ADDRESS REPLY TO:
COMMANDANT

WASHINGTON 25, D. C.

PMM
27 March, 1951
FILE: L13

From: Commandant
To: All retired personnel

Subj: National Service Life Insurance (NSLI) special dividend and record of emergency data for the Armed Forces of the United States

1. The Veterans' Administration has announced that a special dividend will be payable on each eligible NSLI policy for every month not less than three (3), for which premiums were paid and earned or waived from the policy anniversary date in 1948 (or effective date if issued during that year or later) to the anniversary date in 1951. A check will be issued for this dividend approximately four (4) months after the anniversary date in 1951. Further dividends may be paid later, as announced by the Veterans' Administration, but not oftener than once a year. In order that the Veterans' Administration may be furnished an address for payment of these dividends, it is necessary that all retired personnel whose NSLI premiums are paid by allotment complete a notification of address card (DD Form No. 461, 1 March, 1951). These forms should not be submitted by persons who pay premiums directly to the Veterans' Administration, by persons whose NSLI has lapsed, or by persons who have government life insurance.

2. Any holder of NSLI whose policy has been in effect for three (3) months or more during a period from 1 January, 1948 to 1 January, 1951, will receive a dividend. It is emphasized that these dividends will be paid approximately four (4) months after the anniversary date on which the insurance took effect. Personnel should not submit inquiries to the Veterans' Administration, as such inquiries will necessitate their claim being withdrawn from the normal flow of work, and will result in a delay in payment of the dividend.

3. Inclosed herewith is a card entitled NOTIFICATION OF ADDRESS (DD Form No. 461), which shall be completed as follows and returned to the Commandant (PMM). Care should be taken to avoid folding or bending the card, as it will be used in IBM operations. Under no circumstances shall the card be mailed directly to the Veterans' Administration.

(a) Name and signature--print or type name in item 1, and sign it in longhand in item 8. If policy holder has changed his name since applying for NSLI, he should print his former name under his present name in item 1.

(b) Indicate last service number in item 2.

(c) Indicate any previous service numbers in item 3.

(d) Indicate date of birth in item 4.

(e) Indicate branch of service--check the appropriate square which applies. Be exceptionally careful that the check is contained in the proper box and does not overlap into another box.

(f) Address to which NSLI dividend check is to be mailed--print or type the address to which it is desired the dividend check to be mailed in item 6.

(g) Indicate the date on which the form was completed in item 7.

4. Whenever there is a change in the address to which you desire this or any future dividend to be mailed, it will be necessary for you to complete a new card. Cards will be furnished on request by the Commandant (PMM).

5. Also inclosed herewith are two (2) copies of DD Form No. 93, 1 January, 1950 Record of Emergency Data for the Armed Forces of the United States. It is requested that you complete both copies of this form and return them to the Commandant (PMM). Disregard instructions 1 and 2 on the reverse of this form.

6. A return envelope is inclosed for your convenience.

Current Monthly Premium $4.35

The current term period for the National Service life insurance described above which was previously issued to the above named insured will expire and protection thereunder will cease on the date shown above. Under existing law he is permitted, before expiration, to apply for conversion to a permanent plan of insurance or for renewal of this term insurance for a period of five years at the premium rate for his then attained age. Renewed insurance will become effective on the day immediately following the date of expiration of the present insurance.

To renew this insurance for the five year period, it is necessary that he complete and sign the enclosed VA Form 9-1658, Application for Renewal, and before the expiration date of his current insurance, which is shown above, place it in military or naval channels through the officer responsible for insurance activities within his unit of organization for direct transmittal to the Veterans Administration, Washington 25, D. It is also necessary that the premiums due for the remainder of the current term period be paid; therefore, his present allotment should continue in force for the period required to accomplish this purpose.

If discharged by sentence of a Coast Guard court, or by reason of bad conduct, undesirability or inaptitude, I agree to surrender my uniforms for a suit of civilian clothes.

However, in view of WROBLEWSKI's length of service, his case is considered to be deserving of special consideration. Accordingly, the Commander First Coast Guard District concurs in the recommendation of the Board of Medical Survey that WROBLEWSKI be retained in the U. S. SUMMARY OF CASE HISTORY

The above-named patient was admitted to the hospital complaining of painful joints. He stated that he has had pain in the left knee since he received a mild injury to it in 1942. He also has had occasional pain in the right knee since he twisted it in 1927. In 1942 his shoulders and arms began to ache during rainy weather and also his wrists and fingers occasionally have been swollen and painful. This pain always seems to get worse in damp weather or after he has been walking around a lot.

Physical examination: patient complained of tenderness over the middle aspect of the left knee. There was also mild swelling of the middle fingers of both hands. Physical examination otherwise was negative.

Blood counts were normal but the sedimentation rate was 21. X-rays of both knees were normal. Patient complained of some pain in his teeth and these were examined in the Dental Department and one tooth was extracted. Following this operative procedure, patient stated his joint pains were somewhat improved. The swelling of his fingers cleared up entirely. He had very little pain in his knees and no pain in any of the other joints.

It is felt that this patient has shown a good improvement from his last attack of arthritis, but he still continues to run a high sedimentation rate. It is believed that he will feel much better if he is assigned to duty in a warm climate and it is recommended, therefore, that he be transferred either to the Seventh Naval District or a similar warm climate.

Physical complaints are not environmental and will not be alleviated by removal of provocative situations. The subject-named man is temperamentally suited for Service life. He will not be a menace to himself or to the public and may be released

Subj: WROBLEWSKI, Stanley J. (111-274) CMM; Report of Medical Survey; forwarding of

Forwarded. The Commander First Coast Guard District is cognizant of Headquarters' policy relative to recommending personnel for limited duty. However, in view of WROBLEWSKI's length of service, his case is considered to be deserving of special consideration. Coast Guard and transferred to the 7th Coast Guard District or a similar warm climate for duty. There is no disciplinary action pending in this case.

U. S. COAST GUARD
REC'D FEB 15 1940

From: Commander, Jacksonville District.
To: Commandant.

Subject: WROBLEWSKI, Stanley J. (111-274) MM2c; transportation of school children at isolated light station.

1. Forwarded. It is recommended that subject-named enlisted man be allowed payment of 2¢ a mile for use of his privately-owned motor vehicle in transporting his children to and from school between Winyah Bay shore and the ferry, in Georgetown County, South Carolina, a distance of five miles, for two round trips, daily, during school days commencing with month of October, 1939.

2. It is believed that the enlisted man in this case is entitled to payment of mileage, in lieu of travel expense, in that the geographical location of the light station is such as to place it in the category of an "isolated light station" within the meaning of the law as stated by reference (a) of basic letter; however, paragraph 2 of said reference states to the effect that it is for the Commandant to determine whether or not any particular light station is isolated within the meaning of the law.

From: Commandant

Subject: Use of Form 73a for change of assignment of Stanley J. Wroblewski, MM 2c

Inclosure: Form 73a

The subject form is for use in the transfer of civilian personnel where no change in compensation is involved. It is not to be used in the case of enlisted personnel of the Coast Guard, and your office should use the appropriate Coast Guard Form for reporting or proposing changes in the assignment of enlisted personnel.

While an enlisted man may be assigned to the duties of keeper, he carries his own designation and position with him and therefore does not actually occupy a position of keeper in the sense that a regular appointed civil service employee does. Upon the reassignment of an enlisted man to another station, therefore, a nomination for the transfer of a keeper to replace him would not be vice the enlisted man but would show in the proper space on the nomination the name of the previous civil service (keeper) occupant.

CHAS. W. DEAN,
Acting Chief Personnel Officer.

Reference: (a) Deck Court No. 8652 (2); Department action, 18 January, 1929.

1. It is noted in the specification of the deck court in the case of the above-named man that he was absent from duty after leave had expired 8:00 a. m., 21 November, 1928, for a period of six days, twenty-one hours and fifteen minutes. It is further noted on the muster-roll for December, 1928, that he was absent without leave from 8:00 a. m., 21 December, 1928, to 5:15 a. m., 28 December, 1928. It is evident that the absence alleged in the specification of the deck court for which he was brought to trial was erroneous, and that it should have been 21 December, 1928, instead of 21 November, 1928.

ADMITTED FROM "Emporia" DATE 3 April 1946

DIAGNOSIS Arthritis, rheumatoid 240-1x0 (From Navy nomenclature, under which carried on sick list) KEY LTR. SPEC. LTR.

ORIGIN: Is not (Is or is not) the result of his own misconduct and was (Was or was not) incurred in line of duty.

EXISTED PRIOR TO APPOINTMENT OR ENLISTMENT? No (Yes or No) IF "YES," WAS CONDITION AGGRAVATED BY SERVICE? (Yes or No)

PATIENT INFORMED OF FINDINGS? Yes (Yes or No)

SUMMARY OF CASE HISTORY

The above-named patient was admitted to the hospital complaining of painful joints. He stated that he has had pain in the left knee since he received a mild injury to it in 1942. He also has had occasional pain in the right knee since he twisted it in 1927. In 1942 his shoulders and arms began to ache during rainy weather and also his wrists and fingers occasionally have been swollen and painful. This pain always seems to get worse in damp weather or after he has been walking around a lot.

Physical examination: patient complained of tenderness over the middle aspect of the left knee. There was also mild swelling of the middle fingers of both hands. Physical examination otherwise was negative.

Blood counts were normal but the sedimentation rate was 21. X-rays of both knees were normal. Patient complained of some pain in his teeth and these were examined in the Dental Department and one tooth was extracted. Following this operative procedure, patient stated his joint pains were somewhat improved. The swelling of his fingers cleared up entirely. He had very little pain in his knees and no pain in any of the other joints.

It is felt that this patient has shown a good improvement from his last attack of arthritis, but he still continues to run a high sedimentation rate. It is believed that he will feel much better if he is assigned to duty in a warm climate and it is recommended, therefore, that he be transferred either to the Seventh Naval District or a similar warm climate.

Physical complaints are not environmental and will not be alleviated by removal of provocative situations. The subject-named man is temperamentally suited for Service life. He will not be a menace to himself or to the public and may be released

INSTRUCTIONS

It is MOST IMPORTANT that the following instructions be observed strictly. Each part of the form serves a definite purpose which it cannot do unless properly made out and forwarded as promptly as possible. The copies returned to the Coast Guard become a part of the medical record of the person.

No letter of transmittal is necessary with any part of the form. All copies should be signed.

In order that each copy may arrive at its intended destination, no one of the three copies should be attached as enclosures to other papers. Extra copies should be made for that purpose.

TO THE COAST GUARD OFFICER:

1. Make out the application in triplicate. At the same time, fill in the name of the person (surname first, in capital letters), Service number, and rating, and the name and address of the Coast Guard unit on the Final Medical Certificate. All three copies are to be delivered to the medical officer (see par. 5).

2. This form will be used for all cases requiring treatment. Do NOT use this form when requesting physical examinations. Form 2501 is to be used for this purpose only.

3. When a patient has been discharged from inpatient treatment to continue treatment as outpatient, or when discharged from outpatient treatment to continue treatment as inpatient, make out another application in triplicate for the patient to deliver to the medical officer when applying for further treatment.

RETURN MEDICAL CERTIFICATE

TO THE MEDICAL OFFICER:

4. Make out all three copies of the certificate carefully and completely. Detach each copy from the Final Medical Certificate. Retain one copy for your file. Return the original and one copy as promptly as possible to the Coast Guard unit, as requested in the application.

5. In case of outpatient treatment, a new application is not necessary each time the patient returns for continuation of treatment. The original application is valid until treatment has been completed or suspended.

6. In case an applicant at an outpatient office is sent on to hospital without being admitted as outpatient, or given only temporary relief pending admission to hospital, do not make out the certificate, but send it to the hospital to be made out and returned from there. Do not consider this a transfer.

7. When a patient is received under any circumstances without this form in triplicate, make out the certificate from blank forms kept on hand, and return the original and one copy to the patient's Coast Guard unit. A supply of blank forms may be obtained from the medical section, Coast Guard Headquarters.

8. The certificate may be held a reasonable time for diagnosis, but if there is a possibility that the diagnosis will be that of a disease due to misconduct and that the certificate will not reach the Coast Guard unit before the 5th or 20th of the month, notify the Coast Guard unit of the probable diagnosis, in order that the pay officer may take proper action.

9. If the certificate is returned with diagnosis of "under observation", make out and return another certificate, in duplicate, from blank forms on hand, when the diagnosis has been made.

10. In case of a diagnosis of a disease due to the patient's own misconduct (see Public Health Service Bureau Circular No. 40, pars. 30 to 39), have the patient fill in the acknowledgment at the bottom of the certificate.

11. In case of a patient under treatment, where the diagnosis is changed to a disease due to the patient's own misconduct, make out another certificate in duplicate with the change of diagnosis, date of change, and forward immediately the original and one copy to the Coast Guard unit to which the patient is attached. (See Public Health Service Bureau Circular No. 40, par. 38.)

TO THE COAST GUARD OFFICER:

12. When the certificates are received, forward the original promptly to Headquarters, retaining the carbon copy at the unit.

13. When the receipt of the certificate seems unduly delayed, allowing time for diagnosis, inquiry should be made for it.
