Office of Superintendent, 17th Lighthouse District,
Portland, Oregon, November 6, 1930.

1. Returned to Commissioner of Lighthouses, Washington, D.C., together with revised Form 73 to cover this transfer as requested above. This transfer is considered in the best interests of the Service since this employee has been given a trial in the Lighthouse Service and found to be reliable which is considered a desirable feature in a watchman. The Civil Service District Manager furnished a certificate of eligibles of skilled laborers for selection of an appointee for this position but no eligible certified was considered qualified. Tillewine will be forty-two years of age on November 17 and is considered physically qualified to perform the duties of watchman. He was appointed assistant keeper of Patos Island Light Station on July 15, 1927 and has served in that capacity since that date. It is understood that Tillewine, by reason of this transfer will not acquire a status for transfer or promotion to other positions of the third of sub-clerical grade without passing examination prescribed for that grade.

It is recommended that this transfer be approved.

1. This office is in receipt of information indicating neglect of duty and improper conduct in connection with your work as watchman, in that you have been found asleep between the times of your making the rounds of watch stations with the clock, and that you have used an alarm clock to waken you at the times necessary to make such rounds; that you have neglected the duties required of you in connection with cleaning the Depot office; and that you used objectionable and abusive language to the engineer of RELIEF Lightship #92 on December 12.

2. The duties of watchman require him to be awake and alert continuously during the hours he is on duty, keeping sufficiently close watch of the entire depot premises to prevent trespass either from the shore side or from boats as well as to detect fires or other possible damage to the property. It is not sufficient merely to make the rounds of the clock stations at the required periods. The use of profane or abusive language is not justified under any consideration, is prohibited by Regulations, and will not be tolerated.

3. You are warned that any further report of neglect of duty or inefficiency on your part will result in charges being preferred, looking to your dismissal from the Service.

11—2314

Recommending probationary appointment of William J. Tillewine for ~~Mess~~ Assistant Keeper Patos Island Light Station.

REMARKS: Both the other eligibles considered have preference on account of Army service; Tillewine has no preference. Tillewine is 36 years of age and VanDyke is 23 years of age. Tillewine has been employed as mess attendant on the HEATHER since February 2, 1925, and therefore possesses a familiarity with the work of the Lighthouse Service which is advantageous for the duties at Patos Island. For this reason and in view of his being senior in age to Van Dyke and of the fact that Tillewine's rating is higher than that of Van Dyke, Tillewine has been selected for appointment. This is a two-man station and in case of absence of the regular Keeper from the station the selection of a person older than Van Dyke to act as Keeper is considered desirable.

It is necessary for the saving of life and property to place Tillewine on duty on the date ~~given~~ as recommended

Family quarters are provided at the station.

Mr. Tillewine has had no other service in the Lighthouse Service other than that given above.

Mr. Tillewine has passed a satisfactory physical examination.
