From: Acting Lighthouse Superintendent.
To: Keeper, Point Arena Light Station.

Subject: Transfer to Lime Point.

1. You are advised that departmental approval of the retirement of Keeper Ditlevson at Lime Point has not been received as yet. Pending official approval of his retirement, no positive directions can be given you concerning your transfer to Lime Point. It is expected, however, that this approval will be received in a few days and that you will be transferred to Lime Point as of 1 March. You will be advised as soon as this office has definite information as to the transfer.

2. You should have your furniture properly crated for hauling and advise the office when this is done. Arrangements will be made to send a Coast Guard truck to your station to haul your furniture to Lime Point. You will be advised as to the date the truck will arrive at Point Arena, when the information is given you concerning the date of your transfer.

I am asking for this leave so I can go to the Marine Hospital to have my throat examined and repaired if nessary. When I visited the Hospital last January the Dr. said if it did not clear up in a few months, there might be another piece of metal in it. It feels just the same now as it did then no better or no worse.

Should they have to operate and I will have to stay longer than this leave is granted for, will the leave be extended untill I will be able to return to duty? yes

If the leave is granted I will leave here on Saturday and spend Sunday in Petaluma and enter the Hospital on Monday Oct. 12,

Would you please send the forms so I can enter the Hospital if nessary?

Re: Elmer R. Williams

Dear Sir:

The above named patient asked me to write to you regarding his condition at the present time.

He was admitted to the Frank R. Howard Memorial Hospital on August 15, 1933 at which time his tonsils were removed under local anaesthesia. A large mole on the left abdomen, lower quadrant, was removed under spinal anaesthesia and hemorrhoids were removed by electric cautery, also under spinal anaesthesia.

His condition in the throat was of such a septic nature that considerable involvement took place in the glands of the neck and he has been hospitalized here until today. He will be discharged to a place here in Willits for a few days observation and then return to his home.

It is my idea that it will be about fourteen days before he is able to continue with his labor.

When he was first brought here, it was thought that a week would be sufficient to return him to his home, but due to the unusual infection of his throat, it was not possible.

The infection there developed into a retro-pharyngeal abscess which has been discharging considerable pus. The right side of the neck where the involvement first began has now cleared up considerably.

If there are any further questions to ask in regard to him, I would be pleased to answer them.

Yours very truly,

Raymond Babcock M.D.

Sir,

As my throat has never got entirely well since they removed the metal from it in the Marine Hospital last Oct. Today I visited Dr. R. W. Preston in Mendocino, he says that they may not of removed all the metal. But as he has not the proper instruments to make much of an examination he advised that I go to the Marine Hospital for an examination.

When Mr. Heard comes back from his leave may I come down for the examination?
