CERTIFICATE OF MEDICAL EXAMINATION, DISABILITY RETIREMENT

(Act of March 4, 1925)

December 1,, 1932
(Date)

NAME OF CLAIMANT Charles W. Vanderhoop Lighthouse DESIGNATION Keeper, Gay Head LH, 2nd District

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination: General appearance: white male, age 50 years, apparently in fairly good general physical condition.

Height 5' 7" Weight 170 pounds. Complexion Rather dark.

Color of eyes brown Color of hair gray

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Claimant states that trouble began sometime in 1919 when he was assigned to his present position and he was found to be greatly run down. Legs began to give him trouble during the past year; the right leg has given him more trouble than the left due to enlarged veins present. Also noticed he is rather short of breath when climbing stairs at the lighthouse. During the past year had attacks of pain around the heart. These are especially noticeable when climbing stairs.

Here describe fully nature of disability: Physical examination: Eyes, ears, nose and throat apparently normal. No definite evidence of any lung disease. Heart apparently normal, blood pressure 120/70, pulse 78. Abdomen negative for any definite disease but adipose tissue rather marked. Genitalia negative except for atrophy of left testicle. Bones, joints and spine apparently normal. There are present rather marked varicosities of veins of right leg. Varicosities of right calf have involved the skin over a wide area and there is present practically an angiomatous condition. It is our opinion that an operation would not affect a cure and that a good deal of skin of calf would have to be sacrificed. Laboratory findings negative.

Claimant describes the duties of his position as follows: As lighthouse keeper he is obliged to climb the circular stairway to lighthouse tower, a distance of 51 feet, from four to ten times during his tour of duty, depending on the condition of the light. Cleaning of lens. Painting lighthouse tower inside and out during the year, keeping up of lawns, fences and general work about station. Of recent years has found it practically impossible to do the outside painting, and the climbing of the stairs has aggravated the trouble in right leg. In other words, in his present condition he finds it impossible to attend to the duties of his work.

Is disability to perform such duty of a permanent character? Yes

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? Very questionable. Do you recommend reexamination with this in view? No

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

H. R. 9211

1. Reference is made to your memorandum of 24 August 1950 requesting facts pertinent to subject bill for the relief of Mr. Charles W. Vanderhoop, retired former keeper of the U. S. Lighthouse Service.

2. An examination of the record discloses that Mr. Vanderhoop's retirement pay was recomputed in accordance with the Comptroller General's decision B-70029 dated 23 October 1947. The result was that his annual retirement pay was increased.

3. In a letter to the General Accounting Office Mr. Vanderhoop made a claim for the difference in retired pay for the entire period of his retirement which began on 1 January 1933.

4. It appears that under the following provision of Public Law 820, 76th Congress, approved 9 October 1940,

> "...that every claim ... shall be forever barred unless such claim ... shall be received ... within ten full years after the date such claim first accrued..."

Mr. Vanderhoop may not have received the amount representing the adjustment for the period 1 January 1933 to 29 December 1937, and that the Bill H. R. 9211 is intended to cover the unpaid balance.

5. There are numerous other cases in the same situation and it is the belief that action in individual cases would be inequitable. Since the original computations were made on the basis of a ruling of the Comptroller General this office considers that all retired persons affected should have <u>full</u> corrective payment.

Gentlemen:

Reference your file Misc-2868588.

Inclosed is a letter of Mr. Charles W. Vanderhoop, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period January 1, 1933 to June 30, 1946. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form shows the previous rates of retired pay and the recomputations for the period January 1, 1933, up to present date as follows:

Sir:

Transmitted herewith for administrative examination and report is the claim of Charles Wood Vanderhoop, Gay Head, Massachusetts, for the difference alleged to be due for retired pay based on gross salary, over that paid based on net salary, as an employee of the United States Lighthouse Service, for the period January 1, 1933 through June 30, 1947.

The administrative report should include copies of the appointment during the last 5 years of service rendered on which the retirement pay was based, indicating the effective date of retirement and whether subsistence or quarters were in addition to or deducted from his gross pay. The amount of subsistence or quarters involved should be furnished.

The report should clearly show the amount of retirement pay currently being received and the basis on which it was computed. In the event a supplemental amount is due, the amount which should be paid and the basis on which it should be computed should be furnished, indicating the period over which an adjustment is due.

If any amount is found due for the period claimed a short form payroll should also be furnished indicating thereon the appropriation, symbol, and account number chargeable.

The enclosure should be returned with your report.

Respectfully,

Dear Sir:

This is to inform you that an award of wartime not service connected pension benefits at the rate of $30.00 per month from June 6, 1942 and $40.00 per month from June 10, 1942 has been approved in favor of Mr. Charles W. Vanderhoop, Vineyard Haven, Massachusetts, as provided under the provisions of the Act of March 20, 1933 and June 10, 1942, Public 601, 77th Congress. This award is based on service rendered by the veteran as Assistant Keeper, U. S. Lighthouse Service from April 12, 1917 to June 30, 1919.

Information on file discloses that the veteran is in receipt of retirement benefits at the rate of $66.10 per month as Retired Lighthouse Keeper.

HEADQUARTERS

ADDRESS THE COMMANDANT, U. S. COAST GUARD
AND REFER TO NO. CG-CP-75

UNITED STATES COAST GUARD

WASHINGTON

1 December, 1942.

From: Chief Personnel Officer.
To: Chief Counsel.

1. The office of the Veterans Administration of Providence, Rhode Island, has advised by letter of November 3, 1942, that Charles W. Vanderhoop has been awarded a nonservice connected pension effective from 6 June 1942.

2. The record shows that Mr. Vanderhoop was retired on account of disability under the Act of June 20, 1918, as amended by the Act of March 4, 1925. The period of service on which the Veterans Administration pension has been based was also included in the computation of his retirement pay under the Act above referred to.

3. Under Public 846, 76th Congress, approved October 14, 1940, and effective the first day of the month thereafter, a minimum of three months (90 days) of military service has been excluded in computing retirement pay where the person involved received a pension from the Veterans Administration based on military service. Section 5 of Public 846 referred to,is as follows -

> "This Act shall take effect the 1st day of the month next succeeding the date of enactment. Any person separated from the service prior to such effective date may, upon request, have his claim for retirement adjudicated under the terms of this Act; but no increase in annuity shall be allowed prior to such effective date nor shall this Act be construed so as to reduce the annuity of any person separated prior to its effective date."

4. In view of the last sentence in the quotation above and the fact that Mr. Vanderhoop was retired prior to the effective date of Public 846, there is some question as to whether or not a minimum period of 90 days should now be excluded from his service in the computation of his retirement pay. Any such exclusion would require an amendment involving a reduction in the amount of his retired pay.

REC'D NOV 5 1942 U.S.C.S.C. COM. DIV.

Dear Sir:

This is to inform you that an award of wartime not service connected pension benefits at the rate of $30.00 per month from June 6, 1942 and $40.00 per month from June 10, 1942 has been approved in favor of Mr. Charles W. Vanderhoop, Vineyard Haven, Massachusetts, as provided under the provisions of the Act of March 20, 1933 and June 10, 1942, Public 601, 77th Congress. This award is based on service rendered by the veteran as Assistant Keeper, U. S. Lighthouse Service from April 12, 1917 to June 30, 1919.

Information on file discloses that the veteran is in receipt of retirement benefits at the rate of $66.10 per month as Retired Lighthouse Keeper.

Very truly yours,

F. A. HILL

Dear Sir:

We have tried to establish the eligibility of Charles W. Vanderhoop, who was assistant keeper of the Gay Head Light House, Marthas Vineyard Island Massachusetts, during the World War.

The Veterans Administration from Providence R.I. can not give this information as they have no record of the veteran or whether this light house was transfered to theservice and jurisdiction of the War and Navy departmant by Executive order.

Can your Bureau give us this information?

This veteran has asked the Town of Gay Head for exemption of taxes claiming he is eligible for same because of his service. The Town in turn has asked this Post to establish his eligiblity.

Your early reply will be greatly appricdated.

CERTIFICATE OF MEDICAL EXAMINATION, DISABILITY RETIREMENT

(Act of March 4, 1925)

December 1, 1932.
(Date)

NAME OF CLAIMANT Charles W. Vanderhoop DESIGNATION Lighthouse Keeper, Gay Head LH, 2nd District.

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination: General appearance; white male, age 50 years, apparently in fairly good general physical condition.

Height 5' 7" Weight 170 pounds. Complexion Rather dark.

Color of eyes brown Color of hair gray

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Claimant states that trouble began sometime in 1919 when he was assigned to his present position and he was found to be greatly run down. Legs began to give him trouble during the past year; the right leg has given him more trouble than the left due to enlarged veins present. Also noticed he is rather short of breath when climbing stairs at the lighthouse. During the past year had attacks of pain around the heart. These are especially noticeable when climbing stairs.

Here describe fully nature of disability: Physical examination: Eyes, ears, nose and throat apparently normal. No definite evidence of any lung disease. Heart apparently normal, blood pressure 120/70, pulse 78. Abdomen negative for any definite disease but adipose tissue rather marked. Genitalia negative except for atrophy of left testicle. Bones, joints and spine apparently normal. There are present rather marked varicosities of veins of right leg. Varicosities of right calf have involved the skin over a wide area and there is present practically an angiomatous condition. It is our opinion that an operation would not affect a cure and that a good deal of skin of calf would have to be sacrificed. Laboratory findings negative.

Claimant describes the duties of his position as follows:

As lighthouse keeper he is obliged to climb the circular stairway to lighthouse tower, a distance of 51 feet, from four to ten times during his tour of duty, depending on the condition of the light. Cleaning of lens. Painting lighthouse tower inside and out during the year, keeping up of lawns, fences and general work about station. Of recent years has found it practically impossible to do the outside painting, and the climbing of the stairs has aggravated the trouble in right leg. In other words, in his present condition he finds it impossible to attend to the duties of his work.

Is disability to perform such duty of a permanent character? Yes

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? Very questionable Do you recommend reexamination with this in view? No

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

The examining physician must be in the Federal Service

VANDERKOOP, Charles Wood

Dear Sirs:

The above named man alleges to have served as Assistant Keeper of the Gay Head Light Station during the World War and that the Lighthouse was taken over by the United States Navy during his period of service.

As a result of contact with the Bureau of Navigation it was found that the records fail to disclose that this man served as an enlisted man in the Navy but that the Gay Head Light Station was transferred to the jurisdiction of the Navy in accordance with the Executive Order of April 11, 1917.

It will be appreciated if all available information relative to this man's service with the Gay Head Light Station can be furnished to this Bureau.

Please direct your reply for the attention of the Record Verification Unit.

Fire Report.

Monday afternoon October 29th a stubborn fire broke out in the home of Mr. Raymond Madison at 2 P.M. and the Keeper together with his Assistant were forced to use both fire extinguishers in helping to extinguish the fire and by this time the crew from the Coast Guard Sta. had arrived on the scene with their extinguishers which were readily brought into play after which it was found necessary to organize a bucket brigade.

The dwelling was saved and the approximate damage by both fire and water was One Hundred and Seventy Dollars ($170). You see the town of Gay Head maintains no fire department and unless a fire is discovered in its early stages a building is quite sure to become a total loss.

Dear Sir:

Wish to comment upon themost wonderful service that your two men, Charles W. Vanderhoop and Max Attaquin rendered me in saving my house, which had a serious chimney fire last week. Had it not been for them the house would have burned down-they saw it from the Lighthouse and came down with two fire extinguishers, with the aid of water and also the men from the Coast Guard Station. The damage done was in the neighborhood of $200.00 as the chimney was ruined.

Wish to thank the men most heartily and to also let you know of the alertness that these two men always have, and to also thank you.

Most respectfully yours,

/s/ Lyman B. Madison

Dear Sir:

During the process of constructing the Federal Aid road at Gay Head on July 2nd, two of the kettles used in heating the asphalt caught fire and caused a serious damage. Among those who responded to our call for assistance was Mr. Charles Vanderhoop, keeper of the Gay Head lighthouse who brought down two fire extinguishers with several recharges. I am glad to say that Mr. Vanderhoop was of material assistance to us in gaining control of the fire.

Yours very truly,

Fire Report.

Sunday afternoon 3-40 P.M.
Sept. 30th. a stubborn fire broke out at the house of Edwin D. Vanderhoop, and the Light-House Keeper, having been the first to see it sent out a general alarm, and at the same time taking along both fire extinguishers from the Light-Station. It was one of the worst fires we have ever had to fight. The Coast Guard crew assisting, reaching there soon after the Light House extinguishers had given out bringing their extinguishers which was then brought into play. After all the extinguishers had been used, a bucket brigade was organized with ten men in line the Light House Keeper taking the lead. It took One & one-half hours before the fire was under control.

FIRE REPORT.

At 6-15 A.M. Easter Morning, April 16th, 1922, the Keeper and his Assistant together with the crew from the Coast Guard Station, rendered valuable aid in subduing a stubborn fire which broke out in a dwelling house three quarters of a mile distant from the Light Station. However the trip over was made very quickly in the Keepers Auto, taking along both fire extinguishers which were used immediately upon our arrival.

But for the timely arrival of said crews the dwelling would have been a total loss as there is no fire station within a distance of 18 miles, namely Vineyard Haven, Mass.

Supt. of Lighthouses,

My report of the fire on and around the Lighthouse property is as follows:

On Sunday afternnon, April the 11th, at 1.30 P.M. a fire broke out about one-quarter of a mile to the north of this station, and for a long time the government property was in danger, the fire having burned within seventy-five feet of the dwelling and within five feet of the oil house. But for the timely assistance that was rendered by both Keeper and Assistant, together with the townspeople, the government property was saved under very trying circumstances.

During this time four charges of the fire extinguishers were used and proved of a very great help indeed in subduing the fire. It is estimated that it burned over approximately eighty acres, which includes about five acres within the government enclosure. The fire extinguishers were recharged for the third and last time by said keepers, and as this was to be used in making our last stand, it was held in readiness to defend the government buildings.

My dear Mr. Vanderhoop:

Information has been received at Coast Guard Headquarters of the death of your father, Charles Vanderhoop, Keeper, former Lighthouse Service, now United States Coast Guard, Retired.

At the time of death there was due your father retired pay for 1 - 12 November 1963. Retirement benefits paid by the Coast Guard cease at the death of a retired member.

The records at Headquarters fail to reveal any evidence that your father designated a beneficiary to receive the retired pay due on the date of his death. Therefore, in accordance with existing laws, payment of the accrued retired pay must be made to his survivors in the following order of precedence:

1. Widow
2. Child or children in equal shares
3. Parents
4. Legal representative
5. Heirs at law

If a widow does not survive, payment of accrued retired pay will be made to the children in equal shares. It is requested that the names and addresses of each child be forwarded to Commandant (PS-1) so that the forms to claim their share of the accrued retired pay due may be forwarded to them.

A pre-addressed envelope is enclosed for your convenience.

Sincerely yours,

A. C. WAGNER

My dear Mr. Vanderhoop:

In reply to your letter dated 15 January 1964, we are forwarding herewith the forms necessary to claim the accrued retired pay due upon the death of your father, Charles Wood Vanderhoop, Keeper, former Lighthouse Service, now United States Coast Guard, Retired.

The enclosed five sets of Forms No. SF-1155, "Claim for Unpaid Compensation of Deceased Civilian Employee (no designated beneficiary or surviving spouse)", should be completed by you, your brothers and sisters, in the presence of two witnesses, taking care to answer all questions checked. The original and two copies of each claim should be returned to Commandant (PS-1) with a copy of your father's death certificate and a copy of each child's birth certificate. Your sisters should forward copies of their marriage records to substantiate the change in their name.

The records at Headquarters indicate that your father served under the jurisdiction of the War Department during WWI. Veterans Administration Form No. 21-530, "Application for Burial Allowance" is enclosed to aid the payer of the funeral expenses to apply to the Veterans Administration for the burial allowance that may be available. It is requested an itemized funeral bill be forwarded to substantiate the application for the burial allowance.

When the enclosed forms have been completed, return them to Commandant (PS-1) in the enclosed pre-addressed envelope.

Sincerely yours,

A. C. WAGNER

Commissioner of Lighthouses:

Attached is a letter received from Mr. Charles W. Vanderhoop, Retired Lighthouse Keeper, asking whether or not his status as a retired keeper would be affect in any way were he to run for Representative in the State Legislature. The writer sees no objection to his running in this political contest but desires the advice of the Bureau on thematter and also as to whether there would be any legal objections. At the time of his retirement, Mr. Vanderhoop was serving as Keeper of Gay Head Light Station.

Charles W. Vanderhoop,
Gay Head, Massachusetts.

In taking up with our Bureau in Washington the matter of whether there would be any objection to your seeking the office of Representative in the State Legislature in view of your present status as a Retired Lighthouse Keeper in this district, the Bureau desires further report as to this proposed activity on your part, particularly in consideration of the fact that you were retired from this Service on account of disability, having been so retired at the age of 50 on January 1, 1933. The question in this respect appears to be whether your disability is such as to preclude you from usefulness as a keeper and yet not preclude you from engaging in activities incident to proposed activities as a Representative.

Upon receipt of your reply to the above, the matter will again be presented to our Bureau for its disposition.

CERTIFICATE OF MEDICAL EXAMINATION, DISABILITY RETIREMENT

(Act of March 4, 1925)

December 1, 1932.
(Date)

NAME OF CLAIMANT Charles W. Vanderhoop DESIGNATION Lighthouse Keeper, Gay Head LH, 2nd District.

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination: General appearance: white male, age 50 years, apparently in fairly good general physical condition.

Height 5' 7" Weight 170 pounds. Complexion Rather dark.

Color of eyes brown Color of hair gray

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Claimant states that trouble began sometime in 1919 when he was assigned to his present position and he was found to be greatly run down. Legs began to give him trouble during the past year; the right leg has given him more trouble than the left due to enlarged veins present. Also noticed he is rather short of breath when climbing stairs at the lighthouse. During the past year had attacks of pain around the heart. These are especially noticeable when climbing stairs.

Here describe fully nature of disability: Physical examination: Eyes, ears, nose and throat apparently normal. No definite evidence of any lung disease. Heart apparently normal, blood pressure 120/70, pulse 78. Abdomen negative for any definite disease but adipose tissue rather marked. Genitalia negative except for atrophy of left testicle. Bones, joints and spine apparently normal. There are present rather marked varicosities of veins of right leg. Varicosities of right calf have involved the skin over a wide area and there is present practically an angiomatous condition. It is our opinion that an operation would not affect a cure and that a good deal of skin of calf would have to be sacrificed. Laboratory findings negative.

Claimant describes the duties of his position as follows:

As lighthouse keeper he is obliged to climb the circular stairway to lighthouse tower, a distance of 51 feet, from four to ten times during his tour of duty, depending on the condition of the light. Cleaning of lens. Painting lighthouse tower inside and out during the year, keeping up of lawns, fences and general work about station. Of recent years has found it practically impossible to do the outside painting, and the climbing of the stairs has aggravated the trouble in right leg. In other words, in his present condition he finds it impossible to attend to the duties of his work.

Is disability to perform such duty of a permanent character? Yes

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? Very questionable Do you recommend reexamination with this in view? No

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

The examining physician must be in the Federal Service

Fire Report.

On July 27th at 1-30 P.M. a fire broke out at The Vanderhoop Restaurant, which joins the Lighthouse Reservation. It was first seen by the Keeper during the hardest part of a thunder-storm, the building having been struck by lightning caught on fire. The Keeper calling his Asst. set out for the building, sending his daughter to the nearest telephone to summons aid from the U.S. Coast Guard Sta.; which arrived just after both of our extinguishers had been used. Had it not been for for the timely discovery the building would have been a total loss, as there is no fire fighting apparatus in town.

Commissioner of Lighthouses.

Subject: Personnel, Gay Head Lighthouse.

Reference: Commissioner's letter September 9, and copy of Mr. Harold Phelps Stokes' letter September 6, 1929, attached.

1. Referring to second paragraph of the Commissioner's letter above referred to in regard to school facilities for the daughter of the keeper at the above lighthouse. The Bureau is advised that this child is far superior to the average child of her age in intelligence, and according to recent conversation with the keeper, it is understood that a Normal School course is being planned for her as soon as she reaches the proper age, and has completed her preparatory education.

2. As both the keeper and his assistant at the above station are full blooded Indians; having directly descended from the Gay Head Tribe, the conditions will be appreciated by the Bureau in so far as effecting a transfer to some other station in the district. It might also be noted that the principal keeper is more or less under the care of a physician. Consideration, however, has been and is being given to his transfer, when a suitable vacancy occurs, to a station where more adequate school facilities for his daughter exist.

Hon. George R. Putnam,
Commissioner of Lighthouses,
Washington, D. C.

Dear George:

In my recent letter I omitted to mention that while at Edgartown the children and I paid a visit to the Gay Head Lighthouse. The keeper is an Indian named Vanderhoop. His daughter, Eloise, about twelve or fourteen years of age, showed us over the light, to the huge delight of our youngsters.

She gave us an interesting account of the light and its history. I assumed that she had learned it by heart and that perhaps it included all her knowledge of the subject, but I was agreeably surprised when some of the other visitors asked her a number of questions, many of them technical, and all of which she answered with equal intelligence. Her father, with whom I had some conversation afterward, seemed like a clean-cut chap. I understand he is seeking a transfer to some mainland station in order that he can get better school facilities for his daughter.

I am only a layman and had never visited a lighthouse before, but as far as I could see, everything was in good order.

Sincerely,

(Signed) Harold Phelps Stokes.

Dear Sir:

Wish to comment upon the most wonderful service that your two men, Charles W. Vanderhoop and Max Attaquin rendered me in saving my house, which had a serious chimney fire last week. Had it not been for them the house would have burned down-they saw it from the Lighthouse and came down with two fire extinguishers, with the aid of water and also the men from the Coast Guard Station. The damage done was in the neighborhood of $ 200.00 as the chimney was ruined.

Wish to thank the men most heartily and to also let you know of the alertness that these two men always have, and to also thank you.

Most respectfully yours,
