In reference to your nomination of December 28 for the transfer of Emanuel Weber from Race Rock to Esopus Meadows vice A. A. McLintock with change in cash pay from $1620 to $1320:

Since no quarters are provided at Race Rock, the range $1560-1920 is the gross range. The range at Esopus Meadows is $1320-1680 plus $240 per annum for quarters, making the gross range the same as at Race Rock. Mr. Weber's present pay of $1620 is at the second step of the range. Therefore the Bureau has amended the proposed cash pay on your nomination from $1320 to $1380, which plus the allowance for quarters equals his present gross pay of $1620.

2. The amendment made by the Bureau on nomination of Emanuel Weber is noted. The new rate of pay proposed for Mr. Weber as Keeper of the Esopus Meadows Lt.Sta.was stated as $1320 p.a. on account of the fact that the change in status involves promotion from the position of 2nd Asst.Keeper to that of Keeper, and it has heretofore been the policy to apply the minimum of the new range where such promotions were involved, this being in accordance with Bureau Circular No.504, dated April 26,1925. It is possible that Par.5 of Bureau Circular 358, Aug.12,1932, was intended to modify the policy previously followed, but this office did not so construe the instructions in Par.5 referred to.

Due to Mr. Weber's death Mrs. Weber has recently found it necessary to apply for home relief in the town of Esopus.

While the case has not been thoroughly investigated yet by us, we understand from Mrs. Weber that she may draw a pension or award for her husband's death from you, due to the fact that his death resulted from injuries suffered while in the line of duty.

Could you advise us of the status of this case and of any money which may be due Mrs. Weber?

We appreciate your cooperation and would be grateful if you could expedite the case as much as possible.

I saw Mr. Weber fall overboard in effort to save his boat March 14, 1936. at about 7:30 P.M. it was dark, Mr. Weber kept his boat on the south side of the light on block and falls so in case the ice would jam up on the light we would be able to leave, the cutter came up about 7:00 P.M. breaking up the channel and starting the ice to move along the rocks, it piled up where we had the boat, broke the boat loose and was resting on a cake of ice which was moving, Mr. Weber went down the stairs and with a pike pole tried to reach the boat, he hooked the boat with the pole and fell in the ice, I was outside when this was going on, he then got up, pulled the boat up towards the rip rap, I lowered the davits (block and falls and hooked the stern of the boat and with my assistance got it up on the pier the following day.

ESOPUS LIGHTHOUSE
MAY 28, 1936

To Supt. of Lighthouses:

Reference: Form CA 5 May 6, 1936

The reason I believe that death was caused by Mr. Weber falling overboard in effort to save his boat. 1. Since the rip rap was laided around the lighthouse, they enclosed the place where Mr. Weber used to raise and lower his boat, therefore he had to keep his boat either tied out to a stake or raised up on the pier and in order to do that he had to climb the rip rap at all hours of the night in order to keep his boat from getting banged up on the rocks by the swells of the night and day line, and when the ice came forming he had his boat tied on the two beams, until he finally kept the boat on block and falls on the rail on the S.E. side.

When Mr. Weber fell over, he was in the water but a little while. He developed a bad cold and with my aid we were nursing it to the best of our knowledge, and I was doing his duties, he wasn't quite well when he started working again burning off the paint of the swelling, until he complained of fever (the 15th) April and I sent a note the fisherman on shore to call the doctor as he was delirious.

Up to the 13th of April Mr. Wber never complained of being ill and was never attended to by a physician

Since it is not quite clear whether the reported immersion occurred in connection with a boat owned by the decedent or one belonging to the Light-house Service, information on this point is requested. Was the decedent required to furnish his own boat or was a Government boat available for his use?

Gentlemen:

Due to Mr. Weber's death Mrs. Weber has recently found it necessary to apply for home relief in the town of Esopus.

While the case has not been thoroughly investigated yet by us, we understand from Mrs. Weber that she may draw a pension or award for her husband's death from you, due to the fact that his death resulted from injuries suffered while in the line of duty.

Could you advise us of the status of this case and of any money which may be due Mrs. Weber?

We appreciate your cooperation and would be grateful if you could expedite the case as much as possible.

Gentlemen:

Please be advised that I have been retained by Mrs. Sylvia Weber, 1155 - 52nd Street, Brooklyn, New York, widow of the late Emanuel Weber, formerly Lightkeeper, Esopus Meadows Light, Ulster Park, New York, to represent her in her claim for compensation arising out of the death of said Emanuel Weber on April 20, 1936 in the course of the performance of his duties while assigned to the above station.

I should like to make it clear that I am doing this without compensation and solely in a desire to help Mrs. Weber who is in destitute circumstances at the present time, and without any income from any source whatever.

The correspondence had between Mrs. Weber and your Department, 3rd District, Staten Island, N.Y., has been carefully examined by me, and it would appear from a reading thereof that there are two separate and distinct claims in question, namely:

1. Claim for compensation on account of the death of Emanuel Weber.

2. Claim for salaries in the sum of $76.67 accruing to Mr. Weber for services performed between the period April 1st to 20th, 1936 inclusive, the latter being the date of his decease.

While it is understandable that a thoroughgoing investigation is desirable and necessary before compensation benefits may be granted to the widow of the deceased, it is utterly beyond my comprehension

why the salaries actually earned by him are not forthcoming, and a reading of the papers in this matter have proved unenlightening in this respect,as no objections appear therein to any phase or detail of this claim. It is a matter of record that Mrs. Weber carried on the work and duties of Keeper after her husband's decease without any period of interruption (for which she has been properly compensated), and there does not appear to be any question of continuity of service or performance of duties. Furthermore, Mrs. Weber has complied fully with all instructions received by her from your Department.

May I respectfully submit to your honorable body the urgency of Mrs. Weber's present financial situation and point out that the payment of the accrued salaries at the present time will help considerably until the question of compensation has been duly investigated and a decision rendered thereon.

While the matters herein discussed are presumably under consideration by distinct departments, I trust that some coordination may be undertaken so that an equitable disposition may be reached. I await a reply at your earliest convenience with considerable interest and respect.

Very truly yours,

Dear Madam:

Reference is made to the case of Emanuel Weber, former keeper, Esopus Meadows Light Station, Ulster Park, New York, whose death occurred on April 20, 1936.

Your claim for the benefits of the Employees' Compensation Act of September 7, 1916, administered by this Commission on account of his death has been very carefully considered and the evidence, from a medical standpoint, has failed to establish that the condition causing the death was due to the exposure alleged to have been sustained while in the performance of duty on March 14, 1936. The Commission is therefore precluded from extending any benefits of the Act in this case, which fact is regretted.

December 30, 1932

Superintendent of Lighthouses, Staten Island, N. Y.

In reference to your nomination of December 28 for the transfer of Emanuel Weber from Race Rock to Esopus Meadows vice A. A. McLintock with change in cash pay from $1620 to $1320:

Since no quarters are provided at Race Rock, the range $1560-1920 is the gross range. The range at Esopus Meadows is $1320-1680 plus $240 per annum for quarters, making the gross range the same as at Race Rock. Mr. Weber's present pay of $1620 is at the second step of the range. Therefore the Bureau has amended the proposed cash pay on your nomination from $1320 to $1380, which plus the allowance for quarters equals his present gross pay of $1620.

For the Commissioner:

Dec. 31,1932

1. Returned to Commissioner.
2. The amendment made by the Bureau on nomination of Emanuel Weber is noted. The new rate of pay proposed for Mr. Weber as Keeper of the Esopus Meadows Lt.Sta.was stated at $1320 p.a. on account of the fact that the change in status involves promotion from the position of 2nd Asst.Keeper to that of Keeper, and it has heretofore been the policy to apply the minimum of the new range where such promotions were involved, this being in accordance with Bureau Circular No.504, dated April 26,1925. It is possible that Par.5 of Bureau Circular 358, Aug.12,1932, was intended to modify the policy previously followed, but this office did not so construe the instructions in Par.5 referred to.

You are advised that absence during any particular month is chargeable to the authorized allowance for that month as it is not possible to permit a keeper to take any part of the authorized allowance of absence that is applicable to a subsequent month. However, in the particular instance referred to in your letter of September 13th, concerning the matter of starting your monthly absence for October on the afternoon of September 30th, this office will not have objection thereto, since the period from the afternoon of September 30th to the afternoon of October 1st will constitute the first day of absence which would be chargeable to the October allowance. Under ordinary conditions the authorized allowance of absence should be taken completely within the month to which it applies in order that there may be no question in the matter.

Subject:- Report of absences on Monthly report.

1. The monthly report showes me going ashore on the 18th at 9:30 a.m. and not returning until 2:30 P.M., a total of five(5) hours absence from the station. The reason for this was that while rowing ashore I was caught in drift ice and I was stuck for about three hours before the ice separated and I could get away.

2. My wife was at the station during my absence.
