Dear Friend.

I've answered to your last letter, would have answered it more promptly, but was in the process of endeavoring to get the exact year that my Dad opened his little store.

First called one of my close mates in Massachusetts who is my closest old friend on the telephone -

hoping she might remember
the year - so We both decided
it would be a good idea
to Write York Village Board
of Health - as it seemed possib
that Dad would have had
have some sort of license f
his stow, and I am sure
I sure am tacked up then.
but they forwarded my letter
to York Hospital for informati
so I Will inclose the letter
I received from them - and
you can call Mr Donald Cole
Town Manager of York. Which
Will require Less time -
I am almost sure it was in

"1923" or "1924" when he had the store - as he retired in 1919 and I know he was in Real estate business for around three years after his retirement so it seems to figure back to the above years.

Your letter sounds as exciting about the Big Celebration - and a book or booklet which as the Publishers is to be released some time the last of May or first part of June about the "Rubble Light". I helped run Shattuck with quite a lot of information regarding

the years that my family and I lived there from 1912-1919 am very anxious and excited to see it.

I have been so hopeful to be there for at least the opening of the Centennial Celebration - but right now it doesn't look too hopeful. and I feel quite badly about it, as it means a great deal to me, I'm still saying my prayers - and keeping my fingers crossed, as it would be a very exciting time in my life.

I hope this information will help you - and thank you so much for the delay.

Sincerely,

Mrs Herbert Stephen
