REGINALD E. TREVENEN,
Substitute Laborer,
Barbers Point Light Station.

- THRU THE KEEPER -

1. Referring to the permission which this office granted on March 3, 1930, for the children ~~of~~ Carl and James Lorenz and Myrtle Lorenz to visit Barbers Point Light Station from March 3rd to March 5th:

2. This office has been informed that the children were accompanied to the Light Station by an adult male, who, while there, passed through the gates and indulged in fishing at the beach, that the keeper called your attention to the fact that no visitors at the light station are permitted to pass through the gates for the purpose of fishing, this requirement being necessary in view of complaints made by the ranch owners concerning certain recent trespassing on their property, that you informed the keeper that a representative of the ranch had granted you verbal permission for your friends, when visiting the light station, to pass through the ranch gate for purposes of fishing at the light station.

3. In order to avoid further complaints from the ranch owners, the keeper was directed not to permit any visitors at the light station to fish there, and this rule must be observed. There is no objection to the keepers at station fishing on the station beach.

F. A. Edgecomb,
Superintendent of Lighthouses.

Copy for Keeper, Barbers Point Light Station, for guidance and files. Referring to conversation with you on March 8th, 1930, and to your statement that it appears that unknown persons have unlocked the ranch gate which has now on it a BEST F-16 lock, arrangements are being made to replace lock F-16 on the ranch gate with lock F-12, keys for which are being made, after which lock F-12 (now at the Depot) and two keys to be furnished by this office, will be turned over to you. Upon receipt of lock F-12 with keys, you are requested to place that lock on the ranch

gate and to turn in lock F-16 to the depot for stock, and then return to this office the key to lock F-16 which was handed to you on March 8, 1930. If you have any others keys to lock F-16, also return them to this office at the same time when available. An additional lock of F series will be furnished you. If Mr. Trevenen should fail to observe directions in the above letter to him, report the fact to this office. All communications from your assistants ~~addressed to this office~~ addressed to this office should be submitted through the keeper, who should forward them with his recommendation.

F. A. Edgecomb
Supt Lighthouses.

COMMISSIONER OF LIGHTHOUSES:

1. Referring to nomination (form 73), dated April 8, 1930, for probationary appointment of Arthur Samuel Nicely as Assistant Keeper, Barbers Point Light Station:

2. Due to a vacancy in the position, and the absence of an eligible register, Reginald E. Trevenen was employed at the station from Oct. 30, 1929 to Apr. 8, 1930, inclusive, having been relieved by Nicely on the last named date. The station is an isolated two-keeper station, and Trevenen's employment constituted an emergency.

3. This is submitted in compliance with Regulations, 1927, Article 401.

4. As both Nicely and Trevenen were on duty at the station on April 8th, producing an overlap in time, authority is being requested in separate letter for employment of Trevenen on that date.

F A EDGECOMB,
Superintendent of Lighthouses.

Let. of April 10 from 19th Supt. re probationary appointment of Arthur Samuel Nicely, Asst. Kpr., Barbers Pt. Lt. Sta. and also Reginald E. Trevenen.

RG:EMF Bureau of Lighthouses, Washington, D. C., May 12, 1930.

Returned to 19th Superintendent with advice that the employment of Trevenen as indicated does not appear to be strictly in compliance with the Regulations, and it appears that under the circumstances Trevenon should have been nominated for temporary appointment not to exceed thirty days, pending the establishment of an eligible register, and it is requested that you hereafter be guided accordingly.

W. P. HARMAN,
Acting Commissioner of Lighthouses.
