Gentlemen:

Reference your file Misc-2899694. Inclosed is a letter of Mr. Per F. Tornberg, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period November 1, 1945 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947. (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form also shows correct computation of retired pay to be $1,029.19 per annum, whereas, for the period November 1, 1945 to June 30, 1947. Mr. Tornberg was paid at the rate of $991.62 per annum - an underpayment of $37.57 per year, or $3.13 per month. Computation of the amount due and appropriations chargeable are as follow:

2061255-Retired Pay, Former Lighthouse Service, Coast Guard,1946	$ 25.04
2071255-Retired Pay, Former Lighthouse Service, Coast Guard,1947	37.57
Total	$ 62.61

For tax withholding purposes, the records of this office show that Mr. Tornberg claims four exemptions.

Mr. Tornberg's mailing address is 1133A Tremont St., Roxbury, Mass., and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

The Commandant,

Sir: Re:(FA-PA) CG 75

Transmitted herewith for administrative examination and report is the claim of F. Tornberg, 1133 A Tremont Street, Boston 20, Massachusetts, for the difference alleged to be due for retired pay based on gross salary, over that paid based on net salary, as an employee of the United States Lighthouse Service, for the period October 31, 1945 through June 30, 1947.

The administrative report should include copies of the appointments during the last 5 years of service rendered on which the retirement pay was based, indicating the effective date of retirement and whether subsistence or quarters were in addition to or deducted from his gross pay. The amount of subsistence or quarters involved should be furnished.

The report should clearly show the amount of retirement pay currently being received and the basis on which it was computed. In the event a supplemental amount is due, the amount which should be paid and the basis on which it should be computed should be furnished, indicating the period over which an adjustment is due.

If any amount is found due for the period claimed, a short form pay roll should also be furnished indicating thereon the appropriation, symbol, and account number chargeable.

The enclosure should be returned with your report.

Respectfully,

P. E. Bowers

Chief of Section.

Enclosure.

1. Receipt is acknowledged, by reference from the Civil Service Commission, of your postal card dated 21 February, 1944, requesting information regarding retirement.

2. The records disclose that you are subject to the Lighthouse Service Retirement Act, are 62 years of age and have approximately 24 years of creditable service. The minimum age and service for optional retirement under the Lighthouse Service Retirement Act is 65 years of age and 30 years of service. As you do not meet either of these requirements, the only way that you could retire at the present time would be if your health is such that you are totally disabled for useful and efficient service. If such is the case, you should make application to the District Coast Guard Officer at Boston for disability retirement.

(Thru Supt. of Lighthouses, Chelsea, Mass.)

The Bureau has given careful consideration to a report submitted by the Superintendent relative to the lack of discipline at your station, from which it appears that you have been continually nagging the first assistant keeper and that this condition culminated in serious difficulty between you on January 26, 1930 in connection with your relieving him from duty at the tower. You are hereby severely reprimanded and cautioned that you are expected at all times to conduct yourself in a manner befitting an employee of this Service and to refrain from actions which are likely to incur the dissension of your subordinates to the detriment of the work of the Service.

Per F. Tornberg, Keeper,
Minots Ledge Light Station, Mass.
(Thru Supt. of Lighthouses, Chelsea, Mass.)

The Bureau has given careful consideration to a report submitted by the Superintendent relative to the lack of discipline at your station, from which it appears that you have been continually nagging the first assistant keeper and that this condition culminated in serious difficulty between you on January 26, 1930 in connection with your relieving him from duty at the tower. You are hereby severely reprimanded and cautioned that you are expected at all times to conduct yourself in a manner befitting an employee of this Service and to refrain from actions which are likely to incur the dissension of your subordinates to the detriment of the work of the Service.

Says he would like to retire from the Service as a Light house Service man because of back condition. Chest does not bother him now at all. He is pointing to his lower back,mid dorsal lumbar area. This apparently has no connection with his chest injury. He was advised to report to the Lighthouse Service Office and apply for retirement. Had 23 years of service. July 27, 1945.

" Says he resumed work on July 16,1945 at Coast Guard Base, Chelsea. Says his back still bothers him; all he can do is light work since at night he feels like electric shock in his back and spine. Says he would like to retire from the Service as a Light house Service man because of back condition. Chest does not bother him now at all. He is pointing to his lower back,mid dorsal lumbar area. This apparently has no connection with his chest injury. He was advised to report to the Lighthouse Service Office and apply for retirement. Had 23 years of service. Could thus be handled as a LHS beneficiary and not as an ECC beneficiary".(AK)

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 30 June, 1945 based on performance during period from 1 Jan., 1945 to 30 June, 1945

TORNBERG, Per F. (Name of employee) — Boilermaker's Helper (Title of position, service, and grade)

NAVY, CG, 1st Naval District-Repair Base, Chelsea, Mass. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: VG

19 July, 1945 (Date of notification)

GEORGE W. COCHRANE (Signature)
Acting Sr.Member, Dist.Eff.Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirement.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 30 June, 1944 based on performance during period from 1 Jan., 1944 to 30 June, 1944

Efficiency rating: Good

(Signature)

District Efficiency Rating Committee
(Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

The Bureau has given careful consideration to a report submitted by the Superintendent relative to the lack of discipline at your station, from which it appears that you have been continually nagging the first assistant keeper and that this condition culminated in serious difficulty between you on January 26, 1930 in connection with your relieving him from duty at the tower. You are hereby severely reprimanded and cautioned that you are expected at all times to conduct yourself in a manner befitting an employee of this Service and to refrain from actions which are likely to incur the dissension of your subordinates to the detriment of the work of the Service.

Keeper, Minots Ledge Light Station:

I have a letter, dated April 24, from your wife with regard to certain personnel in the Lighthouse Service. Mrs. P. F. Tornberg,
Cohasset, Mass.

Dear Madam:

1. I have your letter of April 24, 1928, with regard to conduct of certain personnel in the Lighthouse Service.

2. This office does not desire the relatives of employees to insert themselves into Lighthouse affairs. Your husband, Mr. Tornberg, has been directed to make proper charges as the case warrants. You, of course, are at liberty to institute any civil suit you may desire.

3. I might say to you that Mr. Fitzpatrick was called to this office for conference, about the first of April, with regard to this matter and was severely censured for his reported talebearing. The other party mentioned, Mr. Robertson, the Mechanician, will also be interviewed shortly.

4. I would inform you that the records of this office show that the personal qualifications and ability of your husband as keeper of Minots are of the highest and this office considers him a very efficient keeper.

Respectfully,

GEO. E. EATON
Superintendent.

Captain G. Eaton
Superintendent of Lighthouses.

April 24th 1928.

Dear Sir,

Because my husband and his family have not been given a fair deal in regard to the shameful way he has been slandered in the service of the United States by so called good Americans, who are a disgrace to the service, and to the country that bore them.

I have had to intimidate these creatures by a threatened law suit against them, namely Kilpatric 2nd Asst-at-Grades, and Robertson the mechanic, at Chelsea Depot and others, not in the service, in order, to protect from further calumny, not alone my husband, a man, whom on closest investigation, will be found of sterling character, and truthfulness but also, the fair name of my innocent daughter, whom these two base despoilers, that I have already named in this letter, have done their utmost to besmirch.

They have had a clear field for their disreputable work, as we had no idea, until recently, to what extent these despicable wretches had gone to, to rob my husband of his rightful standing in the service and to deprive his family of his support.

In all fairness to my husband, and his family and the service, an investigation of these false

charges and lies against him, should be made, and when proven false, some form of punishment should be meted out to these wrongdoers, who have flagrantly outraged the feelings of innocent people, and to discourage others of the same type in the future. I remain,

Yours truly,

Ann E. Tornburg

P.S.

another man of like type, is now at Minot, by the name of Rodgers, a brother in law of the former notorious Johnson, has come here, with the avowed purpose, to get my husband out of the service by foul means.

I am sending you a copy of the letters similar in dictation, to the one I sent to Kilpatrie and others, on the 13th day of April, and up to date have not been answered. because of guilty conscience,

Work on Minots Ledge Light Station for 20 days:

Percentage of working time

1b Fog signal watch means to be on lookout for thick weather and to start the fog machine when visibility is about two miles. Take care of machinery while fog is on and bell going.

2. During morning watch routine work is done, such as cleaning the lens, straining the oil, filling the lamp, cleaning the vaporizer, shining brass, washing windows in lens and the tower, removing spots from paintwork to keep everything in al order.

3. Spring and Fall cleaning: This is done twice a year and consists of washing the paint in the tower from top to bottom. In the Spring, the paint that is in poor condition is repainted and floors scraped and varnished.

4. Repairs: Cementing up cracks in masonry, repairing minor breaks in machinery or apparatus

5. Keeping of log book, fog book and absence records.

Work done on Minots Light Shore Station during 10 days Shore duty.

SUPT. OF LIGHTHOUSES
APR
26
1928
2nd DIST. CHELSEA, MASS.

Sir,

I, Ann E. Tornberg do hereby give you notice, and due warning, that I will take legal action against you, for defamation of character of my husband P. H. Tornberg and my daughter Jean E Tornberg, who and no defines among honest people, but who know and will defend themselves against slander and lies, should you, from this date April 13th 1928. by word of mouth spread false reports, or in any other way, interfere in my husbands rightful pursuit of happiness. Immediate court action will follow.

My daughter, being of age, can do as she chooses about the matter, when she returns to Boston from school in June.

TAL-HL

September 22, 1927

Mrs. Annie Tornberg,
c/o Minots Ledge Light Station,
Cohasset, Mass.

Dear Madam:

1. This office has no information as to remarks contained in your letter of September 19 which are detrimental to your husband and knows of no reason why same should exist. I may advise you that I cannot see how your husband can be forced out of his position as long as he carries on the duties required of him and I may tell you that it has been necessary to call his attention to minor details which he should give more attention to.

2. As to private interview, for which you asked, you are evidently mistaken, for I told you I would be in the office until Saturday noon. I was here but failed to see you. As to the rumors and talk, I should think nothing of them.

Respectfully,

Superintendent.

Captain J. Eaton.
Lighthouse Superintendent.

Dear Sir, I don't understand this letter

For all the five years that I have lived here with my family of six children, not once have I interfered in anyway in my husbands behalf, but it has come to the place where it is beyond human endurance to stand it any longer and still hold my self respect. As I understand the laws of this country, every loyal citizen has

equal rights, whether born under a foreign flag or right here under the Stars & Stripes, but since we came into the Lighthouse Service I find I am all wrong about that according to certain papers here.

Beginning from the time when you saw fit to make my husband keeper, trouble started with from that very day.

Mr Johnson was the originator of that and when made to his business to come back here and

poison the minds of the women against my husband.

Now what is the reason for these attacks? I say jealousy, caused by hatred for a foreigner being in a little higher position than they are. For a year and a half before that; or when he was assistant to Mr Ramsay there was no fault found in him then, but fact he was considered a good fellow. Mr Ramsay found him a conscientious worker and-

recommended him as one to you
Captain Eaton understood at this
time and one worthy of the position
of keeper of the station, but as soon
as he was promoted all kinds of
vile accusations were manufactured
about him. He has borne with patience
their scandalous lies and threats
and opposition in his work
one knows what he has put up
with better than I. I have seen
his sensitive soul shrivel under

P.S. My husband knows nothing about this letter or of my telephoning to you for a private interview. which was denied, perhaps because you were busy elsewhere.

No one said he in that office would have died here & now not appear

vile attacks which had no foundation. I as his wife have lived

can truthfully say that he is all a husband and a father should be. I can also say without fear of honest contradiction that he is one of the hardest workers in the service. He is neither a braggart nor an artful Dodger he is loyal and honorable in his dealings with you and the men.

I would ask you Captain Eaton to give my husband a one man station where our children can go to school at your earliest convenience. I fear that Thursday Friday and Saturday he will be forced out of his position.

I remain,

Yours Truly.

Ann E. Fornburg
