after several starts, rose off the water and proceeded to Hilo at 9.00 a.m.

1. In view of the information contained in reference (a), this office rechecked records relative to basic pay received by the above named man for the past five years and it is noted that additional compensation in the amount of $300.00 per annum, authorized pursuant to Public Law 49, "War Overtime Pay Act of 1943", was erroneously included in the computation forwarded by this office.

2. Mr. Sweeney will have 90 days accumulated and one days current leave to his credit at the close of 31 December, 1948, entitling him to lump sum payment for 90 days for the period 1 January, 1949 through 9 May, 1949.

3. HQ is advised that Mr. Sweeney has requested that retirement checks be forwarded to him, c/o Finance and Supply Division, 14th CG District, P.O. Box 4010, Honolulu, T. H., since he contemplates prolonged visits on the outside islands and will have no permanent mailing address in Honolulu, T. H.

1. Reference is made to Form 2521 submitted for the retirement of subject employee to be effective at the close of 31 December, 1948.

2. In checking the basic pay received during the past five years, you show the rate of pay for the period 1 January 1944 through 31 March 1945 as $2220 and for the period 1 April 1945 through 30 June 1945 as $2280. Headquarters records for the same periods show $1920 and $1980 respectively. Computing on the basis of Headquarters records the total pay received for the five year period was $11,920.52, the average compensation $2,384.10, and the annual rate of retired pay $1,788.07. For your information there is attached a corrected copy of Form 2521. Form 50 will be processed in accordance with the above, unless, after a recheck of your records, you find some inaccuracy in the result obtained.

3. Advise is requested as to the amount of annual leave to be paid for in lump-sum and the period covered by such payment. The leave report should be submitted promptly so that all the information necessary to process the Form 50 will be on hand and eliminate any delay.

4. It is also requested that Headquarters be notified of the address to which Mr. Sweeney's retirement checks are to be sent.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1938 based on performance during period from 1 April, 1947 to 31 March, 1948

John M. Sweeney (Name of employee)

Keeper (Title of position, service, and grade)

Class 3-a

Treasury Department, 14th Coast Guard District, Aids to Navigation
(Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Excellent

J. W. RYSSY (Signature)

6 May, 1948 (Date of notification)

Chief of Staff (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" ~~permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of~~ "Very Good" and "Excellent" permit periodic salary advancement ~~by successive steps above the middle rate of the~~ within grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

1. Reference is made to your letter dated 2 April 1948 advising that John M. Sweeney, Keeper, is eligible for retirement, due to age, effective at the close of 31 December 1948.

2. In this connection, you are advised that the Lighthouse Retirement Act provides for optional retirement at the age of 65 provided the employee has a minimum of 30 years of Government Service, and for compulsory retirement at 70 years of age.

3. Since Mr. Sweeney's date of birth is 20 December 1883, he will not reach compulsory retirement age until the close of 31 December 1953. Inasmuch as he has the required service, he will, however, be eligible for optional retirement at the close of 31 December 1948.

NAVY DEPARTMENT

UNITED STATES COAST GUARD

Honolulu, T. H.
4 September 1941.

From: Senior Coast Guard Officer, 14th Naval District.
To: John M. Sweeney, Keeper, Barbers Point Light Station.

Subject: Reconsideration of your application for induction into the Coast Guard.

Reference: (a) Your letter dated 1 September 1941.

Inclosure: (A) Record of physical examination dated 5 Dec. 1921.

1. Your request for this office to reconsider your application for induction into the Coast Guard is not granted.

2. The record of your first physical examination for induction, 9 January 1940, indicated that you were not physically qualified for enlistment. This report was submitted to Coast Guard Headquarters for consideration. The Medical Board there thoroughly considered your physical defects for permissible waivers at that time, In view of your not having been inducted, it is deemed that the Board found your physical defects such as to preclude its recommending a waiver in your case. The record of your physical examination on 12 June 1941 indicates that you are still not physically qualified for enlistment in the Coast Guard. The foregoing is the basis for not granting your request.

3. Your sincere desire to perform a loyal and useful service for your country in this national emergency is commendable. You are now performing that duty. That you cannot be inducted into the Coast Guard at this time is no reflection on your part.

G. T. Finlay.

AND DATE OF THIS LETTER

February 14, 1946

Mr. John M. Sweeney
3399 Diamond Head Road
Honolulu, T. H.

Dear Mr. Sweeney:

Reference is made to your inquiry of February 7, 1946, regarding your eligibility for retirement under the Civil Service Retirement Act.

In this connection the following opinion of the Attorney General is furnished for your information:

> "The Lighthouse Retirement Act will remain applicable to employees in the Lighthouse Service and to persons now entitled to benefits under the act after transfer of the Service to the Coast Guard under Reorganization Plan No. 11 (39 Op. Atty. Gen. 306, June 26, 1939)."

In view of the fact that employees of the Lighthouse Service (now Coast Guard) are still subject to the Lighthouse Retirement Act, your application for retirement should be filed with the local office of the Coast Guard. It is suggested that you discuss this matter with Mr. Allen in the Coast Guard Office in the Federal Building, Honolulu.

Very truly yours,

W. T. Atkinson

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1947 based on performance during period from 1 April, 1946 to 31 March, 1947

John M. Sweeney (Name of employee)

Keeper (Title of position, service, and grade)

Treasury Department, 14th Coast Guard District - Aids to Navigation Section
(Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Good

17 April, 1947
(Date of notification)

J. W. RYSSY (Signature)
Chief of Staff
(Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" ~~permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six-rate grades), and ratings of~~ "Very Good" and "Excellent" permit periodic salary advancement by ~~successive steps above the middle rate of the grade.~~ up to and including the maximum rate for the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1945 based on performance during period from 1 April, 1944 to 31 March, 1945

John M. Sweeney (Name of employee)

Keeper (Title of position, service, and grade)

Navy, ODCGO, Barbers Point Light Station
(Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

7 May, 1945 (Date of notification)

F. J. SEXTON (Signature)
DCGO, 14ND (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

1. Reference (a) showed Mr. Sweeney stationed at Diamond Head and that family quarters valued at $240 per annum were discontinued effective beginning 1 March, 1942. The record shows that Sweeney is stationed at Barbers Point and you were so advised on 14 April, 1942, following which you submitted reference (b) which shows that Mr. Sweeney was transferred from Barbers Point where his pay was $1560 plus $240 quarters to Diamond Head at $1800 cash pay effective 7 March, 1942.

2. According to the record Diamond Head Light is unwatched and there is no authorized position of keeper at that place. Therefore, the family quarters previously attached to the position occupied by Sweeney at Barbers Point have been discontinued and his cash pay increased $240 per annum on that account effective beginning 1 March, 1942, but since there is no authorized position at Diamond Head Mr. Sweeney will be continued in the record as stationed at Barbers Point unless or until further recommendation in this connection is received from your office to justify the creation of a position elsewhere for him. Department Form 2249 covering the adjustment in pay on account of discontinuance of quarters will be forwarded upon receipt in Headquarters.

Section VI, Navy Dept. C. L. of May 17, 1943 (PS&M-/a-mjl) authorizes additional compensation in lieu of overtime compensation effective 1 May, 1943 at the rate of $300 per annum if their earned basic compensation is less than $2000 per annum; or 15% of their basic compensation if their basic rate is $2000 per annum or more. This circular supersedes the Department's circular letter of December 26, 1942.

UNITED STATES COAST GUARD John M. Sweeney

WASHINGTON

5 January 1943.

From: Commandant.

To: District Coast Guard Officer, Each Naval District; Superintendent, Academy; Commandant, YARD; Purchasing Officer, New York Store; Purchasing Officer, Alameda Store; Commanding Officer, Alameda Base; Commanding Officer, Radio Washington; Commanding Officer, New London Base; Commanding Officer, Coast Guard Training Station, Groton, Connecticut.

Subject: Hours of duty, schedule of working hours and overtime compensation for civilian employees whose compensation is fixed on an annual or monthly basis.

Reference:
(a) Navy Department Regulations dated December 26, 1942, PS&M-1a-IM).
(b) Navy Department circular letter dated 14 January 1942 (SOSHD-3-GFD).
(c) Headquarters' dispatch 022325 January.

Inclosure: (A) Reference (a).

1. In forwarding the Navy Department's Regulations governing the payment of additional compensation to employees whose compensation is fixed on an annual or monthly basis (who under Public Law 821, 77th Congress, approved December 22, 1942, perform duty in excess of 40 hours a week), the particular attention of field offices is invited to paragraph I of the "Regulations" in reference (a) that except for the groups of employees falling under paragraph V thereof, and those who can not be effectively employed over 40 hours a week, the hours of duty of employees in the field service shall be 48 hours a week, that is, six days of eight hours each.

2. Special attention is called also to paragraph IV A(2) on page 2 of the Navy Regulations to the effect that employees whose regular work week has been officially established at 40 hours shall be paid overtime compensation for work actually performed in excess of the 40 hour week week when such work is ordered or approved by competent authority; and to paragraph 3 on page 5 in which the Navy Department requests that reports be submitted of all instances where regular hours of work are established at 40 hours a week. Such reports should be submitted to Headquarters in triplicate and should show in detail and conclusively why any such group or class of employees can not be effectively employed more than 40 hours a week. In other words if any such group can not be

*See paragraph 3 authorizing 10% additional compensation during period December 1, 1942 to April 30, 1943.

effectively employed more than 40 hours a week, field offices are required to justify the continuance of the present authorized force since it is logical to assume that existing vacancies could be left unfilled and that the force could be reduced if the employees were put on a 48 hour week.

3. With reference to Regulation (paragraph) V (on page 4 of the Regulations) relating to lighthouse keepers, light attendants, and employees on lightships and on cutters of the tender class, the nature of whose work requires them to remain more than 40 hours a week within the confines of their posts of duty and who are to be given the 10% additional compensation on that account, it is the intention that certain other employees such as those whose positions are attached to other types of boats, as well as the marine enginemen, be treated similarly if the nature of their work justifies; that is, if it requires them to remain within the confines of their posts of duty in excess of 40 hours a week. It should be noted that part-time employees (all lamplighters) are also included under Regulations V.

4. Leave for the groups of employees included under Regulation (paragraph) V, except part-time employees who are not entitled to leave, should be charged on a 44 hour week basis (8 hours each day Monday to Friday inclusive and 4 hours on Saturday), while employees of the classes who regularly work 40 or 48 hours a week should be charged on a basis of 8 hours for each day of absence on a work day. Regulation (paragraph) IV A also provides that time actually worked and absence on leave with pay or because of a holiday on any of the days of the regular 40 hour work week shall be considered as work for the purpose of computing overtime, while in the case of those for whom the 48-hour week applies time actually worked and absence on leave with pay or because of a holiday shall constitute employment during all of the days of the officially established work week.

5. Reference is made to paragraph IV E (on page 4 of the Regulations) which is to the effect that employees outside the continental limits of the United States whose salaries are fixed in accordance with the prevailing native or alien wage rates (Puerto Rico and Alaska) are not entitled either to overtime pay or to the 10% additional compensation provided under Public 821 for work in excess of 40 hours a week.

6. The authority previously in effect for compensation for overtime expired at the close of 30 November 1942. Therefore, there was no official authority for payment for overtime until the Regulations in Executive Order No. 9289 of 26 December 1942, implementing Public Law 821, were issued which again provided for payment of overtime for hours worked in excess of 40 a week. Paragraph IV C (on page 3 of the Navy Regulations) refers to "retroactive overtime" from 1 to 25 December 1942: this refers to the period prior to the date of the Executive Order above mentioned; it should be noted that any payment of overtime for that period must be on the basis of the official hours of duty which employees were required to work during that period and any additional overtime officially ordered and recorded.

7. Special attention is called to paragraph 2 of page 5 of the Regulations in which authority is delegated to the Commandant of the Coast Guard to approve overtime in excess of the established 48 and 40 hour work week and to paragraph III on page 2 that employees will not be required to work in excess of 8 hours a day or 48 hours a week except to meet specific emergency work situations. Therefore, work in excess of 8 hours a day or 48 hours a week will not be required of employees except upon the determination of the following officers as to the necessity therefor-

District Coast Guard Officer of Each Naval District.
Commandant, Coast Guard Yard.
Superintendent, Coast Guard Academy.
Purchasing Officers, New York Store and Alameda Store.
Commanding Officers, Radio Washington, New London Base, and Alameda Base.
Commanding Officer, Coast Guard Training Station, Groton, Conn.

From: Commandant.
To: District Coast Guard Officer, 14th Naval District, Honolulu.

Subject: Administrative promotions for certain lighthouse keepers.

1. The Secretary of the Navy, under date of 1 April, 1942, approved administrative promotions of the lighthouse keepers listed below under your jurisdiction, effective 1 April, 1942. These promotions were not made under the provisions of Public Law No. 200, approved 1 August, 1941.

2. It will not be necessary to give these employees an official notification of this promotion, but this data should be typed on the Form 2806 of each of these employees.

3. In the event that any of the employees named herein have received salary increases subsequent to 1 April, 1942, they are not entitled to and should not receive this promotion. They are, however, entitled to receive this additional compensation from 1 April, 1942 up to and including the day before they received a promotion.

Name	Range	Salary 3-31-42	Increase 4-1-42	Location
Pestrella, Joseph	$1560-1920	$1560	$60	Kalae
Watkins, William J.	1560-1920	1620	60	Makapuu Pt.
Anderson, Samuel	1440-1800	1740	60	Nawiliwili
Platt, Claude E.	1500-1860	1500	60	Kilauea Pt.
Sweeney, John M.	1620-1980	1800	60	Barbers Pt.
Allen, John C.	1320-1680	1320	60	Kilauea Pt.
Marques, Edward	1320-1680	1320	60	Molokai

4. Department Form 2249 dated April 1 and showing the effective date of the administrative increase as April 1 was inadvertently forwarded your office in the case of Samuel Anderson, Claude E. Platt, John M. Sweeney, and William J. Watkins. You will note that under "nature of recommendation" at the top of the form the word "amendment" appears. This action was necessary merely to correct the record in the Department and the Civil Service Commission with reference to these employees since their cash pay and salary ranges as shown in the original list of recommendations to

the Department had not been adjusted on account of the discontinuance of family quarters and did not reflect the correct salary ranges and pay, since Headquarters had not at that time received nominations from your office showing the effective date of the discontinuance of quarters. It was not at all necessary that the Form 2249 showing "amendment" in these cases be sent your office since as stated in paragraph 2 above it was not intended that individual notices to employees would be issued. It is suggested therefore that the copies of the form received in your office be filed, and that in connection with the increases in all of the cases tabulated above a notation be made on the pay roll to the effect that it is an administrative increase approved by the Secretary of the Navy 1 April, 1942; nothing further will be necessary.

5. In the case of Joseph Pestrella the administrative promotion was made prior to receipt of notice of his call to active duty in the Coast Guard Reserve. In the event he was not in a pay status by reason of work or annual leave after 31 March he would not of course be entitled to any adjustment in compensation as of 1 April, 1942.

AND REFER TO

From: Commandant.
To: District Coast Guard Officer, 14th Naval District, Honolulu.

Subj: John M. Sweeney, Keeper, Barbers Point.
Joseph Pestrella, Keeper, Kalae Light Station.
James J. Gibson, former Keeper at Kalae.

Reference: (a) Your Form 73 dated 23 March, 1942 (Sweeney).
(b) Your Form 73 dated 15 April, 1942 (Sweeney).
(c) Your Form 73 dated 23 March, 1942 (Pestrella).
(d) Your Form 73 dated 15 April, 1942 (Pestrella).
(e) Your Form 73 dated 17 April, 1942 (Gibson).

1. Reference (a) showed Mr. Sweeney stationed at Diamond Head and that family quarters valued at $240 per annum were discountinued effective beginning 1 March, 1942. The record shows that Sweeney is stationed at Barbers Point and you were so advised on 14 April, 1942 following which you submitted reference (b) which shows that Mr. Sweeney was transferred from Barbers Point where his pay was $1560 pluss $240 quarters to Diamond Head at $1800 cash pay effective 7 March, 1942.

2. According to the record Diamond Head Light is unwatched and there is no authorized position of keeper at that place. Therefore, the family quarters previously attached to the position occupied by Sweeney at Barbers Point have been discontinued and his cash pay increased $240 per annum on that account effective beginning 1 March, 1942, but since there is no authorized position at Diamond Head Mr. Sweeney will be continued in the record as stationed at Barbers Point unless or until further recommendation in this connection is received from your office to justify the creation of a position elsewhere for him. Department Form 2249 covering the adjustment in pay on account of discontinuance of quarters will be forwarded upon receipt in Headquarters.

3. In reference (c) you showed Joseph Pestrella at Kalae Light Station with quarters discontinued effective beginning 1 March, 1942. Headquarters' record showed this employee at Cape Kumukahi and following advice from Headquarters to this effedt, you submitted reference (d) which showed Pestrella as having been transferred from Cape Kumukahi to Kalae effective 1 March, 1942, vice James J. Gibson who resegned effective at the close of 15 March, 1942. Since Gibson occupied the position until the close of 15 March, it is obvious that Pestrella could not be placed therein before 16 March, since two em-

•ployees can not occupy one position at the same time. Therefore Pestrella's transfer to Kalaw will be shown as effective beginning 16 Mrach, 1942, and since the salary range at Kalae was formerly $1320-1680 plus quarters at $240 per annum, his cash pay at that station without quarters will be $1560 per annum, the minimum of the salary range ($1560-1920).

4. Reference (e) reported that James J. Gibson was transferred 1 March, 1942 from Kalae to Honolulu Radio Station. There is no authorized position of keeper at Honolulu Radio Station and the transfer of Gibson thereto was not authorized and can not be shown in the records. The record shows that Gibson's resignation was accepted with prejudice effective at the close of 15 March, 1942, following Charges by your office looking toward his dismissal for unathorized absenses form duty. The physical removal of Givson from Kalae Light Station and assignment to temporary duty at another point where no position was authorized did not create a vacancy at the Kalae Light Station, and if he were temporarily assigned at the Honolulu Radio Station from 1 to 15 March, 1942, it could not be other than by detail. In t is connection it has been observed that Service Record Form 2806 certified by your office after Gibson's separation shows that he was temporarily employed as laborer from 16 to 31 March, 1942, at $4.96 per diem. His furhher employment in any capacity immediately following his separation form the position of keeper while under charges should not have been made and your office should be guided accordingly in the future.

Reference:- Your letter dated 4 September 1941.

I have the honor to address you, as the station has been placed under full Coast Guard regulations with an officer in charge. I am the oldest Lighthouse Keeper in active service in the Fourteenth Naval District. Have tried to be inducted into the U.S. Coast Guard service, and was rejected on account of physical disabilities. Eyesight is bad. Left eye very weak. Right eye half normal vision. Left arm crippled from a fracture long ago which has caused the nerves in the fingers to be numb. The past two years have been hard, as my strength has left the body. I have been in the service from young manhood for the past 28 years. Also U.S. Naval Collier service two years. My usefulness in this service is almost completed. I will be 59 years old my next birthday.

NAVY

Honolulu, T. H.
4 September 1941.

From: Senior Coast Guard Officer, 14th Naval District.
To: John M. Sweeney, Keeper, Barbers Point Light Station.

Subject: Reconsideration of your application for induction into the Coast Guard.

Reference: (a) Your letter dated 1 September 1941.

Inclosure: (A) Record of physical examination dated 5 Dec. 1921.

1. Your request for this office to reconsider your application for induction into the Coast Guard is not granted.

2. The record of your first physical examination for induction, 9 January 1940, indicated that you were not physically qualified for enlistment. This report was submitted to Coast Guard Headquarters for consideration. The Medical Board there thoroughly considered your physical defects for permissible waivers at that time. In view of your not having been inducted, it is deemed that the Board found your physical defects such as to preclude its recommending a waiver in your case. The record of your physical examination on 12 June 1941 indicates that you are still not physically qualified for enlistment in the Coast Guard. The foregoing is the basis for not granting your request.

3. Your sincere desire to perform a loyal and useful service for your country in this national emergency is commendable. You are now performing that duty. That you cannot be inducted into the Coast Guard at this time is no reflection on your part.

G. T. Finlay.

Inclosure:- Medical certificate of physical examination.

1. I have the honor to address you, and would like to have the examining board reconsider my application to be inducted into the Coast Guard Service. I would consider it a great honor to serve under you. Enclosed, is the record of my physical examination twenty years ago. At that time I was in excellent physical condition. And have been in continuous service up to this date. Whatever physical disabilities I have now does not impair my ability to preform duties.

and I would like to call your attention to personal bulletin 16-39 Paragraph 6. If the service of the candidate shall exceed fifteen years, physical defects may be waived by the Secretary of the Treasury unless they impair ability to perform all the duties of his grade, or are likely to result in his premature retirement.

It is my intention, with your consent and with endorsement, to request the Secretary of the Treasury to consider my application. My 27½ years of honorable and faithful service may be rewarded by the opportunity to serve our country in the time of national emergency.

Sir:

Mr. John M. Sweeney, Keeper at Kauhola Point Light Station, required immediate treatment for a carbuncle, and inasmuch as the nearest Acting Assistant Surgeon of the U. S. Public Health Service, from whom he could obtain medical treatment, is located at Hilo, about 100 miles distant from the light station, it was considered more practicable for this Keeper to receive medical treatment from a physician in Kohala, Hawaii, about two miles from the station, which necessitated no expense for his travel, or for travel of an Additional Keeper from Honolulu, that might have been required.

There is attached hereto copy of report of Dr. R. T. Treadwell, the attending physician.

1. Replying to your letter of Jan. 22nd, I am pleased to state that your application for consideration for the position of Keeper of the Barbers Point Light Station, if and when vacant, will be given the careful study of this office in connection with others who may be possibly eligible for this position.

2. Due note will be made of your 15 years of valuable and efficient service on the Island of Hawaii, as well as living conditions, which will be manifestly improved by your access to the Army commissary and the Honolulu schools for your growing children.

3. For your information it may be stated that there is no prospective immediate vacancy at this station. As you well know, the Lighthouse Service field retirement law permits retirement after 30 years of service only if the employee is 65 years of age. The present keeper of Barbers Pt Lt Station therefore would not be eligible for retirement in the immediate future unless necessitated by reason of disability.

4. Your request of Jan. 22nd will be filed for future reference.

Sir:

We have to inform you that there has been placed with this office for collection the under listed claim against one

JOHN M. SWEENEY -

who at the time the credit was extended to him, gave his address as c/o Kauhola Point Lighthouse Station, Kohala, Hawaii

We have written the debtor regarding the claim , but to date he has not called on us or made any arrangements for the settlement of the same.

While we realize that the Department does not act in the capacity of a Collection Agency, we feel that it is the policy however, to see that the just debts of its personnel are met.

If it is not asking too much will you kindly have the above named debtor call at our office and make satisfactory arrangements to take care of the following debt

L. KWAI YOW & CO. - Grocery	$12.13
Service Station acct	5.84
	$17.97

Thanking you for whatever courtesy you may care to extend to us in connection with the above, we are,

Very truly yours,

Gentlemen:

For your information, Mr. J. M. Sweeney, Keeper of Kauhola Point Light Station, has advised that he intends to pay you part of his obligation on the next pay day and the balance, the following month.

For your information Mr. Sweeney is paid once a month, that is, at the close of each month.

Advise this office, after a reasonable time has elapsed if Mr. Sweeney has not lived up to his agreement, and further steps in the matter will be taken.

Yours very truly,

Dear Sir:

Returned herewith is your bill of May 23, 1933, in the amount of $50.00 for the delivery of Keeper Sweeney's furniture from Mahukona to Kauhola Point Light Station.

This office feels that there is some mistake in the amount of this bill. The reason for this assumption is that Mr. Sweeney's furniture was delivered from Makapuu Point Light Station, Island of Oahu, to the waterfront, Honolulu, a distance of 16 miles, part of which was over extremely rough road, also in addition, a load of household furniture for another keeper was picked up at the Honolulu wharf and delivered to Makapuu Point Light Station, all of which work was accomplished in a total sum of $19.00.

In event your bill is not in error, and same is your regular rate of charge, this is to advise that your name will hereafter be withdrawn from solicitation of work of hauling for the U. S. Lighthouse Service on the Island of Hawaii.

Yours very truly,

F. A. EDGECOMB,

copy for Keeper Sweeney. For your information you are advised that the total amount authorized for the delivery of your household goods from Makapuu Point Light Station to Kauhola Point Light Station was $50.00, and any amount over and above this sum will have to be paid by you.

Sir:-

In reply to your letter of February 10, 1933. When I heard the aeroplene fall, I called the 2nd asst. Keeper to keep watch on the aviator floating on the water. Then went up to the radiohouse to get the binoculars. From there I whistled to the army lookout station on the hill. One soldier came down to the radiohouse. And I asked him if he had seen the crash. He did. And then we walked to the edge of the cliff. The 2nd asst. Keeper wanted to use my car, and go to Waimanalo, and take a sampan and search for the aviator. I refused, and said the most sensible thing to do, would be to phone to headquarters from the nearest telephone. I asked the soldier if he had a telephone up there on the hill. He said, it has been out of order for two days. Then I asked him, where is the nearest telephone. He said about a mile and half down the hill to Waimanalo. I told him, I'll take him with me, and show me where it is. When I arrived at the encampment the soldier shouted out to the nearest soldiers, "A plane has crashed." The others relayed it along to the officer before I had a chance to repat to the officer personally. The officer sent the message to army headquarters.

Respectfully
John M. Sweeney
1st asst. Keeper.

(P.S.) I allowed the 2nd asst. to go, after I had returned to the station. One man had to stay on watch, to attend to the morning radio beacon.

2. The press item account of the accident indicated that a soldier on duty at Makapuu Point during maneuvers telephoned his commanding officer of the crash and the message was then relayed to the Fleet Air Base.

3. Please advise this office definitely whether or not you transported this soldier from the station to the nearest telephone and whether or not you telephoned and to what headquarters prior to the reported telephone of the soldier to his Commanding Officer.

MEMORANDUM TO THE SUPERINTENDENT:

1. The following facts are submitted in connection with board meeting aboard the Northampton Saturday morning, which are in variance with the newspaper article:

Lt. Nichols jumped at 8 00 feet, after unsuccessfully trying to pull Pilot Walwork out of seat when he refused to jump. The plane was in practice of dive as part of maneuvers, and when half way down (Lt. Nichols estimated altitute 2100) he realized that it was impossible to pull out. The soldier on duty at the station was following the plane with his glasses from time it went into dive. Mr. Sweeney placed phone call. In view of the fact that Mr. Sweeney was not eye witness to the crash of plane, itself, and that evidence he might have was borne out of previous evidence, it was not admitted. The officer in charge, Captain Bagley, expressed his appreciation for our being present.

Sir:-

I am sorry to report the loss of one aeroplane off Makapuu Pt. due East about one mile, at 9^{45} a.m. Heard a loud roaring of the motor, and then a sudden plop, saw oil on the surface of the water, and one aviator sailing down in a chute. I immediately went to the nearest telephone, which was an Army encampment and telephoned to headquarters. Returned to the station and the 2nd ass't. requested permission to go in a sampan and look for the missing aviators. I understand that a sea plane picked up one of the aviators, and one was lost.

JOHN M. SWEENEY, Keeper,
Kauhola Point Light Station,
Kohala, Hawaii.

1. Referring to your letter of Aug. 11, 1932, indicating that you will be willing to accept transfer to the position of First Assistant Keeper at Makapuu Point Light and Radiobeacon Station, and in line with your verbal conversation with the Superintendent when recently at your station, you are advised that you were recommended on Sept. 12th for transfer to the position of First Assistant Keeper, Makapuu Pt Lt & Radiobeacon Station, at a proposed salary of $1500. per annum, salary range being $1320 - $1680.

2. While this nomination was forwarded to become effective Oct. 1st, or as soon thereafter as possible, you are advised that it is quite likely that this transfer will not be effective until considerable time after Oct. 1st in view of the fact that in the application of the Economy Act, all positions now require Presidential as well as Department approval.

3. Because of the uncertainty of transfers, promotions, and general filling of positions under the new application of the Economy Act, you are requested to take no steps in the closing out of your personal affairs which may be involved in the transfer to the Makapuu Pt Lt Station, until such time as you are advised by this office that the transfer has been approved by the Department.

Compensation: $1320 per annum.

Location: Island of Oahu, Territory of Hawaii.

Appropriation: Salaries, Keepers of Lighthouses.

Date of Vacancy: Close of August 20, 1932.

Justification: It is absolutely essential that this position be filled due to the fact that Makapuu Point Light Station is one of the two most important light and radiobeacon stations in this district. According to the original schedule, this was a four Keeper station but in view of economy it has been maintained as a three Keeper station. However, it is absolutely essential that three Keepers be on the reservation at all times. Nomination is enclosed herewith for filling this position by transfer of John M. KEEPER,
Kauhola Pt Lt Station,
Kohala, Hawaii.

1. Referring to your letter of Dec. 19, 1930, relative to transfer and promotion in the Service:

2. The Superintendent is ~~phased~~ pleased to note that you are interested in and available for transfer and promotion to other stations in the district. It had been understood from the former Superintendent that you were probably not particularly interested in a transfer and that you had definitely expressed a preference for a one keeper station and that Kauhola was your choice.

3. You are advised that your application for consideration for transfer to Barbers Point will be given careful consideration in event of a vacancy at that station. No vacancy, however, is anticipated at that station at the present time by this office. You are further advised that you are eligible and entitled to transfer and promotion, and that you will be given full consideration in any and all vacancies that may occur in the 19th District.

Sir:-

I am requesting a transfer to Barbers Point Light Station, when Sam A. Amalu retires or transfers to the new light station at Nawiliwili Harbor. I have been eight and one half years at Kauhola Point Light Station. During that time there has been important changes made twice at the big stations, and I have been overlooked on both occasions. Although I have won the Lighthouse Pennant twice in eight years. I would earnestly request an official reply to this letter, to know just where I stand in regards to promotion.

1. You are advised that it will be necessary to postpone your annual leave to some later date because it is impossible to send additional keeper to your station at this time.

1. Referring to your letter, March 7, 1925 there is returned check in the amount $8.25, covering retroactive pay at your new established rate for the period July 1, 1924 to January 31, 1925. You are advised that the amountof the check in question is correct. As previously advised you, your new rate of pay amounts to an increase of $15.75 per annum over that previously in effect. However, the amount due you on retroactive pay does not amount to 7/12 of $15.75 as you may have thought. It is made up of accumulations of such amounts during the seven months under consideration as would bring the pay of these months to the amounts which would have been paid you at newly authorized rate if same had been in effect July 1, 1924. The fact should be kept in mind, however, that your base pay prior to December 1, 1924 was $60. per annum or $5.00 per month less than that paid you thereafter. Retroactive pay for the period July 1 to November 30, 1924 is computed on the basis of the new rate of pay which would have been assigned you in case that rate had been effective on February 1, 1925. $8.25 is the amount of retroactive pay all the other keepers in this district received and is computed in accordance with instructions from the Bureau of Lighthouses.

1. With further reference to your application of August 31st, for annual leave beginning Dec. 6th, and to letter from this office of Nov. 29th in regard thereto, you are advised that due to a vacancy in the position of additional keeper, it will be impossible to furnish such keeper during the period which you have asked leave.

2. It is suggested that you postpone your leave until sometime during the next spring when an additional keeper will be available, or that you provide, at your expense, a substitute keeper competent to operate your light if you do not desire to postpone your leave. In case you furnish a substitute keeper, however, this office must be assured that he is competent to operate your light.

3. The Superintendent regrets that the situation requires such action, but should you make request for leave later on in place of that requested for this month, such request will have preference.

STATEMENT OF FACTS

On the evening of the 27th of September, my attention called to an accident on the road. Upon Investigating, I found that a Ford Truck registered U.S.L.H had overturned and was lying off the road in a culvert, marks on the road indicated that the truck had skidded, and on further examination of the truck, I discovered that the front wheels were locked making it impossible to avoid the accident on account of the soft sand that was on the road. Being under the impression at the time that the parties had indulged in intoxicating liquor I looked around the truck and found cases containing kerosene oil and paints and groceries, and furthermore I found an empty bottle with a little of its contents left which proved to be Rainier Beverage, I ~~Police Officer~~ then being satisfied that it did not contain any alcoholic stimulant threw the bottle on the side of the road. After throwing bottle away I found another bottle (full) of Rainier Beverage and same evidently had just being taken from Ice box.

OATH OF OFFICE

(Prescribed by Section 1757, Revised Statutes)

DEPARTMENT OF COMMERCE
LIGHTHOUSE SERVICE

I, John M. Sweeney

do solemnly [1] swear (See below) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter: So help me God.

(Appointee signs here)

[2] Sworn to (See below) and subscribed before me, this [3] 11th day of December, A. D. 1919.

(Affix official seal here)

Present Assistant Keeper	$780 per annum	Makapuu Point Lightstation, T. H.
Former [5] (Probationary appointment)		

(The above should be filled in by the district officer before sending to appointee)

Office of Lighthouse Inspector, 19th District

Honolulu, T. H., December 11, 1919.
(Address) (Date)

The above-named appointee entered upon duty on December 1, 1919.
(Date)

(Signature, followed by title)
Superintendent of Lighthouses, 19th District.

[1] Insert here "swear" or "affirm," as the case may be.

[2] Insert here "sworn to" or "affirmed," as the case may be.

[3] The oath may be taken any time after the date of appointment and prior to the payment of compensation, but no compensation shall be paid until the oath is executed in proper form.

[4] This oath should be taken before a justice of the peace, notary public, judge, clerk of a court, or any other officer having authority to administer oaths, but never before a collector of customs, as he has no power to administer oaths in such cases. In case the officer administering the oath has no seal, his official character should be duly certified to by the clerk of the proper court or the proper county clerk.

[5] Give this information in all cases where new oath is required.

Failure to fill out this oath properly will result in its return for correction.
